## 2015-2016 School Performance Reports

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:

- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

State of New Jersey

Grade Span 06-08

## Enrollment by Grade

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.

|  | $2013-14$ | $2014-15$ | $2015-16$ |
| :--- | :---: | :---: | :---: |
| Grade 06 | 217 | 198 | 223 |
| Grade 07 | 192 | 222 | 201 |
| Grade 08 | 227 | 189 | 215 |
| UG | 27 | 34 | 32 |
| Total | 663 | 643 | 671 |

* 2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year

## Enrollment by Gender

This graph displays the percentage of students by gender for the past three school years.

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years.

## Enrollment by Ethnic/ Racial Subgroup

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver.

## Language Diversity

This table presents the main languages primarily spoken by students in their home.

| $2015-2016$ | Percent |
| :--- | :--- |
| English | $98.1 \%$ |
| Portuguese | $0.4 \%$ |
| Chinese | $0.3 \%$ |
| German | $0.3 \%$ |
| Spanish | $0.3 \%$ |
| Other | $0.4 \%$ |

The Academic Achievement section measures the content knowledge that students have in English Language Arts/Literacy (ELA/L) and Mathematics as demonstrated in Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. The PARCC assessment has five Performance Levels. Students performing at levels 4 and 5 (met or exceeded expectations) have demonstrated readiness for the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

## Met/Exceeded Expectations

This table presents the percentage of students who met or exceeded expectations as well as compares the school's performance to schools across the district (with more than 5 schools) and the state.

| Academic Achievement | Schoolwide <br> Performance | District Percentile | Statewide Percentile |
| :--- | :---: | :---: | :---: |
| English Language Arts Literacy Met or Exceeded Expectations | $55 \%$ | 40 | 53 |
| Mathematics Met or Exceeded Expectations | $44 \%$ | 13 | 44 |

## Mathematics and English Language Arts/ Literacy

This table presents the total number of valid test scores, the percentage of students who met or exceeded expectations/standards and statewide percentiles (a comparison between the school's performance and schools across the state) as well as the participation rates for the school and by ethnic/racial subgroup and special population. The participation goals is established as $95 \%$ by the United States Department of education. $V^{*}=$ Met participation rate(participation averaging applied)

| SUBGROUP | English Language Arts/Literacy |  |  |  |  | Mathematics |  |  |  |  |

NJASK Proficiency Trends Science - Grade Level 08
This graph displays the percentage of students who scored in each category for the past three school years.

## National Assessment Educational Progress (NAEP)

## 2015 National Assessment Educational Progress (NAEP)

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published.

|  |  | Nation | 33 | 34 | 31 | 2 |

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

## Met/ Exceeded Expectations

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.

| School Growth Indicators | School <br> Median | District <br> Median | Statewide <br> Median |
| :--- | :---: | :---: | :---: |
| Student Growth on Language Arts | 42 | 45 | 50 |
| Student Growth on Math | 40 | 49 | 50 |

## Student Growth ELA

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $2 \%$ | $2 \%$ | $1 \%$ |
| Partially Met (L2) | $4 \%$ | $4 \%$ | $1 \%$ |
| Approached (L3) | $7 \%$ | $6 \%$ | $10 \%$ |
| Met (L4) | $18 \%$ | $15 \%$ | $13 \%$ |
| Exceeded (L5) | $4 \%$ | $6 \%$ | $6 \%$ |

## Student Growth Math

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $1 \%$ | $1 \%$ | $0 \%$ |
| Partially Met (L2) | $5 \%$ | $3 \%$ | $6 \%$ |
| Approached (L3) | $16 \%$ | $10 \%$ | $15 \%$ |
| Met (L4) | $11 \%$ | $9 \%$ | $21 \%$ |
| Exceeded (L5) | $1 \%$ | $0 \%$ | $1 \%$ | State of New Jersey

## Visual and Performing Arts

This graph on the left displays the percentages of students who were enrolled in at least one of the four arts disciplines within the school and across the state. The graphs on the right show the percentage of students who were enrolled in any Visual and Performing Arts classes within the school and across the state.

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

## Any Visual and Performing Arts

Chronic Absenteeism Trend
This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

State of New Jersey

## Grade Span 06-08

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).

| 2015-16 | School |
| :--- | :---: |
| Full Time | 5 Hrs. 33 Mins. |
| Shared Time | 0 Hrs. 0 Mins. |

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :---: | :---: |
| $2015-16$ | $3.0 \%$ |

|  | School |
| :---: | :---: |
| $2015-16$ | 0 |

This table presents the number of students who were expelled from the school during the school year.

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2015-16 | School |
| :--- | :---: |
| Faculty | $10: 1$ |
| Administrator | $336: 1$ |

## Faculty Attendance

| $2015-16$ | $98 \%$ |

## 2015-2016 School Performance Reports

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:

- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

State of New Jersey

## Enrollment by Grade

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.

|  | $2013-14$ | $2014-15$ | $2015-16$ |
| :--- | :---: | :---: | :---: |
| Grade KG | 50 | 58 | 52 |
| Grade 01 | 71 | 46 | 54 |
| Grade 02 | 70 | 71 | 45 |
| Grade 03 | 63 | 72 | 67 |
| Grade 04 | 69 | 59 | 71 |
| Grade 05 | 62 | 69 | 60 |
| UG | 42 | 29 | 34 |
| Total | 427 | 404 | 383 |

## Enrollment by Gender

This graph displays the percentage of students by gender for the past three school years.

## Enrollment Trends by Special Population

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years.

## Enrollment by Ethnic/ Racial Subgroup

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver

## Language Diversity

This table presents the main languages primarily spoken by students in their home.

| $2015-2016$ | Percent |
| :--- | :--- |
| English | $98.7 \%$ |
| Chinese | $0.5 \%$ |
| Polish | $0.3 \%$ |
| Portuguese | $0.3 \%$ |
| Spanish | $0.3 \%$ |

* 2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year

The Academic Achievement section measures the content knowledge that students have in English Language Arts/Literacy (ELA/L) and Mathematics as demonstrated in Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. The PARCC assessment has five Performance Levels. Students performing at levels 4 and 5 (met or exceeded expectations) have demonstrated readiness for the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments,

## Met/Exceeded Expectations

This table presents the percentage of students who met or exceeded expectations as well as compares the school's performance to schools across the district (with more than 5 schools) and the state.

| Academic Achievement | Schoolwide <br> Performance | District Percentile | Statewide Percentile |
| :--- | :---: | :---: | :---: |
| English Language Arts Literacy Met or Exceeded Expectations | $46 \%$ | 13 | 38 |
| Mathematics Met or Exceeded Expectations | $52 \%$ | 27 | 60 |

## Mathematics and English Language Arts/ Literacy

This table presents the total number of valid test scores, the percentage of students who met or exceeded expectations/standards and statewide percentiles (a comparison between the school's performance and schools across the state) as well as the participation rates for the school and by ethnic/racial subgroup and special population. The participation goals is established as $95 \%$ by the United States Department of education. $V^{*}=$ Met participation rate(participation averaging applied)

## National Assessment Educational Progress (NAEP)

## 2015 National Assessment Educational Progress (NAEP)

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

## Met/ Exceeded Expectations

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.

| School Growth Indicators | School <br> Median | District <br> Median | Statewide <br> Median |
| :--- | :---: | :---: | :---: |
| Student Growth on Language Arts | 46 | 45 | 50 |
| Student Growth on Math | 60 | 49 | 50 |

## Student Growth ELA

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $0 \%$ | $4 \%$ | $6 \%$ |
| Partially Met (L2) | $3 \%$ | $4 \%$ | $5 \%$ |
| Approached (L3) | $17 \%$ | $8 \%$ | $2 \%$ |
| Met (L4) | $14 \%$ | $15 \%$ | $18 \%$ |
| Exceeded (L5) | $2 \%$ | $2 \%$ | $1 \%$ |

## Student Growth Math

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $2 \%$ | $2 \%$ | $3 \%$ |

| Approached (L3) | $3 \%$ | $12 \%$ | $15 \%$ |
| Met (L4) | $12 \%$ | $13 \%$ | $17 \%$ |
| Exceeded (L5) | $1 \%$ | $0 \%$ | $2 \%$ |

## Absenteeism

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

## Chronic Absenteeism Trend

This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

State of New Jersey

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).

School
6 Hrs. 5 Mins.

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :---: | :---: |
| $2015-16$ | $1.3 \%$ |

|  | School |
| :---: | :---: |
| $2015-16$ | 0 |

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2015-16 | School |
| :--- | :---: |
| Faculty | $9: 1$ |
| Administrator | $383: 1$ |

## Faculty Attendance

This table presents the number of students who were expelled from the school during the school year. were present during the school year

|  | School |
| :---: | :---: |
| $2015-16$ | $97 \%$ |

## 2015-2016 School Performance Reports

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:

- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey

## Enrollment by Gender

This graph displays the percentage of students by gender for the past three school years.

## Enrollment Trends by Special Population

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years

## Enrollment by Ethnic/ Racial Subgroup

This graph displays the percentages of students by ethnic/racial subgroup
defined by the ESEA Waiver.

## Language Diversity

This table presents the main languages primarily spoken by students in their home.

| 2015-2016 | Percent |
| :---: | :---: |
| English | 94.9\% |
| Tamil | 1.1\% |
| Marathi | 0.7\% |
| Spanish | 0.7\% |
| Telugu | 0.7\% |
| Other | 2.0\% |

2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year.

 the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments

## National Assessment Educational Progress (NAEP)

## 2015 National Assessment Educational Progress (NAEP)

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

|  | 8 | State (NJ) | 29 | 36 | 33 | 2 |
|  |  | Nation | 33 | 34 | 31 | 2 |

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

## Met/ Exceeded Expectations

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.

| School Growth Indicators | School <br> Median | District <br> Median | Statewide <br> Median |
| :--- | :---: | :---: | :---: |
| Student Growth on Language Arts | 49 | 45 | 50 |
| Student Growth on Math | 67 | 49 | 50 |

## Student Growth ELA

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $0 \%$ | $0 \%$ | $0 \%$ |
| Partially Met (L2) | $1 \%$ | $3 \%$ | $3 \%$ |
| Approached (L3) | $3 \%$ | $10 \%$ | $9 \%$ |
| Met (L4) | $23 \%$ | $27 \%$ | $14 \%$ |
| Exceeded (L5) | $6 \%$ | $1 \%$ | $0 \%$ |

## Student Growth Math

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $0 \%$ | $0 \%$ | $1 \%$ |
| Partially Met (L2) | $1 \%$ | $1 \%$ | $6 \%$ |
| Approached (L3) | $0 \%$ | $7 \%$ | $13 \%$ |
| Met (L4) | $19 \%$ | $17 \%$ | $29 \%$ |
| Exceeded (L5) | $3 \%$ | $1 \%$ | $1 \%$ |

## Absenteeism

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

## Chronic Absenteeism Trend

This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

State of New Jersey

## Grade Span KF-05

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).

School
6 Hrs. 5 Mins

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :---: | :---: |
| $2015-16$ | $0.0 \%$ |

|  | School |
| :---: | :---: |
| $2015-16$ | 0 |

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2015-16 | School |
| :--- | :---: |
| Faculty | $10: 1$ |
| Administrator | $277: 1$ |

## Student Expulsions

This table presents the number of students who were expelled from the school during the school year.

## Faculty Attendance

This table presents the percentage of days the school faculty were present during the school year.

## 2015-2016 School Performance Reports

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:

- Focus attention on metrics that are indicative of college and career readiness
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

## Enrollment by Ethnic/ Racial Subgroup

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver.

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years

## Language Diversity

This table presents the main languages primarily spoken by students in their home.

| $2015-2016$ | Percent |
| :--- | :--- |
| English | $98.6 \%$ |
| Spanish | $0.4 \%$ |
| Greek, Modern (1453-) | $0.2 \%$ |
| Korean | $0.2 \%$ |
| Ukrainian | $0.2 \%$ |
| Other | $0.4 \%$ |

## Enrollment Trends by Special Population

## Enrollment by Gender

This graph displays the percentage of students by gender for the past three school years.

2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year.

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms

|  | $2013-14$ | $2014-15$ | $2015-16$ |
| :--- | :---: | :---: | :---: |
| Grade PK | 91 | 95 | 98 |
| Grade KG | 51 | 59 | 63 |
| Grade 01 | 54 | 52 | 60 |
| Grade 02 | 72 | 60 | 56 |
| Grade 03 | 52 | 70 | 59 |
| Grade 04 | 73 | 50 | 77 |
| Grade 05 | 61 | 74 | 51 |
| UG | 32 | 42 | 52 |
| Total | 486 | 502 | 516 |

The Academic Achievement section measures the content knowledge that students have in English Language Arts/Literacy (ELA/L) and Mathematics as demonstrated in Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. The PARCC assessment has five Performance Levels. Students performing at levels 4 and 5 (met or exceeded expectations) have demonstrated readiness for the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

## Met/Exceeded Expectations

This table presents the percentage of students who met or exceeded expectations as well as compares the school's performance to schools across the district (with more than 5 schools) and the state.

| Academic Achievement | Schoolwide <br> Performance | District Percentile | Statewide Percentile |
| :--- | :---: | :---: | :---: |
| English Language Arts Literacy Met or Exceeded Expectations | $66 \%$ | 73 | 71 |
| Mathematics Met or Exceeded Expectations | $62 \%$ | 47 | 73 |

## Mathematics and English Language Arts/ Literacy

This table presents the total number of valid test scores, the percentage of students who met or exceeded expectations/standards and statewide percentiles (a comparison between the school's performance and schools across the state) as well as the participation rates for the school and by ethnic/racial subgroup and special population. The participation goals is established as $95 \%$ by the United States Department of education. $V^{*}=$ Met participation rate(participation averaging applied)

NJASK Proficiency Trends Science - Grade Level 04
This graph displays the percentage of students who scored in each category for the past three school years.

## National Assessment Educational Progress (NAEP)

## 2015 National Assessment Educational Progress (NAEP)

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

|  |  | Nation | 33 | 34 | 31 | 2 |

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

## Met/ Exceeded Expectations

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.

| School Growth Indicators | School <br> Median | District <br> Median | Statewide <br> Median |
| :--- | :---: | :---: | :---: |
| Student Growth on Language Arts | 48 | 45 | 50 |
| Student Growth on Math | 56 | 49 | 50 |

## Student Growth ELA

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $2 \%$ | $1 \%$ | $1 \%$ |
| Partially Met (L2) | $2 \%$ | $4 \%$ | $2 \%$ |
| Approached (L3) | $8 \%$ | $13 \%$ | $8 \%$ |
| Met (L4) | $15 \%$ | $20 \%$ | $11 \%$ |
| Exceeded (L5) | $7 \%$ | $4 \%$ | $2 \%$ |

## Student Growth Math

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $3 \%$ | $1 \%$ | $1 \%$ |
| Partially Met (L2) | $3 \%$ | $2 \%$ | $7 \%$ |
| Approached (L3) | $9 \%$ | $11 \%$ | $16 \%$ |
| Met (L4) | $9 \%$ | $11 \%$ | $20 \%$ |
| Exceeded (L5) | $2 \%$ | $3 \%$ | $2 \%$ |

## Absenteeism

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

Chronic Absenteeism Trend
This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

State of New Jersey

## Grade Span 3H-05

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).

