ABOUT THE DEP BULLETIN

The DEP BULLETIN is an information service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Coastal Tidal Wetlands permits, Stream Encroachment permits, Treatment Works Approvals, CAFRA permits (Coastal Area Facility Review Act) and Federal Consistency Certifications, Freshwater Wetland permits, Freshwater Wetland Statewide General permits, and Open Water fill permits. In addition the circular provides a calendar of Events and Interest and a Schedule of Public Hearings. (THE PUBLIC HEARINGS HOWEVER, ARE NOT OFFICIAL NOTICES.) Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

.....USE THIS SERVICE FOR MAJOR PROJECTS.....

As Staff to Commissioner Borden R. Putnam of the Department of Commerce and Economic Development, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

A. Advise you of the state permits required for your project, upon completing the "ONE STOP" PERMIT IDENTIFICATION FORM.
B. Coordinate contacts with relevant local and state regulatory agencies upon request.
C. Monitor the progress of your permit applications.
D. Act to ensure processing of most permits within 90 days of application.
E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

THE OFFICE OF BUSINESS ADVOCACY

Administrator.....Rocco Guerrieri, Ph.D
Permit Coordination Project Manager.....Paul Krane
State Permit Expediters.....Linda Furlong, Irene Teisher, Frank J. Seney
Environmental Specialist.....John Serkies
Maritime Coordinator.....Joseph T. Grossi

GENERAL INFORMATION

I. STREAM ENCROACHMENT (Over-the-Counter-Permit) (609) 292-4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 401, Trenton, NJ 08625.

II. TREATMENT WORKS (Over-the-Counter-Permit) (609) 984-4429

DEP has a one-day processing service for "minor" treatment works. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of $25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects cannot be located in areas under sewer bans, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 401, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

DEP PUBLIC HEARINGS, ADMINISTRATIVE HEARINGS, AND DEP EVENTS OF PUBLIC INTEREST

Public Hearings (Quasi-Legislative) are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest.

Administrative Hearings (Quasi-Judicial) are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

ABOUT THE DEP BULLETIN

The DEP BULLETIN is an information service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Coastal Tidal Wetlands permits, Stream Encroachment permits, Treatment Works Approvals, CAFRA permits (Coastal Area Facility Review Act) and Federal Consistency Certifications, Freshwater Wetland permits, Freshwater Wetland Statewide General permits, and Open Water fill permits. In addition the circular provides a calendar of Events and Interest and a Schedule of Public Hearings. (THE PUBLIC HEARINGS HOWEVER, ARE NOT OFFICIAL NOTICES.) Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

.....USE THIS SERVICE FOR MAJOR PROJECTS.....

As Staff to Commissioner Borden R. Putnam of the Department of Commerce and Economic Development, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

A. Advise you of the state permits required for your project, upon completing the "ONE STOP" PERMIT IDENTIFICATION FORM.
B. Coordinate contacts with relevant local and state regulatory agencies upon request.
C. Monitor the progress of your permit applications.
D. Act to ensure processing of most permits within 90 days of application.
E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

THE OFFICE OF BUSINESS ADVOCACY

Administrator.....Rocco Guerrieri, Ph.D
Permit Coordination Project Manager.....Paul Krane
State Permit Expediters.....Linda Furlong, Irene Teisher, Frank J. Seney
Environmental Specialist.....John Serkies
Maritime Coordinator.....Joseph T. Grossi

GENERAL INFORMATION

I. STREAM ENCROACHMENT (Over-the-Counter-Permit) (609) 292-4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 401, Trenton, NJ 08625.

II. TREATMENT WORKS (Over-the-Counter-Permit) (609) 984-4429

DEP has a one-day processing service for "minor" treatment works. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of $25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects cannot be located in areas under sewer bans, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 401, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

DEP PUBLIC HEARINGS, ADMINISTRATIVE HEARINGS, AND DEP EVENTS OF PUBLIC INTEREST

Public Hearings (Quasi-Legislative) are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest.

