## Report of the Chief Executive Officer

**April 20, 2022**

Board of Commissioners  
 Delaware River Port Authority of Pennsylvania and New Jersey  
 One Port Center  
 2 Riverside Drive  
 Camden, New Jersey 08101-1949

### **To the Commissioners:**

The following is a summary of recent DRPA activities. The appropriate reports are attached.

### **Emergency Powers**

Please be advised that I have approved under the By-Laws Article XII (c)(8) of my Emergency Powers the following:

1. On March 16, 2022, I used my authority with Chair and Vice-Chair approval to procure an additional \$5 million cyber liability insurance. Our broker has recommended \$20 Million in coverage; we had \$15 million in coverage. Because the market had tightened, premium costs have exceeded the estimates previously provided to the board.

In accordance with CAO's analysis, we had secured and placed \$15 million in loss limits for a prorated premium of \$538,065. With those limits, we were currently over the estimated premium indication stated in DRPA-21-102, by \$81,565.

We had an opportunity to bind another \$5 million in loss limits, which would complete the \$20 million tower. The offer came through Arch Specialty/Chaucer Insurance/Lloyd's of London (on a quota share basis) d/b/a Coalition Insurance. The estimated prorated premium is \$173,000 (an estimated annualized premium of \$214,025). This has exceeded the estimated premium indication as previously mentioned in DRPA-21-102 by \$254,565.

## STEWARDSHIP

### Vital Work Often Occurs Out of Sight

Work on DRPA's Commodore Barry Bridge Structural Rehabilitation Phase 2 is approximately 75% complete. The \$19.3 million project includes repairs to the bridge's piers in the Delaware River, plus all the approach piers and abutment in New Jersey. The types of repairs include concrete spall repairs, crack repairs, pier cap repairs, application of protective concrete coatings, replacing drainage pipes, and replacing of railings on top of the main river piers.

Recently, work was completed on the total replacement of eleven pier caps on the New Jersey approach spans. To accomplish this, temporary supports were installed, and the superstructure of the bridge was raised 1/8" to allow demolition of the existing pier cap and construction of the new pier cap.

The phase is expected to be completed later this year.

*Temporary steel supports installed. The supports raised the bridge 1/8" to allow removal and installing of a new concrete pier.*

*Crews construct concrete forms in preparation of pouring the new concrete pier.*

## Taking a Closer Look

The internal inspection of the main cables on the Walt Whitman Bridge was completed earlier this year and lab testing is currently being performed on wire samples that were removed. Work involved with the inspection included installing work platforms for access, un-wrapping, wedging, and inspecting internal wires at 18 locations. The work is part of the \$9.7 million Walt Whitman Bridge Main Cable Investigation and Dehumidification Project, which began in 2020 and is expected to be completed later this fall.

## SERVICE

### DRPA Honored for Supporting Service Member Employees

The Delaware River Port Authority (DRPA) and Port Authority Transit Corporation were recently honored for their continued support of employees serving in the armed forces.

On March 25, U.S. Coast Guard Senior Chief Petty Officer Timothy M. Hoagland presented a special U.S. flag to the Authority and praised the agency's overall support of active military and veteran employees. I accepted the flag on behalf of the Authority.

The flag was proudly flown on U.S. Coast Guard Patrol Boat 32145 on September 11 for 9 minutes

*Pictured L to R: Coast Guard Senior Chief Petty Officer & DRPA Police Sergeant Timothy M. Hoagland, DRPA CEO & PATCO President John T. Hanson, and DRPA Police Officer & FOP Penn-Jersey Lodge 30 President Charles W. Price.*

and 11 seconds in Guantanamo Bay, Cuba, while on an Anti-Terrorism/Force Protection Patrol within the Naval Defensive Sea Area, in support of “Operation Enduring Freedom.”

Hoagland is a DRPA Police Sergeant who is currently on a military leave of absence and is deployed to the United States Coast Guard Headquarters in Washington, D.C.

“The support by the DRPA has a profound positive effect on the transition for the employee and their families that have been on military deployments,” said Hoagland. “My family and I are especially appreciative as this is my second deployment, and DRPA always goes above and beyond to help support us during these stressful and uncertain times.”

## Mandatory Equal Employment Opportunity (EEO) Training for Non-Managers

The 2021 EEO training cycle continues, now requiring all non-managers to complete training modules that address behavior in the workplace, unconscious bias, and workplace diversity. On February 14, 2022, the virtual, live-hosted training sessions began and are scheduled to continue through April 8, 2022. HRS Training Administrator **Stephanie Woolley** and EEO Specialist **Erin Coolbaugh** host each session, which consists of employees logging in from their bridge facilities, offices and PATCO stations to participate in two (2) training modules and answer questions related to the training as a group. Sessions are held throughout the workday and in the evening hours to accommodate the 24/7 operations of DRPA & PATCO staff.

## **GOVERNMENT RELATIONS/ GRANTS ADMINISTRATION**

## Government Relations/Grants Administration and Community Relations

### Food Bank of South Jersey

As the world rebounds from the pandemic, Community Relations continues DRPA's Stewardship by connecting riders and community groups to resources and other opportunities. In March, in partnership with PATCO, Community Relations welcomed the Food Bank of South Jersey at PATCO Lindenwold station lot #1. The Food Bank of South Jersey operates a food distribution program for approximately 200 families who qualify based on residency and need. The food bank will be available every 4th Saturday from 8:00 am – 1:00 pm at the Lindenwold Station.

