

(c) A deer that has been so severely injured by a collision with a motor vehicle that it must be killed shall be considered as accidentally killed for the purposes of this subchapter.

Amended by R.2001 d.73, effective March 5, 2001.  
See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

### 7:25-17.7 Information required

(a) Any State or municipal officer disposing of or authorizing the disposal or possession of accidentally killed deer shall notify the Division on a quarterly basis of the following information on forms provided by the Division:

1. The location where the deer was killed;
2. The sex of the deer;
3. The date of the accidental deer kill; and
4. The name and address of the permittee.

Amended by R.2001 d.74, effective March 5, 2001.  
See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

## SUBCHAPTER 18. MARINE FISHERIES

### Subchapter Historical Note

Subchapter 18, Marine Fisheries, was adopted as R.1980 d.394, effective September 17, 1980. See: 12 N.J.R. 312(a), 12 N.J.R. 576(c).

Pursuant to Executive Order No. 66(1978), Subchapter 18 was re-adopted as R.1985 d.386, effective July 8, 1985. See: 17 N.J.R. 1188(a), 17 N.J.R. 1883(b).

Subchapter 18, Marine Fisheries, was repealed and Subchapter 18, Marine Fisheries, was adopted as new rules by Emergency Rule R.1985 d.674, effective December 17, 1985. This emergency new rule expired on February 15, 1986. See: 18 N.J.R. 102(a). The provisions of the concurrent proposal were adopted with changes by R.1986 d.121, effective April 7, 1986. See: 18 N.J.R. 102(a), 18 N.J.R. 657(b). See, also, section annotations.

### 7:25-18.1 Size, season and possession limits

(a) For the purpose of this subchapter, the following common names shall mean the following scientific name(s) for a species or group of species, except as otherwise specified elsewhere in this subchapter.

Common Name	Scientific Name
American Eel	Anquilla rostrata
Atlantic Cod	Gadus morhua
Atlantic Croaker	Micropogon undulatus
Atlantic Mackerel	Scomber scombrus
Black Drum	Pogonias cromis
Black Sea Bass	Centropristis striata
Bluefish	Pomatomus saltatrix
Cobia	Rachycentron canadum
Conch	Busyon carica
	Busycotypus canaliculatum
	Busyon contrarium
Goosefish (Monkfish)	Lophius americanus
Haddock	Melanogrammus aeglefinus
Kingfish	Menticirrhus saxatilis
	Menticirrhus americanus

Common Name  
King Mackerel  
Pollock  
Red Drum  
River herring

Scup (Porgy)  
Shad

Shark

Scientific Name  
Scomberomorus cavalla  
Pollachius virens  
Sciaenops ocellatus  
Alosa aestivalis (alewife)  
Alosa pseudoharengus (blueback herring)  
Stenotomus chrysops  
Alosa sapidissima  
Alosa mediocris  
Large Coastal Group  
Sphyrna mokarran (Great Hammerhead)  
Sphyrna lewini (Scalloped Hammerhead)  
Sphyrna zygaena (Smooth Hammerhead)  
Ginglymostoma cirratum (Nurse Shark)  
Carcharhinus altimus (Bignose Shark)  
Carcharhinus limbatus (Blacktip Shark)  
Carcharhinus leucas (Bull Shark)  
Carcharhinus perezi (Caribbean Reef Shark)  
Carcharhinus obscurus (Dusky Shark)  
Carcharhinus galapagensis (Galapagos Shark)  
Negaprion brevirostris (Lemon Shark)  
Carcharhinus brachyurus (Narrowtooth Shark)  
Carcharhinus signatus (Night Shark)  
Carcharhinus plumbeus (Sandbar Shark)  
Carcharhinus falciformis (Silky Shark)  
Carcharhinus brevipinna (Spinner Shark)  
Galeocerdo cuvieri (Tiger Shark)  
Small Coastal Group  
Squatina dumerili (Atlantic Angle Shark)  
Sphyrna tiburo (Bonnethead)  
Rhizoprionodon terraenovae (Atlantic Sharpnose Shark)  
Carcharhinus acronotus (Blacknose Shark)  
Rhizoprionodon porosus (Caribbean Sharpnose Shark)  
Carcharhinus isodon (Finetooth Shark)  
Carcharhinus porosus (Smalltail Shark)  
Pelagic Group  
Hexanchus vitulus (Bigeye Sixgill Shark)  
Hemirhamphys perlo (Sevengill Shark)  
Hexanchus griseus (Sixgill Shark)  
Isurus paucus (Longfin Mako)  
Lamna nasus (Porbeagle Shark)  
Isurus oxyrinchus (Shortfin Mako)  
Prionace glauca (Blue Shark)  
Carcharhinus longimanus (Oceanic Whitetip Shark)  
Alopias superciliosus (Bigeye Thresher)  
Alopias vulpinus (Thresher Shark)

Smooth Dogfish  
Spanish Mackerel  
Spider crab

Spiny Dogfish  
Summer Flounder  
(Fluke)  
Tautog (Blackfish)  
Weakfish

Winter Flounder

Mustelus canis  
Scomberomorus maculatus  
Libinia dubia  
Libinia emarginata  
Squalus acanthias  
Paralichthys dentatus  
Tautoga onitis  
Cynoscion regalis  
Cynoscion nebulosus  
Pleuronectes americanus

(b) A person shall not purchase, sell, offer for sale, or expose for sale any species listed below less than the minimum length, measured in inches, except as may be provided elsewhere in this subchapter, and subject to the specific provisions of any such section. Any commercially licensed vessel or person shall be presumed to possess the following species for sale purposes and shall comply with the minimum sizes below. Fish length shall be measured from the tip

of the snout to the tip of the tail (total length), except as noted below.

<u>Species</u>	<u>Minimum Size (inches)</u>
American Eel	6
Atlantic Cod	21
Atlantic Croaker	No Limit
Atlantic Mackerel	7
Black Drum	16
Black Sea Bass	11
Bluefish	9
Cobia	37
Conch	5
Goosefish (Monkfish)	17
Haddock	21
Kingfish	8
King Mackerel	23
Pollock	19
Red Drum	18
River herring (Alewife, blueback herring)	No Limit
Scup (Porgy)	9
Shad	No Limit
Shark	48
Spanish Mackerel	14
Summer Flounder	14
Tautog (Blackfish)	14
Weakfish	13
Winter Flounder	12

1. Total length for black sea bass shall be measured along the midline from the tip of the snout to the end of the central portion of the tail, not to include tail filaments.

