JOURNAL OF THE SENATE.

TRENTON, N. J., TUESDAY, January 13th, 1920.

At 12 o'clock M., this being the time and place appointed by the Constitution for the assembling of the Legislature, the Senate was called to order by the Hon. Collins B. Allen, the Senator from Salem county, who read the following statement:

STATE OF NEW JERSEY,
DEPARTMENT OF STATE.

I, Thomas F. Martin, Secretary of State of the State of New Jersey, do hereby certify that the following members of the Senate have been duly qualified:

Joshua C. Haines, for Camden county.
William H. Bright, for Cape May county.
Charles C. Pilgrim, for Essex county.
Edward L. Sturgess, for Gloucester county.
George F. Martens, Jr., for Hunterdon county.
Thomas Brown, for Middlesex county.
Albin Smith, for Passaic county.
Collins B. Allen, for Salem county.
Clarence E. Case, for Somerset county.
Henry T. Kays, for Sussex county.
William M. Runyon, for Union county.
Thomas Barber, for Warren county.

And it further appears that at the general election held on the fourth day of November, A. D. 1919, members of the Senate were duly elected as follows:

Charles D. White, for Atlantic county.
William B. Mackay, Jr., for Bergen county.
Blanchard H. White, for Burlington county.
Firman M. Reeves, for Cumberland county.
Alexander Simpson, for Hudson county.
S. Roy Heath, for Mercer county.
William A. Stevens, for Monmouth county.
Arthur Whitney, for Morris county.
Harry T. Hagaman, for Ocean county.

In testimony whereof, I have hereunto set my hand and affixed my official seal, at Trenton, this thirteenth day of January, A. D. 1920.

THOMAS F. MARTIN,
Secretary of State.

Mr. Mackay moved that the Hon. Henry T. Kays, from the county of Sussex, be appointed President *pro tempore*. Mr. Haines, of Camden county, seconded this nomination.

Which was agreed to.

Mr. Kays appointed Senators Haines, Martens and Simpson to conduct the President *pro tempore* to the chair.

Mr. Allen moved that William H. Albright, of Gloucester county, be appointed temporary secretary.

Which was agreed to.

Mr. Allen presented the credentials of the Senators elected as follows:

Charles D. White, for Atlantic county.
William B. Mackay, Jr., for Bergen county.
Blanchard H. White, for Burlington county.
Firman M. Reeves, for Cumberland county.
Alexander Simpson, for Hudson county.
S. Roy Heath, for Mercer county.
William A. Stevens, for Monmouth county.
Arthur Whitney, for Morris county.
Harry T. Hagaman, for Ocean county.

And the oath of office was administered by the President *pro tempore.*

Under the direction of the President *pro tempore* the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Bright, Brown, Case, Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—20.

On motion of Mr. Allen, the Senate proceeded to the election of a President.

Mr. Allen nominated the Hon. Clarence E. Case, of Somerset county.

Mr. Brown nominated the Hon. Thomas Barber, of Warren county.

Under the direction of the President *pro tempore* the Secretary called the Senate, with the following result:

The Senators voting for the Hon. Clarence E. Case were:

Messrs. Allen, Barber, Bright, Hagaman, Haines, Mackay, Pilgrim, Reeves, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—14.

The Senators voting for the Hon. Thomas Barber were:
Messrs. Brown, Case, Heath, Kays, Martens, Simpson—6.

Mr. Case having a majority of all the votes cast was declared by the President *pro tempore* duly elected President of the Senate for the ensuing year, and was conducted to the chair by Senators Allen, Mackay and Brown.

The oath of office was administered by the President *pro tempore.*

The President on taking the chair addressed the Senators as follows:

PRESIDENT'S ADDRESS.

It is a distinctive moment in the life of any man when he ascends this rostrum and takes the gavel in hand to preside over your deliberations. An office may be honorable because of the memories that cluster around it; because of the inherent functions of the office; or because of the devoted service of the man who occupies it. The Presidency of this body is rich in memories of other days; it is weighted with grave responsibilities. God grant that the present incumbent, if he shall have nothing of his own to contribute to it, may by no act of his dim the lustre that comes to the office from other sources.

Think of the men who have ascended these steps; performed the duties of this office and gone hence to other—I will not say higher—public service. Of the fourteen Governors who have been elected to office since 1880, nine were selected from earlier incumbents of this position. From this desk went W. J. Sewell, of Camden; Joseph S. Frelinghuysen, of Somerset, and Walter E. Edge, of Atlantic, to be Senators of the United States; went John W. Griggs, of Passaic, to be Attorney-General of the United States; went Garrett A. Hobart, to be Vice-President of the United States under McKinley; went Mahlon Pitney, of Morris, to be successively Justice of the Supreme Court of the State of New Jersey, Chancellor of the State of New Jersey, and Associate Justice of the Supreme Court of the United States; went

other men to positions of less renown but, perhaps, not of less usefulness.

I intimated a moment ago that the duties to which these men succeeded were not higher than those of Senator. I consider that there is no higher office in the State of New Jersey than Senator in this body; that there is no higher office in the United States Government than Senator in the United States Senate. The Governor, the President—they are executives to carry out the will of the people as directed by the Legislatures. The Courts—sacred and revered as their functions are —simply construe the law as others have made it. It is for the Legislatures of their several jurisdictions to create, to evolve, to grow, to keep abreast of the unfolding plan of the Great Creator of men and nations.

The Senate being the higher of the two branches of the Legislature should number in its midst men who are leaders in public thought and public action. In recent years, for one reason or another, this ascendency in thought and activity has been somewhat lessened and it is my hope that the present difference in political faith between the President and the Congress of the United States; between the Governor-elect and the Legislature of the State of New Jersey, may result in a re-establishment of progressive assertive conception, activity and accomplishment on the part of the legislative leaders working in hearty co-operation, however, with the executives to the end that the public shall be better served and the original framework of government, as laid out by the fathers, more carefully followed.

I earnestly ask your co-operation and support to the end that the session that is now open may be full of rich accomplishment for the commonwealth that we are sworn to serve.

Prayer was then offered by the Rev. Edward G. Read, D.D., of Plainfield, New Jersey.

On motion of Mr. Allen, the Senate then proceeded to the election of a Secretary.

Mr. Allen nominated Mr. William H. Albright, of Gloucester county, which was seconded by Mr. Mackay.

Mr. Albright was elected by the following vote:

Messrs. Allen, Barber, Bright, Brown, Case, Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—20.

Mr. Albright, being declared elected Secretary of the Senate, took the oath as prescribed by law.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Bright, Brown, Case (President), Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—20.

The following message was received from the Governor, by the hands of B. M. Prugh, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 12th, 1920.

To the Legislature:

Pursuant to communication from the Honorable Frank L. Polk, Acting Secretary of State of the United States, I am herewith transmitting certified copy of a resolution of Congress, entitled "Joint resolution proposing an amendment to the Constitution extending the right of suffrage to women."

Respectfully,

WM. N. RUNYON,
Acting Governor.

[SEAL.]

Attest:
B. M. PRUGH,
Secretary to the Governor.

No. 3756
UNITED STATES OF AMERICA,
DEPARTMENT OF STATE.

To all to whom these presents shall come, Greeting:

I certify that the copy hereto attached is a true copy of a resolution of Congress, entitled "Joint resolution proposing an amendment to the Constitution extending the right of suffrage to women," the original of which is on file in this department.

In testimony whereof, I, Frank L. Polk, Acting Secretary of State, have hereunto caused the Seal of the Department of State to be affixed and my name subscribed

[SEAL.] by the Chief Clerk of the said Department, at the City of Washington, this twelfth day of June, 1919.

FRANK B. POLK,
Acting Secretary of State.
By BEN G. DAVIS,
Chief Clerk.

H. J. Res. 1.

SIXTY-SIXTH CONGRESS OF THE UNITED STATES OF AMERICA; AT THE FIRST SESSION.

Begun and held at the City of Washington on Monday, the nineteenth day of May, one thousand nine hundred and nineteen.

JOINT RESOLUTION.

Proposing an amendment to the Constitution extending the right of suffrage to women.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled (two-thirds of each House concurring therein), That the following article is proposed as an amendment to the Constitution, which shall be valid to all intents and purposes as part of the Constitution when ratified by the legislatures of three-fourths of the several States.

"ARTICLE ——.

"The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex.

"Congress shall have power to enforce this article by appropriate legislation."

F. H. GILLETT,
Speaker of the House of Representatives.
THOS. R. MARSHALL,
Vice-President of the United States and President of the Senate.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That the usual number of copies of the Governor's message be printed for the use of the Senate, and that the same be spread in full upon the Minutes.

The following message was received from the Governor, by the hands of B. M. Prugh, his Secretary, which was read as follows:

GOVERNOR'S MESSAGE.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
TRENTON, January 12th, 1920.

To the Legislature:

While the views and recommendations of an incoming Executive are of much more interest and importance, and rightly so, than those of one who is about to leave his office, I believe it will not be taken amiss if at this time I make such remarks and recommendations as seem to me pertinent for the consideration of yourselves during the session now about to open. That ours is a great and heavy responsibility is recognized by all. So many problems are pressing for solution and conditions are so unsettled that it behooves us all to proceed with caution and yet with steadfastness and firmness of purpose.

TAXATION.

The subject of taxation is, of course, of prime importance, as it has always been. The Commission appointed during the early part of last year to study taxation has given much time and thought to the examination of this vast subject and will, I know, bring forth recommendations well worth your consideration. While it does not seem advisable to me to recommend at this time any general legislation in advance of the Commission's report, it would seem that perhaps attention might be given to the advisability of seeking some new sources of revenue, and along this line I would ask you to take under advisement the proposition of increasing license fees upon motor trucks and a mineral tax. And I would also counsel consideration of the proposition to hold forth the greatest possible inducement to manufacturers along the lines of exempting, in whole or in part, the tax upon factories and machinery. This line of legislation has been adopted in some of our neighboring states and I feel

that New Jersey must offer inducements fully as great as any of the other states.

LIQUOR LEGISLATION.

In speaking briefly upon the subject of legislation affecting the liquor traffic I desire to be understood, not as making any recommendations from a wet or a dry standpoint, but with a due regard only for the reputation and fair name of the State. It seems to me, in view of the fact that there are not wanting agencies which are taking all possible steps to gain a decision from the United States Supreme Court regarding the validity of the Eighteenth Amendment, that it would be inadvisable for New Jersey to undertake any legislation in the meantime which might be interpreted as attempted nullification of the Federal Constitution's provisions. Until the amendment in question shall be finally passed upon it must be regarded as the absolute law of the land and the plain intent and purport of its language should be held by all in the same veneration as accorded any other section of the Constitution. Let New Jersey take no step until her right so to do along constitutional lines shall be fully determined.

WOMAN SUFFRAGE.

It seems extremely probable that the ratification of the Nineteenth Amendment, according suffrage to women, will pass at this session. I am glad that such is the case and trust that nothing may stand in the way of attainment of this end. A great many of us who doubted formerly the advisability of this step have, through the agencies and lessons of the war, come to the conclusion that there is no logical reason or excuse left to deny this privilege to the women of our State. Especially are we urged to this conclusion by reason of the fact that legislative action in both New York and Pennsylvania has favored this condition and that New Jersey women are thus left in a position distinctly inferior to that of their sisters in New York and Pennsylvania. I trust that action upon this question may be both prompt and emphatic.

SABBATH OBSERVANCE.

Concerning my recommendation upon this subject I want to say that to my mind the strongest argument against legislation looking to the breaking down of the so-called American Sabbath is the fact that those agencies which are bent most vigorously upon the destruction of our American institutions and ideals are the most godless ones. They refuse to recognize the existence of a Supreme Being and therefore any legislation accomplishing the surrender of the American Sabbath must be taken as a compromise with these forces. I recognize full well that it is not our part to dictate the beliefs or actions of our fellow citizens, but the great moral obligation at this time is to defend our American institutions as they have existed from the beginning, against those who would shatter and tear them down. For that reason I hope that any legislation looking to the doing away of the protection heretofore granted the Sabbath may be de-

PROFITEERS.

New Jersey, unfortunately, has her profiteers, and that they should be defeated and driven out is a most desirable end. Present day conditions are hard enough to meet, without the added burdens imposed by those whose insatiate greed has made the problem of sustaining life and any degree of creature comfort a most difficult one. I would therefore recommend legislation forbidding the practice in general and as incident thereto, providing in case of proven guilt for the conspicuous public advertisement of the name and offense of the one so charged. I believe the enactment of such legislation would of itself go far toward discouraging this nefarious practice.

RENT AND HOUSING CONDITIONS.

In our big centers of population the problem of housing is of very serious import, and much suffering has already been occasioned by reason of the lack of habitations, the tremendously high

cost of building operations and the merciless demands of many landlords. In the first place, I recommend the enactment of such new landlord and tenant laws as will give magistrates more discretion than they at present have in preserving the rights of honest tenants against the rapacious demands of speculative and trickster landlords. Secondly, I would urge upon building and loan associations as liberal a policy toward prospective home builders and owners as is consistent with safety, both because such policy will go far toward providing homes for thousands who at present are in sore straits, and because the possession of a home makes a good and stable citizen. The demagogue and the agitator does not find his prey among the home owners. And while I see no feasible way in which the State may directly remedy the present housing conditions, I would recommend such legislation as is possible to give municipalities adequate power to solve their respective difficulties in this respect.

BLUE-SKY LAWS.

During recents years there has been an unwarranted amount of exploitation of worthless securities. The public has been gulled thereby and serious loss occasioned among the people of small means. Other states have recognized this condition and have remedied it through legislation. I recommend that New Jersey follow suit and make it necessary for those who would exploit these securities to make public the financial condition and resources of such institutions as seek to sell their stocks and bonds to the New Jersey public.

DAYLIGHT SAVING LAW.

The movement to establish a daylight saving law in this and neighboring states is well under way and undoubtedly possesses many advantages. In seeking to enact legislation to this end in New Jersey I would simply call attention to the farmer's attitude in this matter. I believe that his antagonism is based upon a sound thought, namely, the attendant labor difficulties. The farmer's help is left idle each morning for perhaps

an hour or two, but insists upon quitting work at the ordinary time in the afternoon. This forces him to pay for considerable labor that he does not receive, and in settling this question for New Jersey I wish that this phase of the matter might receive your serious consideration.

TEACHERS' SALARIES.

I know of nothing more important at this time than that those who have the education of our children in charge should be well equipped and capable. Unless proper remuneration for those who enter the teaching profession is provided we shall be unable to get men and women of the proper calibre or to retain their interest for any length of time. It would seem, therefore, very advisable to me that all possible encouragement should be given to those who enter the profession of teaching in order that the next generation shall be prepared for its work in the best possible manner. I know that the movement toward this end is being undertaken in general by municipalities in connection with their local teaching staffs, and I strongly urge that the State, in so far as its jurisdiction extends, may follow a like course. Especially do I recommend that proper recognition be granted to the helping teachers. Their work, to my mind, is of tremendous importance and tends to minimize, as much as possible, the difference between the rural and urban schools. They have been rendering devoted service for a very small return and I hope that this condition may be bettered by your action.

EXTENSION OF SCHOOL SYSTEM.

Our school system in New Jersey has done splendid service and is continuing so to do. My hope at this time is that its work of offering means of education to the foreign-born may be extended further than it has already gone, to the end, primarily, that the English language may become the common language of all and that in connection therewith there may be a closer acquaintance with our institutions and methods. While we are educating the children along American lines it seems to

me very advisable that the foreign-born of adult years shall receive the proper degree of attention, and to my mind this attention should be given, not from the standpoint of those who look down upon and patronize the people, but in the spirit of equality and helpfulness.

PUBLIC UTILITIES.

I would recommend that the law regarding the Public Utilities Commission be so amended that the present membership of five be changed and a membership of three be provided. I believe that this change will prove highly beneficial and that none of the Board's efficiency will be lessened by reason of the smaller number of members. In this connection it would seem to me advisable, if it meets with your approval, that a salary commensurate with the importance of the work involved be established for the members of such Board, thus insuring the attraction of men of wide knowledge and ability, and that consideration be also given to the proposition that such membership should consist of an engineer, an accountant and a lawyer. As nearly as possible a board so constituted should be able to meet the questions coming before it and treat and dispose of them in such fashion as to accord justice to all concerned. There is no more important body in the State than such a Board, and it is highly desirable that men of the highest and best type be attracted to serve thereon.

SOLDIERS' PREFERENCE.

The efficiency of the State service is of the first importance and no consideration whatsoever should be allowed to interfere therewith. With that thought, however, comes another one, worthy our earnest contemplation, and that is that if the State, without injury to itself, can give preference in her service to honorably discharged veterans of any of our wars, she should be most ready so to do. We already have a so-called preferment act in operation, but I would recommend amendment thereof to the end that the procedure giving such preference be more clearly defined and that disregard of the provisions thereof be forbidden in no uncertain way.

SOLDIERS' BONUS BILL.

As I understand it, both parties stand practically committed to the passage of an act granting a bonus to our honorably discharged veterans of the great war.

While I am as desirous as anyone can be that the State accord every possible recognition and honor to those who ventured all, the payment of a sum of cash money, which of necessity must be small, seems to me a most unfeeling and inadequate means of expressing our thanks. If I could have my way, I would have established a great fund in New Jersey under the joint control of the veterans and the State, and the proceeds of this fund, either principal or interest, and in any amount that should prove needful, should go from time to time to alleviate want or distress among the veterans or their families. This, I believe, would prove to be real service, and I submit the proposition to you for your consideration.

Should the straight bonus plan be adopted by you, however, I would recommend a bond issue therefor, and the submission of the question to the people as the law requires.

STATE BOARDS AND INSTITUTIONS.

From personal contact with many of them, I believe that the State is being splendidly served by those who are members of the various managing boards and those who are acting as heads of our various institutions. It is a mighty problem which we have, that of the protection and care of our dependents, and I am glad to say that to my mind the men and women who are carrying on this work are giving service of a high and devoted kind. It seems to me that their efforts should be encouraged and furthered in every possible way. Not only is this devotion confined to those who are attempting to take charge of the dependents of the State, but in like degree belongs to those who have in charge the big economic and industrial problems of our State, and I am sure that a policy of sympathetic co-operation and encouragement on your part cannot but militate largely for the benefit of the State, and this attitude I strongly recommend.

ROADS.

New Jersey, once known as "the mother of good roads," has come to realize that in the absence of an intensive future program along the line of road building this one-time reputation of hers must forever be lost.

The war, to be sure, caused us to suspend all minor activities, and the roads had to suffer in common with other projects, but post-war conditions demand an intensive campaign for the rehabilitation of the State highways, and I am sure that the public will gladly accord praise to any and all efforts having in view a quick repair of existing highways and the expansion and building of new ones.

SOCIAL ACTIVITIES.

I would call your attention to the splendid work being done by the Department of Child Hygiene and that for the Rehabilitation of Injured Workmen. While for these purposes great sums of money are required, it is money well spent. The Department of Child Hygiene is making better parents and sturdier children, lessening the death rate materially, and teaching the ways of hygiene and sanitation throughout the State, while the Department for the Rehabilitation of Injured Workmen is making valuable economic factors of those who under the old system were considered useless. I trust that these departments may be accorded your sincere co-operation and backing.

RETIREMENT SALARIES OF JUDGES.

It is only fair that those men who have served the State upon the bench of the Supreme and Chancery Courts should be allowed to retire when they have attained the age of seventy years upon a salary which will allow living conditions. New Jersey jurisprudence has always been illustrious and her courts and decisions have been regarded with great respect throughout the land. This would seem ample cause for allowing those who have con-

tributed so largely to this happy result to spend their later years in comparative ease and comfort. I would recommend the amendment of existing laws looking to that end.

NEW NATIONAL GUARD.

The Federal policy establishing the new National Guard is now fairly well settled, and under its provisions New Jersey already has one regiment, and will probably in another year have an additional one. This being the case, it has seemed advisable to me to order the disbandment of the State Militia. In doing this I have been mindful of the devoted and distinguished services rendered by this body, and I desire to take this occasion to pay my tribute to the members thereof for what they did in the dark days of the war. The purpose for which they were organized having largely passed, and their continued maintenance being a decided expense to the State, I have been minded to make the order of which I have spoken, and these conditions are the only reasons for my having so done. In connection with the new National Guard, I hope that many members of the State Militia will join this body and continue their valuable activities for the State. I would recommend that any encouragement which the State can give toward the efficiency of this new Guard be accorded, as I believe we shall have a highly developed and efficient body of men, many among the membership of which will be those who have seen actual war service both here and abroad.

BRIDGE AND TUNNEL BONDS.

I strongly recommend that steps be taken immediately looking toward the submission to the people of the question of a bond issue with which to finance the bridge and tunnel schemes. Ordinarily a bond issue of such magnitude, and I believe it ought to be for twenty million dollars, would necessarily be attended with very serious thought as to the refunding thereof, but in this case I feel that the solution is in plain sight and makes simple the problem. In other words, the people may authorize a bond issue

in the full conviction that the moneys raised thereby will be returned to the State through the medium of bridge and tunnel tolls. While a great deal of time will be involved before the entire sum shall be returned, nevertheless funds for payment of principal and interest will be amply provided. The importance of these two projects, I believe, no one will deny, and that they will be so easily provided for is to my mind a happy condition.

AMERICANISM.

We are all painfully aware that there are agencies among us which do not think or act in American terms; agencies of discontent and agencies of destruction. That these forces must be dealt with and defeated goes without saying. I do believe, however, in dealing with them there must be a great amount of tact combined with firmness, and that our repressive measures must be in every instance accompanied by reason. If there are those among us whose aim it is to counsel a change in methods through the means of peace, even though these methods may seem to us ultra radical, I believe that it is their right so to do, and that the rights of free speech and free press should be granted them at all times. But when an apostle of change counsels a resort to violence, then he has put himself without the pale of that protection which America has ever granted her citizens, and should be stilled without any delay whatsoever. To my mind we must be ever alert and ever vigorous to the end that law and order shall reign supreme in every part of our State, and that those who have had few advantages shall not be made the prey of designing demagogues who seek to disrupt our commonwealth. So far as State activities are concerned, I believe education will play a most important part—education in American ideals and American purposes—and that our educators must show plainly that theirs is the work of those who have real sympathetic interests, and is not the course of those who in perfunctory fashion alone labor in this great field. Every citizen of the State, be he great or small, of high or low degree, who has the interest of the State and country at heart, can contribute in no small way to the success of this movement. The need is not only for Americanizing the foreign-born who come to our shores, but to instill into the heart of every

one of us that degree of warm loyalty and affection which is imperative if we shall save all that for which so much sacrifice and devotion has been given.

GOVERNOR EDWARDS.

