JOURNAL OF THE SENATE

STATE OF NEW JERSEY,
SENATE CHAMBER,

TRENTON, N. J., TUESDAY, January 11th, 1921.

At 12 o'clock M., this being the time and place appointed by the Constitution for the assembling of the Legislature, the Senate was called to order by the Hon. William B. Mackay, Jr., the Senator from Bergen county, who read the following statement:

STATE OF NEW JERSEY,
DEPARTMENT OF STATE.

I, Thomas F. Martin, Secretary of State of the State of New Jersey, do hereby certify that the following members of the Senate have been duly qualified:

Charles D. White, for Atlantic county.
William B. Mackay, Jr., for Bergen county.
Blanchard H. White, for Burlington county.
William H. Bright, for Cape May county.
Firman M. Reeves, for Cumberland county.
Alexander Simpson, for Hudson county.
George F. Martens, Jr., for Hunterdon county.
S. Roy Heath, for Mercer county.
Thomas Brown, for Middlesex county.
Arthur Whitney, for Morris county.
Harry T. Hagaman, for Ocean county.
Albin Smith, for Passaic county.
Henry T. Kays, for Sussex county.

And it further appears that at the General election held on the second day of November, A. D. 1920, members of the Senate were duly elected as follows:

Joseph F. Wallworth, for Camden county.
William H. Parry, for Essex county.
Edward L. Sturgess, for Gloucester county.
Williams A. Stevens, for Monmouth county.
Collins B. Allen, for Salem county.
Clarence E. Case, for Somerset county.
William N. Runyon, for Union county.
Thomas Barber, for Warren county.

In testimony whereof, I have hereunto set my hand and affixed my official seal, at Trenton, this eleventh day of January, A. D. 1921.

[SEAL.] THOMAS F. MARTIN,
Secretary of State.

Mr. Stevens moved that the Hon. Thomas Brown, from the county of Middlesex, be appointed President *pro tempore,* which Mr. Mackay, of Bergen county, seconded.

Which was agreed to.

Mr. Mackay appointed Senators Stevens, Wallworth and Heath to conduct the President *pro tempore.*

Mr. Mackay moved that William H. Albright, of Gloucester county, be appointed temporary Secretary.

Which was agreed to.

Mr. Mackay presented the credentials of the Senators elected as follows:

Joseph F. Wallworth, for Camden county.
William H. Parry, for Essex county.
Edward L. Sturgess, for Gloucester county.
William A. Stevens, for Monmouth county.
Collins B. Allen, for Salem county.
Clarence E. Case, for Somerset county.
William N. Runyon, for Union county.
Thomas Barber, for Warren county.

And the oath of office was administered by the President *pro tempore.*

Under the direction of the President *pro tempore* the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen (President), Barber, Bright, Brown, Case, Hagaman, Heath, Kays, Mackay, Martens, Parry, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, Wallworth, White Blanchard H., White Charles D., Whitney—21.

On motion of Mr. Mackay, the Senate proceeded to the election of a President.

Mr. Mackay nominated the Hon. Collins B. Allen, of Salem county.

Mr. Simpson nominated the Hon. Thomas Barber, of Warren county.

Under the direction of the President *pro tempore* the Secretary called the roll with the following results:

Senators voting for the Hon. Collins B. Allen were:

Messrs. Barber, Bright, Case, Hagaman, Mackay, Parry, Reeves, Runyon, Smith, Stevens, Sturgess, Wallworth, White B. H., White, C. D., Whitney—15.

Senators voting for the Hon. Thomas Barber were:

Messrs. Allen, Brown, Heath, Martens, Simpson—5.

Mr. Allen having a majority of all votes cast was declared by the President *pro tempore* duly elected President of the Senate for the ensuing year, and was conducted to the chair by Senators C. D. White, Whitney and Barber.

The oath of office was administered by the President *pro tempore.*

The President on taking the chair addressed the Senate as follows:

FELLOW MEMBERS OF THE SENATE—I wish to tender to you my sincere thanks for your expression of confidence in selecting me as your President.

While I appreciate the honor you have conferred upon me, I am not unmindful of the responsibility that comes with the position.

The work of this session should be taken up in a businesslike way by limiting the introduction of bills, the early consideration of them by committees, and the prompt and regular attendance of all.

In rendering decisions as prescribed by the rules of the Senate, I will at all times endeavor to do so with due regard to every member of this body, realizing that, whether you be of the minority or majority party, you have a duty to perform and all have the interests of our State at heart.

While our highways have to be built and maintained, our education system and public institutions kept up to the highest point of efficiency, yet we should bear in mind that we have arrived at the pinnacle of high prices, and all legislation that would tend to increase the operating expenses of the State should be given careful consideration before receiving our approval.

The Legislature should remain in session long enough to keep its pledges to the people, and attend to all the necessary business of the State, and no longer than it is necessary to do this, and I trust the Executive and both branches of the Legislature will co-operate to that end.

The Senate will be called to order promptly at the hour fixed for convening, and I hope to have the hearty co-operation of every member of this body in making this session of the Senate a successful one.

Again I thank you.

Prayer was then offered by the Rev. Dewitt C. Cobb, of Glassboro, Gloucester county, N. J.

On motion of Mr. Mackay, the Senate then proceeded to the election of a Secretary.

Mr. Mackay nominated Mr. William H. Albright, seconded by Mr. Simpson.

Mr. Albright was elected by the following vote:

Messrs. Allen, Barber, Bright, Brown, Case, Hagaman, Heath, Mackay, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, Wallworth, White B. H., White C. D., Whitney—18.

Mr. Albright being elected Secretary of the Senate took the oath as prescribed by law.

Under the direction of the President, the Secretary called the Senate, when the following appeared and answered the call:

Messrs. Allen, Barber, Bright, Brown, Case, Hagaman, Heath, Kays, Mackay, Martens, Parry, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, Wallworth, White B. H., White C. D., Whitney—21.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That a committee of three be appointed to wait upon His Excellency, the Governor, and inform him that the Senate has organized and elected Hon. Collins B. Allen, of the county of Salem, President, and William H. Albright, of the county of Gloucester, Secretary, and is now ready to proceed to business and also to receive any communication that he may make.

The President appointed Reeves, Hagaman and Simpson, who later returned and reported that the Governor congratulated the Senators on the facility with which they organized and said he would communicate later by message.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be directed to inform the House of Assembly that the Senate has organized and elected the Hon. Collins B. Allen, of the county of Salem, President, and William H. Albright, of the county of Gloucester, Secretary, and has proceeded to business.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That, unless otherwise ordered, the daily sessions of the Senate shall begin at eleven o'clock in the forenoon and at half-past two o'clock in the afternoon.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That the number of copies of the Legislative Manuals apportioned by law to the State Senate be distributed on the same basis as the session of 1920.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be and he is hereby directed to furnish each member, clerical officer and reporter one copy of Members' Pocket Calendar of Legislature of 1921.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That 1,000 copies of each bill, joint resolution and concurrent resolution, daily memorandums and gummed synopsis sheets be printed for the use of the Senate.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That the Committee on Stationery and Incidental Expenses be authorized to procure bill files and the necessary stationery and supplies for the use of the members and officers of the Senate.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate is hereby directed to instruct the State Printer to mail to each member of the Senate, at his residence and business address, at least one copy of each bill and resolution, both Senate and House, as soon as the same is printed.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That 800 copies of the Weekly Senate Journal be printed, and the State Printer be directed to mail copies to each member of the Senate and House and to the clerical officers of each body.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That the Sergeant-at-Arms be instructed to report daily to the Secretary the absence without leave of any of the officers and attaches of the Senate; the complete report of such absentees and the time lost to be furnished to the Committee on Appropriations at the closing of the session, and that a pro rata reduction be made by such committee, and a copy of their report be furnished to the Comptroller.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That the usual number of copies of the Governor's message be printed for the use of the Senate, and that the same be spread in full upon the Minutes.

Mr. Mackay offered the following resolution, which was read and adopted:

Be it resolved by the Senate of the State of New Jersey (the House of Assembly concurring), That the State Printer be directed to furnish to the State Library, as soon as printed, for the use of the Legislative Department of said State Library, and for exchange by said State Library with the State Libraries and Legislative Reference Libraries of other States, forty copies each of all bills and joint and concurrent resolutions introduced in the Senate and House of Assembly, as well as printed committee substitutes; also forty copies of each weekly installment of the Journal of the Senate and Minutes of the House of Assembly, and forty copies each of the gummed slips containing synopses of Senate and Assembly bills introduced; also one copy of each official copy reprint of all bills and joint and concurrent resolutions.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows.

GOVERNOR'S MESSAGE.

Gentlemen of the Legislature:

It is quite apparent that the forces which brought about the adoption of the Eighteenth Amendment to the Federal Constitution and the enactment of the Volstead Act intend now to turn their activities into other fields of endeavor. Emboldened by their success in that particular, they now plan to further restrict and encroach upon the liberties of the American people. Recently there appeared in the public press announcements by apparently authorized representatives of some of those organizations that efforts would be made in the Federal Congress to secure the passage of resolutions submitting a further amendment to the Federal Constitution with reference to the observance of Sunday. The cheerful prospect was held out that it would be the effort of those persons to prohibit not only the transaction of

any business on Sunday, but also the engaging in recreation of any sort, so that a man would have but one alternative; viz., to go to church. That spirit is so entirely un-American that I am sure it can never prevail.

I understand that as a part of the program they plan to present to the legislatures of the several States bills either reviving the so-called "Blue Laws" where they have been repealed, or strengthening them. I regard it as my duty to suggest to the Legislature that no such bills should be enacted into law. It has been the vain but futile hope of misguided people for many years to be able to legislate morals into a community.

I believe it to be to the advantage of the churches that such legislation should not prevail. Sumptuary legislation upon questions of morals, restraining the liberty of the individual to worship God in his own way and to take such recreation as may be necessary to his well-being, may cause a reaction that will be detrimental to religious observance and will in itself be demoralizing to the community. I therefore suggest to you that if such bills appear they be not approved.

Not only am I opposed to any extension or amplification of the Sunday law for the reasons stated, but I believe it should be liberalized. The difficulty inherent in our present Sunday law is that the sentiment of the people in many localities is opposed to its enforcement, with the result that it becomes unenforceable at the hands of grand juries and it is therefore publicly condemned. This situation is undesirable because it breeds a contempt for law, and its results strike at the very basis of our system of government. While the settled policy of the State has at all times been directed to preserving the sacred character of the day, as one of rest, the necessities of modern life have resulted in compelling the people to take advantage of the Sunday as an opportunity for recreation and amusement. Golf-playing and driving on Sunday are generally indulged in by those who can afford that species of recreation, but that does not include the vast masses of the people, who seek other and less expensive methods of recreation. While I am anxious to preserve the sacred character of

the day, I do not think anything in that regard can be lost by the enactment of legislation which will permit outdoor recreation by the youth of our cities and the masses of our people. This privilege need not be imposed upon every community, but may assume the form of a local option law, to be adopted by ordinance in any city which may desire to take advantage of the provisions of any general act containing a local referendum.

STATE PROJECTS.

There are two important matters which I deem it my duty to lay before you for your consideration; viz., the State Highway System and the State's charitable and correctional institutions.

Referring first to the State Highway System, the following facts are submitted:

The number of miles of State highways which will be completed or under contract before January 1st, 1923, is 190, which leaves 494.53 miles which will be neither completed nor contracted for by that time. That date is selected for the reason that 1922 marks the end of the five-year period within which the moneys called for under the Edge Road Tax Act of 1917 are to be collected. It also is after the expiration of the period provided for under the Act of Congress extending Federal aid in the building of roads.

The estimated cost for finishing the work of building the main State highway routes, other than those either completed or contracted for up to January 1st, 1923, is $40,000,000. Incident to the reconstruction of the State Highway System is the necessity for rebuilding or replacing bridges. I am advised that the amount required after January 1st, 1923, to carry out the plans of the State Highway Commission for the rebuilding and replacement of bridges is $15,000,000, so that the total cost, according to the latest information, of completing the State Highway System, including the building of bridges, is $55,000,000 in addition to what has been or will be spent by January 1st, 1923, viz., $18,000,000, or a grand total of $73,000,000.

Now, with regard to the State's institutions. During the legislative session of 1920 the Department of Institutions and Agencies presented their report of a proposed construction program covering a period of ten years. That program calls for the expenditure of some $16,000,000, which it is contended by the Department is necessary to furnish proper accommodations and facilities for taking care of feeble-minded, epileptic, insane, unstable and unadjusted persons, and incipient and advanced tubercular patients at large throughout the entire State, and also to insure the rehabilitation and reconstruction of the various institutions of the State, including certain new institutions for feeble-minded women and feeble-minded males, a custodial institution for defective males, a psychopathic building for outpatients, and a new reformatory—the latter building thereby permitting the use of the present Rahway Reformatory as a State prison.

Both of these projects are of the greatest importance to the people of the State. They press upon us for a solution. Perhaps it might be said that we are now reaping the results of the State's failure to provide in past years a good system of roads and its neglect to properly and adequately recognize its duty toward its wards. Whether that be so or not, it seems to me that we cannot face the facts down any longer. In the case of roads, unless the State is prepared to spend a large sum of money, the highway work after January 1st, 1923, will have to be discontinued in large part, and to postpone relief for the correctional and charitable institutions means to simply put off the day of reckoning.

Of course, there is the other side to the proposition, which gives me no little concern. Already a State debt, amounting to $40,000,000, has been placed upon the people. To what extent we should further obligate the State, especially in these times, ought to be carefully weighed.

I feel that the problem is one which should have the attention not only of the executive branch, but the legislative branch as well, for the reason that the ultimate responsibility for the creation of additional State debt rests with the Legislature. My sug-

gestion is that the Appropriations Committees of the House and Senate have too much to do in deciding upon ordinary routine appropriations to attempt to give these matters the study and thought they should have. Therefore I invite the creation of a special committee, consisting of representatives from both the House and the Senate, to confer with me so that there will be submitted to the present session of the Legislature some concrete program which will take into account all of the various interests involved—the necessity for good roads, the seemingly absolute requirement that the institutions and agencies of the State be placed on a proper basis, and last but not least, to what extent our already over-burdened people can further be called upon. It will be my endeavor to cooperate with the committee to the fullest degree, and I am hopeful that with the combined judgment of the members of the committee, the State Highway Commission, and the Department of Institutions and Agencies, some progressive plan can be worked out.

TAXATION.

The equal distribution of the increasing burden of taxation continues to be a problem of vital importance to the people of the State. We are more fortunate than some of our sister states in that we have not, thus far, been obliged to find new sources of revenue. With rigid economy in public expenditures, and the efficient administration of our present system of providing for budget requirements, we should be able to avoid the necessity of seeking additional subjects of taxation.

By strengthening the existing scheme at those points where experience has shown it to be weak, we may confidently hope for an amelioration of the tax burden through a more uniform distribution of the load. Whatever may be its defects in practical operation, it must be conceded that our system of taxation is based upon the principle of equality and uniformity. The more closely we adhere to this principle in administering the

system, the more surely will we eliminate existing abuses and those grievances of which taxpayers justly complain. The practical problem of taxation now confronting us is, therefore, the problem of so making our tax levies that all property subject to taxation shall contribute to the support of government precisely in proportion to the value of such property.

The accomplishment of this object would, in my judgment, be materially advanced by widening the powers of the State Board of Taxes and Assessment. The theory of administering our taxing system is that control centers in the State Board and extends down through the County Boards to the local assessors. The powers lodged in the State Board, however, are not adequate to enforce this theory in practice. Its function with respect to the assessment of general property is chiefly that of an appellate body. While the statute constitutes it "a board for the equalization, revision, review and enforcement of taxation," it fails to provide it with effective means to realize those objects. I recommend that its powers be so extended that it shall have the authority on its own initiative to order, or itself make, a reassessment of property in any taxing district, without individual notice of the proceedings to each taxpayer. The time for making such a reassessment should coincide with that period during which the local assessments are in the course of examination and revision by the County Boards. Any attempt at reassessment after the tax rates are struck and the tax bills sent out can only result in injustice to the taxpayer and confusion in the municipal finances.

The mere existence of such a power would be a potent discouragement to the practice of under-valuation, and its exercise would secure a greater equality of assessment as between taxing districts and as between counties than has ever been known in this State. The only equalization that is fair and equitable to the taxpayer is that equalization which extends to the individual property owner, and the time to equalize is during the process of assessment.

The State Board should also be given such powers as will enable it to enforce any order or direction issued to a local assessor.

The local assessor is the agent of the State in performing a highly important public duty, and the State should devise the means to make sure that that duty is honestly and efficiently discharged.

Any additional powers should be conferred upon the State Board which are necessary to constitute it the controlling force in the machinery of assessment, functioning through its own agents, the County Boards and the local assessors. What I suggest is not that the present taxing system be changed, but that it be strengthened, to the end that it may produce adequate revenues from reasonable rates, and assure equality of burden among all taxpayers.