2. In addition to the total minimum goosefish size, all goosefish tails possessed must be at least 11 inches in length from the anterior portion of the fourth cephalic dorsal spine to the end of the caudal fin. The total weight of all goosefish livers landed shall not be more than 30 percent of the total weight of all goosefish tails landed or 12 percent of the total weight of all goosefish landed.

3. A person shall not take in any one day or possess more than the possession limit specified below for each species listed, except as may be provided elsewhere in this subchapter, and subject to the specific provisions of any such section.

<u>Species</u>	<u>Possession Limit</u>
Cobia	2
Red Drum	1, no more than 27 inches

(c) A person angling with a hand line or with rod and line or using a bait net or spearfishing shall not have in his or her possession any species listed below less than the minimum length, nor shall such person take in any one day or possess more than the possession limits as provided below, nor shall such person possess any species listed below during the closed season for that species. Exceptions to this section as may be provided elsewhere in this subchapter, and shall be subject to the specific provisions of any such section. Fish length shall be measured from the tip of the snout to the tip of the tail (total length), except as noted below:

<u>Species</u>	<u>Minimum Size in Inches</u>	<u>Open Season</u>	<u>Possession Limit</u>
American Eel	6	Jan. 1-Dec. 31	50
Atlantic Cod	21	Jan. 1-Dec. 31	No Limit
Atlantic Croaker	No Limit	Jan. 1-Dec. 31	No Limit
Black Drum	16	Jan. 1-Dec. 31	3
Black Sea Bass	12	Jan. 1-Sep. 7 and Sep. 22-Nov. 30	25
Bluefish	No Limit	Jan. 1-Dec. 31	15
Cobia	37	Jan. 1-Dec. 31	2
Haddock	21	Jan. 1-Dec. 31	No Limit
Kingfish	No Limit	Jan. 1-Dec. 31	No Limit
King Mackerel	23	Jan. 1-Dec. 31	3
Pollock	19	Jan. 1-Dec. 31	No Limit
Red Drum	18	Jan. 1-Dec. 31	1, not greater than 27 inches
River herring (Alewife, blue- back herring)	No Limit	Jan. 1-Dec. 31	35
Scup (Porgy)	10	Jan 1.-Feb. 28 and July 1-Dec. 31	50
Shad	No Limit	Jan. 1-Dec. 31	6
Shark	48	Jan. 1-Dec. 31	2 per ves- sel
Spanish Mackerel	14	Jan. 1-Dec. 31	10
Summer Flounder (Fluke)	16½	May 8-Oct. 11	8
Tautog	14	Jan. 1-May 31 Jun. 1-Nov. 14 Nov. 15-Dec. 31	4 1 8
Weakfish	13	Jan. 1-Dec. 31	8
Winter Flounder	10	Mar. 1-May 31 and Sep. 15-Dec. 31	No Limit

(11 effec-  
tive Jan.  
1, 2001)

1. Total length for black sea bass shall be measured along the midline from the tip of the snout to the end of the central portion of the tail, not to include tail filaments.

2. The possession limit for shark, as listed at (a) above, shall be as enumerated at (c) above on a per vessel basis regardless of the number of individuals on board said vessel. If a person is fishing from shore or a land based structure, the possession limit shall be as enumerated at (c) above on a per person basis.

3. Anglers may take no more than 50 eels per day; however, anglers may keep more than 50 eels in storage for personal use, provided they possess no more than 50 eels per person for bait purposes while fishing.

(d) A person shall not take, possess, land, purchase, sell or offer for sale any of the following species:

<u>Species</u>	<u>Scientific Name</u>
Atlantic Sturgeon	Acipenser oxyrinchus
Basking Shark	Cetorhinidae maximus
Bigeye Sand Tiger Shark	Odontaspis noronhai
Sand Tiger Shark	Odontaspis taurus
Shortnose Sturgeon	Acipenser brevirostrum
Whale Shark	Rhincodon typus
White Shark	Carcharodon carcharias

(e) Except as provided in (f) below, a person shall not remove the head, tail or skin, or otherwise mutilate to the extent that its length or species cannot be determined, any species with a minimum size limit specified at (b) or (c) above or any other species of flatfish, or possess such mutilated fish, except after fishing has ceased and such species have been landed to any ramp, pier, wharf or dock or other shore feature where it may be inspected for compliance with the appropriate size limit.

1. A shark may be eviscerated and the head and tail removed prior to landing, provided that the alternate length as measured from the origin of the first dorsal fin to the precaudal pit (located just forward of the origin of the upper lobe of the caudal or tail fin) is not less than 23 inches in length. The fins may not be removed from a shark or dogfish, except after fishing has ceased and such shark or dogfish has been landed as specified in (e) above.

(f) Special provisions applicable to a Special Fillet Permit are as follows:

1. A party boat owner may apply to the Commissioner for a permit for a specific vessel, known as a Special Fillet Permit to fillet species specified at (c) above at sea;

2. For purposes of this section, party boats are defined as vessels that can accommodate 15 or more passengers as indicated on the Certificate of Inspection issued by the United States Coast Guard for daily hire for the purpose of recreational fishing;

3. The Special Fillet Permit shall be subject to the following conditions:

i. Once fishing commences, no parts or carcasses of any species specified in (c) above and no flatfish parts or carcasses shall be discarded overboard; of the species specified at (c) above, only whole live fish may be returned to the water;

ii. No carcasses of any flatfish or species listed at (c) above shall be mutilated to the extent that its length or species cannot be determined;

iii. All fish carcasses of species specified at (c) above shall be retained until such time as the vessel has docked and been secured at the end of the fishing trip adequate to provide a law enforcement officer access to inspect the vessel and catch;

iv. No fillet of any flounder or other flatfish shall be less than eight inches in length during the period of May 1 through October 31 or less than five inches in length during the period of November 1 through April 30;

v. No fillet of any species listed below shall have the skin removed and no fillet shall be less than the minimum length in inches specified below.