Finally, I want to urge upon the members of the Legislature a spirit of hearty co-operation with the Governor who shall take office on the twentieth day of the present month. The importance of the issues of to-day is so great that partisanship must be laid aside and men of all shades of political belief join together for the common good. If Governor Edwards shall put forth those measures which ought to commend themselves to any reasonable citizen, I hope that he may have the support of every member of the Legislature, irrespective of party. If, on the other hand, he shall, through mischance or otherwise, give his backing to anything that is unworthy, I trust that the Democrats, as well as the Republicans, will unite in defeating such measure. But for all general purposes I am convinced that our new executive will wish to do his great and solemn duty only, and I bespeak for him your good offices at all times.

And now I desire to express the hope that for you, each and every one of you, the session now beginning may prove profitable as well as pleasurable, and that as a result of your work New Jersey may be strengthened and better prepared than ever before for the days which lie ahead.

Respectfully submitted,

WILLIAM N. RUNYON,

Acting Governor.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That the usual number of copies of the Governor's message be printed for the use of the Senate, and that the same be spread in full upon the Minutes.

The following message was received from the Governor, by the hands of B. M. Prugh, his Secretary, which was read as follows:

BUDGET MESSAGE.

To the Legislature:

Pursuant to Chapter 15, Laws of 1916, and Chapter 221, Laws of 1918, I transmit herewith my recommendations covering the budget of appropriations for the State's fiscal year ending June 30, 1921.

The estimate of State funds available for disbursement during such fiscal years, as presented to me by the State Comptroller and the State Treasurer under date of January 3d, 1920, sets forth probable receipts for the year as $10,150,000, with a free balance at June 30th, 1920, of $568,659.22, making a total of $10,718,659.22 available for such appropriations as may be payable from the General Funds of the State, and without taking into account the disbursements which by law are payable from School, Road or other special funds.

The total appropriations for general State purposes as set forth in the Summary on page 29, amount to $10,228,738.92, and these are recommended to be made from the General Funds of the State. Further appropriations for educational purposes are set forth, amounting to $1,896,626.73, which it is recommended be made payable from the State School Funds derived from railroad corporation taxes. Although such items for educational purposes have heretofore been included in the stated totals of the Appropriation Bill, most of them have in fact been payable from the School Funds, since various acts of the Legislature have authorized the transfer to the General Treasury of the amounts appropriated for certain specific educational purposes. This procedure made it necessary that the estimates of revenue available to meet the total of the Appropriation Bill should include an estimate of the probable amount which would be appropriated for such purposes and would thus pass into the General Treasury, which fact could never be known until after the Appropriation Bill was passed by the Legislature. This uncertainty is eliminated by stating separately the total payable

from the General Funds of the State and the total for educational purposes which is to be paid from School Funds. Not only is this desirable from the standpoint of greater accuracy and clearness, but it further seems that full justice to the educational needs of the State can be met only by having such appropriations made from funds dedicated specifically for educational uses.

The requirements for the general expenditures of the State have grown tremendously in amount over those of the pre-war period. This was inevitable because of the generally recognized increase in salaries and wages and in prices of materials, for which no amount of economy and efficiency could wholly compensate. War conditions brought unprecedented demands, and while the specific war activities have ceased they have been largely superseded by new demands to meet the industrial and social conditions which have arisen or been better understood in this post-war period.

While there has been a gratifying increase in the revenues of the State, the large increases in school and road funds have not been nor should they be made available for general State uses, and the increase in revenues accruing to the General Treasury funds has not been sufficient to meet both the increased costs and the increased current demands upon them.

Last year the surplus in the Treasury was drawn upon for desirable and proper construction projects. Had prices shown the decrease which then seemed probable, or had they merely continued at the then existing level, the revenues of the State would have been ample for all current requirements and for many desirable extensions and improvements.

As conditions stand to-day, the revenues accruing to the General Treasury are ample for all current General Appropriations, but are not sufficient to provide also for large expenditures for educational, road and construction purposes.

I am, therefore, recommending that appropriate legislation be enacted to provide that the expenditures for educational purposes be all made from the proceeds of the Railroad Corporation

Tax; that the appropriation for State Aid to counties for road construction be made from Motor Vehicle Receipts, and that the funds for construction of the Interstate Bridge and Tunnel be raised by bond issue, to be paid off by tolls to be collected.

With such provisions made, the appropriations recommended will, I believe, fairly provide for the proper conduct of the existing activities of the State and will allow for many of the most valuable and pressing extensions of its service.

No general plan for new construction at the various State institutions can be recommended, but the necessary expenditures can be made to bring existing buildings into a proper state of repair and efficiency; to provide for adequate care and support of those who can now be housed therein, and to prosecute the measures already started for the improvement or cure of unfortunate wards of the State or for remedying conditions which result in requiring the State to care for them.

The child-welfare work should be continued, and an appropriation of $150,000 is recommended for that purpose.

The Rehabilitation Commission has already shown most gratifying results and should have $75,000 to continue their work.

It is with this same thought in mind that new buildings are recommended for the School for the Deaf (to be erected upon the new site recently acquired), and for the State Home for Boys.

The fine work being done at the Bordentown Industrial School for Colored Youth also deserves recognition and encouragement, and a new building for that institution is, therefore, recommended.

The amount of $40,000 should be provided for the equipment of the new buildings at Morris Plains so that these additional accommodations may be available at the earliest possible moment. For the Trenton Hospital an additional amount is required for maintenance because of the additional accommodations recently provided.

For the State Normal Schools a substantial increase is recommended in the amounts to be appropriated for teachers' salaries, and the further amount is recommended for the Glassboro

Normal School so that new teachers may be made available for that section of the State.

Increases in salaries for all State employees are recommended if called for by the Standardization schedules of the Civil Service Commission, or, if unclassified, to give them the fair increase demanded by conditions of to-day. It has not seemed possible, however, to provide for all the salary increases and all the new employes requested by every Department, but in many cases it has been necessary to state flat amounts within which it is believed the Department could confine its expenditures without hampering it in the conduct of its normal activities and allowing for some desirable development and extension thereof.

Mr. Henry B. Fernald and Mr. Marvin A. Riley have rendered invaluable service in the preparation and presentation of this budget, and I desire to make public acknowledgment of my debt to them. I also desire to thank the various Boards and heads of Departments and their staffs who have so well co-operated in the successful carrying out of budget plans. As it is presented, the budget represents much of painstaking care and labor on the part of all concerned, and it is submitted in the hope that whatever shortcomings therein may be found, it will prove a valuable guide for the Appropriations Committee in its preliminary work and for the Legislature at large in passing upon the Committee's labors.

Respectfully submitted,

WILLIAM N. RUNYON,

Acting Governor.

January 12, 1920.

Estimate of Funds Available for Appropriation for the Fiscal Year Beginning July 1, 1920, and Ending June 30, 1921.

Hon. William N. Runyon, Acting Governor:

At the close of business for the first six months of the fiscal year it is possible to determine with more certainty the probable surplus at the close of the fiscal year June 30, 1920, as well as the estimated resources for that period.

Receipts from Transfer Inheritance Tax, interest on deposits, Secretary of State, Clerk of the Supreme Court, State Athletic Commission and the Board of Shell Fisheries have shown such an unusual increase over the amount estimated that it is quite within bounds to place the estimate of receipts for the fiscal year ending June 30, 1920, at $10,800,000.00.

With the balance last June for the State uses of $5,898,118.51, this would make the resources for the current year $16,698,-118.51. The obligations against this amount are current appropriation act, $13,744,996.26, and requisition reserve of $2,384,-463.03, a total of $16,129,459.29, or a surplus of resources over liabilities of $568,659.22.

It is improbable that the rate of increase in receipts during the past six months will continue during 1920-21, and we, therefore, place the estimate for that period at $10,150,000.00.

This amount together with the estimated surplus July 1, 1920, will make the resources of the State subject to appropriation for all purposes, except educational, chargeable to the School Fund under various acts of the Legislature, the sum of $10,718,659.22.

Respectfully yours,

N. A. K. BUGBEE,
State Comptroller,
W. T. READ,
State Treasurer.

STATE OF NEW JERSEY,
OFFICE OF THE COMPTROLLER OF THE TREASURY

TRENTON, N. J., July 15, 1919.

Honorable William N. Runyon, Acting Governor:

The following statements relative to the financial condition of our State are herewith submitted by the State Treasurer and the State Comptroller jointly, pursuant to the provisions of Section 7, Chapter 15, Laws of 1916:

STATE FUND.

Gross receipts, June 30, 1919,	$14,834,220 04
Balance, June 30, 1918,	9,456,070 31
Total,	$24,290,290 35
Gross disbursements,	15,373,315 82
Balance, June 30, 1919,	$8,916,974 53

The balance June 30, 1919, incident to State Fund is as follows:

Balance June 30, 1919,	$8,916,974 53
Allotment of railroad taxes to counties for school purposes,	3,018,856 02
Balance, June 30, 1919, for State uses,	$5,898,118 51

The State Fund shows that the disbursements exceeded the receipts during the year by the sum of $539,095.78, a decrease in receipts of $1,683,689.51, and an increase in disbursements of $1,915,771.36, as compared with the preceding year.

The following statement shows in condensed form the gross receipts and disbursements of the State Fund:

DEBT OF THE STATE.

Certificates of the State issued to the Commissioners of the Agricultural College, pursuant to Chapter 417 of the Laws of 1895, amounting to $116,000.00 is the only debt of the State.

Under an act of Congress of the United States, approved July 2, 1862, entitled "An act donating public lands to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts," there was invested for the benefit of the State Agricultural College the sum of $116,000.00 in the war bonds of the State, being the proceeds from sales of land scrip. The war bonds have all matured and been paid. Owing to the inability of the Commissioners to invest the said sum of $116,000.00 conformably to the said act of Congress, which provides, "That all moneys derived from the sale of the lands aforesaid by the States to which the lands are apportioned, and from the sales of land scrip hereinbefore provided for, shall be invested in stocks of the United States, or of the States, or some other safe stocks, *yielding not less than five per centum upon the par value of said stocks,*" the Legislature, at the session of 1895, passed an act authorizing the Commissioners to transfer and pay over, as money shall be by them received, to the Sinking Fund of this State, and authorizing the State Treasurer and Comptroller to issue and deliver therefor to said Commissioners a certificate of this State to the effect that the State will pay to said Commissioners five per centum annually of the amount so paid into or transferred to the Sinking Fund.

Under an act approved April 8, 1903, the Sinking Fund has been assigned and is now a part of the permanent School Fund of the State.

The assets of the State Fund consist of 1,887 shares of stock of the United Railroad and Canal Company of New Jersey, the market value of which amounts to about $350,000.00

3 Sen Jour

The estimates herewith submitted are as liberal as practical. The appropriations of the current fiscal year ending June 30, 1920, were conspicuously liberal and consumed the balance with which the State has been annually favored, and which is practically eliminated, unless receipts in excess of those estimated or unused appropriations create it. In addition thereto was the passage of Chapter 118, Laws of 1919, approved April 11, 1919, extending the payment of Miscellaneous Corporation Taxes from the first Monday of June to the first Monday of July, which resulted in the elimination of fully $1,200,000.00 from the collections of the year ending June 30, 1919.

The Budget Act requires a statement showing the estimate of revenue and of the State's income available for the appropriations for the fiscal year ending June 30, 1921. At the present time there is nothing upon which such estimate can be based other than that made as above for the year ending June 30, 1920, and in order that any further action may be based upon sound principles we do not feel safe in placing before you an estimate in excess of the one made for the new current year, namely, $10,576,870.00.

Before the time for the Budget message, when the actual revenues for the first half of the current year are known, it will manifestly be possible to make a much more satisfactory estimate of the unincumbered balance in the State Treasury on June 30, 1920, and the probable revenues for the ensuing year. If this knowledge should make a material change in the figures here presented a supplemental estimate will be submitted.

N. A. K. BUGBEE,
State Comptroller,

WM. T. READ,
State Treasurer.

STATE PURCHASE FUND.

The unexpended balance of the "Purchase Fund" created in accordance with the provisions of Chapter 277, P. L. 1917, item 100, together with such sums as may be returned to the State Treasury for the reimbursement of the appropriation provided by said item so that a "Purchase Fund" not exceeding $250,000 will be established and maintained for the purpose of making payments for purchases in the operation of Chapter 68, Pamphlet Laws of one thousand nine hundred and sixteen, the cost of said purchases to be apportioned among the various using agencies and the appropriations current for their use so as to reimburse the said "Purchase Fund" for said purchases when so made; said amounts so apportioned to be credited to said fund when deposited in the State Treasury for disbursement in accordance with the provisions of said Chapter 68, P. L. 1916, so as to constitute it a revolving fund for purchases, is hereby appropriated.

The increase in the appropriation recommended for Salaries and Wages is largely due to adding three new men to the staff—two draughtsmen and an inspector. These additional salaries total $6,900.00. During the present fiscal year an emergency salary appropriation has been allowed this department to increase certain salaries in order to retain technical men. The department has been lacking both in men and equipment to handle properly the volume of State work.

The importance of this Department and the good and efficient work it is doing is thoroughly recognized, and it is believed that this work can be satisfactorily carried on with the appropriation recommended. The entire appropriation for this Department for the fiscal year 1917 was $120,000 and for 1918 was $126,000. War conditions gave rise to extraordinary demands, which have been recognized in increased appropriations. The further increase now recommended should, with the cessation of these war demands, meet all normal requirements of the Department.

The $7,000.00 for Land Registry Bureau, which was appropriated for 1920 as a separate item, as shown in the above tabulation, has been distributed in the requests and recommendations for 1921 into the several subdivisions of salaries and wages, materials and supplies and miscellaneous expenses.

The above does not include $2,500.00 in 1919 for the Laboratory Equipment paid from Road Funds.

The appropriation for 1920 for fire lookout towers (including installation, equipment and maintenance) was made with the proviso that an equal sum in money or material was contributed by other interests. For 1921 the wages and maintenance of these fire towers is included under the usual subdivisions of maintenance and the request of $3,000.00 is asked for extensions of this service. Such extensions are not, however, recommended until those already provided for can be placed in operation and their value and comparative cost can be established.

The other appropriations for extensions of work and of parks are not recommended since it does not appear that the State Funds should be so used at this time while the urgent requirements exist for additions and improvements at the various institutions of the State.

The amount requested for the fiscal year beginning July 1, 1920, represents the program as directed by the Federal Government for the reorganization of the National Guard. The amounts recommended represent the expenses of such portion of the proposed reorganization as the department is certain will be accomplished during the period of the next fiscal year. If the complete Federal program were to be carried out the requested amounts would have been necessary.

Reports already received indicate that this activity has been undertaken in a broad spirit and has already given promise of great effectiveness. Both because of the tremendous economic importance of the work and because of the results shown even at this early date, I feel fully justified in recommending the increase of $25,000 over the amount which was appropriated last year. While the details stated above are tentatively given as indicating the general manner in which it is proposed to spend the appropriation, the request is made that freedom be given for development of this new work as experience may show to be most desirable and that the appropriation be made as a single item, which I accordingly recommend.

The amount of $100,000 for the Fiscal Year 1921 will complete the $500,000 which, pursuant to Chapter 297, P. L. 1912, was to be appropriated for this purpose. This Commission states "it will be necessary to have additional legislation to secure another appropriation of $500,000 or so much thereof as may be necessary in order to complete the purchase of these bridges." If such additional legislation is enacted it is recommended that provision be made that the moneys therefor shall be provided from Motor Vehicle License Fees, since the bridges are an integral part of the Highway System.

The funds thus provided will enable the preliminary work to be done, and by reappropriating any unexpended balance the work and organization of the Commission can be continued until legislation for a bond issue may be consummated under our State laws. Such bond issue I hereby recommend as the b usiness-like method of financing this project, inasmuch as tolls proposed to be charged will eventually repay the entire am ount involved in such issue.

This department has supervision and control of about one-half of the entire amount covered by the Appropriation Bill, and also has before it the responsibility for planning and developing the future policy for handling properly the charitable and institutional problems of the State which have not heretofore been adequately considered and dealt with. For this purpose it is essential that it should have an adequate and able staff, with a sufficient appropriation to enable it to carry on and develop the work. No feature of the State's activities is of greater and more urgent importance than the work of this department.

For the State Use System, some specific appropriations are recommended for additional machinery and equipment for prison industries, in order that it may be possible to include a provision in the Appropriation Bill that the "State Use Revolving Fund" should be used only for paying the cost of labor, materials, supervision and other expense of production of goods, or performing the labor which shall be chargeable against using agencies or others, and that such Revolving Fund shall not be depleted by the purchase of additional machinery or equipment. Certain administrative expenses which were last year stated under the title of "State Use" have this year been classed as "Industrial Supervision," since they consist largely of Farm Supervision, and practically none of these farms are operated under the heading of the "State Use System." This classification will be more consistent with the principle that no moneys appropriated under the heading of "State Use" are to be expended for any activities except those which are operating under the "State Use System."

An appropriation for the purchase and equipment of a Lime Quarry is not recommended since I am not satisfied that it could be operated on a commercial basis which would pay for its costs.

A claim has been filed by Essex County for $9,243.43 for support of certain patients, from August, 1913, to January, 1915, who were originally classified as non-indigent, but later claimed to be indigent. The claim was not presented to me in time for full investigation, and is therefore noted hereon without any recommendation, except that manifestly it should be paid only if duly audited and approved by the State Comptroller.

The amount requested for Pensions for Prison Employees is not recommended in this appropriation, since it is included for 1921 as it was for 1920 in the account for "Pensions" Account No. 50.

The appropriation for 1919 was made on a basis of having expenses of maintenance and guarding of prisoners on road work, etc., paid out of receipts from State Use. For 1920 and 1921 the appropriation provides for having all maintenance expenses paid from the Prison Appropriation, with an allowance made from State Use to cover such costs, which allowance is included in the Receipts stated above.

The work of this school is of particular difficulty and importance. It is taking children who cannot be given instruction by ordinary means and is making them intelligent and useful citizens. For this work, it needs an adequate appropriation, particularly for its teaching force and for its industrial shops.

The present buildings cannot be made satisfactory for the proper conduct of this school and the appropriation of $250,000 is essential to construct new buildings on the site recently purchased.

.....	.....	.....	For expenses in excess of receipts for carrying out the provisions of Chapter 105, P. L. 1914,	$1,000.00	.....

Prior to the present fiscal year this work has been paid for by fees assessed against applicants for academic certificates. The balance to the credit of the "Academic Certificate Fund" on June 30, 1918, was $1,810.94; Receipts for the ensuing, $1,955.00, and Disbursements, $2,739.00. The expenses of this work are intended to be covered by the fees charged, and if the fees collected are not sufficient therefor, it is recommended that the rates be increased by appropriate legislation so that they shall again be adequate to cover the cost of the work.

The $5,000.00 additional appropriation requested is for the purpose of establishing a new summer school and to increase the present salary of summer school instructors from $240.00 for eight weeks to $300.00. The expense of establishing a new school at this time does not appear to be warranted. The sum of $2,000.00 is recommended for salary increases.

The act cited provides for "Summer schools for the purpose of training and educating persons in the art of teaching elementary agriculture, manual training, household economics and such other subjects as the State Board of Examiners shall prescribe."

The original act, Chapter 294, Laws of 1913, provided that for State Aid for Vocational Schools "The total amount expended under the provisions of this act shall not exceed in any one year the sum of $80,000," and that such amount should be deducted from the school funds before their apportionment among the counties. Chapter 76, Laws of 1916, provided for the appropriation from the general treasury of the State of an additional amount of $60,000, provided such amount is allowed in the regular annual appropriation bill. I would recommend that necessary legislation be enacted to make the entire amount requested above payable from the funds devoted to the maintenance and support of the public schools.

The following message was received from the Governor, by the hands of Harry Foley, his Secretary, which was read as follows:

INAUGURAL ADDRESS.

Gentlemen of the Legislature:

As the responsible heads of Government of this State, certain problems confront us which concern intimately the people of the State. It is my purpose herein to direct your attention to these problems and to suggest the lines along which I believe the remedy lies.

First and foremost is the matter of sumptuary legislation enacted by the Federal Congress. During the campaign recently waged in this State there was squarely presented the issue whether the people of New Jersey desired to be understood as being in favor of surrendering to the Federal Government the power of regulating the exercise of their personal liberties. Squarely presented as that question was, the people of the State just as certainly answered it in the negative. As I interpret the result of the election, the citizens of New Jersey insist upon reserving to themselves the right to say how they shall live, and they believe that measures regulating their mode of life have no place in the organic law of the nation.

During the campaign I made definite pledges as to what I would endeavor to accomplish if elected Governor. One was that I would do every lawful thing to have it determined that the present condition of affairs with respect of prohibition had been illegally forced upon the people of this State. To that end I now recommend that these things be done:

First. Section 2 of the so-called "Eighteenth Amendment" is as follows:

"Section 2. The Congress and the several States shall have concurrent power to enforce this article by appropriate legislation."

While it is not my purpose to make part of this message a brief on the subject, it must nevertheless be understood that our theory of Government is that the nation is made up of States to which are entrusted the powers of local government. To those

States and to the people the powers not expressly delegated to the National Government are reserved. The power of the States to regulate their purely internal affairs by such laws as seem wise to the local authorities is inherent and has never been surrendered to the National Government. I might point out to you that the language of the so-called "Eighteenth Amendment" is unique in this respect, viz., that there is reserved to the several States concurrent power to legislate upon the enforcement thereof. For the first time in our history such language makes its appearance in the Federal Constitution. Its presence there is not the result of accident or idle thought, but rather is indicative, if the amendment was ratified at all, of the intention on the part of the several States to require their concurrence, at least as to intra-State commerce in any proposed Federal legislation concerning intoxicating beverages. In that view I am supported by the opinion of counsel.

There are some, however, who hold that under the reserved concurrent power, action by Congress to enforce the amendment would, in the absence of a contrary statutory declaration on the part of the State, effectively apply to us.

Therefore, to guard against the contingency of there being an attempt to enforce Federal legislation between the adjournment of the present session of the Legislature and the determination of the validity of the Eighteenth Amendment, which legislation may be contrary to the expressed desire of our people, I respectfully urge upon you the passage of legislation which will assure to our people the right to live under conditions satisfactory to them. That proposed legislation has been drawn and will be introduced at this session.

I earnestly urge upon you the speedy passage of that bill. Regardless of party affiliation, the members of the Legislature must respond to the will of the people, and the people have declared themselves on this subject.

Second—I am advised by counsel that grave doubt exists whether the amendment was legally ratified, and that the same doubt exists as to its being a proper subject for legislation by amendment to the Constitution. I therefore propose to request

the Attorney-General of the State to present to the United States Supreme Court the petition of the State of New Jersey as a sovereign State, praying that these questions may be speedily determined so that our citizens may know what their rights are in the premises.

Third—That there shall be passed by the Legislature a resolution refusing to ratify or accept the said amendment.

My policy on this subject will no doubt provoke from some the criticism that I am flaunting the Constitution of the United States. I yield to no one in my respect and regard for that declaration of our rights and liberties. But I am strong in my conviction that the rights of New Jersey as a sovereign State under the Constitution have been invaded, and I insist it is my sworn duty to have it definitely established in a legal manner by the duly constituted authorities whether that is so or not.

Whatever criticism may come, I will not abandon my position that our rights have been infringed until otherwise determined by the Courts.

PUBLIC UTILITY COMMISSION.

The next important question is the settlement of the relations of the public utilities of the State to the people, and particularly the settlement of the trolley fare controversy. The problem is here, and our plain duty is to solve it if we can.

The people of the State have become weary of the continual litigation over fares and rates, because of the great expense involved and of the unsatisfactory nature of the results thus far obtained.

The rate-making legislation of 1911 grew out of the public belief that the utility corporations of the State were charging excessive rates for the service they rendered, and that competition as a means of relief was a practical impossibility. That act was expected to result in the prompt fixing of rates by the Commission which should be fair both to the public and to the corporations. At that time it was supposed that one of the essential elements in the fixing of a rate was the value of the utility's property.

Little progress, however, has been made in the past eight years, in the valuation of the property of these public utilities. The gas plant of the Passaic district of the Public Service Corporation, and the property of the Telephone Company and of the Street Railway Company of Trenton have been valued, but the remaining immense properties of the great Public Service Corporation of the State have not yet been valued. Under the pressure of the exigencies of the war, the Public Utility Commission began to increase rates without any valuation, but based upon emergency conditions. This action led to court decisions justifying the fixing of rates without a valuation, and wiping out all of the contracts limiting rates and securing other municipal advantages which had been solemnly agreed to by these corporations as a fundamental condition upon which their franchises were granted. The Public Utility Commission has further aggravated the public mind by trying crude experiments with the zone system, without first determining how much money the company is entitled to earn, and these experiments have aroused intense opposition among the patrons of the road and the public generally. For these and other reasons the whole subject of the proper control of these public utilities is now back again in the politics of our State, and it is my duty and yours to face this problem and to find a final and permanent solution.

I therefore recommend the following:

The present members of the Public Utility Commission have lost the confidence of the public, and no settlement or attempted settlement administered by them will satisfy the public mind. These men should be removed from office and a new Commission established. I recommend the immediate passage of a law abolishing the Public Utility Commission and providing for an elective commission of three members to be elected next November. I further recommend that the act provide for the creation of a temporary commission of three members, to be appointed by the Governor with the advice and consent of the Senate, to act until the elective commission is organized.

Valuing the properties of such companies is an arduous task. It should not be placed upon the shoulders of the Utility Board,

inasmuch as that Board, in order to give efficient service to the people, should be left free to hear and act promptly upon complaints laid before it.

The problem of valuing the properties should be dealt with by a valuation commission, the creation of which will be provided for in a bill to be introduced at this session. To accomplish such a task that commission, of course, will require an appropriation, and I earnestly urge upon your Appropriations Committee immediate investigation of the subject so that it will be able to include a provision for the necessary moneys in the annual appropriations bill.

Opposition to the fare increases by the Public Service Railway Company does not rest alone upon the failure of the Public Utility Commission to ascertain the value of the company's properties. It is the result as well of the belief of the public that the company has been permitted to earn moneys for dividends upon stock and for interest upon bonds for which no consideration was paid at the time of their issuance. In other words, such stock and bonds are "water".

The facts should be finally and definitely ascertained; when known some solution should be determined upon.

The Valuation Commission should not only value the physical properties of the company, but also find out how much "water" there is so that some plan may be devised to get rid of it.

STATE HIGHWAY REORGANIZATION.

The reorganization of the State Highway Commission is of urgent importance.

There is no board or body in the State of New Jersey that has received more justified public condemnation than the present State Highway Commission. Such condemnation is not entirely due to a lack of ability or purpose on the part of all of the individual commissioners, but also because the Board is so constituted as to make effective administration of its affairs impossible. No board of eight unsalaried members can be expected to give the time necessary to promptly and efficiently deal with the intricate details involved in the expenditure of almost $10,000,000 per

year; nor can such a board, by meeting once a month, properly dispose of the interlocking business of counties. The result has been failure to carry out the road program expeditiously and failure to render full co-operation to county governments.

The Highway Commission should be in constant session. Matters of importance in highway construction, both in regard to State highways and with reference to counties' aid, should be determined without delay. I therefore recommend the abolition of the present State Highway Commission, and in place thereof a board of three commissioners, who should receive adequate compensation. I am opposed also to the employment of engineers imported from other States when there are experts within the borders of New Jersey who are equally competent.

Bills will be submitted to you along the lines of these recommendations, and I firmly believe that in every portion of the State a change in the highway organization will be welcomed from boards or bodies now having concurrent powers.

ECONOMY AND EFFICIENCY.

The general recommendations with reference to the State Highway Department will also apply to numerous State Departments which have been reorganized in recent years under large boards, misstyled "Economy and Efficiency Boards."

An examination of conditions in these Departments reveals the fact that such boards take little or no interest in the management of their Departments, and that it devolves either upon some appointee or upon one or possibly two enthusiasts in the various commissions who are willing to sacrifice their time to the State. Such a condition results generally in inefficiency and in very questionable economy.

A State Department is, generally speaking, administrative, and I strongly recommend the placing of responsibility for department management in the hands of smaller commissions, whose duty it will be to be in active session at all times. I shall deal in a special message with this subject in detail.

INTERSTATE BRIDGE AND TUNNEL.

I am opposed to the imposition of direct taxation for the building of the Interstate Bridge between Camden and Philadelphia, and the Interstate Tunnel between Jersey City and New York. That these improvements should be speedily undertaken, we are all agreed. New Jersey, however, cannot finance these important projects by direct taxation. Already local taxes, both municipal and county, have largely increased, and the so-called "Edge Tax Act" for the building of roads forms an added burden. In principle, it is wrong to pay the cost of a long term improvement by direct taxation. The benefits of a long term improvement should be so assessed that they will be paid for during the life of such improvement by the people who receive the benefit. I believe that a bond issue should be undertaken for the building of the bridge and tunnel. I have no doubt that the constitutional requirement of a referendum would result in an enthusiastic endorsement by the people. The bond issue need not be a charge against the taxable real property of the State. Both interest and serial retirements can be met from a portion of the moneys now collected from motor vehicle registration, and when the tunnel and bridge are operated this charge can be met from the tolls collected. This is an application of the principle that the user pays the cost. Bills to carry out this program will be submitted to you early in the session.

TAXATION.

The question of State and local taxation will have particular attention in special messages. Before communicating with you on the subject, I desire to make a more thorough study of the financial condition of the State and the municipalities. At this time I recommend for your very earnest consideration the steps necessary to be taken to complete the road program. I am informed that the moneys raised under the so-called "Edge Act" will not pay for more than half of the work outlined, and that, therefore, at the end of the five-year period only fifty per cent.

of the State highways will have been properly constructed. The State, therefore, must consider very shortly whether it will raise the balance of the money necessary to complete this work by a direct State tax or through a bond issue. I am opposed to further direct State taxes. It is a matter for regret that the highway program could not have been carried out with the moneys provided under the Edge Act. I do believe, however, if the roads now built are of any value whatsoever, they are in the nature of a long-term improvement, and I believe that the cost of completing these roads should be met by a bond issue. Upon this subject I shall send a special message later to the Legislature, containing estimates which I will ask the present State Highway Engineering Department to prepare, indicating exactly the position in which we find the highway construction of the State.

HOUSING.

Much hardship has resulted from the insufficiency of housing accommodations throughout the State. It would be going too far for the State to embark upon the building of homes. I could not assent to such a program. But I am sure that present conditions can be ameliorated through a study of the situation by competent men of affairs.

It may be possible through changes in our laws with respect of taxation, tenement house requirements, savings bank investments, building codes, etc., to stimulate the building of new homes for our people.

The matter is one for examination at the hands of a commission. The situation is critical, and if any laws are to be enacted, they should be introduced as early in the session as the commission can report.

The investigation by the commission will require the devotion of practically all the time of its members if we are to accomplish any results this year. I am sure, however, that men of sufficient public spirit and ability to make the sacrifice will be found. There will be presented to you a resolution authorizing the appointment by the Governor of such a commission, the resolution to provide that a report be made to the present Legislature.

LABOR.

During the last campaign the party of which I am a member pledged itself to the passage of laws improving the condition of laboring men, forbidding the unwarranted issue of writs of injunction in labor disputes where no property rights are involved other than the property right claimed in the labor power of the human being, and guaranteeing to the working men of New Jersey the right of trial by jury in all cases of alleged contempt committed outside the presence of the court.

Bills carrying out that pledge will be presented to you for your consideration. I earnestly urge their passage. Such legislation will represent modern thought upon the subject, and in my judgment go far toward effectuating that complete understanding between capital and labor so necessary if we are to prosper in this country.

WOMAN SUFFRAGE.

The Federal Congress recently passed a resolution proposing to amend the Constitution of the United States by providing that the right to vote shall not be denied or abridged by the United States or by any State on account of sex. That amendment is now before the several States for ratification. I believe it to be only justice to grant that right to the women of the State, and I urge upon you the passage of a resolution ratifying and accepting such amendment.

GENERAL MATTERS.

There are a number of other subjects, such as the condition of the State institutions, condition of State finances, the possible creation of a State Insurance Fund as a substitute for the present Workmen's Compensation Law, the passage of laws for the benefit of our soldiers and sailors, veterans of the recent war; and taxation, and the "Economy and Efficiency Boards" to which I have generally referred heretofore, upon which I shall make recommendations in special messages to be sent to you later.

Grateful to the electorate of the State of New Jersey for the high honor they have bestowed upon me, and mindful of the oath of office I have just taken, I enter upon the duties of Chief Executive of this great Commonwealth to redeem the pledges I made to the people. I solicit your hearty co-operation and assistance in the fulfillment of these pledges. I trust that loyalty and patriotism will rise above partisan consideration, and that we shall all work together for the common weal of the citizens of our beloved State.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Legislature: TRENTON, February 16th, 1920.

Prior to 1911, the liability of the employer to answer for injuries sustained by his employees depended upon the application of certain principles of the law of negligence. Through the passage of Chapter 95, P. L. 1911, there was instituted a new policy The element of negligence was eliminated as a condition of liability on the part of the employer and limitations were placed upon the amount of damages or compensation which might be awarded for injuries or death.

It is now nine years since the original act was passed. From year to year various changes have been made through amendatory and supplemental statutes. The original act and its amendments and supplements have received judicial construction in a fairly large number of cases. Thousands of our citizens are directly affected by the laws in question, and the question as a whole constitutes a very important subject or regulation.

In view of the fact that such policy has been in force for nine years, and in view of the various amendments of the original act and of the supplements thereto and of the judicial constructions placed upon the same, it seems to me that the time has arrived when we might profitably consider and reflect upon the benefit gained by the State through the institution of such a policy, and we should consider further whether in view of our experience of the past nine years and of the amendments and supplements to the original act and the various court decisions, a complete revision of the existing laws could not be advantageously made.

Furthermore, I understand the theory supporting the adoption of such policy is that compensation is to be made to injured workmen regardless of whether or not the employer is negligent, so as to prevent such injured persons from becoming a charge upon the community, and to facilitate the effectuation of such purpose, the compensation is spread over a period of time meas-

ured by the supposed period of disability so as to prevent the dissipation of moneys paid for injuries.

In the case of awards made to dependents, the same deferred method of payment is used largely, I suppose, for the same reason and to insure the dependent of having an assured source of income during the period when the dependent is unable to support itself.

No one can, I think, quarrel with the humanity of such purposes, nor with the general desirability of protecting injured workmen, and in death cases, their dependents, so that their usefulness to the community at large may be conserved and so that they may be prevented from becoming a charge upon the State. I am impressed with the thought, however, that in the institution of such policy, the State assumed the responsibility of seeing that as large an award for injuries or death should be made as is possible without creating too heavy a burden upon the shoulder of the employer. That may be accomplished, perhaps, through the creation of a State Insurance Fund, managed by the State, to which the employer shall contribute and out of which compensation is to be made, thereby eliminating the exaction from the employer of accident insurance premiums large enough to earn profits for the companies carrying on such business.

I am further strengthened in this by certain information which I have obtained from the Department of Banking and Insurance, viz.:

That between the year 1913 and the year 1918, inclusive, such companies collected in premiums from the employers of this State, the sum of approximately $17,200,000.00, and that they paid out to injured workmen or to dependents in death cases, only approximately $6,500,000.00. The difference of $10,500,000.00, approximately, is, of course, the companies' profit less the expenses of handling the business.

I have eliminated from consideration transactions prior to 1913, for the reason that during the years 1911 and 1912, separate reports of workmen's compensation premiums and losses were made and were included with general liability insurance.

The following table may be of value in considering this matter. In passing, I might say that it is illuminating to observe the tremendous increase in amount of premiums collected in 1918 over 1916, and the comparatively small proportional increase in the amount of losses for the same period.

Note.—The figures for 1919 cannot be given, as returns from only twelve out of forty-six companies have been received up to this time, February 9th, 1920.

In my judgment, such a result defeats the purpose of the State's policy. If the policy is worth while, and I am sure it is, then we should see to it that the persons for whose benefit it was put into force get all the benefit possible.

I understand the State of New York now operates a State Insurance Fund. My desire is to suggest the investigation of the creation and operation of that fund so that if it is found to be practicable, a similar fund may be instituted in this State and the present system abolished.

Such a resolution will be introduced and I earnestly urge its passage.

Respectfully submitted,
(Signed) EDWARD I. EDWARDS,
Governor.

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

Mr. Allen moved that the message of the Governor be entered on the Journal in full and the usual number of copies printed.

Which was agreed to.

Messrs. Allen, Barber, Bright, Brown, Case (President), Hagaman, Haines, Heath, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—20.

The following communication was received by the President:

TRENTON, N. J., February 17th, 1920.

Hon. Clarence E. Case, President of the Senate, Trenton, New Jersey:

DEAR SIR—I beg to transmit herewith a communication signed by four of the five members of the Commission to Investigate Taw Laws. This is presented entirely as a separate proposition from the report of the Commission.

Very truly yours,
(Signed) FRANK D. SCHROTH,
Secretary.

To the Members of the Legislature of the State of New Jersey:

The undersigned, being four of the five members of the Commission to Investigate the Tax Laws, appointed by virtue of a Joint Resolution of the last session of the Legislature, desire to bring to your attention a recommendation concerning the salary of the President of the State Board of Taxes and Assessment. As one of the members of this Commission, the Honorable Frank B. Jess, is at the present time President of the State Board of Taxes and Assessment, and is therefore personally affected by any recommendation on this subject, we deemed it inappropriate to include our recommendation as to this matter in the report on the general subject of taxation which we have had the honor to submit to the Legislature.

As at present constituted, the State Board of Taxes and Assessment consists of five members, four of whom are paid a salary of $3,000 each, the President or Chairman being paid a salary of $4,000.

As a matter of actual practice in the administration of the work of the Board, a very large share of the work falls necessarily upon the President of the Board. In all contested cases, the Board is expected to follow, as nearly as possible, the ordinary rules prevailing in a court of justice. This requires that the President of the Board should have a knowledge of the law, in order to prevent irrelevant matter from getting into the records, and to make sure that no competent evidence shall be excluded. This is necessary to protect the rights of litigants, because all findings of the Board are subject to review by the Court. For

the same reason the Chairman is required in all important cases to draft a memorandum of the reasons which have governed the Board in arriving at its conclusions. This involves careful study of the record and an analysis and summary of the evidence, which can only be done by the President of the Board.

For these reasons and from the fact that the business of the Board is constantly increasing, the result in actual practice is that the Chairman of the Board, whoever he may be, can have little or no opportunity to attend to private practice, and therefore his professional business must necessarily be neglected. It seems to us that in the long run it will prove impossible for the State to get a competent man willing to accept the presidency of the Board at the salary which is now being paid.

This suggestion is further strengthened by the fact that before the State Board of Assessors was consolidated with the Board of Equalization of Taxes, the President of the latter Board received a salary of $5,000 and the Board had no jurisdiction of railroad property assessments and appeals. The work of the Board was largely increased by this consolidation, and the responsibility and labor of the President of the consolidated Board was very greatly increased. For this reason alone it would seem that a mistake was made in limiting the salary of the President of the Board to $4,000.

We therefore recommend that the Legislature amend the act establishing the present State Board of Taxes and Assessment, by providing that the Chairman or President of the Board shall be a lawyer and that he shall receive a salary of at least $7,500.

We make this recommendation without reference to the fact that the office of President of the Board is at present filled by our associate, Mr. Jess. While we believe, as everyone does who has had experience before this Board, that Mr. Jess has brought to the discharge of his duties as Chairman, legal ability of a high order and the judicial temperament which is characteristic of him, and would be personally glad to see his great service to the State propertly compensated, nevertheless, this recommendated is submitted as a matter of principle, and as a proper policy of the State, which should be established irrespective of the individual who now holds or may hereafter hold the position of Chairman of the Board.

Respectfully yours,
(Signed) GEORGE L. RECORD,
GEORGE F. SMITH,
ARTHUR N. PIERSON,
CLARENCE E. CASE.

Mr. Allen moved that the communication be received and spread in full upon the Minutes.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That when the Senate adjourn, it be to meet on Tuesday morning, at 11 o'clock.

Mr. Pilgrim, Chairman of the Special Committee appointed to prepare a minute on the death of former Governor Murphy, submitted the following, which was unanimously adopted:

Announcement of the death of former Governor Murphy was made to the Senate of New Jersey at its session in Trenton on February twenty-fourth, nineteen hundred and twenty; whereupon it was unanimously resolved that a memorial of his life and of his services to the public be prepared, to be a part of the permanent records of the State.

Therefore be it resolved, That the following minute be adopted by the Senate of New Jersey:

The passing of Franklin Murphy at Palm Beach, Florida, on February twenty-fourth, one thousand nine hundred and twenty, brings a feeling of regret that is profound and state-wide, and which is emphasized by the fact that at this period of change and reconstruction the commonwealth can part with men of his kind only with a poignant sense of irreparable loss.

The life of Franklin Murphy was typically American. In him patriotism was inherent. With him business and personal honor were dominant. In his early days, surmounting obstacles that often defeat the weak, he imbedded in his nature the spirit of wisdom, firmness and kindliness that gave him perfect poise in a busy, jarring world. Through the vicissitudes and struggles that make or break men, he passed undaunted and with signal success; but never forgetting that he himself had endured, he was always ready to help others on their way, and give them the ripened benefits of his own abundant experience.

His physical endowment was strong, his demeanor calm, his manners urbane, his wisdom sure, his activity constant. Seeking neither remuneration nor praise, he gave freely of his ability to the city, the State and the nation.

To his home city his services were many and varied. Not only as a public official, but in private life, he was always "up and doing," not ostentatiously, but quietly and effectively and for many years. Up almost to the time of his last hours he enriched in countless ways the city's business and civil life. As a member of the Common Council, in his work as a Park Commissioner, through his service as chairman of the Memorial Celebration Committee, and as a leading manufacturer, he brought credit

to the city, and, without seeking it or thinking of it, distinction to himself. As an alderman he was faithful and industrious; as a Park Commissioner, he was pre-eminently helpful. These labors and his numerous charities are enduring municipal monuments.

His administration as Governor of the State was marked by strong, clear-seeing judgment, unquestioned honesty, lofty, but practicable ideals, and a simplicity that is characteristic of the great. His State papers were models of lucidity. Upon them was indelibly impressed his unfeigned interest in all that was good and his contempt for all that was evil. In him was personified the principle of fair play. It was his guiding star. High in the seats of the mighty, he viewed with keen and compassionate understanding the struggles of the less fortunate, and privately and officially he gave to them a willing and a helping hand. To him labor was indebted. In him the poor had a never-failing friend. Through him and his unwavering sense of justice the people obtained much legislation that was helpful. As Governor he strongly advocated the enactment of the Tenement House Law, and in that, as in other things, he valiantly fought for those who could not battle for themselves.

His acquaintanceship was nation-wide. State Chairman of his party for many years, he also served with distinguished success on its National Committee. Honors came to him easily and unsought, and never were they sullied by chicancery, selfishness and narrowness. He knew not deceit or unkindness.

As he was in public life, so was he in his private business. Those who worked with him in the upbuilding and management of one of the largest industries in the nation, did so in harmony. They were not merely his employees, they were his associates. To them he was not a taskmaster, he was their counsellor and friend.

In his death the State of New Jersey loses a courtly, cultivated gentleman, a wise adviser, a lofty patriot, an unassuming but remarkably useful citizen; his family loses a loving and devoted father, and his friends, a warm, genial and delightful companion whose place cannot be filled.

Resolved, That this memorial be recorded at length in the Journal of the Senate, and an engrossed copy be presented to Mr. Murphy's family.

Dated, Trenton, New Jersey, March first, nineteen hundred and twenty.

ARTHUR WHITNEY,
THOMAS BROWN.

President Case offered the following communication, which was read by the Secretary and ordered spread upon the Journal.

NEW YORK, N. Y., February 11th, 1920.

To:

Hon. Alfred E. Smith, Governor of the State of New York;
Hon. Edward I. Edwards, Governor of the State of New Jersey;
Hon. J. Henry Walters, President, *pro tem.*, of the Senate of the State of New York;
Hon. James J. Walker, Minority Leader of the Senate of the State of New York;

Hon. Arthur N. Pierson, Speaker of the Assembly of the State of New Jersey;
Hon. W. I. Glover, Majority Leader of the Assembly of the State of New Jersey;
Hon. Hugh C. Barrett, Minority Leader of the Assembly of the State of New Jersey;
Hon. Charles D. Newton, Attorney-General of the State of New York;
Hon. Thomas F. McCran, Attorney-General of the State of New Jersey;
Hon. William R. Willcox, Chairman of the New York, New Jersey Port and Harbor Development Commission;
Hon. J. Spencer Smith, Vice-Chairman of the New York, New Jersey Port and Harbor Development Commission;

We, the undersigned, representing commercial and trade bodies interested in the commerce of the State of New York, do respectfully bring to your attention the critical situation arising out of the delay in the authorization and approval of the compact between the States of New York and New Jersey for the comprehensive development of the Port of New York. We are advised that the New York, New Jersey Port and Harbor Development Commission, in co-operation with the Bi-State Leg-

islative Commission, of which you are members, is now revising the proposed compact and that it can be presented to the Legislatures of New York and New Jersey at their present sessions without waiting for the physical plans for development. We are strongly of the opinion that a firm legal relationship must be established between the two States, no matter what physical plans are finally worked out and approved. We believe that the matter of port development cannot be regarded as a city matter alone, but that it is a State and national matter of great concern to all parts of the State and nation, affecting the cost of living and the future progress of the States and the nation.

We are aware of the fact that the Board of Estimate and Apportionment of the City of New York, though twice requested so to do, have thus far declined to aid in the perfection of the compact by giving "its criticism, suggestions, counsel and advice." We are of the opinion, nevertheless, that the compact should be presented to the Legislatures of both States for authorization and approval this year, and we are directed by the undersigned associations and bodies to bring the matter especially to your attention in order that such measures may be taken by you as will result in the effectuation of the compact at this session of the Legislatures of both States. We believe that unless this is done, surely one year's delay will ensue, and there is grave danger that the compact may never be consummated. Believing as we do that the larger interests of both the States of New York and New Jersey require the completest co-operation between the two in the development of the great Port of New York, we feel that no time should be lost in reducing to legal form the terms of that relationship.

All of which is respectfully submitted.

The following message was received from the Governor, by the hands of J. H. Foley, his Secretary,

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
TRENTON, March 1st, 1920.

Gentlemen of the Legislature:

In my inaugural message it was stated that further communications would be sent you upon various topics, among them being the matter of taxation and the development and completion of the State Highway System. The subjects are related to each other and can be conveniently dealt with in one message.

STATE HIGHWAY SYSTEM.

In 1917 the "Edge Act" was passed. It outlined fifteen definite main routes, and provided that under certain restrictions such routes should be constructed with permanent pavement. A companion bill ("Edge Road Tax Act") was also passed providing for a tax of one mill on each dollar of real and personal property in the State.

It was contemplated that the sum thereby provided to be raised would aggregate substantially $15,000,000, its collection being spread over a period of five years. It was further contemplated that such sum, together with such Federal aid as might be received, amounting to approximately $3,000,000, would be sufficient to complete the Highway system called for by the "Edge Act." So far as I am informed, the following facts have never been definitely brought to the attention of yourselves or any previous Legislature.

Immediately after the passage of the "Edge Act" of 1917 the Highway Department made a preliminary survey of the fifteen routes and prepared an estimate of the cost of constructing such routes, eliminating grade crossings and such other matters as are necessarily involved in the construction of a modern highway system. It was found that even under the then prevailing comparatively low costs, the Highway system could not be completed for anything like $15,000,000, but would cost $38,667,800, divided as follows:

Highways, ...	$31,706.605
Bridges, ...	6,961,195

In passing, it might be said that at the time of making such estimate there were 70 miles of county highways and roads so constructed, it was believed, they would comply with the law, and the cost of rebuilding such roads was not included in the estimate. Since the making of the estimate 35 miles of such county highways have deteriorated to such extent that they must be reconstructed under the present program of the State Highway Department.

I do not wish to make any undue strictures on the policy of the Highway Department or the past administration in dealing with this subject matter, but it does seem to me that both the Legislature and the people have been allowed to remain woefully ignorant of the real facts.

It was known in 1917 that $38,000,000 would be required to complete the Highway program, and that the sum called for by the "Edge Road Tax Act" would not complete even half of the system. It is my belief that the general understanding of the people of the State is and has been that the moneys they paid

by way of tax under that act would be sufficient to defray the cost of a complete State Highway system.

The information detailed above was given me by the State Highway Department. I am further informed by that department as follows:

There are 655 miles of highways contemplated in the system. There are 236 miles of highways either already built, under contract or included within the program up to December first, 1920. The cost of such roads already built, contracted for or contemplated with the 1920 program is..... $11,534,678
to which must be added the estimated cost of certain work on the Perth Amboy Bridge, amounting to 350,000

which is a total cost of $11,884,678

The total funds available to the Highway Commission are made up as follows:

Money collected and to be collected under the "Edge Act" up to July 1st, 1922, ... $15,000,000
Federal Aid, ... 3,265,844

Total funds available to July 1st, 1922, ... $18,265,844
Subtracting from that figure the amount already expended, contracted for or contemplated to be spent in 1920, of 11,884,678

leaves a balance of $6,381,166

There remain to be completed 419 miles of highways, which it is estimated will cost as follows:

Highways, ... $25,140,000
Bridges, ... 12,000,000

Total, ... $37,140,000
Balance remaining December 1st, 1920, as above, . 6,381,166

Amount required to complete present system, ... $30,738,854

A simple computation indicates that the cost of the Highway system, instead of being $15,000,000, will, when completed, be approximately $42,000,000, or nearly three times as much as was represented to the people when the "Edge Road Act" of 1917 was passed.

What is to be done in view of the circumstances is a matter of grave concern. The solution or remedy which I have in mind will be referred to by me later, after I have discussed some other matters.

INTER-STATE BRIDGE AND TUNNEL.

The New Jersey Inter-State Bridge and Tunnel Commission is about ready to report. It is my understanding that the cost of the proposed tunnel between New York and New Jersey will be in the neighborhood of $28,660,000. I am also of the impression that the cost of the connecting link between Pennsylvania and New Jersey will be about the same, so that New Jersey's share of the cost of these two improvements will be approximately $28,000,000.

The tunnel to New York is of vital concern to the people of this State and its construction should be begun at once. It cannot be delayed any longer than is absolutely necessary. Under the most favorable circumstances the work cannot be begun until the spring of 1921, for the reason that in order to raise the money bonds must be issued and the consent of the people to the issue will have to be obtained at a general election. It is my thought that the question should be submitted to the people at the next election to be held in November of this year.

STATE INSTITUTIONS.

There has been submitted to me a report of the Department of Institutions and Agencies. It is not my purpose at this time to go into the subject matter of the report except to say that there is recommended the raising of $16,000,000 to rehabilitate the institutions of the State and to provide the necessary extensions and additions. We, therefore, have this situation confronting us:

For completing of the State Highway System there will be needed	$30,000,000
For the Inter-State Bridge and Tunnel,	28,000,000
State Institutions,	16,000,000
Total,	$74,000,000

One of the projects herein discussed, viz., the rehabilitation of the State institutions, is admittedly not self-supporting. The moneys necessary to pay the retirement charges and interest upon the proposed bond issue will have to come out of the State treasury. The method more lately pursued in issuing bonds is to place them upon a serial basis. Each year, therefore, the State will have to make provision for the retirement of some part of the principle and for the interest charges upon the whole issue remaining outstanding.

The State Highway system is likewise not self-supporting. If bonds are issued to carry on that work, the State will also be under the necessity of appropriating annually for interest and retirement charges. It may be that the license fees for automobiles can be increased so as to provide additional revenues from which sufficient moneys might be realized to retire these bonds.

The Inter-State Bridge and Tunnel proposition, it is expected, will be a self-supporting one. However, we cannot rashly jump to the conclusion that in the early years of operation enough will be realized from the tolls to pay operating expenses and leave sufficient to meet interest and retirement requirements of that bond issue. Therefore, for the first few years of the bridge and tunnel operation it may be necessary to raise by taxation some part of either the cost of operation or bond requirements unless motor vehicle funds can be devoted to that purpose.

What are we to do about it? Shall we at a time when the people are already overburdened with cost of government load upon their backs an additional heavy burden? If the State had made proper provision during past administrations for the State institutions and if the people had been acquainted with the facts concerning the lack of sufficient moneys for the high-

ways and adequate provision had been made for the actual cost thereof, we would not now be confronted with the problem of dealing with the three emergencies. It is my view that in this particular situation it is time to put on the brakes and go slowly. The present burdens of the people are such that in my judgment if they are asked to provide for all three there is no chance of any of them being acted upon favorably.

My thought as to the priority or preference of the projects in their claims upon the pocketbooks of the taxpayers is as follows:

1. The Inter-State Bridge and Tunnel must be set under way at once. That question should be submitted, as I have stated, to the voters at the 1920 election.

2. The request of the Department of Institutions and Agencies certainly appeals to our sympathies. The State's unfortunates should have every care and comfort which can be given. But I cannot be expected to recommend the pledging of the State to an obligation of $16,000,000 until I have had full opportunity to investigate the matter. The report of the Department of Institutions and Agencies came to me about two weeks ago. Many matters press upon me for my attention. Between now and the adjournment of the Legislature I shall give the request earnest consideration. I suggest that the appropriations committees commence at once to study the report. They are familiar to a certain extent with the subject matter. The present session should not be allowed to close without some relief being extended.

3. The State Highway System can safely wait until next year. Apparently with the money in hand and to be collected under the "Edge Road Tax Act" the Highway Department has mapped out a complete program for 1920. No delay can ensue, therefore, in the carrying on of the highway construction work by postponing action concerning the method of raising the necessary moneys. Pending the next Legislature, the matter can have consideration by all interested with the view of devising a plan of obtaining the necessary funds which will not be burdensome upon the people.

I have dwelt at this length upon the subject matters hereof for the reason that I want the people of the State to understand

what they are facing, with the idea that discussion of the matter will bring forth helpful suggestions.

TAXATION.

Before closing I want to advert to the report made by the Commission to Investigate the Tax Laws of this State. That commission was appointed in pursuance of Joint Resolution No. 1 of the 1919 session of the Legislature. Its principal recommendation is that the personal property tax be substituted by a tax on income and a tax on business. I am opposed to that suggestion. The suggestion may possess merit—however, those who advocate it should be made acquainted with the experience of the municipalities under the acts which were passed for the benefit of the utility corporations of this State, substituting for the personal property tax a tax on their gross receipts. It is my understanding that the municipalities of this State under those acts lost in revenue in 1919 $257,140, of which sum the Public Service Corporation and its underlying companies saved $184,559, the difference being represented by savings of the remaining utilities of this State.

I recommend that the two acts in question, being Chapter 148 of P. L. 1918, and Chapter 25 of P. L. 1919, be repealed. A bill to carry out this recommendation will be submitted to you.

I am also opposed to the disturbance of our tax system. We are in a period of transition, so to speak. The economic situation is disturbed and agitated, and until we have passed through the reconstruction period I think it would be unwise to change radically our methods of distributing the burdens of government. I am not in opposition to correcting such routine matters as are covered by the other recommendations of that commission, and if bills carrying out those recommendations are presented I will be glad to give them my earnest consideration.

Respectfully submitted,

E. I. EDWARDS,
Governor.

The following message was received from the Governor, by the hands of J. H. Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
TRENTON, March 2d, 1920.

GENTLEMEN OF THE LEGISLATURE:

In my inaugural message, reference was made to the fact that I would later communicate with you upon the matter of "Efficiency and Economy Boards." It is the purpose herein to sketch briefly the make-up or composition of the departments created under the "Efficiency and Economy Legislation" and to suggest a further consolidation of some of those departments.

At the outset, let me detail the various departments or boards now functioning to administer some of the affairs of the State. They are as follows:

Name of Departments or Boards, Etc.	*No. of Members.*
Department of Institutions and Agencies and Commissioner,	9

Interstate Bridge and Tunnel,	8
Old Fort Nassau, Etc.,	3
For rehabilitation of physically handicapped,	6
To collect and compile material relating to recent war,	5
Total,	428

It will be observed there are sixty-two departments, boards or bureaus with 428 persons administering their affairs. It should be clearly understood that the foregoing list is not intended to include employees of the various departments named but only the commissioners or members of boards at the head of such departments. How many employees there are is beyond my ken. Perhaps only Divine Providence knows that.

It must also be understood I make no criticism of the unselfish, patriotic service furnished by many of the men and women serving upon some of the Boards in question—for they are not all compensated.

But in the name of real efficiency I desire to record my protest against the further continuance of such a system. Were the members of those Boards to be assembled in one place they would make a fair-sized village. I doubt whether the Supreme Council which changed the map of Europe at Versailles could compare in size.

The Boards or Departments which were created as the result of the "Efficiency and Economy" legislation of the past administration are: Commerce and Navigation, Conservation and Development, Health, Shell Fisheries, Institutions and Agencies. They consist of eight members each—unsalaried. To the Conservation and Development Board there seems to be an auxiliary committee of thirty-three persons.

Under the Board of Institutions and Agencies there are sixteen Boards of Managers—one for each of the institutions—aggregating ninety persons.

What the duties of the auxiliary committee are, I am sure I don't know. So far as I can find, its existence is not authorized by law. I am not aware that it ever recommended any policy with respect to the State's natural resources. Uncharitable persons might suggest that its creation was in furtherance of the desire of its creator to build up a personal political machine.

With respect to the Boards of Managers of the State Institutions, I am informed their chief function is to meet once a month and listen to reports concerning various unimportant details. They have no power and are managers in name only. All control and authority are vested in the Board or Department of Institutions and Agencies. Likewise the suggestion might be made that their official life has never been terminated for the same reason.

There would seem to be no justification for continuing either the auxiliary committee of the Department of Conservation and Development or the Boards of Managers of State Institutions.

This brings me, now, to consideration of the advantages of diffused authority and responsibility vested in separate Boards of large membership serving without compensation as compared with the benefit of concentrated authority and responsibility in a single Board composed of members who are paid for their services. To state the proposition it seems to me is sufficient argument in favor of the latter method.

The matters handled by the so-called "Efficiency and Economy Boards" are of great importance and involve large sums of money. Their proper treatment should not depend upon the

uncertain element of enthusiasm or patriotic impulses of the State's agents, which necessarily leads, it seems to me, to spasmodic and intermittent attention, contingent upon the private engagements of the members of such Boards. The discharge of the State's administrative affairs should be in the hands of a reasonably small number of men, paid well for their service and from whom attention to its business may be demanded by the State as a matter of right, under the pain of dismissal for neglect.

Bills to accomplish part of that program have been introduced. They substitute a paid Board of five members for 166 persons, some of whom are paid and some not. They represent a beginning. With the knowledge gained from the experience of such a Board, we will be in position next year to suggest further reforms in the administration of the State's business.

I urge upon you the passage of those bills.

EDWARD I. EDWARDS,

March 2d, 1920. *Governor.*

Mr. Allen moved that the message be received and spread in full on the Minutes, and the usual number of copies be printed.

Mr. Heath asked unanimous consent to amend Senate Bill No. 117 on third reading.

Which was agreed to.

The following amendments were offered to Senate Bill No. 117 by Mr. Heath:

Amend section 1, line 2, by inserting before the word "They" the following words and punctuation: "unless chosen at a special election as hereinafter provided," and striking out the "T" and inserting in lieu thereof a "t" in the word "They".

Strike out all of sections 8 and 9 and insert in lieu thereof the following section:

8. The petition authorized by the next preceding section of this act may contain a request that a special election shall be called for the election of freeholders under this act, and if such a request be included in the petition, there shall be printed on each official ballot containing the names of candidates for members of the General Assembly the additional proposition, "Shall a special election be called for the election of chosen freeholders under the above entitled act," and the voter may vote for the calling of a special election by making an (X) mark in the square opposite the word "Yes" and against the calling of a special election by making an (X) mark in the square opposite the word "No," and said ballots shall be counted and the result thereof determined in the same manner as is provided in the next preceding section of this act as regards the adoption or rejection thereof.

Amend by adding the following sections:

9. When any special election is held under this act such election shall be held on the fifth Tuesday following the election at which the voters shall have voted to adopt the provisions of said act.

The election officers conducting the last general annual election shall be the officers of such special election, and such election shall be held at the same places and conducted in the same manner so far as possible, and the polls shall be opened and closed at the same hours as provided by the general election laws.

10. The names of candidates for chosen freeholders at such special election shall, at least ten days prior to such special election, be filed with the county clerk in the manner and form and under the conditions hereinafter set forth, and the petition of nominations shall consist of individual certificates equal in number to at least one-half of one per centum of the entire vote at the last preceding general election, but in no event less than twenty-five, and said petition shall read substantially as follows:

PETITION OF NOMINATION.

I, the undersigned, a qualified elector of the county of ....., residing at ....., certify that I do hereby join in a petition for the nomination of ....., whose residence is at....., for the office of chosen freeholder, to be voted for at the election to be held in such county on the ....., 19..., and I further certify that I know this candidate to be a qualified elector of said county and a man of good moral character, and qualified in my judgment for the duties of such office, and I further certify

that I have not signed more petitions or certificates of nominations than there are places to be filled in the above office.

(Signed).....

Being duly sworn, deposes and says that he is the person that signed the foregoing certificate; that the statements contained therein are true and correct.

(Signed).....

Subscribed and sworn to before me .....

It shall be the duty of the county clerk to furnish upon application a reasonable number of forms of individual certificates of the above character.

Each certificate must be a separate paper and must contain the name of but one signer thereto, and no more, and shall contain the name of but one candidate, and no more. Each signer must not, at the time of signing the certificate, have signed more than three certificates for candidates for such office, and in case an elector has signed two or more conflicting certificates, all such certificates shall be rejected.

When such a petition of nomination is presented for file to the county clerk, he shall forthwith examine the same and ascertain whether it conforms to the provisions of this section, and if not found in conformity thereto, he shall designate the defect and return the petition to the person signing it, which may again be presented when properly amended.

11. Immediately upon the expiration of the time of filing certificates, statement and petitions for candidates, the said clerk shall cause to be published for three successive days in all the daily newspapers published in such county, in proper form, the names of the persons as they are to appear upon the ballots, and if there be no daily newspapers, then in two consecutive issues of any other newspapers that may be published in said county; and the clerk shall thereupon cause the ballots to be printed, authenticated with a facsimile of his signature.

Having caused said ballots to be printed in the form hereinafter prescribed, the said county clerk shall cause to be delivered at each polling place a number of said ballots equal to twice the number of votes cast in such polling precinct at the last general election, which ballots shall not be distributed outside of the polling place.

12. The form of ballot and the method of voting at said special election shall be as follows:

1. Except that the crosses here shown shall be omitted, and that in place of the names and officers here shown shall be substituted the names of the actual candidates and the offices for

which they are respectively nominated, the ballots shall be in substantially the following form:

Special election, county of..... (inserting date thereof).

DIRECTIONS TO THE VOTER.

To vote for any person mark a cross (×) in the square in the appropriate column, according to your choice, at the right of the name voted for.

Second, third or fourth choice is not compulsory.

Vote only as many first choices, or second choices, or third choices, as there are officers to elect.

Vote as many fourth or other choices as you wish.

Vote your first choice or choices in the first column.

Vote your second choice or choices in the second column.

Vote your third choice or choices in the third column.

Vote in the fourth column for all the other candidates whom you wish to support.

Do not vote more than one choice for one person, as only one choice will count for any one candidate by this ballot.

If you wrongly mark, tear or deface this ballot, return it and obtain another.

For Chosen Freeholders:	First Choice.	Second Choice.	Third Choice.	Other Choice.

II. One space shall be left below the printed names of the candidates of each office to be voted for, wherein the voter may write the name of any person for whom he may wish to vote

III. The names of the candidates shall be printed on the ballot in alphabetical order. Any candidate whose name is to be voted for on the ballot may, by petition addressed to the county clerk, request that the said clerk shall print opposite his name on the ballot a designation in not more than six words, as named by him in said petition, for the purpose of indicating either any official act or policy to which he is pledged or committed, or designation to indicate his political party affiliations. On the filing of any such petition the said clerk shall cause the said designation to be printed opposite the name of the said person upon the ballot. If several candidates for the same office shall in said petition request that their names be grouped together, and that the common designation to be named by them shall be printed opposite their said names, the said clerk shall group the said names of the said persons in a bracket, and opposite the said bracket shall print the said designation as aforesaid. Such petition to the said clerk requesting a designation or a grouping of the candidates shall be filed with the clerk at least eight days before the election. If two candidates or groups shall select the same designation, the clerk shall notify the candidate or group whose petition was last filed, and the said candidate or group shall select a new designation, unless such designation shall indicate party affiliations only.

IV. As soon as the polls are closed, the election officers shall immediately open the ballot-boxes, take therefrom singly and count the ballots in public view, and enter the total number thereof on the tally-sheet provided therefor by the county clerk. They shall also carefully enter the number of the first-choice, second-choice, third-choice and other-choice votes for each candidate on said tally-sheet and make immediate return thereof in the same manner as the general result of election for county officers. Only one vote shall be counted for any candidate on any one ballot, all but the highest of two or more choices on one ballot for one and the same candidate being void. If a ballot contains either first, second or third-choice votes in excess of the number of offices to be filled, no vote in the column showing such excess shall be counted. Except as hereinbefore provided all choices shall be counted as marked on the ballot.

On the first Tuesday following the said election the county clerk shall determine the successful candidates as hereinafter provided in this section, and shall immediately make and file the result thereof in the office of the county clerk. Said canvass shall be publicly made in the manner following:

(a) Candidates receiving a majority of first-choice votes for office shall be elected. If the full number of candidates to be

elected do not receive such a majority of the first-choice votes for such office, a canvass shall be made of the second-choice votes received by those candidates for office who are not elected by first-choice votes; said second-choice votes shall be added to the first-choice votes received by such candidates, and candidates who, by such addition, shall receive a majority, shall be elected.

(b) If after adding the first-choice and second-choice votes of the candidates not elected by first-choice votes the full number of candidates to be elected do not receive a majority of first-choice and second-choice votes combined, a canvass shall be made of the third-choice votes received by those candidates for said office who are not elected by first-choice and second-choice votes combined; said third-choice votes shall be added to the first-choice votes and second-choice votes, received by such candidates, and candidates who, by such addition, shall receive a majority, shall be elected.

(c) If by the count of either first-choice votes or first and second-choice votes, or first, second and third-choice votes, as above provided, more candidates than there are offices to be filled shall receive a majority, the candidate or candidates equal in number to the number of offices to be filled having the highest vote shall be elected.

(d) If the full number of candidates to be elected do not receive a majority by adding first, second and third-choice votes, as above directed, a canvass shall then be made of the other choice votes received by those candidates for said office who are not elected, either by first-choice votes or by adding first and second-choice votes, or by adding first, second and third-choice votes, said other-choice votes shall be added to the first, second and third-choice votes received by such candidates, and the candidates equal in number to the number of offices remaining to be filled who receive the highest number of votes by the said addition shall be elected.

(e) A tie between two or more candidates shall be decided in favor of the one having the highest number of first-choice votes. If they are also equal in that respect, then the highest number of second-choice votes shall determine the result. If they are still equal, then the highest number of third-choice votes shall determine the result.

(f) Whenever the word "majority" is used in this section, it shall mean more than one-half of the total number of valid ballots cast at such election.

V. No informalities in conducting said special election shall invalidate the same, if it be conducted fairly and in substantial conformity with the requirements of this act.

13. The county clerk shall make, or cause to be made, publication of notice and all arrangements for holding such special election, and the same shall be conducted, returned, and the result thereof declared in all respects and by the same officials as is hereinbefore prescribed for general elections, insofar as the same are applicable and not inconsistent with the provisions of this act.

14. The freeholders so elected shall hold office from the first Monday of January next following the date of such special election, the one receiving the highest number of votes to hold office for the term of three years, the one receiving the next highest number of votes to hold office for the term of two years, and the other to hold office for the term of one year.

15. This act shall take effect immediately.

Mr. Heath moved that Senate Bill No. 117 be laid over and the amendments printed.

Which was agreed to.

On motion of Mr. Heath, Senate amendments to Senate Bill No. 117 were taken up and adopted as follows:

Amend section one, line two, by inserting before the word "They" the following words and punctuation: "unless chosen at a special election as hereinafter provided," and striking out the "T" and inserting in lieu thereof a "t" in the word "They".

Strike out all of sections eight and nine and insert in lieu thereof the following section:

8. The petition authorized by the next preceding section of this act may contain a request that a special election shall be called for the election of freeholders under this act, and if such a request be included in the petition, there shall be printed on each official ballot containing the names of candidates for members of the General Assembly the additional proposition, "Shall a special election be called for the election of chosen freeholders under the above-entitled act?" and the voter may vote for the calling of a special election by making an (X) mark in the square opposite the word "Yes," and against the calling of a special election by making an (X) mark in the square opposite the word "No," and said ballots shall be counted and the result thereof determined in the same manner as is provided in the next preceding section of this act as regards the adoption or rejection thereof.

Amend by adding the following sections:

9. When any special election is held under this act such election shall be held on the fifth Tuesday following the election at which the voters shall have voted to adopt the provisions of said act.

The election officers conducting the last general annual election shall be the officers of such special election, and such election shall

be held at the same places and conducted in the same manner so far as possible, and the polls shall be opened and closed at the same hours as provided by the general election laws.

10. The names of candidates for chosen freeholders at such special election shall, at least ten days prior to such special election, be filed with the county clerk in the manner and form and under the conditions hereinafter set forth, and the petition of nominations shall consist of individual certificates equal in number to at least one-half of one per centum of the entire vote at the last preceding general election, but in no event less than twenty-five, and said petition shall read substantially as follows:

PETITION OF NOMINATION.

I, the undersigned, a qualified elector of the county of....., residing at ....., certify that I do hereby join a petition for the nomination of ....., whose residence is at ....., for the office of chosen freeholder, to be voted for at the election to be held in such county on the ....., 19.., and I further certify that I know this candidate to be a qualified elector of said county and a man of good moral character, and qualified, in my judgment, for the duties of such office, and I further certify that I have not signed more petitions or certificates of nominations than there are places to be filled in the above office.

(Signed) .....

Being duly sworn, deposes and says that he is the person that signed the foregoing certificate; that the statements contained therein are true and correct.

(Signed) .....

Subscribed and sworn to before me, ...

It shall be the duty of the county clerk to furnish upon application a reasonable number of forms of individual certificates of the above character.

Each certificate must be a separate paper, and must contain the name of but one signer thereto, and no more, and shall contain the name of but one candidate, and no more. Each signer must not, at the time of signing the certificate, have signed more than three certificates for candidates for such office, and in case an elector has signed two or more conflicting certificates, all such certificates shall be rejected.

When such a petition of nomination is presented for file to the county clerk, he shall forthwith examine the same and ascertain whether it conforms to the provisions of this section, and if not found in conformity thereto, he shall designate the defect and

return the petition to the person signing it, which may again be presented when properly amended.

11. Immediately upon the expiration of the time of filing certificates, statement and petitions for candidates the said clerk shall cause to be published for three successive days in all the daily newspapers published in such county, in proper form, the names of the persons as they are to appear upon the ballots, and if there be no daily newspapers, then in two consecutive issues of any other newspapers that may be published in said county; and the clerk shall thereupon cause the ballots to be printed, authenticated with a facsimile of his signature.

Having caused said ballots to be printed in the form hereinafter prescribed, the said county clerk shall cause to be delivered at each polling place a number of said ballots equal to twice the number of votes cast in such polling precinct at the last general election, which ballots shall not be distributed outside the polling place.

12. The form of ballot and the method of voting at said special election shall be as follows:

I. Except that the crosses here shown shall be omitted, and that in place of the names and officers here shown shall be substituted the names of the actual candidates and the offices for which they are respectively nominated, the ballots shall be in substantially the following form:

Special election, county of ..... (inserting date thereof).

DIRECTIONS TO THE VOTER.

To vote for any person mark a cross (X) in the square in the appropriate column, according to your choice, at the right of the name voted for.

Second, third or fourth choice is not compulsory.

Vote only as many first choices, or second choices, or third choices, as there are officers to elect.

Vote as many fourth or other choices as you wish.

Vote your first choice or choices in the first column.

Vote your second choice or choices in the second column.

Vote your third choice or choices in the third column.

Vote in the fourth column for all the other candidates whom you wish to support.

Do not vote more than one choice for one person, as only one choice will count for any one candidate by this ballot.

If you wrongly mark, tear or deface this ballot, return it and obtain another.

For Chosen Freeholders:	First Choice.	Second Choice.	Third Choice.	Other Choice.

II. One space shall be left below the printed names of the candidates of each office to be voted for, wherein the voter may write the name of any person for whom he may wish to vote.

III. The names of the candidates shall be printed on the ballot in alphabetical order. Any candidate whose name is to be voted for on the ballot may by petition addressed to the county clerk request that the said clerk shall print opposite his name on the ballot a designation in not more than six words, as named by him in said petition, for the purpose of indicating either any official act or policy to which he is pledged or committed, or designation to indicate his political party affiliations. On the filing of any such petition the said clerk shall cause the said designation to be printed opposite the name of the said person upon the ballot. If several candidates for the same office shall in said petition request that their names be grouped together, and that the common designation to be named by them shall be printed opposite their said names, the said clerk shall group the said names of the said persons in a bracket, and opposite the said bracket shall print the said designation as aforesaid. Such petition to the said clerk requesting a designation or a grouping of the candidates shall be filed with the clerk at least eight days before the election. If two candidates or groups shall select the same designation, the clerk shall notify the candidate or group

whose petition was last filed, and the said candidate or group shall select a new designation, unless such designation shall indicate party affiliations only.

IV. As soon as the polls are closed, the election officers shall immediately open the ballot-boxes, take therefrom singly and count the ballots in public view, and enter the total number thereof on the tally sheet provided therefor by the county clerk. They shall also carefully enter the number of the first choice, second choice, third choice and other choice votes for each candidate on said tally sheet and make immediate return thereof in the same manner as the general result of election for county officers. Only one vote shall be counted for any candidate on any one ballot, all but the highest of two or more choices on one ballot for one and the same candidate being void. If a ballot contains either first, second or third choice votes in excess of the number of offices to be filled, no vote in the column showing such excess shall be counted. Except as hereinbefore provided, all choices shall be counted as marked on the ballot.

On the first Tuesday following the said election, the county clerk shall determine the successful candidates as hereinafter provided in this section, and shall immediately make and file the result thereof in the office of the county clerk. Said canvass shall be publicly made, in the manner following:

(a) Candidates receiving a majority of first choice votes for office shall be elected. If the full number of candidates to be elected do not receive such a majority of the first choice votes for such office, a canvass shall be made of the second choice votes received by those candidates for office who are not elected by first choice votes; said second choice votes shall be added to the first choice votes received by such candidates, and candidates who, by such addition, shall receive a majority, shall be elected.

(b) If, after adding the first choice and second choice votes of the candidates not elected by first choice votes, the full number of candidates to be elected do not receive a majority of first choice and second choice votes combined, a canvass shall be made of the third choice votes received by those candidates for said office who are not elected by first choice and second choice votes combined; said third choice votes shall be added to the first choice votes and second choice votes received by such candidates, and candidates who, by such addition, shall receive a majority, shall be elected.

(c) If, by the count of either first choice votes or first and second choice votes, or first, second and third choice votes, as above provided, more candidates than there are offices to be

filled shall receive a majority, the candidate or candidates equal in number to the number of offices to be filled having the highest vote shall be elected.

(d) If the full number of candidates to be elected do not receive a majority by adding first, second and third choice votes, as above directed, a canvass shall then be made of the other choice votes received by those candidates for said office who are not elected, either by first choice votes or by adding first and second choice votes, or by adding first, second and third choice votes, said other choice votes shall be added to the first, second and third choice votes received by such candidates, and the candidates equal in number to the number of offices remaining to be filled who receive the highest number of votes by the said addition shall be elected.

(e) A tie between two or more candidates shall be decided in favor of the one having the highest number of first choice votes. If they are also equal in that respect, then the highest number of second choice votes shall determine the result. If they are still equal, then the highest number of third choice votes shall determine the result.

(f) Whenever the word "majority" is used in this section it shall mean more than one-half of the total number of valid ballots cast at such election.

V. No informalities in conducting said special election shall invalidate the same if it be conducted fairly and in substantial conformity with the requirements of this act.

13. The county clerk shall make, or cause to be made, publication of notice and all arrangements for holding such special election, and the same shall be conducted, returned, and the result thereof declared in all respects and by the same officials as hereinbefore prescribed for general elections, insofar as the same are applicable and not inconsistent with the provisions of this act.

14. The freeholders so elected shall hold office from the first Monday of January next following the date of such special election, the one receiving the highest number of votes to hold office for the term of three years, the one receiving the next highest number of votes to hold office for the term of two years, and the other to hold office for the term of one year.

15. This act shall take effect immediately.

The following message was received from the Governor, by the hands of J. H. Foley, his Secretary, which was read as follows:

March 24th, 1920.

To the Senate:

The extraordinary and unsupportable situation which will arise on Sunday next, owing to the difference in time between New York and New Jersey, demands that I, with due deference to you, call your attention to this situation and ask you for immediate action.

I am advised that the Assembly has already passed a bill, No. 21, which would cure this situation. Unless action is taken by you, persons living in New York, I am advised, and doing business in New Jersey, and persons living in New Jersey and doing business in New York, will be subject to confusion, pecuniary loss, transportation systems will be interfered with, and the condition of affairs on the whole, will be of great inconvenience and loss to the people of this State.

May I not ask that you take some action upon Assembly Bill No. 21, so that the people of the State of New Jersey may know what is the legislative policy on the subject of daylight saving.

Respectfully yours,

EDWARD I. EDWARDS,
Governor.

Attest:

J. HARRY FOLEY,
Secretary to the Governor.

Mr. Allen moved that the message be received and filed.

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
March 22d, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following concurrent resolution:

WHEREAS, There is no prospect of agreement by the necessary two-thirds vote of the United States Senate for ratification of the Peace Treaty and the covenant of the League of Nations as negotiated at Versailles; and

WHEREAS, A period of a year and nearly four months has elapsed since hostilities ceased through the signing of the armistice and an actual condition of peace now exists, although this country is legally still in a state of war with Germany and her allies; and

WHEREAS, The people chafe under this anomalous situation and the hampering effects of a technical state of war are a handicap to business; therefore be it

Resolved by the General Assembly of the State of New Jersey (the Senate concurring), That the Senate of the United States

be petitioned to immediately take favorable action on the resolution introduced by Senator Knox of Pennsylvania, declaring that the war with Germany and her allies be ended and that the country has resumed the condition of peace formerly existing with those nations, which state of peace is to become effective upon the adoption of the said resolution;

Resolved, That certified copies of this resolution be forwarded to the United States Senate, to the Senators from this State and to Senator Knox.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,

222 McWHORTER STREET,
NEWARK, NEW JERSEY.

Honorable Clarence E. Case, President of the Senate, State House, Trenton, N. J.:

MY DEAR SENATOR CASE—I have received the engrossed copy of the Minutes adopted by the Senate of New Jersey on the death of my father.

The members of my family have received a number of resolutions of the same character, but notwithstanding the desire of other bodies to express their thoughts in the most proper fashion, I think it is fair to say that we have received nothing so beautifully expressed and giving such a splendid summary of my father's service to the State and to his fellow citizens. On behalf of my family, who have had the pleasure of reading the resolution, I want to extend our cordial thanks.

It is a most gratifying thing to us to know that time has shown the value to his fellow citizens of the acts he favored while Governor, and that the Senate has made a permanent record of its approval of these acts, which are referred to in the resolution you sent to us.

Yours sincerely,
FRANKLIN MURPHY, JR.

March 22, 1920.

The following message was received from the House of Assembly by the hands of its Clerk:

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

March 24th, 1920.

e*To the Senate:*

I return without my approval Senate Bill No. 87. This bill is an amendment to an act passed in 1919 designed to suppress the stealing of automobiles. While, of course, the Legislature should do everything in its power to assist in suppressing or preventing the commission of such offense, it seems to me this bill goes entirely too far. It provides that one who sells an automobile shall furnish an affidavit stating whether or not the purchase price agreed to be paid by the seller has been paid in full, whether there are any encumbrances, liens or claims against such motor vehicle, whether the seller is the bona fide owner and has a legal right to sell and whether any unpaid bills for storage, care, repairs or supplies furnished for said care for which a lien can be filed against said motor vehicle under the laws of the State of New Jersey or any other State.

I can well imagine that innocent persons might be made subject to prosecution under this act through ignorance of the act notwithstanding that the transaction carried out by them would be entirely honest. Furthermore, I think the penalty provided is too severe. One who violates the act may be punished by a fine of not more than two thousand dollars or by imprisonment not to exceed two years or both.

The act would not prevent one who had stolen an automobile from making a false affidavit and might constitute a serious embarrassment to honest men.

Respectfully,
EDWARD I. EDWARDS,
Governer.

The message was laid over under the rules.

The following message was received from the Governor, by the hands of J. Foley, his Secretary, which was read as follows:

To the Senate: March 24th, 1920.

I return herewith, without my approval, Senate Committee Substitute for Senate Bill No. 85.

This bill authorizes the State Highway Commission to acquire three toll roads, as follows:

1. Gloucester turnpike, owned by the Gloucester Turnpike Company, Camden county.

2. Marlboro and Camden turnpike, owned by the Marlboro and Camden Bridge Turnpike Company.

3. Bridgeton and Millville turnpike, owned by the Bridgeton and Millville Turnpike Company.

It further authorizes that commission to acquire three toll bridges: one from Somers Point, New Jersey, to Ocean City, owned by the Ocean City Automobile Bridge Company, Inc.; the second, the Long Beach Automobile Bridge, from Manahawkin to Island of Long Beach, owned by the Long Beach Turnpike Company; the third, Toms River and Seaside Heights Automobile Bridge, from Dover township to Seaside Heights, owned by the Island Heights and Seaside Park Bridge Company.

The bill further provides that the said toll roads and toll bridges, when acquired by the State, shall become a part of the State Highway system.

My objections to this bill are:

First, the Legislature is not advised by it how much money will be required to purchase or condemn the properties in question.

Second, the State Highway Commission will require to complete the original program as outlined in the Edge Road Act approximately thirty million dollars, and until some method or plan is devised for raising those moneys I do not believe the State should extend the highway system; in other words, I think we should have a clear understanding of how the people

are to be expected to shoulder the burden of raising the thirty million dollars in question before we add any more to that burden.

Furthermore, I think the cost of acquisition might more fairly be placed upon the localities in which such properties are situated. When acquired the State might then be asked to improve or assist in improving the roads and bridges.

Respectfully,

EDWARD I. EDWARDS,

Governor.

Attest:

J. HARRY FOLEY,

Secretary to the Governor.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 29th, 1920.

To the Senate:

To-day thousands of our citizens experienced immeasurable discomfort and inconvenience, due to the failure of this State to enact the daylight saving law.

Most of our municipalities followed the lead of our sister State, New York, in advancing the clock. Many, however, did not. People of this State left their homes at the customary hour this morning and arrived late for their business affairs. Many will leave New York by the advanced time and arrive home, paradoxical as it may seem, earlier than they left.

Train service is confused. Employers of labor are uncertain what to do. At at time when we should be straining every nerve to speed up production, factories and industries generally are seriously handicapped through the prevailing uncertainty. The hours of labor so lost can never be regained. Conditions generally are chaotic.

I urge upon you that you immediately pass the bill now before you, Assembly No. 21, and bring order out of chaos.

Respectfully,

(Signed) EDWARD I. EDWARDS,

[SEAL.] *Governor.*

Attest:

J. HARRY FOLEY,

Secretary to the Governor.

Mr. Allen moved that the message be received and filed.

A message was received from the Governor, by the hands of Mr. J. Harry Foley, his Secretary, endorsed "Nominations,"

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
TRENTON, March 29th, 1920.

Gentlemen of the Legislature:

The present legislative session is now drawing to a close. Up to date there have been presented to me for approval approximately sixty bills. None of them, with the exception of the one which defines the State's policy with respect to prohibition, bear on any subject of importance to the people of this State. You have before you for consideration measures of considerable moment to the people of this State. As yet those measures have not been reported out of committee. I refer particularly to the legislation dealing with the utility situation.

In the last campaign for the office of Governor it became manifest beyond question that there was a lack of public confidence in the Board of Public Utility Commissioners, predicated upon the conduct of that board in dealing with the trolley fare increases. It is not my purpose to herein discuss the record of those proceedings. I assume it is sufficiently fresh in your recollection to impress upon you the desirability of action. If it is not, I would suggest that you confer with the members of the Legislature from Camden County, who will be able to tell you of the riotous scenes that marked the attempt to enforce the rulings of the Board of Public Utility Commissioners with respect to trolley fares. The situation that existed in Camden County was in more or less degree duplicated in other parts of the State.

I was so impressed with the public attitude on this matter that I promised I would do everything I could to remedy the situation. I believe in keeping promises. It is my judgment that the march of social unrest cannot hope to be stayed if the people are allowed to believe that their public administrators cannot be trusted to keep, when in office, the pledges made to secure that office.

Nor can the faith of the people in the integrity of their public servants be preserved if legislation designed to protect their rights, which are necessarily adverse to those of great cor-

porate interests, is allowed to die in committee without a chance of its merits being openly discussed on the floor of the Legislature.

Assembly Bills Nos. 48, 49, 50 and 51 by Mr. Gaede, were introduced as evidence of my intention to keep faith with the people. They provide for a new utility board of three, to be elected and for a commission to value the properties of the utilities.

They should be passed at once. If it is the will of the Majority Party not to pass such legislation, then the bills should be defeated, so that there may be no misunderstanding in the public mind where the responsibility lies.

The city of Jersey City has filed with me as Governor charges of misconduct in office and neglect of duty against the members of the Public Utility Commission.

The charges disclose a condition of affairs in reference to the public utility law and its administration of which I was not previously aware, and which demands the careful consideration of the Legislature, irrespective of whether the commissioners are responsible for these conditions, or whether they are due to the defects in the original law which have been developed by the administration of the law, or by the effect upon such administration of the decisions of our courts.

The matters which should thus be considered by the Legislature are, among others, the following:

1. The law should make clear whether it is the legislative intent that the commission should be a court before which proceedings in relation to public utilities should be tried out, or whether the board is to act primarily and principally as the representative of the public in fixing and enforcing the public rights with relation to our public utility corporations.

If the Legislature determines that the latter course is the object to be obtained, as I think it should, then the Legislature should enact the necessary legislation to make clear that purpose and should make the necessary appropriations to carry it out.

2. The decisions of the courts have left many provisions of the law in doubt, which the Legislature should clear up by appro-

priate legislation. It appears to be uncertain, for example, under what conditions the provisions of the law delaying the putting into effect of any increase in rate for twenty days applies. In at least one case the court has held that it did not apply. If any such provision is to exist in the law there should be no doubt of its application.

Another plain defect in the law is the provision limiting the power of the Board to suspend rates filed or fixed by any utility for three months, pending an investigation and hearing. It appears that this provision operates to the disadvantage of the public. Whenever an application is made for an increase, because in such cases the utility corporation puts in its case first and absorbs so much of the three months that too little time is left for the proper investigation of the Board of the company's evidence, or for the proper presentation of other evidence by intervening municipalities. It appears that in several of the cases the time has been extended by consent of the corporation involved.

It is intolerable that the law should be so trained as to leave the proper presentation of the public side of these great controversies dependent upon the grace of any corporation. The law should provide that the time during which the rate should be suspended should be within the discretion of the Board.

3. Another important defect in the law appears in its failure to clearly include within the jurisdiction of the Board holding companies such as the Public Service Corporation. This corporation holds stock of the three great subsidiary corporations, the Public Service Railway Company, the Public Service Gas Company and the Public Service Electric Company. These subsidiary corporations perform the great bulk of the public utility service rendered to the people of our State. It is obvious that in ascertaining the facts necessary to establish just and reasonable rates to be charged by these subsidiary companies, the Commission should have access to the books of the Public Service Corporation, which is the stock holding company, and which receives the dividends earned by the subsidiary corporations.

It is obvious that much information which ought to reach the public can be concealed by means of corporate action of the

Public Service Corporation, and both receipts and disbursements can be kept from the public knowledge through the medium of the holding corporation, and such receipts and disbursements are a part of the information which the Board of Public Utility Commissioners should have before attempting to fix a just and reasonable rate for either of the subsidiary companies.

The question of permitting a holding company at all should be considered as a part of this problem.

4. The decision of the courts holding that the Public Utility Commission can disregard municipal ordinance contracts made by public utility corporations appears to have created great confusion as to the legal status and rights of these corporations and of the public. As these decisions are based upon court interpretations of the meaning of certain provisions of the act, and no language in the act expressly sustains the court's interpretation, the extent to which these ordinance contracts have been swept away by the Public Utility statute of 1911 is left in doubt, and without some action by the Legislature can only be guessed at, until future litigation shall lead to further expressions of opinion by the court as to the meaning of the act.

Under these ordinance contracts the public utility corporations have claimed and still claim perpetual rights in the streets, and in rate cases seek to set up and capitalize this great privilege as a property right of great value. In the Passaic Gas case, decided prior to the decision of the court, this right under the term of "franchise value" was appraised by the Board at one-third of the total value of the tangible value of the property. As these rights in the streets were granted by the State and the municipalities in consideration of agreements recited in the ordinance contracts to be performed by the companies, such as a limited rate of fare, special rates for children, obligations to pave and sprinkle parts of the streets and to remove snow therefrom, and to pay a percentage of gross receipts, it would seem to be fair that, if the companies are to be relieved from their obligations under these ordinance contracts, it should be only upon condition that they either surrender to the State the privileges which were granted to them upon the consideration

of these obligations, or that the relations between them and the public should be redefined in the form of a new agreement or in the form of conditions to be established on behalf of the public by the Commissioners.

It seems to me plain that we can have no intelligent administration of this great utility subject until we can establish definitely by law the extent of the rights and the extent of the obligations of both parties to the controversy.

This is clearly a matter that belongs to the province of the Legislature and it is its duty to devise new legislation to remove the cloud of uncertainty and doubt which now surrounds and obscures this whole branch of the subject.

5. It appears that in rate cases the public utility corporations have submitted and been allowed valuations of physical and tangible property many times the valuation contended for by the same companies and fixed by local boards of assessors for the purposes of taxation. Our taxing statutes require all property to be assessed at its true value. If the true value of the present time is to be taken by the Board and by the courts as the amount upon which the company is entitled to earn a fair return in each case, then it is obvious that the value for taxation and the value for rate making should be the same. To have the State, through one of its agencies, fixing the true value of property in one proceeding at one figure, and then in another proceeding, through another agency of the State, fixing another value three or four times as great, and this discrepancy each time working to the advantage of the corporation concerned, tends to impair public confidence in the administration of law.

If there is to be a different value for taxation than that adopted for rate making, that difference should be defined by law.

