## REHABILITATION ENGINEERING

**BECOME A REHABILITATION ENGINEER!** All it takes is a desire for the practical, a little bit of caring, and perhaps some cutting and pasting. In case you haven't heard, we are developing Rehabilitation Engineering Resource Rooms at the Vineland Developmental Center. We will be constructing a graded developmental series of tailor-made learning materials from items which are generally discarded. These items will be converted into exciting and interesting objects for "play" and developmental growth.

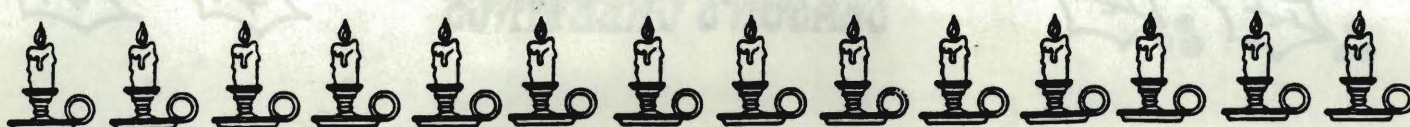

Don't be misled by the word "play". Remember, it is through play that one discovers the material properties of the things around him, and the relationship between objects. One also learns to control his movements and to attain fine manual dexterity through play. Through interaction with others, an individual discovers and experiments with social conventions and learns about human relationships. Play can be a form of therapy in which our clients act out their anxieties and gain mastery over their environments. In play, clients can practice at their own speed all of the separate skills that can later be generalized to a work setting. Thus, play has a purposeful role in the development and growth of thinking and creativity.

When our clients encounter frustration and failure with some of our more traditional training materials, the results may often be rejection, confusion, and behavior problems. We must understand our clients, and provide materials for them which are consistent with their developmental levels. The key factor to making programs rewarding for clients is motivation. Learning not only can be fun....it has to be fun!

(Joyce Clark and Charles Marder)

### SUPERINTENDENT'S NEWS & VIEWS

Congratulations to all on the successful outcome of our recent ICF audit! It is through your efforts that we have managed to achieve so much in such a short period of time. You have recognized the dignity and value of our clients as individuals, and have demonstrated your loyalty and commitment by providing our clients with a coordinated and comprehensive network of services.

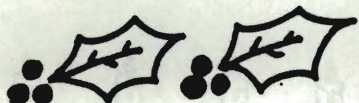

We at the Vineland Developmental Center must continue to strive for excellence. The clients, as always, shall be our first priority, and you, as staff, are VDC's most valuable resource. We must continue to encourage the human relationship between employees and clients, supervisors and staff. Addressing clients by their first names is an initial step in the humanization process. Each client, as well as each staff member, is valued and can make a valuable contribution to our organization. Innovation should be encouraged. Implementing new ideas will at times result in failure, but it is only through repeated tries that progress and success can be achieved.

Our cottage meetings will continue during the upcoming year. These meetings provide an open forum at which you are encouraged to express your views. I may not agree with everything you have to say, but I firmly believe in your right to your opinions, and am anxious to hear your ideas. Many problem areas have been brought to light and resolved as a direct result of our meetings.

Architects are presently examining the non-ICF cottages on both the East and West Campuses for the purpose of determining whether new construction or renovation of existing buildings will be undertaken. The timeframe for the renovation/construction process cannot be assessed at this time, but upon completion of the process, all clients will reside in air-conditioned cottages with bedrooms which accommodate four clients or fewer.

Plans are well underway for the celebration of our Centennial during 1988. Artifacts and old photographs will be displayed in the Administration Building. A joint Block Party with the American Institute Training School, which will serve as our Spring Open House, is planned for Saturday, May 21, 1988. A two day conference with nationally acclaimed speakers in the field of developmental disabilities will be held on June 23-34, 1988 at Wheaton Village. Should you have any suggestions/ideas regarding the celebration of our Centennial, please contact me or Charlotte O'Neill, Executive Assistant. In the months ahead, we are anticipating expansion of our Rehabilitation Engineering and Special Olympics Programs. Further information regarding these programs will be forthcoming.

In conclusion, we are all participating in a most worthwhile endeavor from which we can derive great satisfaction. Our efforts and successes are beginning to be recognized by others, and with our continued commitment it is only a question of time before we become recognized as one of the best developmental centers not only in the State, but in the nation as well.

### SEASON'S GREETINGS

### THIS'N THAT FROM UNIT VI

#### A SPECIAL NOTE FROM FISHER COTTAGE

It was Halloween, and Fisher Cottage and its clients were ready for it. The gentlemen from Woodbine Developmental Center had accepted a Halloween invitation of dinner, music, and dance, and were present on October 29, 1987 to enjoy this holiday treat. The clients and staff were dressed up in costumes of all kinds. Pizza, spaghetti and meatballs, tossed garden salad, cheese twists, soda, apple juice, cake, donuts, and ice cream were enjoyed by all. A Big Black Cat "Pinata" was filled and just waiting to be broken for all the "goodies" to unfold. The interaction was something to behold. Fisher Cottage plans to have more parties like this in the future.

Submitted by Vera Brown

..... Halloween has come and gone - again this year, staff in Unit VI cottages celebrated this event with parties. Employees and clients were dressed in costume, and cottages were decorated for the occasion. Festivities were concluded with everyone enjoying the foods of the day.

..... Murdoch has arrived! North Cottage has totally changed from the Task Analysis to the Murdoch format of training. The coordinating staff has worked diligently to accomplish this project in an efficient and effective manner. All staff has put forth a great effort and at this point everyone is pleased with the outcome. TEAMWORK was the key. Kimble Cottage will also soon be on line with the complete Murdoch System. At this point, it appears that the Murdoch System will be a welcome change to staff and clients alike.

..... Recently several clients of Kimble Cottage delighted in an outing to Atlantic City to Harrah's Casino. All enjoyed the excitement of the trip, and a fantastic lunch at The Buffet. The event was so successful that another trip has been planned. We even came home with several winners!

..... Several clients of North Cottage are very excited. Very soon they will be taking a trip to New York City. Thanks to the efforts of HARVEY JAMES, our clients will be able to enjoy a very old tradition, THE CHRISTMAS SHOW AT RADIO CITY MUSIC HALL!

..... Wolverton Center has had the privilege of hosting several visitors during the past few months, who observed zone programs and basic cottage functioning. A group from Woodbine Developmental Center visited with their Superintendent, Mr. Bernard Blanks. Upon their departure, everyone was very complimentary and felt that many good ideas had been gained for implementation in their own facilities.

**A FUN DAY IN REEVES COTTAGE**

On Thursday, September 17, 1987, the clients and employees of Reeves Cottage celebrated "CONSTITUTION DAY" by having a "WE THE PEOPLE" Parade.

In preparation for the big parade, the clients were provided with materials needed to make their own American Flags. While they were coloring their flags, they watched on television the celebration taking place in Philadelphia that day. They enjoyed seeing all the colorful floats and marching bands. When all the flags were finished, the employees mounted them to the clients' walkers and wheelchairs. Some were attached to sticks, to be carried by clients able to ambulate independently.

At approximately 2:00 PM, the festivities began. As the clients paraded around the courtyard of the cottage, patriotic songs were sung, musical instruments were heard, and the colorful flags were waved at the spectators.

The day proved to be exciting for everyone involved.