Species	Minimum Fillet or Part Length
Atlantic Cod	14 inches
Atlantic Croaker	No Limit
Black Drum	9 inches
Black Sea Bass	5 inches
Bluefish	No Limit
Cobia	26 inches
Haddock	14 inches
Kingfish	No Limit
King Mackerel	16 inches
Pollock	13 inches
Red Drum	13 inches
Scup	4 inches
Spanish Mackerel	10 inches
Tautog	7 inches
Weakfish	9 inches

vi. Fish carcasses from the previous trip shall be disposed of prior to commencing fishing on a subsequent trip;

vii. Violation of any of the provisions of the Special Fillet Permit shall subject the captain and permit holder to the penalties established pursuant to N.J.S.A. 23:2B-14 and shall result in a suspension or revocation, applicable to both the vessel and the owner, of the Special Fillet Permit according to the following schedule:

(1) First offense: 30 days suspension;

(2) Second offense: 90 days suspension; and

(3) Third offense: Revocation of permit, rendering the vessel and the owner not eligible for permit renewal regardless of vessel ownership.

viii. Upon receipt of the notice of suspension but prior to the suspension or revocation of the Special Fillet Permit, the permittee has 20 days to request a hearing from the Department. The hearing shall be conducted pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and 52:14F-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1.1. If a request for a hearing is not received by the Department within 20 days of the permittee's receipt of the notice of suspension, the permit suspension or revocation will be effective on the date indicated in such notice.

(g) Any person violating the provisions of (b), (c), (d), (e) or (f) above shall be liable to a penalty of \$30.00 for each fish taken or possessed. Each fish taken or possessed shall constitute an additional separate and distinct offense.

(h) A person shall not take, attempt to take or have in his or her possession any striped bass or striped bass hybrids, as defined in (i) below, while on or angling in the Delaware River or its tributaries from the upstream side of the U.S. Route 1 Bridge to and including the Salem River and its tributaries from April 1 through May 31 of each year, or from any waters of the State, except the Atlantic Ocean, from January 1 through February 28 of each year as set forth in N.J.S.A. 23:5-45.2.

1. Hook and line fishermen are hereby restricted to the use of non-offset circle hooks while fishing with any natural bait within the Delaware River or its tributaries from April 1 through May 31 of each year. This restriction shall apply only to hooks of size two and larger and shall not apply to hooks of smaller sizes (such as those normally used for white perch fishing).

(i) Except for the products of commercial aquaculture, no person shall take from the marine waters in this State or have in his or her possession while on or angling in the marine waters of this State any striped bass hybrids, being hybrids of the *Morone* genus, less than the striped bass minimum size limits established pursuant to N.J.S.A. 23:5-45.1.

1. For the purposes of this section, commercial aquaculture shall mean the culture or husbandry of striped bass hybrids in non-wild systems for the purpose of egg and larval production and/or increasing size.

2. For the purposes of this section, parents of striped bass hybrids shall include *Morone saxatilis* (striped bass), *M. chrysops* (white bass), *M. americana* (white perch), and *M. mississippiensis* (yellow bass).

(j) Except for striped bass hybrids that are the products of commercial aquaculture, a person shall not possess more than the possession limit or less than the minimum size limits established pursuant to N.J.S.A. 23:5-45.1, whether striped bass or striped bass hybrid, while on or angling in the marine waters of this State.

(k) A person shall not remove the head, tail or skin from any striped bass hybrid except immediately prior to preparation or serving as food.

(l) All hybrid striped bass which are the products of commercial aquaculture shall be accompanied by accurate and dated documentation of quantity, original description and destination.

(m) Wanton waste of fish is prohibited.

1. Fish of any species, taken by any means, which are purposely killed shall become part of the fisherman's daily possession limit and shall be removed from the waters from which they were taken and from adjacent lands. This subsection shall not apply to those fish which are released while still alive and subsequently die or to those fish taken inadvertently by net (bycatch) and subsequently die.

(n) Any person violating the provisions of (h) through (l) above shall be liable for a penalty of \$100.00 for each fish taken or possessed. Each fish taken or possessed shall constitute a separate and distinct offense.

(o) The following provision is applicable to the recreational harvest of bluefish.

1. Any party/charter vessel carrying recreational fishermen for hire to fish for bluefish shall have a valid Federal party/charter vessel permit.

(p) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify the fishing seasons, minimum size limits and possession limits specified in this section by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. § 5104(b). The Department shall publish notice of any such modification in the New Jersey Fish and Wildlife Digest and the New Jersey Register, and shall submit a news release to individuals on the Division outdoor writers' mailing list.

(q) All persons aboard any fishing vessel subject to this rule shall immediately comply with instructions and signals issued by a conservation officer, a marine police officer or other law enforcement officer to facilitate safe boarding and inspection of the vessel, its gear, equipment, and catch for the purpose of enforcement of this rule.

(r) Pursuant to N.J.S.A. 23:10-21 and 21.1, any gear used in the violating of the provisions of this subchapter may be seized and forfeited to the Division.

Amended by R.1990 d.607, effective December 3, 1990.

See: 22 N.J.R. 3078(a), 22 N.J.R. 3628(b).

Added new (e) through (h), redesignated existing (e) as (i).

Amended by R.1991 d.132, effective March 18, 1991.

See: 23 N.J.R. 37(a), 23 N.J.R. 848(b).

Size limit for marine fish changed in (a). Added (f), (g), (h), (i) and (j).

Amended by R.1991 d.348, effective July 1, 1991.

See: 23 N.J.R. 43(a), 23 N.J.R. 2011(a).

Deleted "winter flounder measuring less than six inches in length, or measuring less than 13 inches in length" with stylistic changes in (a). Added "winter flounder under 10 inches in length, or red drum under 14 inches in length" with stylistic changes in (b). Added (d). Redesignated (d) as (e); added reference to "(d)". Redesignated (e)-(n) as (f)-(o).

Amended by R.1992 d.143, effective March 16, 1992.

See: 24 N.J.R. 4(c), 24 N.J.R. 1113(a).

Added requirements for weakfish management.

Petition for Rulemaking: Request for reduction of size limit; denied.

See: 24 N.J.R. 2957(a).

Public Notice: Announcement of fish checking stations for the Striped Bass Trophy Program.

See: 24 N.J.R. 3767(c).

Amended by R.1992 d.476, effective December 7, 1992.

See: 24 N.J.R. 1456(a), 24 N.J.R. 4368(b).

New (e) and (f) added prohibiting the filleting of any flatfish at sea in order to prevent circumvention of size limits on fluke and winter flounder; recodification of existing (e)-(o) as (g)-(q).

Amended by R.1993 d.56, effective January 19, 1993.

See: 24 N.J.R. 4249(a), 25 N.J.R. 303(a).

(c) repealed and replaced in accordance with the Summer Flounder Fishery Management Plan developed by the Mid-Atlantic Fishery Management Council and Atlantic States Marine Fisheries Commission. Amended by R.1993 d.77, effective February 16, 1993.

