## Energy Conservation

### Energy Conservation Tip of the Week

Sources of low-wattage energy usage, such as small appliances and gadgets, use energy even when turned off and can account for as much as 20 – 30 percent of energy consumption. Remember to unplug your household gadgets while not in use!

### Did You Know?

Vampire Energy, also known as Phantom Energy, is the energy wasted by leaving appliances (such as a cell phone chargers, DVD players, toaster ovens, etc.) plugged in while not in use.

If you would like more information about our energy and water conservation efforts, please contact Christopher Moore, Energy Manager at [christopher.moore@dmava.nj.gov](mailto:christopher.moore@dmava.nj.gov).

## NEW REGULATIONS AUTOMATE BURIAL PAYMENTS FOR VETERAN'S SURVIVORS

WASHINGTON – New burial regulations effective July 7 will now allow the Department of Veterans Affairs (VA) to automatically pay the maximum amount allowable under law to most eligible surviving spouses more quickly and efficiently, without the need for a written application.

Under former regulations, VA paid burial benefits on a reimbursement basis, which required survivors to submit receipts for relatively small one-time payments that VA generally paid at the maximum amount permitted by law.

“VA is committed to improving the speed and ease of delivery of monetary burial benefits to Veterans’ survivors during their time of need,” said acting VA Secretary Sloan Gibson. “The recent changes allow VA to help these survivors bear the cost of funerals by changing regulations to get them the benefits

more quickly.”

This automation enables VA to pay a non-service-connected or service-connected burial allowance to an estimated 62,000 eligible surviving spouses out of a projected 140,000 claimants for burial benefits in 2014. Surviving spouses will be paid upon notice of the Veteran’s death using information already in VA systems. The burial allowance for a non-service-connected death is \$300, and \$2,000 for a death connected to military service.

This revised regulation will further expedite the delivery of these benefits to surviving spouses, reduce the volume of claims requiring manual processing, and potentially make available resources for other activities that benefit Veterans and their survivors.

For more information on monetary burial benefits, visit <http://www.benefits.va.gov/compensation/claims-special-burial.asp>.

*The New Jersey Veterans Memorial Home at Menlo Park was the location where the New Jersey Lottery Commission introduced its new lottery hostess, Erica Young, and the unveiling of the State’s largest lottery check - signifying the lottery’s contribution to education and institutions over the past 45 years. At the ceremonial signing of the \$25 billion check June 30, 2014, were,*

*from left to right, Brig. Gen. Steven Ferrari, director of Veterans Healthcare Services at New Jersey Department of Military and Veterans Affairs; Joseph Brandspiegel, chief executive officer at the Veterans Home; Raymond Zawacki, deputy commissioner for Veterans Affairs at NJDMAVA; Carole Hedinger, NJ Lottery commissioner; and Erica Young.