THE NATIONAL GUARD.

Satisfactory progress has been made in the reorganization of the National Guard. During the past year there were organized 24 units, which increases the strength of the National Guard to 2,594. New Jersey is rated eleventh of all the States, having enlisted 63½ per cent. of its authorized commissioned and enlisted strength of 4,084, having completed 1 Infantry Brigade, consisting of 2 Regiments; 1 Squadron of Cavalry, and in addition Headquarters, Supply and Machine Gun Troops; 2 Batteries of Field Artillery and 1 Radio Company, Signal Corps. It is gratifying to know that during the past year there has been exhibited by former service men a tendency to renew their interest in the military service by enlisting in units in course of organization. The services of these men, who have a keen realization of the necessity of military training and the advantage of preparedness, will add much to the morale and efficiency of the entire National Guard.

Under the provisions of an Act of Congress, the allotment of National Guard troops is based on the ratio of a minimum of 800 men per senator and representative in Congress, and the organization of the units within these allotments is to be distributed in annual increments over a period of five years. New Jer-

sey's allotment on this basis would be 11,200 men. The increment for the fiscal year ending June 30th, 1921, including the present units, will consist of: Division Troops—1 Infantry Brigade; 1 Field Artillery Battalion, 75 mm, horse drawn; 1 Engineer Battalion; 1 Divisional Signal Company and 1 Hospital Company: Army Troops—1 Cavalry Regiment: General Headquarters Reserve—2 Coast Artillery Companies. Ultimately the National Guard of the State will consist of a division, less 1 Brigade of Infantry, 1 Regiment of Field Artillery and minor divisional units.

While the allotment of troops is based upon the number of representatives in Congress, it is noted that units are only organized in fourteen of the twenty-one counties of the State. The problem of organizing the National Guard allotted by the War Department is one that rests upon all of the people of the State, and should be assumed by the different sections of the State in proportion to population and the available facilities for housing, drill and instruction of the National Guard.

There is greater incentive for qualified men to enlist in the National Guard today than heretofore. Officers and men are not only paid for attendance at encampments and field instruction, but also receive pay for attendance at drills, and in addition thereto, receive from the Federal Government all uniforms, arms and equipments of the latest model. In addition to these features, opportunity is afforded each year for qualified young men to compete in examinations for admission to the United States Military Academy at West Point.

Every possible assistance has been rendered by the military departments of the State to the veterans of the recent war and their dependents in the adjustment of claims, allotments, compensation and insurance with the War Risk Insurance Bureau.

The records of 90 per cent. of the residents of the State who entered the war have been secured through co-operation with the war and navy departments as well as with the numerous war service agencies. The Victory Medal, authorized by the Legislature of 1919 has been issued to 60,760 of the 119,000 persons entitled thereto. Medals have also been issued to the Militia Re-

serve for service within the State during the period of the war. Recognition was denied the State Militia in the act of 1919, and it is recommended that it be given the same consideration as the Militia Reserve, either by the issue of a medal or a certificate of merit.

MOTOR VEHICLE LICENSE FEES.

State and County roads are kept in order and maintained with moneys realized from the licensing of automobiles. From such funds there is first deducted the administration expenses of the Motor Vehicle Department. Upon the basis of the Motor Vehicle Commissioner's estimate of receipts for the calendar year the State Highway Commission apportions to the respective counties of the State such sums of money as in its judgment will meet the requirements of the maintenance of county roads in such counties when augmented by an appropriation of like amount by the respective counties. Before the apportionment is made by the State Highway Commission there is deducted by that board a sum of money sufficient to meet the cost of maintaining the State Highway System.

Experience of the past few years demonstrates that the receipts from motor vehicle fees have not been sufficient to keep pace with the maintenance needs of the highway system and of county roads. The reason therefor seems to be the destructive effect of the modern motor vehicle, both pleasure and business.

There are two remedies; one to limit the weight of vehicle and load to a maximum of twenty-eight thousand pounds and the other to increase the amount of the revenues.

The motor vehicle license fees for 1919 were $2,931,902.15, an increase of approximately 20 per cent. over the amount collected in 1918. The average rate of increase for the past few years has been approximately 25 per cent. a year. A commission is now considering the question of increasing license fees for such vehicles. It seems to be recognized that the fees must be increased if the State Highway System and county roads are to

be properly maintained. I hesitate at this time to make any definite recommendations until I have had an opportunity of studying the Commission's report, nevertheless there are some observations which might now be of value; viz., a fair method of determining the license fee of pleasure cars is perhaps upon the basis of a fixed charge per horse power. Passenger vehicles, perhaps, should be licensed upon the basis of carrying capacity. Motor trucks should probably be on the basis of weight of vehicle and load, which I understand is the present method.

It may be argued that to increase the license fees so as to raise the funds necessary for maintenance of the State Highway System and country roads is unfair to the user of the motor vehicle. It must be borne in mind, however, that none of the motor vehicle fees are devoted to the upkeep of roads and highways located within the confines of municipalities, except in comparatively rare cases. Such highways are open to and are used by motorists generally, without any direct charge therefor. It is also true, as has been said before, that counties are required to raise an equal amount in their budgets with that appropriated to them by the State Highway Commission from motor vehicle fees.

Before making any more specific recommendations I will await the report of the commission now having the matter under consideration.

PROTECTION OF WATER SUPPLIES.

The health of our State, especially in the cities and counties of northern New Jersey, is dependent upon an ample supply of pure water. In a compact state, such as New Jersey, where the towns and cities are but short distances apart, the protection of municipal water supplies should be given full consideration. The State Boards charged with the duty of protecting the water supplies of the State should be given ample powers to prevent pollution or diversion of the potable waters of the State.

I am informed that the State Board of Health is now without power to order municipalities, corporations or individuals to install and place in operation systems of sewers for the purpose of protecting municipal water supplies from pollution. I recommend for your consideration the passage of a law empowering the State Board of Health to prevent the pollution of any water shed or stream which is a portion of, or tributary to, a source of municipal water supply.

I recommend the passage of a bill which will give the State Board of Health power to prevent the location of factories liable to produce objectionable waste matter on any portion of a watershed unless the Department of Health issues a permit. A nuisance once established is difficult to abate. Our efforts should be directed toward preventing the establishment of a nuisance which may endanger the lives and health of any community.

Power should be given the State Board of Health to prevent bathing at points where, in its judgment, such bathing will be in fact a substantial menace to persons using the water. A similar law is on the statute books of New York State, and there can be no reason why an equal degree of protection should be withheld from the citizens of New Jersey. While it is desirable to provide places for public bathing, it is none the less far more important that such bathing should be prevented where the pollution of water used for drinking purposes is at all possible. There is also to be considered the attitude of a community using the water in which bathing is permitted. While the pollution may be chemically removed, there is none the less the æsthetic side of the question to be considered.

It seems to be an accepted fact that available water sheds or sources of potable water supply in northern New Jersey will sooner or later fail to meet the demands of the municipalities now drawing upon them. This would seem to dictate the wisdom of inaugurating such measures as will, by elimination of all possible sources of pollution, make available for such use all of the possible sources of supply.

LEGISLATION FOR WOMEN.

The rapidly increasing number of women in industrial and commercial life of our State requires consideration of the necessity for changes in our laws with respect to hours of employment and conditions under which the female is required to work.

A number of our States have prohibited the employment of expectant mothers for periods before and after child-birth. My suggestion is that legislation be passed prohibiting the engaging in industrial occupation or work of any woman for six weeks before and six weeks after the birth of her child.

Further, I might suggest to you a modification of our labor laws so as to provide for women an eight-hour day within nine consecutive hours, and a forty-eight-hour week, as applied to industries now covered by the ten-hour law, and the prohibition of night work for women employed in manufacturing after ten o'clock at night and before six o'clock in morning.

I am informed that for years there has been comparatively little improvement in the maternal death rate from child-birth. The subject of preventing or checking the waste of motherhood is so important, in my judgment, that whatever relief may be extended by means of legislation should be promptly given.

REVISION OF CRIMINAL LAWS.

My constitutional duty as a member of the Court of Pardons has brought me into such close relation with the operation of the criminal laws that I feel impelled to suggest the necessity of appointing at an early date a commission to revise and codify such laws. A revision was made in 1898 by a commission of three eminent lawyers, but from time to time since then the Legislature, by various enactments, has so changed what was then recognized as the New Jersey Criminal Code that it is now difficult for able jurists, without mature deliberation, to reconcile the differences between the conflicting statutes.

An illustration of that conflict is found in the effect of Chapter 214, P. L. 1914, amending the Indeterminate Sentence Act of 1911 by Chapter 191. Under the Act of 1914, where a sentence of death is commuted to imprisonment for life the minimum term is fifteen years. Therefore one who might have committed first degree murder could possibly secure his release from confinement at the expiration of fifteen years, whereas, under other statutes, the minimum term for second degree murder, a lesser offense, is twenty years.

LABOR.

During the last session of the Legislature certain bills were introduced designed to ameliorate the condition of labor. These measures were not successful of passage. They dealt with the issuance of writs of injunction in labor disputes where no property rights were involved, the right of trial by jury in cases of alleged contempt committed outside the Court's presence, and other subjects.

It is my judgment that these measures, or others drawn along lines substantially the same, should be enacted into law.

DAYLIGHT SAVING.

The beneficent effect of this policy is so well understood that it requires no argument. During the past year there was considerable confusion in the State, due to the fact that many of the communities were operating under the so-called "Daylight Saving Plan," while others were not. To prevent any repetition of that difficulty it seems to me that a law should be enacted providing for a change in the hours. Perhaps there should be some slight modification from the practice of past years in this respect, viz., that standard time should be restored earlier in the fall.

RARITAN ARSENAL.

During the war the Federal Government, under the authority of emergency legislation, took certain steps toward the acquisition of title to two thousand and eighty-nine acres of land, more or less, situated near Metuchen, in this State, for use for ordnance purposes. Although title to all the lands needed to carry out the War Department's plan of construction was not then and has not yet been fully and finally acquired, construction went forward, nevertheless, and the lands have since been occupied and used as an ordnance depot, known as the Raritan Arsenal.

By act of Congress approved February 28, 1920, the Secretary of War was authorized to take the necessary steps to complete the acquisition of title to said lands, and a specific appropriation was made available for the purpose of meeting the payments necessary for such acquisition.

The War Department has requested that jurisdiction over the lands acquired and to be acquired and forming part of the Raritan Arsenal should be ceded by the State to the Federal Government. Accordingly, there will be presented to you the draft of a bill making such cession of jurisdiction, and which bill follows the general form that has been adopted by the Legislature of this State in similar cases. I respectfully suggest that such measure should be enacted into law.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 11th, 1921.

To the Senate:

I have the honor to transmit in accordance with the provisions of Chapter 15, Laws of 1916, and Chapter 221, Laws of 1918, a summary of the Budget requests for appropriations for the fiscal year ending June 30th, 1922, together with my recommendations thereon.

Respectfully submitted,

[SEAL.] EDWARD I. EDWARDS,
Governor.

Attest:

J. HARRY FOLEY,
Secretary to the Governor.

BUDGET MESSAGE.

To the Legislature:

Pursuant to Chapter 15, Laws of 1916, and Chapter 221, Laws of 1918, I transmit herewith a summary of the Budget requests for appropriations for the fiscal year ending June 30, 1922, together with my recommendations thereon.

The total requests for such appropriations amounted to $20,268,126.34, whereas I am recommending appropriations in the total amount of $15,325,788.06, which I believe to be fair and adequate.

This amount would be well within the estimated funds available. The State Treasurer and the State Comptroller, under date of January 5, 1921, estimate the resources applicable to appropriations other than educational—

Free Balance, July 1, 1921, ...	$3,087,397 08
Estimated receipts for the fiscal year ending June 30, 1922,....	10,250,000 00
Total available for general appropriations (including expenses of the Motor Vehicle Department), ...	$13,337,397 08
Appropriations here recommended which would be payable from School Funds amount to	2,432,402 33
Estimated receipts of the Fish and Game Commission which should be appropriated for expenditures of the Commission,	174 104 71
Total available for the recommended appropriations, ..	$15,943,904 12

It has not been an easy matter to reduce the requests to the amounts here recommended, but after the full hearings which have been had and the careful review which has been made, I am satisfied that this can be done without injustice to any of the essential activities of the State. There is not enough money to pay for fads and fancies, and I would not recommend them even if there were surplus funds. The State has no more right to waste the money of its citizens than a bank has to squander that of its depositors.

There are enough real demands for all the available funds, and I certainly would not recommend the levying of any addi-

tional taxes in order that some few people may have the opportunity to gratify personal ambition or love of publicity.

I am also not recommending any State appropriation merely because there is some Federal aid that can be obtained thereby. All the Federal money which goes for State aid has to be taxed against someone, and the citizens of New Jersey pay high for every dollar they get back. It is a fundamental principle that the nearer home the money is spent, the better people realize where it comes from and how it goes, and they can and will see better that full value is gotten for every dollar spent. It is also a serious question as to how far the States should ask the Federal Government to go in trying to run their affairs for them. However it may be with other States, I believe the State of New Jersey can tell better what it wants and how it wants it done and can attend to its own business better than any outside powers can do.

There are, of course, many items for which I should like to recommend more than I have felt able to, but this is a time for the State as well as the individual to practice rigid economy. It would be unjust and unfair at this time to take money from productive channels to spend it on unnecessary expenses of government. Most of the boards and department heads have manifested their sincere desire to co-operate along this line and, with the decrease in prices which is at hand, I believe they will be able to carry on their work efficiently and adequately within the Budget recommendations which I have made.

Perhaps it will not be easy for them, but they are not supposed to hold State positions in order that they may have easy jobs. Some of them may have to give more time to the affairs of their offices and less to talk and publicity.

It is never any harm for a man to feel that he is compelled to get the fullest value out of every dollar he spends. He will surely have greater efficiency than if he is merely trying to find ways to spend surplus funds, and probably he will find more pleasure in the end through doing a really good work on an economical basis than by scattering a large amount of money over a more considerable ground.

I would in this connection call attention to the abuses which

have grown up through the transfers of funds. Some officers and departments seem to feel that if there is a surplus in any account, it is their right and duty immediately to devise some excuse for its diversion by transfer to some other purpose for which it was never intended. It also seems to have conduced to some carelessness and lack of frankness in submitting estimates and requests for appropriations, because it was apparently a matter of indifference whether the money was originally obtained by proper statement in the Appropriation Law or was later secured by the indirect method of transfer. Proper provisions are made through the State Emergency Fund to meet any condition of emergency until legislation appropriate therefor shall be enacted, so that transfers need not be resorted to to meet those emergencies which actually require relief.

The total appropriations recommended and the several funds from which they would be payable are as follows:

Payable from General State Funds:	
Executive and Administrative Departments,	$983,191.00
Legislature,	109,683 32
Courts and Judicial Expenses,	617,565.00
Regulative Departments,	1,537,421.00
Educational Expenditures from General State Funds,	519,483 38
Agricultural—Department Agencies, etc.,	455,070.00
Military,	332,776.28
Pensions,	45,600 00
Constructive—Roads and Bridges,	511,000 00
General and Sunday Appropriations,	310,245.00
Special Funds—Emergency,	250,000 00
Insurance,	50,000 00
Institutions and Agencies,	6,705,276.04
Total Payable from General State Funds,	12,427,311.02
From Motor Vehicle Fees:	
Motor Vehicle Department,	291 970 [illegible]
From School Funds:	
Educational Department, Schools, etc.,	2,432,402 33
From Receipts of the Fish and Game Commission:	
For Expenditures of the Commission,	174,104 71
Making the total as state above,	$15,325,788 06

This does not include certain expenditures from Road and from School Funds which by law are now made without definite annual appropriation.

The State Road Fund will have the following estimated amounts in addition to the $500,000.00 provided from General State Funds:

State Road Tax—estimated,	$3,250,000 00	
Railroad Tax due State Road Fund,	250,000 00	
Motor Vehicle Fees, etc.—estimated,	3,500,000 00	
A total (exclusive of any amounts which may be received from Federal Aid),		$7,000,000 00
Expenditures will be made from School Funds (in addition to the amounts included in the Appropriation Bill) of the proceeds of the Railroad Corporation Tax:		
To Counties for School Support—estimated,	$3,500,000 00	
" Teachers' Annuity Fund (including expenses),	800,000 00	
" Vocational Schools,	80,000 00	
		4,388,000 00
Appropriations from Income of the School Fund made in the Appropriation Bill, but not customarily included in its totals,		303,500 00
A total estimated for these expenditures from Road and School Funds,		$11,691,500 00
Adding to this the stated appropriations as above,		15,325,788 06
Make a total State Budget of,		$27,017,288 06

I see no reason why the Appropriation Bill should not carry the total of all these State expenditures, and it would certainly be much more informative to the citizens of the State if the authorized expenditure of all such funds was duly stated as the total of authorized appropriations.

