LETTER OF TRANSMITTAL

To the Hon. Brendan T. Byrne, Governor of the State of New Jersey, and the Legislature of the State of New Jersey:

The Annual Report of the Division of Taxation in the Department of the Treasury is herewith respectfully submitted, pursuant to the provisions of R.S. 54:1-13. It covers activities of the Division of Taxation during the State fiscal year ended June 30, 1980. The Report contains a detailed description of Division organization and activities, all taxes administered by the Division and tables showing revenue collections, distribution of a variety of "shared" taxes, summaries of new tax legislation, court decisions, decisions of the Division of Tax Appeals and its successor the Tax Court, the County and State Abstracts of Ratables, the State School Aid Table of Equalized Valuations and the State In Lieu distributions. In addition, the Report contains useful and valuable statistical tables showing property taxes by class of property, state tax revenue growth, state and local taxes as a percent of personal income and other informative economic and tax information.

REVENUES

Tax collections for fiscal year ending June 30, 1980 attained a new high of \$3.9 billion, an increase of \$436.1 million or 12.7% over tax collections of the previous year. The main ingredients of the increase were from the Gross Income Tax and Sales Tax. Details of the Division's revenue collections are shown in Table 1. In addition to Gross Income Tax of \$968.8 million, they reflect Sales Tax of \$1.2 billion, Corporation Tax of \$627.2 million and Motor Fuels Tax of \$280.9 million. It should be further noted that the 1980 local property tax levy totaled \$3.8 billion.

REDISTRIBUTION—PUBLIC UTILITY TAX

Legislation approved March 18, 1980 (c.10, c.11 and c.12, P.L. 1980) causes utility taxes to be collected by the State for distribution to municipalities (instead of certified for municipal collection) and limits the amount which any single municipality may receive. Subject to some provision for transition in those municipalities where unusually large revenues have occurred, a spreading of some of the gain is provided to the county within which such municipalities are located. Past distributions based upon the location of scheduled properties has long been criticized as providing undue revenue bonanzas to a few municipalities at the expense of the many.

An important part of the three package legislative program establishes a municipal property tax assistance fund and provides for distributions to eligible municipalities from the fund. The program

channels utility tax money to those municipalities with the greatest financial need. This constitutes legislative recognition that all revenues to support local services must be channelled in a manner to minimize growing pressures upon local property tax burden.

DATA PROCESSING—LOCAL TAX ROLLS

The uniform data processing program first provided in 1967 and updated and expanded in 1972, is again under review and revision to meet changing circumstances and new information requirements.

In addition to substantial savings in cost to local governments, the new system is expected to add materially to the availability of property tax records. Reports to be generated include block and lot cross reference for tax map revisions, table of aggregates, abstracts of ratables, separate omitted/added assessment lists, special taxing district summaries, improved exempt property lists and retention of records from the last five sales of single properties.

These changes represent another step in the New Jersey commitment to the concept that property taxes are not necessarily easier to replace than repair.

SOME NEW PROPERTY TAX PROBLEMS

Rapid changes in the local property tax environment require some new thinking in the basic matter of property tax equity. Consider experiences in Atlantic City where creation of large new ratables associated with casinos have caused market values of all properties to increase notably. Homeowners and other owners find their tax position radically changed even though they have no direct association with, or benefits from, the new activity. Concepts of uniformity based upon property values have the effect of taxing unrealized capital gains. Full application of the uniformity requirement can and does force the sale of properties by homeowners and others who have no desire to sell.

Some of the same problems are evident in cities where revaluations have a potential for shifting tax burdens from productive business property to depressed residential areas. Newark is a case in point. The two-year moratorium on implementation of a court order to revalue Newark amounts to a recognition that full application of the constitutional requirement for assessment uniformity can have a potentially devastating effect upon an already hard pressed city.

When popular thinking necessitates the setting aside of legal requirements for reasons of equity, it becomes a matter of sound public policy to reexamine the equipments themselves. Adaptation of an old tax designed primarily for a rural economy to the needs of a complex

industrial society may require some change in that law and measures of equity attained under it.

NEW STATUTES REQUIRING IMPLEMENTATION

Several new laws, in addition to the public utility tax changes noted above, require implementation by the Division of Taxation. Under the Wage Reporting Act (P.L. 1980, c.48), substantial savings in public assistance costs and unemployment insurance benefits are anticipated. Employers will notify the Division of the names, addresses, amount of wages and taxes withheld of each employee. These will be matched against lists furnished by unemployment insurance and welfare. A new tax imposed on wholesale receipts of alcoholic beverage licensees at 6.5% of the wholesale price supersedes the prior tax imposed under the sales tax law at 5% of the minimum consumer resale price (P.L. 1980, c. 62). The new law was necessitated by reason of deregulation which made filing of minimum consumer resale prices unnecessary. The Division also took over the administration of the Atlantic City Luxury Tax (P.L. 1980, c. 60). Implementation of this law resulted in a combined form for licensees subject to the luxury tax. More stringent cigarette licensing requirements, including fingerprinting of sellers of cigarettes, was provided by P.L. 1979, c. 481.

IMPROVED EFFICIENCY OF ADMINISTRATION

The Division constantly seeks to improve administrative procedures in a manner to accomplish the most with the least. Some examples of such activities during the past year include:

Revisions were made in procedures for mailing certain tax returns which resulted in cost savings.

Telephone procedures were realigned to handle additional responsibility of answering information line calls concerning income tax refunds, adjustment notices, and homestead rebates. Information line calls totaled 532,246, an increase of approximately 65,000 calls.

A new Data Entry System was installed in the Mill Hill Processing Center to be used for the Cash Receipts accounting system. There are now five Data Entry Systems and 156 key stations which make the Processing Center one of the largest Data Entry installations on the East Coast. This system will mechanize deposit preparation and substantially reduce manual bookkeeping functions.

Expansion of the incentive program for data input operators has resulted in increased productivity.

Collections of overdue tax liabilities primarily involving criminal and civil proceedings increased \$3.4 million; from \$23.3 million in 1979 to \$26.7 million in 1980.

Office Audit assessments increased 36% from \$18.0 million to \$24.5 million with 4 less office auditors.

Field Audit assessments amounted to \$28.3 million, an average assessment per auditor of \$216,810.

The out-of-state audit program collected approximately \$1.5 million during fiscal year 1980. Additional audits are planned or are underway.

RECOMMENDATIONS

Appointment of a special committee to reexamine property tax standards, measures of equity and realignment of taxing districts.

Appointment of a committee to review the operation of the home-stead rebate program.

A legislative committee to review the Farmland Assessment Act and make recommendations that will curtail speculation in farmland property acquisitions.

A review of all sales tax exemptions with recommendations for taxability where warranted.

IN MEMORIAM

We note with great sorrow the passing of three former State Supervisors during the year: Alan F. Hart, formerly head of the local property tax bureau died on April 15, 1980; Amos Tilton, formerly head of the cigarette tax bureau died on May 6, 1980; and, Robert J. Costigan, formerly head of the emergency transportation and sales tax bureaus; and superintendent of collection and enforcement died on March 31, 1980.

Respectfully submitted,

Sidney Glaser,
Director,
Division of Taxation

CHAPTER I

HISTORY AND SUMMARY

DIVISION HISTORY

The Division of Taxation was established within the Treasury Department in 1948 (C. 92, P.L. 1948) as a part of reorganization following adoption of a new constitution in 1947. This new Division represented a transfer of functions from a State Department of Taxation and Finance established in 1944 (C. 112, P.L. 1944) which replaced a State Tax Department organized in 1931 (C. 336, P.L. 1931).

Antecedents of the State Tax Department were a State Board of Assessors established in 1884 (C. 208, P.L. 1884) and a Board of Equalization of Taxes established in 1905 (C. 67, P.L. 1905). These two Boards were consolidated in 1915 (C. 244, P.L. 1915) forming the State Board of Taxes and Assessment. Establishment of the State Tax Department resulted from a separation of assessment, collection, apportionment and equalization functions from responsibility for hearings and determination of tax appeals. This later function was assigned to a newly organized State Board of Tax Appeals which continued as the Division of Tax Appeals within the Treasury Department. Effective July 1, 1979, the Division of Tax Appeals has been replaced by a Tax Court within the judicial system.

The Division is headed by a Director appointed by the Governor with advice and consent of the Senate to serve until a successor shall be appointed and qualified.

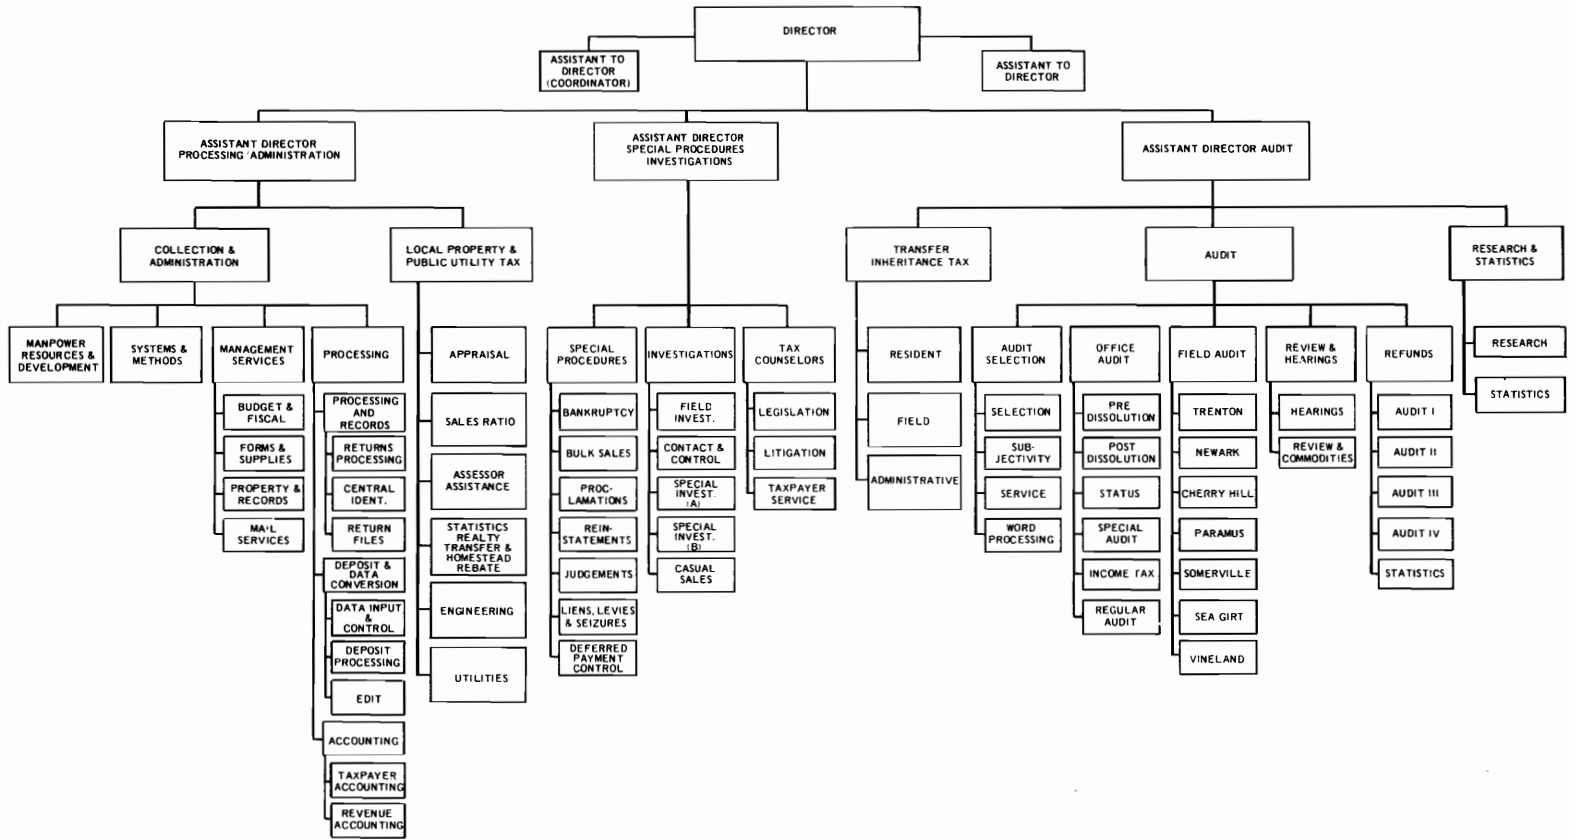

Effective September 1970, the Division reorganized itself along functional lines replacing an arrangement based upon ten bureaus, each responsible for a single tax or a group of taxes. Further refinements developed during 1977 when the Division was reorganized to distribute its activities among three assistant directors (see organization chart):

1. A consolidation of all processing and administration functions including Local Property and Public Utility Tax.
2. A grouping of Audit, Transfer Inheritance and Research and Statistics functions.
3. An expansion of Special Procedures and Investigations, to include Legal and Taxpayer Services.

TAX ADMINISTRATION

Tax administration involves collection activities by the State, by counties and by municipalities (local taxing districts). As the State tax administrative agency, the Division exercises varying degrees of responsibility for taxes collected at all levels. These include:

Tax Collection: Administration of all taxes collected by the State for State and local purposes except boxing, T.V. and wrestling, pari-

mutuel racing, motor vehicle licenses and fees, outdoor advertising and motor fuels use tax.

Tax Apportionment: Assessment and apportionment of taxes upon insurance companies for local collection and distribution of State collected revenue for local use.

Services to Local Taxing Districts: Supervision of local assessment standards and procedures, administrative services to local districts and County Boards of Taxation, examination and approval of local tax maps, compilation and reporting of statistical data, preparation of equalization tables, and certification of assessors.

The Division also exercises certain police functions with regard to administration of fair trade practice requirements under the "Unfair Cigarette Sales Act" (C. 247, P.L. 1952) and "An Act To Regulate The Sale of Motor Fuels." (C. 258, P.L. 1952).

TAX COLLECTIONS AND APPORTIONMENT

Collections by the Division during fiscal year ended June 30 totaled \$3.9 billion or 93% of all major State tax collections within and outside the Division. This represented an increase of \$436.1 million, or 12.7% over fiscal 1979. The \$3.9 billion collected included \$654.7 million for payment to local governments for their direct support. This 16.8% of Division collections represented \$158.7 million of personal property replacement taxes (save-harmless), \$4.0 million of Class II railroad "replacements taxes," \$2.3 million of financial business taxes, \$14.4 million of (Corporation Business Tax) Banking Corporation Taxes, \$448.4 million for Public Utility Franchise and Gross Receipts taxes and \$26.9 million for local assistance funding. Except for Revenue Sharing and Senior Citizen and Veteran Deductions (\$100.4 million), amounts distributed to each county and municipality are show in Appendix III, Tables 42 and 43. (For details on Revenue Sharing and Senior Citizen and Veteran Deductions, see Table 25.) Tax apportionment totaled \$15.5 million for the sole use of local government.

A description of each tax administered by the Division appears in Chapter VI.

SERVICES TO LOCAL TAXING DISTRICTS

The Division supervises and coordinates local property tax pro-

cedures in the 21 counties and 567 local taxing districts. Local Property Tax collections totaled \$3.7 billion representing an increase of \$301.9 million over the previous year. This compares with \$3.9 billion in major State tax collections.

The Division also administers the Homestead Rebate Tax Program and provides rebate checks (totaling \$279.1 million in 1980) to eligible homeowners within each taxing district. It apportions \$50 million of general revenue sharing to taxing districts together with reimbursement for veterans and senior citizen deductions (\$50.4 million in 1980).

Local tax collections of \$3.8 billion in 1980 include general property taxes upon real estate, taxes upon personal property of telephone and telegraph companies, Realty Transfer Fees, and Insurance Taxes apportioned by the State for local collection. State responsibility for collections was 52.4%.

*Administration of this tax has been transferred to the Director, Division of Taxation, effective July 1, 1980 (P.L. 1980, c. 60).

CHAPTER II

PROCESSING AND ADMINISTRATION

Processing and Administration Activity utilizes approximately 35% of all Division personnel. The Activity is responsible for processing tax returns and forms, deposit of receipts, all administrative functions, and Local Property and Public Utility Tax.

MANAGEMENT SERVICES

Property Management

The Division occupies floor space on seven of the ten floors in the Taxation Building, all three floors of the Mill Hill Processing Center, six field offices located in Paramus, Newark, Somerville, Cherry Hill, Wall Township, and Vineland, as well as two warehouses in the City of Trenton. It is anticipated that additional space will be required to administer the Wage Reporting Act (c. 48, P.L. 1980).

Budget and Fiscal

Budget activities include planning, preparation, and execution of five separate budgets on an annual basis under the zero based budget concept. Individual budgets include; Processing/Administration; Special Procedures/Investigations; Audit Services; Gross Income Tax; and the Homestead Rebate Program.

Cost of operating the Division during fiscal 1980 approximated 0.86% of revenues collected.

Mail Room

Mail and Mail Insert operation is responsible for proper handling of a large volume of forms, documents, etc. comprising mail services for the entire Division. It also performs mail service for several other state agencies. During 1980, the Mail Room processed over 13.5 million pieces of outgoing mail and over 10 million pieces of incoming mail.

Printing and Supplies

All tax forms used by the Division are designed internally and ordered by the Treasury Department Purchase Bureau in accordance with specifications provided by the Printing and Supplies Unit. All office supplies are ordered, received and distributed from a central stock room.

Records Management

The records management program is designed to store aging records in warehouses at minimum cost in a manner to accomplish retrieval as needed or destruction in accordance with official criteria. During 1980, 73,489 tax records were pulled and 65,687 were refiled.

MANPOWER RESOURCES & DEVELOPMENT

Personnel

Although personnel administration and employment records for the Division are maintained in the personnel office of the Treasury Department, the Division performs day-to-day management services for 2,000 employees. This includes activities associated with new employments, terminations, transfers, leaves of absence, promotions and retirements.

In-Service Training

A wide variety of in-service training courses for Division personnel range from orientation programs to executive and middle management programs for upper level supervisory personnel. During 1980, 184 persons completed training courses offered by the Department of Civil Service, 172 employees completed job-related evening college courses under a tuition refund plan and 86 attended special seminars and conferences.

SYSTEMS AND METHODS

Systems and Methods conducts "in-house" management studies on

a continuing basis. It also acts as a liaison with the Bureau of Data Processing. Additional areas of responsibility include tax form revision and development. Principle activities during 1980 include:

Cash Receipts Accounting System—In association with Arthur Andersen & Company assisted in design and implementation of a mechanized deposit preparation and cash receipts accounting system.

Master Taxpayer File System—Extensive revisions to the various tax administration systems to facilitate interface with Cash Receipts Accounting System. Preliminary work has begun on a redesign of the Master Taxpayer File System.

Data Processing—Assisted in development and implementation of several new data processing programs including revisions of Penalty and Interest procedures for the Sales and Use Tax. Monitored 211 revisions of existing data processing programs.

Federal/State Exchange of Tax Information—An interface with the Federal Government relative to the implementation of safeguards and procedures for the exchange of individual and business tax information.

MAJOR STUDIES AND ACTIVITIES

Future equipment requirements and the potential use of various business machines were evaluated. Study continued in use of OCR (Optical Character Reading) equipment.

Other studies and activities include: development of an automated attendance monitoring system; enhancements to the Local Property "4 Line" system; procedures for processing Lifeline applications; revisions in procedures for mailing certain tax returns; modification of corporation tax posting procedures; expansion of incentive program for data processing operators; relocation of CRT's for inquiry purposes; revision and consolidation of SR-1A update program with Homestead Rebate data entry; revisions to the amended income tax return processing; acquisition of software programs to verify and update zip codes in various mailing files; development and implementation procedures for the handling of lost or stolen check reports; initiated preliminary investigation of the possibility of simplifying and consolidating applications filed by Senior Citizens.

Systems and Methods developed procedures for extended utilization of System 6 equipment especially in the area of file development and maintenance; developed revised procedures for processing income tax returns involving taxes paid to other jurisdiction; assisted in the development of a tax forms calendar, developed program requirements for the Municipal Purposes Tax Assistance Fund and developed procedures for administering a combined Atlantic City Luxury Tax/Sales Tax system.

On a continuing basis, employee suggestion awards are evaluated. During the year, 32 suggestions were evaluated.

PROCESSING

This Branch is responsible for centralized Division services including tax returns and checks, requests for forms, legal questions, general correspondence regarding taxpayer accounts, applications for licenses, Homestead Rebate applications, license fees, and others.

Except for Transfer Inheritance and Local Property and Public Utility Taxes, this Branch processes all tax returns. It also acts as liaison with the Bureau of Data Processing in the control of taxpayer identification, registration, billings, and adjustments to taxpayer's accounts.

Returns Processing Section

Returns Processing includes extracting, screening, coding, numbering and distribution to appropriate sections within the Division. It received over 8.4 million pieces of mail during 1980.

More than 95% of all checks received are deposited in the bank on the day received.

A comparison of mail receipts for the last two fiscal years follows:

Data Input and Control Section

This section is responsible for controlling all computer input and output data generated by processing of tax forms and related documents. It contains three units:

1. *Data Capture Unit*—handling input required to service all computer programs including cash verification, tax return editing and billing, delinquencies, field investigation assignments, audit selection, identification, microfilm and others.
2. *Data Input and Output Control Unit*—control of source documents and input and output reports involves maintenance of control ledger, delivery of hard copy reports and microfilm, and liaison with Accounting Section and Bureau of Data Processing. With more than 300 separate computer programs and their applications, volume runs into the millions of entries.
3. *Data Perfection Unit*—During fiscal 1980, this Unit completed 32,953

transactions involving batch balancing; 16,000 were directly related to the Gross Income Tax. The Unit also handled approximately 382,000 transactions of edit errors.

Central Identification Section

Central Identification maintains the Unified Taxpayer File containing appropriate information regarding taxpayer accounts. It consists of five units as follows:

1. *Changes*—Completed over 248,552 changes to the master file.
2. *New Registration Unit*—Coded and examined 51,900 applications and processed 26,000 "New Corporation Control Forms" and 29,000 "Changes to Corporations Identification."
3. *Correspondence*—Typed and mailed more than 176,000 pieces of correspondence and tax returns.
4. *Edit*—Prepared more than 175,000 corrections to Taxpayer's Identification and Cash Records, and processed over 69,000 noncomputer generated or defaced Gross Income Tax Returns.
5. *Data Input*—Entered over 494,000 changes and added over 67,000 new accounts to the Unified Taxpayer File. All additions and changes are immediately available to all users of the system throughout the Division.

The Licenses and Registration Section processes and issues Cigarette and Motor Fuel Licenses involving fees and special types of licenses requiring bonds, and the transfer of Alcoholic Beverage Licenses.

During fiscal 1980, 68,756 licenses and registrations were issued for Cigarette, Motor Fuels and Alcoholic Beverage Taxes as follows:

<i>Type of License and Registration Issued</i>	<i>Number Issued</i>

Revenue and Taxpayer Accounting

After initial processing, the Accounting Section receives tax returns and reconciles totals of checks and returns for 23 taxes. The checks are deposited in the designated bank accounts and transmittals of income are prepared for entry into the Department of Treasury revenue accounting system. During 1980, 3.7 million checks were deposited.

The Taxpayer Accounting Section is responsible for the billing of penalty and/or interest for late filing of returns and reports, and for underpayments of tax liabilities resulting from dishonored checks. Billings during the year totaled approximately 400,000. Collections by this unit were \$17.1 million for fiscal 1980.

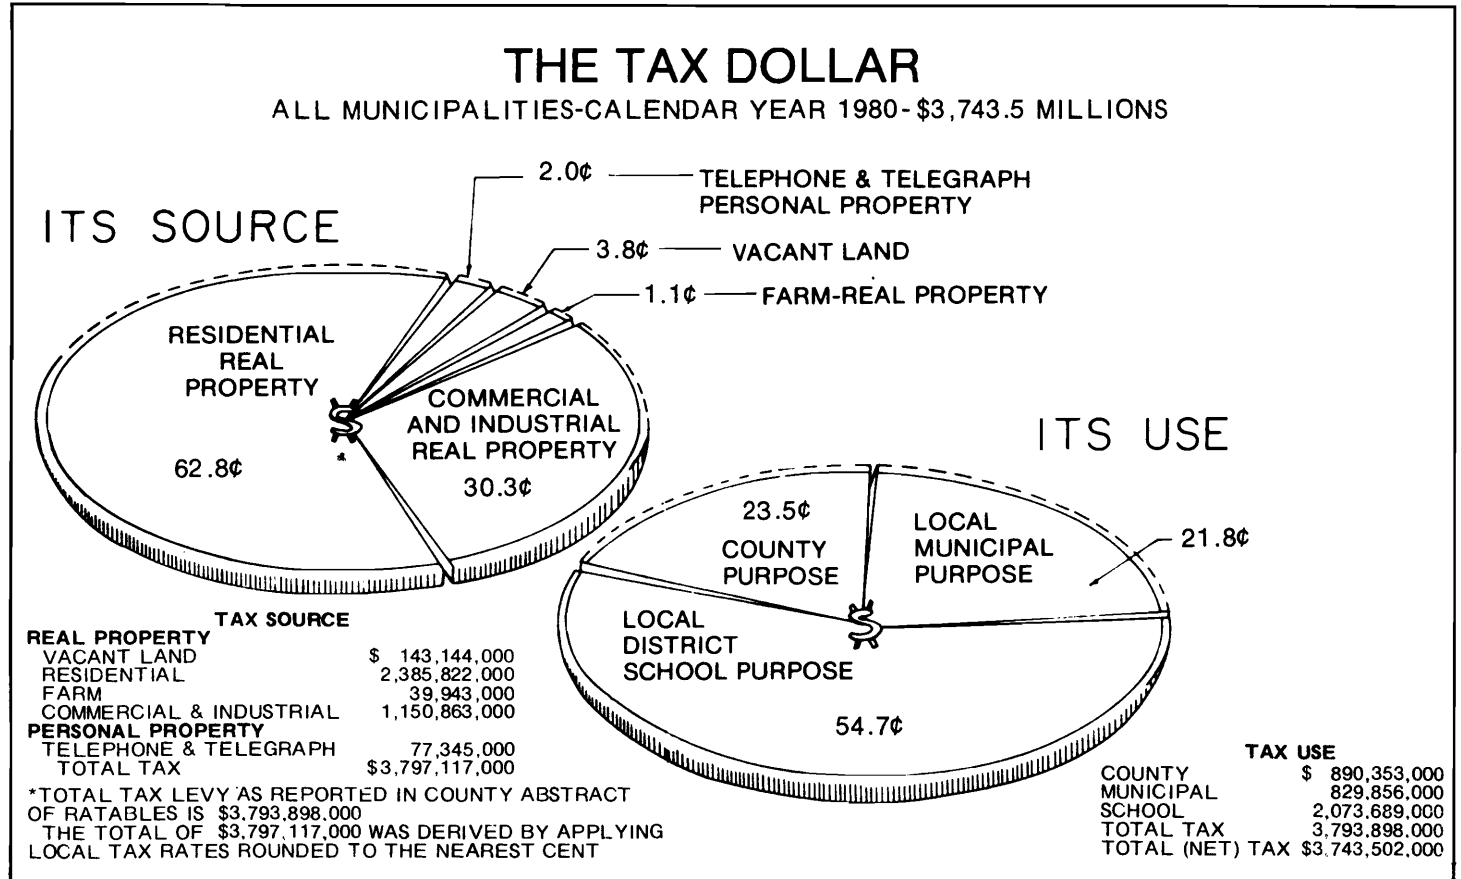

This section also monitors Cigarette Tax meters set at Trenton and six district offices, and designated field banks throughout the State.

The Division is in the process of developing a mechanized deposit preparation and cash receipts accounting system.

Returns Files Section

The Returns Files Section maintains a central file of all returns received. It added to the files approximately 6.7 million tax returns received during fiscal 1980. More than 520,000 requests for returns and files were completed.

CHART 2

CHAPTER III

LOCAL PROPERTY AND PUBLIC UTILITIES

INTRODUCTION

Local property taxes constitute almost 50% of New Jersey State and local taxes. During 1980 this tax produced 47.6% of all revenues. Continuing progress is evidenced by recent development of statewide standards for County Tax Board rules and regulations. Chapter 499, P.L. 1979 established the office of County Tax Administrator and otherwise provided for the strengthening of the state and professionalization of county board of taxation.

Principal activities include: (1) administration of public utility and railroad taxes; (2) implementation of standards dealing with County Tax Board rules and regulations, revaluation contracts, certification of assessors, and tax maps; (3) preparation of annual Table of Equalized Valuations and tax abatement statistics; (4) assistance to local property tax administrators; (5) administration of farmland assessments, realty transfer tax, homestead rebates; (6) apportionment to local taxing districts of utility taxes, revenue sharing, personal property replacement, and in lieu payments for state owned properties; (7) service to other departments and individuals.

IMPLEMENTATION OF STANDARDS

Revaluation and Reassessment

Revaluation and reassessment programs are of primary importance in attaining uniform local property tax assessments and are given continual attention. Between 1951 and 1980, 559 local taxing districts undertook 1,287 such programs by professional revaluation firms. In 1980, 38 taxing districts implemented a revaluation.

Chapter 424, P.L. 1971 requires the Division to establish standards to be used in valuation and revaluation for assessment purposes, and to prescribe minimum qualifications for firms and individuals engaged in such activity. The Director must approve any contract for this purpose and must determine that the contractor meets prescribed qualifications. During fiscal 1980, 39 contracts and/or specifications were approved.

Certification of Assessors

Chapter 44, P.L. 1967 requires each taxing district to be served by a certified assessor. During fiscal 1980, the Division held two assessor certification examinations. A total of 139 candidates completed this examination in fiscal 1980.

Of the 1,296 persons who have been issued a tax assessor certificate since inception of the program, 494 are presently in office, 366 are no longer in office, 62 are on an assessor's staff, 284 have no connection with an assessor's office, 74 are deceased, 4 have had their tax assessor certificate removed, and 12 are out of state residents.

There are 839 assessor positions in New Jersey of which 718 are filled. 489 Tax Assessor Certificate holders fill 636 of the assessor positions, while 30 of the positions are held by non-certified persons and 52 of the positions are filled by assessors who hold office by statutory provisions allowing anyone who has held office as assessor on a continuous basis since July 1, 1967 to continue in office. 107 certified tax assessors serve more than one taxing district.

Tax Maps

New Jersey law (Chapter 18, P.L. 1918 and Chapter 167, P.L. 1939) provides for the preparation of "maps for purposes of taxation in all taxing districts," except townships having populations under 2,500. The Director is responsible for approval of such maps and may direct a municipality in its preparation (N.J.S.A. 40:146—29).

Chapter 424, P.L. 1971, requires inspection of an up-to-date tax map prior to approval of any revaluation contract. Since 1972, 80 taxing districts have developed completely revised tax maps and 280 have had existing maps judged current and usable.

Tax maps have never been approved in 20 taxing districts, including those that are not required to have a map, 246 districts have approved tax maps more than sixteen years old, and the remaining 301 have maps approved since 1960. Some of those not approved recently are maintained on the basis of current specifications.

County Tax Board Rules and Regulations

Subsequent to adoption of uniform rules and regulations governing County Boards of Taxation (C. 119, P.L. 1973), the Director, in cooperation with members of the County Boards, maintains constant review to keep them current with changes in law and practice. Chapter 499, P.L. 1979 establishes the office of county tax administrator.

EQUALIZATION AND TAX ABATEMENTS

Equalization Tables

Each year the Division publishes a Table of Equalized Valuations showing the average ratio of assessed value to true value of real estate in each of the 567 local taxing districts. These tables are certified to the State Commissioner of Education pursuant to Chapter 86, Laws of 1954 (N.J.S.A. 54:1—35.1) for use in calculating and distributing State school aid. Equalized valuations are also the basis for apportioning county taxes among local taxing districts and for apportioning the tax cost of a large number of regional school districts among component taxing districts. Equalized valuations are also the basis for measuring debt limits for local governmental units.

The ratio of assessed valuation to sales price is calculated for each usable sale and all are classified into four groups (vacant land, residential, farm, business¹). An overall district average weighted ratio is calculated for all classes as a weighted average of separate ratios calculated for each class. This district weighted ratio is applied against aggregate assessed value of the district to determine aggregate "true value."

"True value" is averaged with true value for the preceding year after adjustment for "added and omitted assessments." This averaging has the two-way advantage of avoiding abrupt changes in ratio from year to year and avoiding undue influence of inadequate samples of sales of a single year.

The average ratio of assessed value to true value of all real estate in 1980 was 68.96%.

The table of Equalized Valuations promulgated October 1, 1980 showed that the aggregate assessed valuation of the real property in the State totaled \$101.7 billion and the aggregate true value totaled \$147.5 billion. Total equalized valuation increased from \$130.8 billion in 1979 to \$149.4 billion in 1980, an increase of \$18.6 billion, or 14.2%.

Farmland Assessment

The "Farmland Assessment Act of 1964" (C. 48, P.L. 1964) provides for preferential assessment of land—"actively devoted to agricultural or horticultural use," at its value for such use rather than market value. Unit values for various types of farmland are jointly determined with the Department of Agricultural Economics and Marketing, Rutgers University.

In 1980 there were 34,869 "line items" of qualified farm assessments comprising 1,226,675 acres or 25.5% of total State area. Although large in area, these farmland assessments represent .31% of the entire property tax base (See Table 4).

¹Subclassification of business properties into commercial, industrial and apartments has been prepared for statistical purposes.

NOTES:

1. Regular farms (land and improvements) are valued by the same standard as other taxable property. Qualified farms (land only) are assessed on basis of agricultural use only upon application of owner.
2. Number of line items cannot be interpreted as the number of farms, some farms encompass more than one line item.

Water Pollution and Air Pollution Tax Exemption

N.J.S.A. 54:4—3.56 et seq. and N.J.S.A. 13:1 D-7 provide for exempt status of certain air and water pollution control equipment, facilities and devices upon certification by the State Commissioner of Environmental Protection. Ratables exempted under these laws total \$39,109,821.

Solar Energy Exemption

Chapter 256, P.L. 1977 provides for the exemption of certified solar heating and cooling systems from real property taxation. The local construction code official is responsible for the certification of such systems when found to be designed primarily as solar heating and cooling systems.

Under the Act, the exemption amount is defined as the difference in the assessed value of the property with and without the certified solar system.

Business Personal Property

Effective in 1968, all business personal property except that of telephone, telegraph, and messenger system companies was removed from local tax rolls (C. 136, P.L. 1966). A personal property tax replacement program was designed to distribute State collected revenue to municipalities. A "save-harmless" measure assured municipalities of no less than the greater of their business personal property taxes in 1964, 1965, 1966 or 1967 (C. 135, P.L. 1966). Any excess revenues obtained from four replacement tax sources over the "save-harmless" requirement is distributed to all municipalities pursuant to a formula (N.J.S.A. 54:11D—4). The "save-harmless" amount of \$106,835,188 was exceeded in 1975-1976 by \$51,868,646.

Repeal of most replacement taxes was accompanied by legislation providing annual appropriation of not less than \$158,703,834, the amount certified on October 15, 1976 (C. 3, P.L. 1977). C. 4, P.L. 1977 provided for the repeal of the business personal property tax on all business machinery and equipment acquired on or after January 1, 1977. As a result, revenue from this source decreased from \$81.2 million in 1978 to \$78.7 million in 1979 to \$70.9 million in 1980.

Exempt Property Lists

Legislative provision for payment of in lieu of tax revenues to taxing districts for services rendered to state owned exempt properties placed added emphasis on continuing efforts to attain realistic assessment for all exempt properties. Annual lists of exempt property valuations are compiled.

LOCAL SUPPORT AND SERVICES

Assistance to County Boards of Taxation

Close contact with the 21 County Boards of Taxation is maintained by correspondence, telephone, and by visits of the field staff. During the year 6,400 calls were made by the field staff for this purpose. Division staff meets monthly with the Executive Committee of the New Jersey Association of County Tax Board Commissioners and County Tax Administrators to discuss problems and plans of the County Boards and assessors. It is through such close cooperation that uniform implementation of new or amended legislation and procedures is developed and maintained.

Assistance to Local Assessors

Division field staff maintain regular contact with local assessors to provide direct assistance in solving day-to-day administrative problems. Specialized assistance is provided in the case of property appraisals and methods for assessing unusual or complex properties. New assessors receive special training. During the year 11,641 calls were made by members of the field staff to assist assessors in carrying out the duties of their office. This is an especially significant activity since average annual turnover of assessors in office approximates 12%.

Assessor Training

Since 1954 the Division has co-sponsored annual in-service training courses for assessors conducted by the Bureau of Government Research at Rutgers, The State University, at strategic locations throughout the State. The Division supplies some of the instructors for courses,

is represented on the planning committee and participates in the annual Rutgers Conference for Assessing Officers. The New Jersey Real Property Appraisal Manual, The Handbook for New Jersey Assessors and the Assessors Law Manual are the primary textbooks used in all in-service training courses.

Real Estate Appraisals

An Appraisal unit is maintained for assistance to assessors in appraisals of special purpose or other properties of unusual character. During fiscal 1980 assistance was given in 63 municipalities on 121 separate properties having an appraised value of \$230,766,503. Valuation data are accumulated as a basis for developing improved property assessment standards for local assessors. In addition to appraisals for assessors, assistance is rendered to other state agencies in conjunction with the valuation of state owned property reported by taxing districts under Chapter 272, Laws of 1977.

Data Processing for Local Tax Rolls

As of 1980, 566 out of 567 taxing districts are using a data processing system developed by the State. These districts contain 2,295,678 "line items" of taxable property—99.8% of State total.

The Division is in the process of modifying the State Property Tax system. These modifications will improve program efficiency as well as introduce a variety of new programs that will be beneficial to both the County Boards of Taxation and the municipal assessors.

HOMESTEAD TAX REBATE

A Homestead Tax Rebate calculated at \$1.50 per \$100 to \$10,000 of equalized value, or two-thirds of equalized value, whichever is less, plus 12.5% of the effective tax rate in the municipality wherein the rebate is claimed, multiplied by \$10,000 of equalized value or two-thirds of equalized value, whichever is less is mailed to each qualified homeowner in New Jersey. (C. 72, P.L. 1976).

More than 1.4 million rebate checks totaling \$279.1 million were mailed to taxpayers on or before July 15, 1980. The average 1980

rebate was \$193.32. Senior citizen homeowners (65 or older), disabled, or surviving spouses (55 or older), received an additional \$50.

TAX ADMINISTERED

Public Utility Taxes

Adoption of a public utility excise tax for State use (C.41 and C. 42, P.L. 1963) had the effect of bringing a function of tax administration and collection to an activity which was traditionally involved only in valuation and apportionment functions. Addition of the Excise tax involved an additional computation and assessment of taxes paid directly to the State for State use.

Public Utility Franchise Taxes and Gross Receipts Taxes are now collected by the State for distribution to municipalities. (P.L. 1980, Chapters 10, 11, & 12.)

Railroad Taxes

Local Property administers the Railroad Property Tax and Franchise Tax (pgs. 88 and 91) and determines the amount of State aid payable to taxing districts in lieu of Class II railroad property taxes.

Declining reliance upon railroad taxes due to economic and other changes has created a condition of "phasing out." All railroad taxes are presently collected by the State. Local taxing districts receive payments in lieu of railroad property taxes based on 1966 adjusted valuations. State payments under such formula substantially exceed the amount of railroad taxes collected. Railroad owned property not used for railroad purposes is assessed and taxed locally.

TABLE 11
GENERAL PROPERTY TAXES
NET TAX BY CLASS OF PROPERTY—1980

This table shows in county and state totals general property taxes for 1980 by principal class of property and net residential taxes as a percentage of total (net) tax.

Taxes are derived by applying general property tax rates to assessed values. The total (\$3,797,117,337) differs from amounts shown in County Abstracts of Ratables (\$3,793,898,389) due to rounding of tax rates.

Residential

Net taxes upon residential properties housing not more than four families after allowing exemptions for disabled veterans and fallout shelters and deductions granted senior citizens and veterans. Veterans deductions may be taken against any property the veteran owns. Full charge to residential may result in some error.

Commercial

Taxes upon commercial property. These are the "main street" type of properties.

Industrial

Net taxes upon industrial properties after allowing exemptions for pollution equipment.

Apartments

Taxes upon residential properties housing more than four families.

Farms

Taxes upon properties qualified for special assessment under Farm-land Assessment Act as well as other farm properties not so qualified.

Vacant Land

Taxes upon all lands classified as vacant.

Personal Property

Taxes upon the personal property of telephone and telegraph companies.

CHAPTER IV AUDIT

Audit Activity involves office and field audits together with back up services and facilities for review and conference audit results. Research and Statistics and Transfer Inheritance Tax are also included under this activity.

Field Audit Assessments

Additional taxes assessed as a result of field audits amounted to \$28.3 million during fiscal 1980.

Additional audit responsibilities with respect to Gross Income Tax required the expenditure of additional time on each audit.

Year	1979	1980
Assessment Amount	\$30,563,945	\$28,315,352
Number of Auditors	133	130
Average Assessment per Auditor	\$ 229,804	\$ 217,810

During 1980 the total assessment amount decreased slightly due to a decrease in the number of auditors from 133 to 130, at one point this number reached a low of 124.

Office Audit Assessments

A variety of audits completed by eight audit groups, seven in Trenton and one in Newark, resulted in \$24.5 million additional taxes assessed during fiscal 1980, representing an average assessment of \$318,478 per auditor.

Overall results of the office audit activity appear as follows:

<i>Group</i>	<i>1979</i>		<i>1980</i>	
	<i>Assessment Amounts</i>	<i>No. of Auditors</i>	<i>Assessment Amounts</i>	<i>No. of Auditors</i>

Income Audit	886,717	10	1,053,367	9
Totals	\$17,959,827	81	\$24,522,797	77

Hearings and Conferences

During fiscal 1980, 760 hearings were held involving assessments of \$27.3 million, an average of \$35,000 per case. In these cases, collections of \$14.3 million were effected and downward revisions in liability of \$13.0 million were determined justified on the basis of fact and law.

Audit Review

All field audits as well as all other field assignments such as bulk sales, certificate of debt, and internal revenue adjustments are subject to review by a central audit review unit. During fiscal 1980, this unit processed 3,189 field audit files and levied 4,382 deficiency assessments totaling \$33.9 million in taxes, penalties and interest.

Refund Claims

Approximately 2.6 million claims for refunds involving \$224.2 million were processed during the year. Of this amount \$208.8 million was refunded. In addition nearly \$392,363 was collected as a result of refund audits.

Gross income tax accounted for 2.4 million refund claims and refunds totaling \$156.6 million.

Apprehension of Nonfiling Taxpayers

A by-product of investigation and study leading to audit selection is the discovery of additional tax revenue from corporations doing business in this State but failing to file returns. Another responsibility is the administration of the Corporation Income Tax. During fiscal 1980, audit selection activity produced \$3.3 million in tax revenues from the following sources:

<i>Source</i>	<i>1979</i>	<i>1980</i>
New Taxpayers	\$1,387,922	\$ 576,682
Newly Authorized Corporations	810,759	1,098,089
Voluntary Filings	1,375,256	1,419,261
Sub Total	\$3,573,937	\$3,094,032
Corporation Income Tax	184,507	214,638
Total	\$3,758,444	\$3,308,670

Audit Selection

Audit Selection is responsible for assignment of all audits, both field and office, encompassing all taxes administered by the Division. It also administers the Sales Tax Direct Payment Permits Program and statistical analysis of completed assignments. During 1980 it assigned 7,488 audits to Field and Office Audit teams. Of the 7,488 assignments, 5,087 were completed resulting in assessments of additional tax due, a selection assessment effectiveness of 68 percent.

Audit Service

Audit Service includes controlling all audits from date of assignment to date of completion and supplying all necessary support information. During fiscal 1980, it handled 14,524 files, posted 2,388 assessments and processed 2,639 checks.

Word Processing

Word Processing section performs such functions as typing records and processing information and data as a result of the workload

provided by the operations of the selection branch and other activities within the Division.

During fiscal year 1980, this operation processed over 379,000 items.

RESEARCH AND STATISTICS

The Division engages in continuous study of tax programs, tax procedures and results. In addition to current analysis, this includes constant review of data originating within and outside the Division as a basis for review and appraisal of results obtained. Anticipation of future tax developments and administrative requirements to facilitate smooth and efficient adjustment to changing circumstances is necessary to minimize emergency or crash programs.

Data Gathering

Records are maintained on a current basis to reflect tax revenues and changes in them. These are the raw materials for use by tax study groups, budget projections, and general information.

A number of publications are now available to provide new insight into the financial characteristics of New Jersey taxpayers and the New Jersey economy. The following have been published and the Division plans to continue them on an annually recurring basis.

Average Assessment/Sales Ratios By Taxing District-By Property Class

Coefficients of Deviation-Measures of Property Assessment Uniformity By Taxing District

Average Real Estate Tax Bill By Taxing District-By Property Class

Owner Occupied Housing Statistics From Homestead Rebate and Income Tax Data Match

Statistics of Income-Full Year Resident Returns

Revenue Estimating

Budget preparation for each fiscal year requires projections of revenues for a year beginning nine months following the first projection made in October and extending to 21 months thereafter. Periodic conferences are held with the Division of Budget and Accounting on the matter of developing realistic revenue expectations. This involves constant review and updating of forecasts to reflect timely change and adjustment. New data indicated in publications listed above have facilitated this estimating process.

Uncertainties associated with the "energy crisis" and various forecasts of economic decline have placed a heavy premium upon close surveillance of changing conditions during the past revenue estimating year.

Local Property Tax

Legislative provision for state payments to local governments in lieu of taxes on state owned properties called for a close review of the definition, value, and reporting of tax exempt properties in general and state owned properties in particular. Close cooperation is maintained between the Research Section and Local Property and Public Utility Section.

TRANSFER INHERITANCE TAX

In prior years, inheritance taxes were exclusively determined by examiners and billed to representatives of the estate. In 1979, a program was instituted providing for the use of form L-5 together with form L-2 or L-3 where the gross estate is \$200,000 or less for any class of beneficiary. The use of the form permitted the taxpayers to compute the tax and submit a certified check in full payment of the tax and interest, if any, and to immediately receive the necessary waivers. The estate so processed would be subject to selective audit within six months of the date of receipt of the form. In a substantial number of these estates, the report and tax were accepted as filed and there was no necessity for multiple handlings. Taxpayers who took advantage of this program effectuated the processing of almost 7,900 estates which would ordinarily have been handled in the usual manner.

During the year, 42,743 estates were carded and 100,083 pieces of mail were processed.

On September 1, 1978, "The Wills and Probate Reform Act of 1978" became effective, which had an effect on the descent and distribution of estates under the intestate law and the general provisions of probating wills and certain rights and remedies affecting the beneficiaries of wills.

CHAPTER V

SPECIAL PROCEDURES AND INVESTIGATIONS

Special Procedures and Investigations is concerned primarily with problem taxpayers and legal matters. It also provides a wide range of taxpayer information.

SPECIAL PROCEDURES

This Branch deals mainly with the collection of overdue tax liabilities but is also involved with criminal and civil proceedings.

SPECIAL PROCEDURES COLLECTIONS SUMMARIZED

Section	1979	1980
Judgment	\$ 9,260,104	\$ 8,765,862
Liens, Levies & Seizures	4,167,413	3,902,820
Bulk Sale	1,711,017	3,072,966
Reinstatement	1,813,941	1,373,550
Deferred Payment Control	5,133,815	7,639,914
Bankruptcy	853,179	1,437,225
Proclamation	389,309	498,961
Condemnations & Foreclosures	7,647	8,216
Totals	<u>\$23,336,425</u>	<u>\$26,699,514</u>

Bankruptcies

The primary function of the Bankruptcy Section is to submit Proofs of Claim to Federal and State courts concerning Straight Bankruptcies, Plans of Arrangement, Reorganizations, Wage Earner Plans, Assignments for the Benefit of Creditors, Receiverships and other insolvency matters.

The Bankruptcy Section received 5,620 notices of insolvency resulting in 593 Proofs of Claim. The difference between the number of notices received and number of Proofs of Claim represented those notices indicating that the business had no assets.

The assessed value of claims amounted to \$6,044,832. Collections totaled \$1,437,225.

Bulk Sales

The Bulk Sales Section is responsible for examining tax records of each business which disposes of its assets, either by Sale, Transfer or Assignment, other than in the normal course of business.

Bulk Sale Notices are required under provisions of the Sales and Use Tax Act, the Business Personal Property Tax Act and the State Uniform Commercial Code. The Section processed 1,892 Bulk Sale notices resulting in collections of \$3,072,966.

Condemnations and Foreclosures

When tax searches conducted in Condemnations and Foreclosures reveal that taxes are due, assessments are made and collections effected. During the year, 105 requests were processed resulting in collections of \$8,216.

Deferred Payment Control

Deferred Payment Control monitors installment payments received by the Special Procedures Branch under contractual deferred payment plans. A program of computer generated default listing was implemented during the period to identify accounts in arrears more efficiently. This section realized revenue of \$7,639,914 from 1,041 accounts during fiscal 1980.

Judgments

The Judgment Section collects overdue liabilities from taxpayers who neglected or refused to pay taxes and/or file returns through normal channels. The principal statutory remedy invoked is the filing of Certificates of Debt in the Superior Court. During fiscal year 1980, the Judgment Section processed 6,096 cases and collected \$8,765,862. It also filed 5,778 judgments in the amount of \$38,329,797 with the Superior Court.

Liens, Levies, and Seizures

During 1980, approximately 2,000 cases were investigated and 2,864 Warrants of Execution were filed. An additional 57 Warrants were executed by county sheriffs. The assets of 69 various businesses were seized in order to effect taxpayer compliance. Five auction sales of seized assets were conducted. Collections totaled \$3,902,820.

Proclamations

“Proclamation lists” of domestic and foreign corporations which are delinquent in the payment of Corporation Business Tax and/or filing of Corporation Business Tax returns are certified to the Secretary of State for the purpose of voiding domestic corporate charters and revoking authorities of foreign corporations. Special notices and warnings are issued and every effort made to collect delinquent taxes before revocation occurs.

Reinstatements

Reinstatement of voided corporate charters may be instituted by petition to the Secretary of State. This petition cannot be filed until the Director of the Division of Taxation certifies to the Attorney General that all tax returns have been filed and all taxes paid. During 1980, the Reinstatement Section processed 1,349 cases for reinstatement of corporate charters. Total assessments for the year were \$1,951,971. Collections totaled \$1,373,550.

Alcoholic Beverage Control Hearings

The Alcoholic Beverage Law provides for the suspension or revocation of an alcoholic beverage license for the non-payment of any tax due the State.

During the year a new procedure for filing complaints was introduced. In order to expedite the scheduling of hearings, complaints are now being filed with the local municipal issuing authority rather than with the State Division of Alcoholic Beverage Control. It is anticipated that this approach will accelerate the hearing of the complaints filed on behalf of the Division of Taxation.

The program administered by the Reinstatements Section produced revenue totaling \$250,275.

INVESTIGATIONS

Investigative functions involve securing returns from delinquent taxpayers, collecting tax liabilities, examining licenses and registrations, registering new businesses, and detecting state tax law violations.

Field Groups

Investigators are assigned to seven branch offices located throughout the State. In 1980 they completed 28,389 investigations resulting in total collections of \$6.7 million. Also 30,849 field man-hours were devoted to providing taxpayer information and assistance.

Special Investigations Unit "A"

Concerned primarily with enforcement of the Cigarette Tax Act and the Unfair Cigarette Sales Act, this group has a secondary function to disclose criminal violations of other tax statutes. Liaison is maintained with state and local law enforcement agencies within and outside New Jersey and with federal agencies.