Administrative Hearings (Quasi-Judicial) are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

ABOUT THE DEP BULLETIN

The DEP BULLETIN is an information service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Coastal Tidal Wetlands permits, Stream Encroachment permits, Treatment Works Approvals, CAFRA permits (Coastal Area Facility Review Act) and Federal Consistency Certifications, Freshwater Wetland permits, Freshwater Wetland Statewide General permits, and Open Water fill permits. In addition the circular provides a calendar of Events and Interest and a Schedule of Public Hearings. (THE PUBLIC HEARINGS HOWEVER, ARE NOT OFFICIAL NOTICES.) Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

.....USE THIS SERVICE FOR MAJOR PROJECTS.....

As Staff to Commissioner Borden R. Putnam of the Department of Commerce and Economic Development, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

A. Advise you of the state permits required for your project, upon completing the "ONE STOP" PERMIT IDENTIFICATION FORM.
B. Coordinate contacts with relevant local and state regulatory agencies upon request.
C. Monitor the progress of your permit applications.
D. Act to ensure processing of most permits within 90 days of application.
E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

GENERAL INFORMATION

I. STREAM ENCROACHMENT (Over-the-Counter-Permit) (609) 292-4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 401, Trenton, NJ 08625.

II. TREATMENT WORKS (Over-the-Counter-Permit) (609) 984-4429

DEP has a one-day processing service for "minor" treatment works. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of $25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects cannot be located in areas under sewer bans, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 401, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

DEP PUBLIC HEARINGS, ADMINISTRATIVE HEARINGS, AND DEP EVENTS OF PUBLIC INTEREST

Public Hearings (Quasi-Legislative) are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest.

Administrative Hearings (Quasi-Judicial) are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

ABOUT THE DEP BULLETIN

The DEP BULLETIN is an information service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Coastal Tidal Wetlands permits, Stream Encroachment permits, Treatment Works Approvals, CAFRA permits (Coastal Area Facility Review Act) and Federal Consistency Certifications, Freshwater Wetland permits, Freshwater Wetland Statewide General permits, and Open Water fill permits. In addition the circular provides a calendar of Events and Interest and a Schedule of Public Hearings. (THE PUBLIC HEARINGS HOWEVER, ARE NOT OFFICIAL NOTICES.) Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

.....USE THIS SERVICE FOR MAJOR PROJECTS.....

The Department of Environmental Protection in conjunction with the Department of Commerce and Economic Development, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

A. Advise you of the state permits required for your project, upon completing the "ONE STOP" PERMIT IDENTIFICATION FORM.
B. Coordinate contacts with relevant local and state regulatory agencies upon request.
C. Monitor the progress of your permit applications.
D. Act to ensure processing of most permits within 90 days of application.
E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

GENERAL INFORMATION

I. STREAM ENCROACHMENT (Over-the-Counter-Permit) (609) 292-4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 401, Trenton, NJ 08625.

II. TREATMENT WORKS (Over-the-Counter-Permit) (609) 984-4429

DEP has a one-day processing service for "minor" treatment works. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of $25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects cannot be located in areas under sewer bans, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 401, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

DEP PUBLIC HEARINGS, ADMINISTRATIVE HEARINGS, AND DEP EVENTS OF PUBLIC INTEREST

Public Hearings (Quasi-Legislative) are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest.

Administrative Hearings (Quasi-Judicial) are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing

Notice to Subscribers:

As part of our commitment to provide the subscribers of the DEP BULLETIN with up to date information on pending permits that fall under the provisions of the "90 Day Act", as well as other permits that may be of general public interest, we are in the process of making additional changes to the publication. With the increased volume of permits, we utilized the technologies of office automation several months ago to provide you with the same information in a new fashion to achieve a dramatic savings with postage, data processing and printing costs.

As part of our new look for the 1990's, we will be formatting the information in a new style to provide you with more data dealing with exact description of the project, as well as the name of the project manager, listed in order of county and municipality, rather than by project numbers. We trust this new format will assist you to locate pending applications more readily. Our numbering system will be revamped to reflect permits issued by specific Divisions. All permits issued by the Division of Coastal Resources will be listed under the DI series, while permits issued by the Division of Water Resources will be issued under the DII series. The Division of Solid Waste will utilize the DIII series.