I would suggest that the committee of the House of Assembly which has the utility legislation in charge arrange to confer with the Attorney-General for the purpose of having him draw the necessary bills to carry out the foregoing recommendations. Such bills, of course, should not interfere with the passage of the Gaede bills. Neither will they interfere with the trial of the

Utility Commissioners upon the charges preferred against them. While the time for the introduction of bills has expired, the subject is important enough to justify the introduction and passage of such legislation at this session.

If I can be of assistance to the committee, I shall be glad to hold myself in readiness to confer with it.

(Signed) EDWARD I. EDWARDS,
Governor.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

The following message was received from the Governor, by the hands of Harry J. Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 29th, 1920.

To the Senate:

I herewith return, without my approval, Senate Bill No. 233.

Having been elected by the voters of this State, I cannot sit idly by and see an antagonistic Legislature, under the guise of partisanship, take away from the Executive powers with which the people have entrusted me and give them to a person who was defeated for the office to which I was elected.

It is well known that the Governor appoints the Secretary of State, and that he, in turn, ever since the Department was established, has appointed the Commissioner of Motor Vehicles.

The Motor Vehicle Department, as at present constituted, is under the direction of the office of Secretary of State. The Commissioner of Motor Vehicles, in direct charge of the department, is Assistant Secretary of State. At present he receives $3,000 per annum as Assistant Secretary of State and $1,500 per annum as Commissioner of Motor Vehicles, making a total salary of $4,500.

The department has grown to be one of the most important in the State, entailing not alone the filing of extensive records, but the collection of large sums of money, the direction of a large inspection force and the administration of certain judicial powers.

This bill is a bill to wrest from the Governor of this State, elected by the people, powers which were his at the time of his election.

It is true that the Secretary of State appoints the Motor Vehicle Commissioner, but it is also true that the Governor of this State appoints the Secretary of State, and when I was elected and my opponent was defeated that was the situation. It cannot be that the people of this State are willing to see, without protest, their will, as expressed at the polls, frustrated. Independent of economic and other reasons, the fact stares out plainly that this bill deprives the Governor of the State of New Jersey, elected by the people, of powers inherently his, and transfers them to a defeated candidate.

I have no personal interest in these matters, nor am I concerned by any petty party consideration, but I know that I was elected by the people of this State; I know that this bill attempts to shear from me powers delegated to me by the people of this State, and I return it without my approval because I regard it as the baldest, most indefensible and inexcusable piece of partisan legislation.

I can see no efficiency or economy in removing an admittedly efficient official.

Respectfully,
EDWARD I. EDWARDS,
Governor.

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

Mr. Allen moved that the message be received and laid over under the rules.

Which was agreed to.

The following message was received from the House of Assembly by the hands of its Clerk:

The following message was received from the Governor, by the hands of J. H. Foley, his Secretary,

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 5th, 1920.

To the Senate:

I return herewith, without my approval, Senate Bill No. 51. The effect of this bill is to enlarge the class of municipalities whose streets may be taken into the State highway system by increasing the standard of population from twelve thousand to twenty-five thousand.

I am opposed to this measure because I think the result of it is to place upon the State at large the burden of improving highways in municipalities large enough to provide for their own needs. Furthermore, in view of the large amount of money which must be raised to complete the present highway program I believe, as a matter of principle, we should not assume any more burdens until we have determined upon the matter of raising those moneys.

Respectfully,

EDWARD I. EDWARDS,
Governor.

Attest:

J. HARRY FOLEY,
Secretary to the Governor.

Mr. Allen moved that the message be received and laid over under the rules.

Which was agreed to.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 5th, 1920.

I return herewith, without my approval, Senate Bill No. 96, authorizing the designating by judges of the Juvenile Courts of a stenographer.

My objection to this bill is that this stenographer so to be selected should be taken from the Civil Service list.

I will be glad to sign the bill if the change so suggested is made.

Respectfully,
EDWARD I. EDWARDS,
[SEAL.] *Governor.*

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

Mr. Allen moved that the message be received and laid over under the rules.

Which was agreed to.

In accordance with the direction of the President, the Secretary carried the following bills to the House of Assembly, and informed it that the Senate had passed the same, and requests its concurrence therein:

Assembly Bills Nos. 73, 209, 240 with Senate amendments.

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
April 13th, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Assembly Bill No. 251, entitled "An act to annex to the borough of Midland Park, in the county of Bergen, a part of the township of Franklin, in the county of Bergen,"

The objections of the Governor to the contrary notwithstanding.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

The Governor's veto message on Assembly Bill, No. 251, was read as follows and laid over under the rules,

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 29th, 1920.

To the House of Assembly:

I return herewith, without my approval, Assembly Bill No. 251.

The effect of this bill is to transfer a part of the Township

of Franklin, in Bergen County, to the Borough of Midland Park.

The principal objection that I have to this bill is that the people affected thereby are not given an opportunity to express their wishes in the matter. Governed now as part of a township, under the bill in question there is forced upon them borough government. They had no voice in the selection of the officials now administering the affairs of the borough of Midland Park.

It seems to me the measure is arbitrary and undemocratic.

Respectfully,

[SEAL] EDWARD I. EDWARDS,

Attest: *Governor.*

J. HARRY FOLEY,

Secretary to the Governor.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
April 13th, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Assembly Bill No. 71, entitled "A supplement to an act entitled 'An act creating a department to be known as the Board of Commerce and Navigation, and vesting therein all the powers and duties now devolved by law upon the Board of Riparian Commissioners, the Department of Inland Waterways, the Inspec-

tors of Power Vessels and the New Jersey Harbor Commission,' " approved April eighth, one thousand nine hundred and fifteen,

The objections of the Governor to the contrary notwithstanding.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

The veto message was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly: April 5th, 1920.

I return herewith, without my approval, Assembly Bill No. 71, being a supplement to the act creating the Department of Commerce and Navigation.

The purpose of this proposed act is to require the Department of Commerce and Navigation to grant, without the payment of consideration therefor, the State's rights in lands now or formerly under tide water to either the State Highway Commission or any board of freeholders, when deemed necessary by the latter to construct a bridge to pass over such lands.

In the first place, I doubt the constitutionality of this measure.

In the second place, I believe the discretion should be left with the Department of Commerce and Navigation as to the desirability of making such grants.

Respectfully,
[SEAL] EDWARD I. EDWARDS,
Attest: *Governor.*

J. HARRY FOLEY,
Secretary to the Governor.

The message was laid over under the rules.

Mr. Smith offered the following resolution, which was read and adopted:

Resolved, That the members of the Senate recognize the uniform courtesy and ready assistance at all times shown them by the Secretary, William H. Albright, and hereby tender him our grateful thanks for his faithful performance of the duties of his office.

Mr. Brown offered the following resolution, which was read and adopted:

Resolved, That the Senate express its sincere hope for the speedy recovery of the Honorable Harry T. Hagaman from his present illness.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
April 15th, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following concurrent resolution:

WHEREAS, Senate amendments to Second Committee Substitute for Assembly Bill No. 416 and Senate Bill No. 295 have not yet been acted upon by the House, and the House has made them a special order of business for next Wednesday, April 21st, 1920, at noon;

Resolved (the Senate concurring), That both houses shal give them special consideration for such action as may be necessary in either house, it being understood that Second Committee Substitute for Assembly Bill No. 416 and Senate Bill No. 295, be the only bills that are to be taken up by either house outside of the consideration of any messages from the Governor or of bills vetoed by him.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

On motion of Mr. Allen, the Senate concurred in the House concurrent resolution.

On motion of Mr. Allen, the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Bright, Brown, Case, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—20.

On motion of Mr. Allen, the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Bright, Brown, Case, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—20.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That all bills on the desk of the President and Secretary and in the possession of the various committees of the Senate not acted upon be filed by the Secretary with the State Librarian as dead bills.

In accordance with the direction of the President, the Secretary carried the following bills to the House of Assembly and informed it that the Senate had passed the same, and requests its concurrence therein:

Assembly Bills Nos. 416, with Senate amendments; 337, with Senate amendments; 245, with Senate amendments, and Senate Concurrent Resolution No. 5.

Senate Bills Nos. 251, 222, 149, 162

Having passed both houses, were delivered to the Committee on Passed Bills, with the following certificate endorsed on each of the same:

"I certify that this bill originated in the Senate."

"WILLIAM H. ALBRIGHT,
"Secretary of the Senate."

Said bills were then reported by Mr. Charles D. White, chairman of the Committee on Passed Bills, as having been received from the Secretary of the Senate, and this day delivered to the Governor for his approval.

In accordance with the direction of the President, the Secretary carried the following bills to the House of Assembly, and informed it that the Senate had passed the same:

Assembly Bills Nos. 491, 71, 149, 274, 392, 467, 542, 545, 123, 124, 275, 397, 200, J. R. No. 8, J. R. No. 7.

Senate Concurrent Resolution No. 3,

Having passed both Houses was delivered to the Committee on Passed Bills with the following certificate endorsed thereon:

"I certify that this concurrent resolution originated in the Senate.

"WILLIAM H. ALBRIGHT,
"Secretary of the Senate."

Said concurrent resolution was then reported by Mr. Charles D. White, Chairman of the Committee on Passed Bills, as having been received from the Secretary of the Senate, and this day delivered to the Secretary of State.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That in accordance with the concurrent resolution adopted April 7th, 1920, and concurred in by the House of Assembly on April 7th, 1920, the Senate do now take a recess until April 21st, 1920, at 11 o'clock A. M., on said date.

On motion of Mr. Allen, the Senate then adjourned.

WEDNESDAY, April 21st, 1920.

At 11 o'clock A. M. the Senate met.

The session was opened with prayer by the Rev. Edward G. Read, D.D., Plainfield, N. J.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Allen, Barber, Bright, Brown, Case (President), Haines, Heath, Kays, Mackay, Martens, Reeves, Runyon, Smith, Stevens, Sturgess, Whitney—16.

On motion of Mr. Allen, the further reading of the Journal of April 12, 13, 14, 15, 1920, was dispensed with.

Mr. Allen moved that the Senate take a recess until 12:15.

Which was agreed to.

Upon the conclusion of which and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call.

Messrs. Allen, Barber, Bright, Brown, Case, Haines, Heath, Kays, Mackay, Martens, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Charles D., Whitney—18.

Mr. Allen moved that the Senate take a recess until 2:45.

Which was agreed to.

Upon the conclusion of which and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call.

Messrs. Allen, Barber, Bright, Brown, Case, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White, Blanchard H., White Charles D., Whitney—20.

Mr. Allen offered the following resolution, which was read and adopted.

Resolved by the Senate (the House of Assembly concurring), That the Comptroller of the Treasury be, and is hereby requested to draw the salary warrants and warrants for the additional

fifteen per cent., pursuant to Chapter 94, Laws of 1920, for the employees of the Senate and House, on Friday, April 23, 1920, and that same be delivered to the Secretary of the Senate, and Clerk of the House, respectively.

On motion of Mr. Allen the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Bright, Brown, Case, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—20.

A message was received from the Governor, by the hands of Mr. J. Harry Foley, his Secretary, endosred "Nominations."

Veto messages were received from the Governor, by the hands of his Secretary, J. Harry Foley.

Mr. Allen moved that the messages be received without reading in full and spread upon the Journal, and that the Secretary read the number of each bill.

Which motion was agreed to.

Following were the veto messages received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 21st, 1920.

To the Senate:

I return, without approval, Senate Bill No. 177. The effect of this measure is to authorize the Passaic Valley Sewerage Commission to have work done upon the project which it is authorized to carry out without limitation in cost and without

securing bids as the result of public advertising. The settled policy of the State for many years has been to require that contracts be let as the result of competition obtained through the medium of public advertising, and I am strongly opposed to any departure from that method. Of course, I must not be understood as intending to reflect upon the integrity of the gentlemen who are serving upon the Passaic Valley Sewerage Commission.

Respectfully,

[SEAL] EDWARD I. EDWARDS,

Attest: *Governor.*

J. HARRY FOLEY,

Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 21st, 1920.

To the Senate:

I return, without my approval, Senate Bill No. 304, being a supplement to the Home Rule Act of 1917. An examination of the bill is sufficient to disclose the reason for its rejection, viz., its failure to include appropriate language in the body of the bill identifying the statute intended to be supplemented.

Respectfully,

[SEAL] EDWARD I. EDWARDS,

Attest: *Governor.*

J. HARRY FOLEY,

Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 21st, 1920.

To the Senate:

I return, without approval, Senate Bill No. 282, being "An act providing for the valuation of Street railway property in this State."

This bill, as I understand it, was passed as a substitute for Assembly Bill No. 51, introduced by Mr. Gaede, of Hudson County. Both measures were called into being as a result of the public demand, in the last campaign for Governor, that properties of public utility companies should be appraised—it having been made to appear that the charges of such companies were increased without such valuation having been made.

The majority party in the House saw fit to defeat the Gaede bill, and the bill now returned is the only measure designed to meet the public demand which the majority party permitted to pass.

I am anxious, of course, to have some legislation which will produce an immediate valuation of public utility property. I am forced, however, to return this bill unapproved for these reasons:

First: The bill is limited in its application to the valuation of street railway property; therefore, the properties of the Public Service Gas Company, the Public Service Electric Company and other similar utilities would escape valuation.

Second: The scope of the investigation and valuation under the bill in question is limited to the physical property. If that is not so the best that can be said for the language defining the scope of the investigation is that it is vague and indefinite—Section one providing for a commission "for the purpose of ascertaining and determining the value of all the property, including every proper and lawful element thereof," etc. The Gaede bill, section nine thereof, provides for "the ascertainment and determination of the value of all the property of any or all public utilities and the ascertainment and determination of the amount of moneys or other thing of value actually invested in the property owned, leased or controlled by said public utility and as well the amount of capital stock, bonds, scrip, certificates of indebtedness, notes or other securities or obligations issued by said public utility, or by any lessor, subsidiary, predecessor, or underlying company, and the amount and character of the consideration received or paid therefor."

Contrast the definite, specific direction contained in the Gaede bill with respect to the extent and scope of the inquiry to be made with the litigation-creating language of the bill now returned, and you will understand why I cannot approve this measure. Instead of authorizing an investigation into the issuance, or alleged issuance, of stock and bonds without consideration, this bill limits the investigation to the valuation of the utility property. Just what is meant by the phrase "including every proper and lawful element thereof" I do not know, but it is an invitation to litigation.

Third: This bill, instead of creating an independent board, as the Gaede bill does, provides for a commission, consisting of the Governor, the State Treasurer and the State Comptroller. Of course, it is not the result of design, but it might develop, if this bill became a law, that the Governor, under Paragraph 8 of Article 5 of the Constitution, would have to decline to serve on the commission. The result would be that the administration of the powers conferred by this bill would rest with the State Treasurer and the State Comptroller only.

There is an additional reason for withholding my approval of this bill, to which I hesitate to refer, but nevertheless I feel that I must. It is this. The issue as to whether the important public affairs of this State were to be administered by the Democratic or Republican party was presented to the people at the last election. One of the questions involved in that contest was the matter of public utility charges and their regulation. I regard the result of the last Gubernatorial campaign as an expression on the part of the people that they desire the present incumbent of the Governor's office to be vested with the power and authority to cause this valuation to be made. This measure frustrates such expressed desire.

Respectfully,
[SEAL.] EDWARD I. EDWARDS,
Attest: *Governor.*
J. HARRY FOLEY,
Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 21st, 1920.

I return, without approval, Senate Bill No. 305. I do not approve this bill for the following reason:

Its purpose is to give the judge of the Common Pleas Court of any county bordering upon the Atlantic ocean a salary increase—in such amount as the Supreme Court Justice sitting in that locality may regard as reasonable, but not exceeding thirty-three and one-third per cent. of the present salary.

The bill confers upon the judiciary powers which are purely legislative—the fixing of salaries of State officials.

Respectfully yours,
EDWARD I. EDWARDS,
Attest: *Governor.*
J. HARRY FOLEY,
Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 21st, 1920.

I return, without approval, Senate Bill No. 156. It is a bill to amend an act approved March 24th, 1904. The title of the act is erroneously stated in the bill so as to include in the employments regulated newspaper plants, printeries and commercial

laundries. The title of the original act was changed in 1914 by Chapter 60 of that year, and again by Chapter 236. The latter of the two statutes amended the title of the Act of 1904 so as to eliminate the above industries. So far as I can find there has been no subsequent change in the title of such act. I therefore believe the bill to be defective.

Respectfully,
EDWARD I. EDWARDS,
Governor.

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 21st, 1920.

To the Senate:

I return, without approval, Senate Bill No. 307. Inasmuch as I have returned Senate Bill No. 297 without approval, it necessarily follows that this bill must be dealt with in the same manner.

Respectfully,
EDWARD I. EDWARDS,
Governor.

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 21st, 1920.

To the Senate:

I return, without approval, Senate Bill No. 203. The bill, in my judgment, is an improper exercise of legislative power in that it deprives one of the State departments of the opportunity of exercising any discretion as to the propriety of reimbursing counties which may have gone to expense in improving part of the State Highway System.

Even if the claim of any such county be a proper one I see no reason why the hands of the State Highway Commission or its successors in office should be tied and they should be thereby prevented from investigating into the merits of any such claim.

Respectfully,
EDWARD I. EDWARDS,
Governor.

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 21st, 1920.

I return, without approval, Senate No. 292,—being a bill to amend a supplement to the act to incorporate associations not for pecuniary profit. One of the purposes of this measure is to confer the power and authority of peace officers upon such persons who may be elected members of such association. Neither the State nor any of its municipalities has any control over the selection of the individuals who are to be given such powers, the sole judges of their qualifications and fitness being the trustees of the association. I am not in sympathy with the policy of such legislation.

Respectfully,
EDWARD I. EDWARDS,
Governor.

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 21st, 1920.

I return, without approval, Senate Bill No. 170,—being a bill to amend the Small Cause Court Act, for the reason that there is no enacting clause included in the bill.

Respectfully,
EDWARD I. EDWARDS,
Governor.

Attest:
J. HARRY FOLEY,
Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: April 21st, 1920.

I return, without approval, Senate Bill No. 264. This measure is intended to authorize the maintenance of actions by contractors against the State, or any of its subdivisions, to cover the increased cost occasioned to such contractor by reason of the recent war in excess of the prices to be paid under the provisions of his contract.

While I have approved three or four measures which may be regarded as similar in their effect to Senate No. 264, there is this essential difference. Such measures are permissive, and leave with the governing body of the affected community discretion as

to whether such claims should be paid or not. This bill entitles the contractor to enforce the collection of and have judgment for any increased cost occasioned to him as a result of the said conditions. I am very fearful that if this bill were to become law, and it should be held constitutional, the result would be that the State and its municipalities would face many claims or suits for damages which would have no merit or basis in fact.

Respectfully,

[SEAL] EDWARD I. EDWARDS,

Attest: *Governor.*

J. HARRY FOLEY,

Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 21st, 1920.

To the Senate:

I return, without approval, Senate Bill No. 297. It is the proposed act to authorize the execution, on the part of New Jersey, of a compact or agreement with New York for the development of the Port of New York.

I have examined the proposed treaty with some care, and find these objections to it. First, the powers granted under Article 6 cannot be exercised by the port authority until the Legislatures of both States shall have approved of a comprehensive plan for the development of the port. It seems to me that if we postpone entering into the treaty until the comprehensive plan is prepared and submitted for consideration, greater and more speedy progress will be made. In other words, I think we should ascertain now what objection there is or may be to the plan, rather than after the treaty is signed. If objections should appear or be made to the plan they can be better dealt with, in my judgment, in the proposed treaty than by attempting to amend the treaty.

Second: Article 10 provides that no city within the port district shall be bound by the comprehensive plan unless and until it has approved of the same. After the adoption of the plan or plans by the Legislatures of both States no modification in such plan or plans shall be made except by the port authority, with the approval of the municipality or municipalities directly affected by such modification. Just what is meant by the provision that no city within the port district "shall be bound" by the comprehensive plan I cannot determine, but it seems to me that such provision constitutes a weakness. Either the port authority should be created with full and complete power in the

premises—organized and authorized to function as a vigorous and virile body, or not at all. This is another reason, it seems to me, why a plan should be submitted and determined upon before the treaty is entered into.

I recognize that the commissions of both States appointed to draft this treaty have given a great deal of time to the matter and have done much work in connection therewith. I am sure this State is indebted to them for that.

I do not regard this veto as a final rejection of the policy of improving the Port of New York as a whole, rather as a means of securing real progress toward the final and complete end.

Respectfully,
EDWARD I. EDWARDS,
Governor.

J. HARRY FOLEY,
Secretary to the Governor.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
April 21st, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following Concurrent Resolution:

Resolved by the Senate (the House of Assembly concurring), That the Comptroller of the Treasury be, and is hereby requested to draw the salary warrants and warrants for the additional fifteen per cent., pursuant to Chapter 94, Laws of 1920, for the employees of the Senate and House, on Friday, April 23, 1920, and that same be delivered to the Secretary of the Senate, and Clerk of the House, respectively.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

On motion of Mr. Allen, the bills and vetoes attached thereto be laid over under the rules.

On motion of Mr. Allen the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

In accordance with the direction of the President, the Secretary carried the following bill to the House of Assembly, and informed it that the Senate had passed the same, the Governor's objections thereto notwithstanding:

Assembly Bill No. 251.

In accordance with the direction of the President, the Secretary carried the following bills to the House of Assembly, and informed it that the Senate had passed the same, the Governor's objections thereto notwithstanding, and requests its concurrence therein:

Senate Bills Nos. 177, 203, 282, 305.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved by the Senate (the House of Assembly concurring), That both Houses of the Legislature take a recess on April 28th, 1920, until May 5th, 1920, at 11 o'clock A. M., and that on May 5th, 1920, at 11 o'clock A. M., both Houses of the Legislature reassemble.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
Gentlemen of the Legislature: April 28th, 1920.

The hour of the adjournment of the Legislature of the State of New Jersey for the present session being at hand, it seems well to call your attention publicly to some matters of great interest

to the citizens of this State, rather than to wait until the adjournment of your honorable body has occurred and then indulge in profitless criticism of the failure of the Legislature to adopt constructive or corrective measures.

I notice from the record of the Legislature that little or nothing has been done toward passing laws which might, in some degree at least, relieve the housing situation. It seems to me that honest and industrious people who find themselves with no roofs over their heads may well indulge in a feeling of unrest and dissatisfaction with the government which is so impotent to deal with their needs. There are some ways in which this matter could be dealt with by the Legislature that I think would in some measure afford a degree of relief and aid our people who are laboring under this very serious deprivation. The condition is caused, as you well know, by the failure of building to keep pace with the needs of the people. In other words the supply does not meet the demand, and under this situation many unscrupulous people are taking advantage of the necessity of the public and promoting the rents to exorbitant figures, but I believe that some relief can be extended to the people through the passage of House Bill No. 455, now pending in the Senate. This bill grants power to municipalities to construct homes and to sell and lease them to the people of such municipalities. It is a permissive measure and carries a referendum feature, so that its provisions remain inoperative until assented to by the voters of such municipalities as desire to operate under its provisions.