During fiscal 1980, this unit was involved in the arrest of 44 persons and the handling of 268 court cases. Awarded to the state were: 4,329.9 cartons of cigarettes, 4 conveyances and monies in the amount of \$3,784. Prosecutions resulted in \$17,710 in fines.

Special Investigations Unit "B"

Concerned primarily with enforcement of Motor Fuels Tax Laws and an Act to Regulate the Retail Sales of Motor Fuels, this group also conducts routine motor fuel investigations dealing with special fuels, licensing and taxpayer complaints.

All reports are checked for accuracy of computations, questionable purchases, sales of export, taxable sales, and verification of tax-free sales of gasoline to determine proper licensing and accountability.

During fiscal 1980, Unit "B" collected \$4.8 million. It also assessed \$11.3 million, subject to further investigation and audit.

Contact & Control

During fiscal 1980, the Contact & Control Section completed 160,559 assignments—96,788 by telephone or letter and 63,771 by research. This is an increase of 51,864 completions over the previous year and revenue from this work totaled \$1.1 million. The number of completed branch office assignments totaled 28,389 amounting to collections of \$6.7 million. Also \$8.7 million was received from taxpayer service operations in the branch offices.

Motor Vehicle Casual Sales

The Casual Sales Section reviews and processes information received from the Division of Motor Vehicles to determine whether the proper amount of tax was paid on the transfer of a motor vehicle or a boat from one individual to another. During fiscal 1980, 61,815 letters were mailed to taxpayers resulting from the sales of motor vehicles or boats and 1,725 field assignments were initiated resulting in total collections of \$479,120.

TAX COUNSELOR SECTION

Tax Counselor Section provides answers to legal questions which arise in the Division. It acts as a liaison between the Division and the Office of the Attorney General. It also coordinates Division activities with regard to information given to the public. The activities include question and answer booklets and the "State Tax News."

Taxpayer Information Section

New Jersey's taxpayer assistance program includes a 40 agent information line, walk-in facilities, a hotline, speaking engagements, business seminars and form distribution. State Tax News contains recent tax legislation, changes in Division policy, and general tax information distributed to over 10,000 professional business people throughout the nation. Tax Times, an internal newsletter, highlights

employees' personal and occupational achievements as well as activities within the Division.

During the 1980 fiscal year, the information line received 532,246 calls, an increase of approximately 65,000 calls over the 1979 fiscal period. Much of this increased volume is attributed to a re-alignment of Division telephone procedures which has added the handling of inquiries about income tax refunds, adjustments notice and the Homestead Rebate to Taxpayer's Services' responsibilities. Training programs for new and experienced personnel have also been expanded to handle the increased variety of calls.

Emphasis has been directed toward the publication of pamphlets and bulletins which provide in depth information about New Jersey tax laws as they apply to various segments of the population. In addition, data is being collected to establish a network of communication among State taxpayer service functions nationwide.

ALCOHOLIC BEVERAGE TAX

Citation: The Alcoholic Beverage Tax Law: N.J.S.A. 54:41—1 *et seq.*

DESCRIPTION

Alcoholic Beverage Tax is applied to the first sale or delivery to retailers in New Jersey and is based upon the number of gallons sold or otherwise disposed of in the State. The tax is collected from licensed manufacturers, wholesalers, and State beverage distributors.

HISTORY

After repeal of the 18th Amendment to the U.S. Constitution, New Jersey enacted a tax on the sale of malt and vinous liquors effective April 6, 1933. Sales of ale, beer, lager, porter and wine having an alcoholic content not greater than 3.2% were taxed at the rate of \$.03 per gallon (C.85, P.L. 1933).

Enactment of the Alcoholic Beverage Tax Act effective December 5, 1933 imposed rates of 3-1/3 cents per gallon of beer and \$1.00 per gallon of liquor (C. 434, P.L. 1933).

Tax rate on liquor was increased in 1947 to \$1.50 per gallon (C. 18 P.L. 1947); in 1963 to \$1.80 per gallon (C.43, P.L. 1963); in 1969 to \$2.30 per gallon (C. 52, P.L. 1969); and in 1972 to \$2.80 per gallon (C. 52, P.L. 1972).

EXEMPTIONS

- (1) Sales to organizations of Armed Forces Personnel.
- (2) Sales under R.S. 54:43—2 for Medicinal, Dental, Industrial and other Non-Beverage Use.

BUSINESS PERSONAL PROPERTY TAX

CITATION: The Business Personal Property Tax Act: N.J.S.A. 54:11A-1—*et seq.*

DESCRIPTION

Business Personal Property Tax applies to individuals, partnerships, corporations, and associations which own tangible personal property used in business in this State. The tax base, referred to as taxable value, is 50% of original cost.

HISTORY

Business Personal Property Tax was adopted in 1966 as part of a Business Personal Property Tax Replacement Program designed to exempt business personalty from local taxation (except business personalty of telephone, telegraph and messenger systems companies). It took effect in 1968 (C. 136, P.L. 1966) and provided for replacement tax revenues to be collected by the State for distribution to taxing districts.

The State-administered Business Personal Property Tax with the exception of this tax upon banking corporations was one of the four replacement taxes which constituted the replacement program. The

other replacement taxes were: The Corporation Business Tax (1.25% of the net income tax base), the Retail Gross Receipts Tax and the Unincorporated Business Tax.

This program was terminated (C.3, P.L. 1977). See page 22.

Banking Corporations became subject to Business Personal Property Tax effective January 1, 1975 (C. 170 and 171, P.L. 1975).

Business machinery and equipment acquired on or after January 1, 1977 is exempt from Business Personal Property Tax (C. 4, P.L. 1977).

EXEMPTIONS (54:11 A—2(b))

- (2) Goods and chattels so affixed to real property as to become part thereof and not severable or removable without material injury thereto;
- (3) Motor vehicles registered in this State pursuant to Title 39 of the Revised Statutes;
- (4) Vessels for which tax exemption certificates are or have been issued pursuant to the New Jersey Boat Act of 1962 (C. 73, P.L. 1962) as amended and supplemented;
- (5) Goods and chattels used or held for use in business by any person, partnership, association or corporation subject to taxation under Chapter 4 of the laws of 1940, as amended;
- (6) Goods and chattels used or held for use in the business of farming;
- (7) Goods and chattels used or held for use in business by any life insurance company, domestic or foreign, which is subject to a tax on life insurance premiums collected under the provisions of Chapter 132, laws of 1945, as amended; and

(8) Machinery and equipment acquired on or after January 1, 1977.

CIGARETTE TAX

Citation: The Cigarette Tax Act: N.J.S.A. 54:40A—1 *et seq.*
Unfair Cigarette Sales Act of 1952, N.J.S.A. 54:7—18 *et seq.*

DESCRIPTION

Cigarette Tax applies at 19¢ per package of 20 cigarettes. The Tax is collected primarily from licensed distributors who receive the cigarettes directly from out-of-state manufacturers. Unless otherwise provided by law, every package of cigarettes must be stamped before being transferred from the original acquirer in New Jersey. Other tobacco products are not taxed.

HISTORY

Effective July 1, 1948, the Cigarette Tax was first imposed at 3¢ per pack (C. 65, P.L. 1948). Provision was made for issuing licenses to distributors, wholesalers, over-the-counter retail dealers and vending machine dealers. Distributors were granted a 5% discount on sales of stamps totaling \$100 or more as compensation for handling and affixing revenue stamps to cigarette packages before delivery to wholesale or retail dealers. In 1952 the Unfair Cigarette Sales Act was adopted to prevent "unfair competition" and "unfair trade practices" in sales of cigarettes (C.247, P.L. 1952). Also effective in 1952 were increases in license fees: from the original \$250 to \$350 for distributors and from \$100 to \$200 for wholesale dealers. The wholesale dealer license fee was increased to \$250 in 1971. Effective June 4, 1968, the discount rate became a percentage of the face amount of any sales of 1,000 stamps or more (C. 51, P.L. 1968).

Tax rate and discounts provided to distributors have changed as follows:

<i>Effective Date</i>	<i>Tax Per Pack</i>	<i>Discount Rate</i>

CORPORATION TAX

(a) CORPORATION BUSINESS TAX

(The Corporation Business Tax consists of Corporation Net Worth and Corporation Net Income Taxes.)

Citation: The Corporation Business Tax Act: N.J.S.A. 54:10A—1 *et seq.* (C. 162, P.L. 1945 as amended and supplemented).

DESCRIPTION

Corporation Business Tax Act imposes on a “corporation” a franchise tax for the privilege of having or exercising its corporate charter in this state or doing business, employing or owning capital or property, or maintaining an office in New Jersey. The tax is applicable to every corporation, not expressly exempted, falling within any one of the following categories:

- (a) Existing under the laws of New Jersey;
- (b) A foreign corporation,
 - (1) Holding a general certificate of authority issued by the Secretary of State;
 - (2) Holding any other authorization to engage in corporate activity within New Jersey issued by any other State Agency;
 - (3) Doing business in New Jersey;
 - (4) Employing or owning capital or employing or owning property in New Jersey;
 - (5) Maintaining an office in New Jersey.

The tax is measured by that portion of the corporation net worth (or other alternative net worth tax bases) and net income allocable to New Jersey. The tax applies to Net Worth and/or Net Income for the firm’s accounting period (calendar year or fiscal year), or any part thereof during which the corporation has a taxable status within New Jersey.

HISTORY

Corporation Business Taxes date back to 1884 when a franchise tax was imposed upon all domestic corporations. Between 1884 and 1946, the franchise tax was based upon the total amount of capital stock issued by the taxpayer and outstanding as of January 1 of each year (C. 159, P.L. 1884).

There was no franchise tax on foreign corporations prior to 1936, when provision was made for an annual tax (C. 264, P.L. 1936). This tax was replaced in 1937 (C. 25, P.L. 1937) with a new franchise tax providing for allocation of capital stock of foreign corporations.

Effective January 1, 1946 (C. 162, P.L. 1945), the tax became a net worth tax applicable to both domestic and foreign corporations and measured by net worth allocated to New Jersey. Allocation was measured by the greater of an asset factor or a three-part business factor (property, sales and payroll).

Chapter 88, Laws of 1954 increased the net worth tax on allocable net worth from 8/10 mills per \$1 to 2 mills per \$1.

Chapter 63, Laws of 1958 amended the Corporation Business Tax Act by adding to the tax based upon allocated net worth a tax at 1-3/4% based upon allocated net income. The 1958 amendment also changed the tax year from a calendar year for all corporations to a privilege period coinciding with the accounting year for each taxpayer.

Chapter 162, Laws of 1959 reduced the net income tax base from 15% to 4% of adjusted net income for companies entitled and electing to file as regulated investment companies.

Chapter 190, Laws of 1959 provided a short tax table for companies electing to be taxed on their total assets only and having less than \$150,000 of total assets.

Chapter 134, Laws of 1966 revised the Corporation Tax as follows:

- (1) increased the net income tax rate from 1-3/4% to 3-1/4% effective January 1, 1967;

- (2) for domestic corporations, eliminated the allocation to New Jersey of 40% of intangible assets having a business situs outside the state;¹
- (3) added an alternative minimum net worth tax based on the number of authorized shares of domestic corporations;
- (4) changed the allocation of sales receipts to destination bases for purposes of computing the business allocation factor (receipts being allocable to New Jersey only if shipment is made to a customer in New Jersey);
- (5) changed the due date of returns and payments to the fifteenth day of the fourth month following the close of the taxpayer's accounting period.

Chapters 112 and 250, P.L. 1968 introduced several changes, the most significant of which are indicated below:

- (1) increased net income tax rate from 3-1/4% to 4-1/4%, effective January 1, 1968;
- (2) provided for reporting of book value of a parent corporation for investments in capital stock of subsidiaries;
- (3) excluded dividends received from subsidiaries from the net income tax base of the parent corporation;
- (4) eliminated the assets allocation factor;
- (5) eliminated intangible personal property when computing the minimum tax based on assets located in New Jersey;
- (6) provided for prepayment of the tax.

¹In 1945 the percentage of intangible assets having a business situs outside of New Jersey allocable to New Jersey for tax purposes was 100% (C. 162, P.L. 1945). In the same year the percentage was reduced to 50% (C. 459, P.L. 1945). It was further reduced to 40% in 1955 (C. 88, P.L. 1954).

Chapter 93, P.L. 1970 added another alternative minimum net worth tax for domestic corporations only: 11/100 of a mill per dollar of total assets. It also provided for a deduction for subsidiaries which are taxed in New Jersey under laws other than the Corporation Business Tax Act.

Chapter 25, P.L. 1972 increased the net income tax rate from 4-1/4% to 5-1/2% effective January 1, 1972.

Chapter 21, P.L. 1975 increased the prepayment from 50% to 60% effective February 28, 1975.

Chapter 162, P.L. 1975 increased net income tax rate from 5-1/2% to 7-1/2% effective January 1, 1975.

Chapter 170, P.L. 1975 repealed the exemption for banking corporations (including national banks) for the 1976 privilege year and thereafter.

Chapter 171, P.L. 1975 made corporations doing a financial business subject to a tax for accounting periods ending after December 31, 1974.

Chapter 280, P.L. 1979 increased net income tax rate from 7-1/2% to 9% effective January 1, 1980.

EXEMPTIONS

- (1) Certain Agricultural Cooperative Associations;
- (2) Building and Loan Association and Saving and Loan Associations;
- (3) Certain Federal Corporations;
- (4) Corporations created under the Limited-Dividend Housing Corporations Law;
- (5) Cemetery Corporations;
- (6) Non-profit Corporations without capital stock;
- (7) Non-stock Mutual Housing Corporations;

- (8) Railroad and Canal Corporations;
- (9) Street Railway, Gas, Light, Power and Other Corporations Using the Public Streets;
- (10) Utilities Subject to Gross Receipts Tax and Insurance Companies Subject to premium tax.

RATE OF TAX

FIRST, a tax of 9% upon entire net income, or such portion thereof as may be allocated to New Jersey. There is no minimum net income tax.

SECOND, a tax measured by that portion of entire net worth allocated to New Jersey and multiplied by the following tax rates:

On the first \$100,000,000 of allocated net worth, 2 mills per dollar; on the second \$100,000,000 of allocated net worth, 4/10 of a mill per dollar; on the third \$100,000,000 of allocated net worth, 3/10 of a mill per dollar; over \$300,000,000 of allocated net worth, 2/10 of a mill per dollar.

Minimum tax applies to the net worth portion of the Corporation Business Tax.

Minimum Tax: The Corporation Business Tax Act provides for minimum tax liabilities. The following summary of minimum tax requirements does not apply to an Investment Company a real estate investment trust or a Regulated Investment Company. The definition and special treatment of such companies is discussed in a later section of this chapter (see pg. 61).

The tax payable under the net worth base shall not be less than the greatest of the amounts computed under (A), (B) or (C) below:

(A) 5/10 of a mill per dollar on the first \$100,000,000 of the average value of the taxpayer's real and tangible personal property allocated to New Jersey; and 2/10 of a mill per dollar on all such assets in excess of \$100,000,000.

(B) For New Jersey Corporations only:

(1) for accounting periods ending after June 30, 1967 and prior to July 1, 1970

(a) a tax based on the number of shares of stock that a corporation is authorized to issue, as of the close of the calendar or fiscal accounting period covered by a return, as follows: where the authorized capital stock does not exceed 5,000 shares, \$25; where the authorized capital stock is in excess of 5,000 shares but does not exceed 10,000 shares, \$55; and where the authorized capital stock exceeds 10,000 shares, \$55 for the first 10,000 shares and \$27.50 for each additional 10,000 shares or part thereof. The total tax on this basis may not exceed \$100,000;

or (b) 11/100 of a mill per dollar of the total assets of the corporation;

or (c) \$100,000.

(C) In the case of a Domestic Corporation, \$25; and in the case of a Foreign Corporation, \$50.

Short Tax Table: In lieu of the tax based on allocated net worth, subject to minimum tax regulations, any taxpayer having less than \$15,000 of total assets everywhere may determine its net worth tax liability on the basis of a short tax table.

TAX PREPAYMENT

In addition to the tax due, for accounting periods ending March 31, 1968, and thereafter, a prepayment of tax for the following year must also be made; such payment is due and is a part of the current year's tax. Credit against the current year's tax liability for such prepayments is allowed.

BANKING AND FINANCIAL CORPORATIONS

Banking and Financial corporations are subject to the Corporation Business Tax Act at the rate of 9% on net income, plus the tax on corporate net worth of two mills per \$1.

Chapter 170, P.L. 1975 provides that during each of privilege years 1976, 1977 and 1978, the amount paid by each banking corporation as taxes shall be the greater of (1) the amount which such banking corporation paid in calendar year 1975 as Bank Stock Tax, or (2) a sum equal to total of taxes paid by such banking corporation as Corporation Business Tax and Business Personal Property Tax.

Formerly banks were subject to a tax of 1.5% on net worth under the Bank Sock Tax Act. Bank Stock Tax was formerly administered by the Division of Taxation and the 21 separate County Boards of Taxation. The corporate tax upon banks is now solely administered by the Division.

Financial business corporations were formerly subject to the Financial Business Tax. These included such corporations as small loan companies and mortgage finance companies which are now subject to the Corporation Business Tax. Financial Businesses not operating in a corporate capacity remain subject to the Financial Business Tax. Both taxes are administered by the Division.

Chapter 171, P.L. 1975 provides that during each of the years 1976, 1977 and 1978, each financial business corporation shall pay as taxes, the greater of a sum equal to the amount such financial business corporation paid under the Financial Business Tax Act in the calendar year 1975, or a sum equal to the total of the taxes payable by such financial business corporation pursuant to the Corporation Business Tax Act. Chapter 40, P.L. 1978 extended the save harmless provision through 1979. It expired in 1980.

INVESTMENT COMPANIES

“Investment company” means any corporation whose business during the period covered by its report consisted, to the extent of at least 90% thereof, of holding, investing and reinvesting in stocks, bonds, notes, mortgages, debentures, patents, patent rights, and other securities for its own account, but this shall not include any corporation which: (1) is a merchant or a dealer of stocks, bonds and other securities, regularly engaged in buying the same and selling the same to customers; or (2) had less than 90% of its average gross assets in New Jersey, at cost, invested in stocks, bonds, debentures, mortgages, notes, patents, patent rights or other securities or consisting of cash on deposit during the period covered by its return.

A taxpayer qualifying and electing to be taxed as an Investment Company is subject to an allocation percentage of 25% of the net worth base and 25% of the net income base.

In addition, a tax prepayment must also be made for Investment Companies and these Investment Companies are subject to a minimum tax of \$250.00 for combined net worth and net income obligation.

“Regulated investment company” means any corporation which, for a period covered by its reports, is registered and regulated under the Investment Company Act of 1940 (54 Stat. 789), as amended.

A taxpayer qualifying and electing to be taxed as a *Regulated Investment Company* is subject to an allocation percentage of 15% of the net worth base and 4% of the net income base and must make a prepayment; there is a minimum tax of \$250.00 for combined net worth and net income obligation.

DEFERRED PRE-DISSOLUTION PAYMENT ETC.

Chapter 367, P.L. 1973 approved in 1974 eliminates the requirement for a certificate obtained in case of merger or consolidation involving a domestic or foreign corporation qualified to transact business in New Jersey. It also provides alternatives to actual payment of taxes, or payment on account of such taxes by providing in lieu thereof, for a written undertaking to be given by a domestic corporation, or a foreign corporation authorized to transact business in New Jersey, to pay all taxes when payable on behalf of a corporation which otherwise would have to pay all taxes prior to taking certain corporate actions.

ALLOCATION FACTOR

If the taxpayer had a regular place of business outside New Jersey, its tax liability is measured by:

- (a) net income allocated to New Jersey, according to a formula based on property, sales and payroll; and
- (b) net worth allocated to New Jersey according to the same three factor formula, subject to the aforementioned alternative minimum net worth tax bases.

EMERGENCY TRANSPORTATION TAX

Citation: The Emergency Transportation Tax Act: N.J.S.A. 54:8A—1 *et seq.*

DESCRIPTION

This is a graduated tax based on the income of New Jersey residents derived from sources within a "critical area State" other than New Jersey and on the income of residents of another "critical area State" derived from sources within New Jersey. The State Transportation Commissioner determines the "critical area State" and certifies each State to the State Treasurer within 40 days after the first day of each year. New York has been certified as a "critical area State." By regulation of the Director of the Division of Taxation, New Jersey residents subject to the tax who have filed a return with the State of New York and have paid the tax due to that State are not required to file a return or pay this tax with New Jersey for said tax years.

HISTORY

Under the Emergency Transportation Tax Act as enacted in 1961 (C. 32, P.L. 1961), the original tax rate was graduated from 2%—10% upon entire net income other than capital gains and from 1%—5% upon income from net capital gains. Shortly after its introduction, the Act was amended to bring definitions of terms, deductions, exemptions, etc., into closer conformity with the New York Personal Income Tax laws (C. 129, P.L. 1961).

Certain requirements for fiduciary and partnership returns were eliminated in 1962 (C. 70, P.L. 1962) and in 1965 (C. 279, P.L. 1964), the act was amended to bring it into conformity with the U.S. Revenue Act of 1964.

In 1968, four additional tax brackets were added to the schedule of graduated rates. The new range from 2% to 14% was consistent with the New York State rate structure (C. 36, P.L. 1968). In 1969, the Act was extended to December 31, 1980 (C. 36, P.L. 1969) and in 1970 was amended to recognize certain changes in Federal Internal Revenue Code introduced in 1969 (C. 304, P.L. 1970). In 1980, the Act was extended to December 31, 1990 (C. 89, P.L. 1980).

Effective January 1, 1972 were a number of changes which included (1) an increase in the tax rate for taxpayers whose taxable income exceeds \$25,000 from 14% to 15%, (2) a 2½% surcharge, (3) exemption provisions for taxpayers with low income by establishing a new minimum standard deduction, (4) increase in tax rate for tax preference income from 3% to 6%, (5) repeal of the statutory tax credit, and (6) an increase in the tax rate on long-term capital gains from 50% to 60% (C. 12, P.L. 1972).

A taxpayer subject to this law pays the greater of this tax or the New Jersey Gross Income Tax (P.L. 1976, C. 47, C. 65 and C. 66).

The amount of tax which exceeds that due under the New Jersey Gross Income Tax Act is to be deposited in the Transportation Fund, established by the commuter tax act. This money is dedicated to the improvement of transportation and transportation facilities in the critical areas covered by the act.

The amount of tax liability which is due under the New Jersey Gross Income Tax Act is to be deposited in the Property Tax Relief Fund established under that act.

RATE OF TAX

Graduated from 2% on taxable income not exceeding \$1,000 to 14% on amounts in excess of \$23,000.

EXEMPTIONS

Personal exemptions are as follows:

- (1) Single taxpayer, \$700, additional \$700 for taxpayer's spouse when separate return is filed and spouse has no gross income.
- (2) Taxpayer 65 years of age or over, additional \$700; and if such taxpayer's spouse is also over 65, additional \$700.
- (3) Blind taxpayers, additional \$700; and if such taxpayer's spouse is also blind, additional \$700.
- (4) Dependent, \$700.

STANDARD DEDUCTIONS

The standard deduction is 15% of gross income or \$2,000, whichever is less. A minimum standard deduction of \$1,000 is allowed to an unmarried individual and \$1,500 to a head of household, surviving spouse with dependent child, and husband and wife.

WITHHOLDING REQUIREMENTS

Employers are required to withhold tax and remit withholdings quarterly.

FINANCIAL BUSINESS TAX

Citation: The Financial Business Tax Law: N.J.S.A. 54:10B—1 *et seq.*

DESCRIPTION

Incorporated Financial Businesses became subject to Corporation Tax effective January 1, 1975.

Financial Business Tax continues to apply to any partnership, limited partnership, limited partnership association or any other unincorporated association or individual doing a financial business. The tax is based upon net worth at a rate of 1½% for the privilege of doing financial business in New Jersey.

HISTORY

Financial Business Tax was adopted in 1946 at ¾ of 1% (C. 174, P.L. 1946). Revenue was equally distributed between municipalities and counties.

Rate was increased to 1½% in 1970 and the State became a recipient of revenues (C.9, P.L. 1970). One-half of the tax is for general State use; one-half is distributed equally between the municipality and county in which the taxpayer has a place of business.

Effective January 1, 1975, Incorporated Financial Businesses became subject to Corporation Businesses Tax (C. 171, P.L. 1975). Unincorporated Financial Business continue to be subject to the tax.

EXEMPTIONS

- (1) National banks;
- (2) Production Credit Association (Farm Credit Act of 1933);
- (3) Stock and mutual insurance companies authorized to do business in New Jersey;

- (4) Security dealers or brokers, investment companies, or bankers not employing monied capital coming into competition with the business of national banks;
- (5) Credit Unions;¹
- (6) Savings banks, Savings and Loan Associations and Building and Loan Associations;¹
- (7) Pawnbrokers;¹
- (8) State Banks and trust companies, and
- (9) Financial business corporations.

¹Exempt only if organized under Laws of New Jersey.

RATE OF TAX

1½% of taxable net worth. For a taxpayer doing business in more than one State, the tax base becomes net worth allocable to New Jersey. Allocation is determined by comparing gross business in New Jersey with gross business everywhere else during the taxable year. Minimum tax is \$25.

GROSS INCOME TAX

Citation: The New Jersey Gross Income Tax, N.J.S.A. 54A:1—1 *et seq.*

DESCRIPTION

This is a graduated tax based on income earned or received on or after July 1, 1976 by New Jersey resident and non-resident individuals, estates and trusts.

HISTORY

The Gross Income Tax was enacted July 8, 1976, retroactive to July 1, 1976 (C. 47, P.L. 1976).

Pension income for those eligible for Social Security by reason of age or disability is exempt as follows: First \$10,000 for a married couple filing jointly; \$5,000 for a married person filing separately; and \$7,500 for a single taxpayer (C.40, P.L. 1977).