No such plan should be made an excuse to divert the moneys from the purposes for which they are intended, nor to obtain from General Funds of the State moneys which it is intended should be raised from specific sources. Such appropriations should be made in stated amounts, but only to the extent that such receipts may be available and with the express provision that the unexpended balances of such funds, if any, shall not lapse into the general treasury but shall be carried forward as a special account available for appropriation and expenditure in the ensuing year for only such purposes as are proper to such fund.

In this connection I would mention that under the provisions of existing law there are certain appropriations for educational purposes which are paid from School Funds, but the unexpended balances of such appropriations, if any, are lapsed into the General Treasury. This, I believe, was never the real intention of the State, and I would recommend that appropriate legislation be enacted to provide that if there be any unexpended balances of appropriations derived from School Funds, such balances should lapse to the School Funds of the ensuing year rather than to the General Treasury. Similar provision should be made that any unexpended balance of the appropriation for the Motor Vehicle Department should lapse into the State Road Fund.

It has not been customary heretofore to make stated appropriations for the Board of Fish and Game Commissioners, but I have included as an item of the Budget their estimated expenditures, since there seems no reason why their expenditures should not be subject to the same appropriation provisions as govern other State moneys.

There are certain moneys which it is perhaps proper not to include in the totals of the Appropriation Bill, such as the State School Tax where the State's only function is that of a distributing agent, since all these moneys are expended locally; the receipts of the institutions, which are in effect repayment to them for expenditures which they make, etc. Any distinction which might be recognized in such cases certainly does not apply to the Road Fund, Taxes on Railroad Corporations, etc., which are referred to above.

In the requests submitted were many large amounts for repairs and improvements in existing buildings and equipment and for construction of new buildings. It would be impossible to meet all these expenditures from available funds, and the general policy has been adopted of recommending such expenditures as would contribute to bringing the institutions into good order and repair and in shape for the proper conduct of their activities on the scale for which they were designed, rather than to expend large amounts for fine new buildings or extensions of activities, while the old buildings and equipment might remain in

bad condition. It is to this end that expenditures for proper housing of employees are recommended.

I believe, however, that the Budget carries almost as full a program of new construction at the institutions as can be properly planned and supervised within the year. The more important items of construction are as follows:

Purchasing Agent—Warehouse,		$58,800 00
Bordentown—Equipment New Building—Storage Buildings,		27,500 00

Jamesburg, Cold Storage Plant,		30,600 00
North Jersey Institution for Feeble-Minded, to Acquire Site,		50,000 00
Reconstruction and Equipment on the Baron De Hirsch Colony which is offered to the State to be converted into an institution,		50,000 00
		$1,762,508 88

With regard to the proposed North Jersey Institution for Feeble-Minded, the site for which I recommend be now acquired, it is to be remembered that both of the existing State Institutions for Feeble-Minded are in the southern part of the State, whereas one-half of the population of the State resides in the northern counties. It is a manifest hardship that the people from these northern counties desiring to visit children or relatives in the State institutions should have to pay the high car fare now required, and probably hotel accommodations because of the impossibility of making the trip both ways in a single day. Additional accommodations for feeble-minded are required in the State, and it seems only fair and logical that the first step in this further extension should be the acquisition of a proper site available to the northern counties.

The offer of the Baron De Hirsch Fund to donate to the State the Colony at Woodbine, to be made the basis for a State institution, seems a decidedly attractive proposition.

For the Glassboro Normal School a further appropriation seems necessary in order to provide a total amount of $700,000.00 for the construction of proper buildings. The building of this school is probably the most pressing demand of the normal school situation. It should, however, be promptly followed by the construction of a school in Jersey City in order to meet the demand for teachers for the immense school population of that section, and the purchase of a site for such a school is therefore now recommended.

The rest of the new construction recommended will, I believe, be readily recognized as only meeting the actual requirements of existing institutions.

There is real need for additional space for housing various State Departments including a laboratory for the State Department of Health.

The best and most economical way to do this would seem to be through a proper office building. This would provide better accommodations than now exist and would save the State many thousands of dollars in rent it is now paying. Such an office building should not be of elaborate and expensive construction,

but should be constructed in accordance with the purpose for which it is intended—that is, to furnish good working space for offices and laboratories. It should be possible to purchase the ground and construct the building with an appropriation of $350,000 to $400,000.

Such a building should not be immediately adjoining the State House, which would prevent developing of the plans for the park surrounding the Capitol Building, which I favor. A proper site could be obtained somewhere in the near vicinity, however, where it would be easily accessible.

I have not recommended this as an item in the Budget, as it seemed that there are other matters of perhaps more pressing importance which would require the entire amount of funds which appeared to be available. It would appear, however, from the estimates now submitted that funds might be available for this purpose. I would ask that this matter receive your fullest consideration.

A State Insurance Fund was provided for by Chapter 123, Laws of 1913, calling for the appropriation of $50,000.00 each year until such fund should amount to one million dollars, when the annual interest would serve in lieu of such payments.

This provision seems to have been lately overlooked since only two appropriations of the required amount have been made.

It is a matter of wisdom and economy, as well as of duty, to make this annual appropriation, and I therefore include it in my recommendations.

While this Budget has been under preparation, it has become steadily more evident that prices were being reduced from the high levels of last year.

While the general trend is very manifest, it has not seemed wise to count on too great a reduction. I have therefore endeavored to make such recommendations as would still enable the proper functioning of the various departments, even though there be no material reduction in costs, but, if the anticipated reductions are realized, the amounts recommended should meet the full requirements of the Departments.

I feel that I should not conclude without a word of commendation for Mr. Henry B. Fernald and Mr. John A. Reddan who have been associated with me in the preparation of this budget message. They have been untiring in their efforts to deal justly and wisely with applicants for funds and at the same time to protect the State treasury from drains through ill-conceived notions.

The Civil Service Commission has rendered much valuable aid in the preparation of salary schedules.

The reports and requests submitted and the developments at the hearings make it fitting that I should say a word of praise for many of those directing our departments and institutions, and assistants under them, for the faithful and efficient manner in which they have discharged their duties to the people of the State, often under conditions of a most trying nature.

Respectfully submitted,

EDWARD I. EDWARDS,

Governor.

DEBT OF THE STATE.

Certificates of the State issued to the Commissioners of the Agricultural College, pursuant to Chapter 417 of the Laws of 1895, amounting to $116,000.00, is the only debt of the State.

Under an act of Congress of the United States, approved July 2, 1862, entitled "An act donating public lands to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts," there was invested for the benefit of the State Agricultural College the sum of $116,000.00 in the war bonds of the State, being the proceeds from sales of land scrip. The war bonds have all matured and been paid. Owing to the inability of the Commissioners to invest the said sum of $116,000.00 conformably to the said act of Congress, which provides, "That all moneys derived from the sale of the lands aforesaid by the States to which the lands are apportioned, and from the sales of land scrip hereinbefore provided for, shall be invested in stocks of the United States, or of the States, or some other safe stocks, *yielding not less than five per centum upon the par value of said stocks,*" the Legislature, at the session of 1895, passed an act authorizing the Commissioners to transfer and pay over, as money shall be by them received, to the Sinking Fund of this State, and authorizing the State Treasurer and Comptroller to issue and deliver therefor to said Commissioners a certificate of this State to the effect that the State will pay to said Commissioners five per centum annually of the amount so paid into or transferred to the Sinking Fund.

Free Public Library, Newark, N. J.

Under an act approved April 8, 1903, the Sinking Fund has been assigned and is now a part of the permanent School Fund of the State.

The assets of the State Fund consists of 1,887 shares of stock of the United Railroad and Canal Company of New Jersey, the market value of which amounts to about $300,000.00.

A statement is required by the Budget Act, showing the estimate of revenue and the State's income available for appropriations for the fiscal year ending June 30, 1922. It is not deemed expedient to estimate any material increase in receipts over those of last year as statutory conditions remain the same, therefore the estimate for the year ending June 30, 1922, is made the same as the year ending June 30, 1921, namely, $12,270,740.00.

The foregoing statements are submitted as meeting the requirements of the Budget Act. Should any further statements or information be required, the same will be furnished.

Respectfully submitted,

NEWTON A. K. BUGBEE,
State Comptroller.

W. T. READ,
State Treasurer.

STATE EMERGENCY FUND.

An appropriation of $250,000.00 was made by the Legislature at the session of 1919 "to meet any condition of emergency until legislation appropriate therefor shall be enacted" for the fiscal year ending June 30, 1920. This appropriation was supplemented by an additional appropriation of $100,000.00 at the session of the Legislature of 1920, making a total appropriation of $350,000.00.

The following statement shows the manner of apportionment from this sum (items being grouped under the appropriation accounts to which they relate, and giving the account numbers under which they appear in the Budget schedules):

Appropriation pursuant to Item 56, Chapter 261, Laws of 1919,	$250,000 00

BOARD OF FISH AND GAME COMMISSIONERS

All receipts of the Commission have heretofore been appropriated for expenditure by the Commission without statement of specific amounts or purposes for which expenditures are to be made.

For the Fiscal Year Ended June 30, 1920.

The receipts and expenditures were as follows:

RECEIPTS.		
Hunters' and anglers' licenses (Ch. 152, P. L. 1914),	$147,925.72	
Licenses sales, etc. (Ch. 41, P. L. 1908),	15,977.43	
Fines (Ch. 247, P. L. 1911),	15,926.15	
Total Receipts,		$179,829.32
Balance, July 1, 1919,		67,733.94
Total available for expenditure for fiscal year 1920,		$247,563.26
EXPENDITURES (Including $5,687.86 bills of prior year):		
Salaries and wages,	$72,322.74	
Operating materials and supplies,	53,430.11	
Current repairs,	5,147.53	
Miscellaneous expenses,	15,727.55	
Additions and improvements,	9,605.37	
		156,233.30
Balance, June 30, 1920 (subject, however, to outstanding requisitions of $14,110.56),		$91,329.96

For the fiscal year ending June 30, 1922.

The receipts are estimated at the same amount as above, viz., $179,829.32, and estimated expenditures are stated as follows:

Salaries and wages,		$98,055.00
Materials and supplies:		
Food for birds, fish, poultry, horses, etc.,	$15,050.00	
Clothing, rubber boots,	300.00	
Fuel and power, including gasoline,	8,139.00	
Dwelling furnishings,	28.00	
Farm, stable and grounds,	1,200.71

Under the provisions of Chapter 36, P. L. 1907, the State is to meet the amounts raised (not to exceed $5,000) by any school district for such schools. During the fiscal year 1920 payments were made to thirteen school districts to the extent of the entire appropriation of $15,000.00. Appropriations for this purpose are now requested for eighteen school districts, which would require an aggregate State aid appropriation of $23,650.00 as set forth above.

For the fiscal year 1920 there was reappropriated the unexpended balance of the original appropriation of $300,000.00 for 1920, this balance was again reappropriated together with an additional amount of $141,200.00, making a total of $425,066.62 thus available. Present estimates indicate that it will not be possible to construct the school with this appropriation. It is therefore requested and recommended that a further amount of $274,933.38 be appropriated, and any unexpended balance of the prior appropriations be reappropriated, so as to make a total available amount of $700,000.00.

NOTE—Teachers' salaries for 1920 to the extent of $5,890.00 were paid from the "Practice Teaching" account, that being the purpose of their employment. The request for 1922, however, is based upon the entire number employed previously, and an increase is also requested for "Practice Teaching." The recommendations give the increase in "Practice Teaching" and assume that the additional teachers will not then be required on the regular staff.

I do not at this time recommend a further appropriation for purchase of toll bridges, since I believe there are other more pressing demands for the State's Funds. I would further recommend that appropriate legislation be enacted so that the cost of maintenance of the bridges already acquired be paid from the Motor Vehicle License Fees.

The usual provisions should be made to reappropriate any unexpended balance of prior appropriations for purchase of toll bridges, and to appropriate for maintenance any moneys received from the State of Pennsylvania for reimbursement of its proportion of maintenance, etc.

This Board has requested that instead of the separate appropriations for its two Departments a consolidated appropriation be made for the entire work of the Board, so that it may not be necessary for them always to attempt to make an exact separation of each item of expenditure on a basis of the Department to be benefited thereby. The request seems reasonable, and, while the figures are stated above in the usual form for comparative purposes, I would recommend such a consolidated appropriation as is requested, but with the understanding that the various items of expenditure should be fully classified as Salaries, Blanks, Stationery and Printing, Traveling Expenses, etc., as heretofore.

The Board of Trustees of the Baron De Hirsch Fund have offered to deed to the State of New Jersey the 90 acres of land and a farm colony at Woodbine, Cape May County, N. J. It is estimated that $100,000 will be required to place this in proper condition for institutional use, of which $50,000 might be expended the first year. While I am not satisfied that it should be best used for a Custodial Institution for Defective Delinquents, it seems suitable for some institutional use, and I therefore recommend the acceptance of the offer and the proposed expenditure.

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Revision and Amendment of the Laws.

Mr. Mackay offered the following resolution:

WHEREAS, The very stability of our government, the execution of all laws and the enforcement thereof, as well as the abiding settlement of differences between our citizens rests in the confidence which our people have in the integrity of our courts and judicial officers; and

WHEREAS, In these days of unrest and readjustment there is sought to be injected into the minds of the people suspicion and distrust of all government; and

WHEREAS, The judiciary of the State of New Jersey stands out among the States of the Union for the speedy and impartial enforcement of law, and the integrity of the members thereof has always been above suspicion; and

WHEREAS, The Governor of the State of New Jersey has issued a statement through the public press in which, among other things, he said: "Then the plan is to remove the power of appointment of these commissioners from the Governor and to vest it in certain members of our courts, who are believed to be under the influence of these interests" (meaning certain malign and invisible interests); and

WHEREAS, This accusation is an attack upon certain members of our highest courts, which, if true, would constitute cause for impeachment; therefore,

Be it Resolved (by the Senate of New Jersey), That a committee of three members be appointed by the President to wait upon the Governor and request from him the names of the members of the court to which he referred and the facts upon which his charges are based; and

Be it Further Resolved, That meanwhile the Senate of New Jersey does hereby express its absolute confidence in the courts of this State and the members thereof, and in the integrity and impartial justice of their official acts.

Which was adopted by the following vote:

In the affirmative were—

Messrs. Allen, Case, Hagaman, Mackay, Reeves, Runyon, Smith, Stevens, Sturgess, Wallworth, White B. H., White C. D., Whitney—13.

In the negative were—

Messrs. Barber, Bright, Brown, Heath, Martens, Simpson—6.

President Allen announced the following committee: Senators Mackay, Case and Simpson.

The special committee reports as follows:

Memorandum of Statement Made by Governor Edwards to Senate Committee which waited upon him on January 11th, 1921, in connection with published statement regarding the Board of Public Utility Commissioners.

Having been apprised that you gentlemen intended to visit me, under the authority of a resolution of the Senate passed today, I have prepared this memorandum so that there will be no mistake about what I may have said.

From what has been stated I understand the fault which is found is directed against this language in my statement, viz.: "Then the plan is to remove the power of appointment of the Commissioners from the Governor and to vest it in certain members of our Courts who are believed to be under the influence of these interests."

First, I want to say to you, the article stands for itself. It is a matter of common knowledge that masses of our people are of the belief that the Courts generally are subject to corporate influence and control.

If you ask me whether or not I have said that such is the condition, I can say to you that I have not, nor does the article,

in my judgment, fairly imply that. Some persons, for their own purposes, have put upon the article a construction which it will not bear, viz., that I believe that the Courts are subject to that influence or control.

If that disposes of the difficulty under which the Senate is laboring I would like to ask you gentlemen, as important members of that body, what you propose to do in reference to the confirmation or rejection of the names I have submitted to fill the vacancies in the Board of Public Utility Commissioners created by the removal of the former members. An intolerable situation exists. The State is without a Utility Commission. The executive action in removing the former members has been approved, and still the Senate refuses to either confirm or reject the persons nominated to fill the vacancies. Important questions are held up, awaiting solution. Large interests, both of public utilities and of the State, are made to suffer because of the delay, and without intending any personal offense to you gentlemen who are here to wait upon me, it seems to me the Senate, instead of splitting hairs over the construction of language in the statement, ought to take up the serious business of the State.

I might add that the effect of the vesting of the power of appointment in judicial officers will be to weaken the confidence of the people still further in the Courts, and that the power of appointment ought to be left where it now is.

Mr. Mackay moved that the report be received and spread in full on the Journal.

Which was agreed to.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That the ususal number of copies of the Governor's message be printed for the use of the Senate, and that the same be spread in full upon the Minutes.

Mr. Whitney made the following announcement:

The Joint Committee on Appropriations will meet in the office of the Comptroller immediately after adjournment of the Senate and the House for purposes of organization.

Mr. Whitney submitted report of the Joint Legislative Committee to determine the number of officers necessary for carrying on the business of the Legislature and to define their duties and asks that 100 copies be printed.

