FIND NALOXONE NEAR YOU

The Naloxone Finder is intended for people who use drugs to access naloxone in their community.

While many of the programs listed offer additional harm reduction supplies (e.g. syringes, safer smoking kits, drop-in centers), our team has vetted the programs for community-based naloxone that is free and intended for people who use drugs.

We will update this map on a bi-monthly basis and have included space for programs to update their information regarding specific requirements or changes due to COVID-19.