### Two (2) Seat Drops on PATCO Trains

In April, The Authority partnered with non-profit organizations within the region for the Two (2) Seat Drops on PATCO Trains initiative. The following organizations were among this month's designees:

- *Camden Diocese ~ April 5<sup>th</sup>*
- *Samaritan Healthcare ~ April 19<sup>th</sup>*

### SEYAA Annual Carnival

Re: **FINANCIAL SUMMARY**

The following descriptive financial summary is primarily based on the updated unaudited financial summary, dated April 11. The revised report follows this summary.

### Current Trends

1. Unaudited traffic figures through March 2022 improved against March 2021 YTD figures. YTD figures are up despite somewhat reduced January numbers which were a result of the COVID (Omnicon) expansion and inclement weather. Unaudited numbers, through March, are up 11.7%, or roughly 1.1 million vehicles. Unaudited traffic improved from a low of approximately 81.5% in January to slightly above 90% of pre-COVID 2019 volumes in February and March.
2. In January, PATCO's ridership volumes were below 35% of pre-COVID 2019 volumes. Since then, PATCO's ridership has recovered to the point where the numbers have pushed past 40% of pre-COVID numbers. (Actual ridership numbers are in the 43-45% of pre-COVID numbers over the past few weeks.)
3. DRPA and PATCO personnel and non-personnel expenses are still being constrained in the current 2022 environment.
4. Capital expenditures have settled into an average of \$10-14 million per month vs. the average monthly 2021 volume of \$16.5 million.
5. General Fund balances total \$271 million, a **decrease** of \$6 million during the month.

### **DRPA Traffic and Toll Revenues**

Total 2021 traffic of 46.6 million vehicles reflected a 6.3 million vehicle (or a 15.7%) **increase** compared against 2020 traffic volume of 40.3 million vehicles. Traffic during the full year 2021 was approximately 88% of pre-COVID 2019 numbers. Total YTD 2021 toll revenues of \$302.9 million **increased** by \$34.8 million (or by 13.0%) when compared against 2020 toll revenues of \$268.1 million. The average toll was \$6.49/vehicle for the year.

### January 2022 Audited Traffic and Revenue

Traffic for January 2022 was 3.3 million vs. 3.2 million in January 2021, which represents an increase of 100K vehicles or of 3.1%. Toll revenues for the same period were \$21.7 million vs. \$21.2 million, or an increase of \$439K or 2.07%. The average toll decreased from \$6.70/per vehicle in 2021 to \$6.63/vehicle.

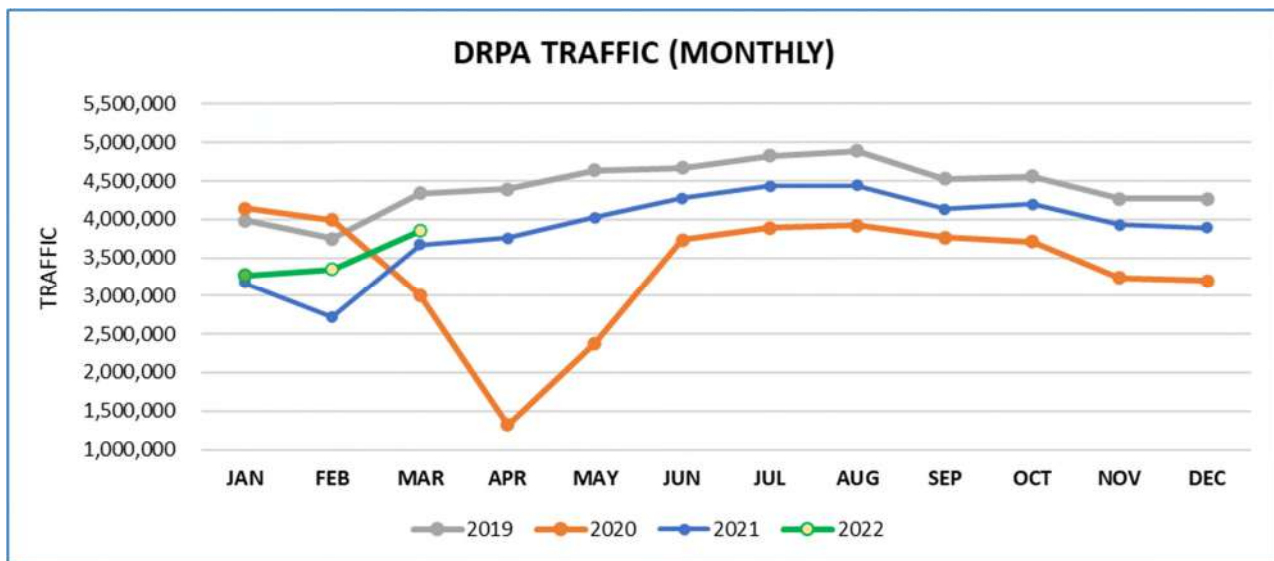

*January 2022 numbers vs. 2019* – 2022 audited traffic, when compared against 2019 figures, show 717K fewer vehicles, and reduced revenues of \$3.7 million.