Mr. Mackay moved that the Senate take a recess until 3 P. M.

Which was agreed to.

Upon the conclusion of which and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen (President), Barber, Bright, Brown, Case, Hagaman, Heath, Mackay, Martens, Parry, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, Wallworth, White B. H., White C. D., Whitney—20.

On motion of Mr. Mackay, the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen (President), Barber, Bright, Brown, Case, Hagaman, Heath, Mackay, Martens, Parry, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, Wallworth, White B. H., White C. D., Whitney—20.

The following resolution was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
Mr. President: January 11th, 1921.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following resolution:

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
January 11th, 1921.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following Concurrent resolution:

1. That the Legislative Index be purchased for the use of the officers and members of the Senate and House of Assembly from year to year at each session thereof as soon as possible after adjournment is taken for the week and before the session convenes the following week; one copy of each issue to be mailed to the local address of each officer and member of the Senate and House of Assembly immediately upon publication, the names and addresses of whom shall be furnished by the Speaker of the House of Assembly and the President of the Senate, and one copy of each issue to be delivered at the State House for each officer and member of the Senate and House of Assembly, at the rate of five dollars for each subscription, and that statements of expenses for the Legislative Index be referred to the Committee on Incidental Expenses of the Senate and House of Assembly, respectively, and when approved by said Committee said approval shall be indicated by the signature of the Chairman of the Senate Committee on Incidental Expenses for an expense of the Senate and by the Chairman of the House Committee on Incidental Expenses for an expense of the House of Assembly, together with the signature of the Secretary of the Senate and the Clerk of the House of Assembly, respectively, and said bills, when approved, shall be forwarded to the Comptroller of the Treasury for payment.

2. This resolution shall take effect immediately.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

On motion of Mr. Mackay the Senate concurred in the above Concurrent resolution.

A message was received from the Governor, by the hands of J. Harry Foley, his Secretary, indorsed "Nominations."

Mr. Runyon, on leave, introduced

Senate Bill No. 40, entitled "An act to amend an act entitled 'An act prescribing the liability of an employer to make compensation for injuries received by an employee in the course of employment, establishing an elective schedule of compensation and regulating procedure for the determination of liability and compensation thereunder,' " approved April fourth, one thousand nine hundred and eleven, as amended by Chapter 174, Laws of 1913,

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Labor, Industries, and Social Welfare.

Mr. B. H. White, on leave, introduced

Senate Bill No. 41, entitled "An act to legitimate children born out of lawful wedlock and to provide a procedure therefor,"

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Labor, Industries, and Social Welfare.

Mr. Mackay offered the following resolution, which was read and adopted:

Resolved, That the rules of the Senate for 1920 be adopted for the year 1921, excepting Rule 72, and that Rule 72 shall read as follows:

"When nominations shall be made by the Governor to the Senate, they shall, unless otherwise ordered by the Senate, be referred to appropriate committees; and the final question upon every nomination shall be 'Will the Senate advise and consent to this nomination?' which question shall not be put on the same day on which the nomination is received, nor on the day on which it may be reported by a committee, unless by unanimous consent of the Senate; provided, however, that an affirmative vote of at least eleven Senators shall be necessary to advise and consent to any and all nominations."

Mr. Parry offered the following resolution, which was read and referred to the Committee on Judiciary:

WHEREAS, The charter of the Morris Canal and Banking Company, granted by the Legislature of 1824, provides as follows:

"At the end of 99 years from the passing of this act, it shall and may be lawful for this State to take to itself and on its own account, the said canal and its appurtenances, paying to the said company the fair value thereof, to be estimated and fixed upon the ten commissioners or a majority of them, to be mutually chosen by this State and the said company, or, in case that it shall not be done at that time or within one year thereafter, this charter shall continue so far as it respects its canal operations and privileges for the further term of fifty years, when it shall cease and the said canal with its appurtenances become the sole property of this State;"

AND WHEREAS, The language of this section requires a legal interpretation as to its full meaning; now, therefore,

Be it Resolved by the Senate of the State of New Jersey, That the Attorney-General of the State of New Jersey be requested to furnish an opinion and information on the following questions:

1. By whom would the five commissioners to be chosen by the State be named? Would it be by the Governor, with the advice and consent of the Senate, or would it be by the House of Assembly and the Senate?

2. Upon the appointment of this commission of ten members, provided for in the act, would they become a part of a judicial body to whom evidence must be presented by the State, on the one hand, and the Morris Canal and Banking Company on the other, for the purpose of determining the value of the canal and its rights?

3. Is the State of New Jersey required to purchase the canal at the value fixed by said commission, or may it decline to purchase, should it find that the price fixed is too high? In other words, does the State of New Jersey become bound to purchase the canal at the figure fixed by the commissioners, merely because it appoints five commissioners for such purpose?

4. If the commission is not a judicial body, is it the duty of the commissioners to make investigations and arrive at a value of the canal property themselves and then to agree upon the appraised value at which the State may buy?

5. The title to about three-fifths of the lands owned by the Morris Canal and Banking Company is said to have been acquired either by reversionary deeds, containing clauses that the deeds were given for canal purpose or for use as a canal, or were acquired by condemnation for use as a canal. If the State should acquire the lands in 1924, pursuant to the provisions of the original charter, and abandon the canal for canal purposes, but utilize it for some other public purpose, such as the operation of an electric line, would the owners of the reversion in the lands, that is to say, the heirs of the original owners, have any rights in the lands? If so, could the Legislature provide for the cutting off of such rights by condemnation?

6. Is there any constitutional or legal objection to legislation authorizing or permitting the State or any municipality therein to own, operate or lease an electric or other railway line over the lands now occupied by the canal?

Mr. Runyon, Chairman of the Committee on Public Health, reported

Mr. Parry offered a supplementary resolution to his resolution relative to the Morris Canal and Banking Company.

Which resolution was read, and on motion of Mr. Parry, was made a part of the original resolution and adopted, as follows:

WHEREAS, The charter of the Morris Canal and Banking Company, granted by the Legislature of 1824, provides as follows:

"At the end of 99 years from the passing of this act, it shall and may be lawful for this State to take to itself and on its own account, the said canal and its appurtenances, paying to the said Company the fair value thereof, to be estimated and fixed upon by ten commissioners or a majority of them, to be mutually chosen by this State and the said Company, or, in case that it shall not be done at that time or within one year thereafter, this charter shall continue so far as it respects its canal operations and privileges for the further term of fifty years, when it shall cease and the said canal with its appurtenances become the sole property of this State;"

AND WHEREAS, The language of this section requires a legal interpretation as to its full mean; now therefore,

Be it Resolved by the Senate of the State of New Jersey, That the Attorney-General of the State of New Jersey be requested to furnish an opinion and information on the following questions:

1. By whom would the five commissioners to be chosen by the State be named? Would it be by the Governor, with the advice

and consent of the Senate, or would it be by the House of Assembly and the Senate?

2. Upon the appointment of this commission of ten members, provided for in the act, would they become a part of a judicial body to whom evidence must be presented by the State, on the one hand, and the Morris Canal and Banking Company, on the other, for the purpose of determining the value of the Canal and its rights?

3. Is the State of New Jersey required to purchase the Canal at the value fixed by said Commission, or may it decline to purchase, should it find that the price fixed is too high? In other words, does the State of New Jersey become bound to purchase the Canal at the figure fixed by the Commissioners, merely because it appoints five commissioners for such purpose?

4. If the Commission is not a judicial body, is it the duty of the Commissioners to make investigations and arrive at a value of the canal property themselves and then to agree upon the appraised value at which the State may buy?

5. The title to about three-fifths of the lands owned by the Morris Canal and Banking Company is said to have been acquired either by reversionary deeds, containing clauses that the deeds were given for canal purposes or for use as a canal, or were acquired by condemnation for use as a canal. If the State should acquire the lands in 1924, pursuant to the provisions of the original charter, and abandon the canal for canal purposes, but utilize it for some other public purpose, such as the operation of an electric line, would the owners of the reversion in the lands, that is to say, the heirs of the original owners, have any rights in the lands? If so, could the Legislature provide for the cutting off of such rights by condemnation?

6. Is there any constitutional or legal objection to legislation authorizing or permitting the State or any municipality therein to own, operate or lease an electric or other railway line over the lands now occupied by the canal?

Be it Resolved by the Senate of the State of New Jersey, That the Attorney-General of the State of New Jersey be requested to furnish an opinion and information on the following additional questions relating to the charter of the Morris Canal and Banking Company, granted by the Legislature of 1824:

1. If the five commissioners appointed by the Morris Canal and Banking Company, on the one hand, and the five commissioners appointed by the State of New Jersey, on the other, are unable to agree upon what is a fair value of the property of the Canal

company, as specified in the charter of 1824, what then becomes of the State's right to take the property in the manner pointed out in the statute?

2. If the Morris Canal and Banking Company and the Lehigh Valley Railroad Company, on the one hand, and the State on the other are unable to "mutually agree upon the ten commissioners" referred to in the charter, when then becomes of the State's right to take over the canal property in the manner referred to in the statute?

Mr. Case, on leave, introduced

Mr. Brown offered the following resolution, which was read and adopted:

WHEREAS, We owe a debt of everlasting gratitude to the ex-service men of the late war for their patriotic services and sacrifices for our State and our glorious country; and

WHEREAS, There has been introduced in Congress of the United States a series of bills to relieve the immediate and dire need of more hospitals to care for the maimed, injured and insane of the late war, and to consolidate and decentralize the Federal bureaus for the purpose of making more effective the administration of relief, and also to provide for and adjust compensation; and

WHEREAS, The present session of Congress is fast coming to a close, and much apprehension prevails in the State of New Jersey over the present delays and possible failure by Congress to enact into law before the end of the present session of Congress the bills herein referred to; and

WHEREAS, The ex-service men of the State of New Jersey confidently and expectantly await the immediate and favorable action of Congress on these matters which affect over five million of men who served this country in the late "World War"; now, therefore,

Be it Resolved, That the Senate of New Jersey does hereby record itself as being in favor of the immediate passage by the Congress of the United States of the following bills now pending therein:

1. The Wason Bill (H. R. 13558)—

Providing for the establishment of fourteen regional offices of the War Risk Bureau, with necessary sub-officers; authorizes Post Office Department to collect war risk premiums, and relieves disabled ex-service men, in receipt of hospitalization, from payment of war risk premiums.

2. The Stevenson Bill (H. R. 10845)—

Providing that retiring disabled National Army officers receive same disability pay as those of Regular Army. (At present they receive less than one-sixth as much.)

3. The Langley-Frank Hospitalization Bill (H. R. 14315)—

Appropriating $10,000,000 for new hospitals for disabled soldiers and sailors.

4. Rogers Bill (H. R. 14961)—

Providing for the consolidation and co-ordination of the War Risk Bureau, Vocational Training Board and the United States Public Health Service under the Department of the Interior.

5. Fordney Bill (H. R. 14157)—

Being the five-fold adjusted compensation bill.

And

Be it Further Resolved, That one hundred copies of this resolution be printed for the use of the Senate, and there be mailed therefrom a copy to each of the Senators and Representatives of New Jersey in Congress.

Signed—Joseph F. Wallworth, Blanchard H. White, Thomas Brown.

Mr. Parry offered the following resolution, which was read and adopted:

WHEREAS, Certain questions have been referred to the Attorney-General in connection with the abandonment of the Morris canal, in consideration of the possibility of the State of New Jersey acquiring the canal property in the year 1924, under the provisions of the charter of 1824; and

WHEREAS, A bill has been introduced in the Senate—No. 156—at the request of the attorneys for the cities of Jersey City,

Newark, and the North Jersey Water Supply Commission, on the theory of a simple condemnation proceeding as an alternative method of securing the Morris canal property by the State; now, therefore,

Be it Resolved by the Senate of New Jersey, That the Attorney-General of the State of New Jersey be requestd to furnish an opinion on the following questions in regard to the canal problem:

1. Under the title of Senate Bill No. 156, is it possible to cut off the rights of the Lehigh Valley Railroad Company, the lessee of the Morris Canal and Banking Company, the name of the lessee not being mentioned in the title?

2. Would the State of New Jersey have the right to condemn the property of the Morris Canal and Banking Company under the procedure outlined in Senate Bill No. 156, without stating the purpose of the condemnation, as to whether it was for canal purposes or some other public purpose?

3. Would Senate Bill No. 156 be construed as a private act? If so, would it require the assent of the Lehigh Valley Railroad Company and the Morris Canal and Banking Company in order to consummate the condemnation?

4. If Senate Bill No. 156 should be construed to be a public act, is it constitutional in that it provides a different method of condemnation from that followed in the condemnation of other properties in the State?

5. In a condemnation proceeding such as has been outlined in Senate Bill No. 156, what will be the test of value of the property condemned? Will it be the market value of the land acquired, or will it be figured on the basis of the value of the right of user, now held by the Morris Canal and Banking and its lessee, which right of user is costing the Lehigh Valley Railroad Company nearly $200,000 a year for operating expenses alone?

6. Under the procedure outlined in Senate Bill No. 156, would the Big Basin be condemned.

7. In condemning the water rights, which are desired by the State or other State agencies, what would be the basis of valuation in a condemnation proceeding brought under such an act?

8. What is the legal effect of the validating act of 1869 in reference to the lease from the Morris Canal and Banking Company to the Lehigh Valley Railroad, in so far as the proposed condemnation proceedings are concerned?

9. What is the legal effect of the Surplus Water Act of 1871 in so far as the condemnation of the water rights are concerned?

Mr. Mackay moved that the Senate take a recess until 1:30 P. M.,

Which was agreed to.

Upon the conclusion of which and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen (President), Barber, Bright, Brown, Case, Hagaman, Heath, Kays, Mackay, Martens, Parry, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, Wallworth, White Blanchard H., White Charles D., Whitney—21.

The following message was received from the House of Assembly by the hands of its Clerk:

Was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Judiciary.

President Allen announced a change of reference on Assembly Bill No. 43 from the Committee on Judiciary to the Committee on Public Health. Mr. Simpson raised a point of order, contending that the committee had physical possession of the bill and that a change of reference after the bill has passed into the possession of the committee was out of order.

President Alled ruled that he felt within his rights in changing a bill reference, but if objection was raised he would permit the reference to remain with the Judiciary Committee.

Mr. Parry offered the following Senate amendments to Assembly Bill No. 19, which were read:

Strike out the title to said bill and insert the following: "An act to amend the title and body of an act entitled 'An act authorizing the governing body of any village in this State to pay a bonus to the employees of the police department,' approved September seventeenth, one thousand nine hundred and tewnty," so as to define the municipalities to which the act applies, as villages or towns, and further, to amend said act generally.

Mr. Parry withdrew the amendments to Assembly Bill No. 19.

On motion of Mr. Parry, Assembly Bill No. 19 was recommitted to the Committee on Judiciary.

Mr. Runyon, Chairman of the Committee on Public Health, reported

Senate Bill No. 149.

Signed—William N. Runyon, Edward L. Sturgess, Thomas Barber.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: February 28th, 1921.

I return herewith, without my approval, Senate Bill No. 49. This bill amends the Public Utility Act of 1911 so as to provide for a board of three persons, not more than two of whom shall be members of the same political party and who shall receive an annual salary of twelve thousand dollars each. The bill legislates out of office, or rather, attempts to do so, the former members of the Commission, whose removal was finally approved by the Court of Errors and Appeals a few days ago. The Commissioners substituted for the former board, under the bill, are to be appointed, one for a term of two years, one for a term of four years, and one for a term of six years, and thereafter each for six years.

My objections to this measure are as follows:

Under the bill there is taken from the executive the power to remove, which was conferred upon the Governor, as the responsible head of the State, in the original legislation. The removal of the former board, which has just been accomplished, is the first exercise of that power by the executive since the act was

originally adopted, so that I do not think there can be any complaint on the score of an abuse of the power. That such power should remain in the executive seems to me to be beyond argument. It is a wise measure of protection against results following upon the failure of this board, vested as it is with powers and duties of great importance, to rigidly protect the interests of the people. The duties which are committed to such board are of such nature that in my judgment they will be better discharged if the members of the board serve with the understanding that they can be called to account for the manner in which they administer the law.

It may be urged that notwithstanding the absence of power of removal by the executive, nevertheless by impeachment an unfaithful commissioner may be separated from the office. That method is not an adequate substitute for the executive power. It is cumbersome, and involves action by two separate Houses of the Legislature, with a trial before a body of twenty-one Senators, who cannot be expected to devote the time necessarily required.

By prescribing short terms for two of the incumbents of the board the object of the bill is frustrated—I assume the object of the bill is to take this board out of politics. Its effects, however, for at least four years, is to keep alive the matter of the personnel of the members of the board. It would be better, in my judgment, to appoint all of the members for at least six years, so that the question of their reappointment will not be recurring too frequently.