## Vineland Developmental Center Church Services

by Mrs. C. Ortega, Asst. Supervisor of Recreation

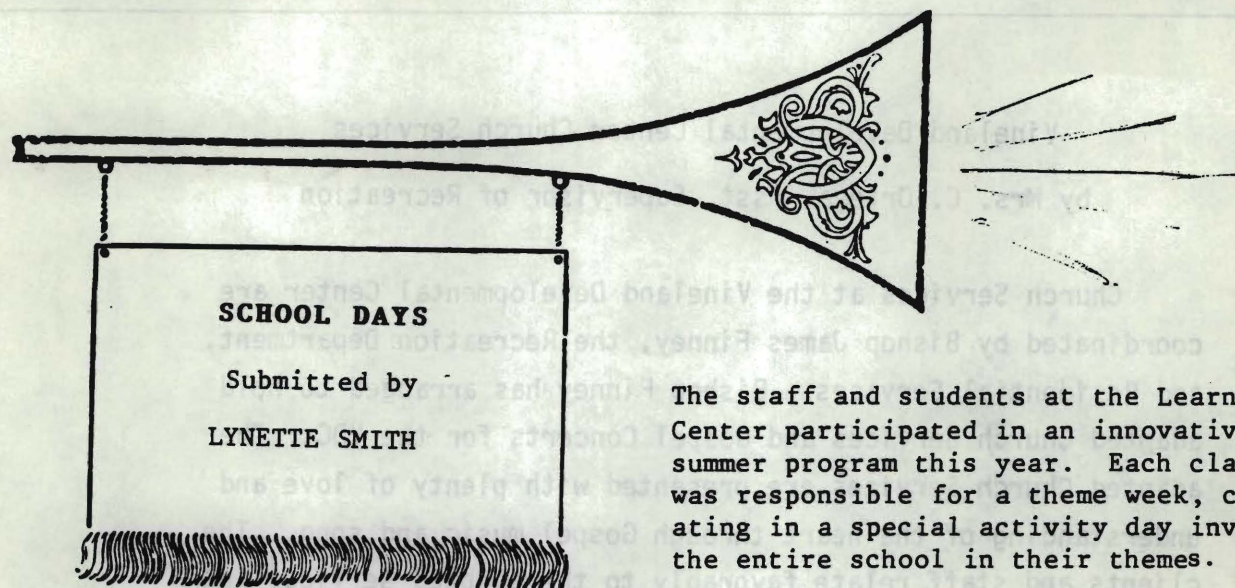

Church Services at the Vineland Developmental Center are coordinated by Bishop James Finney, the Recreation Department, and Residential Services. Bishop Finney has arranged to hold adapted Church Services and Gospel Concerts for the VDC. The adapted Church Services are presented with plenty of love and understanding of the heart through Gospel music and song. The clients and staff relate favorably to the adapted services and look forward to attending them. Gospel Concerts are attended by VDC clients and staff, and the turnout is overwhelming. The Group Homes in the area are also invited to concerts.

The VDC has had an increase in client attendance at Church Services in the past two years. We at the VDC thank Bishop Finney for having an outstanding interest in our clients and an outstanding concern for their spiritual needs. We are looking forward to continuing our joint efforts with Bishop Finney and the many groups he brings to the VDC.

©ARTMASTER

The staff and students at the Learning Center participated in an innovative summer program this year. Each classroom was responsible for a theme week, culminating in a special activity day involving the entire school in their themes.

Mary Ann Domenico, Music Teacher, got the summer off to a jolly start with Clown Week. Many of the staff members dressed, and acted, like clowns. The students had clown faces painted on and clowned around with water balloons.

Denise Conaway, Physical Education Teacher, sashayed the way to Country/Western Week. T.A. Parton (Mary Ann Domenico), Tex Ritter (Rita Kelley), and the Judd Sisters (Denise Conaway, Barbara Finger and Ivonne Gould) visited to provide musical entertainment. The students danced the Hokey-Pokey, bobbed for apples, threw horse-shoes, and played Pin The Tail On The Donkey.

Diane Livingston, Teacher I, took it away with Balloon Week in honor of Special Olympics. The students released helium balloons from the parking lot, played Pop the Balloon, and a game about colors using balloons. All were entertained by Denise Parker, from Ireland Cottage, who performed an "electric boogaloo" dance. Grandmom Lambert baked cupcakes and cookies for everyone to top off the day.

Cynthia Brooks, Teacher I, splashed the way to Water Activities Week. The students, dressed in their bathing suits, slid down a water slide, shot their teachers with water pistols, and dodged water balloons. After all the wet fun, everyone enjoyed eating watermelon.

Lynette Smith, Teacher I, was next with Sports Week. Everyone came dressed ready for their favorite sport. The students participated in numerous sports activities, including bowling, relay races, karate, and basketball. Lynette Smith and Ethel Kelley, Donahue Cottage HCTS, provided entertainment by performing an aerobic dance routine.

Carrie Sharpe, Teacher II took us to Beach Week. We held our own bathing beauty contest. Digza Gonzales was crowned Ms. TLC by a panel of impartial judges consisting of Mrs. Harriet Levin, Education Supervisor; Ms. Joan Achey, Fostergrandparent Supervisor; and Mr. Robert Ortega, Teaching Assistant. Hazel Pierce, Teaching Assistant, wrote and read a poem in honor of the day.