### March 2022 YTD Unaudited Traffic and Toll Revenues

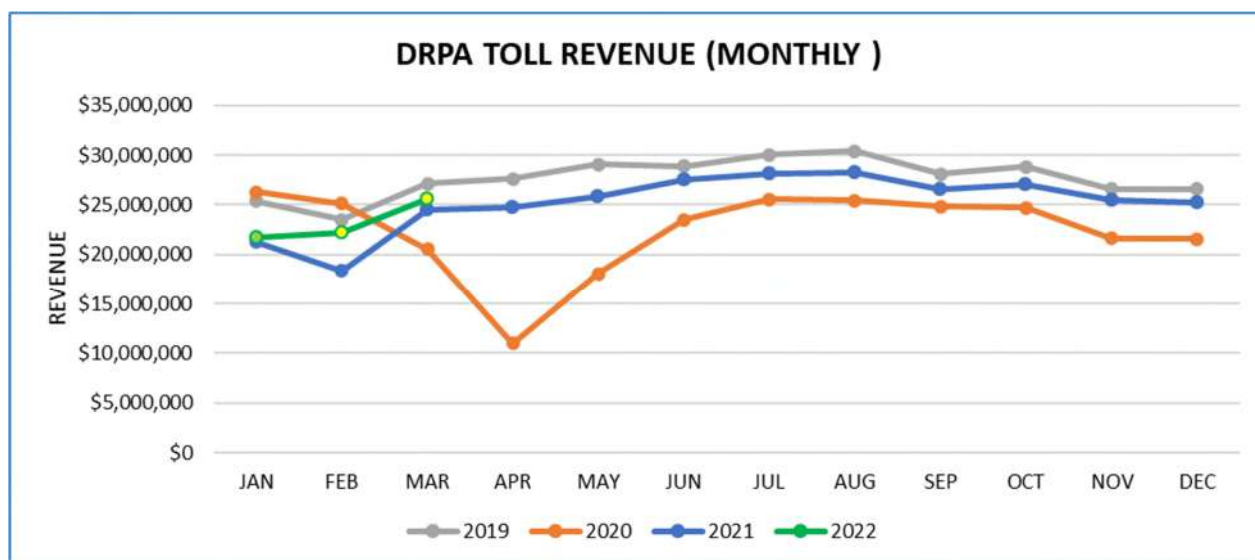

Through March, unaudited YTD traffic is 11.7% higher vs. 2021 unaudited volumes, or up at least 1.08 million vehicles. Based on these preliminary numbers, it appears that toll revenues will be slightly higher than the numbers posted in February 2021.

### Overall Traffic and Revenue Trend since 2019 (through March 2022)

The overall traffic trend since January 2019 is shown in the chart below. (Note: Data from January 2019 thru January 2022 reflects actual figures, while February and March 2022 figures are unaudited):

As noted above, traffic began to recover significantly in May and June 2020, and then trended downwards towards the end of 2020. In 2021, traffic volume showed a continued upward climb since March and reached, and at times exceeded, the 90% level vs. pre-pandemic 2019 volumes. Current 2022 traffic figures are still hovering around the 90% pre-COVID numbers.

The Authority's toll revenue results from January 2019 through March 2022 are captured in the above graph. (Note: February and March figures in the above graph are estimated based on unaudited data)

As bridge traffic volume has increased since the lowest levels of the pandemic, so also have DRPA toll revenues. Actual annual bridge tolls were **down \$64 million** in 2020 vs. 2019 toll revenues. 2021 bridge toll revenues increased \$34.8 million vs. 2020, but still were **\$29 million under 2019** toll revenue numbers.

#### **Actual Monthly Traffic and Revenues vs. Budget \***

\* February and March 2022 are unaudited.

While January 2022 actual traffic and bridge toll revenues are **higher** than 2021 numbers, **actual** DRPA traffic and toll revenues are **lower than projected** in the 2022 budget. The result is a deficit of 418 thousand vehicles and \$1.7 million in revenues, respectively. Traffic and toll revenues were **below budget** by 11.4% and 7.4%, respectively. (January 2022 traffic had been budgeted at 92.5% of pre-COVID volumes vs. the actual numbers of 82%, which explains the deficit in both traffic and revenues.)

