JOURNAL OF THE SENATE

STATE OF NEW JERSEY,
SENATE CHAMBER.

TUESDAY, January 9, 1973.

At 12 Noon the Senate met.

The session was opened with prayer by Reverend Neal Raver.

Upon calling the roll the following Senators answered the call and Mr. Bateman declared a quorum present :

Messrs. Azzolina, Bate, Bateman, Beadleston, Brown, Cafiero, Crabiel, DeRose, Dodd, Dugan, Dumont, Epstein, Giuliano, Hagedorn, Hirkala, Hollenbeck, Hughes, Italiano, Kelly, Lazzara, Lipman, Lynch, Maressa, McDermott, McGahn, Merlino, Miller, Musto, Parker, Schiaffo, Schluter, Stout, Tanzman, Thomas, Turner, Wallwork, Wendel, Woodcock
—38.

On motion of Mr. Schiaffo, Mr. Crabiel was nominated for and elected by voice vote to the office of Temporary President. He was escorted to the rostrum by Messrs. Dumont and Tanzman.

On motion of Mr. Stout, Mr. Henry H. Patterson was nominated for and elected by voice vote to the office of Temporary Secretary.

On motion of Mr. Schiaffo, Mr. Bateman was nominated for and elected by the following vote to the office of President pro tempore :

In the affirmative were—

Messrs. Azzolina, Bate, Beadleston, Brown, Cafiero, Crabiel, DeRose, Dodd, Dugan, Dumont, Epstein, Giuliano, Hagedorn, Hirkala, Hollenbeck, Hughes, Italiano, Lazzara, Lipman, Lynch, Maressa, McDermott, McGahn, Merlino, Miller, Musto, Parker,

Schiaffo, Stout, Tanzman, Thomas, Turner, Wallwork, Wendel, Woodcock—35.

In the negative—None.

Mr. Bateman was escorted to the rostrum by Messrs. Thomas and Musto.

On motion of Mr. Schiaffo, Mr. Beadleston was nominated for and elected by the following vote to the office of Permanent President.

In the affirmative were—

Messrs. Azzolina, Bate, Bateman, Brown, Cafiero, Crabiel, DeRose, Dodd, Dugan, Dumont, Epstein, Giuliano, Hagedorn, Hirkala, Hollenbeck, Hughes, Italiano, Lazzara, Lipman, Lynch, Maressa, McDermott, McGahn, Merlino, Miller, Musto, Parker, Schiaffo, Schluter, Stout, Tanzman, Thomas, Turner, Wallwork, Wendel, Woodcock—36.

In the negative—None.

Mr. Beadleston was escorted to the rostrum by Messrs. Stout and Crabiel.

The oath of office was administered by Justice Worrall Mountain.

President Beadleston addressed the Senate as follows:

Justice Mountain, colleagues of the Senate, ladies and gentlemen:

It is indeed a pleasure and a privilege to accept the honor you have bestowed upon me. I am grateful to you, my colleagues, for the trust and confidence you have placed in me. I assure you I will do my best to carry out the responsibilities of the office diligently and fairly in the tradition of my predecessors.

My immediate predecessor, Ray Bateman, has set a high standard to follow. During his unprecedented three years as Senate President, our House has compiled an outstanding record of legislative achievement. A spirit of bipartisan cooperation has prevailed due in large part to his even-handed manner in the chair. We commend Ray for his record. We are glad that as President Pro Tempore he will continue in a position of leadership.

State House observers are now predicting that 1973 will be an extremely political year, with partisan battles dominating. Obviously, we can expect a hard-fought election

campaign. But when we are conducting the people's business in this chamber, we should attempt to put aside our partisan concerns. 1973 does not have to be a year of partisan anguish. It can and should be a year of bipartisan achievement. This is the best way we can serve our fellow citizens. I pledge myself to that effort and invite the cooperation of all members of this House.

Before looking ahead to what we hope to achieve in 1973, I would like to reflect briefly on what we already have achieved.

I believe it is not an exaggeration to say that in the last three years we have seen revolutionary changes take place in the Senate and the Legislature as a whole. These changes seem particularly dramatic to me when I think back to a day 21 years ago when I first entered the Legislature as a freshman assemblyman.

There were only 60 of us in those days and the Senate was comprised of 21—one from each county. We had virtually no staff. We operated in antique facilities in a virtually closed manner. A committee system was nonexistent. We met fewer than 25 days a year.

Twelve years later, in 1964, when I began my term as Speaker of the Assembly, the situation was not much different. However, beginning at that time and continuing until today, we realized that the nature of society and government was changing and that changes also were necessary in the operation of the Legislature. Additionally, beginning about that time, reapportionment began to bring dramatic changes in our system of representation.

In 1964 we began a critical self-appraisal with the aid of a commissioned study by the Eagleton Institute at Rutgers. Most of their recommendations were implemented soon thereafter. We were on the road to real reform.

That reform effort was brought to full fruition by the dramatic changes of the last three years. The system has been opened to public scrutiny in large measure. Larger and more professional staffs have provided us with the kind of information we need to properly make important decisions. Legislators are working harder on the job and are more professional at their job. We are no longer operating entirely in 18th century facilities.

Truly, the Legislature of New Jersey is well on its way to becoming in fact, as well as in theory, a real coordinate and equal branch of state government.

Specifically in these last three years we have:

1. Begun to meet twice instead of once a week.
2. Staffed all standing committees with professionals; provided professional staff to the leadership; increased our research and bill drafting staffs significantly; and established a new Office of Fiscal Affairs.
3. Instituted a working committee system in the Senate by reducing the number of committees from 17 to 10 so that most senators can now devote their time to just one or two committees.
4. Opened up the system by relying more on committee deliberation; requiring a public record of committee attendance and votes; mandating an explanatory statement on every bill; holding more public hearings; requiring committees to act on bills within a prescribed period and giving more notice and wider dissemination of our calendar of bills for each session.
5. Expanded and renovated facilities for our committees and staff.
6. Improved efficiency and economy in operation through the initiation of a 2-year session; more continuity of leadership; the installation of an electronic voting machine in the Senate; and by additional staff assistance in the Senate Secretary's office.
7. Bolstered public confidence in government by enacting new laws regulating conflict of interest and the activity of lobbyists.

Many of these changes were recommendations of the 8-member bipartisan committee on legislative improvement which I had the privilege to chair. These improvements could not have been made without the bipartisan efforts of Ray Bateman, Ed Crabel, Al Schiaffo, Bill Musto and many other senators and assemblymen committed to legislative improvement.

While these successes are indeed heartening, one distinct disappointment remains—the abandonment of the plan to provide the Legislature with a new home. We have improved our facilities substantially, but this is no substitute for an up-to-date, adequate building in which to operate. It is wrong for the Legislature, unlike most businesses and local governments, to conduct the functions of the '70s in facilities designed for the '20s. I pledge to continue my fight for a new home for the Legislature.

TUESDAY, JANUARY 9, 1973

During the past three years we have compiled an almost unparalleled record of enactment of major legislation. In cooperation with the Assembly and Governor Cahill, we have made an especially good record in the fields of education, environmental protection, health and law enforcement.

A new school aid formula with a tremendous increase in state school aid was enacted. A new bond issue to provide funds for college construction was passed. Important new programs for drug education and to aid private schools and colleges were initiated.

A new Department of Environmental Protection was created. An \$80 million Green Acres bond issue was passed and very significant new laws regulating flood plain development, protecting our invaluable wetlands and regulating the dumping of waste materials in our rivers and oceans water were enacted.

A new government effort toward better health care was launched. Health facilities planning legislation was enacted as well as a state authority to assist in construction of new health facilities. Important new state aid programs for drug treatment and to combat kidney disease, hemophilia and certain terminal illnesses were begun.

Important new steps in law enforcement were taken through laws creating a State Division of Criminal Justice and providing for full-time county prosecutors and a permanent statewide grand jury. A unique program to compensate the innocent victims of crimes was begun. I had the privilege to sponsor this measure.

Also, we have been responsible for new laws creating the Meadowlands sports complex, the lottery, a system of no-fault insurance, a new law regulating narcotics, an expanded urban aid program, and new protection for tenants.

We should be pleased that the Legislature specifically initiated many of the best new programs including a new divorce law, reducing the voting age and the age for legal rights to 18, and doubling the property tax exemption for senior citizens.

Also, I am particularly proud that the Senate did not default on its responsibilities in such difficult areas as congressional redistricting and fiscal responsibility.

1973 promises to be another busy and difficult year. A number of important measures, begun in the first year of our 2-year session, are still pending. Among these are

legislation on parole reform, eligibility for voting in primaries, election law reform, 6-member juries in certain kinds of cases, regulation of phosphate detergents and court merger.

In view of the United States Supreme Court's and the New Jersey Supreme Court's decisions on capital punishment, we must resolve the question of an appropriate new statute on this subject. I would hope that the committee headed by former Justice Haneman appointed by the Governor will report soon so that we may carefully study its recommendations and take action on this question in 1973.

We also face significant problems in the areas of school financing and zoning both of which are involved in present litigation in the courts. We are perilously close to tax revolt in New Jersey. Spiraling property taxes and rents must not be the pattern of the future.

Although the \$650 million transportation bond issue was defeated in 1972, the problem of financing new highway and mass transit facilities remains. The problem has been aggravated by the crisis of our commuter railroads, in particular the Jersey Central. We cannot stand still in the area of transportation. A way must be found in 1973 to provide new facilities to handle the ever-increasing traffic on our highways and to provide improved service for our State's commuters.

While we have recently doubled the property tax deduction for our State's senior citizens, we must strive to do more to relieve their very real plight. I pledge myself to this effort.

Finally, one of the most vital questions we will face in 1973 is that of energy and ecology. How can we best meet the legitimate power needs of the present and future and at the same time protect our valuable land and water resources from adverse and haphazard developments? While much legislation has been proposed, I am convinced that at present we do not have sufficient information on which to make intelligent judgments. How severe is the energy crisis? What are the real alternatives to the dumping of waste materials in the ocean? Where should future power resources be located? Should we permit a deep water port?

To determine the facts through consultation with appropriate conservation, business and government experts and analysis of legislation proposed to date, I am today appoint-

TUESDAY, JANUARY 9, 1973

ing a 4-member, bipartisan special Senate committee. I will direct the committee to begin its task immediately and to report back to us as soon as possible in 1973.

We must act very soon on this problem but not before we have all of the facts.

Senator William E. Schluter (R-District 6A)

Senator Barry T. Parker (R-District 4B)

Senator Joseph P. Merlino (D-District 6B)

Senator Frank J. Dodd (D-District 11)

It is time now to end the speeches and get down to the business at hand. Again, I want to thank you all for the confidence and trust you have placed in me. I will use all of my energies to carry out the duties and responsibilities of this great office fairly and to the best of my ability.

On motion of Mr. Stout, Mr. Patterson was nominated for and elected by the following vote to the office of Permanent Secretary:

In the affirmative were—

Messrs. Azzolina, Bate, Bateman, Beadleston (President), Brown, Cafiero, Crabel, DeRose, Dodd, Dugan, Dumont, Epstein, Giuliano, Hagedorn, Hirkala, Hollenbeck, Hughes, Italiano, Kelly, Lazzara, Lipman, Lynch, Maressa, McDermott, McGahn, Merlino, Miller, Musto, Parker, Schiaffo, Schluter, Stout, Tanzman, Thomas, Turner, Wendel, Woodcock—37.

In the negative—None.

The oath of office was administered to Mr. Patterson by President Beadleston.

Mr. Schiaffo offered the following resolution, which was read and adopted:

Resolved, That:

1. For the 1973 session there be employed for each Senator, Legislative Aides, to be designated by him at an aggregate salary of \$7,500, payable in the same manner as all other Senate employees for the legislative year.

2. The 1973 Legislative Manual be distributed to the Senate on the same basis as for the 1972 session.

3. The Rules of the 1972 Senate be adopted temporarily as the Rules for 1973, subject to the following amendment :

Amend so much of Rule 74 as prescribes the membership of the Senate on Joint Committees to increase from five to eight the membership of the Senate on the Liaison Committee.

4. The "Manual for Use in Drafting Legislation for Introduction in the New Jersey Legislature," prepared and published by the Law Revision and Legislative Services, be adopted as the official manual of practice and procedure of the Senate governing the form of bills to be introduced in the Senate and governing the conduct of the preliminary examination of bills proposed for introduction in the Senate required by the Rules of the Senate; and

In order to carry out said practice and procedure, William M. Lanning, H. Arthur Smith, Jr., Mary Joan Dickson, Walter Kennedy, John M. Lore, Gertrude Erman, and Albert Porroni be designated as counsel to the Judiciary Committee of the Senate and that the duties of such counsel shall be to conduct said preliminary examination of bills proposed for introduction in the Senate under the general supervision of the Chairman of said committee and through the Division of Bill Drafting Services pursuant to law.

5. The payroll for the officers and employees of the Senate be adopted and the Secretary be authorized to authenticate the same as approval officer.

6. All statements of expenses of the Senate or of the Legislature on account of the Senate be referred for approval and forwarded for payment from the State Treasury as heretofore.

7. The Secretary of the Senate be directed to inform the General Assembly that the Senate has organized and elected the Honorable Alfred N. Beadleston, of Monmouth County, as President and Henry H. Patterson, of Monmouth County, as Secretary, and is now ready to proceed to business and to receive any communications it may forward.

8. His Excellency, the Governor, be informed that the Senate has organized for 1973 by the election of Honorable Alfred N. Beadleston, of Monmouth County, as President

TUESDAY, JANUARY 9, 1919

and Henry H. Patterson, of Monmouth County, as Secretary, and is now ready to proceed to business and to receive any communications he may forward.

Mr. Schiaffo offered the following resolution, which was read and adopted.

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That at 2 p.m. both Houses of the Legislature meet in joint session for the purpose of receiving the Annual Message of His Excellency William T. Cahill, Governor of the State of New Jersey, which will be delivered in person.

Mr. Schiaffo offered the following resolutions, which were read and adopted:

Resolved, That unless otherwise ordered, the daily sessions of the Senate shall begin on Mondays and Thursdays at 2 p.m.

Resolved, That 1,000 copies of each bill, joint resolution and concurrent resolution be printed for the use of the Senate, and 900 copies of each Official Copy Reprint.

Resolved, That the Committee on Ways and Means be authorized to procure bill files and the necessary stationery and supplies for the use of members and officers of the Senate.

Resolved, That the President of the Senate is hereby directed to instruct the printer to mail to each member of the Senate, at his residence and business address, at least one copy of each bill and resolution, both Senate and General Assembly, as soon as the same is printed.

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

1972 pocket part for volume, New Jersey Statutes, Titles 2A and 3A, at \$6.50 per copy;

1972 pocket part for volume, New Jersey Statutes, Title 18A, at \$5.00 per copy.

Resolved, That the Governor's Message be printed for distribution.

Resolved, That the following employees of the Senate be and they are hereby appointed to their respective positions.

Further Resolved, That said employees of the Senate shall continue to serve for the 1973 session by virtue of the several oaths of office heretofore administered to them.

Mr. Schiaffo offered the following resolution, which was read and adopted:

Resolved, That the Rules of the 1972 Senate be adopted temporarily as the Rules for 1973, subject to the following amendment:

Amend so much of Rule 74 as prescribes the membership of the Senate on Joint Committees to increase from five to eight the membership of the Senate on the Liaison Committee.

The following message was received from the Clerk of the General Assembly:

STATE OF NEW JERSEY, }
GENERAL ASSEMBLY CHAMBER, }
Mr. President: January 9, 1973. }

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following resolution:

Be It Resolved by the General Assembly (the Senate concurring):

That all payrolls and bills for expenditures incurred by either House be passed for payment only after approval by the Secretary of the Senate or the Clerk of the General Assembly and the Chairman of the Ways and Means Committees of the respective Houses.

In which the concurrence of the Senate is requested.

PAT CHARLES,
Clerk of the General Assembly.

Mr. Schiaffo offered the following resolution, which was read and adopted:

WHEREAS, Section 52:27B-15 of the Revised Statutes requires that a request officer be appointed, and the act regulating receipts and disbursements requires the designation of approval officers for the payment of the necessary expenses of all divisions of the government; therefore,

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the Secretary of the Senate and the Clerk of the General Assembly be designated as request officers for the Legislature for the legislative year.

The following messages were received from the Clerk of the General Assembly:

WHEREAS, Lyndon B. Johnson, 36th President of the United States, died Monday, January 22, 1973, at the age of 64; and,

WHEREAS, In a long and distinguished public career, climaxed by the Presidency, Mr. Johnson served for 10 years in the United States House of Representatives; for 12 years in the United States Senate, where he is acknowledged to have been one of the most active and effective majority leaders in the history of that body; and for nearly three years as Vice President of the United States; and,

WHEREAS, His devotion to the public service and deeply felt patriotism were signally demonstrated both in his accession to the Presidency, when he cemented the unity of the nation and assured the continuity of government in a dark and trying time, and in his departure from that office, which was offered as a sacrifice upon the altar of national unity and world peace; and,

WHEREAS, During his tenure of the Presidency Mr. Johnson accomplished rapid and far-reaching advances in the cause of social justice and racial equality, and instituted unprecedented programs to advance the welfare of all Americans and to redress age-old economic and social inequities; and,

WHEREAS, The depth and constancy of his devotion to this nation as it is, the breadth and sincerity of his vision of this nation as it might be, the vigor and effectiveness with which he wielded the powers of high office and the humanity and compassion which activated him throughout his public life have left with his contemporaries a vivid memory, and will leave upon the life of this nation an indelible impress for all time to come; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby pays high and solemn tribute to the memory of Lyndon B. Johnson, honoring his long and distinguished career in public life and his many valuable services and outstanding accomplishments achieved while filling the highest and most responsible offices of state; expresses profound sorrow at his death, and extends condolences to his family; and,

SENATE BILL No. 1106

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1106 without my approval.

Senate Bill No. 1106 would require the Director of the Division of Motor Vehicles to reinstate the driving privileges of any person subject to recurrent convulsive seizures, periods of unconsciousness or loss of motor coordination who has not suffered a convulsive seizure or a period of unconsciousness or impairment of his motor coordination for a one year period.

The present regulations of the Division of Motor Vehicles provides for a two year seizure-free period before approval for a driver's license. Those persons who have not been seizure-free for a two year period may apply for an exception to the two year period. In cases where there is some doubt, a medical panel reviews the case and issues a recommendation as to whether, medically, the person should be approved for licensure. In the majority of cases reviewed,

tive selections. These selections should then be evaluated by the people.

The New Jersey Tercentenary Commission conducted a song contest to find a song suitable as a State song. The Commission selected four winning tunes and lyrics. The song in the present legislation was not one of these winners although it was one of the songs presented to the Commission for consideration. The Commission refused to designate one of the winners as the official State song believing that only public acceptance could truly make a song the State song.

I firmly believe that without wide public support, no song can be a real State song. However, I also believe that only when the public or interested groups are presented alternatives from which to choose, will their endorsement or acceptance of a song be meaningful. While I recognize that tastes differ so that unanimity concerning a particular selection will probably never be achieved, the selection process should ensure that the largest possible number of citizens are in favor of the song.

The present legislation did not result from a decision-making process which ensured New Jersey the best possible song as its State song. For this reason, I cannot in good conscience sign this legislation.

Accordingly, I am returning Senate Bill No. 772 without my approval.

Respectfully,

[SEAL] /s/ WILLIAM T. CAHILL,

SENATE BILL No. 588 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 588 (2nd OCR), without my approval.

This bill provides for accelerated tax foreclosure proceedings by municipalities against property with uninhabited structures found to be in substantial violation of the Hotel and Multiple Dwelling Law (P. L. 1967, c. 76), and either hazardous to the public health, safety and welfare or unfit for human habitation. In such cases, the two-year redemption period of R. S. 54:5-54 is reduced to 90 days.

I agree that there is a great need for accelerated foreclosure proceedings to permit municipalities to eliminate abandoned and hazardous structures, but this bill is not technically sufficient to accomplish its purpose. Its reliance on the Hotel and Multiple Dwelling Law requires that the accelerated foreclosure proceedings be restricted to structures subject to that law. Furthermore, the bill is silent on the issue of what forum will decide whether violations of the Hotel and Multiple Dwelling Act exist, whether the structure is unoccupied, and whether it is hazardous to the public health, safety and welfare or unfit for human habitation.

Finally, the bill fails to provide for notice and an opportunity to be heard to the parties whose right of redemption will be tolled by the accelerated foreclosure proceedings. This failure casts doubt on the constitutionality of the bill as well as its wisdom. Where property rights are involved, procedural due process requires an opportunity to be heard on such notice as is in keeping with the character of the proceeding and adequate to safeguard the right entitled to protection. *State v. Standard Oil Company*, 5 N.J. 281, 305 (1950), affirmed 341 U.S. 428 (1951).

Because of the problems discussed above and the doubts concerning the validity of the proposed procedures, I can not in good conscience sign this bill. Since, however, I recognize the need for legislation enabling municipalities to eliminate abandoned and hazardous buildings, a new bill dealing with this problem will be introduced shortly.

Therefore, I herewith return Senate Bill No. 588 (2nd OCR) without my approval.

Respectfully,

[SEAL] /s/ WILLIAM T. CAHILL,

SENATE BILL No. 682

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 682 with my objections for consideration.

Senate Bill No. 682 would limit the liability of insurance companies participating in the New Jersey Insurance Underwriting Association (P. L. 1968, c. 129). Currently, each insurance company which writes property insurance in this State shares in the writings, expenses, profits and losses of the Association in the proportion that the net premiums of each member written in this State for the preceding calendar year bear to the aggregate net premiums written in the State by all members of the Association. Under Senate Bill No. 682, participation in the Association will continue to be according to this proportion. The share of the losses will remain according to this proportion but no member would be obligated to reimburse for losses in excess of 1% of its surplus to policyholders. Amounts in excess of this limit would be allocated among members who had not reached the 1% limit until such time as all members reached the 1% limit. Thereafter, losses would be borne according to the proportion of net direct premiums of the member to the net direct premiums of all members of the Association.

I agree that there should be some protection for insurance companies with smaller surpluses operating in New Jersey to ensure that they can continue to write insurance in this State. I do not feel, however, that 1% of the surplus of a company is the approximate maximum liability for a company. I believe 5% of a company's surplus is an appropriate maximum for any insurance company participating in the New Jersey Insurance Underwriting Association.

Accordingly, I herewith return Senate Bill No. 682 for reconsideration and recommend the following change:

The following message was received from the Clerk of the General Assembly:

STATE OF NEW JERSEY, }
GENERAL ASSEMBLY CHAMBER, }
Mr. President: February 22, 1973. }

I am directed by the General Assembly to inform the Senate that, pursuant to the request of the Senate, copies of Senate Committee Substitute for Senate Concurrent Resolution No. 36 OCR entitled "A Concurrent Resolution proposing to amend Article VI, Sections I, III, V, VI, and VII, and Article XI, and to repeal Article VI, Section IV, of the Constitution of the State of New Jersey," were placed upon the desks of the members of the General Assembly in open meeting this 22nd day of February, 1973.

PAT CHARLES,
Clerk of the General Assembly.

The Senate recessed until 2 p.m.