Respectfully,
EDWARD I. EDWARDS,
Governor.

Secretary to the Governor.

Mr. Mackay moved that the Governor's Message be spread in full on the Minutes, and the bill laid over under the rules,

Which was agreed to.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 28th, 1921.

Gentlemen of the Legislature:

I desire to call to your attention Senate Bill No. 182 and Assembly Joint Resolution No. 5.

These two measures deal with the plan to establish a Port of New York District.

The Senate bill creates a commission to execute the proposed treaty, which is set out at length in the bill. That treaty establishes the district referred to, which includes substantially all of the territory within Piermont, New York, on the north; Summit, New Jersey, on the west; New Brunswick and Atlantic Highlands, New Jersey, on the south; and Jamaica, Long Island, on the east. Within that territory a body, politic and corporate is thereby created to function for the purpose of constructing and operating tunnel and transportation facilities. The Port authority is made up of three New Jersey citizens and three New York citizens.

Considerable objection to the plan has developed, and complaint has been made by some of the interested municipalities that sufficient time is not given them for a study of the proposed scheme, for the reason that the report of the New York and New Jersey Port Development Commission, although that commission has been in existence for substantially four years, has but recently been made public, and its report is voluminous. The municipalities affected by the measure, or some of them, suggest that action on the making of the treaty be postponed until the next session of the Legislature, so that, in the meantime, full consideration can be given to the recommendations contained in the report.

With the making of the report the Port Development Commission ceases to function. To prevent or forestall inattention and lack of consideration, on the theory that "what is everybody's business is nobody's business," Assembly Joint Resolution No. 5 is offered so as to call for the appointment of a distinctly New Jersey commission, which will study the report of the New York and New Jersey Commission and be required to present, by January 1st, 1922, such criticisms and suggestions as it might have to make.

I am in accord with the view that we ought not to enter into the proposed treaty until full opportunity has been given for consideration of the report of the Port Development Commis-

sion, and with that in mind I urge upon you that Assembly Joint Resolution No. 5 be passed, and Senate Bill No. 182 be held until the next session of the Legislature.

Respectfully,

EDWARD I. EDWARDS,

Governor.

Secretary to the Governor.

Mr. Mackay moved that the message be spread in full on the Minutes, and the bill laid over under the rules.

Which was agreed to.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 28th, 1921.

Gentlemen of the Legislature:

I direct your attention to a situation which should be, and no doubt is, giving you, as much as this department of the State, considerable concern. I refer to the numerous measures now pending in both the Senate and House extending the State highway system. I am informed that if all of the measures so offered are adopted the result will be to increase the mileage of roads included within the State highway system by 450 miles, the probable cost of completing which (exclusive of bridges) will be thirty-six millions of dollars. There will remain to be completed, after January 1st, 1923, out of the original fifteen routes, including Route 16 added last year, some 495 miles, the estimated cost of which, including the replacement of bridges, is approximately fifty-five million dollars. You will see, therefore, that if the measures now pending are adopted the total amount required to be spent to complete the highways will be ninety-one million dollars. There should be added to that, of course, what has been or will be spent up to the end of 1922, eighteen million dollars, making a grand total cost of one hundred and nine million dollars.

The measures to which I refer are:

Assembly 118, adding two routes, one from Morristown to Hackettstown and the other from Trenton to Washington.

Assembly 292, adding one additional route from Paterson to the State line at Greenwood Lake by way of Pompton, Midvale, Hewitt and Coopers, and eliminating part of Route 11.

Assembly 324, adding two connecting links—Route 17, from Elizabeth to Springfield via Morris avenue; and Route 18, Springfield and North Plainfield through Mountainside and Scotch Plains.

Assembly 350, empowering the State Highway Commission to build and construct or take over any road now constructed in order to connect piers or docks to be located at Cape May or vicinity with any existing State highway road.

Assembly 442, providing an additional route to run from Newark to connect up with the State highway of the State of New York.

Committee Substitute for Senate Nos. 6 and 30, which adds Routes Nos. 17, 18, 19, 20, 21, 22, 23, 24, 25 and 26, or ten additional routes.

Senate 89, which adds a new route to be known as No. 17, to run from Far Hills to the State line by way of Chester, Netcong, Andover and Newton.

Senate 129, which adds a road to run from Salem to Bridgeton by way of Quinton and Shiloh.

Senate 147, which makes part of the State highway system the approaches to the proposed interstate bridge and tunnel, as well as the main highways leading thereto.

While it is of great importance to establish a good road system, it is of equal importance to keep the program within reasonable bounds, and unless the situation is taken in hand firmly an enormous debt is bound to be placed upon the State.

The existence of these measures is an illustration of what I pointed out last year, viz., that improvements which are parochial or provincial in their nature will be fastened on the State at large unless we vigilantly guard against such attempts. Whether that be true or not, I think all must agree that this is not the time to pile up additional debt.

It might be observed, in passing, that should these new routes be taken over there will be needed at once one million dollars additional to what has been counted upon for the 1921 maintenance of these roads.

Already the State is obligated for approximately forty million dollars, which represents the amount of the bridge and tunnel bonds and the soldiers' bonus bonds. If these measures are passed we will soon hit the two hundred million mark. Some of them may be necessary, but my inclination is to veto every bill extending the State highway system unless the Legislature comes

to some agreement with respect to keeping the extension program within reasonable limitations.

Respectfully,
EDWARD I. EDWARDS,
Governor.

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

Mr. Mackay moved that the message be spread in full on the Minutes, and the bill laid over under the rules.

Which was agreed to.

On page 3, after the words "Common Pleas" on line 2, section 12, insert the words "a police magistrate, recorder, or committing magistrate," and after the word "county" on line 2, "of such division of which he shall have jurisdiction provided by law."

Section 13, line 1, page 3, after the words "Common Pleas" add "or other magistrate".

Omit section 18, section 19, page 4, section 20, line 4, section 22, page 4.

Page 7, line 7, strike out the word "destroyed" and substitute the words "delivered to the nearest hospital of any town, city,

borough or other municipal division of the county in which said liquor is taken".

Omit section 32, page 7.

Add after the word "conviction" in section 34, line 10, "it is further provided that any person arrested for violation of the within act may demand a trial by jury at any time before trial, thereupon the committing magistrate shall summon a jury to try the issues in the said cause and said jury shall be summoned as juries are now summoned in section 20 of the act entitled 'An act concerning disorderly persons.'" Compiled Statutes, page 1932, Rev. 1898.

Omit section 37, page 8.

On page 10, section 45, line 6, add, after the word "costs" "*but provided, however,* that the liquor which is the subject of the action or prosecution shall contain alcohol such as beers and light wines not exceeding ten per centum in volume then the only punishment inflicted upon conviction shall be a fine not exceeding fifty dollars ($50.00)".

Omit section 53, page 12.

Omit section 57, page 13.

Omit section 58, page 14.

Omit sections 59, 60, 61, 62, 63, 64, 65 and 66 on page 16.

Omit section 72, page 17.

Add a section on page 22, before section 93, as follows:

"Be it further enacted that any person arrested under the provisions of this act may make a demand on the magistrate before whom he is arranged that the prosecution for the violation of this act be thereafter transferred to the grand jury sitting in and for the body of the county in which this alleged said violation occurred. Thereupon the said magistrate shall make an order in writing transmitting all the papers in the cause to the clerk of the grand jury sitting in and for the body of the county where it is alleged the offense occurred and shall notify the prosecutor of the pleas of the same county and thereafter the cause shall be prosecuted, as are all causes before the grand jury and said magistrate shall be divested of jurisdiction to try and determine the complaint or to act further therein except to order the removal of the cause as authority to the grand jury."

Mr. Parry offered the following amendments to Assembly Bill No. 43:

Amend section 12 by inserting in line 2, after the words "the judges of the Court of Common Pleas in and for the several counties of this State" the words "and every judge of the Court of Common Pleas may and shall act throughout the county as the magistrate created by this act"; and by inserting in line 3, after the words "the justices of the Supreme Court" the words "may and shall act as the magistrate in the circumstances hereinafter provided for";

Amend section 93, line 1, by striking out the words "March thirty-first", and inserting in lieu thereof the words "April thirtieth".

Mr. Brown offered the following amendments to Assembly Bill, No. 43:

Strike out the remainder of paragraph A after the word "than" on page one and insert in place thereof the following: "the per centum of alcohol by volume provided by the Federal law to enforce National Prohibition."

On the same page, strike out the remainder of paragraph B after the word "contain" and insert in place thereof the following: "a per centum of alcohol by volume as hereinbefore specified and which are fit for use for beverage purposes."

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
March 9th, 1921.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following memorial and concurrent resolution:

Memorial to the Congress of the United States from the Legislature of the State of New Jersey.

To the Congress of the United States:

WHEREAS, It appears that funds have not been by Congress provided nor authorization made for the purchase by the War Department of the tract of land occupied by the Chemical Warfare Service near Lakehurst in New Jersey as a aproving ground for the gas warfare material; and

WHEREAS, It appears, further, that the War Department will, lacking such provisions of funds and authorization, abandon said Chemical Warfare Service Proving Ground at Lakehurst; and

WHEREAS, The residents of the community and section of the State in which said Proving Ground is situate have by petitions to their representatives in this body requested its influence toward the retention of said Proving Ground by the National Government; and

WHEREAS, By report of reputable citizens of the State who have appeared before this body, the War Department has an investment of approximately $2,500,000 in improvements at said Proving Ground at Lakehurst, and an abandonment of said Proving Ground would result in loss of said investment except such small salvage value as would accrue from wreckage and disposal, and the expense of removal and transfer of equipment and machinery to another point would approximate the cost of the site occupied by said Proving Ground; now, therefore,

Be it resolved by the General Assembly of the State of New Jersey (the Senate concurring), That the Congress of the United States be and the same hereby is requested to consider the advantages of enabling the War Department to retain said Proving Ground, and the appropriation of such sums as in the circumstances may be met; and be it further

Resolved, That a copy of the memorial be sent to the Honorable John W. Weeks, Secretary of War, the Honorable Walter E. Edge, the Honorable Joseph S. Frelinghuysen, United States Senators, and the Honorable T. Frank Appleby, member of the House of Representatives from the Third Congressional District of the State of New Jersey.

On page 6, line 13, insert period instead of comma after the word "election", and strike out the rest of paragraph to the end of line 20.

Insert instead thereof the following: "At all elections in such city the election districts, polling places or rooms and methods of conducting the election, shall be the same as herein provided for the selection of candidates for the primary election.

The form of ballot and the method of voting at said election shall be as follows:

1. Except that the crosses here shown shall be omitted, and that in place of the names and officers here shown shall be substituted the names of the actual candidates and the offices for which they are respectively nominated, the ballots shall be in substantially the following form:

General or special municipal election, city of..... (inserting date thereof).

DIRECTIONS TO THE VOTER.

To vote for any person mark a cross (X) in the square in the appropriate column, according to your choice, at the right of the name voted for.

Second choice is not compulsory.

Vote only as many first choices, or second choices, as there are officers to elect.

Vote your first choice or choices in the first column.

Vote your second choice or choices in the second column.

Do not vote more than one choice for one person, as only one choice will count for any one candidate by this ballot.

If you wrongly mark, tear or deface this ballot, return it and obtain another.

FOR COMMISSIONERS:	First Choice	Second Choice
William Brown		
Louis Coe		
John Doe		
Henry Poe		
Charles Smith		

II. One space shall be left below the printed names of the candidates of each office to be voted for, wherein the voter may write the name of any person for whom he may wish to vote.

Blank spaces shall be left equal to the number of offices to be filled.

III. The names of the candidates for the same office shall be printed on the ballot in alphabetical order. Any candidate whose name is to be voted for on the ballot may, by petition addressed to the city clerk, request that the said clerk shall print opposite his name on the ballot a designation, in not more than six words, as named by him in said petition, for the purpose of indicating either any official act or policy to which he is pledged or committed; provided, that such designation shall not indicate political party affiliations. On the filing of any such petition the said clerk shall cause the said designation to be printed opposite the name of the said person upon the ballot. If several candidates for the same office shall in said petition request that their names be grouped together, and that the common designation to be named by them shall be printed opposite their said names, the said clerk shall group the said names of the said persons in a bracket, and opposite the said bracket shall print the said designation as aforesaid. Such petition to the said clerk requesting a designation or a grouping of the candidates shall be filed with the clerk at least eight days before the election. If two candidates or groups shall select the same designation, the clerk shall notify the candidate or group whose petition was last filed, and the said candidate or group shall select a new designation.

IV. As soon as the polls are closed the election officers shall immediately open the ballot boxes, take therefrom singly and count the ballots in public view, and enter the total number thereof on the tally sheet provided therefor by the city clerk. They shall also carefully enter the number of the first choice and second choice votes for each candidate on said tally sheet and make immediate return thereof to the city clerk. Only one vote shall be counted for any candidate on any one ballot, all but the highest of two or more choices on one ballot for one and the same candidate being void. If a ballot contains either first or second choice votes in excess of the number of offices to be filled no vote in the column showing such excess shall be counted. Except as hereinbefore provided all choices shall be counted as marked on the ballot.

On the day following the said election the city clerk shall determine the successful candidates, as hereinafter provided in this section, and shall immediately make and file the results thereof in the office of the city clerk.

Said canvass by the city clerk shall be publicly made in the manner following:

(a) Candidates receiving a majority of first choice votes for any office shall be elected. If the full number of candidates to be elected do not receive such a majority of the first-choice votes for such office, a canvass shall be made of the second-choice votes received by those candidates for office who are not elected by first-choice votes; said second-choice votes shall be added to the first-choice votes received by such candidates, and candidates who, by such addition, shall receive a majority shall be elected.

A tie between two or more candidates shall be decided in favor of the one having the highest number of first-choice votes. If they are also equal in that respect, then the highest number of second-choice votes shall determine the result.

Whenever the word "majority" is used in this section it shall mean more than one-half of the total number of valid ballots cast at such election.

And, upon roll call, were adopted by the following vote:

In the affirmative were—

Messrs. Barber, Brown, Heath, Kays, Martens, Parry, Runyon, Simpson, Whitney—9.

In the negative were—

Messrs. Allen (President), Case, Hagaman, Mackay, Reeves, Sturgess, Wallworth, White Charles D.—8.

Senate Committee Substitute for Assembly Bill No. 146, entitled "An act respecting cities of the first class and providing for the nomination and election of commissioners elected therein,"

A message was received from the Governor, by the hands of Mr. J. Harry Foley, his Secretary, endorsed "Nominations."

A message was received from the Governor, by the hands of Mr. J. Harry Foley, his Secretary, endorsed "Veto," and was read as follows:

March 21, 1921.

To the Senate:

I return herewith, without my approval, Senate Bill No. 74.

This bill is the so-called "State Constabulary" or "State Police" bill. I am unable to approve of it for these reasons:

First: From the standpoint of added expense. The department created by the bill consists of the following positions, the incumbents of which are to receive the salaries set opposite the positions in this table:

One Superintendent	$5,000.00
One deputy superintendent	3,500.00
One clerk	1,500.00
One stenographer	1,200.00
Two captains at $2,400	4,800.00
Two lieutenants at $1,800.00	3,600.00
Two first sergeants at $1,500	3,000.00
Eight sergeants at $1,400	11,200.00
Eight corporals at $1,300	10,400.00
Two mechanics at $1,300	2,600.00
Two saddlers at $1,300	2,600.00
Two blacksmiths at $1,300	2,600.00
Eighty-eight privates at $1,200	105,600.00

or a total of $157,600.00.

It will be observed, therefore, that the annual payroll of this department starts out at a fairly respectable sized sum of money. It would not require a very lively imagination to visualize a rapid increase in the number of employees, with a consequent increase in the salary list.

In addition to the salary roll there necessarily will be heavy upkeep for uniforms, weapons, horses, horse equipment, vehicles, automobiles and supplies of all description. Of course, I have no information at hand upon which to base any judgment as to the probable cost, both initial and permanent, of such features, but evidently the author of the bill assumed that it would be considerable, because the appropriation provided for under the bill is the sum of $300,000.

In connection with the matter of expense I am somewhat concerned with the language of section 7. It authorizes the creation of a Detective Bureau. Whether or not it is the intention of this measure to empower the Superintendent of Police to appoint from civil life State detectives, or to confine the work of such bureau to the department as constituted under the bill, I am unable to determine. If it is the intention to have the detective work carried on by the members of the department as created by the bill, I am unable to understand why they are to be known as "*Assistant* State Detectives." The use of that expression rather indicates to me that it is the intention of the measure that in addition to the employees specifically provided for under the bill, others, without limit in number, may be employed to do detective work.