It may not be the best thing to do, but at least it is a move in the direction of providing a means of meeting the demand for housing accommodations.

I urge upon you that before you adjourn you pass this or some other bill granting such powers.

2. The public utilities situation also, I think, should meet with more serious consideration than it has had at the hands of your body. The people of this State have made up their minds not to be further exploited by public utility interests so that unfair earnings will be extorted from the people upon watered stock. Under these circumstances, if the Legislature does not pass the bills advocated by me in an earlier message, yet something definite and sincere should be done to meet this situation so that the public will not be at the mercy of manipulators of public utilities stocks. Capital itself, of course, is most essential to the well-being of any people. Capital should be protected and safeguarded in every way that it can be, as well from the unwise

legislation springing from the clamor of uninformed people as from the restrictions that would be imposed by economic faddists, but there still remains the fact that wise and healthy capital does not need legislative coddling, and the Legislature of this State should see to it that the people of this State are not forced to pay unfair earnings upon the stock of companies which does not represent actual value, and that no subterfuge should be allowed to receive legislation approbation which would lend face to the attempt by certain public utilities corporations to give artificial value to that which has no value. Legislation should be rather enacted that will protect the public and see that only such rates, fares and prices are charged by those dealing in public necessities, such as transportation, heat and light as will represent a fair investment upon capital actually invested and a return upon business sagacity and enterprise. I, therefore, urge that you pass the Gaede valuation measure, introduced at my instance, which could be reintroduced by consent, so that something be done to relieve the situation as it now exists.

While I realize that the Legislature is controlled by the party opposite to that to which I hold allegiance, yet I am eager to work with the Legislature, and distinctly disavow the idea of trying to make political capital out of the unfortunate conditions, which are almost calamitous, and which affect the well-being of our people in many ways. I am quite willing to receive suggestions from the Legislature and to co-operate with them in any way to see if we cannot relieve these conditions. I think it is most regrettable that in such a situation as this the Legislature should adjourn without taking any action. My only desire is to have something done to relieve the situation that I have described and others which will occur to the Legislature without my suggestion. I, therefore, request you, in the name of the people of the State of New Jersey, not to adjourn until some definite action is taken in these pressing matters which surround us and irresistibly demand solution. We are confronted with facts which cannot be escaped by sophistry or by procrastination. What the people of our State demand is action. I will, therefore, ask you whether you regard my suggestions in the line of action as wise or not, to at least heed the demands which you must know are being voiced by the people of the State to act.

Respectfully,

[SEAL.] EDWARD I. EDWARDS,
Governor.

Attest:

J. HARRY FOLEY,
Secretary to the Governor.

Mr. Allen moved that the further reading of the message be dispensed with, and the usual number of copies be printed.

Which was agreed to.

Mr. Allen moved that the Senate take a recess for five minutes.

Which was agreed to.

Upon the conclusion of which and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Mr. Allen moved that the vote by which concurrent resolution was passed be reconsidered.

Which was agreed to.

Mr. Allen asked unanimous consent to withdraw the said concurrent resolution.

Which was agreed to.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That when the Senate adjourn, it be to meet on Thursday morning at 10 o'clock.

Mr. Allen moved that the Senate take a recess until 8:30 P. M.

Which was agreed to.

Upon the conclusion of which, and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call.

Messrs. Allen, Bright, Brown, Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Simpson, Smith, Stevens Sturgess, White Blanchard H., White Charles D.—17.

The following communication from Mr. Case (President), was received and read:

April 28th, 1920.

Hon. William H. Albright, Secretary of the Senate, Trenton:

SIR—Owing to my inability to be present at this day's session

of the New Jersey Senate, and pursuant to the authority in me vested in and by Senate Rule No. 5, I do hereby designate and appoint Senator Wm. B. Mackay to perform the duties of the Chair during the session of said Senate appointed to be held this day.

In witness whereof, I have hereunto set my hand the day and year first above written.

CLARENCE E. CASE,
President of the Senate.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
April 28th, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bills:

Assembly Bill No. 262, entitled "An act to regulate elections (Revision, 1920),"

The Governor's objections thereto notwithstanding.

Committee Substitute for Assembly Bill No. 39, entitled "A supplement to an act entitled 'An act for the assessment and collection of taxes,'" approved April eighth, one thousand nine hundred and three,

The Governor's objections thereto notwithstanding.

And

Assembly Bill No. 111, entitled "An act to amend an act entitled 'An act concerning municipal accountants,'" approved March fourth, one thousand nine hundred and eighteen,

The Governor's objections thereto notwithstanding.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Mr. Allen moved that the House message be laid over under the rules.

Which was agreed to.

On motion of Mr. Allen, the Senate adjourned.

THURSDAY, April 29th, 1920.

At 10 o'clock A. M. the Senate met.

The session was opened with prayer by the Rev. Edward G. Read, D.D., of Plainfield, N. J.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Allen, Barber, Bright, Brown, Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Smith, Stevens, Sturgess, White Charles D., Whitney—18.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That when the Senate adjourn, it be to meet on Monday morning, at 11 o'clock, and that when it then adjourn it be to meet on Wednesday morning at 11 o'clock.

The following communication from Mr. Case (President) was read:

April 29th, 1920.

Hon. William H. Albright, Secretary of the Senate, Trenton:

SIR—Owing to my inability to be present at this day's session of the New Jersey Senate, and pursuant to the authority in me vested in and by Senate Rule No. 5, I do hereby designate and appoint Senator Pilgrim to perform the duties of the Chair during the session of said Senate appointed to be held this day.

In witness whereof, I have hereunto set my hand the day and year first above written.

CLARENCE E. CASE,
President of the Senate.

The House message was taken up, and Assembly Bill No. 262 with the veto of the Governor attached was read.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 21st, 1920.

To the House of Assembly:

I return, without my approval, Assembly Bill No. 262. This is the bill which revises the present Election Law. It consists of two hundred and thirty-three printed pages. I have had but five days within which to make any examination of this measure, and

have been handicapped to some extent by having to dispose of some two hundred other bills.

So far as I can find from my examination of the measure, the principal changes made by the bill will take from the Governor his present control over the appointment of county boards of election, and will create a new form of ballot. The new ballot, while it has been improved, I think, as the result of the Senate amendment, does not present an improvement in any system of voting. It facilitates the voting of straight party tickets, and in my opinion makes it difficult for the expression of independent thought. The present ballot and the present election law have been found to work satisfactorily, and I do not believe there is any need of making such radical changes. There has been no public demand for any such change, and I am convinced the people are satisfied with the present system.

Respectfully,

[SEAL.] EDWARD I. EDWARDS,
Governor.

Attest:

J. HARRY FOLEY,
Secretary to the Governor.

Assembly Bill No. 262, entitled "An act to regulate elections (Revision, 1920),"

Vetoed by the Governor, was taken up.

Upon the question, "Shall this bill pass, the Governor's objections notwithstanding?" it was decided as follows:

In the affirmative were—

Messrs. Allen, Bright, Hagaman, Haines, Mackay, Pilgrim, Reeves, Smith, Stevens, Sturgess, White Charles D. —11.

In the negative were—

Messrs. Barber, Brown, Heath, Kays, Martens, Runyon, Whitney—7.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, notwithstanding the Governor's objections thereto.

Mr. Heath moved that the vote by which the resolution to file all bills not acted upon in the State Library was passed be reconsidered.

Mr. Mackay raised the point of order that the motion by Mr. Heath was not properly before the Senate in view of the concurrent resolution passed by the House and Senate on April 15th.

The President declared the point of order not well taken, as the motion applied only to the Senate resolution.

The motion on roll call was lost by the following vote:

In the affirmative were—

Messrs. Barber, Brown, Heath, Kays, Martens, Runyon—6.

In the negative were—

Messrs. Allen, Bright, Hagaman, Haines, Mackay, Pilgrim, Reeves, Sturgess, White Charles D., Whitney—10.

The President announced the motion of Mr. Heath lost.

The House message was taken up, and Assembly Bill No. 111, with the veto of the Governor attached, was read:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly: April 21st, 1920.

I return, without my approval, Assembly Bill No. 111.

This measure broadens and amplifies the power of the Commissioner of Municipal Accounts. It subjects licensed accountants to regulation by such official and permits the revocation of an accountant's license for failure to make proper audits.

While the bill gives the accountant a chance to have the Commissioner's determination reviewed, the proceedings, which are upon affidavits, do not give full opportunity for the accountant to demonstrate his innocence. A situation might arise where he could not secure the voluntary affidavit of some witness, and under those circumstances he should have the chance to subpœna witnesses and take proofs.

Respectfully,

[SEAL.] EDWARD I. EDWARDS,
Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly: April 21st, 1920.

I return, without approval, Committee Substitute for Assembly Bill No. 39.

The purpose of this bill is to confer tenure of office upon secretaries of county boards of taxation. The present incumbents of such positions, if this bill becomes law, before being discharged from the service will have to be given a trial upon charges. While that policy is no doubt a correct one with respect to many positions, I do not believe it should be made to apply to secretaries of county boards of taxation. They occupy a more or less confidential relation toward the members of the Board, and, in my judgment, in order to secure efficient service, it is necessary to retain in the board power to dismiss the incumbent of such position.

Respectfully,
[SEAL.] EDWARD I. EDWARDS,
Governor.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Second Committee Substitute for Committee Substitute for Assembly Bill No. 416, entitled "An act authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State in an amount not exceeding twenty-eight million dollars for the purpose of paying the cost of extending the system of State highways by the construction of bridges and tunnels for vehicular or other traffic across the Delaware and Hudson rivers, or either of them; providing the ways and means to pay the interest of such debt and also to pay and discharge the principal thereof; and providing for the submission of this law to the people at a general election,"

The objections of the Governor to the contrary notwithstanding.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

In accordance with the direction of the President, the Secretary carried the following bill to the House of Assembly, and informed it that the Senate had passed the same, the Governor's objections thereto, notwithstanding:

Assembly Bill No. 262.

The veto message of the Governor attached to Assembly Bill No. 416 was read, ordered spread in full on the Journal, and the bill laid over under the rules.

The message follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
May 4th, 1920.

To the House of Assembly:

I return herewith, unapproved, Second Committee Substitute for Committee Substitute for Assembly Bill No. 416.

It is the bill authorizing the issuance of bonds for New Jersey's share of the cost of constructing the Hudson River Tunnel and the Delaware River Bridge. The bill as originally passed by your body would have proved satisfactory to me. However, the Senate chose to make a radical change in the measure by amending it so as to provide for a State tax. Under the amended bill it will be necessary to levy a tax on all of the property in the State sufficient to realize the moneys necessary to pay the yearly interest on all outstanding bonds, as well as the annual amortization requirements, until such time as the revenues from the operation of the bridge and tunnel shall be sufficient therefor.

Before discussing the practical effect of the language of the amendment, I desire to say that I cannot approve this measure because it is contrary to the position taken by both parties in the recent campaign for Governor. Furthermore, I am opposed in principle to the imposition of a tax as a means of raising the moneys for this project. I believe that the revenues of the State, if economically and judiciously expended, will be sufficient to meet the annual interest and amortization requirements until the tunnel and bridge are on a revenue-producing basis.

It is my opinion that the increased revenue required to meet the interest and amortization requirements can be better and more equitably obtained, if the present revenues of the State are insufficient, by the passage of Assembly Bill No. 468, which bill provides for an increase in the rates of tax chargeable against decedents' estates. This bill was prepared by the Transfer Inheritance Tax Bureau of the Department of the Comptroller of the Treasury, and was introduced by Mr. Evans, of Passaic county, on March 1st, 1920. It is difficult to definitely state the amount of the increased revenue which the passage of this bill would provide, but an estimate of $1,500,000 appears reasonably conservative.

There is an almost total absence of meritorious objection to this bill, and there is also a positive necessity for its passage. I personally explained this to the leaders of the majority and minority of the Legislature, and expressed the wish that the bill would receive favorable action.

Furthermore, I fear the defeat of the bond measure when submitted to the people at the coming general election if it is understood that the bill which they are voting on is violative of the pledges made by both parties with respect to the direct tax feature.

It must not be forgotten that in addition to this bond issue the

people will be asked to also authorize some twelve or thirteen million dollars for soldiers' bonus bonds. The cost of living to-day (of which taxation forms no inconsiderable part) is so burdensome that I personally believe the people unwilling to shoulder any more expense. To pass a measure of this kind in the present situation is to invite its rejection by the people.

Coming now to the form of the amendment, I want to call your attention to the confusion that arose following the passage of the Edge Road Tax Act as to whether or not railroad and canal property of all classes was to be subject to the tax. I fear the same question will be raised as to this tax. Secondly, the basis of the apportionment of the tax fails to take into account the vast volume of property which is not subject to taxation for municipal purposes. In that respect the amendment is either unworkable or does injustice to those communities which do not have located within their territorial limits personal property of utility corporations.

Accordingly, I must return this bill without my approval. I regret the necessity of such action, as I regard the improvements in question of tremendous importance, both to North and South Jersey, but, as I have said, to submit this bill to the people means its defeat. It might mean the ultimate defeat of the project, because when once voted on it will be exceedingly difficult, if not impossible, to secure favorable action thereon. For my part, I would rather postpone action for one year and secure a measure which would be acceptable than to submit one which I regard as unacceptable, and have that rejected.

Respectfully,

EDWARD I. EDWARDS,

Governor.

J. HARRY FOLEY,

Secretary to the Goevrnor.

In the affirmative were—

Messrs. Allen, Case (President), Hagaman, Haines, Kays, Reeves, White Charles D.—7.

In the negative were—

Messrs. Barber, Brown, Heath, Martens, Runyon, Stevens, Whitney—7.

The President announced that the House amendments to Senate Bill No. 295 were not concurred in.

Mr. Heath offered the following concurrent resolution, which was read:

Be it resolved by the Senate (the House of Assembly concurring), that further consideration be given by the One Hundred and Forty-Fourth Legislature to Assembly Bill No. 519.

Upon roll call the resolution was declared lost by the following vote:

In the affirmative were—

Messrs. Barber, Brown, Heath, Martens, Runyon, Stevens, Whitney—7.

In the negative were—

Messrs. Allen, Bright, Case (President), Hagaman, Haines, Smith, White Charles D.—7.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That when the Senate adjourn it be to meet on Friday morning at 11 o'clock, and that when it then adjourn it be to meet on Tuesday morning at 11 o'clock.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That 500 copies in pamphlet form of Assembly Bill No. 262, known as the Election Law, be printed for the use of the Secretary of State and the Senate.

Mr. Allen offered the following concurrent resolution, which was read and adopted:

WHEREAS, The Senate has refused to concur in the House amendments to Senate Bill No. 295,

Resolved by the Senate (the House of Assembly concurring), That a conference committee of three Senators be appointed by the President of the Senate, and three members of the House by the Speaker of the Assembly for the purpose of further considering Senate Bill No. 295.

The President announced the Senate Committee as follows: Senators Allen, Hagaman and Brown.

Mr. Runyon offered the following concurrent resolution, which was read and adopted:

Be it resolved by the Senate (the House of Assembly concurring), That the President of the Senate appoint a committee of three members of the Senate, and the Speaker of the House also appoint a committee of three members of the House, said combined committee to study the questions of renting and housing in this State, and report its findings and recommendations to the Legislature at the earliest opportunity.

The resolution was adopted upon roll call by the following vote:

In the affirmative were—

Messrs. Allen, Bright, Brown, Case (President), Haines, Heath, Martens, Runyon, Smith, Stevens, Whitney—11.

In the negative—None.

President Case announced the committee as follows: Senators Runyon, Pilgrim and Simpson.

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
Mr. President: May 5th, 1920.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following concurrent resolution:

WHEREAS, The Senate has refused to concur in the House amendments to Senate Bill No. 295,

Resolved by the Senate (the House of Assembly concurring), That a conference committee of three Senators be appointed by the President of the Senate, and three members of the House by the Speaker of the Assembly for the purpose of further considering Senate Bill No. 295.

And that the Speaker has appointed as the conferees on the part of the House Messrs. Wallworth, Hastings and Gaede.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
Mr. President: May 5th, 1920.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following concurrent resolution:

Be it resolved by the Senate (the House of Assembly concurring), That the President of the Senate appoint a committee of three members of the Senate, and the Speaker of the House also appoint a committee of three members of the House; said combined committee to study the questions of renting and housing in this State, and report its findings and recommendations to the Legislature at the earliest opportunity.

And that the Speaker has appointed as the committee, on the part of the House—Messrs. Hershfield, Barrett and Evans.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

On motion of Mr. Allen, the Senate then adjourned.

FRIDAY, May 7th, 1920.

Mr. Heath took the chair as President.

Under the direction of the President, the Secretary called the Senate, when the following Senator appeared and answer the call:

Mr. Heath—1.

As there was no quorum present, the Senate then adjourned.

TUESDAY, May 11th, 1920.

At 11 o'clock A. M. the Senate met.

The session was opened with prayer by the Rev. Edward G. Read, D.D., Plainfield, N. J.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Allen, Barber, Brown, Case (President), Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Sturgess, White Blanchard H., White Charles D., Whitney—19.

On motion of Mr. Allen, the further reading of the Journal of May 5th, 1920, was dispensed with.

Mr. Allen moved that the vote by which the Senate refused to concur in the Assembly amendments to Senate Bill No. 295 be reconsidered.

Which motion, upon roll call, was decided as follows:

In the affirmative were—

Messrs. Allen, Case (President), Haines, Heath, Mackay, Reeves, Runyon, Simpson, Smith, Sturgess, White Blanchard H., Whitney—12.

In the negative—None.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate: May 11th, 1920.

There would seem to be no need for me to call your attention to the necessity for action to relieve the present crisis in the housing of the people of our State. Indeed, that you are alive to the urgency of the matter is evidenced by the appointment of special committees of your bodies under instructions to report to you before the present session closes.

I understand bills have been prepared by those committees for introduction to-day. I trust no one will withold his consent to

their introduction or to their consideration as soon as may be possible.

Your special committees are entitled to the thanks of the people of the State for the earnest manner in which they took hold of the problem and for the quick results. Their action is proof of the real need for relief.

I will not rehearse the facts; the conditions are known to everyone; the untoward effects and suffering resulting from the lack of proper housing accommodations are visited upon all the people of the State; the situation is acute and critical. We would be derelict in the discharge of our duty were we to fail to help.

I urge upon you, therefore, that you pass the legislation proposed by the committees.

EDWARD I. EDWARDS,
Governor.

Attest:

J. HARRY FOLEY,
Secretary to the Governor.

Mr. Allen moved that the message be received and spread in full upon the Journal.

Which was agreed to.

Mr. Smith moved that Assembly Bill No. 416 be passed, the Governor's objections thereto notwithstanding.

Second Committee Substitute for Committee Substitute for Assembly Bill No. 416, entitled "An act authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State in an amount not exceeding twenty-eight million dollars for the purpose of paying the cost of extending the system of State highways by the construction of bridges and tunnels for vehicular or other traffic across the Delaware and Hudson rivers, or either of them; providing the ways and means to pay the interest of such debt and also to pay and discharge the principal thereof; and providing for the submission of this law to the people at a general election,"

Vetoed by the Governor, was taken up.

Upon the question, "Shall this bill pass, the Governor's objections notwithstanding?" it was decided as follows:

In the affiramtive were—

Messrs. Allen, Case (President), Hagaman, Haines, Mackay, Pilgrim, Reeves, Runyon, Smith, Sturgess, White Blanchard H., White Charles D., Whitney—13.

In the negative were—

Messrs. Barber, Brown, Heath, Kays, Martens—5.

The Secretary was directed by the President to carry said bill to the House of Assembly and inform that body that the Senate has passed the same, notwithstanding the Governor's objections thereto.

Mr. Allen moved that the Senate take a recess until 2 P. M.

Which was agreed to.

Upon the conclusion of which, and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Brown, Case, Hagaman, Haines, Heath, Kays, Mackay, Martens, Reeves, Runyon, Simpson, Smith, Sturgess, White Blanchard H., White Charles D., Whitney—18.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
May 11th, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following concurrent resolution:

Resolved by the House of Assembly (the Senate concurring), That Senate Bill No. 295, with Assembly amendments, be recalled from the Senate for further consideration by the House of Assembly.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Mr. Allen moved that the Senate concur in the above concurrent resolution.

Which was agreed to.

Mr. Allen moved that the Senate take a recess until 2:45 P. M.

Which was agreed to.

Upon the conclusion of which, and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

The folowing message was received from the House of Assembly, by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
May 11th, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bill:

Senate Bill No. 295, entitled "An act making appropriations for the support of the State government and for several public purposes for the fiscal year ending June thirtieth, one thousand nine hundred and twenty-one,"

With Assembly amendments.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Assembly amendments to Senate Bill No. 295 were read as follows:

Amend page 3, item A 3, line 3, by striking out the numerals 2,500 and insert in lieu thereof the numerals 5,000.

On line 18, strike out the total $85,990.00 and insert in lieu thereof the total $88,490.00.

Amend page 6, item A 9, line 8, by striking out the numerals $14, 500.00 and insert in lieu thereof the numerals $29,500.00.

Amend page 14, line 6, item C 9, by inserting after the word "examiners" the words "salary of members".

Strike out on the same line the numerals $2,590.00 and insert in lieu thereof the sum $7,090.00. Strike out the total amount $227,590.00 and insert in lieu thereof $232,090.00. Strike out,

on line 12, the total $230,950.00 and insert in lieu thereof the total $235,450.00.

On page 15, line 15, strike out the total $35,000.00 and insert in lieu thereof the following: "For a survey and plans for a beach channel between Manahawkin and Beach Haven, in Ocean county, $2,000.00.

Strike out, in line 16, the total $92,660.00 and insert in lieu thereof the sub-total $37,000.00. Add additional line, to be numbered 17, and to read final total of $94,660.00.

On page 36, section F, after line 32, and before line 33, insert the following: "For the purpose of carrying into effect the provisions of Chapter 75, Laws of 1920, $3,000.00."

Amend line 33, on same page, by striking out the total $214,700.00, and inserting in lieu thereof $217,700.00.

Amend page 45, item K 16, line 4, by striking out the numerals $13,500.00 and inserting in lieu thereof $18,000.00.

Mr. Allen moved that the Senate concur in the amendments.

Senate Bill No. 295, with Assembly amendments, was taken up, read three times, and upon the question, "Will the Senate concur in the House amendments to Senate Bill No. 295," it was decided as follows:

In the affirmative were—

Messrs. Allen, Barber, Brown, Case (President), Hagaman, Haines, Heath, Mackay, Reeves, Runyon, Simpson, Smith, Sturgess, White Blanchard H., White Charles D.—15.

In the negative—None.