Upon the conclusion of the recess the Secretary called the roll and the following Senators answered the call:

Messrs. Azzolina, Bate, Bateman, Beadleston (President), Brown, Cafiero, DeRose, Dodd, Dugan, Dumont, Epstein, Giuliano, Hollenbeck, Hughes, Italiano, Kelly, Lazzara, Lipman, Maressa, McDermott, McGahn, Merlino, Musto, Parker, Schiaffo, Schluter, Stout, Thomas, Turner, Wendel, Woodcock—31.

The Secretary announced the receipt of 8 communications from the Governor. The President ordered the seals broken and the contents read as follows:

SENATE BILL No. 464

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 464, without my approval, for the following reasons:

This bill supplements chapter 11 of Title 30 of the Revised Statutes, requiring hospitals and nursing homes to conduct fire drills at least once a month at irregular intervals. The bill also amends R. S. 30:11-4, including the failure to hold such fire drills as punishable conduct.

Senate Bill No. 464 is technically deficient in that it amends and supplements a portion of the law which has been preempted and impliedly repealed. Chapter 11 of Title 30 provided a procedure for licensure of nursing homes and hospitals. The State Board of Control of the Department of Institutions and Agencies was authorized to promulgate and enforce rules, regulations and minimum standards of nursing and hospital care.

A comprehensive measure for the licensure and regulation of all health care facilities subsequently was enacted, transferring the functions, powers and duties of the State Board of Control, and the Commissioner of the Department of Institutions and Agencies, to the Department of Health, (P. L. 1971, c. 136, C. 26:2H-1 et seq.). The definition of "health care facility" includes hospitals and nursing homes (P. L. 1971, c. 136, Sect. 2, C. 26:2H-2). The standards and requirements for the licensure and the maintenance of health care facilities and the penalties for failure to comply with those standards and requirements are included within P. L. 1971, c. 136, C. 26:2H-1 et seq. This newer, more comprehensive licensure provision has preempted and impliedly repealed the licensing provision contained in chapter 11 of Title 30 of the Revised Statutes. Any new requirements affecting a health care facility should supplement or amend the applicable sections of P. L. 1971, c. 136, C. 26:2H-1 et seq.

Furthermore, Senate Bill No. 464 makes no provisions for situations where a patient should not or cannot be evacuated from a hospital or nursing home. While it may be advisable to ensure that a definite procedure is established to evacuate a hospital or nursing home and that employees and patients, when feasible, are familiar enough with such a plan to enable evacuation, any legislation designed to achieve this purpose must recognize that the medical condition of some patients necessitates that they not be moved except in an actual emergency.

For these reasons, I must return Senate Bill No. 464 without my approval.

Respectfully,

[SEAL] /s/ WILLIAM T. CAHILL,
Attest: Governor.

Acting Secretary to the Governor.

SENATE BILL No. 1112

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1112 without my approval.

This bill would authorize the Borough of Seaside Heights, Ocean County, to make permanent the appointment to its police department of Stanley Matejkowski, presently serving as a member of the police department of another municipality, without loss of benefits, and notwithstanding that he is over the maximum age for appointment required by law.

I am compelled to withhold my approval from this bill because of the failure to comply with the notice provisions governing special legislation. Article IV, Section VII, Paragraph 5 of the Constitution forbids the passage of any private, special or local law unless public notice of the intent to apply for such a law and its general object have been given at such time and in such manner as is provided by law. R. S. 1:6-1 provides this constitutionally mandated

notice must be published at least one week before introduction of the bill in question. Public notice of intention to apply for Senate Bill No. 1112 was first published on July 17, 1972, the same day that the bill was introduced in the Senate. This bill would not, therefore, become law, even if I were to sign it.

Accordingly, I am returning Senate Bill No. 1112 without my approval.

Respectfully,

/s/ WILLIAM T. CAHILL,
Governor.

SENATE BILL No. 1121 (OCR)

To the Senate:

Pursuant to Article V, Section I, paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1121 (OCR) without my approval.

Senate Bill No. 1121 (OCR) would amend Rule 27 of the Evidence Act of 1960 (C. 2A:84A:21), which presently grants a newspaperman a privilege to refuse to reveal the source of news which has been published. The proposed amendments would expand the newspapermen's privilege to include persons connected with a "news media", would list various proceedings in which the privilege applies, and would provide an additional privilege not to reveal "any news or information," whether or not it is disseminated. In addition, two new statutory sections are proposed, one seeking to limit the circumstances in which a waiver of the privilege will occur and the other defining the terms "News media" and "News."

The broad and liberal privilege already granted by N. J. S. 2A:84A-21 to a person "engaged on, connected with or employed by a newspaper" would, thus, be expanded by Senate Bill No. 1121 (OCR). The proposed amendment would not only expand the persons to whom the privilege is granted, but would also broaden the privilege to apply to

news, as well as to source. New Jersey's present law, N. J. S. 2A:84A-21 (Rule 27) provides:

“Subject to Rule 37, a person engaged on, connected with, or employed by, a newspaper has a privilege to refuse to disclose the source, author, means, agency or person from or through whom any information published in such newspaper was procured, obtained, supplied, furnished, or delivered.”

By contrast, the proposed legislation would give an absolute privilege to those “engaged on, engaged in, connected with or employed by a *news media*” for the “purpose of gathering, procuring, transmitting, compiling, editing or disseminating news,” not only as to the source of the news, but as to the news itself.

It should be pointed out immediately that we are aware and supportive of the vital and essential role of the news media in our society, and especially of its initiative and leadership in many of the reforms in our country, particularly in relation to local, state and federal government.

The news media, supported by the First Amendment and court decisions such as *New York Times v. Sullivan*, 376 U.S. 254 (1964), have, along with our citizens, benefited from this guaranteed “free flow of information.” It should also be noted that the granting of privilege to any person or group under the laws of our country and our state is extremely limited. Historically, this privilege was granted only to the patient, client, penitent, who was thus protected from disclosure by the physician, lawyer and clergyman, but even this privilege was not absolute.

At common law, there was no privilege for a journalist to refuse to disclose either the source or content of news. See *In re Grunow*, 84 N.J.L. 235 (Sup. Ct. 1913). There is no newsman's privilege in England, Canada or Australia, except in certain defamation actions. See *Carter*, “The Journalist, His Informant and Testimonial Privilege”, 35 N.Y.U.L. Rev. 1111 (1960). Nor is there presently a federal privilege to refuse to reveal the source or content of the news. See, e.g., *Garland v. Torre*, 259 F. 2d 545 (2d Cir. 1958), *cert. denied*, 358 U.S. 910 (1958).

The law surrounding the newspaperman's privilege has been settled for the present by the United States Supreme Court in *Branzburg v. Hayes*, 408 U.S. 665 (1972), in which

all the divergent philosophies involved were discussed. The majority opinion confirmed that there is no Constitutional privilege for a newspaperman to refuse disclosure of a source or information. The public's right to have all available evidence, especially in a grand jury proceeding, and the need to protect persons and property with fair and effective law enforcement and remedies have been held by the court majority to outweigh the uncertain burden which the lack of the privilege may impose upon the flow of news. Even the dissenting opinion by Justices Stewart, Brennan and Marshall would balance the free flow of information against the need for disclosure in cases of compelling public interest.

New Jersey's present law provides extraordinary protection for the responsible newspaperman and gives assurance that, if the source is not disclosed, he cannot be compelled to testify as to the identification of the source or information which would reveal the source.

But, as has been stated by our courts, any privilege involves competing societal objectives. The newspaperman's privilege thus represents competition between two public interests — the desire to obtain information through newspapers and the right of the public to obtain truth through grand jury and court proceedings.

In the September/October 1972 issue of the *Columbia Journalism Review*, a comment on this competition between public interests was made by Fred W. Friendly, former president of CBS News, now Edward R. Morrow Professor of Broadcast Journalism at Columbia. Mr. Friendly wrote:

“The journalist, on the other hand, needs to understand that because he has certain professional privileges, he is not a privileged character who is above the law. There are times when the First Amendment clashes with other parts of the Constitution, and it is the courts' responsibility to determine where the balance rests. It may sound heretical for a journalist to utter such thoughts, but every Amendment can't always prevail.”

While freedom of the press is one of our most important constitutional principles, there are other very well accepted rights of our citizens which clearly come in conflict with this principle. In our American system of government, checks and balances have always played a major role in the

MONDAY, MARCH 19, 1979

control of unlimited power. It is no more acceptable to have the press all powerful than it is to have government all powerful. Each has a legitimate and important role to play in our democracy.

No segment of our society should be all powerful without checks and balances. Responsibility must parallel power. It is for this reason that Senate Bill No. 1121 (OCR) must be examined most carefully as to definitions, construction, constitutionality, and particularly the results that could occur if this legislation were to become the law of our state.

Let us consider some aspects of the proposed amendments as presently written:

1. The expansion of the privilege in Senate Bill No. 1121 (OCR) could permit undisseminted news or information on any issue to be arbitrarily withheld from the public by the reporter or news media. This is the very antithesis of the argument that the public is entitled to a free flow of information. The press has, with justification, fought for the "right to know." This "right" should apply not only to government, but to all segments of our society, including the press, under prescribed circumstances. The absolute privilege to withhold news, when combined with the waiver provision, could open the way to the partial, self-serving, partisan disclosure of only selected portions of information received by a member of a news media, thereby frustrating the public's right to know. In effect, it could permit censoring of news by the very people who have fought censorship throughout the entire history of our country.

2. A reporter on assignment could be an eye witness to a crime and might not be required to report the occurrence. This is contrary to historical precedent and to our system of justice.

3. A reporter could receive information that a crime was to be committed, and yet he might not be forced to divulge his source or his information before or after the event.

4. The language in the bill would appear to prevent disclosure of information in any civil suit. Thus, a newspaper could charge a citizen of New Jersey with criminal activity, citing a "reliable source." Even assuming the information is totally false and there is no "reliable source," the injured citizen would not be permitted to unmask the falsity of the charge.

5. The bill, as written, is so broad that it could be argued it would extend the privilege to *anyone* connected with a "news media." This means that anyone who decided to put out a publication, or who works for a publication, or is employed in any capacity, regardless of circulation, quality of personnel, lack of responsibility, etc., could assert the privilege.

6. The definitions of "news media" and "news" are so nebulous they might permit one who cruises the streets in a sound truck or who stands on a corner shouting through a bullhorn to claim to be utilizing "mechanical or electronic" means of disseminating the news to the general public. Further confusion is created by these definitions inasmuch as they do not serve to define the terms "news" and "news media." The definitions are circular; each term employing the other and resulting in no clear definition of either term.

7. The bill provides that any person connected with a news media on whose behalf news is disseminated has a privilege to refuse to disclose the source of information received, *and* any information itself. Might not a person who distributes handbills on a street corner to members of the general public be considered as falling within the definition proposed by this bill? If the handbills contain scurrilous attacks on others in the guise of "news", could not the persons responsible refuse to reveal the "sources" of such information? These are the very incongruities that a broad, undefined bill such as this invites.

8. By attempting to designate specifically the proceedings to which the privilege will apply, the bill is in conflict with New Jersey Rule of Evidence 2(1), which delineates the scope of all the privilege rules. In fact, the language in the bill may be more restrictive on the extent of the privilege than the existing rule.

Another troublesome problem in considering any absolute press shield law was emphasized by comments made by Lester Markel, retired Sunday editor of the New York Times, in a recent article.

Mr. Markel wrote:

". . . Because the press, pretending to believe that there is no credibility gap and asserting its near-infallibility, countenances no effective supervision of its operations; it has adopted a holier-than-thou attitude,

citing the First Amendment and in addition the Ten Commandments and other less holy scripture. For example, the American Society of Newspaper Editors recently voted more than three-to-one against the establishment of any grievance committee, even one under its own auspices.