To provide for more effective contacts with the offices involved with permit administration, liaisons and their respective telephone number will be listed in the inside cover of the Bulletin. Kindly utilize this listing when you need to obtain additional permit information.

We will continue to bring to you permit information in as timely a manner as possible, and ask your patience as we shift from our current system into a more updated program which will monitor our varied DEP permits.

Your continued interest in DEP activities and overall comments to our new format is appreciated.

Master Permit Information Application

The Department of Environmental Protection in conjunction with the Department of Commerce and Economic Development has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy which provides personalized assistance in resolving problems encountered when doing business in New Jersey. The Office of Business Advocacy's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Permit Expediter will assist with the following:

A. Advise you of the state permits required for your project, upon completing the "ONE STOP" PERMIT IDENTIFICATION FORM.
B. Coordinate contacts with relevant local and state regulatory agencies upon request.
C. Monitor the progress of your permit applications.
D. Act to ensure processing of most permits within 90 days of application.
E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

GENERAL INFORMATION

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Coastal Tidal Wetlands permits, Stream Encroachment permits, Treatment Works Approvals, CAFRA permits (Coastal Area Facility Review Act), Federal Consistency Certifications, Freshwater Wetland permits, Freshwater Wetland Statewide General permits, and Open Water fill permits. In addition the circular provides a calendar of Events and Interests and a Schedule of Public Hearings. The public hearings however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings (informal) are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Administrative Hearings (Quasi-Judicial) are held between the State and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, councils meetings, workshops, public information meetings, and exams.

APPLICATION MILESTONE CODES

1. I = Aditional Information Requested
2. T = Additional Information Received

Master Permit Information Application

The Department of Environmental Protection in conjunction with the Department of Commerce and Economic Development has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy which provides personalized assistance in resolving problems encountered when doing business in New Jersey. The Office of Business Advocacy's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Permit Expediter will assist with the following:

A. Advise you of the state permits required for your project, upon completing the "ONE STOP" PERMIT IDENTIFICATION FORM.
B. Coordinate contacts with relevant local and state regulatory agencies upon request.
C. Monitor the progress of your permit applications.
D. Act to ensure processing of most permits within 90 days of application.
E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

New Jersey Department of Environmental Protection

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin
Department of Environmental Protection

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin
Department of Environmental Protection
CN 402, Trenton, N.J. 08625

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin
Department of Environmental Protection
CN 402, Trenton, N.J. 08625

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin
Department of Environmental Protection
CN 402, Trenton, N.J. 08625

New Jersey Department of Environmental Protection

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin
Department of Environmental Protection

New Jersey Department of Environmental Protection

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin
Department of Environmental Protection
CN 402, Trenton, N.J. 08625

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin
Department of Environmental Protection
CN 402, Trenton, N.J. 08625

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Commissioner Judith A. Yaskin
Department of Environmental Protection

GENERAL INFORMATION

The DEP Bulletin is an information service provided free of charge by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Coastal Tidal Wetlands permits, Stream Encroachment permits, Treatment Works Approvals, CAFRA permits (Coastal Area Facility Review Act) and Federal Consistency Certifications, Freshwater Wetlands permits, Freshwater Wetlands Statewide General permits, and Open Water fill permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. (THE PUBLIC HEARINGS HOWEVER, ARE NOT OFFICIAL NOTICES.) Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings (Quasi-Legislative) are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest.

Administrative Hearings (Quasi-Judicial) are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. It contains a list of construction permit applications recently filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Coastal Area Facility Review Act (CAFRA) permits, Coastal Tidal Wetlands permits, Federal Consistency Activity permits, Freshwater Wetlands, Individual permits, Freshwater Wetlands, Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Waterfront Development (WD) permits, and Treatment Work Approvals (TWA) permits. In addition, the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. The public hearings, however, are not official notices. Environmental Impact Statements acted upon during the period are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed on the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

1. I = Additional Information Requested
2. T = Additional Information Received
3. F = Complete for Filing
4. H = Public Hearing Date
5. R = Complete for Review
6. P = Permit Decision Date
7. L = Legal Appeal of Permit Decision
8. M = Permit Modification
9. W = Application Withdrawal
10. A = Application Approved
11. D = Application Denied

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:
