We have audited the financial statements of the State of New Jersey as of and for the year ended June 30, 2023 and have issued our report thereon dated March 27, 2024. In connection with that audit, we tested internal controls and compliance with laws and regulations. The results of our tests are contained herein in our Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.

The audit was performed and this report is submitted pursuant to the State Auditor's responsibilities as set forth in Article VII, Section I, Paragraph 6 of the State Constitution and Title 52 of the New Jersey Statutes.

REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

The Honorable Philip D. Murphy
Governor of New Jersey

The Honorable Nicholas P. Scutari

Ms. Maureen McMahon
Executive Director
Office of Legislative Services

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of New Jersey, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the State of New Jersey's basic financial statements, and have issued our report thereon dated March 27, 2024. Our report includes a reference to other auditors who audited the financial statements of the discretely presented component units, the pensions and other employee benefits trust funds, and the Port Authority of New York and New Jersey, as described in our report on the State of New Jersey's basic financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the

pensions and other employee benefits trust funds and one discretely presented component unit, the Higher Education Student Assistance Authority, were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on the internal control over financial reporting or compliance and other matters associated with those entities or matters that are reported on separately by those auditors who audited the financial statements of the pensions and other employee benefits trust funds and the discretely presented component unit.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State of New Jersey's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State of New Jersey's internal control. Accordingly, we do not express an opinion on the effectiveness of the State of New Jersey's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State of New Jersey's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in

accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