“Thus the stalemate: the public favors some kind of press council; the editors will have none of it. Question: What has happened to *pro bono publico*? Sooner or later the press must recognize that it has a semipublic status and should be subject therefore to the same kind of scrutiny it applies to other public and semipublic institutions; and, most of all, it must realize that it must be responsible as well as free because only if it is responsible and responsive can its freedom be assured.”

The press has been one of the important institutions in our society dedicated to fighting special privilege, wherever it exists. Now, some members of the press are seeking for themselves the ultimate special privilege — total and absolute immunity that, as one journalist recently testified in Washington, would go “beyond anything enjoyed today by anyone but absolute monarchs.” There are responsible spokesmen for the press who have serious reservations about an absolute shield law. Mr. Friendly issued this warning in his Columbia Journalism Review article:

“... A shield law must be precisely drawn. It should provide protection from prosecutors and others bent on fishing expeditions, but at the same time be limited enough not to produce all-purpose immunity for journalists. The shield law and the guidelines by which journalists work must be structured in such a way as to provide protection for the public’s need to know, but not be a sanctuary for those who because of fear, special interests, or just plain irresponsibility are seeking a privileged place to hide.”

Realistically, our whole judicial system has as its goal the obtaining of truth. The news media, operating within that system, have great strength and are provided with adequate protection by the privilege now granted under New Jersey law. New Jersey is one of only seventeen states in the nation having a statute which protects confidential sources of news information.

Senate Bill No. 1121 (OCR) was understandably an immediate and compassionate reaction to an unfortunate situation which resulted in a New Jersey newspaperman being incarcerated. Had he not voluntarily printed the name of his source, he would have had immunity and, in all probability, this reaction would not have occurred. This particular newsman had complete protection under our existing statute. He chose, however, to waive the immunity granted by naming the source of his information. His conviction for contempt of court was appealed to the Supreme Court of the State of New Jersey where Chief Justice Joseph Weintraub, during oral argument, expressed his deep concern on the issue of immunity for newsmen. The Chief Justice asked counsel for the defendant:

“You don’t dispute the fact that the Grand Jury was well within its obligation in investigating a publicized charge of corruption? You don’t question that?”

In answer to the argument that there might be impairment of “free flow” of the news, the Chief Justice asked:

“What do you mean by free flow? If anyone tried to enjoin you from printing a story I would be interested. That would be free flow. You are talking about assuming a free flow, but you want to keep it confidential while making it public.”

The debate over freedom of the press versus other constitutional guarantees to our citizens has raged since the beginning of the history of this country. Certainly, each new generation should examine this problem with fresh ideas and in light of contemporary history. Today the problem may need reexamination with particular emphasis given to the very sincere apprehensions expressed by the news media. This does not mean, however, that we should react precipitously and recommend a solution that may generate new and more serious problems than those we seek to correct. There is no crisis which calls for hasty action. Emotions may understandably run high when a reporter is jailed. Emotions cannot, however, be permitted to be the basis for legislation that has such far reaching effects as the proposed statute.

This, indeed, is a very difficult and complex problem because there are critical constitutional questions involved. These include the conflict, at times, between the freedom of

the press provided by the First Amendment and the right of every person to face his accuser guaranteed by the Sixth Amendment, and between the right of government to have evidence and the need to preserve the free flow of news. This problem is one that merits the most careful and intensive study and consideration, as it now is receiving on the Federal level in Washington.

Before taking further action on this all-important issue, I would strongly urge the Legislature to await the completion of the hearings in Washington and the decision of the Congress of the United States.

If the Legislature then so desires, it can direct an appropriate Joint Legislative Committee to conduct public hearings to permit representatives of the news media, the State Bar Association, legal scholars, law enforcement officials and interested private citizens to express their views. This, then would provide the kind of thoughtful study and careful definition on which the Legislature should base a final determination in seeking a responsible balance of the rights of government, the private citizen and the news media.

I am, therefore, returning Senate Bill No. 1121 (OCR) without my approval.

Respectfully,

/s/ WILLIAM T. CAHILL,
Governor.

SENATE BILL No. 4

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 4, with my objections, for reconsideration.

Senate Bill No. 4 would supplement Title 54 of the Revised Statutes to establish a procedure for the extension of time within which a taxpayer may file a local property tax appeal with a county board of taxation when a taxing district fails, for any reason, to send a timely bill to the

taxpayer in accordance with the provisions of R. S. 54:4-64. Under present law, a county board of taxation has no jurisdiction to grant relief to a taxpayer whose appeal is filed after the deadline established by R. S. 54:3-21, even when the taxpayer has received no tax bill by that time.

I am in general agreement with the intention of the sponsor to provide taxpayers with additional time within which to appeal their tax assessments in those exceptional circumstances when the taxing district has not sent out tax bills sufficiently before the August 15 deadline to enable taxpayers to prepare petitions of appeal. R. S. 54:4-64 presently requires taxpayers to ascertain from local officials the taxes due upon their properties even if they receive no bill, yet many individual taxpayers are not aware of this requirement and instead wait to receive their tax bills before taking steps to contest their assessments. It is the intent of Senate Bill No. 4 to recognize this situation and permit limited exceptions to the present law.

The bill should contain certain additional, express limitations, however, which it does not now have. It is important that the determination regarding the failure of a taxing district to send bills be made by county tax boards, in disputed cases, on the basis of sworn statements of tax collectors and taxpayers. This would prevent taxing districts from having to send all tax bills by registered or certified mail, and it would prevent any taxpayer from abusing the intent of the law by making unsubstantiated claims that he did not receive his tax bill. Furthermore, it is essential for the Legislature to maintain the integrity of the tax year so that a taxpayer can not challenge his assessment for the first time well after the time for normal administrative review has expired and after taxing districts have acted in reliance on their assessments. The retroactivity aspect of Senate Bill No. 4 is therefore undesirable. Because the existing statutory scheme provides that the county boards of taxation must hear and determine all appeals by November 15 and that further appeals must be taken to the Division of Tax Appeals by December 15, I am recommending that any extension of the August 15 deadline permitted under Senate Bill No. 4 be limited to no more than 30 days from the August 15 date. In addition, extensions should not be granted at all unless tax bills are not sent by July 15. It is not uncommon for taxing districts to fail to send bills out by June 1. However, the July 15 date

should provide ample opportunity for taxpayers to prepare petitions of appeal.

I am also recommending that the scope of the taxpayers' appeals under Senate Bill No. 4 be broadened to permit appeals on the grounds of discrimination as well as on the grounds of dissatisfaction with assessed valuations. This would make the types of appeals permitted under this bill similar to those permitted under existing law.

One significant problem in connection with the sending of tax bills is not remedied by Senate Bill No. 4. Many taxpayers never receive their tax bills at all because they have signed a waiver authorizing the tax collector to send the bill directly to a mortgagee. Mortgagees, of course, have little interest in the amount of taxes assessed against properties because they do not have to pay the taxes with their own funds; they merely collect the taxes from their mortgagors and make timely payments to the taxing districts to protect their investments. The taxpayers may not know what taxes they have paid until they receive an itemized statement from their mortgagees at the end of the year, long after the August 15 appeal deadline has passed.

I am therefore recommending that Senate Bill No. 4 be amended to include a provision requiring tax collectors to send duplicate tax bills, for advice only, to those individuals assessed who have authorized their tax collector to send the original tax bill to their mortgagees.

For these reasons, I herewith return Senate Bill No. 4 for reconsideration and recommend that it be amended as follows:

1. *Page 1, Title, Line 2:* After "and" insert "amending and".

2. *Page 1, Section 1, Line 2:* After "upon" insert "the written application of the taxpayer and".

3. *Page 1, Section 1, Line 4:* After "taxpayer" insert "feeling".

4. *Page 1, Section 1, Lines 4 and 5:* Delete "in any manner because of" and insert "by" and after "property," insert "or feeling that he is discriminated against by the assessed valuation of other property in the county,".

5. *Page 1, Section 1, Line 7*: After “deliver” insert “a” and delete “bills” and insert “bill” in lieu thereof.

6. *Page 1, Section 1, Lines 7 and 8*: Delete “the individuals assessed in accordance with the provisions of R. S. 54:4-64” and insert “such taxpayer before July fifteenth. When the collector of the taxing district informs the county board of taxation that a tax bill was mailed or otherwise delivered to the taxpayer before July fifteenth, the county board shall determine whether the taxing district failed to send a tax bill to the taxpayer only after providing the collector and the taxpayer a reasonable opportunity to submit sworn statements regarding the sending and receipt of the tax bill”.

7. *Page 1, Section 2, Line 4*: After “act” insert “; provided, however, that no such extension shall be for more than 30 days from the date otherwise provided by law”.

8. *Page 1, Section 2, after Line 6*: Insert new Section 3 as follows:

“3. R. S. 54:4-64 is amended to read as follows:

“54:4-64. As soon as the tax duplicate is delivered to the collector of the taxing district, as provided in section 54:4-55 of this title, he shall at once begin the work of preparing, completing, mailing or otherwise delivering tax bills to the individuals assessed, and shall complete that work at least two months before the third installment of taxes falls due. He shall also, at least two months before the first installment of taxes for the year falls due, prepare and mail, or otherwise deliver to the individuals assessed, a tax bill for such following first and second installments, computed as hereinafter provided at one-half of the complete tax last previously levied. *When any individual assessed has authorized the collector to mail or otherwise deliver his tax bill to a mortgagee or any other agent, the collector shall, at the same time, mail or otherwise deliver a duplicate tax bill to the individual assessed and shall print across the face of such duplicate tax bill the following inscription: ‘This is not a bill — for advice only.’* The validity of any tax or assessment, or the time at which it shall be payable, shall not be affected by the failure of a taxpayer to receive a tax bill, but every taxpayer is put upon notice to ascertain from the proper official of the taxing district the amount which may be due for taxes or assessments against him or his property.”

9. *Page 1, Section 3, Line 1*: Delete "3" and insert "4".
10. *Page 1, Section 3, Lines 1 and 2*: Delete "and shall be retroactive to June 1, 1971".

SENATE BILL No. 466

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 466, with my objections, for reconsideration.

Senate Bill No. 466 provides that "Island Beach State Park shall from this day forward be preserved for posterity in its present state." I am acutely aware of the absolute necessity for the preservation of such remaining natural preserves as we are fortunate enough to have in New Jersey, especially in this period of rapidly diminishing open space and the resulting destruction of our natural resources. Island Beach State Park is indeed one of the finest natural expanses of barrier beach remaining on the East Coast, and it must be preserved.

The broad language of Senate Bill No. 466, however, would prohibit even normal maintenance and repair of the Park and its facilities by the Division of Parks and Forestry in the Department of Environmental Protection. I think it is as important to insure the proper preservation of this particular Park as it is to preserve open spaces generally. It is therefore the better course to provide for the preservation, maintenance and improvement of Island Beach State Park in such manner as the Division of Parks and Forestry determines will best perpetuate the Park's present physical state.

Accordingly, I herewith return Senate Bill No. 466 for reconsideration and recommend the following changes:

1. *Page 1, Section 1, Lines 7 and 8*: Delete "in its present state for posterity" and insert " , maintained and improved

in such a manner as the Division of Parks and Forestry in the Department of Environmental Protection determines will best perpetuate the Park's present physical state".

2. *Page 1, Section 2, Line 2:* Delete "its present state" and insert "accordance with the terms of this act".

Respectfully,

/s/ WILLIAM T. CAHILL,
Governor.

SENATE BILL No. 646

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 646, with my objections, for reconsideration.

Senate Bill No. 646 would amend R. S. 17:45-22 to increase from \$500.00 to \$1500.00 the amount of death benefits which could be paid by a mutual benefit association which is exempted from the provisions of chapter 45 of Title 17 of the Revised Statutes. The bill would also amend R. S. 17:45-23 to increase from \$300,000.00 to \$500,000.00 the amount of assets which must be maintained by a mutual benefit association which is exempted from the provisions of chapter 45 of Title 17 of the Revised Statutes.

