FOREWORD

The following Table of Contents with its acompanying Schedules is prepared pursuant to P. L. 1939, Chapter 379 to indicate the changes made in the statute law since the enactment of the Revised Statutes, except those made in the revision of Titles 2 and 3 by Chapters 344 and 345 of the Laws of 1951, known as the New Jersey Statutes.

The Table itself indicates the changes made in the general and permanent statute law by amendment or repeal of pre-existing legislation or by enactment of additional legislation.

The classification and arrangement used is that of the Revised Statutes and the New Jersey Statutes, amplified so as to include material for which no adequate classification units appear in those works. New chapters or other new subdivision headings are set up under the designation "added" when they are set up by statute and under the designation "new" when they are set up for convenience in classification merely.

An amendment of a section of a pre-existing statute is indicated by reference to the number of the statute amended, as found in the Revised Statutes, the New Jersey Statutes or the Pamphlet Laws.

Additional legislation, supplementary or otherwise, is classified under the same classification system, with the compilation numbers used in the New Jersey Statutes Annotated and the Revised Statutes Cumulative Supplements preceded by the letter "C." added in parenthesis after the Pamphlet Law references, thus "(C. 1:1–2.5)" except where, as ocurs in some instances, material is differently classified in the compilations of statutes, in which case both classification numbers so used are indicated, thus "(NJSA 40:2–17.1; RSCS 40:3–3.1)." A Schedule of these divergent numbers is appended to the Table.

New Jersey State Library

Amendments to additional legislation enacted during the period covered are carried under the numbers assigned to the sections amended.

Under this system the Table serves as a Table of Contents of the material covered, as it appears in the New Jersey Statutes Annotated and the Revised Statutes Cumulative Supplements, as well as of the Pamphlet Laws, but citation cannot be made to the Pamphlet Laws by these compilation numbers unless the year and chapter number of the Pamphlet Law volume is added.

Cross-reference notes are to the section or Title and Chapter numbers under which the legislation referred to will be found, thus, "(N. J. S. 2A:83–2)" or "(N. J. S. 2A: Chapter 6)" or to the Title and Chapter numbers in which reference thereto will be found in the Table, thus, "(T. 40, c. 2)".

Statutes of general and permanent character enacted and repealed, and statutes not of this character enacted, within the period covered, are not referred to in the Table but reference to them will be found in Schedules 3, 5, 6 and 7 annexed to the Table.

The repealers contained in P. L. 1951, chapter 344 and 345 include only Titles 2 and 3 and the subsequent legislation amendatory and supplemental thereto. References to the statutes enacted during the period covered, which are not amendments of or supplements to Titles 2 or 3 but which were classified under those Title numbers, are still retained in the Table under their original classification.

Acknowledgment is made to John W. Ockford, Counsel, and to H. Arthur Smith, Jr., William M. Lanning, George H. Barlow and Harold K. Smith, Assistants to Counsel, to the Commission, and to the Commission's clerical staff, for their valuable assistance in the preparation of this work.
