LIST OF APPLICATIONS PENDING MORE THAN 60 DAYS

OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, P.O. Box 1889, Trenton, NJ 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

ENVIRONMENTAL PROTECTION

THE COMMISSIONER

Proposed Amend Fees for 90-Day Construction Permits

Jerry Fitzgerald English, Commissioner of Environmental Protection, pursuant to authority of N.J.S.A. 13:1B-3 and N.J.S.A. 13:1D-33, proposes to amend N.J.A.C. 7:1C-1.5 concerning fees for the Department's development permits under the 90-day law. This proposal is known within the Department as Docket No. DEP 011-81-02.

The proposed amendments are intended to provide adequate fees for the cost of administering the 90-day permit program in accordance with the requirements imposed by N.J.S.A. 13:1D-33. Under the present permit fee structure, the Department is not receiving fees adequate to cover the cost of the programs involved. In several cases, the permit fees are only covering 50 percent of the costs of the program. The proposed amendment will revise the fee schedule for permits issued for stream encroachments, waterfront development, and CAFRA permits. Fees for sewer extensions are not being revised at this time; however they may be revised to meet program cost needs, pending a review of current operating costs.

Full text of the proposed amendment follows (additions indicated in boldface thus; deletions indicated in brackets [thus]).

7:1C-1.5 Fees

(a) Except as provided in [subsection] (g) below, fees shall be charged for the review of any application for a construction permit in accordance with the following schedule:

1. Waterfront development (N.J.S.A. 12:5-3) (riparian permits):

i. The fee shall be [one half of one percent ($\frac{1}{2}$ of 1%)] one percent of the construction cost, or a minimum of \$100.00;

ii. The fee for permits for minor maintenance, and/or repair or replacement of lawful existing structures shall be [one half of one percent ($\frac{1}{2}$ of 1%)] one percent of the construction cost or a minimum of \$25.00.

2. (No change.)

3. CAFRA permits (N.J.S.A. 13:19-1):

i. The fee for residential facilities shall be [\$500.00] \$1,000 plus \$10.00 per dwelling unit;

ii. The fee for non-residential and mixed-use facilities shall be [\$1,000] \$1,500 plus \$10.00 per acre to be developed.

4. Stream-encroachments [(N.J.S.A. 58:1-26)] (N.J.S.A. 58:16A-55.2):

i. (No change.)

ii. For minor projects, the fee shall be [\$50.00] \$100.00, except that no fee should be charged for such project in a drainage area of less than 320 acres which has been approved by the appropriate municipal or county engineer, or a professional engineer for State agency projects, and the certification of such approval has been submitted to and acknowledged by the department.

iii. Fees:

(1) (No change.)

(2) For other major projects the fee shall be [\$500.00] \$1,000 for each structure in or along the channel, or portion of the channel thereof up to one thousand feet. This fee shall include but not be limited to the following types of projects: bridges, culverts, small dams, concrete lining, major riprap and gabion protection, channel modification, channel realignment, channel relocation and all retaining walls. The fee for major projects such as culverts or bridges shall include channel work for a distance of 300 feet upstream and downstream.

(3) For major projects outside the channel but within the 100-year flood the fee shall be [\$500.00] \$1,000 for each project.

5. (No change.)

(b) Each extension of time requested must be accompanied with a [\$25.00] \$50.00 non-refundable fee. Each extension, if granted, will be a maximum period of one year. No permit will be extended beyond a total of five years from the original date of permit.

(c) Each request for an approval of a modification in detail of the approved project must be accompanied with a fee equal to [25] 50 [per cent] percent of the total permit fee charged to that portion of the project to be modified.

(d) (No change.)

(e) (No change.)

(f) (No change.)

(g) [The maximum fee for waterfront development, wetlands, and CAFRA permit applications shall be \$5,000, except for unusually large scale or complex projects where the appropriate agency determines, after consultation with the applicant, that additional fees are necessary for a proper review of the application.] There shall be no maximum fee for a waterfront development, a wetlands or a CAFRA application for an unusually large scale or complex project. The Department, after consultation with the applicant, shall determine the fee necessary for a proper review of the application.

Interested persons may present, in writing, statements or arguments relevant to the proposed action on or before April 17, 1981 to:

William McCarthy
Wallach Building
88 East State Street
Trenton, N.J. 08625

The Department of Environmental Protection may thereafter adopt rules concerning this subject without further notice.

All DEP Public Hearings, Administrative Hearings, and DEP
Events of Public Interest are open to the public.

DEP Events of Public Interest include: public hearings, council meetings, workshops, public information meetings, and exams.

Public Hearings (Quasi - Legislative) - are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide, or of broad general interest.

Administrative Hearings (Quasi - Judicial) - are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

(Recent press releases in capsule form)

March 16--SOLID WASTE MANAGEMENT PLAN APPROVED (Cape May County)--DEP Commissioner Jerry Fitzgerald English today announced the Department's approval with modifications of the Solid Waste Management Plan for Cape May County.

* * *

March 16--TEACHER WORKSHOP SET FOR COASTAL PROBLEMS COURSE--DEP will offer a three-day workshop for school teachers for conducting a course called "Coastal Problems and Resource Management." The workshop will be given April 23 to 25 at the New Jersey Marine Sciences Consortium's Seaville Station on Route 9 in Cape May County. This one semester high school social studies course has been offered in 14 states and uses the varied disciplines of politics, economics, and environmental sciences to study the coast. DEP's Division of Coastal Resources is designing the course so that one-third of the curriculum will specifically address New Jersey situations.

