In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

PUBLIC HEARING NOTICE

GREEN ACRES PROGRAM

Notice of Public Hearing on the

Proposed Sale of Surplus Property
Located at Greenwood Lake State Park

TAKE NOTICE that the State of New Jersey, Department of Environmental Protection, Green Acres Program, will hold a public hearing to seek comments on the proposed sale of the following State-owned lands:

Block 3610, Lots 27, 18 and 19 totaling 5.77 acres located in West Milford Township, Passaic County.

The subject lands were intended to be an open space recreational facility and provide access to Greenwood Lake. However, the development of residential housing within the former project area and the location of Greenwood Lake Turnpike have rendered the park project nonviable as a recreational unit. The property will be sold at public auction and the proceeds returned to the Green Acres fund for the purchase of other land with recreational potential or conservation value.

The public hearing will be held on:

August 13, 1998 at 11:00 AM at the
West Milford Township Municipal Building
1480 Union Valley Road
West Milford, New Jersey 07480

Persons wishing to make oral presentation are asked to limit their comments to a five minute time period. Presenters should bring a copy of their comments to the hearing for use by the Department.

Interested persons may submit written comments until August 20, 1998 to:

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

BF Goodrich Aerospace-- Simmonds Precision Motion NJ0054127 DSW-minor	197 Ridgedale Avenue Cedar Knolls, NJ 07927 Morris	Vicki Margulies Nonpoint Pollution Control (609) 633-7021	unnamed trib to Whippany River FW2-TM	The Department is terminating the BF Goodrich Aerospace permit number NJ0054127. The initial discharge consisted of boiler blow-down and stormwater associated with the manufacture of transportation equipment for the aerospace industry, operating under Standard Industrial Classification 3278. The boiler blow-down discharge has been rerouted to the Hanover Sewerage Authority (effective 12/29/97). Additionally, BF Goodrich no longer conducts manufacturing activities at this location. Since all manufacturing activities has been eliminated, the NJPDES/DSW Permit is no longer required, and NJ0054127 is being revoked (terminated).
Novartis Pharmaceutical Corporation NJ0000540 DSW-major	556 Morris Avenue Summit, NJ 07901- 1398 Union	Vicki Margulies Nonpoint Pollution Control 633-7021	Passaic River FW2-NT	Novartis Pharmaceutical Corporation was originally involved in the research and development of pharmaceuticals, as well as the synthesis, formulation, coding and packaging of pharmaceuticals. NJPDES/DSW permit NJ0000540 originally authorized the discharges of non-contact cooling water and stormwater into the Passaic River via outfalls 001W, 001D, 002W and 002D. Outfalls 004 and 005 carried stormwater only. Currently, only the coding of tablets is conducted at this site and only outfalls 001, 002, 003 and 004 carry stormwater. Outfalls 001 and 003 drain offsite stormwater, 002 drains stormwater from the industrial portion of the site, and 004 carries stormwater from parking areas. All discharges of non-contact cooling water have been disconnected. Novartis is eligible for the General Industrial Stormwater Permit (NJ0088315), and NJDEP is revoking NJ0000540 and reauthorizing the stormwater discharges under NJ0088315.
Best Foods NJ0057673 DSW-minor	99 Avenue A Bayonne, NJ 07002 Hudson	Linda Coles Nonpoint Pollution Control (609) 63307021	Newark Bay SE3	Best Foods mixes and packages dressings and vegetable oils for distribution. All processes are self-contained. The facilities also include steam generation, above ground tank storage and a railway. Following site inspection and permit review it has been determined that Best Foods can eliminate all exposure of source materials to stormwater through the implementation of Best Management Practices as part of their Stormwater Pollution Prevention Plan required by the NJPDES/DSW General Industrial Stormwater Permit NJ0088315. The existing Individual Stormwater Permit No. NJ0057673 is therefore being revoked.