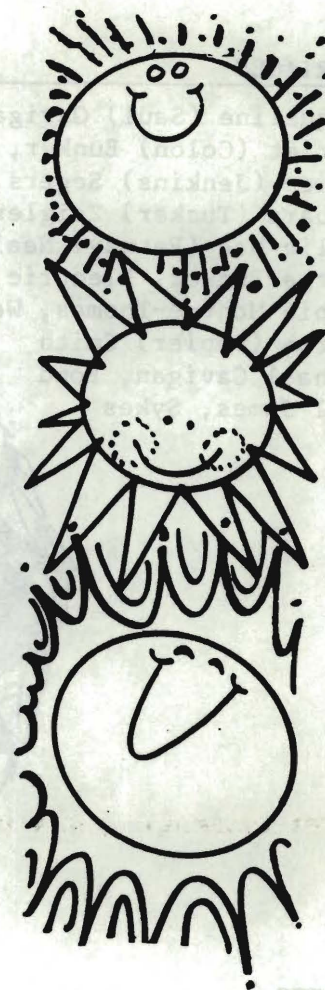

(continued on page 7)

Susan Gainfort, Teacher I, took us on a trip to Hawaii before the summer ended for Hawaiian Week. Amidst decorations of palm trees and hula dancers, Sue, Charlotte Lahn and Arthurene Reaves, Teaching Assistants, entertained everyone with their hula dance. Students and staff participated in doing the limbo. Everyone agreed that Mrs. Levin showed us the lowest that anyone could go. Woodbine staff and students were invited to Hawaiian Day. They showed us their version of the hula. Pineapples, bananas, and sundaes made the day a complete success.

The Summer was wrapped up with a thoroughly enjoyable "50's" Day under the direction of Shirley Ludwick, Teacher II. Everyone dug out their bobby socks and saddle shoes to dress for the occasion. Many staff members participated in showing those of us who are younger how they danced in the 50's. The stroll, the twist, the jitter-bug, the alley-cat, the swim, the mashed potato and the jerk were some of the "oldies" dances demonstrated. Shirley and Barbara Finger, Teaching Assistant, also provided entertainment by playing selections of 50's songs on the clarinet and saxophone. Mary Ann Domenico entertained us with ragtime blues on the piano.

All in all, we had a "fun" summer that everyone will remember for a long time. Plans are being made to continue this type of activity requiring team spirit and cooperation throughout the entire year.

### REHABILITATION ENGINEERING (continued from page 1)

WHERE: East Campus - Vocational - Daily Living

West Campus - Learning Center

DROP OFFS - 8 a.m. to 4 p.m. Mon.-Fri.

- WHAT DO I DO?
1. Bring us your usable trash: fabric samples, cardboard from shirts, tiles, scrap lumber, film cans, powder scoops, hangers, milk cartons, plastic bottles, egg crates, cans, plastic lids, unmatched socks, etc.
  2. Watch for in-services and Carolyn Parks' workshops on making adaptive switches for battery operated items such as radios.
  3. Let us know you care! Call the staff members below for further information:

Joyce Clark 696-6251

Charles Marder 696-6180

WHEN: The time is NOW! It is all part of Individual Habilitation Planning and working together.

Lewis Rheppard

Robert N. Smith, Supt.

#### OUTSTANDING EMPLOYEE OF THE QUARTER

Lewis Rheppard, Wheelchair Technician/West Campus has been selected as our fourth Outstanding Employee of the Quarter for 1987. Mr. Rheppard was presented with a framed achievement certificate and a VDC T-Shirt by Mr. Robert N. Smith, Superintendent and Charlotte O'Neill, Outstanding Employee of the Quarter Committee Chairperson on October 1, 1987.

Mr. Rheppard has worked in the Wheelchair Repair Shop for over five years. Eloise Hawkins, Lew's supervisor, has stated that he is a most industrious employee. Whenever he has completed his assigned tasks, he looks for ways to be helpful to others. Lew makes regular rounds in the cottages to check client wheelchairs.

Gail Galbiati, COTA, has noted that with Lew's assistance and cooperation, an assessment tool has been fabricated for measuring foot deviation and passive range of motion. Both Lew and Gail, along with other VDC staff members, were recognized for their efforts in the August, 1987 issue of "ADVANCE", an Occupational Therapy news publication. Lew has worked on many projects such as the modification of wheelchair trays, the building of footrests for wheelchairs, and the riveting of straps to splints.

The clients as well as the staff at VDC appreciate Lew's efforts. He is a man who can be counted on to get the job done!

### STOCKTON SUMMER PROGRAM

For the sixth year, the Vineland Developmental Center has sponsored a summer vacation program for our clients on the campus of Stockton State College. This program is designed to introduce community living experiences, promote socialization, and increase the community awareness of our clients. Last summer the project ran seven days and evenings each week for a six week period. Clients from both the East and West Campuses participated. Over the course of each week two groups of six clients each stayed for two nights, and a third group stayed for three nights. Other VDC clients participated in day trips to Stockton.

