General Application Milestone Codes

Application Approved	F = Complete for Filing	M = Permit Modification
Application Denied	H = Public Hearing Date	P = Permit Decision Date
Application Withdrawal	I = Additional Information Requested	R = Complete for Review
C = Cancelled	L = Legal Appeal of Permit Decision	T = Additional Information Received

Specific Decision Application Codes

AVE PLAN = Averaging Plan	PA/SOW = Presence-Absence/State Open Waters Only
FP/A = Footprint/Absence of Wet., Waters & Transition Area	PA/T = Presence-Absence/Transition Area Only
F/F = Farming/Forestry/Silviculture Exemption	R = Reductions
FP/P = Footprint/Wetlands Present	REG = HMDC/Pinelands Exemption
FP/SOW = Footprint/State Open Waters Present Only	SPEC ACTIVITY = Special Activity (Linear Dev. & Stormwater Mgmt.)
FP/T = Footprint/Transition Area Present Only	SA/GP = Special Activity for Statewide Gen. Permit Activity
NW = ACOE Nationwide Permit Exemptions	SA/R = Special Activity for Redevelopment
O = Other	SD = Municipal Subdivision Approval
PA/A = Presence-Absence/Absence of Wet., Waters & Trans. Area	SP = Municipal Site Plan Approval
PA/P = Presence-Absence/Wetlands Present	VERIFIED = Verified Line

Permit Descriptions

CAFRA: A Coastal Area Facility Act permit is required to construct major residential (25 or more dwelling units), industrial, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, a U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

Stream Encroachment: Under the Flood Hazard Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

Subsurface Sewage Disposal Systems: Alternate design septic applications, extensions, and modifications requiring a treatment works approval according to N.J.A.C. 7:9A et. seq.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: The construction, modification or operation of a NJ Pollutant Discharge Elimination System (NJPDES) or non-NJPDES pretreatment or treatment system requires a TWA.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

NJPDES Surface Water-Industrial: A permit is required for any discharge of "pollutants" from any "point source" into surface waters of the state.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Stream Encroachment (SE) permits, Subsurface Sewage Disposal Systems, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listing does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs
Att: Adjudicatory Hearing Requests
Department of Environmental Protection
CN 402
Trenton, N.J. 08625-0402

Administrative Consent Order

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION will be entering into an Administrative Consent Order or other settlement document as may be appropriate in accordance with applicable law to settle any and all enforcement claims as to specific violations of the Freshwater Wetlands Protection Act, N.J.S.A. 13:9B-1 et seq., and the regulations promulgated pursuant thereto N.J.A.C. 7:7A-1 et seq., IN THE FOLLOWING MATTER:

SUBJECT PROPERTY:

Block 925, Lot 1
commonly known as 411 Blair Road
Woodbridge Twp., Middlesex Co.

PARTIES INVOLVED:

Blair Realty, L.T.D.
c/o Lawrence Jacobs, Esq.
Farer, Segal & Fersko
600 S. Ave., Box 580,
Westfield, NJ 07091

Global Traffic Systems
c/o Lloyd Tubman, Esq.
Greenbaum, Rowe & Smith
Metro Campus One, Box 5600
Woodbridge, NJ 07095

Any interested person may submit comments on or before: October 28, 1994 to: Michael P. Marotta, Section Chief, Northern Region, Bureau of Coastal and Land Use Enforcement, CN 422, Trenton, New Jersey 08625, (609) 292-1240.

Notices

1. The Office of Natural Resources Damages, in coordination with the Division of Parks and Forestry, proposes the expenditure of a portion of natural resource damage settlement funds received in the case of the BT Nautilus oil spill.

Funding is proposed for the creation of an Interpretive Center at Island Beach State Park through the restoration of two existing buildings. The Interpretive Center is proposed to enhance public use of coastal resources through education and increased access in order to compensate the public by replacing the services lost as a result of the spill. The June 1990 spill impaired the public's use of New Jersey beaches from Sandy Hook to Cape May for several weeks and forced a closure of Island Beach State Park. Total cost of project is \$500,000.

2. The Office of Natural Resources Damages, in coordination with the Division of Fish, Game and Wildlife and the U.S. Fish and Wildlife Service proposes the expenditure of a portion of natural resource damage settlement funds received in the case of the BT Nautilus oil spill. The spill resulted in the mortality of several piping plovers, an endangered species, and impacted the 1990 nesting season. The proposed project is for the implementation of activities designed to restore piping plovers at various areas throughout the state.

A written project description may be obtained by calling Catherine Drake at (908) 255-0779 or by writing to her at the following address: Attention: Catherine Drake, Office of Natural Resources Damages, Department of Environmental Protection, CN 402, Trenton, NJ 08625.

Comments or questions on the proposed projects will be received until October 21, 1994. Comments should be sent to the above address.

Events of Interest

DATE: September 29
TIME: 9:30 AM
PLACE: Water/Wastewater Operator Examining Board, 428 E. State St., Carroll Bldg., 1st Flr., Trenton, NJ

DATE: October 13
TIME: 9:30 AM
PLACE: Advisory Comm. for Water/Wastewater Operator Training, 428 E. State St., Carroll Bldg., 1st Flr., Trenton, NJ