The President announced that the House amendments to Senate Bill No. 295 were concurred in.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That when the Senate adjourn it be to meet on Friday morning at 11 o'clock, and that when it then adjourn it be to meet on Monday morning at 11 o'clock.

A message was received from the Governor, by the hands of Mr. J. Harry Foley, his Secretary, endorsed "Nominations."

On motion of Mr. Allen, the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Brown, Case, Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Sturgess, White Blanchard H., White Charles D., Whitney—19.

Senate Bill No. 295 having passed both Houses, was delivered to the Committee on Passed Bills with the following certificate endorsed on the same:

"I certify that this Bill originated in the Senate.

"WILLIAM H. ALBRIGHT,
"Secretary of the Senate."

Said bill was then reported by Mr. Charles D. White, Chairman of the Committee on Passed Bills, as having been received from the Secretary of the Senate, and this day delivered to the Governor for his approval.

Mr. Allen moved that the Senate take a recess until 3:45 P. M.

Which was agreed to.

Upon the conclusion of which, and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Brown, Case, Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Sturgess, White Blanchard H., White Charles D., Whitney—19.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
Mr. President: May 11th, 1920.

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following bills:

Assembly Bill No. 549, entitled "An act to limit increases in rents for premises used for dwelling purposes other than hotels, lodging houses or rooming houses,"

Assembly Bill No. 550, entitled "An act to repeal an act entitled 'An act to amend an act entitled "An act concerning District Courts"' " (Revision of 1898), approved June fourteenth, one thousand eight hundred and ninety-eight, approved April twenty-seventh, one thousand nine hundred and twenty,

Assembly Bill No. 551, entitled "An act to limit the jurisdiction of the District Courts of this State, in actions brought to dispossess any person from or to recover the possession of any premises used for dwelling purposes, other than a room or rooms in a hotel, lodging house, or rooming house,"

Assembly Bill No. 552, entitled "An act in relation to summary proceedings to dispossess persons from or to recover the possession of premises occupied for dwelling purposes, other than a room or rooms in a hotel, lodging house or a rooming house,"

Assembly Bill No. 553, entitled "A supplement to an act entitled 'An act concerning municipalities,' " approved March twenty-seventh, one thousand nine hundred and seventeen, relating to the relief of housing conditions growing out of the war,

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Mr. Allen protested against receiving the message of the House as being against parliamentary procedure, inasmuch as a concurrent resolution passed by both houses, and not having been rescinded, provided against the introduction of any further bills in either House.

President Case announced that the message from the House was in violation of the terms of the concurrent resolution.

Mr. Allen then moved that the message be received without prejudice to the Senate's right to take any action it might see fit; and that the bills enumerated in said message be referred to the special committee appointed by President Case on the housing problem—Senators Runyon, Pilgrim and Simpson.

The motion of Senator Allen was unanimously agreed to.

Mr. Runyon, Chairman of the Special Committee, announced that public hearings would be held on the bills in question in the cities of Jersey City, Newark, Trenton, and possibly other places.

On motion of Mr. Allen, the Senate adjourned.

FRIDAY, May 14th, 1920.

Mr. Heath took the chair as President.

Under the direction of the President, the Secretary called the Senate, when the following Senator appeared and answered the call:

Mr. Heath.

As there was no quorum present, the Senate then adjourned.

MONDAY, May 17th, 1920.

At 11 o'clock A. M. the Senate met.

The session was opened with prayer by the Rev. Edward G. Read, D.D., of Plainfield, N. J.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Allen, Barber, Bright, Case (President), Hagaman, Haines, Heath, Kays, Martens, Pilgrim, Runyon, Smith, Sturgess, White Blanchard H., White Charles D., Whitney—16.

On motion of Mr. Allen, the further reading of the Journal of May 11th, 1920, was dispensed with.

Mr. Allen moved that the Senate take a recess until 1:30 P. M.

Which was agreed to.

Upon the conclusion of which and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call.

Messrs. Allen, Barber, Bright, Case (President), Hagaman, Haines, Heath, Kays, Martens, Pilgrim, Runyon, Smith, Sturgess, White Blanchard H., White Charles D., Whitney—16.

The following message was received from the Governor, by the hands of J. Harry Foley, his Secretary, which was read as follows:

To the Senate:

I beg to advise that I have approved Senate Bill No. 295, being "An act making appropriations for the support of the State Government and for several public purposes for the fiscal year ending June thirtieth, one thousand nine hundred and twenty-one," with the following exceptions:

"Page 15, lines 15 and 16—For a survey and plan of a beach channel between Manahawkin and Beach Haven in Ocean county, two thousand dollars.

"Page 18, lines 22, 23, 24, 25 and 26—Carrying out the provisions of a bill pending entitled 'An act to prevent fraud in the sale and disposition of certain securities within the State of New Jersey, seventy-five hundred dollars,' "

I desire to suggest that you call to the attention of the Appropriations Committee the practice of making omnibus or blanket appropriations. Typical examples of what I have in mind may be found on page 15, Item D. 2, line 11, appropriating all receipts not disbursed before the end of the present fiscal year; and on page 29, Item E. 7, line 41. There are a number of similar appropriations throughout the bill. It is my thought that all receipts and unexpended balances of prior appropriations should at the end of the fiscal year remain in the general treasury, and that specific appropriations should be made for the purpose of meeting the expenses of the various departments. In no other way can the people be intelligently advised as to how much it costs to maintain the respective departments of the State.

Respectfully yours,

EDWARD I. EDWARDS,

[SEAL.] *Governor.*

Attest:

J. HARRY FOLEY,

Secretary to the Governor.

Mr. Allen moved that the message be received and lie over under the rules.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved, That when the Senate adjourn it be to meet on Tuesday evening at 8 o'clock.

On motion of Mr. Allen, the Senate adjourned.

TUESDAY, May 18th, 1920.

At 8 o'clock the Senate met.

The session was opened with prayer by the Rev. E. G. Read.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Allen, Barber, Hagaman, Haines, Heath, Kays, Martens, Reeves, Smith, White Blanchard H., Whitney—11.

May 18th, 1920.

Hon. William H. Albright, Secretary of the Senate, Trenton:

SIR—Owing to my inability to be present at this day's session of the New Jersey Senate, and pursuant to the authority in me vested in and by Senate Rule No. 5, I do hereby designate and appoint Senator Hagaman to perform the duties of the Chair during the session of said Senate appointed to be held this day.

In witness whereof I have hereunto set my hand the day and year first above written.

CLARENCE E. CASE,
President of the Senate.

Mr. Allen offered the following resolution, which was read and adopted as follows:

Resolved by the Senate (the House of Assembly concurring), That both Houses of the Legislature take a recess on May 18th, 1920, until Wednesday, June 2d, 1920, and that on June 2d, 1920, at 11 o'clock A. M., both Houses of the Legislature reassemble.

Mr. Allen moved that the Senate take a recess until 8:45.

Which was agreed to.

Upon the conclusion of which and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Hagaman, Haines, Heath, Kays, Reeves, Smith, Sturgess, White Blanchard H., White Charles D., Whitney—12.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
May 18th, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has concurred in the following concurrent resolution:

Resolved by the Senate (the House of Assembly concurring), That both Houses of the Legislature take a recess on May 18th, 1920, until Wednesday, June 2d, 1920, and that on June 2d, 1920, at 11 o'clock A. M., both Houses of the Legislature reassemble.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

On motion of Mr. Allen, the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Hagaman, Haines, Kays, Martens, Reeves, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—12,

On motion of Mr. Allen, the Senate adjourned.

WEDNESDAY, June 2d, 1920.

At 11 o'clock A. M. the Senate met.

The session was opened with prayer by the Rev. Edward G. Read, D.D., of Plainfield, N. J.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Allen, Barber, Bright, Case (President), Hagaman, Haines, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—19.

On motion of Mr. Allen, the further reading of the Journal of May 18th, 1920, was dispensed with.

Mr. Runyon, Chairman of the Special Committee on the Housing Situation, reported that hearings had been had on the subject in several of the larger cities of the State, taking the House bills as a basis, and the committee regretted that the hearings did not produce any constructive ideas.

Mr. Runyon said that it was the feeling of the majority of the committee that the bills as presented do not gain the end sought, and there was some doubt as to their constitutionality.

Mr. Runyon requested that the committee be continued in order that a more exhaustive inquiry into the subject matter might be had.

Mr. Simpson said the situation in Northern New Jersey was such that some action should be taken without delay, and he demanded immediate action.

Mr. Allen moved that the committee be continued for the purpose of further investigating the subject, which motion was adopted.

Mr. Allen offered the following resolution, which was read and adopted:

Resolved by the Senate (the House of Assembly concurring), that both Houses of the Legislature take a recess on June 2d, 1920, until Tuesday, September 7th, 1920, and that on September 7th, 1920, at 11 o'clock A. M., both Houses of the Legislature reassemble.

Mr. Allen moved that the Senate take a recess until 2 P. M. standard time.

Which was agreed to.

Upon the conclusion of which, and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Bright, Case, Haines, Heath, Kays, Mackay, Martens, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D—14.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
June 2d, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following concurrent resolution:

Resolved by the House of Assembly (the Senate concurring), that both Houses of the Legislature take a recess on June 2d, 1920, until Wednesday, September 8th, 1920, at two o'clock P. M., and that on September 8th, 1920, at two o'clock P. M., both Houses of the Legislature reassemble.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Mr. Allen moved that the Senate concur in the above concurrent resolution.

Which was agreed to.

The following message was received from the House of Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
June 2d, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following concurrent resolution:

WHEREAS, The need for housing in New Jersey has become very acute and a menace to the welfare of our people; and

WHEREAS, Those competent to judge state that the scarcity of building materials is hindering the prosecution of housing projects now under way, and discouraging enterprises of this kind in contemplation; and

FURTHER WHEREAS, The inability to get materials for road construction is greatly delaying and seriously hindering State, county and municipal work, and making it practically impossible to carry out the programs of road improvement throughout the State; and

WHEREAS, It is recognized that good roads are important factors in moving crops and foodstuffs from the farm to the consumer; and

WHEREAS, It has been ascertained that there is abundance of building and road materials at the mills, quarries and factories, which cannot be forwarded because of the lack of cars in which to ship the goods to the point of use;

Therefore be it resolved by the General Assembly of the State of New Jersey (the Senate concurring), That the Inter-State Commerce Commission, at Washington, D. C., be petitioned by the Legislature to give building and road materials preference in the use of cars and transportation facilities.

In which the concurrence of the Senate is requested.

UPTON S. JEFFERYS,
Clerk of the House of Assembly.

Mr. Allen moved that Senate concur in the above concurrent resolution.

Which was agreed to.

Mr. Whitney, on leave, introduced

Senate Bill No. 316, entitled "A supplement to an act entitled 'An act making appropriations for the support of the State government and for several public purposes for the fiscal year ending June thirtieth, one thousand nine hundred and twenty-one,'" approved May seventeenth, one thousand nine hundred and twenty,

JOURNAL

OF THE

EXECUTIVE SESSIONS

OF THE

SEVENTY-SIXTH SENATE

TRENTON, N. J., January 26th, 1920.

At 8:45 o'clock P. M. the Senate met in Executive Session.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Bright, Brown, Case (President), Hagaman, Haines, Heath, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—19.

The President laid before the Senate a sealed communication from the Governor, endorsed "Nominations."

On motion of Mr. Allen, the seals of the communication were broken by the President, and the Secretary read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 26th, 1920.

Hon. Clarence E. Case, President of the Senate:

SIR—I hereby nominate for appointment, with and by the advice and consent of the Senate, Michael F. Judge, to be Judge of the District Court of East Orange, Essex county

Respectfully,

E. I. EDWARDS,
Governor.

Attest:

J. HARRY FOLEY,

Concurrent Resolution—No. 5, entitled "Concurrent resolution for the appointment of a commission consisting of one member of the Senate, one member of the House of Assembly, and the commissioner of institutions and agencies, to investigate, codify and revise the laws of this State relating to the settlement and relief of the poor"—683, 685.

That no further bills or joint resolutions (except the usual appropriation bills and bills submitted by special investigating committees) to be offered in either house of the Legislature after Monday, March 1st, 1920, unless by unanimous consent of the members wherein such bills or joint resolutions are proposed for introduction—343.

That the Governor be requested to return to the House of Assembly, Assembly Bill No. 156, for further consideration—580.

That the Senate be requested to return to the House, Assembly Committee Substitute for Assembly Bill No. 1, for further consideration—583.

That the Governor be requested to return to the House of Assembly for further consideration Assembly Bill No. 82—596.

WHEREAS, There is no prospect of agreement by the necessary two-thirds vote of the United States Senate for ratification of the Peace Treaty and the covenant of the League of Nations as negotiated at Versailles; and WHEREAS, A period of a year and nearly four months has elapsed since hostilities ceased through the signing of the armistice and an actual condition of peace now exists, although this country is legally still in a state of war with Germany and her allies; and WHEREAS, The people chafe under this anomalous situation and the hampering effects of a technical state of war are a handicap to business; therefore be it *Resolved*, That the Senate of the United States be petitioned to immediately take favorable action on the resolution introduced by Senator Knox of Pennsylvania, declaring that the war with Germany and her allies be ended and that the country has resumed the condition of peace formerly existing with those nations, which state of peace is to become effective upon the adoption of the said resolution; *Resolved*, That certified copies of this resolution be forwarded to the United States Senate, to the Senators from this State and to Senator Knox—617.

That the Senate be requested to return Assembly Bill No. 357 for the purpose of further consideration—743.

Concurrent Resolution—That Assembly Bill No. 491 be recalled from the Senate for further consideration—928.

WHEREAS, Senate amendments to Second Committee Substitute for Assembly Bill No. 416 and Senate Bill No. 295 have not yet been acted upon by the House, and the House has made them a special order of business for next Wednesday, April 21st, 1920, at noon; *Resolved* (the Senate concurring), That both houses shall give them special consideration for such action as may be necessary in either house, it being understood that Second Committee Substitute for Assembly Bill No. 416 and Senate Bill No. 295, be the only bills that are to be taken up by either house outside of the consideration of any messages from the Governor or of bills vetoed by him—970.

That when both Houses of the Legislature this day, April 21st, 1920, adjourn, they adjourn to meet on Wednesday, April 28th, 1920, at 11 A. M.—982.

That both Houses of the Legislature take a recess on June 2d, 1920, until Wednesday, September 8th, 1920, at two o'clock P. M., and that on September 8th, 1920, at two o'clock P. M., both Houses of the Legislature reassemble—1020.

WHEREAS, The need for housing in New Jersey has become very acute and a menace to the welfare of our people; and WHEREAS, Those competent to judge state that the scarcity of building materials is hindering the prosecution of housing projects now under way, and discouraging enterprises of this kind in contemplation; and FURTHER WHEREAS, The inability to get materials for road construction is greatly delaying and seriously hindering State, county and municipal work, and making it practically impossible to carry out the programs of road improvement throughout the State; and WHEREAS, It is recognized that good roads are important factors in moving crops and foodstuffs from the farm to the consumer; and WHEREAS, It has been ascertained that there is abundance of building and road materials at the mills, quarries and factories, which cannot be forwarded because of the lack of cars in which to ship the goods to the point of use; *Therefore be it resolved by the General Assembly of the State of New Jersey* (The Senate concurring), That the Inter-State Commerce Commission, at Washington, D. C., be petitioned by the Legislature to give building and road materials preference in the use of cars and transportation facilities—1020.

STATE OF NEW JERSEY,
ASSEMBLY CHAMBER,
September 8th, 1920.

Mr. President:

I am directed by the House of Assembly to inform the Senate that the House of Assembly has passed the following concurrent resolution:

WHEREAS, The serious shortage of buildings for dwelling purposes is well known, which condition exists not only in the State of New Jersey but in many sections of the United States; and

WHEREAS, The difficulty in obtaining loans on mortgages is one of the chief hindrances to increased building operations; now, therefore, as a means of inducing more capital to be invested in new buildings, be it

Resolved by the General Assembly of the State of New Jersey (the Senate concurring), That the Congress of the United States be requested to take action to exempt from taxation under

the laws of the United States all income derived from mortgages on dwelling houses and all income of and from building and loan associations.

In which the concurrence of the Senate is requested.

SPECIAL SESSION.

TUESDAY, October 19th, 1920.

At 11 o'clock A. M. the Senate met in Special Session, pursuant to a call of the Governor.

Under the direction of the President the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Bright, Case, Hagaman, Haines, Mackay, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney —16.

On motion of Mr. Allen, the further reading of the Journal of September 15th, 1920, was dispensed with.

Mr. Allen moved that the Senate take a recess until 1:30 P. M.

Which was agreed to.

Upon the conclusion of which, and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Bright, Brown, Case, Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—21.

The following message was received from the Governor by the hands of J. Harry Foley, his Secretary, which was read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.
October 19th, 1920.

To the Senate:

As you are perhaps aware, charges were filed with me by the city of Jersey City against John W. Slocum, George Wright, Harry L. Knight, Andrew Gaul, Jr., former members of the Board of Public Utility Commission, for neglect of duty and misconduct in office.

In accordance with the provisions of the statute, copies of such charges were served upon those former members and protracted hearings had. Full opportunity was given for the presentation of evidence by both sides.

The result of the hearings was my finding that the charges had been proved. I accordingly removed the said persons as members of said Board of Public Utility Commission.

It therefore becomes necessary for me to make certain nominations to fill the vacancies caused by such action. Those nominations accompany this message.

It may be suggested that the removal of the persons in question was without warrant in law and for that reason your Honorable Body should not act to confirm the new appointments. It is a sufficient answer, it seems to me, to say that the Supreme Court to which the removed persons applied for relief has refused to review the action of the Executive Department.

Respectfully,

EDWARD I. EDWARDS,

Governor.

Attest:

J. HARRY FOLEY,

Secretary to the Governor.

Mr. Allen moved that the message be received and spread in full upon the Journal.

Which was agreed to.

On motion of Mr. Allen, the Senate proceeded to the consideration of Executive business, on the conclusion of which, and,

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Bright, Brown, Case, Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Smith, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—21.

On motion of Mr. Allen, the Senate adjourned.

MONDAY, November 8th, 1920.

At 11 o'clock A. M. the Senate met.

The session was opened with prayer by the Rev. Edward G. Read, D.D., of Plainfield, N. J.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Allen, Barber, Bright, Case (President), Hagaman, Haines, Heath, Kays, Mackay, Martens, Reeves, Runyon, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—17.

On motion of Mr. Allen, the further reading of the Journal of October 19th, 1920, was dispensed with.

Mr. Allen moved that the Senate take a recess until 12:30 P. M.

Which was agreed to.

Upon the conclusion of which, and, under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Allen, Barber, Bright, Case (President), Hagaman, Haines, Heath, Kays, Mackay, Martens, Pilgrim, Reeves, Runyon, Simpson, Stevens, Sturgess, White Blanchard H., White Charles D., Whitney—19.

The following communication from the President was read and ordered spread in full upon the Journal.

November 8th, 1920.

Gentlemen of the Senate:

Owing to my inability to be present at this day's session of the New Jersey Senate, by reason of absence, and pursuant to the authority in me vested in and by Senate Rule No. 5, I do hereby designate and appoint Senator Charles C. Pilgrim, of Essex county, to perform the duties of the Chair during the session of said Senate appointed to be held this day.

In witness whereof, I have hereunto set my hand the day and year first above written.

CLARENCE E. CASE,
President.

Mr. Allen offered the following concurrent resolution, which was read and adopted:

Resolved by the Senate (the House of Assembly concurring), That both Houses of the Legislature take a recess on November 8th, 1920, until Tuesday, December 14th, 1920, and that on December 14th, 1920, at 11 o'clock A. M., both Houses of the Legislature reassemble.

Mr. Simpson offered the following resolution, which was read and adopted:

Resolved, That the Senate of New Jersey hereby approves of the action of our Representative in the United States Senate, Hon. Walter E. Edge, in his courageous attempt to end the coal famine. His brave stand in which he threatens to urge action to have the National Government take over the coal mines, unless the profiteers reduce the price of coal, is a step needed in this serious emergency. We pledge to him our support in his real attempt to relieve the people of the whole country in danger of extreme suffering because of the profiteer-made coal famine.

Mr. Simpson asked unanimous consent to introduce a bill.

Consent was granted.

Mr. Simpson, on leave, introduced

Senate Bill No. 336, entitled "An act to amend an act entitled 'A further supplement to an act entitled "An act concerning juries" ' (Revision), approved March twenty-seventh, one thousand eight hundred and ninety-four,"

That the Senate of New Jersey hereby approves of the action of our Representative in the United States Senate, Hon. Walter E. Edge, in his courageous attempt to end the coal famine. His brave stand in which he threatens to urge action to have the National Government take over the coal mines, unless the profiteers reduce the price of coal, is a step needed in this serious emergency. We pledge to him our support in his real attempt to relieve the people of the whole country in danger of extreme suffering because of the profiteer-made coal famine—1284.

Resolution—That a committee of three be appointed by the President of the Senate to investigate the prices charged, the quality of, and the manufacture and supplying of gas for household purposes in the State of New Jersey, and that said committee have full power to subpœna witnesses and direct the production of books, to employ experts, engineers and specialists. so as to publicly determine for the benefit of the people of the State of New Jersey whether the gas now supplied by gas companies is of the proper quality and whether the prices charged for same are fair prices, and whether the meters or other devices used for measuring the same are kept in proper repair and operate so as to fairly record the amount of gas supplied to each person who uses the same for household purposes; and that said committee report to the next session of the Senate with recommendations—1290.

Message, Communication, Etc.

Message—From the Governor—As you are perhaps aware, charges were filed with me by the city of Jersey City against John W. Slocum, George Wright. Harry L. Knight, Andrew Gaul, Jr., former members of the Board of Public Utility Commission, for neglect of duty and misconduct in office. In accordance with the provisions of the statute, copies of such charges were served upon those former members and protracted hearings had. Full opportunity was given for the presentation of evidence by both sides. The result of the hearings was my finding that the charges had been proved. I accordingly removed the said persons as members of said Board of Public Utility Commission. It therefore becomes necessary for me to make certain nominations to fill the vacancies caused by such action. Those nominations accompany this message. It may be suggested that the removal of the persons in question was without warrant in law and for that reason your Honorable Body should not act to confirm the new appointments. It is a sufficient answer, it seems to me. to say that the Supreme Court to which the removed persons applied for relief has refused to review the action of the Executive Department —1281.

Communication—From the President of the Senate—Owing to my inability to be present at this day's session of the New Jersey Senate, by reason of absence. and pursuant to the authority in me vested in and by Senate Rule No. 5, I do hereby designate and appoint Senator Charles C. Pilgrim, of Essex county. to perform the duties of the Chair during the session of said Senate appointed to be held this day. In witness whereof, I have hereunto set my hand the day and year first above written—1283.

President Case announced the appointment of Senators Whitney and Heath as the Senate members of the committee under Senate Concurrent Resolution No. 5—1279.
