13:38-2.3 Records of examinations and prescriptions

(a) Every optometrist practicing in this State shall keep a complete record of examinations made and prescriptions issued. The record shall include, but not be limited to, all findings and pertinent facts concerning the patient that are discovered and disclosed during the course of the examination, as well as the record of professional services rendered and the fees charged. The record shall be preserved by the optometrist for a period of not less than seven years from the date of the last entry.

(b) In a multi-doctor practice and/or corporation, for every professional service rendered, the name of the doctor or doctors rendering such service or services, shall be clearly indicated on the patient record.

(c) The name of the person dispensing eyeglasses or contact lenses to the consumer/patient, shall also be indicated on the patient record.

(d) Every optometrist shall be required to evaluate a patient for the specifically advertised brand and type of

contact lenses which attracted or induced the patient to seek such goods. In the event that the patient is fitted with another brand or type of contact lens, the patient record shall reflect that decision and the justification therefor.

Amended by R.1985 d.60, effective February 19, 1985.

13:38-2.4 Requirements for issuing prescriptions and dispensing of medications

(a) Every optometrist shall provide the following on all prescriptions:

1. The prescriber's full name, address, telephone number, license number and academic degree or identification of professional practice. This information shall be pre-printed on all prescriptions;
2. The full name, age and address of the patient;
3. The date of issuance of prescription; and
4. The signature of the prescriber, hand-written.

(b) Every optometrist certified to prescribe pharmaceutical agents pursuant to the provisions of N.J.A.C. 13:38-4 and P.L. 1991, c.385, shall, in addition to the information set forth in (a) above, provide the following on all prescriptions for pharmaceutical agents:

1. The optometrist's certification number;
2. The name, strength and quantity of drug or drugs to be dispensed;
3. Adequate instruction for the patient, which shall include, but not be limited to, duration, frequency and dosage. The use of "p.r.n." or "as directed" without further instruction shall be deemed insufficient direction.
4. The number of refills permitted or time limit for refills, or both; and

5. Every prescription blank shall be imprinted with the words "substitution permissible" and "do not substitute" and shall contain space for the optometrist's initials next to the chosen option, in addition to the space required for the signature in (a)4 above.

(c) In addition to the provisions of (a) and (b) above, optometrists certified to prescribe pharmaceutical agents

pursuant to the provisions of N.J.A.C. 13:38-4 and P.L. 1991, c.385, shall comply with the following:

1. The optometrist shall advise all patients by adequate notice, such as, but not limited to, a sign or pamphlet in the waiting room of the optometrist's office, that the patient may request the optometrist to substitute a generic drug for any prescribed medication.

2. The optometrist shall not dispense a prescription as provided for in N.J.S.A. 45:12-1 in an amount exceeding a 72-hour supply unless the prescription is dispensed at no charge to the patient.

3. The optometrist shall ensure that each container of medication dispensed directly to a patient is labeled in a legible manner with at least the following information:

- i. The optometrist's full name;
- ii. The full name of the patient;
- iii. The date the medication is dispensed;
- iv. The expiration date of medication;
- v. The name, strength and quantity of medication dispensed;
- vi. Adequate instructions for the patient regarding the frequency of administration of the medication;
- vii. When an optometrist dispenses a pharmaceutical sample which has been packaged and labeled by the manufacturer and such sample package contains the information required by (c)3v and vi above, the information listed in (c)3i through ii, inclusive, above need not be added; and
- viii. When an optometrist dispenses a medication, other than a sample exempted pursuant to (c)3vii above, in a container without sufficient space for the information required by this paragraph, the container shall be placed in a larger container or envelope, and the larger container or envelope shall be labeled as indicated in this paragraph and shall contain only one type of medication.

(d) In no instance shall an optometrist sign a blank prescription form or dispense drugs without complying with the above standards.