Two student apartments were rented on the campus of the college. Each apartment had two bedrooms, a living room, a dining area, and a kitchen. The apartments were air-conditioned, and were located side-by-side on the first floor to accommodate clients with disabilities.

Two 15-passenger vans were leased for daily and evening activities which included day trips to: the Lake at Port Republic, the Village at Smithville, Ocean City, Brigantine, Atlantic City, and use of the Cape May-Lewes, Delaware Ferry. Over the past several years, we have been welcomed by the staff of numerous casinos in Atlantic City. Many entertainers have visited with the clients, making a special attempt to entertain them and sign autographs. Our clients also have enjoyed nature walks on the college campus as well as numerous luncheon and dinner barbecues. We are looking forward to next summer with the hope of increasing the length of the program to eight weeks so that more clients will have the opportunity to participate both in day trips and the overnight stays.

Submitted by Dr. Richard W. Nice

A FOND FAREWELLWE'LL SEE YOU WHEN WE SEE YOU, WILLY

For we have no good-byes to utter.  
 You came to us 28 years ago  
 And brought with you your spirit-your laughter, your love.

You shared with us your knowledge,  
 And developed with us our goals.  
 You offered us your friendship-and cried with us our tears.

So we'll see you when we see you Willy  
 For we have no good-byes to utter.  
 Woodbridge cannot take away the joy of you-nor can they claim your spirit;

The laughter that we shared, the love that we have.  
 Now with no good-byes to utter-we will simply say  
 Willy-we'll see you when we see you.

Submitted by Constance L. Johnson

CONGRATULATIONS AND BEST OF LUCK to Whelma B. Irby in her new position as ACTING Superintendent of Woodbridge Developmental Center!

NEWS FROM THE VOCATION DEPARTMENT

..... The Vocational Department at the East and West Campuses conducted Fall Craft Sales which netted a combined total of \$1,038.00. They will be having their usual Christmas Sales and will again be selling bows for all occasions.

..... Patti Davis and Lou Mazzola attended an Industrial Packaging Convention at the Valley Forge Convention Center. There were some excellent displays. New sources for operating supplies at the Work Activity Center were located.

..... Edna Oliva, the Vocational QMRP, presented an in-service to the Foster Grandparents at the East Campus and Pat Toth, Teacher I, presented an in-service at the West Campus on "WHY AND HOW CLIENTS BENEFIT BY ATTENDING VOCATIONAL PROGRAMS". Both presentations were well accepted by the Grandparents.

..... Ruth Petway and Dan Orzechowski, Hairdressers at the East Campus, and Marie Patterson and Gerry Holley, Hairdressers at the West Campus, attended a hairdressers convention at Atlantic City entitled "EAST COAST EXTRAVAGANZA". The Hairdressers attend at least one convention a year to keep abreast of new products and new techniques.

..... Recently, Foster Grandparents who participate with their clients in the Vocational Program were honored for "GRANDPARENTS DAY". The Grandparents, Mrs. M. Cossaboon, Mrs. M. DiBiase, Mrs. T. DiTrapani, Mr. J. Ducey, Mrs. E. Jones, Mrs. E. Popp, and Mrs. B. Pierantozzi, assist the clients in their various Vocational programs as well as providing them with the love and attention that they need and cherish. The honorees all were presented corsages which their Foster Grandchildren purchased. It was the clients and Vocational Departments' way of saying "THANK YOU" to these very special people.

**NEWS TO YOU FROM.....****PARENTS AND FRIENDS ASSOCIATION**

The PAFA Training Center is busy working on contracts and preparing for the December Open House Craft Sale. The PAFA Training Center will be open from 10:00 AM to 3:00 PM, on Saturday, December 12th, for the Craft Sale.

Clients and staff have been busy going on trips and gathering pine cones. These pine cones will be used for wreaths that are so popular at this time of year. Numerous craft items will be on sale as well as tree ornaments. Home made cookies will also be on sale.

During the month of December, clients and staff will visit the local malls to put to use skills being worked on in the training rooms. Clients will utilize their money skills and make their own purchases.

....Mary Doughty, Director  
PAFA Training Center

©ARTMASTER

**NEWS TO YOU FROM.....****PHARMACY SERVICES**

Pharmacy services provided here at VDC are rendered by three major sources: the VDC Hospital Pharmacy, Automated Pharmaceutical Services, and Pharma-Care, Inc.

Pharma-Care, Inc. just recently joined us, but who is this new entity? What are they doing here? Where are they from? Where do they fit in? Let's see if we can shed some light on these queries.