School
6 Hrs. 5 Mins

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :---: | :---: |
| $2015-16$ | $0.4 \%$ |

|  | School |
| :---: | :---: |
| $2015-16$ | 0 |

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2015-16 | School |
| :--- | :---: |
| Faculty | $11: 1$ |
| Administrator | $516: 1$ |

## Student Expulsions

This table presents the number of students who were expelled from the school during the school year.

## Faculty Attendance

This table presents the percentage of days the school faculty were present during the school year.

|  | School |
| :---: | :---: |
| $2015-16$ | $97 \%$ |

## 2015-2016 School Performance Reports

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:

- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

## Grade Span KF-05

## Enrollment by Grade

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.

|  | $2013-14$ | $2014-15$ | $2015-16$ |
| :--- | :---: | :---: | :---: |
| Grade KG | 40 | 44 | 44 |
| Grade 01 | 36 | 42 | 42 |
| Grade 02 | 33 | 37 | 40 |
| Grade 03 | 45 | 32 | 40 |
| Grade 04 | 36 | 41 | 33 |
| Grade 05 | 41 | 37 | 38 |
| UG | 0 | 0 | 0 |
| Total | 231 | 233 | 237 |

## Enrollment by Gender

This graph displays the percentage of students by gender for the past three school years.

## Enrollment Trends by Special Population

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years.

## Enrollment by Ethnic/ Racial Subgroup

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver

## Language Diversity

This table presents the main languages primarily spoken by students in their home.

| $2015-2016$ | Percent |
| :--- | :--- |
| English | $97.5 \%$ |
| Spanish | $2.1 \%$ |
| Portuguese | $0.4 \%$ |

* 2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year

 the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

## Met/Exceeded Expectations

| Academic Achievement | Schoolwide <br> Performance | District Percentile | Statewide Percentile |

NJASK Proficiency Trends Science - Grade Level 04
This graph displays the percentage of students who scored in each category for the past three school years.

## National Assessment Educational Progress (NAEP)

## 2015 National Assessment Educational Progress (NAEP)

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

|  | 8 | State (NJ) | 29 | 36 | 33 | 2 |
|  |  | Nation | 33 | 34 | 31 | 2 |

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

## Met/ Exceeded Expectations

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.

| School Growth Indicators | School <br> Median | District <br> Median | Statewide <br> Median |
| :--- | :---: | :---: | :---: |
| Student Growth on Language Arts | 63 | 45 | 50 |
| Student Growth on Math | 45 | 49 | 50 |

## Student Growth ELA

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $3 \%$ | $0 \%$ | $2 \%$ |
| Partially Met (L2) | $5 \%$ | $7 \%$ | $8 \%$ |
| Approached (L3) | $5 \%$ | $10 \%$ | $20 \%$ |
| Met (L4) | $7 \%$ | $12 \%$ | $19 \%$ |
| Exceeded (L5) | $0 \%$ | $0 \%$ | $2 \%$ |

## Student Growth Math

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $0 \%$ | $0 \%$ | $0 \%$ |
| Partially Met (L2) | $10 \%$ | $3 \%$ | $3 \%$ |
| Approached (L3) | $12 \%$ | $12 \%$ | $7 \%$ |
| Met (L4) | $14 \%$ | $12 \%$ | $19 \%$ |
| Exceeded (L5) | $5 \%$ | $2 \%$ | $0 \%$ |

## Absenteeism

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

## Chronic Absenteeism Trend

This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

State of New Jersey

## Grade Span KF-05

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).

School 6 Hrs. 5 Mins

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :---: | :---: |
| $2015-16$ | $0.0 \%$ |

|  | School |
| :---: | :---: |
| $2015-16$ | 0 |

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2015-16 | School |
| :--- | :---: |
| Faculty | $10: 1$ |
| Administrator | $237: 1$ |

## Faculty Attendance

This table presents the number of students who were expelled from the school during the school year.

This table presents the percentage of days the school faculty were present during the school year.

|  | School |
| :---: | :---: |
| $2015-16$ | $97 \%$ |

25-3160-120 MONMOUTH

## 2015-2016 School Performance Reports

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:

- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

## Enrollment by Ethnic/ Racial Subgroup

This graph displays the percentages of students by ethnic/racial subgroup

This table presents the main languages primarily spoken by students in their home.

| $2015-2016$ | Percent |
| :--- | :--- |
| English | $99.3 \%$ |
| Arabic | $0.2 \%$ |
| Russian | $0.2 \%$ |
| Spanish | $0.2 \%$ |

defined by the ESEA Waiver.

## Language Diversity

* 2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year.

## Enrollment by Gender

This graph displays the percentage of students by gender for the past three school years.

Enrollment Trends by Special Population
This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years.

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.

|  | $2013-14$ | $2014-15$ | $2015-16$ |
| :--- | :---: | :---: | :---: |
| Grade KG | 73 | 60 | 61 |
| Grade 01 | 75 | 78 | 57 |
| Grade 02 | 79 | 78 | 74 |
| Grade 03 | 99 | 81 | 80 |
| Grade 04 | 92 | 97 | 82 |
| Grade 05 | 91 | 97 | 100 |
| UG | 1 | 0 | 0 |
| Total | 510 | 491 | 454 |

The Academic Achievement section measures the content knowledge that students have in English Language Arts/Literacy (ELA/L) and Mathematics as demonstrated in Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. The PARCC assessment has five Performance Levels. Students performing at levels 4 and 5 (met or exceeded expectations) have demonstrated readiness for the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

## Met/Exceeded Expectations

This table presents the percentage of students who met or exceeded expectations as well as compares the school's performance to schools across the district (with more than 5 schools) and the state.

| Academic Achievement | Schoolwide <br> Performance | District Percentile | Statewide Percentile |
| :--- | :---: | :---: | :---: |
| English Language Arts Literacy Met or Exceeded Expectations | $58 \%$ | 47 | 55 |
| Mathematics Met or Exceeded Expectations | $63 \%$ | 53 | 74 |

## Mathematics and English Language Arts/ Literacy

This table presents the total number of valid test scores, the percentage of students who met or exceeded expectations/standards and statewide percentiles (a comparison between the school's performance and schools across the state) as well as the participation rates for the school and by ethnic/racial subgroup and special population. The participation goals is established as $95 \%$ by the United States Department of education. $V^{*}=$ Met participation rate(participation averaging applied)

| SUBGROUP | English Language Arts/Literacy |  |  |  |  | Mathematics |  |  |  |  |

## National Assessment Educational Progress (NAEP)

## 2015 National Assessment Educational Progress (NAEP)

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

Lincroft Elementary School 729 NEWMAN SPRINGS ROAD

LINCROFT, NJ 07738-1596

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

## Met/ Exceeded Expectations

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.

| School Growth Indicators | School <br> Median | District <br> Median | Statewide <br> Median |
| :--- | :---: | :---: | :---: |
| Student Growth on Language Arts | 33 | 45 | 50 |
| Student Growth on Math | 49 | 49 | 50 |

## Student Growth ELA

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $0 \%$ | $0 \%$ | $1 \%$ |
| Partially Met (L2) | $5 \%$ | $1 \%$ | $4 \%$ |
| Approached (L3) | $9 \%$ | $7 \%$ | $5 \%$ |
| Met (L4) | $33 \%$ | $17 \%$ | $11 \%$ |
| Exceeded (L5) | $5 \%$ | $4 \%$ | $2 \%$ |

## Student Growth Math

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.

|  | Growth |  |  |
| :--- | :---: | :---: | :---: |
| (Expectations) | Low | Typical | High |
| Did Not Yet Meet (L1) | $0 \%$ | $0 \%$ | $1 \%$ |
| Partially Met (L2) | $2 \%$ | $3 \%$ | $1 \%$ |
| Approached (L3) | $14 \%$ | $9 \%$ | $9 \%$ |
| Met (L4) | $21 \%$ | $12 \%$ | $20 \%$ |
| Exceeded (L5) | $1 \%$ | $2 \%$ | $4 \%$ |

## Absenteeism

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

## Chronic Absenteeism Trend

This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

State of New Jersey

## Grade Span KF-05

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).