Within chapter 45 of Title 17 of the Revised Statutes there are two provisions exempting mutual benefit associations from the requirements of that chapter R. S. 17:45-18 and R. S. 17:45-21. The former section, R. S. 17:45-18, exempts fraternal benefit associations. The section would also exempt associations conducting the business of life, health or accident insurance for profit or gain, which would be regulated under a separate chapter of Title 17 of the Revised Statutes. Associations which provide life insurance for a restricted group or organization such as those listed in R. S. 17:45-18 would also be exempted.

The other exemption section, R. S. 17:45-21, exempts associations which write policies with a maximum death

MONDAY, MARCH 19, 1948

benefit of \$250.00, which have minimum assets of \$250,000.00 and which meet certain other stated criteria. This type of association, unlike the associations exempted in the section previously discussed, is not related to or connected with any organization or group and can sell its policies to anyone in the State of New Jersey. Essentially, the association can function like an insurance company rather than an association of persons to provide insurance for their common welfare or mutual benefit.

Any association exempted from the provisions of chapter 45 of Title 17 of the Revised Statutes, either under R. S. 17:45-18 or R. S. 17:45-21, is essentially unregulated and uncontrolled by the Department of Insurance except for meeting the statutory requirements within each of the sections to qualify as an exempted association. The only justification for permitting an association which functions like an insurance company to continue to be unregulated is if, as the exemption was originally worded, the amounts of the policies that the association can write are very small. Originally, the maximum dollar figure for a policy was \$250.00.

Subsequently, a new provision, R. S. 17:45-22, was enacted to raise the maximum amount an exempted association could pay on a policy to \$500.00. Senate Bill No. 646 would again raise this maximum to \$1500.00. The maximum amounts of a policy certainly should be adjusted to meet the reality of the value of money in today's society. However, I could not, in good conscience, triple the maximum amount an association which can function like an insurance company could write as a policy and continue to permit that association to be totally unregulated except for the continually changing requirements for exemption from regulation. Any justification for having non-fraternal unregulated associations is virtually eliminated by the tremendous increase in the face amount of the policy which can be written by such an association. Consequently, the increase in the permissible amount of a policy in Senate Bill No. 646 must be combined with the type of regulation to which any insurance company is subject for any association which is unrestricted in terms of persons who can become members of that association.

Accordingly, I herewith return Senate Bill No. 646 for reconsideration and recommend that it be amended as follows:

field logs. The better approach would be to allow individual farmers to have the option of keeping field logs as long as they do so properly. If any farmer fails to maintain adequate records, he should then be required to purchase and use the necessary water meters.

Accordingly, I herewith return Senate Bill No. 698 for reconsideration and recommend that it be amended as follows:

1. *Page 1, Section 1, Line 11:* After "withdrawal" insert "; provided, however, that if the division determines at any time that a permit holder who has elected to keep a log or other record has failed to comply with the division's regulations regarding the keeping of logs or other appropriate records, an amended permit may be issued to such permit holder requiring the use of a water meter or meters for the keeping of records".

2. *Page 2, Section 2, Line 17:* After "withdrawal" insert "; provided, however, that if the division determines at any time that a permit holder who has elected to keep a log or other record has failed to comply with the division's regulations regarding the keeping of logs or other appropriate records, an amended permit may be issued to such permit holder requiring the use of a water meter or meters for the keeping of records".

SENATE BILL No. 982

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 982 with my objections, for reconsideration.

Senate Bill No. 982 would make a slight change in the State's Unemployment Compensation Law. In 1951, an

amendment to the Unemployment Compensation Law was enacted to exclude from the definition of "employment" those services performed by a committee member or part-time officer of a labor union local when the remuneration for such services is less than \$250 in a calendar year. Senate Bill No. 982 would increase the amount of remuneration in this exclusion from \$250 to \$1,000 in recognition of inflation and wage level changes since 1951. The amendment would apply to all services performed after January 1, 1971.

I am in agreement with the change which would be made in the amount of remuneration involved, but the retroactive aspect of the bill creates unnecessary and unacceptable problems. The United States Secretary of Labor must review and approve all State unemployment compensation legislation adopted pursuant to the Federal Unemployment Tax Act, and he has advised me that the effective date of January 1, 1971 set forth in Senate Bill No. 982 on page 9, line 356 should be changed to January 1, 1973 in order to avoid a problem of conformity with Federal law.

If the January 1, 1971 date were to become law in New Jersey, it could be construed to require New Jersey to refund 1971 and 1972 contributions which were made in compliance with the law in those years. However, federal law provides only for refunds of "erroneous" payments. Since the 1971 and 1972 contributions, being required by law, were not "erroneous" payments, they could not be refunded without creating a lack of conformity with Federal legislation. One consequence would be that the United States Secretary of Labor could refuse to certify for payment to New Jersey the amount otherwise available to this State for the purpose of assisting in the administration of our unemployment compensation law. 42 U.S.C. §§ 501 *et seq.* The other adverse consequence would be that employers could lose their credit against the Federal Unemployment Tax Act for the amount of contributions paid into the State Unemployment Compensation Fund if the law is found to be nonconforming. 26 U.S.C. §§ 3301 *et seq.*

These serious problems would be avoided if the change from \$250 to \$1,000 in R. S. 43:21-19(i)(1)(N) were made applicable to services performed after January 1, 1973.

Accordingly, I herewith return Senate Bill No. 982 for reconsideration and recommend the following change:

2. That the Secretary of the Senate forward 80 copies of said Senate Concurrent Resolution No. 2011 to the General Assembly with the request that the same be placed upon the desks of each member thereof in open meeting forthwith.

The Secretary then caused to be placed upon the desk of each member a copy of Senate Concurrent Resolution No. 2011 and the placing thereof is hereby noted in the Journal.

Mr. Dumont offered the following resolution, which was read and adopted:

Resolved: 1. That printed copies of Senate Concurrent Resolution No. 2013 entitled "A Concurrent Resolution proposing an amendment to Article IV, Section VII, paragraph 2, of the Constitution of the State of New Jersey," be placed upon the desks of the members of the Senate forthwith, and that a record of such action be made in the Journal of the Senate; and

2. That the Secretary of the Senate forward 80 copies of said Senate Concurrent Resolution No. 2013 to the General Assembly with the request that the same be placed upon the desks of each member thereof in open meeting forthwith.

The Secretary then caused to be placed upon the desk of each member a copy of Senate Concurrent Resolution No. 2013 and the placing thereof is hereby noted in the Journal.

Senate Concurrent Resolution No. 2012, as amended, and Senate Concurrent Resolutions Nos. 2010, 2011 and 2013, were taken up, read a second time, and ordered to a third reading.

Mr. Hirkala offered the following resolution, which was read and adopted:

Resolved that the action of the Senate on February 22, 1973 in adopting and according second reading to a Committee Substitute for Assembly No. 1563 be rescinded and that the bill be re-referred to the Labor, Industry and Professions Committee for further consideration.

The Labor, Industry and Professions Committee reported the following bill favorably with amendments and on motion of the Chairman the amendments were adopted.

Assembly No. 1563.

Assembly No. 1563, with Senate committee amendments was taken up, read a second time, and ordered to a third reading.

Mr. Hirkala offered the following resolution, which was read and adopted by the following vote:

Be It Resolved by the Senate by the vote of three-fourths of all of its members, signified by yeas and nays entered on the Journal of the Senate, that Assembly No. 1563, with Senate committee amendments is an emergency measure and may proceed forthwith from second to third reading.

Assembly No. 2440, with the following statement:

SENATE LAW, PUBLIC SAFETY AND DEFENSE COMMITTEE

STATEMENT TO
ASSEMBLY No. 2440

Dated: April 26, 1973

Pursuant to P. L. 1965, c. 107 (C. 39:3-76.2), it is mandatory that passenger automobiles be equipped with at least two (2) front seat belts of a type approved by the Director of the Division of Motor Vehicles.

Assembly No. 2440 would allow the director to approve other suitable restraining devices. The purpose is to allow customers to purchase automobiles with such devices as "air bags" which will be available in certain 1974 model cars. Under present law, a person could order "air bags," but would have also to pay for seat belts as presently required by law.

The Labor, Industry and Professions Committee reported the following bill favorably without amendment:

June 28, 1973.

Honorable Alfred N. Beadleston
President of the Senate
54 Broad Street
Room 214
Red Bank, New Jersey 07701
Honorable Thomas H. Kean
Speaker of the House
1 Elizabethtown Plaza
Elizabeth, New Jersey 07202

GENTLEMEN :

Pursuant to Chapter 131 of the Laws of 1968 (N. J. S. A. 17:29C-1 et seq.), I do hereby certify that the need for orderly continuation or replacement of necessary fire and casualty insurance coverage, excluding accident and health coverage, continues to exist. To facilitate such orderly continuation or replacement, I do further certify the continuing need for the Directive of the Commissioner of Banking and Insurance dated July third, 1968 ordering that all fire and casualty policies of insurance, except accident and health policies, shall provide for the issuing company to give:

1. Thirty days' written notice to the assured of the cancellation of any policy.
2. Thirty days' written notice of cancellation of any policy to any mortgagee mentioned in said policy; and
3. Thirty days' written notice to the assured of said company's intent not to renew any policy.

Notices of cancellation providing less than thirty days' notice issued by any company doing business in New Jersey to be effective on or after July third, 1973 will be null and void and the provisions of the Directive shall obtain.

Very truly yours,

/s/ RICHARD C. McDONOUGH.
RICHARD C. McDONOUGH.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
September 10, 1973. }

SENATE BILL No. 1127

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1127, with my objections, for reconsideration.

This bill provides for reimbursement to the various counties when cases are transferred by the Chief Justice from one county to another to facilitate their disposition. The bill provides for reimbursement in the amount of \$50.00 per case whether or not it is brought to trial, and \$200.00 for each day or part of a day of trial. Certification of the claims for reimbursement will be processed through the office of the Administrative Director of the Courts. One-half of the claim is to be paid by the county from which a case is transferred. The other half of the claim is paid out of funds appropriated to the judiciary.

I am in complete support of the purpose and intent of this bill. This legislation will enable the Chief Justice to speed up the disposition of cases without placing an undue financial burden on any particular county.

MONDAY, SEPTEMBER 10, 1973

The bill has a technical problem. It provides an appropriation of \$75,000.00 for the fiscal year ending June 30, 1973. The appropriation should not be so limited to that particular year. This amount should be appropriated generally to the judiciary to effectuate the purpose of this act.

Accordingly, I herewith return Senate Bill No. 1127 for reconsideration and recommend that it be amended as follows:

Page 1, Section 3, Line 2: Delete "for the fiscal year ending June 30 1973"

Respectfully,

/s/ WILLIAM T. CAHILL,
Governor.

[SEAL]
Attest:

/s/ JEAN E. MILFORD,
Acting Secretary to the Governor.

On motion of Mr. Woodcock, Senate No. 1127 was given first reading for the purpose of reenactment.

On motion of Mr. Woodcock, Senate No. 1127 was read a second time and amended in accordance with the Governor's recommendations.

SENATE BILL NO. 319

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 319, with my objections, for reconsideration.

This bill provides that persons employed as county park police officers who are disqualified by age from taking the civil service examinations in question shall be placed in the classified service of the civil service, provided that they were continuously employed prior to August 1, 1964 on a temporary basis, and that they take and pass the applicable written and oral examinations and a physical examination compatible with age. The bill requires that the examinations be conducted by the Civil Service Commission within 30 days of the effective date of this act. It also stipulates that the police officers in question shall be placed in the classified civil service with permanent status, effective as of January 2, 1970.

