The DEP BULLETIN is an informational service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Wetland permits, Stream Encroachment permits, Sewerage Extension permits, and CAFRA permits (Coastal Area Facility Review Act). In addition the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. (*THE PUBLIC HEARINGS HOWEVER, ARE NOT OFFICIAL NOTICES.*) Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

USE THIS SERVICE FOR MAJOR PROJECTS

As Staff to Commissioner John J. Horn of the Department of Labor and Industry, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

- A. Advise you of the state permits required for your project, upon completing "MASTER PERMIT INFORMATION APPLICATION FORM"
- B. Coordinate contacts with relevant local and state regulatory agencies upon request.
- C. Monitor the progress of your permit applications.
- D. Act to ensure processing of most permits within 90 days of application.
- E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, N.J. 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, CN 401, Trenton, N.J. 08625.

III. SEWER EXTENSIONS (609) - 292 - 4429

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, N.J. 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

All DEP Public Hearings, Administrative Hearings, and DEP
Events of Public Interest are open to the public.

DEP Events of Public Interest include: public hearings, council meetings, workshops, public information meetings, and exams.

Public Hearings (Quasi - Legislative) - are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide, or of broad general interest.

Administrative Hearings (Quasi - Judicial) - are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

GUBERNATORIAL CANDIDATES, ENVIRONMENTAL HEALTH EXPERT
TO ADDRESS ENVIRONMENTAL CONGRESS

Dr. Irving J. Selikoff, Director of the Environmental Sciences Laboratory at Mt. Sinai School of Medicine in New York, is the keynote speaker at the 8th Annual New Jersey Environmental Congress. Gubernatorial candidates Jim Florio and Tom Kean will also address the meeting, which will take place on Saturday, October 24, at the Summit Suburban Hotel, on Springfield Avenue in Summit.

Dr. Selikoff is noted for his nearly 30 years of critical research on the incidence of respiratory disease among workers at a Manville, New Jersey asbestos factory. He will present new research on several chemicals that have been linked to cancer. Selikoff will also discuss the complex issues of responsibility for environmentally caused diseases.

Florio and Kean will discuss their programs for the state's environment. Both candidates have distinguished legislative records in the area of environmental protection.

Florio, a United States Congressman, was the principal sponsor of a Federal "Superfund" for the cleanup of toxic chemical spills. He was a sponsor of the Pinelands Protection Act and, as chairman of the Commerce, Transportation and Tourism Sub-committee, is a leading proponent of improved mass transit facilities. Florio was also author of amendments to the Resource Conservation and Recovery Act.

--more--

As a member of the New Jersey State Assembly (1968-77), Tom Kean sponsored several bills which are keystones of the state's environmental programs. These include the Green Acres Act, the Coastal Area Facilities Review Act, and the bill which created the State Department of Environmental Protection. Kean was also a leading opponent of the Tocks Island Dam.

Sponsored by the Association of New Jersey Environmental Commissions (ANJEC), the Congress is an annual meeting at which citizens from around New Jersey discuss the state of the state's environment. During the morning, participants can choose from five concurrent seminars devoted to specific environmental problems in the state. Following a buffet lunch, Dr. Selikoff will address the Congress at 1:00 p.m. The gubernatorial candidates are scheduled to appear beginning at 2:30 p.m. The all-day event will also include a film, and exhibits by environmental, educational, and commercial organizations.

Advance registration for the Congress is \$20.00 with lunch, \$15.00 without. To register, or for more information, contact ANJEC, Box 157, Mendham, N.J. 07945, (201) 539-7547. At-the-door registration (\$15.00 - lunch NOT available), will take place from 8:30 - 9:30 a.m. on the 24th and from 12:00 - 1:00 p.m. for those who do not wish to attend the morning session.

State of New Jersey

DEPARTMENT OF ENVIRONMENTAL PROTECTION DIVISION OF WATER RESOURCES

P. O. BOX CN-029
TRENTON, NEW JERSEY 08625

ARNOLD SCHIFFMAN
DIRECTOR

NOTICE OF MODIFICATION OF EFFLUENT LIMITATIONS

Issued Pursuant to the State of New Jersey

Surface Water Quality Standards (N.J.A.C. 7:9-4 et seq.)

NOTICE is hereby given that New Jersey Department of Environmental Protection (N.J.D.E.P.) has received a request for modification of effluent limitations issued to Loch Hill - Stage I. Such effluent limitations would be applied to a proposed discharge of wastewater from a 60 unit condominium development located in West Milford Township, Passaic County, New Jersey, into Belcher Creek, a tributary of Greenwood Lake, with a discharge point at the mouth of the lake.

Belcher Creek at the proposed discharge point is classified as FW-2 Nontrout. These waters are defined as fresh surface waters approved as sources of public water supply. These waters shall be suitable for potable public water supply after such treatment as shall be required by law or regulation. These waters shall also be suitable for the maintenance, migration and propagation of the natural and established biota, for primary contact recreation, for industrial and agricultural water supply and for any other reasonable uses.

The subject draft effluent limitations, issued pursuant to the New Jersey Water Pollution Control Act, N.J.S.A., 58:10A-1 et seq., and in conformance with the Clean Water Act 33 U.S.C. 1251 et seq., contain a limitation on the amount of total phosphorus which may be discharged. De Grace and Associates, consultants, for Loch Hill, have requested a modification of this limitation.

The subject draft effluent limitations were established at a level calculated to attain the state stream water quality standards (N.J.A.C. 7:9-4 et seq.) of 0.05 mg/l of total phosphorus, year round. The goal of the Department is to attain or maintain water quality standards unless it can be demonstrated that the existing designated use is not attainable due to natural background, or because of irretrievable man induced conditions, or in Category II waters that there is no reasonable relationship between the economic and social costs of achieving the draft effluent limitations and the benefits to be obtained in attaining water quality standards.

In accordance with N.J.A.C. 7:9-5.12 the NJDEP has determined that some degradation of the Belcher Creek (Category II non-trout) can be justified because of economic and social development factors.

The purpose of this NOTICE is to solicit comments from interested parties and determine, on the basis of said comments, if a public hearing on the proposed change should be held. All comments must be submitted within 30 days of the date of this notice.

The change in the effluent quality from 0.05 mg/l to 0.1 mg/l of total phosphorus is expected to have minimal impact on the Greenwood Lake or interfere with or be injurious to the instream water uses. Please direct your comments to:

New Jersey Department of Transportation

Pending Permits

On or about the 15th of each month, the Weekly Bulletin will include information concerning the current disposition of all permit applications submitted to the Department of Transportation. The interim status column on the following pages reflects the status of each application as of the last business day of the preceeding month.

In order to be more responsive to the needs of applicants and to facilitate processing applications in a timely manner, the State has been divided into four (4) Regions. Based on the geographical location of the proposed work requiring a permit, a permit application should be obtained from, and the completed application submitted to the appropriate Regional Office listed below:

- REGION I - Sussex, Warren, Morris, Hunterdon, Somerset
- REGION II - Passaic, Bergen, Essex, Hudson, Union
- REGION III - Mercer, Middlesex, Monmouth, Burlington, Ocean
- REGION IV - Camden, Gloucester, Atlantic, Salem, Cumberland
Cape May

Prepared: September 1981
