Any closure of the spiny dogfish fishery by the National Marine Fisheries Service in adjacent Federal waters or recommended closure by the Atlantic States Marine Fisheries Commission for areas including New Jersey automatically closes New Jersey waters to the harvest of spiny dogfish and to the commercial landings of spiny dogfish.

(h) The following provisions are applicable to the commercial harvest of black sea bass:

1. After December 31, 2002, a vessel shall not land more than 100 pounds of black sea bass during the period of January 1 through March 31 or more than 50 pounds of black sea bass during the period April 1 through December 31 in New Jersey on any one trip unless said vessel is in

possession of a valid New Jersey Black Sea Bass Permit. The permit shall be issued in the name of the vessel and the owner and for the specific gear type(s) used to qualify for the permit.

i. Applicants for a New Jersey Black Sea Bass Permit shall complete and submit an application provided by the Department by December 31, 2002 that includes information on name, address, vessel name, vessel documentation or registration number, gear and landings criteria as specified in (h)1ii below. Applications for a New Jersey Black Sea Bass Permit received after the above date shall be denied.

ii. To be eligible for a New Jersey Black Sea Bass Permit, the vessel's owner shall meet the following criteria:

(1) The vessel shall have landed and sold a minimum cumulative total of 10,000 pounds of black sea bass in New Jersey during the period 1988 through May 3, 2001;

(2) The vessel shall have possessed a valid Federal Black Sea Bass Moratorium Permit or appropriate New Jersey gear license for each year of submitted landings documentation; and

(3) Documented proof of landings shall consist of one or more of the following:

(A) Weigh-out slips totaling the weight harvested;

(B) A notarized statement from the applicant and the purchaser(s) attesting to the weight harvested (a copy of the business records supporting the statement(s) must accompany the application);

(C) Other documentation similar to that in (h)1ii(3)(A) or (B) above may be accepted at the discretion of the Commissioner after his or her review.

2. The New Jersey Black Sea Bass Permit shall be on board the vessel to which it is issued at all times. The permit is valid from the date of issuance and for any subsequent years unless revoked as part of a penalty action. The vessel, when engaged in a black sea bass fishery, may only have on board the gear type(s) listed on that vessel's New Jersey Black Sea Bass Permit.

3. The owner of a vessel permitted pursuant to this subsection not pending revocation or court action may transfer his or her Black Sea Bass Permit, upon application to the Department, as follows:

i. To his or her replacement vessel, provided the replacement vessel is not greater than 10 percent larger in vessel length, gross registered tonnage and net tonnage and not more than 20 percent greater in horsepower than the originally permitted vessel. The vessel being

replaced shall no longer be eligible for a black sea bass permit; or

ii. Along with the sale of his or her vessel to a new owner. The owner selling the vessel shall no longer be eligible for a Black Sea Bass Permit based on the harvesting history of the vessel being sold.

4. Transfer of a permit to a new vessel shall be limited to the same gear type(s) of the originally permitted vessel.

5. Applicants for permit transfer shall complete an application provided by the Department, and no permit may be transferred without the prior approval of the Department.

6. A vessel possessing a valid Black Sea Bass Permit to commercially harvest black sea bass by angling or hook and line and when operating under the permit shall be subject to the following:

i. Crew size shall be limited to no more than five persons, including the captain; and

ii. The vessel shall not carry any passengers for hire. When carrying passengers for hire the Black Sea Bass Permit is not valid and the recreational possession limits and seasonal restrictions as specified in N.J.A.C. 7:25-18.1 apply.

7. A vessel that does not possess a New Jersey Black Sea Bass Permit shall be permitted to land not more than 100 pounds of black sea bass during the period of January 1 through March 31, or not more than 50 pounds of black sea bass during the period of April 1 through December 31 on any trip provided the amount of black sea bass landed from any vessel shall not exceed 10 percent, by weight, of the total weight of all species landed and sold. Vessels taking black sea bass by angling or hook and line that do not possess a New Jersey Black Sea Bass Permit shall be subject to the possession limits established in N.J.A.C. 7:25-18.1 and the seasonal by-catch limits and 10 percent criteria specified above.