See: 24 N.J.R. 205(a), 25 N.J.R. 689(a).

Added Atlantic Sturgeon under 60 inches in height.

Administrative Correction.

See: 25 N.J.R. 4495(a).

Amended by R.1994 d.44, effective January 18, 1994.

See: 25 N.J.R. 2167(a), 26 N.J.R. 353(a).

Emergency Amendment, R.1994 d.230, effective April 13, 1994 (to expire June 12, 1994).

See: 26 N.J.R. 1885(a).

Amended by R.1994 d.248, effective May 16, 1994.

See: 26 N.J.R. 291(a), 26 N.J.R. 2021(b).

Adopted Concurrent Proposal, R.1994 d.339, effective June 10, 1994.

See: 26 N.J.R. 1885(a), 26 N.J.R. 2792(a).

Provisions of emergency amendment R.1994 d.230 readopted, with a change effective July 5, 1994.

Amended by R.1994 d.615, effective December 19, 1994.

See: 26 N.J.R. 1931(a), 26 N.J.R. 5011(a).

Amended by R.1995 d.82, effective February 6, 1995.

See: 26 N.J.R. 4277(b), 27 N.J.R. 487(a).

Administrative Change.

See: 27 N.J.R. 1793(a).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Changed section name from "Size and possession limits"; added species and changed size and possession limits throughout; in (a) and (b), inserted provisions relating to presumed possession; and in (c), inserted reference to bait nets.

Administrative change.

See: 29 N.J.R. 2278(a).

In (b), increased minimum size of Summer Flounder and Tautog; and in (c), increased possession limit of Summer Flounder.

Amended by R.1997 d.246, effective June 2, 1997.

See: 29 N.J.R. 285(a), 29 N.J.R. 2555(a).

In (a) and (b), added "(total length), except as noted below"; in (a), in table, changed minimum size for "Black sea bass" from 8 to 9 inches and added "Tautog (blackfish)"; inserted new (a)1, and recodified former (a)1 and (a)2 as (a)2 and (a)3; in (b), added "Black sea bass" to table; added (b)1; in (c), added "Black sea bass" to table; in (e), inserted "or possess such mutilated fish,"; and in (f)3v, added "Black sea bass" and "Scup" to table.

Amended by R.1998 d.40, effective January 5, 1998.

See: 29 N.J.R. 4595(a), 30 N.J.R. 226(a).

Added Bluefish to size limits; in (b) changed minimum size for Atlantic Cod and Haddock from 19 inches to 21 inches; in (f)3v, changed minimum length of Atlantic Cod and Haddock from 13 inches to 14 inches.

Administrative change.

See: 30 N.J.R. 1319(b).

Administrative change.

See: 30 N.J.R. 1402(b).

Amended by R.1999 d.52, effective February 16, 1999.

See: 30 N.J.R. 3881(a), 31 N.J.R. 538(a).

Rewrote (a) through (f).

Administrative change.

See: 31 N.J.R. 1084(a).

Amended by R.2000 d.10, effective January 3, 2000.

See: 31 N.J.R. 2555(a), 32 N.J.R. 48(a).

In (c), changed minimum size for Winter Flounder; in (h), substituted "upstream side of the U.S. Route 1 Bridge" for "Trenton Falls" following "from the".

Administrative change.

See: 32 N.J.R. 1387(a).

Amended by R.2000 d.395, effective October 2, 2000.

See: 31 N.J.R. 2555(a), 32 N.J.R. 3592(b).

In (c), increased minimum size for Winter Flounder; in (h), substituted "upstream side of the U.S. Route 1 Bridge" for "Trenton Falls"; inserted a new (n); and recodified former (n) through (p) as (o) through (q).

Amended by R.2001 d.73, effective March 5, 2001.

See: 32 N.J.R. 4435(a), 33 N.J.R. 874(a).

Administrative change.

See: 33 N.J.R. 1589(a).

Amended by R.2001 d.346, effective September 17, 2001.

See: 33 N.J.R. 453(a), 33 N.J.R. 3352(a).

Rewrote the section.

Administrative change.

See: 34 N.J.R. 921(a).

Administrative change.

See: 34 N.J.R. 1023(b).

Administrative change.

See: 34 N.J.R. 1669(a).

Amended by R.2002 d.277, effective August 19, 2002.

See: 34 N.J.R. 1375(a), 34 N.J.R. 2995(a).

In (a) to (c), added "River herring"; in (g), deleted "(a)", "or" preceding (e), inserted "or (f)" after (e); rewrote (h).

Administrative change.

See: 35 N.J.R. 708(a).

Administrative correction.

See: 35 N.J.R. 1561(a).

Administrative change.

See: 35 N.J.R. 1927(a).

Administrative correction.

See: 35 N.J.R. 5619(a).

Amended by R.2004 d.20, effective January 5, 2004.

See: 35 N.J.R. 4224(b), 36 N.J.R. 174(b).

In (a), amended the table of Common Name and Scientific Name; in (g), substituted "\$30.00" for "\$20.00".

Administrative change.

See: 36 N.J.R. 1191(c).

Administrative change.

See: 36 N.J.R. 2420(c).

## 7:25-18.2 Pound nets

(a) The following words and terms shall have the following meanings unless the context clearly indicates otherwise.

"Department" means the New Jersey Department of Environmental Protection.

"Heart" means an upright fence of netting forming a heart-shaped (round or square) compartment located between the leader and the pocket. It is designed to cause fish to circle in front of and eventually enter the pocket of a pound net.

"Leader" means an upright fence of netting that acts as a barrier to fish and guides them toward a trap; the netting is made of heavy twine, not designed to catch fish by the gills.

"Navigable channel" means a channel marked with navigational markers including poles, piling or buoys, by the Coast Guard or the State.

"Pocket" means an upright fence of netting forming the final compartment of a pound net in which trapped fish accumulate.

"Pound net" means a large fish trap, consisting of a leader, pocket and one or more hearts, held in place with poles, the netting of which reaches from the bottom to above the surface of the water.

"Staked or anchored gill net" means an upright fence of monofilament or nylon netting, held in place at each end by stakes or anchors, that catches fish by snagging their gill covers as they try to pass through the mesh of the net.

"Submarine pound net" means a pound net that is totally submerged beneath the water and held in place by anchors.

(b) General requirements for all pound net users are as follows:

1. No person may install, operate or maintain a pound net in the marine waters of the State without having first obtained a license from the Department.

2. The Department may establish limits on the number of licenses to be issued for pound nets in Raritan Bay and Sandy Hook Bay and in the Atlantic Ocean within three nautical miles of the coastline.