Second: With reference to the uses to which the members of the department are to be put. So far as I am informed, there is no emergency existing which would justify fastening upon the State an annual expenditure of over $150,000 (and probably over $200,000) for the maintenance of such department. Various labor organizations of this State have opposed the measure upon the ground that it is intended as a means of oppressing organized labor in disputes or controversies with employers. While there is a provision that the members of the department shall not be used as a posse in any municipality except when ordered by the Governor to do so upon the request of the governing body thereof, I am rather inclined to accept the view advanced by the labor organizations—that the purpose of the bill is to provide a means of oppressing labor. In my judgment, ample authority and power already exist, vested in the various peace officers of the counties and municipalities and in the Executive, as the head

of the State militia, to control disorders incident to strikes; therefore legislation of this character is not necessary.

Respectfully,

EDWARD I. EDWARDS,

Governor.

On motion of Mr. Mackay, the Governor's message was laid over under the rules.

Senate Bill No. 175, entitled "An act providing for the purchase of a dredge for constructing and improving waterways within this State,"

Was taken up, read a second time, considered by sections, agreed to, ordered to be printed and to have a third reading.

Purcell, the right, title and interest, of the State of New Jersey in and to certain land and premises situate in the borough of Bradley Beach, in the county of Monmouth, State of New Jersey, of which Esther D. Power died seized,"

Was taken up and read a third time.

Upon the question, "Shall this Senate bill pass?" it was decided as follows:

In the affirmative were—

Messrs. Allen (President), Brown, Case, Heath, Kays, Mackay, Martens, Reeves, Runyon, Stevens, White Blanchard H., White Charles D., Whitney—13.

In the negative—None.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

Senate Concurrent Resolution No. 4, entitled "A Senate concurrent resolution proposing an amendment to the Constitution of the State of New Jersey,"

Was taken up and read a third time.

Upon the question, "Shall this Senate concurrent resolution pass?" it was decided as follows:

In the affirmative were—

Messrs. Allen (President), Heath, Mackay, Parry, Reeves, Runyon, Simpson, Sturgess, Wallworth, White Blanchard H., White Charles D.—11.

In the negative—None.

The Secretary was directed by the President to carry said resolution to the House of Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

In accordance with the direction of the President, the Secretary carried the following bills to the House of Assembly, and informed it that the Senate had passed the same, and requests its concurrence therein:

Senate Bill No. 80, 149, 210, 211, 213, 296, 310, 309,

And Senate Committee substitute for Assembly Bill No. 146.

Senate Bill No. 262, entitled "An act to fix the minimum salary of prosecutors of the pleas in counties of the third and fourth class in this State,"

Was taken up on third reading.

Mr. Brown asked unanimous consent to amend said bill on third reading.

Which was agreed to.

The amendments were read and adopted as follows:

Amend title to act making the same read as follows:

"An act to fix the minimum salary of prosecutors of the pleas in certain counties of the third class."

Amend paragraph "1", by striking out same and substituting in lieu thereof the following:

"1—In all counties of the third class of this State the population of which as ascertained by the last preceding Federal census is more than forty thousand and less than fifty thousand such prosecutors of the pleas shall receive an annual salary of at least three thousand dollars, to be paid in each case by equal monthly payments by the county collector of such county; *provided, however,* that nothing in this act shall apply to counties bordering on the Atlantic ocean, nor shall it apply to any county the population of which did not exceed forty-four thousand as ascertained by the last preceding State census."

Senate Bill No. 262, entitled "An act to fix the minimum salary of prosecutors of the pleas in counties of the third and fourth class in this State,"

As amended,

Was taken up and read a third time.

Upon the question, "Shall this Senate bill pass?" it was decided as follows:

In the affirmative were—

Messrs. Barber, Bright, Brown, Case, Heath, Mackay, Martens, Reeves, Runyon, Simpson, Smith, Stevens, White Charles D.—13.

In the negative—None.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

Mr. Mackay moved that the Senate take a recess of fifteen minutes,

Which was agreed to.

Upon the conclusion of which and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen (President), Barber, Bright, Brown, Case, Heath, Kays, Mackay, Martens, Parry, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, Wallworth, White Blanchard H., White Charles D., Whitney—20.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
March 21st, 1921.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following concurrent resolution:

WHEREAS, It has been brought to the attention of this Legislature that certain irregularities are alleged to exist in the election and examination of officers of the National Guard of New Jersey which have seriously affected its organization, discipline and morale; and

WHEREAS, The Appropriation Bill for the year 1921 appropriates vast sums of money for the maintenance and efficient training of the National Guard, the greater part of which may not be advantageously expended if such conditions continue; and

WHEREAS, The foregoing matters are of grave import to the nation and State in the after-war reorganization of the National Guard of New Jersey, and the conditions as presented require relief by the Legislature for the correction of such conditions, if found to exist; therefore,

BE IT RESOLVED *by the Senate and General Assembly of New Jersey,* That the Committee of Investigation, as constituted and created by Senate Joint Resolution No. 1 of this Legislature, be directed to conduct an exhaustive and impartial investigation of the conditions existing in the National Guard of the State of New Jersey, and in particular to determine the manner of selection of and the nature and extent of examinations given to determine the military qualifications of National Guard officers.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Mr. Parry moved that the vote by which Senate Committee Substitute for Assembly Bill No. 146 was passed be reconsidered.

And upon roll call was decided as follows:

In the Affirmative were—

Messrs. Allen (President), Case, Mackay, Parry, Reeves, Runyon, Smith, Stevens, Wallworth, White Blanchard H., White Charles D., Whitney—12.

In the Negative—None.

Mr. Parry moved that the vote by which the amendments to the Senate Committee Substitute for Assembly Bill No. 146 were adopted be reconsidered.

Which was agreed to.

Mr. Parry then withdrew the amendments.

Senate Committee Substitute for Assembly Bill No. 146 was taken up on third reading.

Mr. Parry asked unanimous consent to offer further amendments to Senate Committee Substitute for Assembly Bill No. 146.

Consent was granted.

The amendments were read as follows:

On page 5, line 111, strike out the word "twice" and insert the words "three times".

On page 5, line 114, strike out the word "twice" and insert the words "three times".

On page 5, line 116, strike out the word "twice" and insert the words "three times".

On page 5, line 118, insert period instead of comma after the word "election" and strike out the rest of the paragraph to the end of line 125.

Insert instead thereof the following: "At all elections in such city the election districts, polling places or rooms and methods of conducting the election, shall be the same as herein provided for the selection of candidates for the primary election.

The form of ballot and the method of voting at said election shall be as follows:

1. Except that the crosses here shown shall be omitted, and that in place of the names and officers here shown shall be substituted the names of the actual candidates and the officers

for which they are respectively nominated, the ballots shall be in substantially the following form:

General or special municipal election, city of..... (inserting date thereof).

DIRECTIONS TO THE VOTER.

To vote for any person mark a cross (X) mark in the square in the appropriate column, according to your choice, at the right of the name voted for.

Second choice is not compulsory.

Vote only as many first choices, or second choices, as there are officers to elect.

Vote your first choice or choices in the first column.

Vote your second choice or choices in the second column.

Do not vote more than one choice for one person, as only one choice will count for any one candidate by this ballot.

If you wrongly mark, tear or deface this ballot return it and obtain another.

For Commissioners	First Choice	Second Choice
William Brown		
Louis Coe		
John Doe		
Henry Poe		
Charles Smith		

II. One space shall be left below the printed names of the candidates of each office to be voted for, wherein the voter may write the name of any person for whom he may wish to vote. Blank spaces shall be left equal to the number of offices to be filled.

III. The names of the candidates for the same office shall be printed on the ballot in alphabetical order. Any candidate whose name is to be voted for on the ballot may, by petition addressed to the city clerk, request that the said clerk shall print opposite his name on the ballot a designation, in not more than six words, as named by him in said petition, for the purpose of indicating either any official act or policy to which he is pledged or committed; *provided,* that such designation shall not indicate

political party affiliations. On the filing of any such petition the said clerk shall cause the said designation to be printed opposite the name of the said person upon the ballot. If several candidates for the same office shall in said petition request that their names be grouped together, and that the common designation to be named by them shall be printed opposite their said names, the said clerk shall group the said names of the said persons in a bracket, and opposite the said bracket shall print the said designation as aforesaid. Such petition to the said clerk requesting a designation or a grouping of the candidates shall be filed with the clerk at least eight days before the election. If two candidates or groups shall select the same designation, the clerk shall notify the candidate or group whose petition was last filed, and the said candidate or group shall select a new designation.

IV. As soon as the polls are closed the election officers shall immediately open the ballot boxes, take therefrom singly and count the ballots in public view, and enter the total number thereof on the tally sheet provided therefor by the city clerk. They shall also carefully enter the number of the first choice and second choice votes for each candidate on said tally sheet and make immediate return thereof to the city clerk. Only one vote shall be counted for any candidate on any one ballot, all but the highest of two or more choices on one ballot for one and the same candidate being void. If a ballot contains either first or second choice votes in excess of the number of offices to be filled no vote in the column showing such excess shall be counted. Except as hereinbefore provided all choices shall be counted as marked on the ballot.

On the day following the said election the city clerk shall determine the successful candidates, as hereinafter provided in this section, and shall immediately make and file the result thereof in the office of the city clerk.

Said canvass by the city clerk shall be publicly made in the manner following:

(a) Candidates receiving a majority of first choice votes for any office shall be elected. If the full number of candidates to be elected do not receive such a majority of the first choice votes for such office, a canvass shall be made of the second choice votes received by those candidates for office who are not elected by first choice votes; said second choice votes shall be added to the first choice votes received by such candidates, and candidates who, by such addition, shall receive a majority shall be elected.

A tie between two or more candidates shall be decided in

favor of the one having the highest number of first choice votes. If they are also equal in that respect, then the highest number of second choice votes shall determine the result.

Whenever the word "majority" is used in this section it shall mean more than one-half of the total number of valid ballots cast at such election.

And upon roll call was decided as follows:

In the affirmative were—

Messrs. Barber, Brown, Heath, Kays, Martens, Parry, Simpson —7.

In the negative were—

Messrs. Allen (President), Bright, Case, Mackay, Reeves, Runyon, Smith, Stevens, Sturgess, Wallworth, White Blanchard H., White Charles D., Whitney—13.

The President declared the amendments to Senate committee Substitute for Assembly Bill No. 146 lost.

Senate Committee Substitute for Assembly Bill No. 146, entitled "A supplement to an act entitled 'An act relating to, regulating and providing for the government of cities, towns, townships, boroughs, villages and municipalities governed by boards of commissioners or improvement commissions in this State,' " approved April twenty-fifth, one thousand nine hundred and eleven, the title to which was amended to read as above set forth by an act approved April second, one thousand nine hundred and twelve.

Was taken up and read a third time.

Upon the question, "Shall this Senate Substitute for Assembly bill pass?" it was decided as follows:

In the affirmative were—

Messrs. Allen (President), Case, Mackay, Reeves, Runyon, Smith, Sturgess, Wallworth, White Blanchard H., White Charles D., Whitney—11.

In the negative were—

Messrs. Barber, Brown, Heath, Kays, Martens, Simpson, Stevens—7.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

Mr. Parry moved that Senate Committee Substitute for Assembly Bill No. 146 be signed by the President and leave the custody of the Senate forthwith.

Which was agreed to.

Mr. Whitney moved that the amendments to Senate Committee Substitute for Senate Bills 6 and 30 be taken up.

The amendments to Senate Bills Nos. 6 and 30, were taken up and adopted as follows:

Amend said bill by inserting after line 72, on page 4 of said bill, the following:

If when any highway is taken over by the State under this act any county shall have improved, reconstructed or made any extraordinary repairs upon the same, or any part thereof, under a contract or contracts awarded after the first day of March, one thousand nine hundred and nineteen, the State Highway Commission shall first set aside from the funds under its control herein provided for a sufficient sum of money to reimburse such county for all money expended by it on such work whether the moneys so expended were raised by the issue of bonds or otherwise; *provided, however,* that no such repayment shall be made by virtue of any award of contract made therefor after the date upon which this act shall take effect, unless some proceeding concerning such contract has been heretofore begun or said contract shall have been approved by the State Highway Commission before the execution thereof. For the purpose of determining the amount of money expended by any such county as aforesaid, the county engineer shall prepare and file with the State Highway Commission a detailed certificate of the moneys so expended by such county, and shall be accepted as fixing the amount so expended by such county; *provided, further,* that such repayment shall be made by the State Highway Commission to the said county within sixty days after the detailed certificate of the moneys so expended by such county shall have been furnished by the county engineer to the State Highway Commission.

In case any money thus repaid to any county was raised by sale of bonds, an amount equal to the amount thus raised shall be used to retire said county bonds or invested in such manner as may be lawful for sinking funds.

There being no objection, the rules were suspended, on motion of Mr. Whitney.

And

Senate Committee Substitute for Senate Bills Nos. 6 and 30, entitled "An act to amend an act entitled 'An act to amend an act entitled "An act to establish a State Highway System, and to provide for the improvement, betterment, reconstruction, resurfacing, maintenance, repair and regulation of the use thereof,"'" approved March thirteenth, one thousand nine hundred and seventeen, which amendment was approved April sixth, one thousand nine hundred and twenty,

Was taken up and read a third time.

Upon the question, "Shall this Senate bill pass?" it was decided as follows:

A message was received from the Governor, by the hands of Mr. J. Harry Foley, his Secretary, endorsed "Veto" and was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 28th, 1921.

To the Senate:

I return herewith, without my approval, Senate Committee Substitute for Assembly Bill No. 146.

The present practice, in holding elections in the municipalities governed under the Commission Government Act, is to allow all persons who desire to submit themselves as candidates to run at the election, without any primary or elimination contest. That method seems to have worked satisfactorily and to have resulted in a large field of eligible persons from whom the voters might choose those best fitted, in their judgment, to administer the affairs of the municipality.

The bill under consideration affects only those first class cities which are operating under the Commission Government Act. It provides for a primary election for nominations. Under the bill the ten persons receiving the greatest number of votes emerge from the primary as the successful candidates for nomination, and are, in turn, voted for at the election.

In my judgment the measure is a step in the wrong direction. Its effect is to restore partisanship to municipal elections. The constant effort of the past few years has been to eliminate that undesirable feature. If this measure becomes a law, nominations for those offices will go to the organization candidate; the independent, in my judgment, will have no chance.

Therefore, I am forced to veto the measure for that reason, and, as well, because I believe it to be unconstitutional.

Respectfully,

EDWARD I. EDWARDS,

Governor.

J. HARRY FOLEY,

Secretary to the Governor.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
March 28th, 1921.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Committee Substitute for Assembly Bill No. 43, entitled "An act concerning intoxicating liquor for beverage purposes,"

The Governor's objections thereto notwithstanding,

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

The Governor's veto message was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly: March 22d, 1921.

I return herewith, without my approval, Committee Substitute for Assembly Bill No. 43. I cannot approve this measure for these reasons:

1. Section 24 provides for a forfeiture of any lease of premises wherein any violation of the act may be committed—the forfeiture to be at the option of the lessor. Possession is to be enforced by summary proceedings under "An act concerning landlords and tenants," approved March 27, 1874, and its amendments and supplements. My opinion is that this section of the bill is unconstitutional, and that if any such ground for removal of a tenant is to be created it must be done by amendment of or supplement to the Landlord and Tenant Act.

2. Section 34 authorizes the trial of any accused person before a magistrate, without a jury, and under Sections 44 and 45, upon conviction, such person may be sentenced to be confined for a period not exceeding six months or to pay a fine of five hundred dollars, or both.

I cannot give my consent to the adoption of such policy by the State. It is my belief that no one should be placed in peril of being deprived of his liberty for any considerable period of time without the submission of the fact of his innocence or guilt to a jury. Vesting of power in magistrates to hear and determine the innocence or guilt of accused persons, and to sentence them for short periods not to exceed one month, might perhaps be defended on the score of economical and speedy administration of justice where petty offenses only are involved, but to extend the practice to the imposition of sentences resulting in confinement for six months, it seems to me, institutes an exceedingly dangerous practice and is a blow at an institution which has served free countries for centuries.

That feature of the measure, and the others to which I will now briefly allude, will set up in this State a condition of judicial and official tyranny, the prospect of which gives me no little concern.

The other provisions to which I have reference are those authorizing the searching of all premises where liquor is believed to be possessed in violation of the act, even to the extent of invading homes at any hour of the day or night.

This measure is so drastic—denying trial by jury to the accused, working forfeitures of property of various descrip-

tions, authorizing forfeitures of leases, and empowering agents of enforcement bureaus to break into private premises of our citizens—it seems to me that it would have, if law, only one effect—to arouse resentment on the part of the people as a whole.

Respectfully,

[SEAL] EDWARD I. EDWARDS,

Attest: *Governor.*

J. HARRY FOLEY,

Secretary to the Governor.

And laid over under the rules.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
March 28th, 1921.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Senate Bill No. 74, entitled "An act creating a Department of State Police, providing for the appointment of a superintendent thereof, together with the officers and men who shall constitute the force, defining their powers and duties, and making an appropriation for the expenses connected therewith",

A message was received from the Governor, by the hands of Mr. J. Harry Foley, his Secretary, endorsed "Veto" and was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 5th, 1921.