C. 273, P.L. 1977 extends the exclusion allowed for pensions to other types of retirement income. The exclusion applies to taxpayers who are 62 years of age or older and whose earned income is not more than \$3,000.

RATE OF TAX

Graduated from 2% on taxable income not exceeding \$20,000 to 2-1/2% on amounts in excess of \$20,000.

EXEMPTIONS

- (1) Taxpayer, \$1,000.
- (2) Taxpayer's spouse who does not file separately, \$1,000.
- (3) Taxpayer 65 years old or older, \$1,000; also \$1,000 for spouse who is 65 years old or older who does not file separately.
- (4) Taxpayer blind or totally disabled, \$1,000; also, on joint return, \$1,000 for blind or disabled spouse.
- (5) For each dependent \$1,000, plus an additional \$1,000 for each dependent child who attends, full time, an institution of higher education.

DEDUCTIONS

- (1) Payments of alimony or for separate maintenance are deductible to the payer if reported as income by the payee.
- (2) Unreimbursed medical expenses in excess of 2% of gross income.

CREDITS

- (1) \$65 for a qualified residential tenant or shareholder in a co-operative. A retroactive amendment provides that shareholders in co-operatives and mutual housing corporations qualify for the homestead rebate and not for the tenants' tax credit (C. 241 and 242, P.L. 1977). This increases to \$100 if the tenant is 65 years or older, permanently and totally disabled or the surviving spouse, 55 years or older, of a deceased senior citizen renter and has remained unmarried.
- (3) Payments of income or wage tax imposed by another state (or political subdivision) or by the District of Columbia, with respect to income subject to tax under this act. This shall not exceed the proportion of tax otherwise due that the amount of the taxpayer's income bears to the taxpayer's entire New Jersey income.

WITHHOLDING REQUIREMENT

Employers are required to withhold the tax and remit withholdings monthly; if withholdings are expected to be \$18,000 or more for a semi-annual period, withholdings are remitted semi-monthly. (C. 43, P.L. 1978 permits quarterly filings in certain cases.)

INSURANCE PREMIUMS TAX

Citation: The Insurance Premiums Tax Law: N.J.S.A. 54:16—1 *et seq.*; 16A— *et seq.*; 54:18A—1 *et seq.*; 54:17—4 *et seq.*

DESCRIPTION

Insurance Premiums Tax applies to premiums collected on insurance risks in this State during the preceding calendar year. The tax applies to every stock, mutual and assessment insurance company organized or existing under any general or special law of this State or any other state or foreign country transacting business in this State.

Taxable premiums of life insurance companies include all gross contract premiums except premiums for reinsurance and annuity considerations, less certain specified deductions. Non-life companies generally are taxed upon gross premiums less certain deductions. The

tax on marine companies is based upon annual underwriting profits, and the tax on foreign fire insurance companies is based upon taxable premiums. Workmen's compensation insurers are taxed upon net premiums received.

HISTORY

The first Insurance Premiums Tax in New Jersey was enacted in 1885, at a rate of 35/100ths of 1% on total gross insurance premiums. The law was significantly changed in 1945, at which time the rate of 2% was established (C. 132, P.L. 1945). The law has existed basically unchanged to the present day with the tax rate remaining at 2%.

Chapter 231, P.L. 1950 provided for retaliatory provisions which subject foreign insurance companies to not less than the rate of tax that the home states of such companies impose on New Jersey insurance companies.

Legislation adopted in 1966 provided for prepayment of the tax (C.3, P.L. 1966).

RATE OF TAX

2% on premiums of life and non-life insurance companies, except for the following: group accident and health insurance premiums, 1%; on ocean marine, 5% of three-year average of underwriting profits; additional 1/4 of 1% on workmen's compensation premiums; surcharge of 3% against insured on surplus lines coverage. For both life and non-life insurance companies the maximum taxable premiums may not exceed a sum equal to 12-1/2% of the total premiums collected.

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use, with the following exceptions:

Insurance premium taxes collected from fire insurance companies of other states and foreign countries on premiums of insurance against fire insurance risks in this State are allocated for distribution to the New Jersey Firemen's Home and the New Jersey State Firemen's Association (1980- \$1,582,295).

LOCAL PROPERTY TAX

Citation: The Local Property Tax: N.J.S.A. 54:4—1 *et seq.*

DESCRIPTION

An ad valorem tax—The local property tax is measured by property values and is apportioned among taxpayers according to the assessed value of taxable property owned by each taxpayer. The tax applies to real estate and tangible personal property of telephone, telegraph and messenger systems companies.

A local tax—The property tax is a local tax assessed and collected by municipalities for the support of municipal and county governments and local school districts. No part of it is used for support of State government.

Amount of tax (a residual tax)—The amount of local property tax is determined each year, in each municipality, to supply whatever revenue is required to meet budgeted expenditures not covered by monies available from all other sources. School districts and counties notify municipalities of their property tax requirements. Municipalities add their own requirements and levy taxes to raise the entire amount. As a residual local tax, the total property tax is determined by local budgets and not by property valuations or tax rates.

Property assessment (the tax base)—All taxable property is assessed (valued for taxation) by local assessors in each municipality. Assessments are expressed in terms of "taxable value," which is that percentage of "true value" (not lower than 20% or higher than 100% in

multiples of 10) established by each county board of taxation, except for qualified farm land, which is specially valued.

HISTORY

It may be said that the property tax originated in 1670 with a levy of one half penny per acre of land to support the central government. Through the middle of the 19th century property taxes were levied upon real estate and upon certain personal property at arbitrary rates within certain limits called "certainties." In 1851 the concepts of a general property tax and uniform assessments according to actual value were developed (Public Laws 1851, p. 273).

For almost a century following the 1851 legislation a continuing effort was made to accomplish uniform taxation under a general property tax. In 1875 a constitutional amendment provided that "property shall be assessed for taxes under general laws and by uniform rules according to its value" (Article IV, Section VII, Paragraph 12). Courts held that the 1875 amendment permitted classification of property for tax purposes and also exemption of certain classes from taxation, or the substitution of other kinds of tax "in lieu." Thus began a long period of erosion of the "general property tax" concept. In 1884 a State Board of Assessors was created and given responsibility for assessment of railroad and canal property, thus setting the pattern for State assessment of certain classes of property.

Intangible personal property was eliminated from the "general property tax base" in 1945 (replaced with a corporation net worth tax). Such elimination shifted the emphasis for tax reform to tangible personal property.

The New Jersey State Constitution adopted in 1947 provided (Article VIII, Section I) "property shall be assessed for taxation under general law and by uniform rules. All real property assessed and taxed locally or by the State for allotment and payment to taxing districts shall be assessed according to the same standard of value, except as otherwise permitted herein, and such property shall be taxed at the general tax rate of the taxing district in which the property is situated, for the use of such taxing district."

This was interpreted to preclude any classification of real estate but to leave the door open for classified taxes upon personal property. In

1963 the Constitution was amended to permit assessment of farm property according to its value for agricultural use only. Chapter 51, Laws of 1960 (effective for tax year 1965) provided for such classification and also provided other significant modifications. These were comprehensively summarized in prior Annual Reports.

Personal property provisions of Chapter 51, Laws of 1960 were replaced by Chapter 136, Laws of 1966. For taxes payable in 1968 and thereafter, personal property used in business (other than the businesses of telephone, telegraph and messenger system companies) is subject to a uniform state tax instead of the local tax. Non-business personal property is no longer subject to any property tax and inventories of all businesses were excluded from property taxation.

The 1966 law also provided for replacement of local personal property tax revenues from four tax sources: (1) Retail Gross Receipts Tax, (2) Corporation Business (Net Income) Tax, (3) Business Personal Property Tax and (4) Unincorporated Business Tax. This program was terminated (C. 3, P.L. 1977). Legislation was passed providing for an annual appropriation of not less than \$158.7 million.

The decision in *Switz v. Middletown Township, et al.*, 23 N.J. 580, required that all taxable property be assessed at "true value" (100% assessment). This was the beginning of a series of New Jersey court decisions which have been a major factor in development of uniform real estate tax assessment.

A long period of legislative history has developed numerous exemptions and various special property tax treatments. These are found principally in R.S. 54:4—3.3 and in R.S. 54:4—3.6. Generally exempt are government-owned property, and property of religious, educational, charitable and various types of non-profit organizations. In addition, qualified veterans and senior citizens are permitted tax deductions of \$50 and \$160 respectively.

RATE OF TAX

Local property tax rate is determined each year in each municipality by relating the total amount of tax levy to the total of all assessed valuations taxable. Expressed in \$1 per \$100 of taxable assessed value, the tax rate is a multiplier for use in determining the amount of tax levied upon each property. Property tax rates in 567 New Jersey local

taxing districts range from \$0.59 per \$100 to \$15.74 per \$100. The average rate for the State is \$3.67 per \$100.

MOTOR FUELS TAX

Citation: The New Jersey Motor Fuels Tax Law: N.J.S.A. 54:39—1 *et seq.*

DESCRIPTION

The tax on motor fuels applies to sales of gasoline, diesel fuel or liquefied petroleum gas and compressed natural gas used in motor vehicles on public highways.

HISTORY

The first gasoline tax law (C. 334, P.L. 1927) became effective in New Jersey on July 1, 1927 at the rate of 2¢ per gallon. A commission in 1934 recommended repeal of exemption certificates and substitution

¹Gross. Net collections see Table 3, page 17.

of a refund system. The refund system was enacted, providing a closer check of non-taxable sales of motor fuels (C. 319, P.L. 1935).

Unfair Motor Fuels Practices Act (C. 413, P.L. 1953) enables the Division's auditors and investigators to check dealers' practices in giving rebates, concessions, allowances or discounts. Preferential treatment is unlawful if given with intent to injure, destroy or substantially lessen competition.

Chapter 52, P.L. 1971 provides for taxation of sales of petroleum liquefied gas and liquefied or compressed natural gas at one-half the rate paid on sales of motor fuels.

Motor Fuels tax rate has been increased as indicated below:

<i>Effective Date</i>	<i>Increase Per Gallon</i>

PUBLIC UTILITY TAXES

Local Property and Public Utility Branch administers five taxes which apply to Public Utilities—Public Utility Franchise Tax, Public Utility Gross Receipts Tax, Public Utility Excise Tax, Railroad Property Tax, and Railroad Franchise Tax.

(a) PUBLIC UTILITY FRANCHISE TAX (FOR MUNICIPAL USE)

Citation: Public Utility Franchise Tax: N.J.S.A. 54:30A—18.

DESCRIPTION

Franchise Tax applies to persons, copartnerships, associations and corporations, other than those specifically exempted, having lines or mains located in, on or over any street, highway or other public place. Utilities subject to taxation include telegraph, telephone and district messenger systems companies.

The rate is either 2% or 5% of a proportion of the gross receipts of the taxpayer for the preceding calendar year. The proportion of gross receipts subject to tax is the ratio of the taxpayer's total length of lines or mains which are located in, on or over any street, highway or other public place to the whole length of lines or mains. Measurements of lengths of lines or mains exclude service connections.

ADMINISTRATION

Franchise tax is collected by the State for distribution to municipalities together with the gross receipts tax distribution. The tax is payable by the State to the municipal tax collectors in three installments: 25% within 30 days after certification of the apportionment; 40% on September 1; and 35% on December 1.

HISTORY

The first general tax act specifically taxing public utilities was enacted in 1884 (C. 159, P.L. 1884). It provided for a 2% Franchise Tax

on gross receipts of telegraph, telephone, cable and express companies. In 1900, the Voorhees Tax Act included all utilities other than those taxable under the Railroad and Canal Property Tax Act. It also provided that the receipts collected by the State were to be transferred back to municipalities (C. 195, P.L. 1900). In 1917, Franchise Tax rates were increased to 3% in 1917, 4% in 1918 and 5% in 1919 and thereafter (C.17, P.L. 1917).

In 1940, significant revisions and amendments were adopted (C. 4 and 5, P.L. 1940). Unit values were applied to each class or type of public utility tangible personal property for the purpose of securing a fair and equitable apportionment of taxes. An accelerated payment schedule was imposed by C. 35 & 36, P.L. 1979 on all public utility companies paying the Franchise or Gross Receipts Taxes. Chapters 10 and 11, P.L. 1980 amended Chapters 4 and 5, P.L. 1940 to provide for state collection and distribution to municipalities. Chapter 12, P.L. 1980 establishes a Municipal Purposes Tax Assistance Fund and provides for a distribution to certain municipalities of a sum not less than \$27.0 million.

RATE OF TAX

2% for gross receipts of \$50,000 or less and 5% for gross receipts exceeding \$50,000 (N.J.S.A. 54:30A—54(a), 54:30A—18).

DISPOSITION OF REVENUES

Revenues, after deductions for the cost of administering the tax by the State, are for local use. The tax is distributed to the municipalities.

(b) PUBLIC UTILITY GROSS RECEIPTS TAX (FOR MUNICIPAL USE)

Citation: Public Utility Gross Receipts Tax: N.J.S.A. 54:30A—49 *et seq.*

DESCRIPTION

Public Utility Gross Receipts Tax is in addition to the Franchise Tax and is in lieu of local taxes on certain properties of the following public utilities: street railway, traction, sewerage, water, gas and electric light, heat and power corporations using or occupying public streets, highways, roads or other public places in New Jersey.

ADMINISTRATION

Public Utility Gross Receipts Tax is collected by the State for distribution to municipalities together with the franchise tax distribution. The tax is payable by the state to the tax collectors in three installments: 25% within 30 days after municipal certification of the apportionment; 40% on September 1; and 35% on December 1.

HISTORY

Public Utility Gross Receipts Tax was levied in 1919 as an addition to the Franchise Tax (C.25, P.L. 1919). The tax was in lieu of state, county, school and local taxes on personal property and materials other than land and buildings. The rate of tax was the average rate of the aggregate general property tax.

In 1952 sewerage corporations were included among taxable public utility companies. In 1955 a maximum rate of 7.5% was adopted (C. 268, P.L. 1955) and in 1956 a minimum of 5% was established (C. 15, P.L. 1956). The "average rate of taxation" concept was eliminated in 1960 and a tax rate of 7.5% of gross receipts was established (C. 50, P.L. 1960). Water companies became subject to the Gross Receipts Tax in 1961 (C. 91, 92 and 93, P.L. 1961). An accelerated payment schedule was imposed by C. 35 & 36, P.L. 1979 on all public utility

companies paying the Franchise or Gross Receipts Taxes. Chapters 10 and 11, P.L. 1980 amended chapters 4 and 5, P.L. 1940 to provide for state collection and distribution to municipalities. Chapter 12, P.L. 1980 establishes a Municipal Purposes Tax Assistance Fund and provides for distribution to certain municipalities of sum not less than \$27.0 million.

RATE OF TAX

7.5% applied to taxable gross receipts for the preceding calendar year (N.J.S.A. 54:30A—54(b)).

**(c) PUBLIC UTILITY EXCISE TAX
(FOR STATE USE)**

Citation: Public Utility Excise Tax: N.J.S.A. 54:30A—16 *et seq.*

DESCRIPTION

Public Utility Excise Tax is an additional tax on gross receipts of public utilities.

HISTORY

Public Utility Excise Tax (for State use) was introduced in 1963 to be in effect for three years beginning in 1964 (C. 41 and 42, P.L. 1963). In 1966 the tax was extended indefinitely.

An accelerated payment schedule was imposed by C. 108 and 109, P.L. 1971 on all public utility companies paying Excise taxes.

RATES (Calendar Year Basis)

0.625% —upon gross receipts subject to the franchise tax. (0.25% for taxpayers with gross receipts not in excess of \$50,000 annually);

0.5% —upon gross receipts of telegraph and telephone companies and messenger systems from business over, on, in, through or from their lines or mains in the State;

0.9375%—upon gross receipts of other utilities from business over, on, in, through or from their lines or mains in the State.

(d) RAILROAD PROPERTY TAX

Citation: The Railroad Tax Law of 1948: N.J.S.A. 54:29A—1 *et seq.*

DESCRIPTION

Railroad Tax Law of 1948 as amended distinguishes three classes of property:

Class I: "Main stem" roadbed—that not exceeding 100 feet in width.

Class II: All other real estate *used for railroad purposes* including roadbed other than "main stem" (Class I), tracks, buildings, water tanks, riparian rights, docks, wharves, piers. *Excluded* is "tangible personal property": rolling stock, cars, locomotives, ferryboats, all machinery, tools. Facilities used in passenger service are also excluded, being defined as Class III property.

Class III: Facilities used in passenger service: land, stations, terminals, roadbeds, tracks, appurtenances, ballast and all structures used in connection with rendering passenger service, including signal systems, power systems, equipment storage, repair and service facilities (N.J.S.A. 54:20A—2).

The Railroad Property Tax is a State tax on Class II property.

HISTORY

When the first railroad in New Jersey was chartered (February 4, 1830) the State required payment for the privilege of operating a railroad. Early railroad charters provided for annual payments to the State for the privilege of operating. In general railroads were required to pay 1/2 of 1% of either (1) the value of their capital stock or (2) cost of the road, equipment and appurtenances.

The first general railroad tax law was enacted in 1884. Tax rates were fixed by the State: 1/2 of 1% of total valuations (revenues for State use); local rates on Class II property, but not to exceed 1% (revenues for local use). In 1897 and 1905-08 several amendments involving tax rates were enacted.

In 1941 the Railroad Tax Act taxed railroad property at the rate of 3%. Taxes levied on Class II property were paid to the taxing districts and taxes on other classes of properties were assigned to the State.¹ The 1941 Railroad Tax Act was amended in 1948: Provision was made for taxation of Class II property at local rates (revenue for local use). Classes I and III properties (as then defined) were taxed at the rate of 1.2% (revenues for State use). Taxation of "the value of remaining property" (Class IV) was dropped. Minimum and maximum tax provisions were established.

Chapter 251, P.L. 1964 eliminated the tax on Classes I and III properties and the maximum tax provisions. Chapter 139, P.L. 1966 changed the Class II railroad property tax to a State tax. Class III property was defined as "facilities used in passenger service". Hence, such facilities were exempted from taxation. In lieu of revenues from taxes on Class II property, State aid to municipalities was provided. State aid to municipalities in lieu of Class II taxes is discussed as follows:

EXEMPTIONS

Main stem (Class I), tangible personal property and facilities used in passenger service (Class III).

RATE OF TAX

\$4.75 for each \$100 of true value of Class II railroad property.

COLLECTIONS

<i>Calendar Year</i>		<i>Calendar Year</i>

1975	290,509	1979	3,322,776
1976	320,037	1980	3,037,838

¹In 1941 the definitions of classes differed from those in effect from June 1966 onwards. Class III was "value of all the tangible personal property" and Class IV was "value of remaining property." Class III is now "facilities used in passenger service" and Class IV is no longer in use.

DISPOSITION OF REVENUES

Revenues are deposited in the State Treasury for general State use. However, under legislation adopted in 1966, the municipalities where railroad property is located are guaranteed the return of certain replacement revenues.

STATE AID TO MUNICIPALITIES IN LIEU OF REVENUE FROM CLASS II TAXES (N.J.S.A. 54:29A-24.1 to 24.6)

A State tax on Class II railroad property (C. 139, P.L. 1966) removed a source of local property tax revenue. Therefore, C. 139 P.L. 1966 provided for replacement revenue to municipalities in which Class II railroad property is located. State aid is paid by the State Treasurer on warrant of the Director of Division of Budget and Accounting. It is payable to municipalities on December 10 each year.

Each municipality which received more than \$1,000 in Class II railroad taxes for the year 1966 receives not less than the 1966 Class II railroad taxes *plus* an amount equal to the difference between 1965 Class II taxes and 1966 Class II taxes. The difference, however, is reduced by 10% each year beginning 1968 and continuing for 10 years.

Municipalities that received less than \$1,000 in Class II railroad taxes in 1966 are not eligible for State Aid. Amounts of State aid paid to municipalities are as follows:

<i>Fiscal Year</i>		<i>Fiscal Year</i>	
1973 (Calendar 1972) ...	\$10,001,778	1977 (Calendar 1976) ..	\$7,725,663

(e) RAILROAD FRANCHISE TAX

Citation: The Railroad Tax Law of 1948: N.J.S.A. 54:29A—1 *et seq.*

DESCRIPTION

The Railroad Franchise Tax is levied upon railroads (or systems of railroads) operating within New Jersey. The tax base is that portion of the road's (or system's) net railway operating income of the preceding year allocated to New Jersey. The allocating factor is the ratio of the number of miles of all track in this State to the total number of miles of all track over which the railroad or system operates.

HISTORY

Prior to 1941 franchise valuations were ascertained as of the first day of January preceding and taxed at the "Average Rate of Taxation" (R.S. 54:24—3). Chapters 291 and 363, P.L. 1941 introduced a tax base formula which took account of both (1) net railway operating income allocated to New Jersey and (2) total valuation of the previous year of all classes of property used for railroad purposes. One-half of the franchise tax levied was assigned to the state, the other half to taxing districts in which railroad property was situated.

Amendments in 1942 provided for (1) a deduction of \$200,000 from net operating income before determining allocation to the State and (2) minimum and maximum tax liabilities.

In 1948 net railway operating income allocated to New Jersey became the tax base and a tax rate of 10% was imposed. The Railroad Tax Act of 1948 was amended in 1964. These amendments, effective January 1, 1966, eliminated the maximum tax provisions that had been introduced in 1942.

RATE OF TAX

Railroad Franchise Tax is assessed at the rate of 10% upon the net railway operating income of the preceding year allocated to New

Jersey. The minimum is \$100 for taxpayers having total railway operating revenues in the preceding year not in excess of \$1 million and \$4,000 to taxpayers with operating revenues in excess of \$1 million in the preceding year.

REALTY TRANSFER FEE TAX

Citation: The Realty Transfer Tax Act: N.J.S.A. 46:15—5 *et seq.*

DESCRIPTION

Realty Transfer Fee Tax is applied to the recording of deeds which transfer title to real property in New Jersey. The tax is collected by the county at the rate of \$1.75 for each \$500 of consideration. Of the \$1.75, \$0.50 is retained by the county and the \$1.25 balance is forwarded to the State Treasurer.

HISTORY

The Federal Documentary Tax on real estate transfers expired on January 1, 1968. It had provided the principal basis for developing

average assessment ratios for each of the 567 municipalities in the state. These ratios are essential for such purposes mandated by law as: (1) construction of State Table of Equalized Valuations (the basis for distributing State School aid to local districts); (2) Construction of County Equalization Tables (the basis for apportioning county costs of government); (3) establishment of debt limits for municipalities, counties and school districts; (4) provision for taxpayer relief from discriminatory local property tax assessments.

Realty Transfer Tax (C. 49, P.L. 1968) replaced the expiring Federal law both for revenue purposes and to preserve the basis for state, county and municipal equalization processes. The Act requires a record be made of the selling price of real property. This record may be used by the State in its sample of real estate sales for purposes of constructing a Table of Equalized Valuations.

Chapter 176, P.L. 1975 increased the tax from \$0.50 to \$1.75 for each \$500.00 of "consideration" effective September 1, 1975.

Exemptions (N.J.S.A. 46:15—10)

The fee does not apply to title transfers:

- (1) For a consideration of less than \$100.00;
- (2) By or to the United States of America, this State, or any instrumentality, agency or subdivision thereof;
- (3) Solely in order to provide or release security for a debt or obligation;
- (4) Which confirm or correct a deed previously recorded;
- (5) On a sale for delinquent taxes or assessments;
- (6) On partition;
- (7) By a receiver, trustee in bankruptcy or liquidation, or assignee for the benefit of creditors;
- (8) Eligible to be recorded as "ancient deeds" pursuant to R.S. 46:16—7;

- (9) Acknowledged or proved on or before July 3, 1968;
- (10) Between husband and wife, or parent and child;
- (11) Conveying a cemetery lot or plot;
- (12) In specific performance of a final judgment;
- (13) Releasing a right of reversion;
- (14) Previously recorded in another county and full realty transfer fee paid or accounted for, as evidenced by written instrument, attested by the grantee and acknowledged by the recording officer of the county of such prior recording, specifying the county, book, page, date of prior recording, and amount of realty transfer fee previously paid.
- (15) By an executor or administrator of a decedent to a devisee or heir to effect distribution of the decedent's estate in accordance with the provisions of the decedent's will or the intestate laws of this State.

Two types of transfers of real property are exempt from the increase (State) portion of the fee:

- (1) The sale of one or two-family residential properties which are owned and occupied by a senior citizen (62 years of age or older for purposes of this Act), blind person, or disabled person or their spouses, and
- (2) The sale of property upon which there has been construction of an entirely new improvement not previously occupied or used for any purpose.

SALES AND USE TAX

Citation: The New Jersey Sales and Use Tax Act; N.J.S.A. 54:32B—1 *et seq.*

DESCRIPTION

Sales and Use Tax Act applies to receipts from (a) retail sale, rental or use of tangible personal property, (b) retail sale of producing, fabricating, processing, installing, maintaining, repairing, storing and servicing tangible personal property and certain advertising services, (c) sales of restaurant meals, (d) rental of hotel and motel rooms and (e) certain admission charges.

A compensating use tax is also imposed on retail purchases of tangible personal property made outside the State for use in New Jersey. The use tax does not apply if the taxable property has already been, or will be, subjected to sales tax.

All persons required to collect the tax must file an Application for Registration. Each registrant's authority to collect the sales tax is certified by a Certificate of Authority, issued by the Division, which must be prominently displayed at each place of business to which it applies.

HISTORY

Sales and Use Tax Act became effective July 1, 1966. Rate of tax was set as 3% (C. 30, P.L. 1966).

Additional exemptions from the tax were provided by C. 25, P.L. 1967. C. 7, P.L. 1970 increased the tax rate of 5%, effective March 1, 1970. This Act and C. 25, P.L. 1970 contained certain transitional provisions relating to the increased rate.