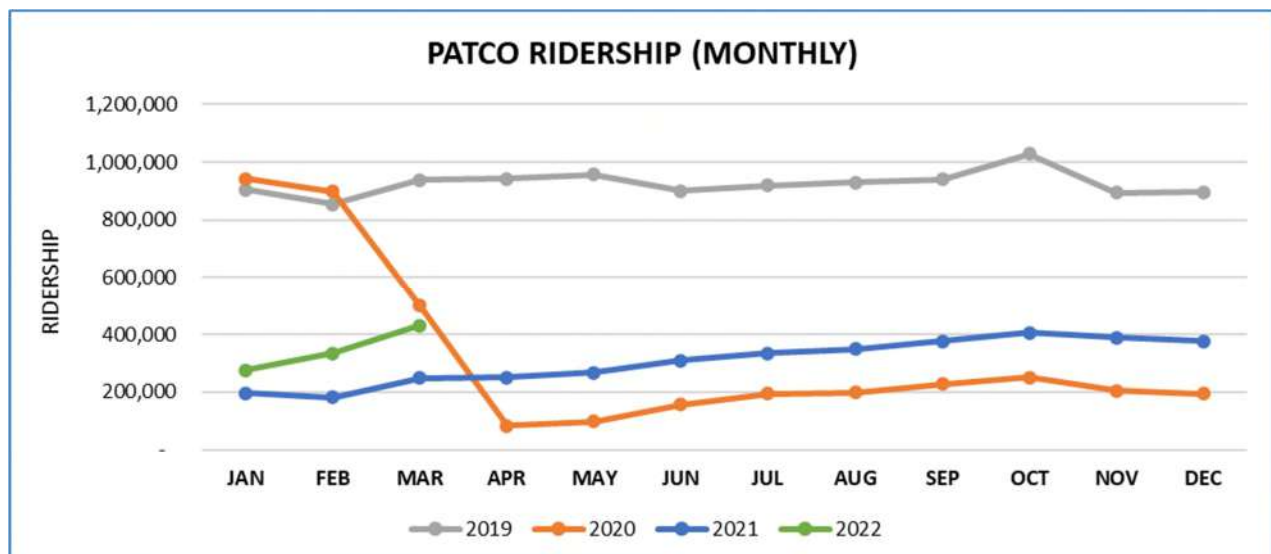

### **PATCO Ridership and Net Passenger Revenues**

**2021 v. 2019 Annual Numbers** - When compared against 2019, PATCO ridership was **down 7.4 million** riders and net passenger revenues were **down \$18.7 million**.

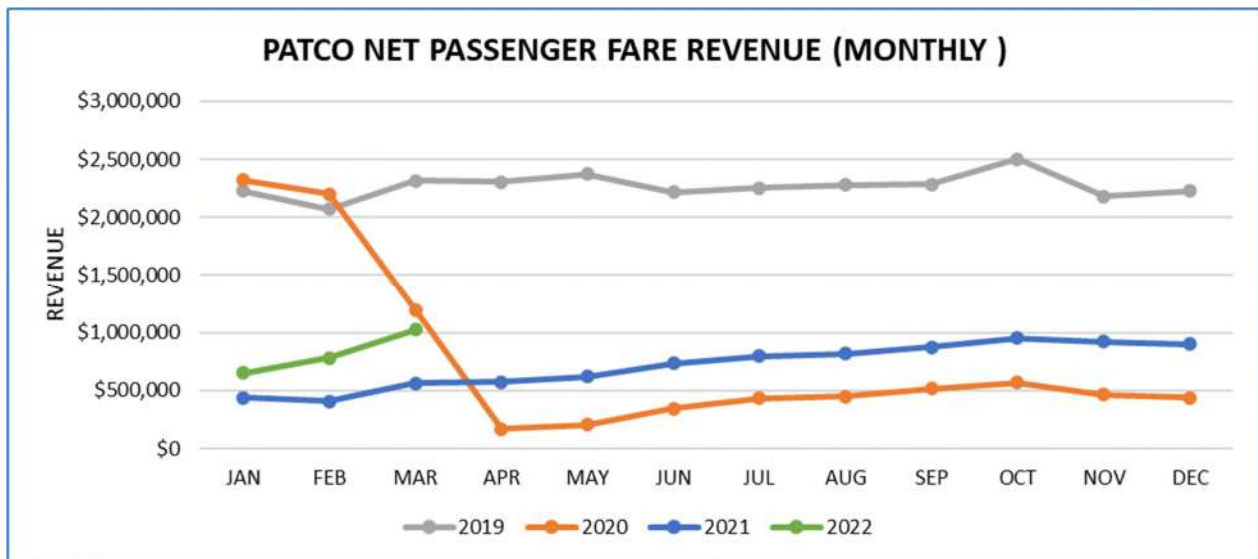

**March 2022 YTD Ridership/Passenger Revenues:** Ridership and net passenger revenues have improved against March 2021 numbers.

- Ridership – Through March, YTD actual PATCO ridership was **above** 2021 ridership, totaling 1.0 million riders vs. 624 thousand riders in 2021. (As shown in the graph below, January and February 2021 ridership were both at low levels relative to subsequent months during 2021).
- Net passenger revenues for March 2022 YTD totaled \$2.5 million vs. \$1.4 million during the same period in 2021, reflecting a \$1.04 million increase (or a 74.02% change) vs. March 2021 YTD figures.

### **Overall Monthly Ridership Trend since 2019**

As shown above, PATCO ridership, like bridge traffic, took a precipitous dive in mid-March 2020. Last fall and winter, ridership fluctuated between 22-24% of 2019 levels. In 2021, PATCO ridership climbed such that it was exceeding 42% of 2019 activity. Ridership trailed off a bit in early 2022 but has been climbing back towards the 43-45% level vs. 2019 pre-COVID numbers in recent weeks.