3. Licenses must be renewed annually.

4. Holders of pound net licenses from the previous year shall have first priority in obtaining a new license, provided they apply before March 1 of the current year.

5. Any person operating any fish pound net in the marine waters of New Jersey, must, at the time of emptying the net, return to the waters wherein the net is located all species less than the minimum size limits specified pursuant to N.J.A.C. 7:25-18.1.

6. No person may, by boat, anchor, dredge or otherwise, willfully and without reasonable cause, interfere with, break, damage or destroy any fish net or associated equipment being lawfully used by a license holder.

7. The Department may require any licensee to submit a money surety bond to insure removal of pound net poles and apparatus as required by these rules.

8. Violation of the rules in this section will subject the violator to money penalties, loss of license and/or injunctive relief under N.J.S.A. 23:2B-14.

(c) Specific requirements for pound net users in Raritan, Sandy Hook and Delaware Bays are as follows:

1. Any person applying for a pound net license must indicate the specific proposed site for the net, as designated by a chart developed by the Department. Sites which have not previously been located on the approved chart must be approved by the Department prior to issuance of a license.

2. New pound net sites must be at least 3,000 feet from a previously located pound net site, when measured parallel to the shoreline, and must be at least 1,000 feet from any navigable channel.

3. Any pound net license holder has priority in retaining a pound net site previously licensed by him or her, provided that he or she has actively and lawfully fished that site during the previous year and has submitted a license application prior to March 1 of the current year. After March 1, any citizen may apply for any available site on a first-come basis.

4. No staked or anchored shad net may be placed within 3,000 feet of an operating pound net. However, shad nets may be set on licensed pound net sites by the license holder or on unoccupied, approved pound net sites, provided the shad nets are set end-to-end with and in line with any existing pound nets.

5. Pound nets must be placed end-to-end so as to form a straight line, perpendicular to the shoreline.

6. The maximum allowable length of a pound net, including leader and hearts, is 750 feet.

7. A minimum distance of 50 feet must be maintained between any two pound nets, shad nets or combination thereof, when measured perpendicular to the shoreline.

8. A pound net license holder must maintain a nameplate, on the offshore pole of the net not less than six inches square, on which shall be legibly marked the identification number of the pound, as assigned by the Department.

9. A flashing, amber light must be displayed between sunset and sunrise on each of the two end poles of a pound net or a continuous row of pound nets. These lights must be placed at least 10 feet above the mean high water level and must be of sufficient brightness to be visible for at least three miles in all directions (360 degrees) at such times and under such weather conditions as would allow visibility of 10 miles.

10. Within 30 days of the termination of fishing activities for that year, all poles and stakes must be removed by the pound net license holder.

11. The pound net license holder will be responsible for the cost of pole and/or stake removal where the Department accepts responsibility for such removal, due to the licensee's failure to comply with 10 above.

(d) Specific requirements for pound net users in the Atlantic Ocean are as follows:

1. When submitting a request for an ocean or submarine pound net license, the applicant must specify the specific proposed site-location for placement of each net. Upon site approval, the Department may issue the license. (Note: Permission for location of ocean pound nets is also required from the United States Army Corps of Engineers.)

2. No portion of a pound net may be set within 1,500 feet or greater than 7,000 feet from the mean low water line on the ocean shoreline.

3. No row of pound nets may be erected or operated within one and one-half miles of any other row of pound nets, when measured parallel with the coastline.

4. No more than two pound nets may be joined together.

5. A minimum distance of 1,000 feet, when measured perpendicular to the coastline, must be maintained between individual or paired pound nets set in a row.

6. A row of ocean or submarine pound nets must form a straight line with the nets placed end-to-end.

7. The maximum allowable length of an ocean or submarine pound net, including leader and pocket, is 1,100 feet.

8. The minimum mesh size for ocean or submarine pound nets is two inches, stretched.

9. Ocean pound nets shall be maintained in compliance with the following additional requirements:

i. White reflectors must be placed around the top of each pole so as to reflect in all directions;

ii. Flashing amber lights must be displayed on the inshore and offshore poles of nets or rows of nets, between sunset and sunrise; these lights must be placed at least 10 feet above the mean high water level and must be of sufficient brightness to be visible for at least three miles in all directions (360 degrees) at such times and under such weather conditions as would allow visibility of 10 miles.

10. Submarine pound nets shall be maintained in compliance with the following additional requirements:

i. At least eight fluorescent orange floats, at least 12 inches in diameter, shall be maintained along the length of each net, including the inshore and offshore ends.

ii. The pound net license holder shall maintain a nameplate, not less than 12 inches square, on which shall be legibly marked the identification number of the pound, as assigned by the Department.

11. The license holder must completely remove all pound net poles and stakes, within ten months of the termination of fishing activities.

12. The pound net license holder will be responsible for the cost of pole and/or stake removal, where the Department accepts responsibility for such removal, due to the licensee's failure to comply with 11 above.

Amended by R.1984 d.439, effective October 1, 1984.

See: 16 N.J.R. 1866(a), 16 N.J.R. 2543(b).

Amended by R.1991 d.132, effective March 18, 1991.

See: 23 N.J.R. 37(a), 23 N.J.R. 848(b).

Lighting requirements affecting pound nets increased on (c)9 and (d)9ii.

Amended by R.1994 d.248, effective May 16, 1994.

See: 26 N.J.R. 291(a), 26 N.J.R. 2021(b).

### 7:25-18.3 Net identification tags

(a) Any identification tag furnished by the Division for a licensed net shall be displayed in a prominent and easily accessible place on such net.

(b) No identification tag furnished by the division may be counterfeited or transferred.

### 7:25-18.4 Spearfishing

It shall be lawful to take, catch, or kill all species of fish by means of spearfishing, during the respective open season, except for those species of fish specifically protected. For

the purpose of this rule, spearfishing shall mean the taking of fish by means of a spear, harpoon, or other missile, or by hand, while completely submerged in the marine waters of the State.

Amended by R.1985 d.609, effective January 7, 1985.

See: 16 N.J.R. 2478(a), 17 N.J.R. 79(a).

Amended by R.1995 d.82, effective February 6, 1995.

See: 26 N.J.R. 4277(b), 27 N.J.R. 487(a).

### 7:25-18.5 General net regulations

(a) No person shall take, catch, kill or attempt to take, catch or kill any fish within the marine waters of the State by any means except in the manner commonly known as angling with hand line or with rod and line unless specifically permitted by statute or regulation.

(b) All stakes used in fyke nets, pound nets, parallel nets or gill nets shall be marked with at least one of the following which shall be placed at least two feet above mean high water and be visible from all sides:

1. Reflectors of not less than two inches in diameter;
  2. Reflecting tape not less than two inches in width;
  3. Light colored flags not less than two square feet;
- or
4. Light colored jugs or buoys not less than 12 inches in diameter.

(c) It shall be illegal to catch fish or attempt to catch fish by means of a rod and line or hand line, commonly called angling, within 300 feet of a set (operating) fish net as licensed pursuant to this section.

(d) It shall be illegal to set a fish net as licensed pursuant to this section within 300 feet of any person actively fishing with a rod and line or hand line, commonly called angling.

(e) All nets licensed pursuant to this section must be legibly and indelibly marked with the gear identification number of the owner.

(f) No person shall set, tend, tamper with or damage in any way or remove fish or other organisms from any net requiring a license without having in his possession the numbered license issued to said person which corresponds to the gear identification number marked on such net.

(g) Individuals intending to take fish with a net in the marine waters of this State pursuant to N.J.S.A. 23:5-24.2 shall, as required, apply to the Commissioner for a license and/or permit. To be eligible for a gill net license in 2003, an applicant must provide a copy of a previously valid New Jersey gill net license held by the applicant between January 1, 1997 and July 13, 2000. Individuals may purchase the greatest number of each type of gill net license they held in any one calendar year between January 1, 1997 and July 13, 2000. To be eligible for a gill net license in all subsequent years, an applicant must provide a copy of a previously valid

gill net license held by the applicant from the preceding year. Individuals must purchase the maximum number of gill net licenses to which they are entitled annually. Any licenses not purchased will be forfeited. The holder of a valid gill net license not pending revocation or court action due to violation of provisions of this subchapter may transfer the right to purchase all of the gill net licenses he is entitled to purchase to another individual at any time, upon notification to the Department. The new licensee shall have a license(s) issued in his or her name after payment of the fee specified in (g)5vi or (g)6ix below. Any licenses not purchased by the new entrant will be forfeited. Individuals who applied to the gill net delayed entry program prior to July 13, 2000 and who obtained gill net licenses after the July 13th control date in 2000 or in 2001 or who obtained gill net licenses or are eligible to obtain gill net licenses in 2002, will be restricted to purchase a maximum of two drifting and/or six staked or anchored gill net licenses. Any licenses not purchased in any year will be forfeited. Availability of Delaware Bay Gill Net Permits shall be determined pursuant to N.J.A.C. 7:25-18.6 through 18.11. Upon receipt of the application, and the prescribed license fee, the Commissioner may, in his or her discretion, issue single season licenses and/or permits as specified for each net type for the taking of fish with nets only as follows:

1. Haul seines shall have a mesh not smaller than 2.75 inches stretched and shall not exceed 70 fathoms in length, whether used singly or in series. Haul seines may be used for all species except those specifically protected.

i. The haul seine season shall begin on November 1 and end on April 30;

ii. A person shall not use or attempt to use a haul seine for any species in Lake Takanassee, Spring Lake, Wreck Pond and Deal Lake;

iii. The haul seine resident fee shall be \$25.00 per net.

2. Fykes shall have a length, including leaders, which shall not exceed 30 fathoms and no part of the net or leaders shall be constructed of monofilament or have a mesh larger than five inches stretched or smaller than three eight inches stretched (inside measurement). Fyke nets may be used for all species except those specifically protected.

i. The fyke season shall begin on November 1 and end on April 30;

ii. A person shall not use or attempt to use a fyke net for any species in Lake Takanassee, Spring Lake, Wreck Pond and Deal Lake, or in the area commonly known as Collins Cove off the Mullica River between a line starting at aid to navigation channel marker flashing red number 8 (latitude 39°33.36'N, longitude 74°28.39'W), bearing approximately 229°T to a point on the western shore of Collins Cove at latitude 39°33.09'N, longitude 74°28.72'W and the Garden State Parkway where it crosses the Mullica River;

iii. No fyke net nor any part of a fyke net shall be set in the middle one third of any river, stream or tributary.

iv. All stakes used for the setting of fyke nets must be removed within 30 days of the close of the season;

v. Submerged anchored fyke nets shall be marked at each end with a fluorescent orange float at least 12 inches in diameter or a fluorescent orange flag at least 12 inches by 12 inches and suspended at least three feet above the water, measured from the surface of the water to the bottom of the flag. No less than 24 square inches of any reflective material shall be attached and maintained on each marker.

vi. Winter flounder may be taken by fyke net during the season of November 1 through February 19. Any winter flounder taken by fyke net from February 20 through April 30 shall not be retained and must be immediately returned to the water.

vii. The fyke resident fee shall be \$12.00 per net. Each licensee shall notify the Department in their license application of the specific estuary in which they intend to fish the fyke net(s). Licensees shall notify the Department as to any change in the specific estuary within which the fyke net is located no later than seven days following the change in estuary. Such notice shall be in writing to:

Division of Fish and Wildlife  
Marine Fisheries Administration  
PO Box 400  
Trenton, New Jersey 08625-0400.

3. Miniature fykes or pots shall only be used for the taking of catfish, suckers, killifish (Cyprinodontidae) and eels. The mesh of this net type shall be no smaller than three sixteenth inches bar, inside measurement. This net type shall not have leaders or wings and shall not exceed 16 inches in diameter if cylindrical or 201 square inches in cross section if any other configuration in any of the marine waters of this State.

i. The miniature fyke or pot season shall begin on January 1 and end on December 31;

ii. The miniature fyke or pot resident fee shall be \$100.00 regardless of the number of miniature fykes or pots employed;

iii. One or two miniature fykes or pots may be used for the taking of killifish or eels only for bait without application for or granting of a license, provided, however, that killifish or eels taken without having a valid license in possession may not be sold or used for barter.

iv. No miniature fyke or pot shall be placed in any man-made lagoon or in any marked or charted channel except noncommercial pots or miniature fykes fastened to a pier or other shore connected structure by a line no longer than twice the depth of the water at that point.