To the Senate:

I return herewith, unapproved, Senate Bill No. 285, which names the members of the Port Authority Commission created by Senate Bill No. 182.

I veto this measure for the reasons, among others, set out in the veto message dealing with Senate Bill No. 182.

I veto this measure also for these reasons: I know of no justification for depriving the Executive of the power of selecting and appointing the members of the Port Authority Commission, if it is to be created. I am informed that it was stated on the floor of the Senate, during the consideration of this measure, that the Commission was chosen in this manner because of my public attitude in opposition to the Port of New York scheme. It is true I have been opposed to the adoption of the Port Development scheme, but it seems to me presumptuous on the part of the Senate to assume that I would not select competent men to administer the affairs of that commission. The evil complained of, namely, that I would choose men opposed to the measure, of the scheme, it seems to me affects this very bill. By the same token, this bill nominates for the Commission men who are confessed believers or open advocates of the scheme. Not one of the three persons named resides within any of the populous communities affected by the Port Development scheme. One resides in Tenafly, one in Bayonne, and the other in Montclair. The two greatest cities of this State, Newark and Jersey City, both within the area of the Port district, are left without representation. Therefore I am against this bill, both because of the deprivation of the Executive power of appointment and because of the fact that the two most interested municipalities are unrepresented.

Respectfully,

EDWARD I. EDWARDS,
Governor.

Attest:

J. HARRY FOLEY,
Secretary to the Governor.

On motion of Mr. Mackay, the Governor's message was laid over under the rules.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
Mr. President: April 5th, 1921.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bills:

Assembly Bill No. 270, entitled "An act to amend an act entitled 'An act concerning public utilities; to create a Board of Public Utility Commissioners and to prescribe its duties and powers,'" approved April twenty-first, one thousand nine hundred and eleven,

The Governor's objection thereto notwithstanding.

Committee Substitute for Assembly Bill No. 341, entitled "An act concerning intoxicating liquors used or to be used for non-beverage purposes,"

The Governor's objections thereto notwithstanding.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

On motion of Mr. Mackay, Assembly Bill No. 270, with veto attached, was laid over, under the rules.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly: April 4th, 1921.

I return herewith, without my approval, Assembly Bill No. 270. This measure places under the jurisdiction of the Board of Public Utility Commissioners auto busses, or jitneys, the routes of which, in whole or in part, parallel upon the same street the line of any street railway or traction railway, canal, express, subway, pipe line, gas, electric light, heat, power, water, oil, sewer, telephone, telegraph system, plant or equipment for public use; in effect, therefore, giving the utility commissioners jurisdiction over practically all of the auto busses or jitneys operating in the State.

I am opposed to the measure for the reason that I think the matter of regulation of a local convenience such as jitneys should be left with the local authority, which, in my judgment, is better informed and better equipped to handle the problem. To delegate

this work to the utility commissioners would be to increase the work of an already overburdened board.

Respectfully,

[SEAL] EDWARD I. EDWARDS,

Attest: *Governor.*

J. HARRY FOLEY,

Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly: March 4th, 1921.

I return herewith, without my approval, Assembly Bill 341, which is designed to regulate and control the use of intoxicating liquors for non-beverage purposes.

For the reason which controlled my judgment in refusing to approve Committee Substitute for Assembly No. 43 I cannot give this measure my approval, hence it is returned to you.

Respectfully,

EDWARD I. EDWARDS,

[SEAL.] *Governor.*

Attest:

J. HARRY FOLEY,

Secretary to the Governor.

The following communication was received, read and ordered filed:

STATE OF NEW JERSEY,
BOARD OF PUBLIC UTILITY COMMISSIONERS,

Hon. Collins B. Allen, TRENTON, April 5th, 1921.
Pres. of the State Senate.

SIR—The attention of the Board of Public Utility Commissioners has been directed to certain amendments to Senate Bill No. 77. This bill deals with the submission to the Board of Public Utility Commissioners of evidence, and the consideration of evidence heretofore duly submitted, of the value of the property of any street railway or traction company in any hearing or investigation before the Board involving the reasonableness of rates, "insofar as such evidence relates to the present value of the property of any such street railway or traction company."

The Board would respectfully suggest that the use of the word "present" before the word "value" in the amendments would limit the Board in the determination of the fair value of the property of a street railway or traction company to the ascertainment of the value based upon present costs.

It is generally agreed that present costs are abnormal and while the Board may properly give consideration to present costs it should not be restricted to the determination of the value based on present costs alone.

There is pending before the Court of Errors and Appeals of this State a case in which there is involved the question as to whether the Public Utility Commission should not determine the value of a public utility, basing its finding upon present day costs alone. The enactment by the Legislature of a law restricting the Board to a determination of value based upon present costs would probably be regarded by the Court as a declaration of legislative policy which would be controlling. The effect of this would be to limit the Board not only in the determination of the value of the properties of street railways or traction companies to present day costs but also in determining the values of other public utilities.

The Board is of the opinion that the restriction would militate seriously against the public interest.

It is respectfully submitted that there should be some permanency attached to the determination of a value. If the value must be based upon present day costs, with costs continually fluctuating, there could be no rate fixed which would be just and reasonable for any considerable period of time. The general practice of state commissions has been therefore to determine a fair average value over a reasonable period of years not subject to temporary fluctuations and to base the rate upon such value.

In the opinion of the Board it would be unfortunate for the Public Utility Commission to be deprived by legislative enactment of the power to fix rates upon this basis and be limited to the determination of value based solely upon present day costs.

Respectfully submitted,

JOHN J. TREACY,
H. A. OSBORNE,
HARRY BACHARACH.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
Mr. President: April 5th, 1921.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Senate Bill No. 77, entitled "Amendment to an act entitled 'An act providing for the valuation of street railway property in this State,' " passed May fifth, one thousand nine hundred and twenty,

With Assembly amendments,

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

The Assembly amendments to Senate Bill No. 77 were taken up and read three times.

Mr. Mackay moved that the Senate concur in the Assembly amendments to Senate Bill No. 77, and upon roll call was decided as follows:

In the affirmative were—

Messrs. Allen (President), Case, Hagaman, Mackay, Wallworth, White Blanchard H., White Charles D.—7.

In the negative were—

Messrs. Barber, Bright, Brown, Heath, Parry, Runyon, Simpson—7.

The President declared Assembly amendments to Senate Bill No. 77 rejected.

Mr. Mackay offered the following resolution, which was read and adopted:

WHEREAS, The Senate having refused to concur to the Assembly amendments to Senate Bill No. 77,

Resolved, That a conference committee of three Senators be appointed to confer with a like committee of the House of Assembly on said bill.

President Allen announced the appointment of Senators Mackay, Smith and Kays as the Senate committee.

A message was received from the Governor, by the hands of Mr. J. Harry Foley, his Secretary, endorsed "Veto".

The message was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 5th, 1921.

I return herewith unapproved, Senate Bill No. 182. This measure authorizes the commission named therein to enter into a treaty

or agreement with the State of New York for the development of the Port of New York. Within the Port of New York, as established in the bill, is included approximately all of the territory within Piermont, New York, on the north; Summit, New Jersey, on the west; New Brunswick and Atlantic Highlands, New Jersey, on the south; and Jamaica, Long Island, on the east. Within that territory a body, politic and corporate, is created to function for the purpose of constructing and operating terminal and transportation facilities, to make charges for the use thereof, and for those purposes to own, hold, lease or operate real or personal property, to borrow money and secure the same by bonds or by mortgages upon any property held or to be held by it.

Under Article 15 of the proposed compact provision is made for meeting salaries and office and other administrative expenses until the revenues from operation are adequate therefor. There is a limitation of one hundred thousand dollars per annum upon the appropriation for such purposes.

Under Article 22 of the compact the words "transportation facility" and "terminal facility" are given very broad, comprehensive definitions. I apprehend that in view of the extent of the statement of the powers of the commission authorized by the compact it is empowered to operate railways, street railways, build tunnels or bridges under or across any of the waters within Port district, including the Hudson river, and operate aeroplanes. In a word, there seems to be hardly anything that this commission will not be authorized to do.

I regard the measure as a dangerous one. Except as limited by force of Article 21, New Jersey may not withdraw from the compact, although subsequent developments of future years may dictate the wisdom of that course. The limitation I advert to seems to be that either State may withdraw in the event that a plan for the comprehensive development of the Port shall not be adopted by both States on or prior to July 1, 1923.

Assuming that the plan will be adopted by that date, to express it in a homely way, New Jersey may find itself united in an unsatisfactory, unhappy and unprofitable marriage, from which it cannot be relieved.

The future of this State is so important that it should not be indissolubly bound up with that of any other commonwealth in a compact or agreement which cannot be abrogated for all time. I am fearful that the enactment of this measure into law will result in tying the hands of the State. Whether that be so or not, this much seems to me to be fundamental wisdom—that no entity, whether it be that of an individual or that of a business cor-

poration or municipality or a great State like New Jersey, should gamble with the property of the future by making an irrepealable contract which is to operate for eternity.

I strongly urge that this measure be not made law.

Respectfully,

EDWARD I. EDWARDS,
Governor.

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

The Message was, on motion of Mr. Mackay, laid over under the rules.

In accordance with the direction of the President, the Secretary carried the following bills to the House of Assembly and informed it that the Senate had passed the same, and requests its concurrence therein:

Mr. Mackay, Chairman of the Committee on Judiciary, to whom were referred the nominations made by Hon. Edward I. Edwards, Governor of the State of New Jersey, in his communication of April 6th, one thousand nine hundred and twenty-one,

To be Port Warden of Hudson County, James P. Laverty, of Hoboken, to succeed Anthony Capelli, for the term prescribed by law;

To be a member of the Passaic County Board of Taxation, Charles J. Pirolo, of Paterson, to succeed Edgar M. Tilt, for the term prescribed by law;

To be a member of the Passaic County Board of Taxation, Stephen H. B. Jacobs, of Pompton Lakes, to succeed John H. Kehoe, deceased;

To be Harbor Master, Port of Elizabeth, William T. Cox, of Elizabeth, to succeed John P. Arnold, for the term prescribed by law;

To be a member of the Cape May County Board of Taxation, Edmund O. Howell, Jr., of Avalon, to succeed Edward L. Rice, for the term prescribed by law; reported favorably upon said nominations.

Upon the question, "Will the Senate advise and consent to the said nominations?" it was decided as follows:

In the affirmative were—

Messrs. Allen (President), Bright, Case, Hagaman, Heath, Kays, Mackay, Martens, Parry, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, Wallworth, White Blanchard H., White Charles D., Whitney—19.

In the negative—None.

So the said nominations were declared unanimously confirmed.

Mr. Mackay, Chairman of the Committee on Judiciary, to whom were referred the nomination made by Hon. Edward I. Edwards, Governor of the State of New Jersey, in his communication of April 6th, one thousand nine hundred and twenty-one, to be a member of the Camden County Board of Taxation, Harry L. Maloney, of Bellmawr, to succeed Patrick Harding, for the term prescribed by law, reported said nomination without recommendation.

Said nomination was then taken up.

Upon the question, "Will the Senate advise and consent to the said nomination?" it was decided as follows:

In the affirmative were—

Messrs. Barber, Bright, Brown, Heath, Kays, Martens—6.

In the negative were—

Messrs. Allen (President), Case, Hagaman, Mackay, Parry, Reeves, Runyon, Smith, Stevens, Sturgess, Wallworth, White Blanchard H., White Charles D., Whitney—14.

So the said nomination was declared rejected.

Mr. Mackay moved that the ban of secrecy upon the Executive Minutes be lifted.

Which was agreed to.

On motion of Mr. Mackay, the Executive Session then arose.

No. 10, appointing a commission to consider the general corporation laws of this State—794, 800, 830.

No. 11, proposed amendments to the Constitution of the State of New Jersey providing for the election of members to the House of Assembly every two years—874, 875.

No. 12, proposed amendment to the Constitution of the State of New Jersey providing for the increase of the annual compensation of members of the Senate and General Assembly—875, 876, 897, 902.

That the Legislature Index be purchased for the use of the officers and members of the Senate and House of Assembly from year to year at each session thereof as soon as possible after adjournment is taken for the week and before the session convenes the following week; one copy of each issue to be mailed to the local address of each officer and member of the Senate and House of Assembly immediately upon publication, the names and addresses of whom shall be furnished by the Speaker of the House of Assembly and the President of the Senate, and one copy of each issue to be delivered at the State House for each officer and member of the Senate and House of Assembly, at the rate of five dollars for each subscription, and that statements of expenses for the Legislative Index be referred to the Committee on Incidental Expenses of the Senate and House of Assembly, respectively, and when approved by said Committee said approval shall be indicated by the signature of the Chairman of the Senate Committee on Incidental Expenses for an expense of the Senate and by the Chairman of the House Committee on Incidental Expenses for an expense of

the House of Assembly, together with the signature of the Secretary of the Senate and the Clerk of the House of Assembly, respectively, and said bills, when approved, shall be forwarded to the Comptroller of the Treasury for payment. This resolution shall take effect immediately—219.

Concurrent Resolution—That in addition to the copies of the Legislative Index, provided for members of the Senate and the House under the concurrent resolution adopted January 11th, 1921, twenty-five copies be purchased for the regular accredited newspaper correspondents at the same price as those provided for the members of the Legislature—268.

That no bills or joint resolutions (excepting the usual appropriation bills and bills submitted by special investigating committees) be offered in either house of the Legislature after the legislative week commencing Monday, February 21, 1921, unless by the unanimous consent of the members of the body wherein such bills or joint resolutions are proposed for introduction—314.

That the Governor be and is hereby requested to return to the House of Assembly, Assembly Bill No. 47, for further consideration—436.

That the Senate be requested to return to the House of Assembly, Senate Bill No. 140, for further consideration—354.

WHEREAS, Chapter 158, Pamphlet Laws of 1914, requires that a requisition officer be appointed, and the acts regulating receipts and disbursements require the designation of approving officers for the payment of the necessary expenses of all divisions of the government; be it *Resolved* (the House of Assembly concurring), That the Secretary of the Senate and the Clerk of the House of Assembly be designated as requisition officers for the Legislature, their compensation to be three hundred dollars each; and that all statements of expenses of the Legislature be referred to the Committee on Incidental Expenses of the Senate and House of Assembly, respectively, and when approved by said committee said approval shall be indicated by the signature of the Chairman of the Senate Committee on Incidental Expenses, for expenses of the Senate, and by the Chairman of the House Committee on Incidental Expenses, for expenses of the House of Assembly, together with the signature of the Secretary of the Senate, or the Clerk of the House of Assembly, respectively, and said bills, when approved, shall be forwarded to the Comptroller of the Treasury for payment—211.

To the Congress of the United States: WHEREAS, It appears that funds have not been by Congress provided nor authorization made for the purchase by the War Department of the tract of land occupied by the Chemical Warfare Service near Lakehurst in New Jersey as a proving ground for the

gas warfare material; and WHEREAS, It appears, further that the War Department will, lacking such provisions of funds and authorization, abandon said Chemical Warfare Service Proving Ground at Lakehurst; and WHEREAS, The residents of the community and section of the State in which said Proving Ground is situate have by petitions to their representatives in this body requested its influence toward the retention of said Proving Ground by the National Government; and WHEREAS, By report of reputable citizens of the State who have appeared before this body, the War Department has an investment of approximately $2,500,000 in improvements at said Proving Ground at Lakehurst, and an abandonment of said Proving Ground would result in loss of said investment except such small salvage value as would accrue from wreckage and disposal, and the expense of removal and transfer of equipment and machinery to another point would approximate the cost of the site occupied by said Proving Ground; now, therefore, *Be it resolved,* That the Congress of the United States be and the same hereby is requested to consider the advantages of enabling the War Department to retain said Proving Ground, and the appropriation of such sums as in the circumstances may be met; and that a copy of the memorial be sent to the Honorable John W. Weeks, Secretary of War, the Honorable Walter E. Edge, the Honorable Joseph S. Frelinghuysen, United States Senators, and the Honorable T. Frank Appleby, member of the House of Representatives from the Third Congressional District of the State of New Jersey—579.

Concurrent Resolution—That the Governor be requested to return to the House of Assembly, Bill No. 81, for further consideration—706.

There shall be appointed by the Speaker of the House of Assembly one member, and by the President of the Senate, one member, such appointees, together with the Commissioner of Education, and one member of the Federation of District Boards of Education, to be selected by the executive committee thereof, and a member of the State Board of Taxation, to investigate, codify, and revise the laws relating to the subject of distribution of the State School moneys, also the advisability of increase in the mileage tax, and such other subjects as shall pertain to the levying of the State School Tax, and the distribution of the same. The Commission shall organize, elect a Chairman and Secretary, shall hold hearings, and shall report their recommendations in the form of a bill to the next session of the Legislature. This concurrent resolution shall take effect immediately—754.