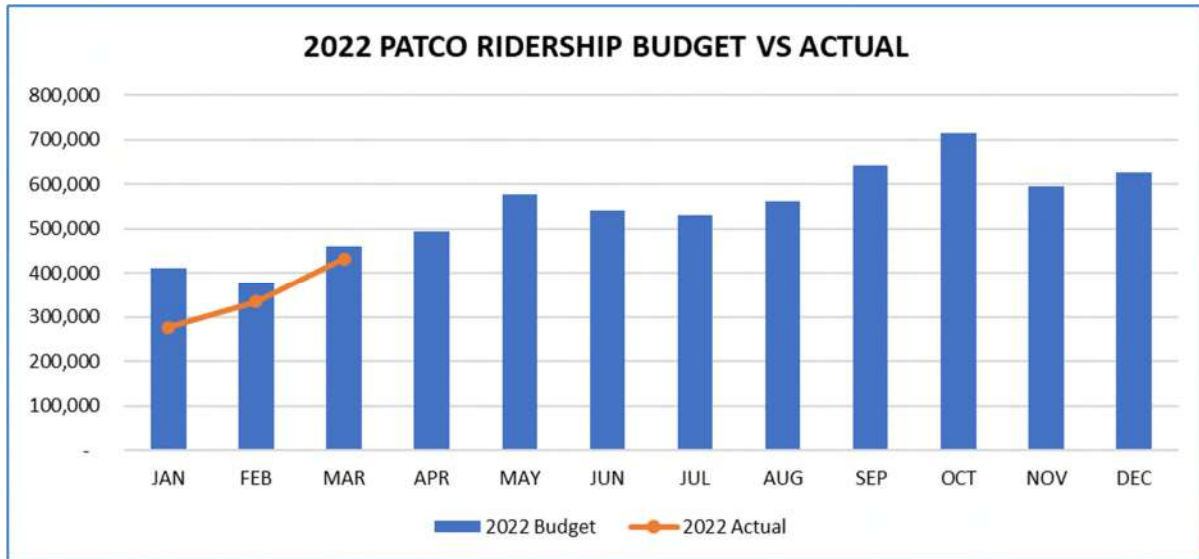

Net passenger fare revenues in 2021 and 2022 have followed the upward trend experienced in ridership.

#### **Actual Ridership and Passenger Fare Revenue vs. Budget thru March**

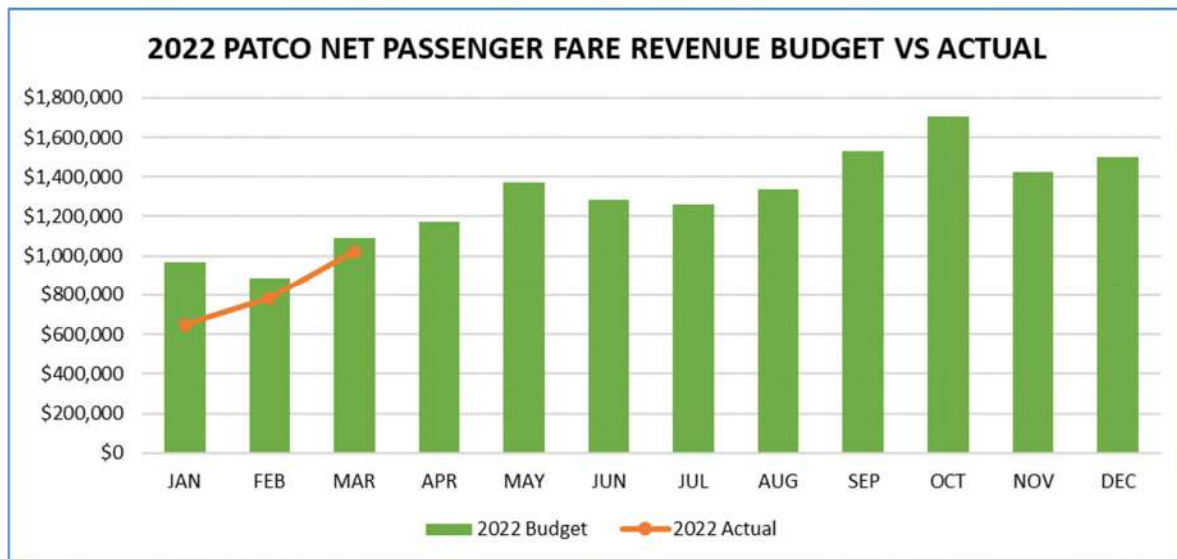

Total volumes through March reflect the fact that PATCO ridership/revenues have started the year **below** the 2022 budget, with ridership **down 205K riders (down 16.4%)** and with net passenger revenues **down \$495K (a decrease of 16.8%)**.

The bottom section of the chart below shows the actual ridership percentage vs. the monthly budgeted percentage projections for 2022. As noted, ridership projections assumed that ridership would average about 46% of pre-COVID, whereas ridership has averaged slightly below 40% thus far this year.

RIDERSHIP	JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
2020 % of 2019 (act.)	104.2%	105.2%	53.4%	8.8%	10.2%	17.3%	21.0%	21.4%	24.2%	24.3%	23.0%	21.7%
2021 % of 2019 (act.)	21.6%	21.1%	26.4%	26.6%	27.9%	34.4%	36.5%	37.5%	40.1%	39.5%	43.4%	42.0%
2022 % of 2019 (act.)	30.5%	39.1%	46.0%									
2022 Budget % of 2019 (act.)	45.4%	44.0%	49.2%	52.5%	60.3%	60.0%	57.6%	60.4%	68.2%	69.5%	66.6%	69.8%

Actual 2022 net passenger fare revenue, while higher than 2021 volumes, is **\$495 thousand** below 2022 projections (see below).