4. The bait net season shall begin on January 1 and shall end on December 31. Except as provided in N.J.S.A. 23:5-24.2, bait net resident fees shall be \$10.00 per license.

i. Bait nets shall be limited to one or more of the following types:

(1) Hand held dip nets 24 inches in diameter or less;

(2) Bait seines not exceeding 150 feet and mesh not less than three eighths inches stretched, inside measurements, and not more than 2.5 inches stretched;

(3) Cast nets not exceeding 30 feet in diameter;

(4) Lift or umbrella nets not exceeding four feet square; and

(5) Killipots with mesh not less than three sixteenth inches bar, inside measurements, and not exceeding 10 inches in diameter or 25 inches in length if cylindrical or 2,000 cubic inches for any other conformation for the taking of killifish (Cyprinodontidae spp.) only;

ii. No person shall harvest or attempt to harvest fish by any means from the Deal Lake flume, the Lake Takanassee spillway or Wreck Pond spillway on Monday, Wednesday, and Friday, during the months of April and May in any year.

iii. No person shall take more than 35 river herring (alewife and blueback herring in the aggregate) per day with any dip net, cast net, lift or umbrella net or bait seine; and

iv. The simultaneous possession of greater than 35 alewife or blueback herring in the aggregate and any dip net, cast net, lift or umbrella net or bait seine shall constitute prima facie evidence of the violation of this rule.

5. Drifting gill nets shall be used only in the Atlantic Ocean, Delaware Bay, and the tributaries of Delaware Bay. The smallest mesh of any drifting gill net shall be not less than five inches stretched beginning February 12 through February 29. From March 1 through December 15 the smallest mesh of any drifting gill net shall be not less than 3.25 inches stretched except in the tributaries of Delaware Bay and in Delaware Bay and the Atlantic Ocean within two nautical miles of the mean high water line where the smallest mesh shall be not less than 2.75 inches stretched and subject to the permitting and reporting requirements specified in (g)5vii below and in N.J.A.C. 7:25-18.12. These nets shall not individually exceed 200 fathoms in length. Individual drifting gill nets shall not be fastened together to form a series of nets exceeding 400 fathoms in length beginning February 12 through May 15 or exceeding 200 fathoms in length beginning May 16 through December 15. Drifting gill nets may be used for all species except those specifically protected.

i. Separate drifting gill nets or a series of joined drifting gill nets shall not be set or fished closer than 100 fathoms from any other net or series of nets;

ii. Separate drifting gill nets or a series of joined drifting gill nets shall be marked at each end with a fluorescent orange float at least 12 inches in diameter or a fluorescent orange flag at least 12 inches by 12 inches and suspended at least three feet above the water, measured from the surface of the water to the bottom of the flag. No less than 24 square inches of any reflective material shall be attached and maintained on each end marker. A white float measuring at least eight inches in diameter shall be located approximately 20 feet inside of each end marker;

iii. Drifting gill nets shall be used in the Atlantic Ocean only from February 12 through December 15. Drifting gill nets shall not be used in the Atlantic Ocean within 100 fathoms of the marked channel of any inlet. Drifting gill nets between 2.75 inches stretched mesh and 3.25 inches stretched mesh shall be subject to the permitting and reporting requirements specified in (g)5vii below, and

(1) Shall only be fished within two miles of the MHWL;

(2) Shall only be fished between the hours of sunrise and sunset;

(3) Shall be no higher than eight feet (off the bottom) while fishing; and

(4) A maximum of 200 fathoms per licensed fisherman shall be in the water at any one time;

iv. Drifting gill nets shall be used in the tributaries of Delaware Bay only for the season extending from February 12 through May 15 and July 15 through December 15;

v. Drifting gill nets shall be used in Delaware Bay only from February 12 through December 15, subject to the additional conditions specified in N.J.A.C. 7:25-18.12. For the purpose of this section, that portion of Delaware Bay defined by the New Jersey-Delaware boundary on the west, Loran C27180 on the east, and Loran C42830 on the north, during the period from May 15 through June 15, shall be known as the Brandywine Shoal Restricted Area.

(1) No more than two drifting gill nets shall be permitted to be set or operated within the Brandywine Shoal Restricted Area by any vessel.

(2) No more than one drifting gill net shall be permitted to be set or operated, nor shall any net be left unattended, within the Brandywine Shoal Restricted Area by any vessel at night (from sunset to sunrise) or on any public holiday as specified at N.J.S.A. 36:1-1 or weekend. For the purpose of this section, "unattended" means that set of circumstances where the operator is more than 100 feet from the nearest portion of his net.

vi. The drifting gill net resident fee shall be \$20.00 per net.

vii. Individuals utilizing drifting, staked or anchored gill nets less than 3.25 inches stretched mesh in the Atlantic Ocean or in the Delaware Bay after February 29 in any calendar year shall possess a Gill Net Mesh Exemption Permit.

(1) An individual shall apply annually for the permit.

(2) All permittees shall submit monthly reports of their catch and effort and other information as may be determined by the Department on forms provided by the Department. These reports shall be filed with the Division no later than 10 calendar days after each monthly reporting period. If no fishing activity was conducted under this permit during the month, a report to that effect shall be provided. Gill Net Mesh Exemption permittees shall be personally responsible for guaranteeing the timely delivery of reports to the Division as well as the accuracy of all information contained therein. The Department may demand that a permittee provide proof of the truth of any data contained in any report submitted to the Division under this program. If the permittee fails to file a true, complete monthly report with the Division by the 15th day of any month, the Division, in its discretion, may contact the permittee by the most expeditious method available in order to secure a complete report.

(3) If the Division is unable to secure a true, complete monthly report from the permittee by such informal means or the Division has credible evidence that the data on any report is false, the Division shall notify the permittee in writing of the Division's intention to revoke the permittee's Mesh Exemption privilege for the reasons stipulated in the notice, effective 20 business days after the date on the written notice (excluding the date on the notice) and of the Division's suspension of the permittee's Mesh Exemption privileges in the interim, effective on a date stipulated in the notice but no sooner than 10 business days after the date of the notice (excluding the date on the notice).

(4) The permittee may request a hearing to contest a proposed revocation of Mesh Exemption privileges in accordance with the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq., and the Uniform Administrative Procedure Rules, N.J.A.C. 1:1. The request for an administrative hearing must be received in writing by the Department within 20 business days from the date on the Division's notice of suspension and intention to revoke, excluding the date on the notice. However, if a timely request for a hearing is not received by the Department, any allegation contained in the notice shall be deemed admitted by the permittee and Mesh Exemption privileges shall be revoked as of the date stipulated in the notice, without any further action by the Division.

