SUBCHAPTER 1. GENERAL PROVISIONS

8:42C-1.1 Scope; purpose

(a) The rules in this chapter pertain to all hospice care programs in the State of New Jersey.

(b) The purpose of this chapter is to assure the provision of high quality hospice services to the residents of New Jersey in a coordinated and cost-effective manner.

8:42C-1.2 Definitions

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise:

“Available” means, pertaining to equipment, ready for immediate use; pertaining to personnel, “available” means capable of being reached.

“Bereavement services” means counseling services provided to a family of a hospice care patient after the hospice care patient's death.

“Cleaning” means the removal by scrubbing and washing, as with hot water, soap or detergent, and vacuuming, of infectious agents and/or organic matter from surfaces on which and in which infectious agents may find conditions for surviving or multiplying.

"Commissioner" means the New Jersey State Commissioner of Health and Senior Services.

"Communicable disease" means an illness due to a specific infectious agent or its toxic products, which occurs through transmission of that agent or its products from a reservoir to a susceptible host.

"Community health nursing" means a synthesis of nursing practice and public health practice applied to promoting and preserving the health of populations.

"Conspicuously posted" means placed at a location within the facility accessible to and seen by patients and the public.

"Contamination" means the presence of an infectious or toxic agent in the air, on a body surface, or on or in clothes, bedding, instruments, dressings, or other inanimate articles or substances, including water, milk, and food.

"Current" means up-to-date.

"Department" means the New Jersey State Department of Health and Senior Services.

"Dietitian" or "dietary consultant" means a person who:

1. Is registered or eligible for registration by the Commission on Dietetic Registration of the American Dietetic Association;

2. Has a bachelor's degree from a college or university with a major in foods, nutrition, food service or institution management, or the equivalent course work for a major in the subject area; and has completed a dietetic internship accredited by the American Dietetic Association or a dietetic traineeship approved by the American Dietetic Association or has one year of full-time, or full-time equivalent, experience in nutrition and/or food service management in a health care setting; or

3. Has a master's degree plus six months of full-time, or full-time equivalent, experience in nutrition and/or food service management in a health care setting.

"Director of Nursing" means a registered professional nurse who has at least one of the following qualifications:

1. A master's degree in nursing or a health related field and two years combined public/community health nursing and progressive management experience in public health nursing; or

2. A bachelor of science degree in nursing or a health related field and three years combined public/community health nursing and progressive management experience in public health nursing.

"Disinfection" means the killing of infectious agents outside the body, or organisms transmitting such agents, by chemical and physical means, directly applied. The term "disinfection" includes concurrent disinfection; that is, the application of measures of disinfection as soon as possible after the discharge of infectious material from the body of an infected person, or after the soiling of articles with such infectious discharges, all personal contact with such discharges or articles being minimized prior to such disinfection.

The term "disinfection" also includes post disinfection, which is the application of measures of disinfection after the patient has ceased to be a source of infection.

"Documented" means written, signed, and dated.

"Drug administration" means a procedure in which a prescribed drug or biological is given to a patient by an authorized person in accordance with all laws and rules governing such procedures including all of the following: removing an individual dose from a previously dispensed, properly labeled container (including a unit dose container); verifying it with the prescriber's orders; giving the individual dose to the patient; seeing that the patient takes it (if oral); and recording the name and strength of the drug, date and time of administration, dosage administered, method of administration, and signature of the person administering the drug.

"Full-time" means a time period established by the facility as a full working week, which is defined and specified within the facility's policies and procedures.

"Hospice" means a program which is licensed by the New Jersey State Department of Health and Senior Services to provide palliative services to terminally ill patients in the patient's home or place of residence, including medical, nursing, social work, volunteer and counseling services.

"Homemaker-home health aide" means a person who has completed a training program approved by the New Jersey Board of Nursing and who is so certified by that Board in accordance with N.J.S.A. 45:11-23 et seq. and N.J.A.C. 13:37.

"Hours of operation" means normal business hours, during which the agency is open for business.

"Interdisciplinary plan of care" means a written plan of care established for each individual admitted to a hospice program by the attending physician, the medical director or physician designee and interdisciplinary team prior to providing care, including reviews and updates, at intervals specified in the plan.