I have no objection to permitting the individuals in question to take examinations despite the fact that they are disqualified by age from doing so under current law. It is my opinion, however, that certain amendments are necessary to make this proposal acceptable.

The Civil Service Commission would be unable to comply with the requirement that the examinations in question be conducted within 30 days of the effective date of this act. I therefore recommend that the bill be amended to require that the examinations be held as soon as practicable. It would likewise be impossible to design and administer a physical examination compatible with the age of each of the individuals in question, and oral examinations are not employed by the Civil Service Commission. The bill should therefore be amended to delete all references to oral and physical examinations.

It is also my firm conviction that the granting of permanent status to these individuals should not be retroactive, but should be effective only from the effective date of this act. Finally, the appointments in question were provisional rather than temporary appointments, and the bill should be amended to reflect this fact.

Accordingly, I am returning Senate Bill No. 319, for reconsideration with the recommendation that it be amended as follows:

1. *Page 1, Section 1, Line 4:* After "on a", delete "temporary" and insert "provisional".

2. *Page 1, Section 1, Line 7:* After "written" delete "and oral".

3. *Page 1, Section 1, Lines 7-8:* After "examinations" delete "and a physical examination compatible with age".

4. *Page 1, Section 1, Line 9:* Delete "within 30 days of the effective date of this act", and insert "as soon as practicable".

5. *Page 1, Section 1, Line 10:* After "on a", delete "temporary" and insert "provisional".

6. *Page 1, Section 1, Lines 11-12:* After "employed on", delete "January 2, 1970" and insert "the effective date of this act".

7. Page 1, Section 1, Line 13: After "as of", delete "January 2, 1970", and insert "the effective date of this act".

SENATE BILL NO. 411

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 411, with my objections, for reconsideration.

This bill applies to situations where an Educational Services Commission, a Jointure Commission, the Commissioner of Education, the State Board of Education, the Chancellor, the State Board of Higher Education or the board of trustees of any State college, or any officer, board or commission under his, its or their authority, takes over the operation of a school which was previously operated by a local school district, or where a local school district takes over the operation of a school which was previously operated by an Educational Services Commission, a Jointure Commission, the Commissioner of Education, the State Board of Education, the Chancellor, the State Board of Higher Education or the board of trustees of any State college, or any officer, board or commission under his, its or their authority. In either one of these situations, this bill would require that all teaching staff members shall continue in their respective positions in the school in question, and that all their rights of tenure, seniority, pension, leave of absence and other similar benefits shall be recognized and preserved. Additionally, the bill provides that any periods of prior employment in the school shall count towards the acquisition of tenure to the same extent as if the transfer of operational control had not occurred.

I am in full agreement with the legislative determination that the employment rights of teachers should not be destroyed by the types of transfers in question. This situation is in many ways similar to the problems that arise when local school districts combine into a regional district. In such a situation, N.J.S. 18A:13-42 specifically provides that the tenure and pension rights of the teachers in the local districts shall not be affected by the consolidation. That statute also specifies that periods of employment prior to such a consolidation shall count toward the acquisition of tenure in the regional district. It does not, however, purport to affect seniority, leave of absence and other similar benefits.

In the situations covered by this bill, I feel that fairness dictates that the tenure and pension rights of the transferred teachers be preserved, but it would be neither wise nor practical to attempt to preserve rights of seniority, leave of absence and other similar benefits by statute. In some instances, the public instrumentality taking over the school may not have the legal power to grant some of the benefits which were provided prior to the transfer. Furthermore, where the school is consolidated with other institutions, or incorporated into a system of similar schools, it would be inequitable to have the transferred teachers receiving benefits which differ from those given teachers already in such a system. Consideration must be given to the seniority rights of the teachers who are already in the system and any contracts negotiated between the representatives of these teachers and the unit taking over the school in question. In any case, matters of seniority, leave of absence, and other similar benefits are more appropriately handled through the collective bargaining process, where applicable, or through other appropriate procedures, and should not be imposed by law.

I believe that in referring to leave of absence rights, the drafters of this bill were primarily concerned with preserving any accumulated sick leave that the teachers in question had acquired prior to the transfer. If this is true, the bill should be amended in such a manner as to specifically deal with this problem, without affecting leave of absence rights which would accrue after the transfer.

This bill presently states that "all teaching staff members shall continue in their respective positions . . ."

Read literally, this would require a teacher to continue to teach in the school even if he wished not to do so. Conversely, this provision might be interpreted to require the retention of a teacher even though his position is no longer necessary and would otherwise be eliminated. Finally, it is unclear how long these teachers would have to be continued in their respective positions. The intent of this provision is apparently to guarantee the teachers in the school being transferred the same right to continued employment as they would have had in the absence of such a transfer.

In this regard, the provision requiring the recognition and preservation of tenure rights should be adequate to protect teachers who are under tenure. I believe that the most appropriate way of dealing with the reemployment rights of non-tenured teachers is to amend this bill to require that they must be given notice of whether they will be offered a contract for the coming academic year on or before April 30, in accordance with P. L. 1971, c. 436 (C. 18A:27-10 et seq.). This would give the non-tenured teachers the same rights they would have had if no transfer were to occur, while preserving the rights of the employer to decide whether to rehire a probationary teacher. Since in some instances teachers may wish to remain in the present school district rather than being transferred with the school, it is best to require both the authority formerly operating the school and the one taking it over to make their intentions known by April 30.

Accordingly, I am returning Senate Bill No. 411, for reconsideration, with the recommendation that it be amended as follows:

1. *Page 1, Section 1, Line 7*: After "State," insert "all accumulated sick leave, tenure and pension rights of".

2. *Page 1, Section 1, Lines 7-8*: After "members" delete "shall continue in their respective positions".

3. *Page 1, Section 1, Line 8-9*: After "school" delete "and all of their rights of tenure, seniority, pension, leave of absence and other similar benefits".

4. *Page 1, Section 1, Line 10*: After "preserved" insert "by the agency assuming operational control of the school,".

5. *Page 1, Section 2, Line 7*: After "authority," insert "all accumulated sick leave, tenure and pension rights of".

6. *Page 1, Section 2, Line 8*: After "members" delete "shall continue in their respective positions".

7. *Page 1, Section 2, Lines 9-10*: Delete "and all their right of tenure, seniority, pension, leave of absence and other similar benefits".

8. *Page 1, Section 2, Line 10*: After "preserved" insert "by the board assuming operational control of the school,".

9. *Page 2, Section 2, after Line 16*: Insert a new section 3 as follows:

"3. For the academic year following any transfer of operational control under section 1 or section 2 of this act, both the local school board and the Educational Services Commission, Jointure Commission, Commissioner of Education, State Board of Education, Chancellor, State Board of Higher Education or the board of trustees of a State college, as the case may be, shall comply with the notice requirements of P. L. 1971, c. 436 (C. 18A:27-10 et seq.), to the same extent as if each had been the employer of all teaching staff members of the school in question during the academic year preceding the transfer of operational control."

10. *Page 2, Section 3, Line 1*: Delete "3" and insert "4".

SENATE BILL No. 542 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 542 (OCR) for reconsideration.

This bill amends section 6 of P. L. 1948, c. 198 (C. 40:11A-6) to include the management and operation of on-street parking meters and facilities and the enforcement of laws and ordinances related to parking within the powers of municipal parking authorities, when authorized by the municipal governing body. Parking authorities now only have responsibility over off-street parking.

The statute, as presently written, includes within the responsibilities of the parking authority the "promotion of free movement of traffic and relief of traffic congestion on the streets of said area . . .". This responsibility can now only apply to off-street parking "areas" over which the authority has control. However, Senate Bill No. 542 (OCR) would broaden this responsibility to the entire "municipality" and would include on-street parking.

Under R. S. 39:4-202, a municipal ordinance dealing with the regulation of traffic and parking must be approved by the Commissioner of the Department of Transportation before it can be effective. It is not clear from the wording of Senate Bill No. 542 (OCR) whether parking authorities would be subject to this same limitation when, under the expanded responsibilities in the bill, they act with respect to the regulation of traffic and on-street parking. This requirement of obtaining authorization from the Department of Transportation, when necessary, should be specified in the bill.

Accordingly, I herewith return Senate Bill No. 542 (OCR) without my approval and respectfully recommend the following changes:

Page 1, Section 1, Line 12: After "and" insert ", subject to the provisions of R. S. 39:4-202,"

SENATE BILL No. 918

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 918, with my objections, for reconsideration.

This bill amends the laws pertaining to The United Methodist Church. It provides that members of the church who are 18 years of age and older shall be entitled to vote at meetings, conferences, etc., and to otherwise participate in administrative functions. The bill also provides for the alteration or amendment of a certificate of incorporation of any church incorporated under this law by the filing of an appropriate certificate signed by the president or vice-president and secretary and acknowledged as in the case of deeds to real estate. The bill also clarifies some language in respect to the reversion of property belonging to or held in trust for any local church of The United Methodist Church that has become abandoned.

I am in agreement with the language of this bill insofar as it authorizes persons 18 or more years of age to vote and participate in church functions. It is consistent with the change in the age of majority in New Jersey from 21 to 18 years pursuant to P.L. 1972, c. 81. However, the bill does not amend Sections of P.L. 1968, c. 235, which require that trustees of the local church of The United Methodist Church must be 21 years of age. It is my recommendation that the age in this instance be similarly reduced to 18 years of age.

While this legislation authorizes changes in a certificate of incorporation upon the signature of either the president or vice-president and the secretary, no change is made in the language of the existing law which requires the certificate of incorporation of such churches to be executed by the duly elected trustees. It is my recommendation that the trustees be authorized to elect appropriate officers such as president, vice president and secretary for the execution of certificates of incorporation in the first instance.

Accordingly, I herewith return Senate Bill No. 918 for reconsideration and recommend that it be amended as follows:

Page 1, after enacting clause: Insert a new Section 1 and Section 2 as follows:

“1. Section 1 of P.L. 1968, c. 235 (C. 16:10A-2) is amended to read as follows:

1. When so authorized and directed by the charge conference of any unincorporated local church duly organized in accordance with the Discipline of The United Methodist Church, the board of trustees may incorporate, or if incorporated may reincorporate, such church in the following manner:

a. Pursuant to a resolution adopted by such board of trustees, a meeting of the membership of such church shall be called by notice in writing signed by the president or secretary of such board. Such notice shall state that at a specified date, time and place a meeting will be held for the purpose of incorporating or reincorporating such church, selecting a name therefor and electing trustees thereof. Such notice shall be posted conspicuously at the main entrance of the usual place of worship at least 10 days prior to the date of such meeting, and shall be read at each of the 2 morning services of worship, at least 1 week apart, preceding the date of such meeting.

b. At such meeting the district superintendent, or by his written designation the pastor, shall preside, and a secretary shall be elected to record the proceedings.

c. If at such meeting the members present and voting shall determine by resolution to incorporate or reincorporate such church, they shall similarly determine the name of the incorporated church and the number of its trustees which shall be 3, 6 or 9. Such members shall elect the number of trustees, decided upon, which trustees shall be not less than [21] 18 years of age, and $\frac{2}{3}$ of whom shall be full members of The United Methodist Church. One-third of such trustees shall be elected to hold office until the end of the annual conference year in which elected, $\frac{1}{3}$ until the end of the next succeeding annual conference year, and $\frac{1}{3}$ until

the end of the second succeeding annual conference year."