* * *

March 17--RULES PROPOSED TO PRESERVE OYSTER BEDS--DEP Commissioner English announced the proposal for adoption of two new sets of rules concerning the leasing of lands in Delaware Bay for oyster planting and cultivation, and issuing of oyster vessel dredging licenses, following the imposition on March of a temporary ban on license issuance. Both the proposals and the temporary ban are part of a comprehensive effort to manage the Delaware Bay's oyster resources due to recent drastic reductions in the oyster populations. A mortality rate of 80 percent has recently been experienced due to MSX Disease, which in turn has led to overutilization of the natural seed beds.

* * *

March 17--RULES SET FOR STATE TO CONTROL SURFACE AND GROUND WATER DISCHARGES--Commissioner English announced that DEP has promulgated regulations to control discharges of pollutants, including toxic chemical wastes, to surface and ground waters of the State.

* * *

March 17--AGREEMENT REACHED TO REOPEN KUSER MANSION--DEP Commissioner English and American Youth Hostels, Inc. (AYH) today jointly announced that conceptual agreement has been reached on a proposal by AYH to lease and operate the former Kuser Mansion, known as The Lodge, located at High Point State Park (Sussex County), as a hostel to be open to the public. Final agreement to a long term lease has not yet been reached. Details of the final agreement will include an expenditure of approximately \$900,000 by the State to rehabilitate the structure and make it safe for public use.

* * *

March 17--SOLID WASTE MANAGEMENT PLAN APPROVED--DEP has approved with modifications the Solid Waste Management Plan for Cape May County.

* * *

March 18--CANOEING BROCHURE AVAILABLE--DEP has published a "Canoeing the Pinelands Rivers" brochure. It is printed on water-resistant stock and highlights those

You Are Viewing an Archived Copy from the New Jersey State Library

-more-

major Pinelands rivers accessible by canoe. Copies are available from: DEP, Division of Parks and Forestry, State Parks Service, P.O. Box 1420; Trenton 08625.

* * *

March 18--LIFEGUARD POSITIONS OPEN--DEP is seeking applicants for the position of lifeguard at the State's 17 inland and ocean beach parks this summer. About half of the 180 State lifeguard positions will be filled by new applicants, with the balance filled by returning guards. Positions are open to New Jersey and out-of-state residents age 16 or over, with nonresidents hired only if there are no qualified New Jersey applicants. The test for lifeguard employment includes a 600 yard swim, a simulated rescue of 100 yards, a 1½ mile run, a written exam, and an interview. No applicants will be tested without a medical certificate giving evidence of a recent medical exam prior to testing, stating they are physically qualified for the duties involved. Information about the March and April testing dates and sites is available from DEP's Division of Parks and Forestry, P.O. Box 1420, Trenton 08625.

* * *

March 19--SOLID WASTE MANAGEMENT PLAN APPROVED--DEP has approved with modifications the Solid Waste Management Plan for Cumberland County.

* * *

March 19--REGULATIONS ADOPTED FOR DAM RESTORATION GRANTS--DEP Commissioner English announced the adoption of regulations governing the disposition of grants to local and county governments for dam restoration projects, under the Natural Resources Bond Act passed by New Jersey voters in the November 1980 referendum.

* * *

March 20--SEWER BAN LIFTED--DEP's Division of Water Resources has lifted a sewer extension ban imposed on Hanover Township Sewerage Authority (Morris County) in 1973. The vacating of the ban will allow the construction of new sewer extensions which will convey wastewater to the Authority. The lifting of the ban followed additions and alterations performed by the Authority increasing the design capacity of the plant.

* * *

March 20--REVISION OF MAPS APPROVED FOR ATLANTIC CITY-ASBURY PARK AREA--DEP Commissioner English announced approval of a cooperative effort with the U.S. Geological Survey for the revision of maps in the coastal area from Atlantic City to Asbury Park.

* * *

March 24--DEP'S DIVISION OF ENVIRONMENTAL QUALITY ENFORCEMENT ACTIONS--DEP's Division of Environmental Quality, between February 24 and March 4, issued 73 Administrative Orders, 18 Notices of Prosecution and assessed penalties of \$33,100. The Division is responsible for administering the air pollution control, noise abatement, pesticide safety, radiation protection and solid waste management programs in New Jersey.

* * *

-more-

March 24--LANDFILL MUST PROTECT MARSHLAND BEFORE EXPANDING--DEP Commissioner English announced the imposition of new environmental safeguards to protect marshland at the Combe Fill South Landfill in Chester and Washington Townships in Morris County.

* * *

March 25--PROPERTIES LISTED FOR HISTORIC SITE REGISTERS--DEP Commissioner English, who is the State's Historic Preservation Officer, announced that ten individual properties, three historic districts and one thematic nomination of Early Stone Houses of Bergen County were all added to the New Jersey Register of Historic Places during the last six months of 1980. Seven of the 14 properties have since been placed on the National Register of Historic Places.

* * *

March 26--FOREST FIRE WARNING ISSUED FOR STATE--James A. Cumming, New Jersey State Fire Warden, announced the State Forest Fire Service has issued an appeal to all New Jersey residents urging extra precautions against forest fires now that spring, the year's most critical fire prevention season is here. March 15 through May 15 is the critical period because of extreme fire weather conditions attributable to seasonal warming of the earth's surface, high winds, and rapid evaporation of moisture due to lack of forest canopy."
