Driving Innovation and Collaboration in New Jersey

NJII was founded in 2014 as a 501c3. As an independent, non-profit corporation, NJII is uniquely positioned to be agile, entrepreneurial and opportunistic. NJII combines the vast resources of an R-1 university, strong and far-reaching industry and government relationships, and proven methods for building industry centric ecosystems. Focused on results, NJII has generated over \$330M in revenue during its ten years of operation. The NJII team of 100+ staff are currently organized into four cutting edge divisions that guide our initiatives: AI/ML, Defense, Entrepreneurship, Healthcare and Learning & Development. NJII and NJIT have active Commercial And Government Entity (CAGE) Codes. CAGE code is a five-character ID number used by the Federal Government to identify businesses, organizations, and government agencies that do business with the government.

The Gateway to Innovation

NJII is driving innovation across New Jersey by serving as a catalyst between an R1 institution and organizations facing challenges in transformative growth. Through public and private strategic partnerships, NJII provides access to cutting-edge research, state-of-the-art technology, and expert guidance. By fostering collaboration and delivering practical solutions, NJII is empowering organizations to accelerate growth, innovate, and enhance New Jersey's position as a hub for innovation and economic development.