Effective July 1, 1972, sales of alcoholic beverages, except draught beer sold by the barrel, to any retail licensee were made subject to Sales and Use Tax (C. 27, P.L. 1972). The 1972 amendment repealed taxation of sales of packaged liquor by retailer to consumer. The tax now applies at the wholesale-retail level. Its base is the minimum consumer retail price as filed with the Board of Alcoholic Beverage Control.

Production machinery and equipment is exempt from sales tax effective January 1, 1978.

Sale, rental or lease of commercial motor vehicles weighing more than 18,000 pounds is exempt from sales tax effective January 1, 1978. (C.217, P.L. 1977).

SAVINGS INSTITUTION TAX

Citation: The Savings Institution Tax Act: N.J.S.A. 54:10D—1 *et seq.*

DESCRIPTION

Savings institution Tax is applicable to every savings institution doing a financial business in New Jersey. The Act defines "Savings Institution" as any state of federally chartered building and loan association, savings and loan association or savings bank. The tax is based upon net income as of the close of the preceding tax year, but in no event less than \$50 for savings institutions with assets under one million and no less than \$250 for savings institutions with assets of one million or more.

HISTORY

Chapter 160, P.L. 1979 reduced the rate from 5% to 3% effective January 1, 1980.

EXCLUSIONS FROM TAX

- (1) 100 % of dividends of an owned and qualified subsidiary and
- (2) 50% of other dividends included in taxable income for federal tax purposes.

RATE OF TAX

3% of net income.

Minimum tax is \$50 for associations with assets of less than \$1 million and \$250 for associations with assets of \$1 million or more.

TRANSFER INHERITANCE AND ESTATE TAX

Citation: The Transfer Inheritance Tax Law; N.J.S.A. 54:33—1 *et seq.*
and The New Jersey Estate Tax Law: N.J.S.A. 54:38—1 *et seq.*

DESCRIPTION

Transfer Inheritance Tax applies to the transfer of all personal property and New Jersey real property having a value of \$500.00 or more in estates of resident decedents and of real property and tangible personal property of non-resident decedents located within the State of New Jersey.

An estate tax in addition to the Transfer Inheritance Tax is designed to absorb any portion of the credit allowed under the Federal Estate Tax statutes which is not fully taken up by the taxes paid under the Transfer Inheritance Tax of this State and all other states.

Transfer Inheritance Tax is non-recurring at rates based upon the relationship of the ultimate beneficiaries to the decedent and the amount received by each. The due date of the tax is the date of death.

Due to the multiplicity and complexity of laws dealing with distribution of estates it is difficult for the taxpayer to predetermine the exact tax liability. The Division therefore, determines the tax liability and bills the taxpayer. This is usually a one-time operation with a relatively low percentage of the files being reopened at a later date. Statutes require, however, that all records be retained for 15 years.

HISTORY

New Jersey first imposed an Inheritance Tax in 1892 at a rate of 5% on property transferred from a decedent to a beneficiary.

In 1909, legislation was enacted which formed the basis of present Inheritance Tax (N.J.S.A. 54:33 and 54:38).

EXEMPTIONS

- (1) All transfers under \$500;
- (2) Family transfers of \$5,000 or less to each parent, grandparent, spouse, child, mutually acknowledged child, stepchild or the issue of a child or adopted child. Dower and curtesy are exempt; on July 1, 1978 exemption increased to \$15,000 in estates of decedents dying on or after that date.
- (3) Life Insurance proceeds paid to named beneficiary;
- (4) Charitable transfers for the use of any educational institution, church, hospital, orphan asylum, public library, etc.;
- (5) Transfers for public purposes made to New Jersey or any political subdivision thereof;
- (6) Federal civil service retirement benefits payable to a beneficiary other than the estate;
- (7) Annuities payable to survivors of military retirees.

CHAPTER VII

LEGISLATION, COURT DECISIONS AND ATTORNEY GENERAL OPINIONS

This chapter is organized into three sections: Recent Changes in Tax Laws, Recent Court Decisions and Recent Attorney General Opinions.

RECENT CHANGES IN TAX LAWS

ALCOHOLIC BEVERAGE WHOLESALE SALES TAX

Tax Is Imposed Upon The Receipts Derived From The Wholesale Sale of Alcoholic Beverages—Chapter 62, P.L. 1980 (approved July 7, 1980). This law provides for a tax of 6.5% upon the receipts from every sale of alcoholic beverages, except draught beer sold by the barrel, by any wholesaler to any retail licensee. The tax will be collected by the wholesaler of alcoholic beverages from the retail licensee and the tax is to be separately stated on the sales invoice. This tax replaces the 5% sales tax imposed upon the receipts from the sale of alcoholic beverages at the minimum consumer resale price under the New Jersey Sales and Use Tax Act. The 5% sales tax was eliminated by amendment to the New Jersey Sales and Use Tax Act under Chapter 61, P.L. 1980 (approved July 7, 1980).

The Alcoholic Beverage Wholesale Sales Tax Act takes effect immediately, but applies to alcoholic beverages delivered to retail licensees after July 31, 1980 even though rendered under a contract entered into prior to that date. Wholesalers are required to file a return and pay the tax on or before September 20, 1980 and on or before the twentieth day of each month for the preceding month.

CIGARETTE TAX

Prescribes requirements for licensing of certain persons authorized to sell or manufacture cigarettes—Chapter 481, P.L. 1979 (approved February 28, 1980). Provides for the licensing and fingerprinting of certain categories of sellers or manufacturers of cigarettes in New Jersey. Certain individuals related to distributors, wholesale dealers operating more than five cigarette vending machines, and retail dealers who sell cigarettes at retail at more than five premises, must submit with their applications for a cigarette license, fingerprints, to be processed through the F.B.I. and the New Jersey State Police, and such other information as the Director may require.

CORPORATION BUSINESS TAX

Increase in Tax Rate on Net Income Base—Chapter 280, P.L. 1979 (approved January 8, 1980). Increases the Corporation Business Tax based on net income from 7-1/2% to 9% for accounting periods ending after December 31, 1979.

EMERGENCY TRANSPORTATION TAX

Amends Law To Conform With Recent Changes in New York Personal Income Tax Law With Respect To Tax Rate on Personal Service Income—Chapter 437, P.L. 1979 (approved February 14, 1980). Conforms the Emergency Transportation Tax Act to recent changes in the New York State Personal Income Tax Law with respect to the tax rates applicable to "personal service income." Beginning in 1980 the rate drops 12% to 11% and from 1981 and thereafter to 10%. The act also repeals the provisions in the law relating to deductions for allocable expenses attributable to items of tax preference, and it also increases the amount of net capital loss that may be deducted against gross income.

Extended for an Additional 10 years—Chapter 89, P.L. 1980 (approved August 21, 1980). The act is extended for an additional 10 year period, i.e., to December 31, 1990.

GROSS INCOME TAX

Capital Gains—Chapter 218, P.L. 1979 (approved October 11, 1979). Amend the Gross Income Tax Act by excluding capital gains up to \$100,000 on the sale of a residence by persons 55 years and older who resided in said residence for three years of the five-year period ending on the date of the sale, retroactive to January 1, 1979.

Wage Reporting Act—Matching of Records of Persons Receiving Certain Public Assistance and Unemployment Compensation and Persons Receiving Wages From Employers—Chapter 48, P.L. 1980 (approved June 26, 1980). This law provides for the supplying to the Director of the Division of Taxation of a quarterly list (1) from the Director of the Division of Public Welfare of the names and social security numbers of persons receiving public assistance through the Department of Public Welfare or any county welfare board, and (2) from the Director of the Division of Unemployment and Disability Insurance of the names and social security numbers of persons receiving unemployment compensation through the Division of Unemployment and Disability Insurance.

These lists of names and social security numbers are to be compared by the Director of the Division of Taxation with the list of employees obtained from the quarterly report required to be filed with him, under this law, by every employer deducting and withholding New Jersey gross income tax. The employer's report to the Director of the Division of Taxation will include the name and social security number of each employee employed in this State, whether or not subject to gross income tax withholding, the gross wages paid, and the amount of gross income tax withheld.

The names and social security numbers of persons who appear on the list supplied by the Divisions of Public Welfare and Unemployment and Disability Insurance shall be provided to the Directors of these Divisions. These Divisions will investigate and take appropriate action against such persons.

Disclosures may be made by the Division of Taxation or its employees in implementing this Act to officers and employees of the Division of Public Welfare, county welfare boards, and the Division of Unemployment and Disability Insurance. No disclosure may be made to any receiving agency with

respect to federal tax information obtained directly from the Internal Revenue Service pursuant to agreement except with the consent of the Internal Revenue Service.

The first quarterly report is to be filed with the Director of the Division of Taxation four months from the effective date of this Act. The Act expires July 1, 1984 except as to the reporting provisions which expire January 1, 1984.

INHERITANCE TAX

Transfers Without Waiver—Chapter 217, P.L. 1979 (approved October 11, 1979). Amends the Inheritance Tax Law by raising the limit involving transfers of funds of a decedent without a waiver from \$1,500 to \$5,000 where a transfer to a surviving spouse is made, provided that the value of the gross estate, real and personal, of the decedent does not exceed \$5,000 (increased from \$1,500) where the transferee is the surviving spouse.

Increase in Amount of Estate Threshold for Affidavit in Lieu of General Administration by Spouse or Next of Kin—Chapter 316, P.L. 1979 (approved January 18, 1980). Increases the amount of an estate in which the spouse or next of kin of a decedent who dies intestate is permitted to file an affidavit in lieu of general administration. For the spouse the estate must be less than \$10,000.00. For next of kin, the estate must be less than \$5,000.00.

Exemption to Surviving Spouse Where Couple Owned Certificate in Cooperative Housing for Dwelling Purposes—Chapter 413, P.L. 1979 (approved February 8, 1980). Excludes from the transfer inheritance tax certain rights to ownership or possession of stock in a cooperative housing corporation as surviving joint tenant.

Provides for Uniformity of Inheritance Tax Liens and Liability—Chapter 417, P.L. 1979 (approved February 8, 1980). Increases the lien period for inheritance taxes from 10 to 15 years and reduces the time limit of the liability from 20 to 15 years.

Provides a Procedure for the Disclaimer of Transfers Under Nontestamentary Instruments—Chapter 492, P.L. 1979 (approved February 28, 1980). Provides a procedure for disclaiming the succession to real and personal property under nontestamentary instruments such as inter vivos trusts, deeds, insurance policies, multiple party bank accounts and the like, and prescribes the time within which a disclaimer must be filed or delivered concerning a "present interest" and a "future interest."

LOCAL PROPERTY TAX

Municipal Land Use Law—Technical Amendments—Chapter 216, P.L. 1979 (approved October 11, 1979). Makes extensive technical amendments to the Municipal Land Use Law. The law is the result of extensive deliberations by the subcommittee of the Municipal Land Use Law Drafting Committee of the League of Municipalities.

Moratorium on Taxation of Mobile Homes Until 1981—Chapter 366, P.L. 1979 (approved February 4, 1980). Mobile homes which were assessed and

taxed as real property prior to and on March 20, 1979 for which no appeal has been taken on the imposition of a real property tax as of such date shall be assessed and taxed as real property. Where any such mobile home is resold and acquired after March 20, 1979, it shall continue to be assessed and taxed as real property.

Mobile homes which were not assessed and taxed as real property prior to and on March 20, 1979 shall not be assessed and taxed as real property until October 1, 1980 for the tax year 1981. Mobile homes located after March 20, 1979 in any mobile home park in which mobile homes were not assessed and taxed as real property prior to March 20, 1979 and for which no appeal was taken on the imposition of a real property tax as of such date shall not be assessed as real property until October 1, 1980 for the tax year 1981.

Mobile homes acquired after March 20, 1979 and not located in any mobile home park shall be assessed and taxed as all other real property in the taxing district.

During the period of the moratorium and for the tax years 1978, 1979 and 1980 no mobile homes subject to the moratorium shall be assessed as an added or omitted assessment and taxed as real property.

Interest on Real Property Taxes—Chapter 435 P.L. 1979 (approved February 14, 1980). Establishes 8% per annum as the interest rate payable on delinquent taxes on the first \$1,500 and 18% per annum on any excess amount.

Transfer of Tax Exempt Property—Chapter 454, P.L. 1979 (approved February 22, 1980). Permits transfer of tax exempt property from one non-profit organization to another without disturbing exemption provided application for exemption is made within sixty days of acquisition.

Provides for Exemption from Taxation of Certain Property of Non-Profit Organization—Chapter 471, P.L. 1979 (approved February 27, 1980). Provides that religious organizations which have been granted exemption from taxation under R.S. 54:4-3.6 as amended, for the tax year 1978 may file an application within 30 days of the enactment of this legislation for an exemption of such land from taxation for the tax years 1976 and 1977. In addition, it provides that a fraternal organization or lodge exempt from taxation under R.S. 54:4-3.26 as amended, be permitted to file an application within 30 days of enactment of this legislation for exemption on real and personal property tax for the year 1972 in which the exemption was lost for failure to file a timely application in the year 1972.

County Tax Administrator—Administrative and Tax Appeal Procedure Changes—Chapter 499, P.L. 1979 (approved February 29, 1980). Establishes the office of County Tax Administrator, increases the salaries of members of county boards of taxation and permits certain board secretaries to continue as an administrator on a part-time basis. Strengthens the status and capabilities of the county boards of taxation by modernizing and professionalizing their administration and property tax appeal responsibilities. Provides for several changes with respect to administrative and tax appeal procedures.

Remission or Rebate of Taxes Resulting From Abolition of County Park Commission—Chapter 24, P.L. 1980 (approved May 1, 1980). Provides that in certain cases no municipality shall be entitled to a remission or rebate of any

portion of county taxes for ratables subject to taxation by virtue of the abolition of the county park commission.

MOTOR FUELS TAX

Increases Penalty Provisions—Chapter 367, P.L. 1979 (approved February 4, 1980). Increases the penalty for making any false statement or concealing any material fact in any report or affidavit to a crime of the fourth degree punishable by a fine of not more than \$5,000 or by imprisonment of not more than 18 months or both.

PUBLIC UTILITIES TAX

Excise Taxes on Gross Receipts—Chapter 36, P.L. 1979 (approved March 2, 1979). Require public utilities companies to pay their public utility excise taxes on gross receipts on a more current basis, requires the company to pay 55% of their taxes in advance.

Prescribes the Distribution of the Public Utilities Franchise Tax for Telephone, Telegraph and Messenger System Companies—Chapter 10, P.L. 1980 (approved March 18, 1980). This act is part of three bill package (Chapters 10, 11 and 12, P.L. 1980, approved March 18, 1980) which provides for a reallocation of revenue from public utility franchise and gross receipts taxes. The act provides for state collection and distribution of the public utility franchise tax receipts for telephone, telegraph and messenger system companies. Prior to the enactment of this legislation, each utility company made payment directly to the municipality. The act provides that no municipality may receive more than \$700 per capita from both the public utility franchise and gross receipts taxes. It also prescribes that municipalities with municipal purposes tax rates (i.e. \$0.10 or less) for the three preceding years would have their annual revenue growth limited to 50% of the increase as allocated by the traditional apportionment method. Provides for recapture of annual growth where tax rate increases above the \$0.10 rate for three years. Contiguous municipalities with electric generating stations will not be subject to the limitations for municipalities with municipal purpose tax rates of \$0.10 or less. The act further provides that a municipality which would realize more than \$700 per capita in 1980 shall receive no less than 50% of its total 1979 receipts; in 1981 such a municipality would receive 75% of its 1979 receipts with 35% of that 75% allocated to the county in which the municipality is located. The act is effective immediately and applies to any taxes payable under P.L. 1940, C.4 (N.J.S.A. 54:30A-16, et seq.) on or after January 1, 1980.

Prescribes the Distribution of the Public Utilities Franchise and Gross Receipts Taxes for Street Railway, Traction, Sewerage, Water, Gas and Electric Light, Heat and Power Corporations—Chapter 11, P.L. 1980 (approved March 18, 1980). This act is part of a three bill package (Chapters 10, 11, and 12, P.L. 1980, approved March 18, 1980) which provides for a reallocation of revenue from public utility franchise and gross receipts taxes. The act provides for the state collection and distribution of the public utility franchise and gross receipts tax receipts for street railway, traction, sewerage, water, gas and electric light, heat and power corporations. The provisions of this act are the same as Chapter 10, P.L. 1980. Reference should be made to

the said Chapter 10 which details the identical provisions that apply to the above type public utility corporations. The act is effective immediately and applies to any taxes payable under P.L. 1940, c.5 (N.J.S.A. 54:30A-49, et seq.) on or after January 1, 1980.

Municipal Purposes Tax Assistance Act of 1980—Chapter 12, P.L. 1980 (approved March 18, 1980). The act is part of a three bill package (Chapters 10, 11 and 12, P.L. 1980, approved March 18, 1980) which provides for a reallocation of revenue from public utility franchise and gross receipts taxes. This act establishes a Municipal Purposes Tax Assistance Fund and provides for the distribution to eligible municipalities from this fund. Distribution from the fund is made to the municipalities according to a formula of equalized tax valuations per capita. The total amount of money to be distributed shall be not less than \$27 million. Qualifying municipalities must have a municipal index of assessed valuation per capita less than 0.90 and an equalized municipal purposes tax rate of not less than the state average. Participating municipalities must have an index of assessed valuation per capital less than 2.0 and an effective municipal purposes tax rate of not less than one-half of the state average. Of the \$27 million amount to be distributed qualifying municipalities will receive 23/27 and participating municipalities will receive 4/27. However, any municipality which has had an equalized municipal purposes tax rate of less than \$0.10 for the three preceding tax years (1977, 1978 and 1979) must have an effective municipal purposes tax rate not less than one-half of the state average for the next three tax years (1980, 1981 and 1982) to be considered a participating municipality. This act is effective immediately.

REALTY TRANSFER FEE TAX

Sheriff's Deeds—Chapter 225, P.L. 1979 (approved October 12, 1979). Provides that the realty transfer fee to be collected upon the recording of a sheriff's deed will be computed to include the amount bid at the sale, including the balance of any superior mortgage, lien or encumbrance to which the sale was subject under present law.

Chapter 293, P.L. 1979 (approved January 14, 1980). Amends the Realty Transfer Tax Law to exempt real property transfers by executor or administrator to devisee or heir in order to effect distribution of decedent's estate in accordance with decedent's will or intestate law of this State.

SALES TAX

Amends, the Exemption for the Local Luxury Tax—Chapter 273, P.L. 1979 (approved January 3, 1980). Amends subsection (s) of section 8 of the Sales and Use Tax Act to provide that sales taxable under local ordinance pursuant to c. 71, P.L. 1947 which is in effect since April 21, 1966, are exempt from tax through June 30, 1980 provided the tax under local ordinance is at the rate of 5%. From July 1, 1980 through June 30, 1981 such sales taxable under local ordinance are subject to a 1% sales tax provided the tax under local ordinance is at the rate of 4%. On or after July 1, 1981 such sales taxable under local ordinance are not exempt from sales tax and are subject to the 5% sales tax in addition to the tax under local ordinance.

Provides for Taxation of Food and Beverages Sold Through Vending Machines—Chapter 274, P.L. 1979 (approved January 3, 1980). Food and beverages sold through coin-operated vending machines are subject to sales tax at the wholesale price of the sale. For purposes of this provision, “wholesale price” is defined as 70% of the retail vending machine selling price. Sales of milk through vending machines are not subject to tax.

Sales and Use Tax Exemptions Extended—Chapter 291, P.L. 1979 (approved January 14, 1980). Sales, repairs, alterations or conversion of commercial ships weighing 50 tons or more or any component thereof, including cargo containers of any type whatsoever, primarily engaged in interstate or foreign commerce, are exempt from sales and use taxes. Formerly, the exemption applied to sales, repairs, alterations or conversion of commercial ships weighing 50 tons or more primarily engaged in interstate or foreign commerce.

Sales of trucks, trailers, and truck-trailer combinations, for use and consumption directly and exclusively in the production for sale of tangible personal property on farms, are exempt from sales and use taxes.

The provisions stating that, in order to claim the sales and use tax exemption for truck, tractor, semitrailer or trailer rentals by persons not engaged in a regular trade or business offering such rentals, any use tax presumptively imposed on the acquisition or use of the vehicle must have been paid at the time of such acquisition or use without claim for exemption, are repealed.

In order to claim a sales or use tax exemption for a vehicle operated under an ICC permit or certificate, the vehicle must be registered in New Jersey.

Moratorium on Taxation of Mobile Homes Through December 31, 1980—Chapter 366, P.L. 1979 (approved February 4, 1980). The sale of any mobile home made on or after March 20, 1979 through December 31, 1980 is subject to sales tax as a motor vehicle as defined in subsection (v) of section 2 of the New Jersey Sales and Use Tax Act [N.J.S.A. 54:32B-2(v)] as was the case prior to March 20, 1979; except, that the sale of any mobile home assessed and taxable as real property pursuant to the moratorium on taxation of mobile homes for local property tax purposes is not subject to sales tax. However, in the case of the sale of a new or previously unused mobile home, such sale shall be subject to sales tax only to the extent of the taxation of the sale of tangible personal property for building construction used in erecting structures or building on or otherwise improving real property, as provided under subsection (e) (2) (A) of section 2 of the Sales and Use Tax Act [N.J.S.A. 54:32B-2 (e) (2) (A)]. Where the subsequent sale of any mobile home was made prior to or on March 20, 1979 which has not been assessed and taxed as real property and for which no appeal has been taken on the imposition of a real property tax or such mobile home acquired after March 20, 1979 which was not assessed and taxed as real property and for which no appeal has been taken on the imposition of a real property tax, such sale shall continue to be subject to sales tax through December 31, 1980 as a motor vehicle.

Director of Division of Taxation to Administer Atlantic City's Luxury Tax—Chapter 60, P.L. 1980 (approve July 1, 1980). Provides that the Director of the Division of Taxation shall collect and administer Atlantic City's luxury tax. The Director shall determine and certify to the State Treasurer on a monthly

basis the amount of revenues payable to the municipality which has enacted a tax pursuant to P.L. 1947, C. 71 (C.40:48-18.15, et seq.). The State Treasurer shall distribute monthly the amount certified to the municipality (Atlantic City). This act is effective July 1, 1980.

5% Sales Tax Upon Alcoholic Beverages Eliminated—Chapter 61, P.L. 1980 (approved July 7, 1980). Amendment to the New Jersey Sales and Use Tax Act eliminates the 5% sales tax imposed upon the receipts from the sale of alcoholic beverages at the minimum consumer resale price. The tax was collected by the wholesaler from the retail licensee. The amendment exempts from the sales tax, sales at retail of alcoholic beverages as defined in the Alcoholic Beverage Tax Law. The act is effective as of August 1, 1980.

The 5% sales tax is replaced by the 6.5% tax upon alcoholic beverages provided for in the Alcoholic Beverage Wholesale Sales Tax Act (Chapter 62 P.L. 1980-approved July 7, 1980). This tax will be collected by the wholesaler from the retail licensee on and after August 1, 1980.

Exempt Sales and Repairs of Aircraft—Chapter 98, P.L. 1980 (approved September 2, 1980). Exempts sales of aircraft and repairs thereto including machinery or equipment to be installed on such aircraft and replacement parts when utilized by an air carrier as defined by the Civil Aeronautics Board or the Code of Federal Regulations having its principal place of operations within New Jersey and engaging in interstate, foreign or intrastate air commerce. This Act takes effect January 1, 1979.

SPILL COMPENSATION TAX

Tax on Primary Transfer of Hazardous Substances Other than Petroleum or Petroleum Products Within New Jersey—Chapter 346, P.L. 1979 (approved January 23, 1980). Amends the Spill Compensation and Control Act (C. 141, P.L. 1976, approved January 6, 1977) to provide for a tax on primary transfers, on or after April 1, 1980, of hazardous substances other than petroleum or petroleum products within New Jersey at the rate of \$0.01 per barrel or 0.4% of the fair market value of the product, whichever is greater.

Spill Compensation and Control Act—Transfers of Precious Metals Tax on Per Barrel Basis—Chapter 73, P.L. 1980 (approved July 21, 1980). Amends the Spill Compensation and Control Act, applicable to transfers on or after April 1, 1980, to tax the transfer of precious metals on a one cent per barrel basis rather than on a percentage of their fair market value. Precious metals are defined as gold, silver, osmium, platinum, palladium, iridium, rhodium, ruthenium and copper.

The amendment also effectively changes the tax rate to the one cent per barrel rate for the transfer of substances and additives utilized in the refining or blending of crude petroleum or petroleum stock in New Jersey.

This law also amends the section of the Act affecting accelerated tax rates levied as a result of claims against the Fund exceeding the balance of the Fund.

MISCELLANEOUS

Alcoholic Beverage Control Study Commission—SCR-3025; Filed September 19, 1979. Establishes a 10 member commission to study the laws and

regulations re: alcoholic beverage manufacture, distribution, sale and consumption.

Eliminates the 20 Year Limit For Redemption Of Tax Sale Property—Chapter 182, P.L. 1979 (approved August 29, 1979). Amends R.S. 54:5-78 and 54:5-79 to make the statutory provisions conform to the actual state of the law on the subject of tax sale certificates. The holder of a tax sale certificate cannot terminate the right of redemption by the act of taking possession of the delinquent premises and continuing such possession for 20 years. Requires foreclosure by the holder of the tax sale certificate of the right to redeem by the delinquent taxpayer.

Lifeline Credit for Utility Bills—Chapter 197, P.L. 1979 (approved September 18, 1979). Establishes a “Lifeline Credit Program” which provides a \$100 line of credit to be used to help pay utility bills of eligible customers. Applies to utility customers who are in PAA Program, or receive benefits from the SSI Program, or are disabled according to the Federal Social Security Act and earn less than \$9,000 a year, if single, or \$12,000 per year, if married.