"2. Section 2 of P.L. 1968, 3. 235 (C. 16:19A-3) is amended to read as follows:

2. Whenever a local church of The United Methodist Church shall have resolved to incorporate or reincorporate at a meeting held for such purpose, as provided by section 1 of this act, the duly elected trustees *or appropriate officers elected by such trustees* shall execute and acknowledge, before any person authorized to take acknowledgment of deeds, a certificate of incorporation setting forth:

- a. The place and date of such meeting;
- b. The name of the incorporated church and the municipality and county in which it is located;
- c. The names and respective periods of office of the trustees elected;
- d. A statement that the members of the corporation shall be the members of the charge conference of such church as constituted in accordance with the Discipline of The United Methodist Church;
- e. A statement that the corporation shall support the doctrine, and it, and all its property, both real and personal shall be subject to the laws, usages, and ministerial appointments of The United Methodist Church as are now or shall be from time to time established, made, and declared by the lawful authority of The United Methodist Church; and
- f. The approval of the district superintendent of that district of the annual conference in which such local church is located.

Upon the filing of such certificate in the office of the clerk of the county in which such local church is located and in the office of the Secretary of State, such local church shall be a corporation by the name stated in such certificate, and the persons therein stated to be the elected trustees of such incorporated local church shall be authorized to serve for the terms for which they were elected and until their successors have been duly elected and qualified."

Page 1, Section 1, Line 1: Delete "1." insert "3."

Page 1, Section 1, after Line 16: Insert a new Section 4 as follows:

"4. Section 7 of P.L. 1968, c. 235 (C. 16:10A-8) is amended to read as follows:

7. The board of trustees of any local church of The United Methodist Church shall consist of 3, 6 or 9 members, as may be provided by the certificate of incorporation, each of whom shall be not less than [21] 18 years of age, and at least $\frac{2}{3}$ of whom shall be full members of The United Methodist Church. The members of the board of trustees shall be divided into 3 classes, each class having an equal number of members, and the terms of office of one class shall expire at the end of each annual conference year.

An election of trustees of a local church of The United Methodist Church shall be held annually at a meeting of the charge conference. Trustees shall be elected by the charge conference unless the charge conference shall have previously ordered that election shall be by the membership of the church. At least 10 days' notice of the time and place of meeting for election of trustees shall be given to the members of the church in writing or from the pulpit or in the weekly bulletin. Such notice shall be given by the pastor or the charge conference or the district superintendent, and shall state the names of those trustees whose successors are to be elected.

Trustees shall be elected to succeed those whose terms expire at the end of the annual conference year in which such meeting is held, and to fill a vacancy or vacancies in any other class which has occurred since the last annual election; provided, however, that a trustee may be elected to succeed himself. The persons elected shall take office at the beginning of the ensuing annual conference year, to serve for a term of 3 years or until their successors have been duly elected and qualified; but any trustee elected to fill a vacancy shall serve only for the term of such vacancy.

Any vacancy in the board of trustees of a local church of The United Methodist Church may be filled until the

MONDAY, NOVEMBER 12, 1973

next annual election by the charge conference of such church at any regular or special meeting.”

SENATE BILL No. 1051

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1051, with my objections, for reconsideration.

This bill provides that a municipal police officer charged with committing a crime may be suspended from his duties, but not without pay, until the case is finally adjudicated, except when he is charged with a high misdemeanor. I am sympathetic to the intent of this bill to relieve municipal police officers of the extreme financial hardships resulting from suspensions without pay. Nevertheless, there are situations in which a municipality should be permitted to suspend without pay, as where a grand jury has found sufficient credible evidence to return an indictment against the police officer or where the offense involves moral turpitude or dishonesty. In such situations, the decision of whether to suspend with or without pay should be left to the discretion of the municipality.

Furthermore, while the bill infers that an officer charged with a high misdemeanor may be suspended without pay, it is not clear from the wording of the bill whether such an officer may even be suspended.

Accordingly, I herewith return Senate Bill No. 1051 for reconsideration and recommend that it be amended as follows:

SENATE BILL No. 2236

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 2236, with my objections, for reconsideration.

This bill would eliminate the necessity to obtain a special permit for each trip that a commercial vehicle makes carrying a load which exceeds 96 inches in width, the State and Federal maximum width for vehicles, by establishing a right to an annual special permit allowing repetitive trips of loads not to exceed 105½ inches in width. An annual special permit would be subject to the same restrictions as the special permit issued for each trip.

I recognize that there are situations in which the 96-inch width limitation must be exceeded and that there are other situations in which it is economically unfeasible to operate within the 96-inch width limitation. When such situations are recurring, it would be beneficial to commercial interests to permit the Director of the Division of Motor Vehicles to issue annual permits, provided no safety hazard is presented. I do not agree with Senate Bill No. 2236 in its present form because it creates a right to an annual permit notwithstanding the fact that no need is demonstrated for an annual permit in a given situation.

An annual permit should be provided at the discretion of the Director of the Division of Motor Vehicles when need is demonstrated and when no safety hazard is created. Such a procedure would permit the Director to make a determination in each individual case that an annual special permit was warranted under the circumstances.

Presently, there are no restrictions on the width of a vehicle under a special permit. The limitation within Senate Bill No. 2236 to widths of 105½ inches should, therefore, be eliminated.

Accordingly, I herewith return Senate Bill No. 2236 for your reconsideration and recommend the following changes :

Page 1, Section 1, Lines 5-7: Delete "shall, the provisions of any rule or regulation promulgated by the director to the contrary notwithstanding, be entitled" insert "may apply to the director"

Page 1, Section 1, Lines 8, 9: Delete "of \$50.00" insert "to be set at the discretion of the director"

Page 1, Section 1, Line 9: Before "Such" insert "The director, in his discretion, may issue an annual special permit."

Page 1, Section 1, Lines 11-17: Delete "no such annual special permit or special single trip permit shall restrict the number of objects carried or require the dismantling, reduction in quantity, or reloading of any load, as long as the maximum outside width of any such commercial motor vehicle, tractor, trailer or semi-trailer, inclusive of load, does not exceed 105½ inches; provided further, however, that"

SENATE BILL No. 1125

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1125, without my approval.

This bill would amend the Police and Firemen's Retirement System law to include full-time employees of the

inspector force of the Division of Motor Vehicles. These employees have been included in the Police and Firemen's Retirement System pursuant to the provisions of Senate Bill No. 2310, which I signed into law on June 1, 1973, and is now chapter 156 of the Public Laws of 1973.

Enactment of this legislation is therefore unnecessary to bring these motor vehicle inspectors into the system, and such action would in fact jeopardize the status of the other law enforcement officers brought into the system by Senate Bill No. 2310.

Accordingly, I herewith return Senate Bill No. 1125, without my approval.

SENATE BILL No. 1190

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1190, without my approval, for the following reasons:

This bill amends the State Health Benefits Program to require the State to pay health insurance premiums for State employees who retired on or after July 1, 1967 after having completed 25 years or more of service as a member of a State administered retirement system. Presently, the State pays these premiums for State employees who retired on or after July 1, 1972 with 25 years of service or more.

Employees who retired as members of the State administered retirement systems on or after July 1, 1964 are eligible for benefits under the State Health Benefits Program. This bill, while it applies retroactively to cover those persons retiring on or after July 1, 1967, omits persons otherwise eligible who retired between July 1, 1964 and July 1, 1967. There appears to be no valid reason for making

this legislation retroactive and yet omitting from its coverage a large group of State employees who would otherwise be eligible. Legislation such as this is discriminatory and results in inequity.

It is my recommendation that the Legislature consider a bill to include all retired State employees having 25 or more years of service who retired on or after July 1, 1964. In this manner, all those persons similarly situated and similarly in need would receive fair and equitable treatment. In this regard, I feel the cost ramifications of the bill presently before me and the recommendations I make herein should be made abundantly clear. The increased cost to the State for including State employees who retired on and after July 1, 1967 is \$473,000. This is the cost of the bill presently before me. The cost which would be required to include all eligible State employees (those retiring on or after July 1, 1964) would be an additional \$636,240. In effect, the total cost to include all these eligible State employees would be slightly in excess of \$1.1 million. It is my belief that the Legislature, if it is going to act in this area, should include all those otherwise eligible and not arbitrarily omit those otherwise deserving who retired between July 1, 1964 and July 1, 1967.

If the Legislature is prepared to pass a bill broad enough to include all retired State employees otherwise eligible for these benefits and in addition make the necessary appropriation therefor, I would be disposed to sign such a bill.

Accordingly, I feel that I must return Senate Bill No. 1190 without my approval.

Respectfully,

The following veto messages were received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

SENATE BILL No. 2148 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 2148 (OCR), with my objections, for reconsideration.

This bill provides for the establishment and certification of Health Maintenance Organizations (H.M.O.). The H.M.O. provides, or otherwise assures, the delivery of basic health maintenance and treatment on a prepaid basis to a voluntarily enrolled group within a certain geographical area. I wholeheartedly support this relatively new and innovative alternative method of providing health care services to the public. Yet, because of a number of problems in Senate Bill No. 2148 (OCR), I must conditionally veto the bill to ensure the best possible framework for providing this new health care delivery system.

The definition for basic comprehensive health services is incomplete. The definition for comprehensive health care

services, which intends to include the basic services, improperly refers to "basic comprehensive *minimum* health care services." Furthermore, while the term "health care services" was deleted in the definition section of the bill, that term is still utilized throughout the bill. The definitions for comprehensive health care services and basic health services are so broad as to provide no guidance as to which services are included in basic services and which services may be provided as comprehensive services. The determination as to which services should be minimally provided by a H.M.O. should be left to the Commissioner of Health. Similarly, the limitations upon which services may be provided by a H.M.O. should be determined by the Commissioner of Health. These amendments facilitate and simplify changes in these definitions in the future.

Senate Bill No. 2148 (OCR) assumes that a H.M.O. will file amendments to the information submitted within the application for a certificate of authority to operate a H.M.O. See Section 18a(1). No procedure, however, is provided within the bill to file amendments to the information submitted in the application with the commissioner. Such a procedure should be outlined and specifically included in the bill.

Sections 8 and 10 of Senate Bill No. 2148 (OCR) provide that enrollees in H.M.O.'s receive certain specified information. This information should be provided to any person who receives health care services through the H.M.O. H.M.O.'s are permitted to furnish health care services to persons other than enrollees. Such persons would not be protected by receiving the information required by Sections 8 and 10. Senate Bill No. 2148 (OCR) should be amended to ensure that all persons receive this information.

There is no provision within Senate Bill No. 2148 (OCR) for a statement of charges. A statement of charges is necessary for the Commissioner of Health and the Commissioner of Insurance to determine whether a proposed H.M.O. will be financially sound and will reasonably be expected to meet its obligations. In addition, a statement of charges should be provided to each enrollee.

The prohibited practices in Section 14 of the bill are enforced by the Director of the Division of Consumer Affairs. The Director of Consumer Affairs already has broad powers to act to prevent consumer frauds. Currently,

N.J.S. 56:8-1 et seq. establishes procedures for the Attorney General to enjoin and to recover costs for any consumer fraud. It should be specifically provided in the bill that the general procedures already established to deal with consumer frauds are not intended to be limited by the enumeration of prohibited practices within Senate Bill No. 2148 (OCR).

A period of open enrollment should be included in the bill to permit maximum availability of the services of the H.M.O. to the members of the public within the geographical area served by the H.M.O. Provision should be made to permit those underwriting restrictions on the open enrollment which will preserve the financial stability of the H.M.O.

The primary responsibility for administering Senate Bill No. 2148 (OCR) and regulating H.M.O.'s is with the Commissioner of Health. Because a number of the functions and determinations required by Senate Bill No. 2148 (OCR) are within areas of concern of the Commissioner of Insurance, throughout the bill reference is made to the "commissioner or where applicable the Commissioner of Insurance. . ." The bill requires the Commissioner of Health to promulgate reasonable rules and regulations to carry out the act. Rules and regulations touching on the area of concern of the Commissioner of Insurance are to be promulgated after consultation with the Commissioner of Insurance. A provision should be added in the bill to specifically require the promulgation of rules and regulations designating which determinations and responsibilities are to be within the province of the Commissioner of Insurance. This will enable applicants and administrators of H.M.O.'s to know precisely who is to make the various determinations required by Senate Bill No. 2148 (OCR). It will also avoid any possible conflict in the administration of the act.

