

Intended Use Plan and Project Priority Lists

The priorities and policies of the New Jersey Water Bank (NJWB) are established through this Intended Use Plan

[Home](#) / IUP and Project Priority Lists

The New Jersey Water Bank (NJWB), which administers New Jersey's State Revolving Fund, is a partnership between the New Jersey Department of Environmental Protection and the New Jersey Infrastructure Bank (NJIB) to provide low-cost financing for the design, construction, and implementation of projects that help to protect, maintain and improve water quality and projects to ensure safe drinking water.

The priorities and policies of the NJWB are established through this Intended Use Plan. Projects eligible for financing include a wide variety of wastewater treatment works, stormwater management, drinking water systems, land acquisition, and landfill activities.