Pharma-Care, Inc. is a privately owned company from Clark, New Jersey that specialized in pharmaceutical consultation services. They have been awarded this contract by the State of New Jersey to service all or part of the Developmental Disabilities Centers.

As you may recall, our previous consultant pharmacist services had been provided by Automated Health Services until March, 1987. The new contract with Pharma-Care, Inc. commenced on September 14, 1987, and will expire on September 13, 1990. At that time, the New Jersey Division of Purchase and Property will again entertain new bids for these pharmacist consultant services.

The primary functions of Pharma-Care, Inc., involve conducting on-going chart reviews on all cottage clients, surveying nursing stations, providing in-services to both nursing and medical staffs, attending IHP meetings and other various committee meetings, and meeting the established standards set forth by state and federal rules and regulations.

Pharma-Care, Inc. employees are New Jersey registered pharmacists and their number consists of a ratio of one pharmacist to every 300 clients. Some of their faces may even appear familiar to us, for some of the pharmacists were recently employed by Automated Health Services. Pharma-Care's office is located on the second floor in the Administration Annex Building.

(continued on page 14)

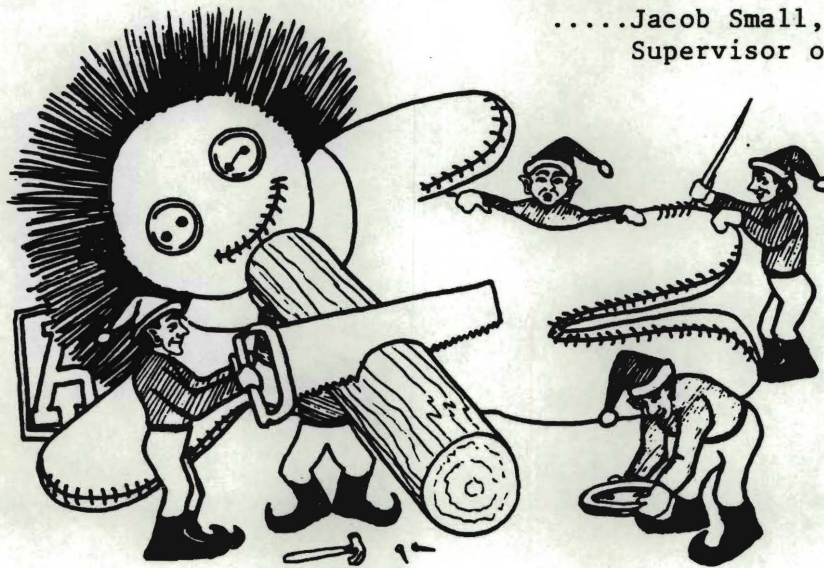

(continued from page 13)

The Unit dose drug distribution is still being provided by Automated Pharmaceutical Services, known to many of us as APS. APS is also a privately owned company contracted by the State of New Jersey and has been providing the VDC with unit dose drugs since 1974. APS's office is still located on both campuses in the Emergency Rooms.

The VDC Hospital Pharmacy, with its unit dose drug distribution and I.V. admixture system, supplies all the needs of our acute care hospital. The Hospital Pharmacy also oversees and is responsible for the total pharmacy operation of the VDC. The Pharmacy is located on the lower level in the Hospital.

.....Jacob Small, R.P.  
Supervisor of Pharmacy Services

#### NEWS TO YOU FROM.....

#### UNIT V

On August 27, 1987, the day was grey, and then the rain came. After a few last minute changes, Unit V had a picnic you wouldn't believe! The food, which consisted of hamburgers, hot dogs, spare ribs, potato salad, cole slaw, macaroni salad, potato chips, pretzels, watermelon, cantaloupe, and soda was prepared by the staff of West, Regan and Pond Cottages. They all did an excellent and tasty job.

Stephen Butts and Brian Surrency were the D.J.'s for the day. They used equipment which was provided by Jeff Pierce. The music was both stimulating and enjoyable for all.

Events of the day consisted of a dance contest for both ambulatory and non-ambulatory clients, races, bean bag toss, and other games, with prizes for the winning participants. These events were provided by the West and Regan Cottage Recreation Staff.

Everyone enjoyed the day and as the picnic drew to a close at about 3:30 PM, all returned to their respective cottages tired, worn, and happy.

.....Eleanor McCauley, HCTS  
Regan Cottage/Unit V