### **DRPA and PATCO YTD Operating Budget vs. Actual**

The combined January 2022 unaudited expenses for DRPA and PATCO totaled \$13.0 million against combined budgets of \$15.4 million, resulting in a \$2.4 million, or an 15.7% **under budget** situation. The actual expenditures are reflective of lower personnel expenses (salary, benefits, pension, etc.) and delayed spending at the outset of the year. In addition, the lower operational and administrative expenses resulted from the continued cost-constraints DRPA and PATCO have placed on spending.

The under-budget situation will continue to increase, as it did throughout 2020 and 2021, primarily due to the number of unfilled positions.

### **2021 Capital Plan Funding (General Fund and Bond Project Funds)**

**2020:** As of December 31, 2020, the combined balance of bond project and general funds totaled \$429.9 million, which reflected a **\$124.6 million (or a 22.5%) decrease** during the year. (Audited capital expenditures exceeded \$200 million during 2020).

**2021:** As of December 31, 2021, the General Fund (GF) balances totaled \$299.8 million. Combined project fund and GF balances decreased by approx. \$130.1 million during the year. No bond project funds remain.

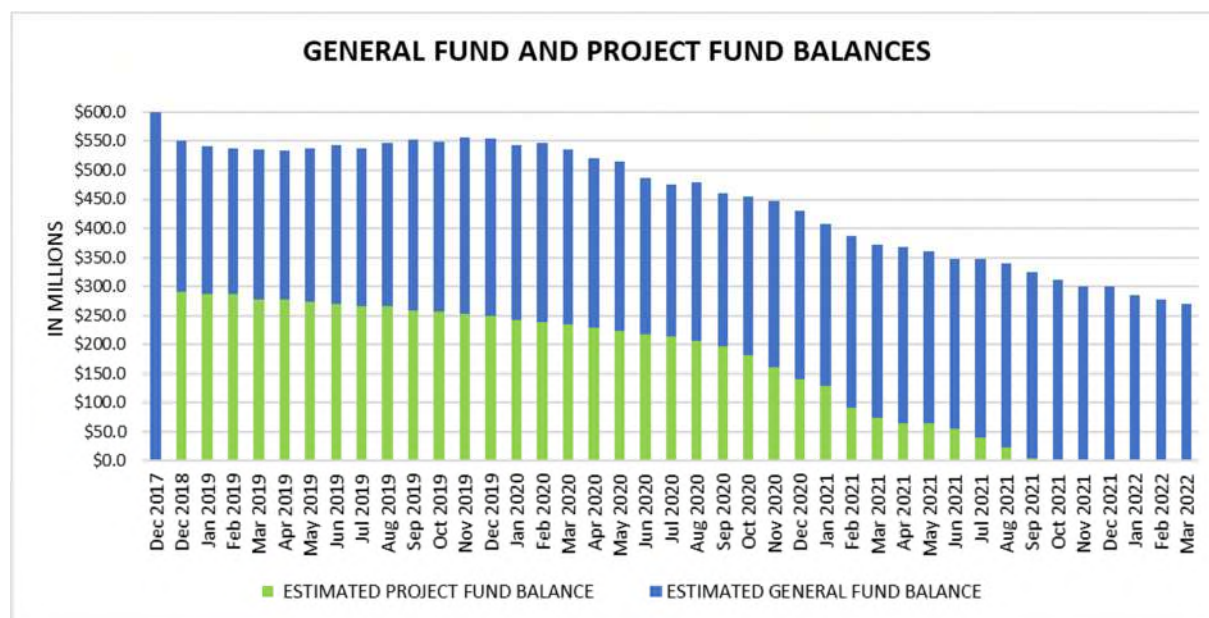

In the past two years robust capital expenditures and funding the PATCO subsidy have contributed to a **\$255 million reduction** in bond project and GF balances.

The GF balance decreased by \$6.1 million in March, as capital expenditures and PATCO subsidy payments offset the \$6.8 million monthly General Fund transfer and the \$5.1 million drawdown of FTA capital and operating grant funds. (The General Fund balance would be much

lower were it not for the **\$63 million in funds** received from the CARES/CRRSAA/American Rescue Plan grants since 2020).

Through March 2022, there has been a **\$29 million decrease** in the General Fund. One positive note is that, thus far, our cash flows are such that the monthly General Fund transfers (required by the Bond Indenture) have totaled \$11.1 million vs. the \$2.4 million in the first three (3) months of 2021, a significant increase.

### General Fund/Project Fund Historical View

	Dec 2017	Dec 2018	Dec 2019	Dec 2020	Dec 2021	Mar 2022	CHANGE FROM PREVIOUS MONTH
EST GF BALANCE	\$600.1	\$260.7	\$305.5	\$289.4	\$299.8	\$270.9	(\$6.1)
EST PF BALANCE	\$0.0	\$290.0	\$249.0	\$140.5	\$0.0	\$0.0	\$0.0
TOTAL FUNDS AVAILABLE	\$600.1	\$550.7	\$554.5	\$429.9	\$299.8	\$270.9	(\$6.1)
CHANGE FROM PRIOR YEAR		(\$49.4)	\$3.9	(\$124.6)	(\$130.1)		

The chart above shows a **decrease** in the General Fund and bond project fund monies available over time. In 2018, the GF exceeded \$600 million, just prior to the use of \$282 million to defease the 2010 Bonds, and the issuance of \$290 million in new bond project funds. Beginning in 2019, “long-lived” capital projects were primarily funded through our bond project funds, which have now been exhausted.