Casino Revenue Fund—Increases Tax on Gross Revenues—Chapter 198, P.L. 1979 (approved September 18, 1979). Temporarily raises the tax on casino revenues from 8% to 12%, additional revenues to go to the Casino Revenue Fund for aid to senior citizens and handicapped.

Decedents' Estates—Chapter 221, P.L. 1979 (approved October 11, 1979). Amends the decedents' estates law regarding acknowledgments and proofs of will, rights of adoptive children and other matters pertaining to estates. The requirement of affixing an official seal by the officer taking the oath is deleted.

Tax on Electric Energy Produced in State But Sold Out of State—Chapter 235, P.L. 1979 (approved November 1, 1979). Establishes a 4.5% tax on gross receipts derived from the sale of electrical energy produced in New Jersey and sold outside the State.

Interest Rate on Residential Mortgages—Chapter 253, P.L. 1979 (approved December 21, 1979). Repeals the 10-3/4% interest rate limit on residential mortgages; permits Banking Commissioner to set maximum rate pegged to the Monthly Index of Long Term U.S. Government Bond Yields plus an additional 8% rounded to the nearest 1/4%.

Local Tax Authorization Act—Chapter 256, P.L. 1979 (approved December 24, 1979). Provides for the continuing authorization for municipalities having a population in excess of 230,000 according to the 1970 federal census to levy certain local taxes under the Local Tax Authorization Act. At present, only municipalities having a population in excess of 350,000 would qualify for imposing certain taxes after annual extensions by the State Legislature authorizing such taxing powers. The City of Newark imposes tax under this Act.

State Aid for County Improvement Bonds—Chapter 273, P.L. 1979 (approved January 3, 1980). Establishes a special fund within the State Treasury, financed by a local luxury tax to provide State aid for County Improvement

Authority bonds in certain cases. Amends C. 71, P.L. 1947 (approved April 19, 1947). The rate of the tax under local ordinance is not to exceed 5% through June 30, 1980; not to exceed 4% from July 1, 1980 through June 30, 1981; and not to exceed 3% on and after July 1, 1981. The definition of retail sale does not include the sale of cigarettes, cigars or other tobacco products sales or whiskey except the sale of whiskey by the drink in restaurants, cafes, bars, hotels and other similar establishments.

Amend Condominium Act—Chapter 297, P.L. 1979 (approved January 17, 1980). Makes various amendments to the Condominium Act. Provides for rebuttable presumption of affording the developer or the association a right of first refusal to purchase in the event of resale of condominium units by the condominium owner. •

Publication Required of Real Estate Sold at Public Auction—Chapter 364, P.L. 1979 (approved February 1, 1980). Prescribes the publication requirement for real estate to be sold at public sale.

Appointment and Certification of Tax Collectors—Chapter 384, P.L. 1979 (approved February 5, 1980). Makes various amendments to the law regarding tax collection. Provides for the appointment and certification procedure for all tax collectors.

Omnibus Correction Bill—Corporation Business Tax Affected—Chapter 388, P.L. 1979 (approved February 5, 1980). Amends various statutes (omnibus bill) to correct errors in the law. With respect to **N.J.S.A. 54:10A-4** of the Corporation Business Tax Act, it restores the provisions relating to financial business corporations which permit the exclusion from net worth of debt owed to affiliated corporations and also restores the exclusion for such corporations with respect to interest owed to affiliated corporations. Such exclusion was originally enacted into law under Chapter 76, P.L. 1979 and erroneously deleted by Chapter 86, P.L. 1979.

Notices of Real Estate Settlement—Form of Filing—Chapter 406, P.L. 1979 (approved February 8, 1980). Provides for the form, filing and effect of notices of real estate settlements.

Incorporation of Borough of Ocean Grove—Chapter 455, P.L. 1979 (approved February 22, 1980). Incorporates and creates the Borough of Ocean Grove, Monmouth County.

Grants to Surviving Spouse of Decedent an Elective Share of Decedent's Estate—Chapter 483, P.L. 1979 (approved February 28, 1980). Provides for an elective share to a decedent's surviving spouse so that a surviving spouse is entitled to a portion of the assets of the decedent's augmented estate where necessary for the survivor's support and maintenance. Provides for the augmented estate whose purpose is to prevent the decedent from transferring property to others so as to defeat the right of the surviving spouse, and to prevent the surviving spouse from electing a share of the decedent's estate when the spouse has already received a fair share of the decedent's wealth during his lifetime or at death from other assets.

Abolishes Rights of Dower and Curtesy Prospectively—Chapter 485, P.L. 1979 (approved February 28, 1980). Abolishes the right of dower and curtesy which would attach as to all estates of inheritance in real property acquired by either spouse in fee or beneficially subsequent to the effective date of this act (90 days after enactment). The rights of dower and curtesy which have attached to real property acquired prior to the effective date of this act are immune and not affected. This bill entitles each spouse to joint possession during marriage of real property jointly occupied by them as their principal matrimonial residence. The right of possession may not be released, extinguished or alienated without joint consent except by court judgment. All other real property owned by either spouse may be alienated without the consent of both spouses.

“Estate” Includes Estate of Minor or Mentally Incompetent—“Fiduciary” Includes Guardians and Administrators—Chapter 489, P.L. 1979 (approved February 28, 1980). Amends P.L. 1968, Chapter 270 to define “estate” to include estate of a minor or mentally incompetent and defines “fiduciary” to include guardians and administrators; enlarges powers of fiduciaries to comport with P.L. 1977, Chapter 412 and P.L. 1979, Chapter 482.

Includes Administrator Within the Term Fiduciary and Broadens the Meaning of a Trust Estate—Chapter 490, P.L. 1979 (approved February 28, 1980). Includes an administrator within the term fiduciary because of the broad general powers conferred upon administrators in the administration of an intestate's estate under the provisions of the recently adopted act concerning decedents' estates (P.L. 1977, c. 412). In addition, it broadens the rather restrictive meaning of a trust estate to include wills, estate of an intestate decedent or the estate of a minor or mentally incompetent person being administered by a guardian. The broadened definition will avoid ambiguity as to the meaning of the term within the operation of other provisions of the act.

Revises Law with Respect to Multiple Deposits—Chapter 491, P.L. 1979 (approved February 28, 1980). The “Multiple Party Deposit Account Act”; revises the law with respect to multiple party deposit accounts maintained in certain financial institutions.

Time for Municipal Budgets extended in 1980—Chapter 2, P.L. 1980 (approved January 22, 1980). Extends the time for processing county and municipal budgets for 1980.

Date Change for Anticipating Revenues from Municipal Sale of Property—Chapter 14, P.L. 1980 (approved March 19, 1980). Changes the 1980 date for anticipating miscellaneous revenues from the sales of property by local government units from February 10 to March 19.

Appropriations Act FYE June 30, 1980 Amendment—Chapter 30, P.L. 1980 (approved May 30, 1980). Supplements the Appropriation Act for fiscal year ending June 30, 1980 and authorizes the State to pay to municipalities revenues collected under the public utilities gross receipts and franchise tax act.

Amendment to Uniform Probate Code to Encourage Will as a Testamentary Vehicle and to Eliminate Resorting to Probate Avoidance Devices—Chapter 51, P.L. 1980 (approved June 27, 1980). Facilitates the use of testamentary trust as dispositive vehicle for life insurance proceeds and certain employee benefit plan distributions.

Procedure to Furnish Fiscal Notes to Legislative Bills—Chapter 67, P.L. 1980 (approved July 14, 1980). Prescribes the procedure for the preparation and furnishing of fiscal notes to legislative bills and repeals the present procedure.

Exempts from Caps Law Municipalities of Meadowlands District—Chapter 66, P.L. 1980 (approved July 10, 1980). Provides an exemption from the local Budget Caps for amounts required to be paid by any constituent municipality of the Hackensack Meadowlands District to the inter-municipal tax account under article 9 of the Hackensack Meadowlands Reclamation and Development Act.

RECENT COURT CASES

Cigarette Tax

Unfair Cigarette Sales Act—Patronage Refund Cannot Be Made By A Cooperative On Sale of Cigarettes To Member. In The Matter of Frankford—Quaker Grocery Co.—(App. Div., 1980) (unreported). The Appellate Division affirmed the Director of the Division of Taxation in his determination that the allowance of a patronage refund in connection with the sale of cigarettes from a cooperative to New Jersey members would result in unfair competition in that the sales of cigarettes would be made at less than cost to Frankford and would be in violation of the Unfair Cigarette Sales Act, N.J.S.A. 56:7-18 et seq. Frankford, a non-profit cooperative engaged in the wholesale grocery business, sells cigarettes to New Jersey members at the minimum selling price established by the Division pursuant to **N.J.A.C. 18:6-3.1(a)** without an add-on cost. The court held that the statute here in question reflects a proper legislative concern over misuses in the sale and distribution of cigarettes, and was intended to prevent unfair competition and unfair trade practices in the sale of cigarettes, including sales of cigarettes below cost. The court said that the statute has a reasonable relation to a proper legislative purpose and is neither arbitrary nor discriminatory. The application of the statute to the case here under review was meant to further the legislative purpose of eliminating that portion of the patronage refund received by Frankford's New Jersey members which is directly attributable to cigarette purchases and which the Director correctly concluded had the effect of lowering the price of cigarettes below cost. Petition to New Jersey Supreme Court denied September 2, 1980.

Unfair Cigarette Sales Act—Discount Allowed By Tobacco Manufacturers To Their Customers For Timely Payment of Invoices Is A Discount For Cash Permitted By N.J.S.A. 56:7-18(h). In The Matter of Frankford—Quaker Grocery Co.—Tobacco Distributor's Association of New Jersey,—(App. Div. 1980) (unreported). The Appellate Division affirmed the Division of Taxation in

its determination that the entire 3-1/4% discount allowed by tobacco manufacturers to all their customers, including Frankford, for timely payment of invoices qualified as a customary discount for cash permitted by **N.J.S.A. 56:7-19(h)**, in that it met the test as a reward for prompt payment, available to all alike. The applicable discount structure established by the manufacturers consisted of a 2% discount for payment within 14 days of the invoice date plus an additional 1.25% discount (or "anticipated allowance") if payment was made within 10 days. The Division of Taxation in its administrative definition of basic cost of cigarettes under **N.J.A.C. 18:6-1.1** was amended to read, "The trade discount and customary discount for cash is deemed to be 3-1/4 per cent of the invoice cost or replacement cost of cigarettes."

The Association intervened in this proceeding, claiming that Frankford should not include the 1.25% allowance in calculating the price of cigarettes to its members as it was not a "trade discount" or "customary discount for cash" permitted by **N.J.S.A. 56:7-19(h)**, but was an allowance conducive to unfair competition and contrary to the policy of the statute.

The Appellate Court disagreed and held that the entire discount was a customary one for cash within the meaning of **N.J.S.A. 56:7-19(h)**. The court said that under the statutory scheme, a wholesaler may not sell at less than cost. (**N.J.S.A. 56:7-20**). Here the wholesaler presented proof to establish that the additional 1.25% discount resulted in lower costs of doing business than those reflected in the price schedule.

CORPORATION BUSINESS TAX

Corporation Business Tax—Nominee Titleholder—East Brunswick Developers Inc. v. State of New Jersey, Department of The Treasury, Director, Division of Taxation, (App. Div. 1978) (unreported). The Appellate Division affirmed the Division of Tax Appeals and held that a corporation which was merely the owner of record or nominee titleholder of an apartment house must include the value thereof in computing the net worth under the Corporation Business Tax Act, **N.J.S.A. 54:10A-1**, et seq. The opinion was based on the holding of **Somerset Apartments Inc. v. Director, Division of Taxation**, 134 N.J. Super 550 (App. Div. 1975) Petition for certification to the New Jersey Supreme Court denied, 81 N.J. 334 (1979).

U.S. Supreme Court—Interstate Commerce—Unitary Business—Taxpayer's Own Accounting System (Separate Functional Accounting—Tax Base—Allocation Formula—Exxon Corporation v. Wisconsin Department of Revenue (U.S. Supreme Court) 48 Law Week 4687. This case raised three important questions regarding state taxation of the income of a vertically integrated corporation doing business in several states.

The first issue is whether the due process clause of the fourteenth amendment of the Constitution of the United States prevents a state from applying its allocation (apportionment) formula to the **total** corporate income of the taxpayer when the functional accounting system (manner in which balance sheet, income statement, books, tax returns, etc. report assets, liabilities, net worth, income, expenses, surplus and other items) separates the applicable dollar amount among three distinct categories (a) marketing (b) exploration and production and (c) refining; taxpayer only performed marketing activities in Wisconsin. The answer is "No". Wisconsin may include in the total tax base income of a unitary operation using Wisconsin's allocation (apportionment)

formula. See **Mobil Oil Corp. v. Vermont** (U.S. Supreme Court, 1980).

The second issue is whether the due process clause of the United States Constitution permits a state to subject to taxation under its statutory allocation (apportionment) formula income derived from the extraction of oil and gas located outside Wisconsin which is used by the refining department in another state, or whether Wisconsin is required to exclude from the tax base or apportion (directly allocate) such income to the situs state, either where it was extracted or refined. The answer is that the due process clause is not violated by subjecting such total income to tax in Wisconsin, the marketing state, although petroleum was explored, extracted, produced and refined outside Wisconsin. Such income must be included in total income and **not** be apportioned (directly allocated) outside Wisconsin.

The third issue is whether the facts require apportionment (direct allocation) to the situs state (other than Wisconsin). The answer is "No".

Since Exxon was engaged in a unitary business, separate accounting would not be allowed. A company's internal accounting techniques are not binding on a state for tax purposes.

The **Mobil Oil** case, *supra*, was the main authority that led to the decision in this case. The "linchpin of apportionability" is the "unitary business principle." The clear and sufficient nexus is there, the marketing operations.

Exxon had over \$60,000,000 in sales income from its Wisconsin operations in the years in question, yet reported losses for each year and expected not to pay taxes for the years in question.

In sum, the Wisconsin tax was fairly apportioned. Wisconsin taxed fairly apportioned income and did not tax property.

(Note: The theme or thread running through the U.S. Supreme Court **Mobil Oil** case has similar application to the facts in the U.S. Supreme Court **Exxon** case, although the facts are somewhat different; the definition of the terms in this note is necessary for proper application to the New Jersey Corporation Business Tax Act and cases thereunder.)

(a) The New Jersey Corporation Business Tax has two bases. To tax a portion of each base requires the use of an **allocation** factor. The text of the U.S. Supreme Court Opinion uses the word "apportionment," as do many other states, but our statute contains the word "allocation." That is why this abstract is written in New Jersey's terms. Likewise, the New Jersey word "apportionment" is generally used for the word "allocation," as the phrase "direct allocation to a particular state" is used in many states.

(b) The use of the word "unitary" in this case means that the functional departments were engaged in the same activity. This case indicates that a petroleum business was alike among the departments. (In California, and a few far west states, the word "unitary" means a consolidation of the parent's and its subsidiaries' net income and/or net worth so that all of the group are **required** to file as one taxpayer.)

This abstract expresses the problem using New Jersey's Corporation Business Tax Act, rules, cases, instructions and forms term "allocation" for "apportionment." In reading the abstract or the opinion itself, attention must be given to (a) and (b) above.

Qualification For Investment Company Treatment—Foster Estates, Inc. v. Director, Division of Taxation, (App. Div., 1980) (unreported). The Appellate Division reversed the Division of Tax Appeals and held that the

petitioner was not entitled to preferential treatment accorded under N.J.S.A. 54:10A-4(f) as an investment company. The petitioner did not meet the business test since more than 10% of petitioner's income for the year 1973 was a capital gain from the sale of real estate. In order to obtain investment company preferential tax status, there must be proof of compliance with the assets test as well as compliance with the business test. The court held that income is one measure of business to obtain preferential investment company tax status. Other measures of business include, hypothetically, allocation of employee hours, wages, materials and other business expenditures. Petitioner's proofs were limited to compliance with the assets test. It did not meet the income test and it failed to submit specific evidence of business activities as an investment company apart from income. The court held that it did not preclude alternative proofs of business activity if the income test was not met, at least until promulgation of an administrative rule or regulation incorporating the income test and its publication in the New Jersey Register.

Domestic Corporation's Liability Based Upon Authorized Capital Stock; Jurisdictional Issue—Must Taxpayer Pay the Corporation Business Tax or Post Proper Security Before Appealing—General Trading Company, Inc. (N.J.) v. Director, Division of Taxation, (83, N.J. 122, 1980). First, the Court held that the corporate taxpayer did not have to pay the tax assessed against it or post proper security before proceeding with its appeal in the Division of Tax Appeals. The Court cited N.J.A.C. 17:18-1.23, a rule of the Division of Tax Appeals, which supported this taxpayer. The statutes provide the Director with other means to secure its tax without preventing taxpayer's right to appeal to the Division of Tax Appeals, said our highest court.

On the merits, the New Jersey Supreme Court held that the deficiency assessment reflects a correct application of the schedule in N.J.S.A. 54:10A-5(e)(ii) to General Trading's authorization of ten million shares of capital stock as of April 30, 1969, its balance sheet date. This was a computation of an alternative minimum tax on domestic corporations. Claims of mistake, inadvertence or neglect were not sufficient to set aside the assessment.

The case was remanded to the Tax Court with directions to enter judgment in favor of the Director for the full amount of the deficiency assessment, plus interest at 0.5 percent per month to date of judgment.

U.S. Supreme Court—Non-Domiciliary Corporation—Foreign Source Dividend Income Must be Included in Tax Base—Mobil Oil Corp. v. Vermont Tax Commissioner, U.S. Supreme Court, 48 LW 4306 (1980). The U.S. Supreme Court affirmed the decision of the Vermont Supreme Court which held that the appellant corporation's dividend income was includible in the corporation income tax base. Foreign source dividend income received by it, a non-domiciliary, domestic corporation becomes part of the corporation's tax base, although the subsidiaries and affiliates are doing business abroad.

The Court held that the tax does not violate the Due Process Clause and that there is a sufficient "nexus" between Vermont and appellant to justify the tax, and neither the "foreign source" of the income in question nor the fact that it was received in the form of dividends from subsidiaries and affiliates precludes its taxability.

The Court also held that the tax does not impose a burden on interstate

commerce by virtue of its effect relative to appellant's income tax liability in other states. Assuming that New York, the state of "commercial domicile," has the authority to impose some tax on appellant's dividend income, there is no reason why that power should be exclusive when the dividends reflect income from a unitary business, part of which is conducted in other states. The income bears relation to benefits and privileges conferred by several states, and in these circumstances the allocation factor, rather than apportionment, is ordinarily the accepted method of taxation.

It was also held that the tax does not impose a burden on foreign commerce. Appellant's argument that the risk of multiple taxation abroad requires apportionment of "foreign source" income to a single situs at home, is without merit in the present context. That argument attempts to focus attention on the effect of foreign taxation when the effect of domestic taxation is the only real issue.

Note: (a) The New Jersey Corporation Business Tax has two bases. To tax a portion of each base requires the use of an **allocation** factor. The text of the U.S. Supreme Court Opinion uses the word "apportionment," as do many other states, but our statute contains the work "allocation." That is why this abstract is written in New Jersey's terms. Likewise, the New Jersey word "apportionment" is generally used for the word "allocation," as the phrase "direct allocation to a particular state" is used in many states.

(b) In the use of the word "subsidiary" in this Supreme Court Opinion, the Court found as a fact that more than 50% ownership by the parent corporation qualified. In terms of the New Jersey Corporation Business Tax Act, 80% ownership by the parent corporation is required.

(c) The use of the word "unitary" in this case means that the parent and subsidiaries were engaged in the same activity. This case indicates that a petroleum business was alike among the parent corporation and its subsidiaries. (In California, and a few far west states, the word "unitary" means a consolidation of the parent and its subsidiaries' net income and/or net worth so that all of the group are **required** to file as one taxpayer.)

This abstract expresses the problem using New Jersey's Corporation Business Tax Act, rules, cases, instructions and forms term "allocation" for apportionment. In reading the opinion itself, attention must be given to (a), (b) and (c).

EMERGENCY TRANSPORTATION TAX

Judgment of Chancery Division, Superior Court was Vacated and Case was Remanded Back for Findings of Fact to Satisfy the Privilege and Immunities Clause of the United States Constitution—Burden of Proving Facts is on the Director—John Salorio v. Sidney Glaser, Director of the Division of Taxation, 82 N.J. 482 (1980). The Supreme Court of New Jersey vacated the judgment of the Superior Court, Chancery Division, insofar as it declared the Emergency Transportation Tax Act constitutional under the Privilege and Immunities Clause and remanded the matter back for a plenary rehearing consistent with the New Jersey Supreme Court opinion.

The Court held that:

1. The plaintiffs have standing to challenge the constitutionality of the Emergency Transportation Tax Act.
2. Although the trial court in upholding the constitutionality of the law under the Privilege and Immunities Clause correctly recited the rule of "substantial equality," it failed to apply the principle properly to the facts of this case.

The court rejected plaintiffs claim that a transportation problem cannot serve to justify a commuter tax on non-residents. However, the State had not sustained its burden of proving that non-residents constitute a peculiar source of the evil.

3. The trial court erred in upholding New Jersey's taxing scheme on the basis of an executive agreement between New York and New Jersey regarding the taxation of each other's residents. The Supreme Court said that if the 1962 Accord were interpreted to limit New York's power over the extension of tax credit to its residents, it would involve an unpermissible relinquishment of the state's sovereign power. Such an agreement would require congressional approval.

4. Since no fundamental interest or suspect class was involved, the trial court was correct in assessing the Emergency Transportation Tax under the rational relation standard for purposes of the Equal Protection Clause. The Supreme Court said that New York residents who commute to New Jersey do contribute significantly to the excessive demands placed on New Jersey's transportation facilities in the New York-New Jersey area. The court held that the classification had a rational basis and the trial court was affirmed in upholding the Emergency Transportation Tax Act under the Equal Protection Clause.

The Supreme Court vacated the judgment of the Chancery Division, Superior Court and remanded the matter back for findings of fact in accordance with the Court's opinion.

Note: New York residents working in New Jersey must continue to file Emergency Transportation Tax Returns and New Jersey Gross Income Tax Nonresident Returns.

GROSS INCOME TAX

Employee Outside Salesman under Statute Not Permitted to Deduct Business Expenses—Anthony Domenick v. Director, Division of Taxation, Division of Tax Appeals affirmed the Director of the Division of Taxation in denying a refund claim to petitioner for business expenses incurred by him as an outside salesman. The court said that the statute differentiates between a salesman who is an employee and a self-employed outside salesman. Under N.J.S.A. 54A:5-1(b) a self-employed salesman is taxable on his net income after the deduction of his own expenses of doing business. The court indicated that it is without the power to determine the constitutionality of the provisions in the law. The court refused to follow the case of **Commonwealth v. Staley**, 381 A.2d 1280 (Sup. Ct. Pennsylvania 1978) which it found influential but not conclusive. Notice of appeal was filed in the Appellate Division of the Superior Court of New Jersey.

HOMESTEAD REBATE ACT

Homestead Rebate on Real Property Owned By A Tenant In Common—Giannetti v. Borough of Glen Ridge, Tax Court of New Jersey, December 3, 1980. The Tax Court of New Jersey held that real property owned by a tenant in common was entitled to the homestead tax rebate. Plaintiff met all of the requirements for the homestead rebate and her status as a tenant in common merely imposed a ceiling on the amount of the rebate, but did not prevent her from an entitlement to the rebate. The judgment of the Essex County Board of Taxation denying the homestead rebate to taxpayer was reversed.

Denial of Application for Rebate Filed After the Deadline Date—Robert G. Horrobin v. Director, Division of Taxation, 172 N.J. Super. 173 Tax Court of New Jersey, November 7, 1979. The Tax Court of New Jersey dismissed the plaintiff's complaint and upheld the Director of the Division of Taxation in his denial of plaintiffs application for a 1978 homestead tax rebate for failure to file his application by the extended filing deadline date of March 31, 1978. The application for plaintiff's 1978 homestead tax rebate was received by the Division of Taxation on December 8, 1978. Plaintiff argued that he could not have filed the application by the extended deadline date because sufficient tax information was not available for completion of the application form until June 1978 when he received a tax bill for his property, which he purchased in August 1977. In following the decision of the New Jersey Supreme Court in **White v. Violent Crimes Compensation Board**, 76 N.J. 368 (1978) the court held that the filing deadline in the rebate statute can no longer be treated as an absolute jurisdictional bar as it would have been under prior case law. A judicial inquiry must be made in a case such as here where the deadline statute is within the substantive class of limitation. The judicial inquiry to be made is to the legislative intent in order to determine whether the statutory filing deadline may be tolled in any particular case. The Court found that there was no legislative intent to permit a tolling of the statutory filing deadline for the homestead rebate except as to the extensions granted by the Director of the Division of Taxation. The only direction given to the Director was that he shall extend the deadline for good cause shown and that the extension be for a reasonable time. The Court concluded that the Director did not abuse his discretion in refusing to grant an additional extension of time to the plaintiff. The Court also held that the granting of the four months extension was for a reasonable period of time. The Court said that by extending the deadline for a reasonable period for all applicants, irrespective of good cause shown, the Director was not obligated to inquire into the allegations of any applicant as to late filing. The Court also said that the fact that plaintiff had no tax bill in hand upon which he would find the requisite information is not a legally sufficient reason for him to have held up filing his application for a homestead rebate for 1978. A taxpayer has a responsibility to ascertain his tax obligation even if no bill is rendered to him. Judgment was therefore entered dismissing the plaintiff's complaint.