That the Senate be requested to return to the House, Senate Bill No. 77, with House amendments for further consideration—887.

That the Governor be requested to return to the House of Assembly, Assembly Bill No. 45, for further consideration—929.

Senate Resolutions.

Resolution—That a committee of three be appointed to wait upon His Excellency, the Governor, and inform him that the Senate has organized and elected Hon. Collins B. Allen, of the county of Salem, President, and William H. Albright, of the county of Gloucester, Secretary, and is now ready to proceed to business and also to receive any communication that he may make—5.

That the Secretary of the Senate be directed to inform the House of Assembly that the Senate has organized and elected the Hon. Collins B. Allen, of the county of Salem, President, and William H. Albright, of the county of Gloucester, Secretary, and has proceeded to business—5.

That, unless otherwise ordered, the daily sessions of the Senate shall begin at eleven o'clock in the forenoon and at half-past two o'clock in the afternoon—5.

That the number of copies of the Legislative Manuals apportioned by law to the State Senate be distributed on the same basis as the session of 1920—5.

That the Secretary of the Senate be and he is hereby directed to furnish each member, clerical officer and reporter one copy of Members' Pocket Calendar of Legislature of 1921—6.

That 1,000 copies of each bill, joint resolution and concurrent resolution, daily memorandums and gummed synopsis sheets be printed for the use of the Senate—6.

That the Committee on Stationery and Incidental Expenses be authorized to procure bill files and the necessary stationery and supplies for the use of the members and officers of the Senate—6.

That the President of the Senate is hereby directed to instruct the State Printer to mail to each member of the Senate, at his residence and business address, at least one copy of each bill and resolution, both Senate and House, as soon as the same is printed—6.

That 800 copies of the Weekly Senate Journal be printed, and the State Printer be directed to mail copies to each member of the Senate and House and to the clerical officers of each body—6.

That the Sergeant-at-Arms be instructed to report daily to the Secretary the absence without leave of any of the officers and attaches of the Senate; the complete report of such absentees and the time lost to be furnished to the Committee on Appropriations at the closing of the session, and that a pro rata reduction be made by such committee, and a copy of their report be furnished to the Comptroller—6.

That the usual number of copies of the Governor's message be printed for the use of the Senate, and that the same be spread in full upon the Minutes—7.

That the privilege of the floor be extended to the Hon. Harry W. Muletcher, of Morris county, a former member of this body—26.

WHEREAS, Chapter 158, Pamphlet Laws of 1914, requires that a requisition officer be appointed, and the acts regulating receipts

and disbursements require the designation of approving officers for the payment of the necessary expenses of all divisions of the government; be it *Resolved* (the House of Assembly concurring), That the Secretary of the Senate and the Clerk of the House of Assembly be designated as requisition officers for the Legislature, their compensation to be three hundred dollars each; and be it further *Resolved*, That all statements of expenses of the Legislature be referred to the Committee on Incidental Expenses of the Senate and House of Assembly, respectively, and when approved by said committee said approval shall be indicated by the signature of the Chairman of the Senate Committee on Incidental Expenses for expenses of the Senate, and by the Chairman of the House Committee on Incidental Expenses, for expenses of the House of Assembly, together with the signature of the Secretary of the Senate, or the Clerk of the House of Assembly, respectively, and said bills, when approved, shall be forwarded to the Comptroller of the Treasury for payment—26.

That the privilege of the floor be extended to the Hon. Walter E. Edge, a former member and President of this body, and that he be requested to address us—26.

Resolution—WHEREAS, The very stability of our government, the execution of all laws and the enforcement thereof, as well as the abiding settlement of differences between our citizens rests in the confidence which our people have in the integrity of our courts and judicial officers; and WHEREAS, In these days of unrest and readjustment there is sought to be injected into the minds of the people suspicion and distrust of all government; and WHEREAS, The judiciary of the State of New Jersey stands out among the States of the Union for the speedy and impartial enforcement of law, and the integrity of the members thereof has always been above suspicion; and WHEREAS, The Governor of the State of New Jersey has issued a statement through the public press in which, among other things, he said: "Then the plan is to remove the power of appointment of these commissioners from the Governor and to vest it in certain members of our courts, who are believed to be under the influence of these interests" (meaning certain malign and invisible interests); and WHEREAS, This accusation is an attack upon certain members of our highest courts, which, if true, would constitute cause for impeachment; therefore, *Resolved*, That a committee of three members be appointed by the President to wait upon the Governor and request from him the names of the members of the court to which he referred and the facts upon which his charges are based; and that meanwhile the Senate of New Jersey does hereby express its absolute confidence in the courts of this State and the members thereof, and in the integrity and impartial justice of their official acts—207.

That the usual number of copies of the Governor's message be printed for the use of the Senate, and that the same be spread in full upon the Minutes—209.

That the rules of the Senate for 1920 be adopted for the year 1921, excepting Rule 72, and that Rule 72 shall read as follows: "When nomination shall be made by the Governor to the Senate, they shall, unless otherwise ordered by the Senate, be referred to appropriate committees; and the final question upon every nomination shall be 'Will the Senate advise and consent to this nomination?' which question shall not be put on the same day on which the nomination is received, nor on the day on which it may be reported by a committee, unless by unanimous consent

of the Senate; *provided,* however, that an affirmative vote of at least eleven Senators shall be necessary to advise and consent to any and all nominations"—220.

WHEREAS, The charter of the Morris Canal and Banking Company, granted by the Legislature of 1824, provides as follows: "At the end of 99 years from the passing of this act, it shall and may be lawful for this State to take to itself and on its own account, the said canal and its appurtenances, paying to the said company the fair value thereof, to be estimated and fixed upon the ten commissioners or a majority of them, to be mutually chosen by this State and the said company, or, in case that it shall not be done at that time or within one year thereafter, this charter shall continue so far as it respects its canal operations and privileges for the further term of fifty years, when it shall cease and the said canal with its appurtenances become the sole property of this State;" AND WHEREAS, The language of this section requires a legal interpretation as to its full meaning; now, therefore, *Resolved by the Senate of the State of New Jersey,* That the Attorney-General of the State of New Jersey be requested to furnish an opinion and information on the following questions: 1. By whom would the five commissioners to be chosen by the State be named? Would it be by the Governor, with the advice and consent of the Senate, or would it be by the House of Assembly and the Senate? 2. Upon the appointment of this commission of ten members, provided for in the act, would they become a part of a judicial body to whom evidence must be presented by the State, on the one hand, and the Morris Canal and Banking Company on the other, for the purpose of determining the value of the canal and its rights? 3. Is the State of New Jersey required to purchase the canal at the value fixed by said commission, or may it decline to purchase, should it find that the price fixed is too high? In other words, does the State of New Jersey become bound to purchase the canal at the figure fixed by the commissioners, merely because it appoints five commissioners for such purpose? 4. If the commission is not a judicial body, is it the duty of the commissioners to make investigations and arrive at a value of the canal property themselves and then to agree upon the appraised value at which the State may buy? 5. The title to about three-fifths of the lands owned by the Morris Canal and Banking Company is said to have been acquired by reversionary deeds, containing clauses that the deeds were given for canal purpose or for use as a canal, or were acquired by condemnation for use as a canal. If the State should acquire the lands in 1924, pursuant to the provisions of the original charter, and abandon the canal for canal purposes, but utilize it for some other public purpose, such as the operation of an electric line, would the owners of the reversion in the lands, that is to say, the heirs of the original owners, have any rights in the lands? If so, could the Legislature provide for the cutting off of such rights by condemnation? 6. Is there any constitutional or legal objection to legislation authorizing or permitting the State or any municipality therein to own, operate or lease an electric or other railway line over the lands now occupied by the canal?—221.

That the Attorney-General of the State of New Jersey be requested to furnish an opinion and information on the following additional questions relating to the charter of the Morris Canal and Banking Company, granted by the Legislature of 1824: 1. If

the five commissioners appointed by the Morris Canal and Banking Company, on the one hand, and the five commissioners appointed by the State of New Jersey on the other, are unable to agree upon what is a fair value of the property of the Canal company, as specified in the charter of 1824, what then becomes of the State's right to take the property in the manner pointed out in the statute? 2. If the Morris Canal and Banking Company and the Lehigh Valley Railroad Company, on the one hand, and the State on the other are unable to "mutually agree upon the ten commissioners" referred to in the charter, when then becomes of the State's right to take over the canal property in the manner referred to in the statute?—237.

That the Chairmen of the Committees on Railroads and Canals, and Finance be authorized to appoint a clerk to serve without compensation and the Secretary of the Senate list the same among the appointees of that body—262.

WHEREAS, The Senate of New Jersey has learned with deep regret and profound sorrow of the death of Isaac Doughton, Deputy Comptroller of the State; therefore, *Resolved,* That in his death the State of New Jersey has lost a sincere, honest, capable and efficient official; and that we hereby extend to his family our heartfelt sympathy in their great bereavement, and that the Secretary of the Senate be instructed to convey these resolution to them—286.

That 500 copies of Senate Bill No. 74 be printed for the use of the Senate—307.

That the Secretary of the Senate be and is hereby directed to request the Commissioner of Motor Vehicles to furnish for the use of the Senate the following information: 1. The number of agencies in each of the counties of this State, as well as from any agencies located without the State, where motor vehicle licenses are issued. 2. The amount of business done in each agency, their basis of compensation, the amount of compensation paid each agency, and the total paid each agency. 3. The total receipts of the Motor Vehicle Department for the year 1920, the amount of compensation paid each agency, and the total expenditures of the department for all other purposes in connection with its operation. 4. A general outline of the method and amount of compensation paid agencies of the department from 1919 to 1920, inclusive. Said Commissioner of Motor Vehicles is requested to place this information in the hands of the Secretary of the Senate for use of the Senate by Monday, February 14th, 1921—313.

That the privilege of the floor be accorded Hon. John A. Haines, a former member of this body—332.

That the Chairman of the Committee on Judiciary be authorized to appoint a clerk to serve without compensation and the Secretary of the Senate is hereby directed to list said clerk among the appointees of that body—338.

That three hundred (300) copies of the report of the Senate special committee to investigate the need of a home or resort for disabled soldiers be printed for distribution—339.

WHEREAS, The Senate of New Jersey learns with profound regret of the death of the Honorable John J. Gardner, former member of this body, and for many years a member of the

House of Representatives of the United States; and WHEREAS, The passing away of former Senator Gardner removes from our midst a man of ability and a public servant who gave cheerfully of his time and energies toward the advancement of our State and country; therefore, be it *Resolved by the Senate of the State of New Jersey,* That there be and is hereby extended to the family of the deceased this expression of sympathy; and that these resolutions be spread upon the Journal of the Senate and a copy thereof be forwarded by the Secretary of the Senate to his family—351.

That the Senate of New Jersey does hereby record itself as being in favor of the immediate passage by the Congress of the United States of the following bills now pending therein: 1. The Watson Bill (H. R. 13558)—Providing for the establishment of fourteen regional offices of the War Risk Bureau, with necessary sub-officers; authorizes Post Office Department to collect war risk premiums, and relieves disabled ex-service men, in receipt of hospitalization, from payment of war risk premiums.

2. The Stevenson Bill (H. R. 10845)—Providing that retiring disabled National Army officers receive same disability pay as those of Regular Army. (At present they receive less than one-sixth as much.) 3. The Langley-Frank Hospitalization Bill (H. R. 14315)—Appropriating $10,000,000 for new hospitals for disabled soldiers and sailors. 4. Rogers Bill (H. R. 14961)—Providing for the consolidation and co-ordination of the War Risk Bureau, Vocational Training Board and the United States Public Health Service under the Department of the Interior. 5. Fordney Bill (H. R. 14157)—Being the five-fold adjusted compensation bill. And, be it *further resolved,* That one hundred copies of this resolution be printed for the use of the Senate, and there be mailed therefrom a copy to each of the Senators and Representatives of New Jersey in Congress—383.

That the Senate hereby records its sincere regret at the death of Mark Rigor, of Cape May, one of its faithful employees, and the Secretary of the Senate is directed to convey to the family the sympathy of this body—384.

That the invitation of the House of Assembly to attend the ceremonies commemorating the anniversary of the birth of the Immortal Washington, to be held in the Assembly Chamber on February 22d, 1921, be accepted, and that the Senate express its appreciation to the House of Assembly for its very kind invitation—385.

That Percy d' Romtra, of the county of Cape May, be and is hereby elected to the Senate staff of employees to fill the vacancy caused by the death of Mark Rigor, of the county of Cape May, and the Secretary is hereby directed to certify the election of Percy d' Romtra as a doorkeeper to the Comptroller of the Treasury, with the request that the last half of the salary for services as doorkeeper be paid to the said Percy d' Romtra.—393.

That the courtesies of the floor be extended to the Hon. Robert William, Judge of the Court of Errors and Appeals, and former President of this body—913.

That the Senate discontinue the consideration of any further bills—984.

That the Senate discontinue the consideration of any further bills—997.

That a committee of three be appointed by the President to wait upon His Excellency, the Governor, and inform him that the Senate has completed its labors and is about to adjourn sine die and to inquire if the Executive has any further communications to make to this body—999.

That the Secretary of the Senate be authorized to prepare indices of the Senate Journal and Minutes of the Executive Sessions

in the same general manner as the indices of the session of nineteen hundred and twenty, and that he be paid the same compensation as allowed for preparing the indices of nineteen hundred and twenty—1003.

That the members of the Senate hereby express their thanks and appreciation to all officers of the Senate for the faithful and courteous manner in which they have performed their respective duties—1003.

That all bills on the desk of the President and Secretary, not in the possession of the various committees of the Senate, not acted upon, be filed by the Secretary with the State Librarian as dead bills—1004.

That the Senate do record its sincere appreciation of the invaluable assistance rendered to it throughout the present session by the Secretary, William H. Albright. Unfailing in courtesy, prompt, painstaking and efficient, he has contributed in no small degree to the success of the work accomplished this year, and this formal tribute to his worth is justly due him—1004.

That the thanks of the Senate be and they are hereby extended to Mr. John Smith, Custodian; John Multop, Janitor-foreman, and Harvey Rohrbach, Postmaster, for the efficient and courteous manner in which they attended to the wants of the Senate during the session—1004.

That the Senate record its approval and appreciation of the efficient manner in which the business of the session has been administered by the presiding officer, Honorable Collins B. Allen, the faithful and impartial nature of his ruling, and the ready courtesy which he has uniformly accorded and extended to each member of this body—1004.

That the Senate recognizes and appreciates the efficient and earnest work of the Leader of the Majority, Honorable William B. Mackay, Jr., of the county of Bergen, who, at all times, has advocated legislation in the interests of the people of the State and our appreciation of the many courtesies extended by the Majority Leader are hereby acknowledged—1005.

That the hour of adjournment having arrived, the Secretary inform the House of Assembly that the Senate is now ready to adjourn *sine die,* and awaits the presence of the House of Assembly in the Senate Chamber—1005.

That the Senate extend its congratulations to the Minority Leader, Honorable Henry Kays, of the county of Sussex, for the courteous and capable manner in which he has performed the duties of his position and for the many courtesies he has extended to the members of this body—1005.

Disposition of Bills, Joint and Concurrent Resolutions Introduced During the One Hundred and Forty-fifth Session of the New Jersey Legislature.

Convened Tuesday, January 11th, 1921, Adjourned, Friday, April, 8th, 1921. Duration, thirteen weeks.

A total of 898 bills, 14 joint resolutions and 16 concurrent resolutions were introduced, of which 342 bills, 5 joint resolutions and 4 concurrent resolutions originated in the Senate, and 556 bills, 9 joint and 12 concurrent resolutions in the House of Assembly. Of the total, 385 bills and 10 resolutions passed both branches and were delivered to the Governor who approved 341 bills and 7 joint resolutions, returned with his veto 10 bills and filed in the library, after adjournment, 32 bills and 3 joint resolutions.

Ten bills recalled because of defects found by the Governor were corrected, came back and were among those approved; two were defeated.

The ten bills vetoed, six from the Assembly and four from the Senate, were repassed as provided by the Constitution making the volume of laws for the session 359, including the seven joint resolutions approved. Six of the 16 concurrent resolutions which do not require presentation to the Governor were adopted, one of the number being a proposed Constitutional amendment making the term of sheriffs five instead of three years.

In addition to the ten concurrent resolutions which failed to meet the approval of both branches 515 bills and 4 joint resolutions met a similar fate and are now filed in the library morgue with those sent there by the Governor.

Of the bills and joint resolutions which finally became laws 187 of the former and 3 of the latter were sponsored by the House of Assembly, and 164 bills and 4 joint resolutions by the Senate. Sixteen of the 32 bills filed came from each branch and the three joint resolutions filed were from the House. The annual appropriation bill was delivered to the Governor and approved a week prior to adjournment. Since 1895, when the system was adopted, this bill was invariably passed and delivered on the day of final adjournment.