The General Fund balance totaled approx. \$271 million, as of March 31, 2022.

### **2022 Operating and Capital Budgets**

**The capital budget**, which was passed by the Board at its November meeting, became effective on January 1, 2022. The 2022 budget projects expenditures (net of grant funding) of \$143.2 million.

The 2022 operating budget projects \$356.1 million in total Authority revenues with total budgeted expenditures of \$306.8 million, including debt service, which is expected to result in a \$49.3 million contribution to the General Fund.

### **Bond-related Information**

**Bond Refundings:** Last month the Authority and its bond team completed all the tasks (including receipt of bond ratings from Moody's and S&P, due diligence reviews by various law firms, etc.) necessary to post the Preliminary Official Statements for both bond refundings.

Despite the expedited work on the refundings, the chaos in the markets (attributable to the horrific war in Ukraine, inflation and expected interest rate increases), resulted in significant deterioration in the projected savings from the proposed refundings. As a result, the Authority determined it was prudent to "pause" in the execution of the two transactions until interest rate movements were more stable.

Given the continued deterioration within the past 3 weeks, due to the aforementioned events, as discussed with the Finance Committee, the Authority is pursuing an alternative bank private placement financing through the Bank of America (a.k.a., a *fixed rate direct purchase bond*), which may help us "recoup" a large portion of the expected savings from the original 2013 revenue bond refunding. Unfortunately, in the meantime, interest rates and credit spreads continue to move against our refunding plans. We are attempting to expedite this transaction, and hopefully "price" and lock in rates by next week, in anticipation of further market disruptions and interest rate hikes.

### **Federal Transit Grants – CARES Act, CRRSAA and American Rescue Plan Grants**

Since early 2020, the transit operating grants have been important in offsetting lost revenues and operating losses from our PATCO operation. To date, we have drawn down the entire amount of CARES Act and all the CRRSAA transit grant funds. We are now pulling in funds from the American Rescue Plan, as shown below:

- **American Rescue Plan Act of 2021** – The Authority drew \$1.5 million in funds during March. The DRPA still has access to a total of \$19.9 million and anticipates that these funds will be consumed by the fourth quarter of this year.

The DRPA has received a total of \$64.5 million from the three (3) grants, which total \$84.4 million. As mentioned above, the Authority still has access to almost \$20 million in federal funds for use in 2022.

Respectfully submitted,

James M. White, Jr.

CFO/Treasurer

### **OPEN SESSION**

#### **Moment of Silence and Pledge of Allegiance.**

Chairwoman Parker called for everyone present to rise for a moment of silence and the pledge of allegiance.

#### **Roll Call**

Chairwoman Parker called the meeting to order at 9:05 a.m. and asked that the Corporate Secretary call the roll. The following Commissioners were present, constituting a quorum: Chairwoman Parker, Vice Chairman Nash, Powell, Fentress, Auditor General DeFoor, Sweeney, Christian, Perryman, Frattali, Lipsett, Nelson, McKinney, Martz, Christy and Garganio.

Chairwoman Parker opened the Meeting with the following remarks:

I would like to state for the record that today is an exciting day for four reasons. First, we are back. We are now able to meet in person and welcome back to the Commissioners and Staff who have assembled in the Board room. Being able to meet in person means that we are one step closer to beating the COVID-19 pandemic. This is definitely a good thing. While I had hoped to join everyone in person the City Council of Philadelphia has been called into a Committee of the Whole meeting that requires my presence.

Second, March is Women's History Month. I am so excited today because it gives me another opportunity to recognize Women's History Month. This month is the time to recognize the many ways that women have helped shape our nation's history. I want to pause and recognize all the amazing women who serve with me on this Board. I am grateful for your commitment to excellence and the outstanding example that you set as leaders. I would be remiss if I didn't recognize the many women at all levels who work hard at the DRPA and PATCO. I want them to know that we appreciate all that they do. This month is close to my heart. When I was seventeen, I participated in and won an oratorical contest in the city on Black History Month. I was invited to give a speech in front of the City Council that had my hands shaking and my knees buckling. This is when I decided to get involved in the community and the laws. This experience was what helped me get onto the path of community service.

Third, today the Board will consider two important staff appointments: Chief Security and Safety Officer and Chief of Police. Given the challenges of cyber security and safety in the region, I am pleased that we will be asked to vote on the appointment of our first ever Chief Security and Safety Officer. After an

extremely competitive process, Captain Robert Finnigan, Sr. has been recommended to fill this position. He has been described as an exceptional and proven leader, who possess strong organizational skills and an extensive working knowledge of homeland security and emergency management. He is also an active member of the Authority's Cyber Security Task Force. Captain Finnegan's tenure will be an asset to his position. He has also completed many specialized training programs such as cyber security, use- of-force crimes and intimidations to name a few. He is well qualified to fill this position.