8. Annual and seasonal black sea bass quotas and daily trip limits shall be determined by the Mid-Atlantic Fishery Management Council and implemented by the National Marine Fisheries Service or determined by the Atlantic States Marine Fisheries Commission.

i. The Commissioner, or his or her designee, shall implement annual and seasonal black sea bass quotas and daily trip limits determined by the Atlantic States Marine Fisheries Commission upon four days public notice. Public notice shall include letters by first class mail to all New Jersey Black Sea Bass Permit holders. The implemented quotas and limits shall also be reflected in this subsection through a notice of administrative change in the New Jersey Register, in accordance with N.J.A.C. 1:30-2.7.

ii. Ten percent of the New Jersey annual black sea bass quota shall be allocated each year for by-catch land-

ings when any of the seasons for the directed commercial fishery defined in (h)8iii below are closed. The by-catch landings shall be divided between seasons as identified in (h)8iii below at the same percentage apportioned to each season specified at (h)8iii below.

(1) Any by-catch not landed during the season allocated shall be added to the directed fisheries quota of the following season except during the last season.

(2) If any of the by-catch allowance has not been landed by December 1 in any calendar year the remaining amount shall be added to the directed black sea bass fishery quota.

iii. The balance of the New Jersey annual quota for the black sea bass fishery remaining after deducting the by-catch allowance specified in (h)8ii above shall be divided into seasons, percentage of the annual quota apportioned to each season, daily trip limits and number of allowable landing days in each week (Sunday through Saturday) as follows:

(1) January 1 – April 15: 38.8 percent, 750 pound trip limit and a maximum of two days per week or 1,500 pound trip limit with a maximum of one day per week that a vessel may land black sea bass.

(2) April 16–June 30: 20.6 percent, 1,000 pound trip limit and maximum of one day per week that a vessel may land black sea bass, or 500 pound trip limit and a maximum of two days per week that a vessel may land black sea bass;

(3) July 1–September 30: 13.5 percent, 1,000 pound trip limit and a maximum of two days per week that a vessel may land black sea bass, or 500 pound trip limit and a maximum of four days per week that a vessel may land black sea bass;

(4) October 1 – December 31: 27.1 percent, 2,000 pound trip limit and a maximum of one day per week that a vessel may land black sea bass, 1,000 pound trip limit and a maximum of two days per week that a vessel may land black sea bass, or 500 pound trip limit and a maximum of four days per week that a vessel may land black sea bass.

(5) If a minimum of 50,000 pounds of the New Jersey black sea bass quota remains unlanded as of December 1 in any calendar year, the Commissioner, or his or her designee, may set a daily trip limit for the remainder of that calendar year.

(6) Any daily landing of black sea bass not exceeding 100 pounds during the period of January 1 through March 31 or 50 pounds during the period of April 1 through December 31 shall not be applied to maximum weekly landing days during any season as specified in (h)8iii(1) through (4) above, provided the amount of black sea bass landed from any vessel shall

Applications may be obtained from the following:

1. Division of Fish and Wildlife

Striped Bass Bonus Fish Program

Nacote Creek Research Station

PO Box 418

Port Republic, NJ 08241-0418

(c) The application form shall be completed to include the name, address and telephone number of the applicant.

(d) Applications to participate in the striped bass bonus program shall be processed in order of receipt by the Division.

(e) Successful applicants will receive non-transferable fish possession cards, the number to be determined by the Commissioner or his or her designee based on the available quota and the number of applicants. One card shall be filled out completely and the month and day numbers perforated immediately upon retention of a bonus striped bass. A finite number of cards shall be available to participating party and charter boat captains in the name of the vessel and owner. Fish possession cards issued to party and charter boats are for the use of patrons on that vessel and shall not be sold, offered for sale or used for barter.

(f) Fish possession cards shall be valid in the calendar year for which they were issued except during those periods in which the Department has closed the State's waters to harvesting as provided at (l) below.

(g) Successful applicants may keep and submit annual records of their striped bass fishing activity as requested on forms furnished by the Division. Such records shall include the name, address, and card number(s) of the fishermen, the days and hours fished, the lengths of striped bass caught, the location of fishing activity and the type of fishing. Party and charter boat captains shall be required to maintain and submit logbooks developed by the Division.

(h) A person shall not have in his or her possession at any time more than the number of striped bass provided for in N.J.S.A. 23:5-45.1, nor shall such striped bass be less than the size provided for in N.J.S.A. 23:5-45.1. Said person shall have a properly completed and legal fish possession card, as provided for at (e) above.

(i) Any striped bass taken under this section may be transported to an authorized fish check station by the person who caught the fish on the day so taken. A list of authorized fish check stations shall be provided to all participants in the striped bass bonus program by the Division via first class mail along with the fish possession cards. Fish check stations shall also be listed on the Division's website at www.njfishandwildlife.com. A person shall not present for registration or permit to be registered in his or her name a striped bass which he or she did not catch.