Vacation Home Is Not a Principal Residence Entitled To Homestead Tax Rebate—Harry J. Rubin and Margaret C. Rubin v. Sidney Glaser, Director of the Division of Taxation et al, 83 N.J. 299 (1980). The Supreme Court of New Jersey affirmed the Appellate Division and held that the appellants, who are nonresidents, were not entitled to a rebate with respect to real property taxes paid on their summer vacation home in New Jersey. The Court said that the Legislature made it clear that the rebates were valid only for an individual's homestead and defined that as a person's principal residence. The Court held that the Homestead Rebate Act's application solely to the house and land which serves as a principal residence does not violate the Privileges and Immunities Clause or the Equal Protection Clause of the Fourteenth Amendment of the United States Constitution. The Homestead Rebate Act satisfies the requirements of the Privileges and Immunities Clause, bearing a close relationship to a proper purpose irrespective of the impact upon nonresidents. The Act's application solely to principal place of residence is closely related to the beneficial purpose of alleviating the heavy realty tax burden. The statutory

aim was not directed against nonresidents. Plaintiffs are treated the same as New Jersey residents who own a second home for summer vacations in New Jersey with respect to rebates on that second home. The Court also pointed out that the Homestead Rebate Act was enacted in conjunction with the New Jersey Gross Income Tax Act. There is some nexus between those who own their principal residences in New Jersey and those who pay New Jersey gross income tax.

The Court also held that the rebate act did not deny the plaintiffs equal protection of the laws since the Act establishes a classification which is reasonable and has a rational relationship to a legitimate governmental objective.

Domicile—In re Estate of Norman G. Froomkin, (App. Div., 1979) (unreported)

The Appellate Division affirmed the decision of the Division of Taxation, Transfer Inheritance Tax Bureau and held that the decedent, Norman G. Froomkin was domiciled in New Jersey at the time of his death and that his estate was subject to taxation in New Jersey pursuant to **N.J.S.A. 54:34-1(c)**. The Court said that although there were some elements in the testimony which arguably might indicate that the decedent was domiciled in New York, rather than New Jersey, there was substantial proof that decedent never severed his ties with New Jersey where he had his last home before his death. The Court affirmed the decision of the Division of Taxation, Transfer Inheritance Tax Bureau since it was supported by sufficient credible evidence in the record.

Charitable Residuary Beneficiary, Not Subject To Tax Where Will Is Silent As To Allocation Of Taxes.—In re Estate of Rankin 169 N.J. Super. 317 (App. Div. 1979)

The Appellate Division held that here, where the will is silent as to the allocation of taxes among the residuary beneficiaries, and there is nothing in the nature of the gifts to the individual beneficiaries (collateral relatives and persons unrelated to the testatrix) that suggests a lack of concern by the testatrix as to the overall tax burden on the estate, deducting all estate and inheritance taxes from the residue before its division into three equal parts—one part bequeathed to a group of charities—is contrary to the presumption that a testatrix intends the maximum tax advantage for her estate.

The Court also said that where the will is silent, and extrinsic evidence of contrary intent unavailable, public policy suggests that a gift that, because deductible, lessens taxes on the estate as a whole should not be made to bear any part of the tax attributable to other tax-generating parts of the estate.

There is undeniable equity in requiring the beneficiaries of the taxable estate to bear the taxes attributable to the gifts they receive and in exonerating therefrom recipients of charitable gifts that not only do not generate tax but lessen the tax burden of all. This equity is indulged, of course, only in the absence of contrary testamentary intent derived from the will or from extrinsic evidence of it.

LOCAL PROPERTY TAX

Valuation—Comparable Sales—ALMAX Builders, Inc. v. City of Perth Amboy Tax Court of New Jersey—February 26, 1980. In action to review judgment of Middlesex County Board of Taxation affirming assessment on

small store and office building, a comparable sale occurring after the assessment date was admissible evidence of the value of the subject property. The sale price of the subject property, although admissible, was not conclusive as to the value of the property.

Assessment of Processing Tanks and Machinery and Equipment As Real or Personal Property—The Anaconda Co. Etc. v. The City of Perth Amboy, Etc., 81 N.J. 55 (1979). Petition for certification to the New Jersey Supreme Court was granted and was limited to the issue as to whether processing tanks and related machinery and equipment are or are not business personal property, taxable under N.J.S.A. 54:11A-1, **et seq.**

As to this issue, the judgment of the Appellate Division (See 157 N.J. Super 42) (App. Div. 1978) was vacated and the case was remanded to the Division of Tax Appeals for further consideration in light of **City of Bayonne v. Port Jersey Corporation**, 79 N.J. 367 (1979). The New Jersey Supreme Court in the latter case rejected the institutional doctrine under which the inquiry as to whether property was severable without material injury to the freehold was to be determined not by a test of physical injury, but rather by a test of functional or economic injury. Judgment was entered by the Tax Court of New Jersey on April 30, 1980 for the matters in question.

Review Sought in New Jersey Local Property Tax Case—Christian Beacon Press, Inc. v. City of Cape May, U.S. Supreme Court Docket No. 79-1142, March 17, 1980. The U.S. Supreme Court has refused to review a New Jersey Supreme Court ruling which refused a nonprofit religious corporation's exemption claim concerning hotel property purchased by, and used for, the corporation's Bible conferences.

Real Property Tax Exemption Denied—Christian Beacon Press, Inc. v. City of Cape May—(App. Div. 1979) (unreported). The Appellate Division reversed the judgment of the Division of Tax Appeals and held that a large hotel on an oceanfront plot in the City of Cape May, known as the Christian Admiral Hotel, owned by the Petitioner Christian Beacon Press, Inc., a religious organization, was not exempt from real property taxes. Petitioner was organized for religious purposes and claimed that the hotel was operated for religious purposes i.e. for a Continuing Bible Conference. The hotel was open to the public without restriction and they had available to them all the recreational facilities, but they could also, if they so desired, take part in any of the religious activities or services. The court denied the exemption from real property taxes because there was no clear showing that the premises were "actually and exclusively used" for religious purposes (**N.J.S.A. 54:4-3.6**). The record discloses that the hotel during the tax year in question, 1974, was used as a vacation or recreational facility by church members and the general public. The court said that providing vacation facilities can simply not be viewed as reasonably necessary for the work of the religious organization. The status or vocation of the owners or occupiers of the property cannot determine property tax exemption. The judgment of the Division of Tax Appeals was reversed and the matter was remanded to the Tax Court for the entry of an appropriate judgment reinstating the original assessments on the subject property. Petition for Certification to the New Jersey Supreme Court was denied on October 4, 1979—81 NJ 352 (1979) Petition for writ of certiorari to

the U.S. Supreme Court was denied on March 17, 1980 Docket No. 79-1142, 48 LW 3602 (1980).

Exception—Summer Camp Director/Caretaker's Year Round Permanent Residence.—Township of Clinton v. Camp Brett—Endeavor, Inc., Tax Court of New Jersey, March 7, 1980. The Tax Court of New Jersey affirmed the judgment of the Hunterdon County Board of Taxation and held that a year round permanent residence of a director/caretaker of an exempt charitable summer camp is exempt from real property taxation since it met the two-fold test (1) its predominant use is an integral part of the operation of the summer camp and (2) the residence is reasonably necessary for the proper and efficient operation of the camp. The exemption to certain nonprofit organization set forth in **N.J.S.A. 54:4-3.6** is for all buildings actually and exclusively used in the work of associations and corporations organized exclusively for religious, charitable or hospital purposes, or for one or more such purposes. The first part of the two-fold test is met since residence was not constructed for the convenience of director/caretaker but rather primarily for the benefit of the camp. The second part of the two-fold test is met because of the need for a year-round presence at the camp for security and maintenance reasons.

Conscientious Objectors Not Entitled to Veteran Tax Deduction—Emerson L. Darnell v. Township of Moorestown and Director, Division of Taxation. 167 N.J. Super. 16 (App. Div., 1979). The Appellate Division Affirmed the judgment of the Division of Tax Appeals and held that the appellant taxpayer who was in civilian service during World War II was not a veteran as defined in **N.J.S.A. 54:4-8 10(h)** and therefore did not qualify for the veteran's property tax deduction for his home. The Court said that the tax deduction applies only to military veterans in active service during the time of war in any branch of the armed services but does not apply to conscientious war objectors who were World War II civilian draftees. The Court held that the granting of the \$50 tax deduction to war veterans of the Armed Forces does not discriminate against the appellant taxpayer on religious grounds under Art. I of the New Jersey Constitution and under the Fourteenth and First Amendments to the United States Constitution, since the classification contained in the statute rests upon a rational basis related to relevant public policy considerations. The Court also said that the denial of the \$50 annual exemption to the appellant is only an incidental burden on the exercise of his religious freedom. The Court also pointed out that the personal disruption caused by military service was quantitatively and qualitatively greater than that caused by the alternative civilian service. Accordingly, the judgment of the Division of Tax Appeals denying the veteran's deduction for appellant's residence was affirmed. Petitioner for Certification to the New Jersey Supreme Court denied 81 NJ 292 (1979)

Veterans Deduction Allowed On Dwelling House Owned on Leased Land—Robert K. De Vries v. Township of Rockaway, Division of Tax Appeals, December 12, 1979. The Division of Tax Appeals held that petitioner was entitled to a veteran's deduction from real estate taxes on a dwelling which was owned by him, but which was located on land leased from another party. The court said that the veteran's deduction applies to "any tax bill on real or personal property." The statute (**N.J.S.A. 54:-8.15**) requires that the veteran be

the owner of the legal title to the property. This is no indication that the veteran must own the land upon which his structure is built. The language clearly indicates that the veteran must only own the property, whether it is real or personal. The court distinguished the veterans deduction from the Homestead Rebate Act and the Senior Citizens Tax Deduction which are limited to real estate. The judgment below was reversed and judgment was entered in favor of the petitioner allowing the veteran's deduction

Freeze Act—Right to Invoke—Eckardt and/or Franklin Township Taxpayers Association, Inc. v. Sisler Enterprises, Township of Franklin—Tax Court of New Jersey, February 5, 1980. Plaintiff's action to increase defendant's real property tax assessment for the year 1972 was successful. Thereafter, it moved to increase the defendant's assessment for the years 1973 and 1974 pursuant to **N.J.S.A. 54:2-43** (Freeze Act). Plaintiffs had no right to invoke the Freeze Act. This act may only be invoked for the benefit of the property owner/taxpayer but may not be invoked by another taxpayer in the municipality to compel an increase in assessment for subsequent years.

Exemption Transfer—Emanuel Baptist Church v. City of Newark—Tax Court of New Jersey, April 2, 1980. Where transfer of exempt property by one exempt organization to another exempt organization occurred in November 1974, City of Newark brought action to remove property from exempt roles because the transferee organization failed to file an initial exemption statement as required prior to November 1, 1974. Failure to file that initial statement when transfer occurred after the deadline for filing such statement was not fatal to continue the exemption provided transferee met all exemption requirements.

It was, therefore, held that the assessments against the subject property for November and December 1974 and entire tax year 1975 are invalid.

Valuation—The Fourth Fairland, Inc. v. Township of Hazlet—Tax Court of New Jersey, April 2, 1980. When using the income approach for valuation of a 16.5 acre property containing two one-story buildings zoned for retail uses, offices, shopping centers and similar uses, distant rentals could not be applied to the subject property without demographic analyses and adjustments for trade competition in each of the areas under consideration. The proper capitalization rate should have been calculated by using the traditional building residual technique.

Since the difference between the common level of assessments that existed in the taxing district and the ratio of assessed to true value of the plaintiff's property was not substantial, there was no discrimination in assessment.

Valuation—Discrimination—Greenwald et al v. Borough of Metuchen—Tax Court of New Jersey, March 7, 1980. Taxpayer's allegation of discrimination in valuation of one family residence denied in the absence of proof of value of taxpayer's property and level of assessment in the municipality. Proof of assessments of comparable properties is inadequate to sustain a claim of discrimination.

Valuation—Reservoir—New Cause of Action—Hackensack Water Co. v. Borough of Haworth—Tax Court of New Jersey, April 1, 1980. In an action to review Bergen County Board of Taxation judgments with respect to real

property tax assessments on land and improvements owned by Hackensack Water Company and used for reservoir and watershed purposes, the Court found that the highest and best use of the property for tax assessment valuation purposes was a residential lake community property. The court relied upon evidence of sales of similar property to arrive at a valuation of upland, and lake and marginal lands. Hackensack Water Company's motion to amend the complaint to add a claim of discrimination was denied.

Assessment—Ownership—Hirschman et al v. Township of Millburn, Tax Court of New Jersey, February 19, 1980. Plaintiffs sought reduction in assessment on grounds that a portion of property assessed to them was not owned by them; abandoned section of road adjoining plaintiff's property was added to the property on a revised tax map. The property was properly assessed to the plaintiffs, who accepted a deed to the property described as being in accordance with the revised map, and in the absence of any evidence that the title question affected the valuation, the valuation of the property for assessment purposes was upheld.

Economic Obsolescence—Discrimination—ITT Continental Baking Co. v. Township of East Brunswick—Tax Court of New Jersey, April 2, 1980. Taxpayer seeks review of the judgment of the Middlesex County Board of Taxation affirming the assessment on commercial property for the years 1976, 1977 and 1978. It was held that the use of an economic obsolescence factor is not proper for the purpose of selecting the time period that might be involved in marketing the commercial property. Economic (also referred to as environmental or locational) obsolescence is a loss in value resulting from factors outside the improvements, such as environment, changes in zoning regulations or a declining neighborhood economy. It represents anything outside the property lines that would cause the property to have less appeal or marketability. The court found there was no economic obsolescence because the concept of economic obsolescence has nothing to do with size of the property or how long it would take to market. It was also held that **N.J.S.A. 54:2-40.4** which provides a remedy for a discrimination claim is applicable to the property for the year 1978. Pursuant to this statute for the tax year of 1978 the Tax Court must utilize the unweighted, unclassified, arithmetic average as the guidepost for the common level range remedy enacted by the Legislature, (**N.J.S.A. 54:1-35a**). The court must be satisfied by the proofs that the ratio of the assessed valuation of the subject property to its true value exceeds the upper limit or falls below the lower limit of the common level range (that range which is plus or minus 15% of the State Director's unweighted, unclassified, arithmetic average ratio for the taxing district). If the assessment ratio of the subject property does exceed or fall below the common level range, then the court shall revise the assessment by applying the average ratio to the true value of the property **N.J.S.A. 54:2-40.4**.

The judgment of the court was that the petitions for 1976 and 1977 be dismissed and that the assessment for 1978 be reduced to \$2,438,100 allocated as follows—

Land—	\$ 449,550;
Improvements—	1,988,550;
Total—	<u>\$2,438,100.</u>

Farmland Assessment Act Does Not Preclude Zoning Ordinances—Borough of Kinnelon v. South Gate Associates et al., 172 NJ Super. 216 (App. Div., 1980). The Appellate Division affirmed the Law Division and held that the Farmland Assessment Act does not preclude municipalities from prohibiting, restricting or conditioning the use of property for commercial farming or timbering operations where appropriate in light of the considerations legislatively mandated by **N.J.S.A. 40:55D-2**, **N.J.S.A. 40:55D-62**, and other applicable provisions of the Municipal Land Use Law. The Court also held that to the extent that the decision in **Mindel v. Franklin Township**, 167 NJ Super. 461 (Law Div., 1979) may suggest otherwise, it is disapproved.

Farmland Assessment—Kugler v. Township of Wall, Tax Court of New Jersey, January 10, 1980. Taxpayer was not entitled to farmland assessment status when less than five acres were devoted to agricultural or horticultural use. Uncultivated, unused woodland not dominantly devoted and dedicated to agricultural use may not be added to that devoted to agricultural use in order to meet the five-acre minimum requirement.

Extent of Taxpayer's Tax Liability Pending Appeal—Le Cross et al v. Manhattan Savings Bank et al. (App. Div., 1980) (unreported). The Appellate Division in a declaratory judgment reversed the Chancery Division and held that plaintiff's tax obligation under **N.J.S.A. 54:3-27** for the tax year 1978, which is under appeal, may be satisfied only by paying no less than three quarters of the taxes assessed against them for the assessment year 1978 or suffer a dismissal of their tax appeals for failure thereof. The Court said that the provision of the "Freeze Act" **N.J.S.A. 54:3-26**, that the judgment of the County Board of Taxation shall be conclusive and binding for the assessment year and for two assessment years succeeding the assessment year, covered by the judgment, applies only where no appeal has been taken to the Division of Tax Appeals (Tax Court of New Jersey). Here such an appeal has been taken and there is no other basis upon which the County Board's valuation for 1977 can be made applicable to 1978. The taxpayers successfully appealed the 1977 assessed valuations on their properties before the Bergen County Board of Taxation and the municipality's appeal is now pending before the Tax Court. The properties were again assessed by the municipality in 1978 as in 1977 and an appeal is pending in the County Board of Taxation. The declaratory judgment of the Appellate Division was that three quarters of the taxes assessed in 1978 must be paid by taxpayer pursuant to **N.J.S.A. 54:3-27**, or a failure to do so will cause a dismissal of their tax appeals.

Revaluation—Township of Maple Shade v. Burlington County Board of Taxation and Director, Division of Taxation, (App. Div., 1980) (unreported). The Appellate Division affirmed the judgment of Division of Tax Appeals which upheld the order of the Burlington County Board of Taxation for the revaluation of real property in the township at 100% of true value for the tax year 1979. The court said that according to the record in this case, the township did not sustain the burden of showing that the order of the County Board to revalue was invalid, because it was either arbitrary, capricious or unreasonable. The record discloses that the coefficients of deviation for the township in several classes of property are well above the minimal acceptable level established in the Handbook for New Jersey Assessors and further indicate disparities within the

township. The court also said that the determination of when to revalue requires an analysis of various factors beyond the coefficients of deviation including ratios and sales data, property record cards, zoning and neighborhood changes within the municipality and any evidence that shows properties within the taxing districts are not assessed at the same rate.

Farmland Assessment Granted For Marginal Uncultivated Land Which Is Part of A Qualifying Farm—Mid-County Center v. Borough of Shrewsbury, (App. Div. 1980) (unreported). The Appellate Division reversed the Division of Tax Appeals and held that the marginal uncultivated land area (woodland and wetland) which is both legally and functionally part of a qualifying farm and which has no independent productive use is entitled to the farmland assessment. The marginal land of a farm not in cultivation is entitled to a farmland assessment as being part of, appurtenant to or reasonably regarded for the purpose of maintaining, the land actually devoted to farm use, particularly where it has been legally and functionally part of a farmland tract for many years. The Court said that the objectives of the Farmland Assessment Act would be frustrated if the Act was construed to require marginal land, or each acre of a farm, be actively devoted to agricultural use if qualifications as to income, area, and purpose are otherwise met. The judgment of the Division of Tax Appeals was reversed and the matter remanded for reassessment of the land considering only its value for agricultural purposes for the tax years involved 1974, 1975, 1976 and 1977.

True Value of Real Property And Discrimination In Tax Assessment—N.R.K. Management Corp. et als. v. Borough of Fort Lee, (App. Div., 1979) (unreported). The Appellate Division affirmed the determination of the court below with respect to the true value of the properties involved, except to the extent that the computation must be modified to reflect actual, rather than effective, tax rates; reversed the court below in granting discriminatory relief to the taxpayers; and reversed the court below in its denial of a motion to compel payment of 75% of the taxes due on the 1976 assessments pursuant to N.J.S.A. 54:2-41.5 and 54:2-41.6. In determining true value, to consider each individual's income tax benefits by reason of his ownership of the property would violate the requirements of Article VIII section 1, paragraph 1, of the 1947 New Jersey Constitution, as well as N.J.S.A. 54:4-23 which requires an objective method of determining true value. The Appellate Court also found that there was insufficient evidence to support the findings of discrimination. The Court below should have followed the case of **Tri-Terminal Corp. v. Borough of Edgewater**, 68 N.J. 405 (1975) which had concluded that a common level existed by virtue of a revaluation. The Court below should not have granted discrimination relief under the case of **Piscataway Associates, Inc. v. Township of Piscataway**, 73 N.J. 546 (1977) which provided for the use of the Director's ratio where the common level had been eroded. None of the factors existed in the case under consideration that were cited in the **Piscataway** case which might dissipate the effectiveness of the common level established by a revaluation.

The **Piscataway** case did not depart from **Tri-Terminal's** ruling that when a revaluation is made, a common level of assessment exists throughout the municipality, which can be carried forward to later years. But a combination of factors in the **Piscataway** case showed with the passage of time up to the tax

year involved, the common level of 100% of true value as of the revaluation date had been undermined and it was necessary to resort to the Director's ratio to prevent the taxpayer's property from being subjected to discriminatory assessment.

The Court also held that the Court below erred in not compelling the payment of 75% of the taxes due on the 1976 assessment pursuant to **N.J.S.A. 54:2-41.5** and **N.J.S.A. 54:2-41.6** (repealed by Chapter 361 P.L. 1975 effective for the tax year 1977 and requiring payment of 90 percent of taxes due). The Court said that in view of the total tax ratables of the municipality involved, the failure of the taxpayers to pay the portion (75%) of the taxes due pending appeal in the Court below resulted in actual hardship to the municipality.

Valuation—N.J. Bldrs. v. Dept. of Environmental Protection 169 NJ Super. 76 (App. Div., 1979) In considering a challenge to the validity of certain regulations adopted by the Commissioner of the Department of Environmental Protection establishing water quality standards for the Central Pine Barrens designated as critical area for sewerage purposes, the Court said that if some of the subject lands were devalued by the regulations, tax assessors of the individual town were to consider the impact of the regulations on the true value of the land. Petition for Certification to the New Jersey Supreme Court was denied. 81 NJ 402 (1979).

Valuation—City of Newark v. The 1013 Corporation—Tax Court of New Jersey, April 2, 1980. In action for review of judgment of Essex County Board of Taxation which reduced assessment on neighborhood store and office property due to 50-year-old improvements, the Court rejected testimony of true value of both plaintiff's and defendant's experts and made an independent determination of true value of subject property, resulting in a partial restoration of the reduction.

Watershed Land—Discrimination—City of Newark v. Township of Verona—Tax Court of New Jersey, April 1, 1980. This is a review of tax assessments on vacant watershed land owned by the City of Newark for the years of 1973, 1974 and 1976. It was held that publicly owned watershed land is to be assessed pursuant to **N.J.S.A. 54:4-3.3** at its true value on the same terms and conditions as the other lands of the other taxpayers in the district are subjected to. The standard of value for assessment purposes of watershed land is fair market value. Restrictive use zoning must be reflected in the valuation for assessment purposes. The court held that an analysis of sales resulted in valuation of \$845 per acre for better land and \$507 per acre for inferior land for year 1973. It was also held that the claim for discrimination was not proved, since the City of Newark failed to establish that relative to the generality of other assessed real property in Verona, its property was being assessed on a less favorable basis.

Tax Assessment Appeals Must Be Filed Within Statutory Period—Prospect Hill Apartments v. Borough of Flemington, 172 N.J. Super. 245, Tax Court of New Jersey (November 26, 1979). The Tax Court of New Jersey held that the August 15th filing deadline for local property tax assessment appeals contained in **N.J.S.A. 54:3-21** is a statutory deadline which may not be relaxed pursuant to New Jersey Court Rule 1:1-2. The Tax Court has no jurisdiction to

hear a late appeal. There are no circumstances here to warrant any consideration of a tolling of this filing deadline.

Omitted Assessment—Freeze Act—Snyder et al v. Borough of South Plainfield—Tax Court of New Jersey, January 10, 1980. In action to review judgment of Middlesex County Board of Taxation imposing an omitted partial assessment for the year 1973, the existence of a prior County Tax Board judgment eliminating a 1973 added assessment did not bar the County Tax Board from imposing an omitted partial assessment for the same year. The provisions of **N.J.S.A. 54:3-26** (Freeze Act) did not prevent the entry of a judgment imposing the omitted partial assessment for 1973 because the prior denial of the added assessment by the County Tax Board was on procedural grounds, the value of the improvements not having been an issue.

Farmland Assessment—Spiotta Brothers v. Township of Mine Hill—Tax Court of New Jersey, March 4, 1980. The Tax Court of New Jersey affirmed that Morris County Board of Taxation in denying the farmland assessment on plaintiff's 49.6 acres of woodland for the year 1975 and in granting the farmland assessment on such land for the year 1977. In order to qualify for the farmland assessment the land, consisting of at least five acres, must have been actively devoted to agricultural or horticultural use for at least the two years immediately preceding the tax year in issue. Although in 1975 an area forester employed by the New Jersey Bureau of Forestry visited the land to explore the possibility of a forestry management program, the evidence did not support a finding that the activities conducted on the 49.6 acres in 1973 and 1974 were of such a nature to qualify the land for farmland assessment for the year 1975. Although trees were growing and cut in 1973 and 1975, they were not produced and managed as that term is used in the statute, i.e. for agricultural or horticultural purposes. In 1975 the land was again inspected and for the first time a definite plan was prepared and furnished for the management of the woods. The testimony of the forester verified that the program had been carried on through 1976 and 1977 and the court said that the minimum statutory requirements were met so as to qualify the tract for the favored treatment in 1977. The entire tract was actively devoted to the production of agricultural products useful to man, i.e. corn, alfalfa, trees and forest products. The Court also held that the claim that taxpayer, who is in the real estate business, was holding the property for speculation was not to be considered in determining qualification for farmland assessment status.

Equalization Table—Township of Union v. Director, Division of Taxation—Tax Court of New Jersey, January 30, 1980. The Tax Court of New Jersey held that the Director of the Division of Taxation may properly exclude from equalization table, sale of a commercial property, when he concludes that the sale price of the real property involves an arbitrary allocation between real property and personal property not reflective of the values of said property. The Director, in preparing an equalization table, may apply a ratio developed from class 2 (residential property) sales to class 4 (commercial and industrial) properties in the township in the absence of any usable class 4 sales.

Equalization Table Upheld—City Of Vineland v. Cumberland County Board Of Taxation, (App. Div., 1979) (unreported). The Appellate Division

affirmed the judgment of the Division of Tax Appeals in upholding the Cumberland County Board of Taxation in its adoption of the 1978 County Equalization Table. The County Board had rejected the City of Vineland's reassessment plan for the tax year 1978 as being insufficiently comprehensive to qualify as a district-wide reassessment. The court said that a County Board may adopt any reasonable and efficient method of equalization, and may act independently of any direction or decision of the Director of the Division of Taxation. The court also said that the petitioner had failed to prove that the County Board had acted either capriciously, arbitrarily or unreasonably in reaching its determination. Judgment for the respondent, County Board, was affirmed in its adoption of the 1978 County Equalization Table.