In addition, a number of technical changes need to be made in Senate Bill No. 2148 (OCR). Accordingly, I herewith return Senate Bill No. 2148 (OCR) for your reconsideration and recommend it be amended as follows:

The Commissioner of Insurance shall certify to the commissioner whether the schedule of charges meets the requirements of paragraph (2) of this subsection.

(2) such charges may be established in accordance with actuarial principles for various categories of enrollees, provided that charges applicable to an enrollee shall not be individually determined based on the status of his health. However, the charges shall not be excessive, inadequate, or unfairly discriminatory. city, as determined by the health maintenance organization, in the order in which they apply for enrollment. A health maintenance organization may apply to the commissioner for authorization to impose such underwriting restrictions upon enrollment as are necessary to preserve its financial stability, to prevent excessive adverse selection by prospective enrollees, or to avoid unreasonably high or unmarketable charges for enrollee coverage for health care services. The commissioner shall approve or deny such application within 30 days of the receipt thereof from the health maintenance organization. The Commissioner of Insurance shall certify to the commissioner the appropriateness of any requested underwriting restrictions.

SENATE BILL No. 242

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 242, without my approval, for the following reasons:

Senate Bill No. 242 would permit the Commissioner of the Department of Health to contract with any voluntary non-profit hospital in New Jersey to pay 50% of the approved costs of an early drug detection program conducted by the hospital. The early drug detection program could include educational, drug counseling, psychiatric and psychological, telephone emergency capability, individual self-help and group therapy, and individual and community prevention programs. The bill appropriates \$150,000 for these contracts.

Throughout this administration I have actively sought to wage the war against drug abuse which has debilitated too many of our youth. The drug programs in our county clinics and some private clinics have expanded substantially due to the efforts of this administration.

Certainly there is room for and a need for hospitals to participate in drug detection programs. I hope that hospitals, which have been reluctant in other states to become involved in drug programs, will become involved in such programs in New Jersey. These programs, however, can be much more economically conducted through county and private clinics. The educational programs and telephone emergency services can be more effectively and more economically performed by agencies other than hospitals.

In light of today's high costs within hospitals, the appropriation in the bill would support few projects and certainly would not enable a project to continue for any length of time. A relatively large percentage of the appropriation would be consumed by administrative costs in reviewing requests by hospitals, approving changes and reviewing programs. Economic efficiency, therefore, dictates that the present county clinics, already engaged in drug problems, rather than hospitals be used for these types of programs in order to obtain the maximum services for the public with the limited resources available.

I am, therefore, returning Senate Bill No. 242 without my approval.

Respectfully,

/s/ WILLIAM T. CAHILL,
Governor.

SENATE BILL No. 296

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 296 without my approval.

Senate Bill No. 296 amends the applicable portions of Title 18A dealing with school elections to provide for a permanent record of those persons voting in such elections in the "signature copy register" which is the permanent record of a voter's signature comparisons taken prior to voting in elections.

While I agree with the intent of the bill to provide a permanent signature record in school elections, the economic and administrative impact of Senate Bill No. 296 requires that I not approve the bill.

Presently, the "signature copy register" provides space for primary, general and special or municipal elections. There is no space in the present register to add the signatures from the two school elections which would be held annually. Therefore, it would be necessary to enlarge the signature copy register in order to provide space for such signatures.

There is a technical deficiency in Senate Bill No. 296 in that it does not properly provide for an enlarged signature copy register. R. S. 19:31A-7 establishes the form of the register. Any change in the form of the signature copy register would necessitate amendment to R. S. 19:31A-7 which Senate Bill No. 296 does not amend.

More importantly, however, are the fiscal and administrative implications of the enlargement of the signature copy record. Contrary to the fiscal note accompanying Senate Bill No. 296, there would be tremendous costs associated with enlarging the register. If Senate Bill No. 296 were approved, new, larger registers would have to be purchased. The old registers, some of which provide space for signatures into the 1980's, would become obsolete. The pages within the registers, the unused pages and registers on hand for new registrations and the pages and registers which have already been ordered would also become obsolete. The power files utilized by some counties, which files are designed for the present registers, would have to be replaced at a very high cost. New binders would have to be purchased, new pages would have to be purchased, and the present filing space for all signature copy registers in the State of New Jersey would have to be immediately duplicated to accommodate the new set of registers. The present registers would have to be retained and additional space provided for the new registers. In addition to these

THURSDAY, NOVEMBER 29, 1973

costs, every voter in the State would have to be reregistered in order to provide a new signature comparison for the new signature copy registers. The administrative cost to accomplish this is incalculable.

Relatively few people in the State vote in school elections. The enormous costs associated with complying with Senate Bill No. 296 are, therefore, unwarranted. Accordingly, I feel I must return Senate Bill No. 296 without my approval.

Respectfully,

SENATE BILL No. 444

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 444, without my approval, for the following reasons:

Senate Bill No. 444 would amend the Unemployment Compensation Law to exclude from coverage officers or any other employees of any building and loan association, except where the services of such persons constitute the principal employment of the individual. Under existing law, the salaries of such persons are subject to the Unemployment Tax. Even if this bill were to become law, to give effect to its objective of excluding the services of such part-time officers and employees of building and loan associations from such Unemployment Tax, such services must also be exempted from the Federal Unemployment Tax Act. However, an analysis of the Federal law indicates that such services, would be considered employment subject to Federal unemployment taxation. If the building and loan associations employing such part-time officers and employees were open at least 20 days per year in 20 separate weeks, such an association would be considered an employer within the meaning of the Federal law. The combinations of such circumstances would result in the Federal unemployment taxation of such services and therefore the proposed amend-

ment would be ineffective to exclude such services from State taxation. Those few cases where Federal taxation would not result would be minimal.

However, I do not disapprove this bill merely on the basis of the technical problems described above, but also on the grounds that the effect of non-payment of such Unemployment Taxes to the State of New Jersey would deplete the New Jersey Unemployment Trust Fund established to receive such moneys which is presently administered by the Secretary of the Treasury. Although the fiscal impact of this bill may appear relatively small in this respect, I consider it unacceptable in light of the current pressures for the payment of unemployment compensation. Furthermore, a portion of the taxes collected under the present law are also used to fund the State Disability Benefits Fund and these amounts, although also small, would also be lost if this amendment is enacted.

I finally conclude that the general direction of such unemployment legislation is toward increased rather than decreased coverage and that it would be difficult to justify the exclusion of such employees and employers from coverage.

I am, therefore, returning Senate Bill No. 444 without my approval.

Respectfully,

[SEAL] /s/ WILLIAM T. CAHILL, Governor.

SENATE BILL No. 492 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 492 (OCR), without my approval, for the following reasons:

This bill would exempt from the New Jersey Transfer Inheritance Tax property passing to a testamentary trustee

by virtue of any contract of insurance heretofore or hereafter in force insuring the life of a resident or non-resident decedent and the proceeds of which are paid at the death of such decedent to such trustee for the benefit of a beneficiary of the insurance contract.

Under present law, life insurance proceeds payable to the trustee of an inter vivos trust are exempt from the transfer inheritance tax whereas life insurance proceeds passing to a testamentary trust are taxable.- S-492 (OCR) would treat both types of trusts consistently by exempting each from the transfer inheritance tax.

I agree that both types of trusts should be treated in the same manner for tax purposes. The existing distinction in their tax treatment has no economic or other rational basis. It is my belief, however, that these life insurance proceeds should, in fact, be subject to the transfer inheritance tax and not exempt as provided in this bill.

The taxation of the proceeds of life insurance was treated in depth in the report of the New Jersey Tax Policy Committee. The committee found that valid reasons exist for taxing these items as other assets in an estate. It was also the position of the committee that the tax apply to trusts of life insurance proceeds whether established through inter vivos or testamentary trusts. The committee further recommended that appropriate dollar exemptions be provided to exempt portions of life insurance proceeds to the extent that they provided basic protection and security to surviving widows and children. I agree with this approach.

While it is impossible to effect all the recommendations of the Tax Policy Committee, especially those requiring an income tax as a foundation, it is my belief that those recommendations which can stand on their own and are otherwise meritorious should be implemented. S-492 (OCR) is inconsistent with the recommendations made by the Tax Policy Committee for improvement of the New Jersey death tax structure and is unacceptable to me.

It is my suggestion that the Legislature consider legislation which would tax the proceeds of life insurance passed through inter vivos trusts in the same manner as proceeds of life insurance passed through testamentary trusts for purposes of the New Jersey transfer inheritance tax. Further, consideration should be given to the exemption of

specific dollar amounts of these life insurance proceeds to insure that basic protection for surviving spouses and children is provided.

Accordingly, I feel that I must return Senate Bill No. 492 (OCR) without my approval.

Respectfully,

SENATE BILL No. 622

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 622 without my approval.

This bill amends P. L. 1971, c. 414 (C. 2A:62A-4) to add certain specified employees of nonprofit organizations engaged in youth activities as persons granted immunity from civil damage suits for reporting a person to the principal, his designee, the school physician or school nurse in an attempt to help such person cure his dependency upon or illegal use of a controlled dangerous substance or a chemical compound as defined in P. L. 1965, c. 41, section 1 (C. 2A:170-2.5).

P. L. 1971, c. 414 is intended to facilitate the identification of those youths with drug problems so that they may obtain the necessary medical assistance to cure their drug problem. The statute as presently written accomplishes this desired purpose.

All those persons now granted immunity are responsible for the control over youth in the school. Immunity attends only those reports made to the highest administrators of the school, the principal, his designee, the school physician or school nurse. P. L. 1971, c. 390 (C. 18A:40-4.1) enacted prior to any grant of immunity, provides the procedure to immediately determine the accuracy of any such report

THURSDAY, NOVEMBER 29, 1979

made to the principal. An immediate medical examination is made of the pupil to determine whether he is under the influence of a controlled dangerous substance. This procedure enables a prompt determination of the accuracy of any report, thus, insulating the child from any lingering doubt or aspersions with respect to his dependency upon or use of a controlled dangerous substance. Only with this type of procedure can the grant of immunity insure that those with drug problems in need of medical assistance will receive such aid and insure that the reputation of the youth, upon whom the report is made, is adequately protected.

Senate Bill No. 622 would expand the immunity to include counselors and staff members of nonprofit organizations engaged in youth activities such as Boys Clubs and Young Men's and Young Women's Christian and Hebrew Associations. These individuals are normally active with youth when school is not in session, either on weekends, after school or in the summer. Yet, Senate Bill No. 622 would require these persons to report suspected drug use or dependency to supervisory personnel within the school. A staff member or a counselor of a nonprofit youth organization may not even know what school a particular youth attends. Even if the school the youth attends is known, it would not be possible to coerce the child to go to the school to use the examination procedures established by P. L. 1971, c. 390. The next time the child was in school in the normal course of events might well be too late to utilize the examination procedures because of the short duration of the symptoms of drug use.

The grant of immunity in Senate Bill No. 622, therefore, is not accompanied with a procedure to identify a reported youth as a user of drugs. Consequently, the expansion of immunity would not accomplish the original purpose of the statute, i.e., to obtain medical assistance for persons who are dependent upon or use controlled dangerous substances. Furthermore, there would be no protection for youth with respect to the expansion of immunity in Senate Bill No. 622.

The voluntary nature of the relationship between youth and staff members of organizations to which Senate Bill No. 622 would extend immunity, prohibits the establishment of a procedure similar to P. L. 1971, c. 390. The procedure established by that statute can function in the school situation only because of the ability of the school to require a medical examination.

Accordingly, I herewith return Senate Bill No. 622 without my approval.

Respectfully,

[SEAL]
