OVER-THE-COUNTER PERMITS

STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625

RIPARIAN (609) - 292 - 2613

DEP has a one-day processing service for minor Riparian projects. This over-the-counter service applies to water-front construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact Riparian Lands Management, P.O. Box 1889, Trenton, NJ 08625.

SEWER EXTENSIONS (609) 292 - 0700, or (609) - 292 - 4869

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, syphons, gallorage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. Appointments for over-the-counter processing should be arranged through the Office of Business Advocacy (below). For further information contact:

DEP RECAP

(Recent press releases in capsule form)

Dec. 28--PESTICIDE BRINGS FISHING BANS --The Departments of Health and Environmental Protection jointly announced a fishing ban on Cooper River Lake, Camden County, and Stewart Lake, Gloucester County. Fish samples showed unsafe levels of Chlordane, a chlorinated hydrocarbon pesticide. Both Departments recommended that the entire Cooper River Watershed be posted, warning that fish not be eaten. The actions were taken in cooperation with the Burlington, Camden and Gloucester County Health Departments and the Cherry Hill Township Health Department. An earlier ban against fishing on North and South Branches of Pennsauken Creek and Strawbridge Lake remains in force. Chlordane is a suspected cause of cancer. An investigation into the exact source of the pesticide in the water is underway.

Jan. 2--NEW JERSEY ASKS COURT TO REQUIRE UNIFORM SMOG CONTROLS OF EPA-- New Jersey moved in Federal Appeals Court for a ban on EPA action on any state's clean air plan pending resolution of a suit in which New Jersey and five other states, plus the District of Columbia, demand uniform national air pollution controls. The states claim they receive airborne pollution from elsewhere, and are thus discriminated against by current EPA regulations which vary in different areas.

Jan. 4--N.J. HISTORIC TRUST OFFERS EMERGENCY PRESERVATIONS LOANS--Local historical organizations can get emergency loans for presevation of historic sites from the New Jersey Historic Trust. A \$10,000 grant from the Lillia Babbitt Hyde Foundation of Elizabeth makes the program possible. Application forms will be available after Feb. 1 from the N.J. Historic Trust, c/o Department of Environmental Protection, Commissioner's Office, Box 1390, Trenton, 08625.

Jan. 5--SEWER BAN LIFTED IN BRIGANTINE CITY--DEP lifted a ban against extensions and connections to Brigantine City's sewerage system. This followed connecting the local system into the Atlantic County Sewerage Authority's regional treatment facility. The ban was imposed in March, 1973, to protect area waters from pollution when DEP determined Brigantine's treatment plant was receiving excessive waste loads.
