

1. Prior to the start of each fiscal year, the Commission shall determine the hourly fee rates to be paid by licensees and applicants pursuant to this subchapter. These rates shall be based upon the hourly costs of services provided by Commission professional staff, Commission inspection staff and Division professional staff during the fiscal year, as estimated from the projected fiscal year budget for the Commission and the Division.

2. The projected hourly fee rates established pursuant to (e)1 above may be adjusted by the Commission during the fiscal year based upon the final fiscal year budget approved for the Commission and the Division by the Legislature.

3. Notice of the hourly fee rates established pursuant to (e)1 above shall be published in the New Jersey Register.

(f) A licensed casino facility shall be required to pay, as a component of the renewal fee for any casino license necessary to casino or casino simulcasting operations therein and as a condition of any such casino license renewal, a share of the amount of any liability of the Casino Control Fund existing as of the close of business on June 30 of each fiscal year. The share for each licensed casino facility shall be the amount which bears the same proportion to the total liability of all licensees as the proportion which that licensed casino facility's average daily authorized casino room and casino simulcasting facility square footage bears to the total average daily authorized casino room and casino simulcasting facility square footage for all licensed casino facilities. For purposes of this calculation any part of a calendar day shall be considered a full day. Any days during which a necessary casino license or operation certificate for a licensed casino facility has been suspended shall also be counted in determining the share of such facility. Further, the operation of the facility by a conservator or trustee shall be deemed continued operation by the casino operator for these purposes. The obligation to pay the assessed share of a licensed casino facility shall be that of the casino operator; provided, however, that if a change of casino operators occurs during the fiscal year, each such operator shall be liable for an amount of the share apportioned according to the time during which each operator functioned. Any share calculated in accordance with this section shall be paid in full by December 31 of the year following the fiscal year. The Commission, through its Division of Financial Evaluation, may estimate from time to time during the fiscal year the share for each licensed casino facility incurred to that time and require payment of such estimated share on a monthly or other periodic basis during the fiscal year.