School
6 Hrs. 5 Mins

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |

## 2015-2016 School Performance Reports

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:

- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey

| English Language Learners | N | N | N |
| Economically Disadvantaged Students | $12 \%$ | $64 \%$ | $24 \%$ |

## Proficiency Trends - Biology

This graph displays the percentage of students by proficiency category for the past three school years.

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. Among those behaviors are taking college entrance exams and challenging themselves with rigorous course work

## PSAT/SAT/ACT Participation

This table presents the schoolwide and statewide participation rates from the last academic year as indicated in PSAT and SAT and from the last cohort as indicated in ACT.

| College and Career Readiness Indicators | Schoolwide <br> Participation | Statewide <br> Participation |
| :--- | :---: | :---: |
| Percent of Students Participating in PSAT | $100.0 \%$ | $95.5 \%$ |
| Percent of Students Participating in SAT | $65.9 \%$ | $58.0 \%$ |
| Percent of Students Participating in ACT | $40.9 \%$ | $27.6 \%$ |

## PSAT/SAT/ACT Performance

This table presents the school and state mean scores.

| 2015-16 | School Mean | State Mean |
| :--- | :---: | :---: |
| PSAT | 942 | 950 |
| SAT | - | - |
| Reading and Writing | 551 | 537 |
| Math | 551 | 538 |
| ACT | - | - |
| Reading | 23 | 23 |
| English | 22 | 22 |
| Math | 23 | 23 |
| Science | 22 | 22 |

## PSAT/SAT/ACT Benchmarks

This table presents the percentage of students scoring at or above College Readiness Benchmarks.

| $2015-16$ | Benchmark | Schoolwide | Statewide |
| :--- | :---: | :---: | :---: |
| PSAT | N | N | N |
| SAT | - | - | - |
| Reading and Writing | 480 | $82 \%$ | $71 \%$ |
| Math | 530 | $59 \%$ | $53 \%$ |
| ACT | - | - | - |
| Reading | 22 | $55 \%$ | $58 \%$ |
| English | 18 | $77 \%$ | $74 \%$ |
| Math | 22 | $66 \%$ | $61 \%$ |
| Science | 23 | $47 \%$ | $49 \%$ |

## PSAT/SAT/ACT Performance by Percentile

This table presents the student scores broken down by percentile based upon the school's distribution of scores

| $2015-16$ | 75 Percentile | 50 Percentile | 25 Percentile |
| :--- | :---: | :---: | :---: |
| PSAT | 1040 | 930 | 830 |
| SAT | - | - | - |
| Reading and Writing | 605 | 550 | 490 |
| Math | 610 | 545 | 480 |
| ACT | - | - | - |
| Reading | 27 | 22 | 19 |
| English | 25 | 22 | 18 |
| Math | 26 | 24 | 18 |
| Science | 25 | 22 | 20 |

AP/ IB Test Performance
This graph compares the percentage of all $\mathrm{AP} / \mathrm{IB}$ tests with scores of $\mathrm{AP}>=3$ or $\mathrm{IB}>=4$ for students enrolled in the school and across the state.

Percent of AP Tests $>=3$ or IB Test >=4

Percent of Scores in AP >=3 or IB >=4 in English, Math, Social Studies or Sciences

## 79.3\%

71.8\%

School Avg

## Advanced Course Work Participation

The table below presents the percentage of 'unique' students enrolled in the 11th or 12th grade who took at least one AP or IB test, and the percent participating in dual enrollment

| 2015-2016 Percent of Student Taking | School <br> Participation | State <br> Participation |
| :--- | :---: | :---: |
| One or More Course | $48.4 \%$ | $39.1 \%$ |
| One of More Test | $29.5 \%$ | $32.3 \%$ |
| At least One AP or IB Test in English, Math, Social <br> Studies, or Science | $23.4 \%$ | $26.6 \%$ |
| Participating in Dual Enrollment | $0.0 \%$ | $15.4 \%$ |

## AP/ IB Courses Offered

This table presents the count of students enrolled in each AP/IB course and the count of tests taken in each AP/IB course. The last row provides the count of scores that met or exceeded the benchmark. For AP/ IB Courses Offered, please note a student does not have to take a course to take the test OR take the test when enrolled in the course.

| AP/IB Course | Students Enrolled | Students Tested |
| :---: | :---: | :---: |
| AP Biology | 24 | 8 |
| AP Calculus AB | 57 | 41 |
| AP Calculus BC | 14 | 12 |

\section*{Chronic Absenteeism Trend}

This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

\section*{Graduation Rate by Subgroup}

This table presents the " 4 -year Adjusted Graduation Rate" and statewide percentiles (a comparison between the school's rate and schools across the state) for the school and by ethnic/racial subgroup and special population. The table also provides the state target. The state target is established as \(81 \%\) for the 2015-2016 school year by the New Jersey Department of Education.
\begin{tabular}{|l|c|c|c|}

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

\section*{State of New Jersey}

Grade Span 09-12

\section*{Enrollment by Grade}

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.
\begin{tabular}{|l|c|c|c|}
\hline & \(2013-14\) & \(2014-15\) & \(2015-16\) \\
\hline Grade 09 & 336 & 333 & 355 \\
\hline Grade 10 & 373 & 340 & 329 \\
\hline Grade 11 & 348 & 358 & 322 \\
\hline Grade 12 & 328 & 339 & 342 \\
\hline UG & 32 & 33 & 37 \\
\hline Total & 1417 & 1402 & 1385 \\
\hline
\end{tabular}

\section*{Enrollment by Gender}

This graph displays the percentage of students by gender for the past three school years.

\section*{Enrollment Trends by Special Population}

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years.

\section*{Enrollment by Ethnic/ Racial Subgroup}

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver.

\section*{Language Diversity}

This table presents the main languages primarily spoken by students in their home.
\begin{tabular}{|l|l|}
\hline \multicolumn{1}{|c|}{\(2015-2016\)} & \multicolumn{1}{|c|}{ Percent } \\
\hline English & \multicolumn{1}{|c|}{\(99.5 \%\)} \\
\hline Chinese & \(0.3 \%\) \\
\hline Russian & \(0.1 \%\) \\
\hline Spanish & \(0.1 \%\) \\
\hline
\end{tabular}
*2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year.

The Academic Achievement section measures the content knowledge that students have in English Language Arts/Literacy (ELA/L) and Mathematics as demonstrated in Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. The PARCC assessment has five Performance Levels. Students performing at levels 4 and 5 (met or exceeded expectations) have demonstrated readiness for the next grade level/course, and are on track for college and careers.

\section*{Met/Exceeded Expectations}

This table presents the percentage of students who met or exceeded expectations as well as compares the school's performance to schools across the district (with more than 5 schools) and the state.
\begin{tabular}{|l|c|c|c|}

\section*{Grade Span 09-12}

\section*{Absenteeism}

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

\section*{Chronic Absenteeism Trend}

This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

\section*{Graduation Rate by Subgroup}

This table presents the "4-year Adjusted Graduation Rate" and statewide percentiles (a comparison between the school's rate and schools across the state) for the school and by ethnic/racial subgroup and special population. The table also provides the state target. The state target is established as \(81 \%\) for the 2015-2016 school year by the New Jersey Department of Education.
\begin{tabular}{|l|c|c|c|}

\end{tabular}

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

\section*{Enrollment by Grade}

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.
\begin{tabular}{|l|c|c|c|}
\hline & \(2013-14\) & \(2014-15\) & \(2015-16\) \\
\hline Grade KG & 58 & 58 & 45 \\
\hline Grade 01 & 50 & 61 & 58 \\
\hline Grade 02 & 56 & 52 & 62 \\
\hline Grade 03 & 76 & 54 & 56 \\
\hline Grade 04 & 88 & 75 & 60 \\
\hline Grade 05 & 64 & 88 & 79 \\
\hline UG & 24 & 25 & 26 \\
\hline Total & 416 & 413 & 386 \\
\hline
\end{tabular}

\section*{Enrollment by Gender}

This graph displays the percentage of students by gender for the past three school years.

\section*{Enrollment Trends by Special Population}

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years

Disability Economically Disadvantag

\section*{Enrollment by Ethnic/ Racial Subgroup}

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver

\section*{Language Diversity}

This table presents the main languages primarily spoken by students in their home.
\begin{tabular}{|l|l|}
\hline \multicolumn{1}{|c|}{\(2015-2016\)} & \multicolumn{1}{|c|}{ Percent } \\
\hline English & \multicolumn{1}{|c|}{\(97.7 \%\)} \\
\hline Spanish & \(0.8 \%\) \\
\hline Gujarati & \(0.3 \%\) \\
\hline Telugu & \(0.3 \%\) \\
\hline Turkish & \(0.3 \%\) \\
\hline Other & \(0.9 \%\) \\
\hline
\end{tabular}
* 2013-2014 and 2014-2015 enrollment data reflects students who were on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year

The Academic Achievement section measures the content knowledge that students have in English Language Arts/Literacy (ELA/L) and Mathematics as demonstrated in Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. The PARCC assessment has five Performance Levels. Students performing at levels 4 and 5 (met or exceeded expectations) have demonstrated readiness for the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

\section*{Met/Exceeded Expectations}

This table presents the percentage of students who met or exceeded expectations as well as compares the school's performance to schools across the district (with more than 5 schools) and the state.
\begin{tabular}{|l|c|c|c|}
\hline Academic Achievement & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & District Percentile & Statewide Percentile \\
\hline English Language Arts Literacy Met or Exceeded Expectations & \(70 \%\) & 87 & 78 \\
\hline Mathematics Met or Exceeded Expectations & \(71 \%\) & 80 & 88 \\
\hline
\end{tabular}

\section*{Mathematics and English Language Arts/ Literacy}

This table presents the total number of valid test scores, the percentage of students who met or exceeded expectations/standards and statewide percentiles (a comparison between the school's performance and schools across the state) as well as the participation rates for the school and by ethnic/racial subgroup and special population. The participation goals is established as \(95 \%\) by the United States Department of education. \(V^{*}=\) Met participation rate(participation averaging applied)

NJASK Proficiency Trends Science - Grade Level 04
This graph displays the percentage of students who scored in each category for the past three school years.

\section*{National Assessment Educational Progress (NAEP)}

\section*{2015 National Assessment Educational Progress (NAEP)}

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

25-3160-130 MONMOUTH

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

\section*{Met/ Exceeded Expectations}

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.
\begin{tabular}{|l|c|c|c|}
\hline School Growth Indicators & \begin{tabular}{c} 
School \\

\section*{Absenteeism}

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

\section*{Chronic Absenteeism Trend}

This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

\section*{Grade Span KF-05}

\section*{Instructional Time}

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Full Time & 5 Hrs. 35 Mins. \\
\hline Shared Time & 0 Hrs. 0 Mins. \\
\hline
\end{tabular}

\section*{Student Suspension Rate}

This table presents the percentage of students who were suspended one or more times during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(0.0 \%\) \\
\hline
\end{tabular}
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & 0 \\
\hline
\end{tabular}

\section*{Student Expulsions}

This table presents the number of students who were expelled from the school during the school year.

\section*{Student to Staff Ratio}

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Faculty & \(11: 1\) \\
\hline Administrator & \(386: 1\) \\
\hline
\end{tabular}

\section*{Faculty Attendance}

This table presents the percentage of days the school faculty were present during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(98 \%\) \\
\hline
\end{tabular}

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

State of New Jersey

\section*{Enrollment by Grade}

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.
\begin{tabular}{|l|c|c|c|}
\hline & \(2013-14\) & \(2014-15\) & \(2015-16\) \\
\hline Grade KG & 47 & 50 & 45 \\
\hline Grade 01 & 40 & 39 & 51 \\
\hline Grade 02 & 41 & 40 & 44 \\
\hline Grade 03 & 44 & 40 & 46 \\
\hline Grade 04 & 63 & 41 & 37 \\
\hline Grade 05 & 42 & 58 & 43 \\
\hline UG & 17 & 27 & 27 \\
\hline Total & 294 & 295 & 293 \\
\hline
\end{tabular}

\section*{Enrollment by Gender}

This graph displays the percentage of students by gender for the past three school years.

\section*{Enrollment Trends by Special Population}

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years.

\section*{Enrollment by Ethnic/ Racial Subgroup}

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver.

\section*{Language Diversity}

This table presents the main languages primarily spoken by students in their home.
\begin{tabular}{|l|l|}
\hline \multicolumn{1}{|c|}{\(2015-2016\)} & \multicolumn{1}{|c|}{ Percent } \\
\hline English & \multicolumn{1}{|c|}{\(99.7 \%\)} \\
\hline Spanish & \(0.3 \%\) \\
\hline
\end{tabular}
* 2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year

 the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

\section*{National Assessment Educational Progress (NAEP)}

\section*{2015 National Assessment Educational Progress (NAEP)}

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

\hline
\end{tabular}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

\section*{Met/ Exceeded Expectations}

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.

\end{tabular}

\section*{Absenteeism}

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

\section*{Chronic Absenteeism Trend}

This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

State of New Jersey
2015-2016

\section*{Grade Span DF-05}

\section*{Instructional Time}

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).

School
6 Hrs. 5 Mins.

\section*{Student Suspension Rate}

This table presents the percentage of students who were suspended one or more times during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(1.0 \%\) \\
\hline
\end{tabular}
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & 0 \\
\hline
\end{tabular}

\section*{Student to Staff Ratio}

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Faculty & \(10: 1\) \\
\hline Administrator & \(293: 1\) \\
\hline
\end{tabular}

\section*{Student Expulsions}

This table presents the number of students who were expelled from the school during the school year.

\section*{Faculty Attendance}

This table presents the percentage of days the school faculty were present during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(97 \%\) \\
\hline
\end{tabular}

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

\section*{Enrollment by Grade}

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.
\begin{tabular}{|l|c|c|c|}
\hline & \(2013-14\) & \(2014-15\) & \(2015-16\) \\
\hline Grade PK & 56 & 46 & 59 \\
\hline Grade KG & 62 & 46 & 40 \\
\hline Grade 01 & 59 & 56 & 46 \\
\hline Grade 02 & 59 & 57 & 53 \\
\hline Grade 03 & 63 & 59 & 65 \\
\hline Grade 04 & 59 & 61 & 60 \\
\hline Grade 05 & 68 & 59 & 62 \\
\hline UG & 32 & 47 & 41 \\
\hline Total & 458 & 431 & 426 \\
\hline
\end{tabular}

\section*{Enrollment by Gender}

This graph displays the percentage of students by gender for the past three school years.

\section*{Enrollment Trends by Special Population}

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years

\section*{Enrollment by Ethnic/ Racial Subgroup}

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver

\section*{Language Diversity}

This table presents the main languages primarily spoken by students in their home.
\begin{tabular}{|l|l|}
\hline \multicolumn{1}{|c|}{\(2015-2016\)} & \multicolumn{1}{|c|}{ Percent } \\
\hline English & \multicolumn{1}{|c|}{\(97.2 \%\)} \\
\hline Spanish & \(1.4 \%\) \\
\hline Chinese & \(0.9 \%\) \\
\hline Portuguese & \(0.2 \%\) \\
\hline Telugu & \(0.2 \%\) \\
\hline
\end{tabular}

2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year

\section*{National Assessment Educational Progress (NAEP)}

\section*{2015 National Assessment Educational Progress (NAEP)}

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

\hline
\end{tabular}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

\section*{Met/ Exceeded Expectations}

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.
\begin{tabular}{|l|c|c|c|}
\hline School Growth Indicators & \begin{tabular}{c} 
School \\

\hline
\end{tabular}

\section*{Absenteeism}

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

Chronic Absenteeism Trend
This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

\section*{Grade Span 3H-05}

\section*{Instructional Time}

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Full Time & 5 Hrs. 35 Mins. \\
\hline Shared Time & 0 Hrs. 0 Mins. \\
\hline
\end{tabular}

\section*{Student Suspension Rate}

This table presents the percentage of students who were suspended one or more times during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(0.0 \%\) \\
\hline
\end{tabular}
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & 0 \\
\hline
\end{tabular}

This table presents the number of students who were expelled from the school during the school year.

\section*{Student to Staff Ratio}

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Faculty & \(10: 1\) \\
\hline Administrator & \(426: 1\) \\
\hline
\end{tabular}

\section*{Faculty Attendance}

This table presents the percentage of days the school faculty were present during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(97 \%\) \\
\hline
\end{tabular}

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

State of New Jersey

\section*{Enrollment by Grade}

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.
\begin{tabular}{|l|c|c|c|} 
& \(2013-14\) & \(2014-15\) & \(2015-16\) \\
\hline Grade KG & 76 & 82 & 91 \\
\hline Grade 01 & 105 & 79 & 90 \\
\hline Grade 02 & 92 & 108 & 89 \\
\hline Grade 03 & 82 & 97 & 116 \\
\hline Grade 04 & 119 & 87 & 100 \\
\hline Grade 05 & 77 & 122 & 90 \\
\hline UG & 1 & 0 & 0 \\
\hline Total & 552 & 575 & 576 \\
\hline
\end{tabular}

\section*{Enrollment by Gender}

This graph displays the percentage of students by gender for the past three school years.

\section*{Enrollment Trends by Special Population}

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years

\(\square\) Disabil
Economically Disadvantaged

\section*{Enrollment by Ethnic/ Racial Subgroup}

This graph displays the percentages of students by ethnic/racial subgroup
defined by the ESEA Waiver.

\section*{Language Diversity}

This table presents the main languages primarily spoken by students in their home.
\begin{tabular}{|l|l|}
\hline \multicolumn{1}{|c|}{\(2015-2016\)} & \multicolumn{1}{|c|}{ Percent } \\
\hline English & \multicolumn{1}{|c|}{\(98.6 \%\)} \\
\hline Chinese & \(0.3 \%\) \\
\hline Russian & \(0.3 \%\) \\
\hline Spanish & \(0.2 \%\) \\
\hline Tamil & \(0.2 \%\) \\
\hline Other & \(0.4 \%\) \\
\hline
\end{tabular}

Other

2013-2014 and 2014-2015 enrollment data reflects students who were on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year.

 the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

\section*{National Assessment Educational Progress (NAEP)}

\section*{2015 National Assessment Educational Progress (NAEP)}

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

\end{tabular}

25-3160-145

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

\section*{Met/ Exceeded Expectations}

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.
\begin{tabular}{|l|c|c|c|}
\hline School Growth Indicators & \begin{tabular}{c} 
School \\

\hline Partially Met (L2) & \(2 \%\) & \(2 \%\) & \(2 \%\) \\
\hline Approached (L3) & \(7 \%\) & \(8 \%\) & \(10 \%\) \\
\hline Met (L4) & \(9 \%\) & \(20 \%\) & \(29 \%\) \\
\hline Exceeded (L5) & \(2 \%\) & \(5 \%\) & \(5 \%\) \\
\hline
\end{tabular}

\section*{Absenteeism}

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

\section*{Chronic Absenteeism Trend}

This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

State of New Jersey

\section*{Instructional Time}

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).

School
6 Hrs. 5 Mins.

\section*{Student Suspension Rate}

This table presents the percentage of students who were suspended one or more times during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(0.0 \%\) \\
\hline
\end{tabular}
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & 0 \\
\hline
\end{tabular}

\section*{Student to Staff Ratio}

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Faculty & \(16: 1\) \\
\hline Administrator & \(576: 1\) \\
\hline
\end{tabular}

\section*{Student Expulsions}

This table presents the number of students who were expelled from the school during the school year.

\section*{Faculty Attendance}

This table presents the percentage of days the school faculty were present during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(97 \%\) \\
\hline
\end{tabular}

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

\section*{Enrollment by Ethnic/ Racial Subgroup}

This graph displays the percentages of students by ethnic/racial subgroup

\section*{Language Diversity}

This table presents the main languages primarily spoken by students in their home.
\begin{tabular}{|l|l|}
\hline \multicolumn{1}{|c|}{\(2015-2016\)} & \multicolumn{1}{|c|}{ Percent } \\
\hline English & \multicolumn{1}{|c|}{\(98.1 \%\)} \\
\hline Spanish & \(1.0 \%\) \\
\hline Chinese & \(0.3 \%\) \\
\hline Polish & \(0.3 \%\) \\
\hline Portuguese & \(0.3 \%\) \\
\hline
\end{tabular}

\section*{Enrollment Trends by Special Population}

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years

\section*{Enrollment by Gender}

This graph displays the percentage of students by gender for the past three school years.

defined by the ESEA Waiver.

2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year.

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.
\begin{tabular}{|l|c|c|c|}
\hline & \(2013-14\) & \(2014-15\) & \(2015-16\) \\
\hline Grade PK & 0 & 0 & 23 \\

\hline Grade 02 & 46 & 51 & 52 \\
\hline Grade 03 & 51 & 40 & 48 \\
\hline Grade 04 & 45 & 54 & 38 \\
\hline Grade 05 & 49 & 40 & 52 \\
\hline UG & 1 & 0 & 2 \\
\hline Total & 292 & 279 & 315 \\
\hline
\end{tabular}

The Academic Achievement section measures the content knowledge that students have in English Language Arts/Literacy (ELA/L) and Mathematics as demonstrated in Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. The PARCC assessment has five Performance Levels. Students performing at levels 4 and 5 (met or exceeded expectations) have demonstrated readiness for the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments,

\section*{Met/Exceeded Expectations}

This table presents the percentage of students who met or exceeded expectations as well as compares the school's performance to schools across the district (with more than 5 schools) and the state.
\begin{tabular}{|l|c|c|c|}
\hline Academic Achievement & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & District Percentile & Statewide Percentile \\
\hline English Language Arts Literacy Met or Exceeded Expectations & \(55 \%\) & 33 & 51 \\
\hline Mathematics Met or Exceeded Expectations & \(55 \%\) & 33 & 63 \\
\hline
\end{tabular}

\section*{Mathematics and English Language Arts/ Literacy}

This table presents the total number of valid test scores, the percentage of students who met or exceeded expectations/standards and statewide percentiles (a comparison between the school's performance and schools across the state) as well as the participation rates for the school and by ethnic/racial subgroup and special population. The participation goals is established as \(95 \%\) by the United States Department of education. \(V^{*}=\) Met participation rate(participation averaging applied)

This graph displays the percentage of students who scored in each category for the past three school years.

\section*{National Assessment Educational Progress (NAEP)}

\section*{2015 National Assessment Educational Progress (NAEP)}

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

\hline
\end{tabular}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

\section*{Met/ Exceeded Expectations}

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.
\begin{tabular}{|l|c|c|c|}

\hline & School \\
\hline \(2015-16\) & 0 \\
\hline
\end{tabular}

\section*{Faculty Attendance}

This table presents the percentage of days the school faculty were present during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(97 \%\) \\
\hline
\end{tabular}

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

\section*{Enrollment by Grade}

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.
\begin{tabular}{|l|c|c|c|}
\hline & \(2013-14\) & \(2014-15\) & \(2015-16\) \\
\hline Grade KG & 39 & 37 & 45 \\
\hline Grade 01 & 42 & 37 & 39 \\
\hline Grade 02 & 41 & 40 & 40 \\
\hline Grade 03 & 41 & 42 & 42 \\
\hline Grade 04 & 46 & 43 & 42 \\
\hline Grade 05 & 57 & 48 & 47 \\
\hline UG & 1 & 0 & 0 \\
\hline Total & 267 & 247 & 255 \\
\hline
\end{tabular}

\section*{Enrollment by Gender}

This graph displays the percentage of students by gender for the past three school years.

\section*{Enrollment Trends by Special Population}

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years.

\section*{Enrollment by Ethnic/ Racial Subgroup}

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver

\section*{Language Diversity}

This table presents the main languages primarily spoken by students in their home.
\begin{tabular}{|l|l|}
\hline \multicolumn{1}{|c|}{\(2015-2016\)} & \multicolumn{1}{|c|}{ Percent } \\
\hline English & \multicolumn{1}{|c|}{\(97.6 \%\)} \\
\hline Spanish & \(1.6 \%\) \\
\hline Korean & \(0.4 \%\) \\
\hline Vietnamese & \(0.4 \%\) \\
\hline
\end{tabular}
* 2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year

 the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

NJASK Proficiency Trends Science - Grade Level 04
This graph displays the percentage of students who scored in each category for the past three school years.

\section*{National Assessment Educational Progress (NAEP)}

\section*{2015 National Assessment Educational Progress (NAEP)}

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

\hline
\end{tabular}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

\section*{Met/ Exceeded Expectations}

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.
\begin{tabular}{|l|c|c|c|}
\hline School Growth Indicators & \begin{tabular}{c} 
School \\

\hline Approached (L3) & \(7 \%\) & \(9 \%\) & \(18 \%\) \\
\hline Met (L4) & \(9 \%\) & \(16 \%\) & \(13 \%\) \\
\hline Exceeded (L5) & \(0 \%\) & \(0 \%\) & \(0 \%\) \\
\hline
\end{tabular}

\section*{Absenteeism}

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

Chronic Absenteeism Trend
This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.

\section*{Grade Span KF-05}

\section*{Instructional Time}

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Full Time & 5 Hrs. 35 Mins. \\
\hline Shared Time & 0 Hrs. 0 Mins. \\
\hline
\end{tabular}

\section*{Student Suspension Rate}

This table presents the percentage of students who were suspended one or more times during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(0.0 \%\) \\
\hline
\end{tabular}
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & 0 \\
\hline
\end{tabular}

\section*{Student Expulsions}

This table presents the number of students who were expelled from the school during the school year.

\section*{Student to Staff Ratio}

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Faculty & \(13: 1\) \\
\hline Administrator & \(255: 1\) \\
\hline
\end{tabular}

\section*{Faculty Attendance}

This table presents the percentage of days the school faculty were present during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(97 \%\) \\
\hline
\end{tabular}

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

\section*{Enrollment by Grade}

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.
\begin{tabular}{|l|c|c|c|}
\hline & \(2013-14\) & \(2014-15\) & \(2015-16\) \\
\hline Grade KG & 54 & 43 & 44 \\
\hline Grade 01 & 51 & 57 & 41 \\
\hline Grade 02 & 62 & 47 & 61 \\
\hline Grade 03 & 60 & 62 & 48 \\
\hline Grade 04 & 56 & 58 & 62 \\
\hline Grade 05 & 42 & 58 & 60 \\
\hline UG & 0 & 0 & 0 \\
\hline Total & 325 & 325 & 316 \\
\hline
\end{tabular}

\section*{Enrollment by Gender}

This graph displays the percentage of students by gender for the past three school years.

\section*{Enrollment Trends by Special Population}

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years.

\section*{Enrollment by Ethnic/ Racial Subgroup}

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver

\section*{Language Diversity}

This table presents the main languages primarily spoken by students in their home.
\begin{tabular}{|l|l|}
\hline \multicolumn{1}{|c|}{\(2015-2016\)} & \multicolumn{1}{|c|}{ Percent } \\
\hline English & \multicolumn{1}{|c|}{\(99.1 \%\)} \\
\hline Hungarian & \(0.3 \%\) \\
\hline Philippine languages & \(0.3 \%\) \\
\hline Spanish & \(0.3 \%\) \\
\hline
\end{tabular}
* 2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year

The Academic Achievement section measures the content knowledge that students have in English Language Arts/Literacy (ELA/L) and Mathematics as demonstrated in Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. The PARCC assessment has five Performance Levels. Students performing at levels 4 and 5 (met or exceeded expectations) have demonstrated readiness for the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

\section*{Met/Exceeded Expectations}

This table presents the percentage of students who met or exceeded expectations as well as compares the school's performance to schools across the district (with more than 5 schools) and the state.
\begin{tabular}{|l|c|c|c|}
\hline Academic Achievement & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & District Percentile & Statewide Percentile \\
\hline English Language Arts Literacy Met or Exceeded Expectations & \(82 \%\) & 100 & 95 \\
\hline Mathematics Met or Exceeded Expectations & \(75 \%\) & 100 & 91 \\
\hline
\end{tabular}

\section*{Mathematics and English Language Arts/ Literacy}

This table presents the total number of valid test scores, the percentage of students who met or exceeded expectations/standards and statewide percentiles (a comparison between the school's performance and schools across the state) as well as the participation rates for the school and by ethnic/racial subgroup and special population. The participation goals is established as \(95 \%\) by the United States Department of education. \(V^{*}=\) Met participation rate(participation averaging applied)

NJASK Proficiency Trends Science - Grade Level 04
This graph displays the percentage of students who scored in each category for the past three school years.

\section*{National Assessment Educational Progress (NAEP)}

\section*{2015 National Assessment Educational Progress (NAEP)}

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

\hline
\end{tabular}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

\section*{Met/ Exceeded Expectations}

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.

\end{tabular}

\section*{Student Expulsions}

This table presents the number of students who were expelled from the school during the school year.

\section*{Faculty Attendance}

This table presents the percentage of days the school faculty were present during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(97 \%\) \\
\hline
\end{tabular}

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey

This graph displays the percentage of students who scored in each category for the past three school years.

\section*{National Assessment Educational Progress (NAEP)}

\section*{2015 National Assessment Educational Progress (NAEP)}

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

\hline
\end{tabular}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

\section*{Met/ Exceeded Expectations}

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.

\section*{2015-2016 School Performance Reports}

The New Jersey Department of Education (NJDOE) presents the 2015-16 School Performance Reports. These reports are designed to inform parents, educators and communities about how well a school is performing and preparing its students for college and careers. In particular, the School Performance Reports seek to:
- Focus attention on metrics that are indicative of college and career readiness.
- Benchmark a school's performance against other schools that are educating similar students, against district and state-wide outcomes, and against state targets to illuminate and build upon a school's strengths and identify areas for improvement.
- Improve educational outcomes for students by providing both longitudinal and growth data so that progress can be measured as part of an individual school's efforts to engage in continuous improvement.

While the New Jersey School Performance Reports seek to bring more information to educators and stakeholders about the performance of schools, they do not seek to distill the performance of schools into a single metric, a single score, or a simplified conclusion. Instead, the intention is that educators and stakeholders will engage in meaningful conversations about the full range of the data presented. While the School Performance Reports bring attention to important student outcomes, the NJDOE does not collect data about other essential elements of a school, such as the provision of opportunities to participate and excel in extracurricular activities; the development of non-cognitive skills; the pervasiveness of a positive school culture or climate; or the attainment of other employability and technical skills, as many of these data are beyond both the capacity and resources of schools to measure.

NJDOE welcomes feedback on the school performance reports: Survey
If you have any questions regarding Performance Reports, please contact njsmart@pcgus.com

\section*{Enrollment by Grade}

This table presents the enrollment count of students by grade for the past three school years. Note: "UG" represents the count of student who were 'on roll' but are educated in ungraded classrooms.
\begin{tabular}{|l|c|c|c|}
\hline & \(2013-14\) & \(2014-15\) & \(2015-16\) \\
\hline Grade 06 & 221 & 238 & 235 \\
\hline Grade 07 & 223 & 218 & 238 \\
\hline Grade 08 & 237 & 220 & 223 \\
\hline UG & 25 & 55 & 57 \\
\hline Total & 706 & 731 & 753 \\
\hline
\end{tabular}
* 2013-2014 and 2014-2015 enrollment data reflects students who were 'on roll' in October of each school year. 2015-2016 enrollment data reflects students who were 'on roll' at the end of the school year.

\section*{Enrollment by Gender}

This graph displays the percentage of students by gender for the past three school years.

\section*{Enrollment Trends by Special Population}

This graph displays the percentages of students by special population (Students with Disabilities, Economically Disadvantaged, and English Language Learners) for the past three school years.

\section*{Enrollment by Ethnic/ Racial Subgroup}

This graph displays the percentages of students by ethnic/racial subgroup defined by the ESEA Waiver.

\section*{Language Diversity}

This table presents the main languages primarily spoken by students in their home.
\begin{tabular}{|l|l|}
\hline \multicolumn{1}{|c|}{\(2015-2016\)} & \multicolumn{1}{|c|}{ Percent } \\
\hline English & \multicolumn{1}{|c|}{\(98.9 \%\)} \\
\hline Spanish & \(0.7 \%\) \\
\hline Ukrainian & \(0.3 \%\) \\
\hline Korean & \(0.1 \%\) \\
\hline
\end{tabular}

The Academic Achievement section measures the content knowledge that students have in English Language Arts/Literacy (ELA/L) and Mathematics as demonstrated in Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. The PARCC assessment has five Performance Levels. Students performing at levels 4 and 5 (met or exceeded expectations) have demonstrated readiness for the next grade level/course, and are on track for college and careers.

This section also measures Science as demonstrated in NJ ASK Science assessments.

\section*{Met/Exceeded Expectations}

This table presents the percentage of students who met or exceeded expectations as well as compares the school's performance to schools across the district (with more than 5 schools) and the state.
\begin{tabular}{|l|c|c|c|}
\hline Academic Achievement & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & District Percentile & Statewide Percentile \\
\hline English Language Arts Literacy Met or Exceeded Expectations & \(40 \%\) & 7 & 25 \\
\hline Mathematics Met or Exceeded Expectations & \(34 \%\) & 7 & 27 \\
\hline
\end{tabular}

\section*{Mathematics and English Language Arts/ Literacy}

This table presents the total number of valid test scores, the percentage of students who met or exceeded expectations/standards and statewide percentiles (a comparison between the school's performance and schools across the state) as well as the participation rates for the school and by ethnic/racial subgroup and special population. The participation goals is established as \(95 \%\) by the United States Department of education. \(V^{*}=\) Met participation rate(participation averaging applied)
\begin{tabular}{|c|c|c|c|c|c|c|c|c|c|c|}

\hline
\end{tabular}

NJASK Proficiency Trends Science - Grade Level 08
This graph displays the percentage of students who scored in each category for the past three school years.

\section*{National Assessment Educational Progress (NAEP)}

\section*{2015 National Assessment Educational Progress (NAEP)}

The national assessment of education progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth- and twelfth-grade students in subjects such as reading, mathematics, science and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight reading, math and science scores for New Jersey which are the last scores published

\hline
\end{tabular}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in Language Arts Literacy and in grades 4 through 7 in Math when compared to other students with a similar test score history. Low Growth is defined as a Student Growth Percentile of less than 35, Typical Growth between 35-65 and High Growth is a score higher than 65. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

\section*{Met/ Exceeded Expectations}

This table presents the schoolwide median growth score for all students in the school as well as the median for the district and the state.
\begin{tabular}{|l|c|c|c|}
\hline School Growth Indicators & \begin{tabular}{c} 
School \\
Median
\end{tabular} & \begin{tabular}{c} 
District \\
Median
\end{tabular} & \begin{tabular}{c} 
Statewide \\
Median
\end{tabular} \\
\hline Student Growth on Language Arts & 35 & 45 & 50 \\
\hline Student Growth on Math & 39 & 49 & 50 \\
\hline
\end{tabular}

\section*{Student Growth ELA}

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.
\begin{tabular}{|l|c|c|c|}
\cline { 2 - 4 } \multicolumn{1}{c|}{} & \multicolumn{3}{c|}{ Growth } \\
\cline { 2 - 4 } \multicolumn{1}{c|}{ (Expectations) } & Low & Typical & High \\
\hline Did Not Yet Meet (L1) & \(5 \%\) & \(4 \%\) & \(1 \%\) \\
\hline Partially Met (L2) & \(10 \%\) & \(7 \%\) & \(5 \%\) \\
\hline Approached (L3) & \(14 \%\) & \(10 \%\) & \(7 \%\) \\
\hline Met (L4) & \(14 \%\) & \(12 \%\) & \(7 \%\) \\
\hline Exceeded (L5) & \(3 \%\) & \(2 \%\) & \(3 \%\) \\
\hline
\end{tabular}

\section*{Student Growth Math}

This table presents the interaction between student performance as demonstrated on PARCC and their growth scores.
\begin{tabular}{|l|c|c|c|}
\cline { 2 - 4 } \multicolumn{1}{c|}{} & \multicolumn{3}{c|}{ Growth } \\
\cline { 2 - 4 } \multicolumn{1}{c|}{ (Expectations) } & Low & Typical & High \\
\hline Did Not Yet Meet (L1) & \(2 \%\) & \(3 \%\) & \(3 \%\) \\
\hline Partially Met (L2) & \(12 \%\) & \(9 \%\) & \(4 \%\) \\
\hline Approached (L3) & \(14 \%\) & \(10 \%\) & \(7 \%\) \\
\hline Met (L4) & \(14 \%\) & \(11 \%\) & \(9 \%\) \\
\hline Exceeded (L5) & \(1 \%\) & \(0 \%\) & \(1 \%\) \\
\hline
\end{tabular}

\section*{Visual and Performing Arts}

This graph on the left displays the percentages of students who were enrolled in at least one of the four arts disciplines within the school and across the state. The graphs on the right show the percentage of students who were enrolled in any Visual and Performing Arts classes within the school and across the state.

The graph displays the percentage of students by five ranges of absences. An absence is defined as being 'not present' and includes both excused and unexcused absences.

\section*{Any Visual and Performing Arts}

Chronic Absenteeism Trend
This graph presents the percentage of the enrolled students who were chronically absent for the past three years at the school.
 State of New Jersey

\section*{Grade Span 06-08}

\section*{Instructional Time}

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher. Shared Time students are educated elsewhere than at the school (Ex. vocational schools).
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Full Time & 5 Hrs. 33 Mins. \\
\hline Shared Time & 0 Hrs. 0 Mins. \\
\hline
\end{tabular}

\section*{Student Suspension Rate}

This table presents the percentage of students who were suspended one or more times during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(6.0 \%\) \\
\hline
\end{tabular}
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & 0 \\
\hline
\end{tabular}

This table presents the number of students who were expelled from the school during the school year.

\section*{Student to Staff Ratio}

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.
\begin{tabular}{|l|c|}
\hline \multicolumn{1}{|c|}{ 2015-16 } & School \\
\hline Faculty & \(10: 1\) \\
\hline Administrator & \(377: 1\) \\
\hline
\end{tabular}

\section*{Faculty Attendance}

This table presents the percentage of days the school faculty were present during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(2015-16\) & \(97 \%\) \\
\hline
\end{tabular}```

[^0]:    **Grade 11 students who take AP/IB English are exempt from taking the PARCC ELA exam and their performance may not be reflected in the results.