PUBLIC UTILITIES TAX

The Apportionment Provisions of the Public Utility Gross Receipts Tax Upheld—McKenney, et als. v. Byrne et als.—82 N.J. 304 (1980). The Supreme Court of New Jersey affirmed the judgment of the Appellate Division and held that the apportionment provisions of **N.J.S.A. 54:30A-61** of the Public Utilities Gross Receipts Tax Act (**N.J.S.A. 54:30A-49 et. seq.**) did not violate the equal protection clauses of the New Jersey and United States Constitutions nor the New Jersey Constitutional prohibition against special or local laws relating to taxation or regulating the internal affairs of a municipality. The apportionment of the gross receipts tax revenues to the municipalities is based upon the value of the scheduled public utility property located within the municipality. The court held that the apportionment formula is predicated on the same standards for all municipalities. It also held that justification exists for classifying municipalities on the basis of the amounts of scheduled property within their borders. The court said that expenditures of funds by the Legislature reflect legislative judgment in the exercise of its inherent constitutional function. The judiciary should not review the wisdom of such a legislative decision. Although there appears to be over compensation, the court is bound to assume any reasonable conceivable state of facts which would sustain the Legislative judgment.

SALES TAX

Repair Services To Buses Are Subject To Tax—Body-Rite Repair Co. v. Director, Division Of Taxation, Division of Tax Appeals October 10, 1979. The Division of Tax Appeals affirmed an assessment of sales tax by the Division of Taxation against the petitioner, who is in the business of providing repair and replacement parts for buses used in public passenger transportation, and repair services in connection therewith. The bus companies are regulated by the Interstate Commerce Commission or the Board of Public Utilities Commission of New Jersey. The court held that in conformity with its opinion in the **Rockland Coaches** case, it was the legislative intent to exclude repair services from the exemption provided in **N.J.S.A. 54:32B-8(cc)**. The exemption applies to charges for repair parts but not to charges for repair services to the buses. The court since it was a court of limited jurisdiction, refused to pass upon whether Petitioner should be relieved of any liability for collection or payment of tax since it had accepted exempt use certificates (Form ST-4) from its customers. Petitioner had been advised of the Division of Taxations' interpretation of the taxability of the bus repair services.

Materials Used In The Construction of Molds For High Alloy Castings Are Held To Be Exempt From Tax Under N.J.S.A. 54:32B-8(t), Cooper Alloy Corporation v. Director, Division of Taxation, Division of Tax Appeals, December 17, 1979. The Division of Tax Appeals held that the materials used in the construction of molds used to make high alloys castings are exempt from tax under N.J.S.A. 54:32B-8(t) of the New Jersey Sales and Use Tax Act. The Court held that the materials used can be classified as a chemical and that they are used to cause a chemical process because the molds used for the casting of the alloys are designed not only to reduce the production in the casting process of undesirable substances, but also to bring about a surface of the casting with the desirable green color denoting the presence of the chromium which is the preferable smooth surface. It was also found that this chemical process could also be described as a refining process in that oxides and carbides are reduced. A judgment was entered in favor of the petitioners and a refund of taxes paid was ordered.

Note: N.J.S.A. 54:32B-8(t) exempts from the sales and use tax, (t)—“Sales of materials, such as chemicals and catalysts, used to induce or cause a refining or chemical process, where such materials are an integral or essential part of the processing operation, but do not become a component part of the finished product.”

Supplies Purchased By Restaurants, etc. Do Not Become A Component Part Of Food And Beverage For Sale—Seymour and Harriet Gerber t/a Camden Bag & Paper Co., v. Division of Taxation, Division of Tax Appeals, October 10, 1979.

The Division of Tax Appeals affirmed a sales tax assessment against the petitioner. The Court held that the sale of plastic stirrers, plastic knives, plastic forks, plastic spoons, plastic straws and paper napkins by the petitioner to restaurants, diners, cafeterias and other establishments which prepare food and beverages for sale to the general public consumer do not become a component part of the product (food and beverages) produced for sale. A sales tax must, therefore, be collected on the sale of such supplies.

Repair Services On Buses Subject To Tax—Peter Picardi t/a M & P Sales Co. v. Director, Division of Taxation—Division of Tax Appeals, October 10, 1979.—The Division of Tax Appeals affirmed the determination of the Division of Taxation in its assessment of taxes due from the petitioner for repair services performed on buses which are utilized for public transportation. The buses are owned and/or operated by companies whose rates are regulated by the Interstate Commerce Commission or the Board of Public Utility Commissioners of New Jersey. The court held that in conformity with its **Rockland Coaches** opinion it was the legislative intent that the exemption in N.J.S.A. 54:32B-8(cc) applies to charges for repair parts to such buses, but not to repair services thereto.

Repair Services on Buses Subject to Tax—Rockland Coaches, Inc., v. Sidney Glaser, Director, Division of Taxation, Division of Tax Appeals, October 10, 1979. The Division of Tax Appeals held that petitioner is liable for an assessment of sales tax for repair services on its motor buses which provide transportation of persons. The Court held that it was the intention of the legislature to exclude repair services from the exemption provided for in

N.J.S.A. 54:32B-8(cc). Subsection 8(cc) provides for an exemption from tax for sales of buses for public passenger transportation, including **repair and replacement parts** therefor to bus companies whose rates are regulated by the Interstate Commerce Commission or the Board of Public Utility Commissioner of New Jersey. . . . The court said that the exemption from tax applies to repair parts, but not to repair services.

Repair Services on Buses are Taxable—Starr Transit Co., Inc. v. Director, Division of Taxation, Division of Tax Appeals, October 10, 1979. The Division of Tax Appeals affirmed an assessment of sales taxes against the petitioner, who is engaged in the business of owning buses used in public transportation: and is regulated by either the Interstate Commerce Commission or the Board of Public Utilities of New Jersey. The court held that in conformity with its opinion in the **Rockland Coaches** case, it was the legislative intent to exclude repair services from the exemption provided in N.J.S.A. 54:32B-8(cc). The court held that the exemption applied to charges for repair parts to the buses, but not to charges for repair services thereto.

Towing Charges and Repair Services For Buses Are Taxable Suburban Transit Corporation v. Director, Division of Taxation, Division Tax Appeals, October 10, 1979. The Division of Tax Appeals affirmed an assessment of sale taxes by the Division of Taxation against the petitioner, who is engaged in the repair of buses used for public transportation. The buses are operated by companies which are regulated by either the Interstate Commerce Commission or the Board of Public Utility Commissioners of New Jersey. The Court held that the charges for towing are subject to sales tax in accordance with **N.J.S.A. 54:32B-3(b) (2)** which imposes a tax for maintaining, servicing, repairing tangible personal property. The court also held that in conformity with its opinion in the **Rockland Coaches Case**, that it was the legislature's intent to exclude repair services to the buses from the exemption provided in N.J.S.A. 54:32B-8(cc) for repair and replacement parts for such buses. The court said that the exemption applies to repair parts for the buses but not for repair services thereto.

Tenants' Property Tax Rebates—Unbudgeted School Aid Rebate Must Be Passed On To The Tenants Bigel et al. v. Director of Local Government Services et al., (App. Div., 1980) (unreported). The Appellate Division reversed the trial court and held that 65% of the unbudgeted State school aid payments received by plaintiffs for the 1977 tax year be passed to the tenants entitled thereto, in accordance with **N.J.A.C. 5:30-16.5(a)**. This rule adopted by the Director of the Division of Local Government Services pursuant to the Tenants' Property Tax Rebate Act provides that, in a municipality having a rent-leveling ordinance, the unbudgeted State school aid refund is not to be netted with the difference between 1976 and 1977 property taxes but is to be individually calculated and applied to the tenant who will receive the rebate or credit; it does not require for its applicability that the ordinance contain a tax pass-through provision.

Municipalities Rejected In Bid For Share Of Sales Tax—Counties Rejected In Bid For Share Of Inheritance Tax—City of Camden, et al. v. Byrne et al: Smith et al v. Goldman et al. 82 N.J. 133 (1980). The Supreme Court

affirmed the Appellate Division and refused to order the Legislature to appropriate money for the appellant municipalities and for the appellant counties for specially mandated programs or to order the Governor to approve an appropriation if one were made. The municipalities sought to have appropriated for the 1975-1976 fiscal year, 10% of the revenues derived from sales and use taxes up to a maximum of \$25 million (N.J.S.A. 54:32B-31 [repealed]). The Governor did not recommend any such appropriation as state aid to municipalities for general municipal purposes for the 1975-1976 fiscal year.

Appropriation was also sought from the bus franchise replacement tax. The counties sought appropriation of five percent of the transfer inheritance tax collected by the State on property of resident decedents in the county. The counties also sought payments from the State for general highway purposes. The court held that the statutes are not self-executing and require legislative appropriation for expenditures of public monies. (N.J. Constitution [1947] Art. VIII Section II par 2). The responsibility for appropriations rests with the Legislature and the courts are without authority to compel either the Legislature to make a specific appropriation or the Governor to recommend or approve one. The Court said to treat the various statutes as tantamount to appropriations would violate the New Jersey constitutional debt limitation clause which prohibits one Legislature from incurring debts which subsequent Legislatures would be obliged to pay, without prior approval by public referendum. The Court pointed out that the failure of the Legislature to appropriate funds to effectuate the various statutes was an intentional and advertent act. The Court also held that the revenues generated by the transfer inheritance tax are state revenues and that the State is not custodian for the counties of the portion they claim pursuant to N.J.S.A. 54:33-10. The Court acknowledged that the municipalities and counties may have suffered financially because of the Legislature's failure to appropriate the money. It is not for the Court to weigh the equities in this case. Assumption must be made that the Legislature had good and sufficient reason to devote these limited financial resources elsewhere in the public domain.

Withdrawal of Complaint—Township of Cherry Hill v. United States Life Insurance Company—Tax Court of New Jersey, March 20, 1980. It was held, that pursuant to R. 8:3-9, a complaint seeking a reduction in real property taxes may be withdrawn at any time prior to the close of proofs and such withdrawal will terminate the action in the absence of the filing of a cross-appeal or counterclaim by defendant. A judgment was, therefore, entered dismissing plaintiff's appeal.

Property Tax Rebate Act—Constitutionally Upheld Cold Indian Springs Corp. et als. v. Township of Ocean, et als., 81 N.J. 502 (1980). The Supreme Court of New Jersey affirmed the Appellate Division in upholding the constitutionality of the Tenants' Property Tax Rebate Act because it does not deny to the plaintiffs, due process or equal protection of the law. The court held that the reduction in taxes resulting from municipal wide revaluations of property must be used in calculating the property tax reductions in the rebate year. But there is excluded from the calculation of the property tax reduction in the rebate year, reductions in assessments for that year resulting from tax appeal judgments. However, assessments for subsequent years would reflect the

reduction obtained by the tax appeal judgment and to that extent such reductions would be subject to the rebate provisions of the act. The reason for the legislative plan is one of practicality. The tenants' property tax rebate is required to be paid or credited in the current year, and not to be delayed pending a tax appeal judgment some years later. The court also held that, once the base year tax appeal is finally determined, the reduced assessment is to be used thereafter in calculating a property tax reduction in a given year.

Price Controls On Alcoholic Beverages Eliminated. Irving Heir v. John J. Degnan, 82 N.J. 109 (1980). The regulations adopted by the Director of the Division of Alcoholic Beverage Control eliminating retail price maintenance and modifying the previous policy regarding price controls and competition were upheld except insofar as they prohibit joint advertising of matters other than price (N.J.A.C. 13:2-24.11 (a)(8)) and the collection of the Sales and Use Tax pursuant to N.J.S.A. 54:32B-2(d). However, N.J.A.C. 13:2-45 shall remain in effect for six months commencing with the date of this opinion (February 11, 1980) in order to preserve the continuation of sales tax collection and enable the Legislature to take appropriate action. Note: See Chapters 61 and 62, P.L. 1980 approved July 7, 1980.

Validity of New Jersey Senate Rules To Cut Off Debate In Passage of Legislation Upheld—Parker v. Merlino, United States District Court, District of New Jersey, June 13, 1980 (unreported). The United States District Court, District of New Jersey by summary judgment upheld the New Jersey Senate Rules which were used to cut off debate in the passage of c.280, P.L. 1979, which increased that part of the New Jersey Corporation Business Tax based on net income from 7½% to 9%, for accounting periods ending after December 31, 1979. The Court found that on January 8, 1980, the date of the passage of the legislation, the New Jersey Senate Majority did not curtail debate for an impermissible reason, and did not violate plaintiff's rights under the United States Constitution and further that the powers conferred by the Rules of the New Jersey Senate to limit debate do not violate the constitutional rights of the New Jersey Senators.

An appeal has been filed with the United States Court of Appeals, Third Circuit.

Full Faith and Credit Given to Judgment For Fine For Failure to File Philadelphia Wage Tax Return—City of Philadelphia v. Austin—171 N.J. Super 118 (Burlington County District Court, 1979)—Suit was brought on a Pennsylvania judgment. The Burlington County District Court held that provision of the Philadelphia Code imposing a \$300 fine for each year a taxpayer fails to file a wage tax return was a penal law; nonetheless, judgment which the City of Philadelphia obtained in Pennsylvania court in action under the statute was entitled to full faith and credit and enforcement in New Jersey.

Civil Penalty Included In A Sister State's Judgment Against Delinquent Taxpayer Entitled To Full Faith and Credit—City of Philadelphia Wage Tax v. George A. Smith, Jr. et al. 82 N.J. 429 (1980). The New Jersey Supreme Court affirmed the Appellate Division's (169 N.J. Super. 156, App. Div. 1979), judgment that a civil penalty included in a money judgment obtained in a sister state for unpaid Philadelphia Wage Taxes against New Jersey residents

employed by the Federal government on the naval bases in Philadelphia was entitled to full faith and credit and was enforceable in the courts of this State.

New Jersey Courts Must Give Full Faith And Credit To A Pennsylvania Judgment And Civil Penalty For Collection of Philadelphia Wage Tax—City of Philadelphia v. Henry H. Stadler et al., 173 N.J. Super. 235 (App. Div., 1980). The Appellate Division affirmed the summary judgment of the District Court of Burlington County, 164 N.J. Super 281 (Cty. D. Ct. 1978), which held that New Jersey Courts must give full faith and credit to a Pennsylvania judgment for the collection of the Philadelphia Wage Tax and a civil penalty against New Jersey residents working for the Federal government in Philadelphia.

State's Lien For Due and Unpaid Taxes Held To Be Prior To And Superior To Federal Lien To Plaintiff's Cause of Action—Woelfel v. Selected Risks Insurance Company—Docket No. L-35871-76 (Law Division 1980) (unreported). The Law Division of the Superior Court held that the State's lien under **N.J.S.A. 54:49-1** became choate and attached to plaintiff's cause of action prior to the lien of the Internal Revenue Service and was therefore superior to the federal lien. The State lien of the Division of Taxation arises as of the date the taxes become due and unpaid while the federal lien under 26 U.S.C.A. 6322 does not arise until an assessment is made. The court said that a lien could be perfected when the identity of the lienor, the property subject to the lien and the amount of the lien have been established. It was found by the court that under the facts in this case, the State liens became choate prior to the first federal assessment and were therefore superior to the federal lien.

ATTORNEY GENERAL OPINIONS

Additional Senior Citizens Homestead Rebate Applies To Surviving Spouses Who Are 55 Or More At The Time Of Senior Citizen Spouse's Death. Formal Opinion No. 24—October 23, 1979—The Office of the Attorney General has advised that Act VIII, Section 1, Paragraph 5 of the New Jersey Constitution only authorizes the senior citizens homestead rebate provided for by **N.J.S.A. 54:4-3.80** for surviving spouses who are 55 years of age or more at the time of a senior citizen spouse's death. A surviving spouse who was less than 55 years old at the time of his or her senior citizen spouse's death is not entitled to the additional annual homestead rebate of \$50 on attaining age 55. Unless the surviving spouse is over 65, or is permanently and totally disabled, or was 55 at the time of his or her eligible spouse's death, the surviving spouse is not eligible for the additional \$50 rebate.

Manner of Reflecting Added Assessments On Preliminary Tax Bills For First Two Quarters Of Subsequent year—January 31, 1980. The Office of the Attorney General has advised that an added assessment on real property which has been improved after October 1 of the pretax year is a prorated assessment payable on November 1 of the current tax year based on the actual months of completion. However, in the preliminary tax bill which shows the final property taxes for the last two quarters of the current year (August 1 and

November 1) and the preliminary property taxes for the first two quarters of the subsequent year (February 1 and May 1), one half of the full year's assessment of the added improvement based on the current year's tax rate and valuation should be reflected in the preliminary tax bill for the first two quarters of the subsequent year.

Partial Exemption From the Realty Transfer Fee Limited to Sale of Single-Family Dwelling by Senior Citizen Who Occupied the Single Dwelling—August 8, 1979. The Office of the Attorney General has advised that in a sale of real property consisting of a single-family dwelling and two three-family dwellings by a senior citizen who occupied the single-family dwelling, the partial exemption of \$1.25 of the \$1.75 realty transfer fee provided for in **N.J.S.A. 46:15-10.1(a)** is applicable only to that part of the sale attributable to the single-family dwelling. To qualify for the partial exemption from the realty transfer fee, the sale must involve one or two-family residential premises which a senior citizen, blind person or disabled person occupies. Because the realty transfer fee and the partial exemption therefrom are calculated upon the consideration recited in the deed, it will be necessary in the case in issue, involving the sale by a senior citizen of a single-family dwelling occupied by him and two three-family dwellings, to determine the consideration paid for the single-family dwelling and that paid for the other dwellings.

Prior Year's Apportionment Percentages Should Be Used in the Current Year When the Additional Amount of a Prior Year's Regional School District Budget Was Certified Too Late—M79-4248, March 31, 1980. The Office of the Attorney General has advised that a tax levy certification of the prior year received too late for that year's levy for regional school districts should be allocated among the constituent municipalities using the prior year percentage share of the regional school district levy.

The county tax board upon receiving the apportionment percentages from the Commissioner of Education and the budgetary amounts from the regional school board, are required to incorporate such data in determining the taxes to be raised by each municipality under the local property tax (**N.J.S.A. 54:4-1**, et seq.). The levy for each municipality within a county is reflected in a table of aggregates which is annually adopted by each county board of taxation (**N.J.S.A. 54:4-52**).

In certain instances, the budgetary figures supplied to a county board of taxation for a regional school district may not include certain amounts which are certified after the certification of the municipalities general tax rate. These amounts must be raised in the subsequent year.

The regional school district boards often actually expend during the prior tax year the anticipated additionally certified future monies by borrowing the necessary funds to pay for the additional expenditures which were not originally budgeted.

It is, therefore, quite logical and consistent with legislative policy that any budgetary items approved for a tax year subsequent to the adoption of the table of aggregates should be apportioned among the taxing districts by the county boards in the subsequent tax year by using the applicable apportionment percentages of that prior tax year.

Municipal Tax Assessors Cannot Independently Sign Stipulation of Settlement With Regard to Tax Appeals Before County Tax Boards—

M80-4375, April 29, 1980. The Office of the Attorney General has advised that municipal tax assessors cannot independently sign a stipulation of settlement on behalf of a municipality with regard to a tax appeal pending before a county board of taxation. To execute such stipulation of settlement, the tax assessor must have the authorization and approval of the municipal governing body. The parties in a tax appeal before a county board of taxation are the taxpayer and the municipality. The role of the tax assessor in a tax appeal before a county board of taxation is simply to assist the municipality in prosecuting or defending the appeal. The assessor has no independent authority to sign a stipulation of settlement with regard to a tax appeal pending before a county board of taxation. Although the assessor may be consulted by the governing body with regard to a settlement, the assessor's decision is merely "advisory" and clearly not binding upon the municipality.

A stipulation of settlement should be executed by the municipal attorney on behalf of the municipal governing body. If the municipality is not represented by an attorney, the stipulation of settlement should be signed on behalf of the municipality by a municipal agent, including the assessor, who is specifically authorized to execute the stipulation by a properly adopted resolution of the municipal governing body.

SUMMARY

Resident Taxpayer Returns—Full Year 1978

New Jersey received 2.8 million full year resident gross income tax returns reporting \$46.9 billion of income and \$709 million of tax.

540,484 returns reported \$1.7 billion total income and paid no tax —contain retirement exclusion, exemptions, deductions or credits exceeding income, were incomplete or involved amounts less than required for tax filing or liability. Some are subject to later correction upon audit.

2,236,419 taxable returns reported \$45,212 million total income, claimed \$6,745 million of exemptions, deductions and retirement exclusions for a taxable income of \$38,467 million and \$819 million tax for tenant and other credits and \$709 million charged tax.

81,284 more returns (3.0%) were filed in 1978 than in 1977. Gross Income increased \$4.2 billion (9.7%) from \$42.7 billion in 1977 to \$46.9 billion in 1978. Charged Tax increased \$90.6 million (14.7%).

Table 27 shows summary of taxable and non-taxable returns.

Regular exemptions and other exemptions for aged, blind, dependent children, and other dependents, and college, plus medical, alimony and maintenance deductions less excess exemptions and deductions were 14.8% of total income for taxable returns and 42.8% for non-taxable returns.

Retirement exclusion totaled .36% of total income for taxable returns and 12.0% for non-taxable returns.

Taxable income totaled 84.7% of total income for taxable returns and 45.1% for non-taxable returns.

Average effective tax rate for taxable returns before credits was 1.80% based on taxable income and 1.76% of total income before exemptions, exclusions and deductions. Tenant and other credits reduced these average effective rates to 1.57% based on taxable income and 1.51% upon all income.

Returns for commuters from New York, E.T.T. returns, 26,124; other Non-Resident returns, 27,364 fiduciary returns and 67,076 part year resident returns are not included in this summary.

NOTE: Effective Tax rates reflected in the above table are obtained by dividing the total on which the tax rate is computed by the Net Valuations on which county taxes are apportioned. In Annual Reports prior to 1972, effective tax rates were obtained by multiplying the Average Assessment to Sales Ratio for said year times the general tax rate per \$100 of Assessed Valuation for said year.

TAX COURT OF NEW JERSEY

On July 1, 1979, New Jersey's Tax Court became operative. It replaced the Division of Tax Appeals and possesses the jurisdiction formerly held by that agency. The Tax Court is a part of the Judiciary and thus completely independent of and divorced from the Executive Branch of government.

COUNTY AND MUNICIPAL COLLECTION**

1980

The attached Tables reflect State aid to municipalities and counties totaling \$670,034,227 in 1980. This includes \$8,358,765 of State tax collections for distribution to counties, and \$646,222,606 to municipalities. It also includes \$15,452,856 of Insurance tax apportioned by the State for collection; by counties \$1,931,607 and municipalities \$13,521,249.

FINANCIAL BUSINESS

(N.J.S.A. 54:10B—1 et seq.)

(N.J.S.A. 54:10A—1 et seq.)

This is a State collected tax on financial businesses in substantial competition with the business of national banks.

1/4 to Counties \$1,170,562, 1/4 to Municipalities \$1,170,562.

BUSINESS PERSONAL PROPERTY REPLACEMENT TAX

(N.J.S.A. 54:11D—1 et seq.)

Municipalities are assured of receiving no less from business personal property tax replacements than the greatest of the local levy of personal property tax in 1964, 1965, 1966, and 1967. Four tax laws are specified as the source for obtaining the required revenue. Any excess yield will be distributed in proportion to the local property tax level upon commercial, industrial and farm real estate. To Municipalities \$158,703,834. Excess was \$51,868,646.

Legislation was passed which provides an annual appropriation of not less than \$158,703,834, which was the amount certified by the Director of the Division of Taxation October 15, 1976 (C. 3, P.L. 1977).

RAILROAD PROPERTY

(N.J.S.A. 54:29A—7)

The railroad property tax law was amended in 1966 (P.L. 1966, C. 139) when a state imposed tax of \$4.75 per \$100 of true value was substituted for the former tax on Class II property. Replacement tax revenue is determined for each municipality by applying the 1966 general real property tax rate to the assessed value for the year 1966, plus an amount equal to the difference between the railroad tax revenue for the year 1965 and the year 1966. For each year subsequent to 1967, the increase is reduced 10% until such time as the difference is eliminated.

To Municipalities \$3,955,689.

PUBLIC UTILITY

(N.J.S.A. 54:30A—16 et seq.)

The Division of Taxation collects both the Public Utility Franchise Tax and the Public Utility Gross Receipts for payment to municipalities after deducting administration costs (\$130,355).

To Municipalities \$448,352,083

MUNICIPALITIES PURPOSES TAX ASSISTANCE FUND

It is hereby certified that of the \$27,000,000 required under P.L. 1980, C. 12 to be deposited in the municipal purposes tax assistance fund, \$14,091,354 will be available under P.L. 1980, c. 10 and c. 11 for the year 1980.

To Municipalities \$26,852,235.

INSURANCE FRANCHISE

(N.J.S.A. 54:18—12 et seq. and N.J.S.A. 54:16A—1 et seq.)

Insurance franchise taxes are payable by domestic insurance companies (87-1/2%) to the municipality and (12-1/2%) to the county in which the principal office of the taxpayer is located. The Division of Taxation apportions the tax to counties and municipalities for collection.

To Counties \$1,931,607, To Municipalities \$13,521,249.

**CORPORATION BUSINESS
BANKING CORPORATIONS**
(N.J.S.A. 54:10A—1 et seq.)

Banking Corporation are subject to Corporation Business Tax at the rate of 9% on allocated net income and two mills per dollar on allocated net worth. Distribution is 50% State; 25% counties and 25% municipalities.

To Counties \$7,188,203, To Municipalities \$7,188,203.

Note: First distribution—June 1, 1976.
