The Regional Greenhouse Gas Initiative (RGGI) is a cooperative, market-based effort among the states of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont to cap and reduce CO₂ emissions from the power sector. It represents the first cap-and-invest regional initiative implemented in the United States.

For an introduction to RGGI, view the Intro to RGGI Fact Sheet (/sites/default/files/Uploads/Fact%20Sheets/RGGI_Intro_Factsheet.pdf), or the more detailed RGGI 101 Fact Sheet (/sites/default/files/Uploads/Fact%20Sheets/RGGI_101_Factsheet.pdf).

This website provides a portal for official user platforms, state regulations, and other materials for the public and participants in the RGGI market, as well as current information about the status of RGGI auctions.