Next is our Chief of Police. We will be asked to vote on the appointment of the new Chief of Police. Again, after an extremely competitive process, Captain Edward Cobbs, Jr. has been recommended to fill the vacancy of Chief of Police Jack Stief. Captain Cobbs has been described as a transformational leader who is committed to ethics and value-based policing. He possesses strong skills in emergency preparedness and mitigation. Captain Cobbs has also completed many specialized professional training programs offered by the New Jersey State Association of Chiefs of Police, the FBI Law Enforcement Executive Development, the USDOT Transportation Safety Institute, the Camden County Police Academy and FEMA. Captain Cobbs is well qualified to become our next Chief of Police. If approved by our Board today, Captain Cobbs will also make history as the Authority's first black Chief of Police. This will be an important milestone in the Authority's history and one that is consistent with our commitment to fairness and equity. This magnitude of a milestone is one that I am sure, Commissioner Fentress, a former member of the DRPA Public Safety Department, can appreciate.

Finally, we have our excellent credit rating from S&P and Moody's Investment Services. Later in the meeting, we will receive an update from CFO White about the good news of the bond rating increase that we recently received. When I received the news, I felt like I was in church; I called it the "Good News". I was particularly excited about the six factors that S&P cited. The six factors include: 1) a strong market position; 2) strong economic fundamentals; 3) very strong management and governance with an experienced management team and a history of managing and maintaining cash flows to finance the capital program; 4) strong financial performance; 5) very strong debt capacity; and 6) very strong liquidity and financial flexibility. I want to thank the management team for everything you do daily to make these impressive ratings possible. I also want to thank our Finance Committee led by Vice Chairman Nash for the outstanding leadership and guidance he provides to the Executive team. His leadership has been invaluable and is the reason why S&P recognized our strong economic fundamentals.

### **Public Comment**

Corporate Secretary Santarelli reported that there is no public comment.

### **Report of the Chief Executive Officer**

CEO Hanson then stated that the CEO Report stood as previously submitted. He highlighted one item under his emergency powers for the procurement of 750VDC traction power cables from Scalfo Electric, in the amount of \$487,000.00. Commissioner Frattali moved to approve the CEO's Report and Auditor General DeFoor seconded the motion. All Commissioners in attendance voted to approve the CEO's Report. The motion carried.

### **Report of the Chief Financial Officer**

CFO White stated that his Report stood as previously submitted. He highlighted that traffic was at 90% of pre-Covid number and at this time we do not see the effect of the high gas prices. We see continued growth for PATCO ridership. He stated that he was pleased with the improvement of bridge traffic and PATCO ridership. CFO White expressed that he was excited and nervous about the Bond rating as we approached the Moody's and S&P ratings. The key thing is the growth from 2020 and 2021, that we made an emphasis on positioning capital projects and where we stand on cyber security. This triggered Moody's to raise our PDP Bond rating. We were confident enough in our position, our management team, the approaches taken for cost containment and operational control to ask Moody's for that upgrade.

**PORT AUTHORITY TRANSIT CORPORATION**  
 (A Wholly Owned Subsidiary of the Delaware River Port Authority)  
**January 31, 2022**

**NOTES TO FINANCIAL STATEMENTS**

**1. Investments:**

The Corporation has set aside \$2,805,829 to partially fund its liability for self-insurance with the following limits:

- (a) Totally self-insured for Voluntary Workers Compensation.
- (b) Comprehensive General Liability from the first dollar to \$5,000,000 per occurrence.

**2. Rent of transit system facilities:**

All rapid transit system facilities used by the Corporation are leased from the Delaware River Port Authority, under terms of an agreement dated April 18, 1969 and amended June 3, 1974. The lease requires the Corporation to operate and maintain the Locust-Lindenwold line.

The terms of the amended agreement, which was made retroactive to January 1, 1974, and which is to continue from year to year, provide that the Corporation pay a minimum annual rental of \$6,122,000, which approximates the sum of the annual interest expense to the Delaware River Port Authority for that portion of its indebtedness attributable to the construction and equipping of the leased facilities plus the provision for depreciation of the rapid transit facilities as recorded by the Authority. In addition, the lease requires the Corporation to pay to the Authority any net earnings from operations for the Locust-Lindenwold line less a reasonable amount to be retained for working capital and operating reserves.

The rent is payable semi-annually on June 30 and December 31. The Corporation is in default of this agreement as payments totaling \$294,216,163 from January 1, 1974 through January 31, 2022 have not been made to the Authority.

**3. Reserves for Contingent Liabilities:**

Pursuant to a policy of self-insurance, the Corporation has reserved \$ 504,152 for Comprehensive General Liability and \$3,147,631 for Workers' Compensation.

**4. Other Post-Employment Benefits:**

The Government Accounting Standards Board (GASB) has issued Statement No. 45, "Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions (OPEB)," which addresses the accountability and disclosure of the costs and obligations, that are associated with post-employment health care and other non-pension benefits to current and future retirees, by governmental entities. Pursuant to this requirement, the Corporation adopted its reporting requirements during the 2007 fiscal year. The OPEB accrual, in recognition of the costs and obligations associated with post-employment health care, represents an actuarial determined amount upon an unfunded assumption under a 30-year amortization period at a discount rate of 5%.

**5. Deferred Revenue:**

Deferred revenue consists of the prepayment of fares related to the unearned values on passengers' smart cards for unused trips.