(5) The Division Director may, in his or her sole discretion, stay the suspension of Mesh Exemption privileges pending a hearing on the notice of proposed revocation of Mesh Exemption privileges for any good cause set forth in a written petition from the permittee, including sworn statements from the permittee or other persons with knowledge relevant to the allegations on which the Division action is based. The petition and its supporting statements and documentation shall be made available to the court and all parties in advance of any hearing.

(6) The Division shall reinstate Mesh Exemption privileges suspended for late or incomplete reports, but no more than three times per permittee in any single permit year, if that permittee personally delivers any missing reports, completed, along with a credible written explanation for the delay and/or omissions to the Division within 20 business days from the date on the notice of suspension.

(7) Any permittee who has had a Mesh Exemption privilege revoked shall be disqualified from exercising any privilege associated with a Mesh Exemption permit for 24 months following:

(A) The effective date of an uncontested notice of proposed revocation of privileges;

(B) The date of the Commissioner's Final Decision affirming revocation of Mesh Exemption privileges; or

(C) The filing date of the court order affirming the Commissioner's Final Decision revoking Mesh Exemption privileges, whichever is applicable.

(8) The Division shall issue a Mesh Exemption permit to an applicant pending resolution of a contested Division proposal to revoke that applicant's Mesh Exemption privilege, but that permittee shall not exercise or enjoy any Mesh Exemption privilege if the Division has already suspended that permittee's Mesh Exemption privilege pending resolution of a proposed revocation until:

(A) The Division Director lifts the suspension of that permittee's Mesh Exemption privileges;

(B) The Commissioner issues a Final Decision reinstating that permittee's Mesh Exemption privileges; or

(C) A court of competent jurisdiction orders reinstatement of that permittee's Mesh Exemption privileges, as the case may be.

6. Staked and anchored gill nets shall be used only in the Atlantic Ocean, Raritan Bay, Sandy Hook Bay, and the Delaware Bay and its tributaries. No unattended, overnight staked or anchored gill net shall be set in the Atlantic Ocean from June 15 through October 31. No unattended, overnight anchored gill net shall be set in

Delaware Bay from June 15 through September 30. For the purpose of this section, "unattended" means that set of circumstances where the operator is more than  $\frac{1}{2}$  nautical mile (3,040 feet) from the nearest portion of his net. Staked or anchored gill nets shall not be fastened together to form a series of net exceeding 400 fathoms in length from the beginning of the season through May 15 or exceeding 200 fathoms in length beginning May 16 through December 15, subject to the additional conditions specified in N.J.A.C. 7:25-18.12.

i. Separate staked or anchored gill nets or a series of joined staked or anchored gill nets shall not be set closer than 20 fathoms from any other net or series of nets;

ii. Separate staked or anchored gill nets or a series of joined staked or anchored gill nets shall be marked at each end with a fluorescent orange float at least 12 inches in diameter or a fluorescent orange flag at least 12 inches by 12 inches and suspended at least three feet above the water, measured from the surface of the water to the bottom of the flag. No less than 24 square inches of any reflective material shall be attached and maintained on each marker. A white float measuring at least eight inches in diameter shall be located approximately 20 feet inside of each end marker;

iii. Staked and anchored gill nets may be used in the Atlantic Ocean for any species except those specifically protected only beginning February 12 through December 15, where individual gill net length shall not exceed 50 fathoms. The smallest mesh of any such net used in the Atlantic Ocean shall not be less than five inches stretched beginning February 12 through February 29 and not less than 3.25 inches stretched beginning March 1 through December 15. Staked or anchored gill nets shall not be used in the Atlantic Ocean within 100 fathoms of the marked channel of any inlet;

iv. Staked and anchored gill nets shall be used only for shad in the Raritan Bay or Sandy Hook Bay and only beginning February 1 through May 15, where individual gill net length shall not exceed 30 fathoms. The smallest mesh of any such net used in Raritan Bay or Sandy Hook Bay shall not be less than five inches stretched;

v. Staked gill nets may be used in the tributaries of Delaware Bay for any species except those specifically protected only beginning January 1 through May 15 and July 15 through December 15, where individual gill net length shall not exceed 30 fathoms. The mesh of any such net used in the tributaries of Delaware Bay shall not be less than 2.75 inches stretched nor greater than 3.25 inches stretched beginning January 1 through February 29 and no mechanical means shall be utilized to retrieve such net. The mesh of any net shall not be less than 2.75 inches from March 1 through May 15 and July 15 through December 15. No net shall be set across the middle one third of any tributary or the mouth of any tributary, nor shall any net be set in a manner that impedes navigation;

vi. Staked gill nets may be used in Delaware Bay only from February 1 through December 15, except as further defined by statute and/or rule. Individual staked gill net length shall not exceed 30 fathoms. The mesh of any such net used in Delaware Bay shall be 2.75 inches stretched beginning February 1 through February 29 except that staked gill nets of a mesh not less than 2.75 inches stretched or greater than 3.25 inches stretched may be used within one half nautical mile of the MHWL from January 1 through February 29 provided no mechanical means are utilized to retrieve such nets. From March 1 through December 15 the smallest mesh of any staked gill net shall not be less than 3.25 inches stretched except within two nautical miles of the mean high water line where the smallest mesh shall not be less than 2.75 inches stretched and subject to the permitting and reporting requirements specified in (g)5vii above and N.J.A.C. 7:25-18.12. Staked gill nets shall not be used in that portion of Delaware Bay known as the Brandywine Shoal Restricted Area as defined in (g)5v above;

vii. The use of anchored gill nets is permitted in the tributaries of Delaware Bay for any species, except those specifically protected, only beginning January 1 through May 15 and July 15 through December 15, where individual gill net length shall not exceed 30 fathoms. The mesh of any such net used in the tributaries of Delaware Bay shall not be less than 2.75 inches stretched nor greater than 3.25 inches stretched beginning January 1 through February 29 and no mechanical means shall be utilized to retrieve such net. The mesh of any net shall not be less than 2.75 inches from March 1 through May 15 and July 15 through December 15. No net shall be set across the middle one third of any tributary or mouth of any tributary, nor shall any net be set in a manner that impedes navigation;

viii. The use of anchored gill nets is permitted in the Delaware Bay only from February 1 through December 15, except as further defined by statute and/or rule. Individual anchored gill net length shall not exceed 30 fathoms. The smallest mesh of any such net used in the Delaware Bay shall not be less than five inches stretched beginning February 1 through February 29 except that anchored gill nets of a mesh not less than 2.75 inches stretched or greater than 3.25 inches stretched may be used within one half mile of the mean high water line from January 1 through February 29 provided no mechanical means are utilized to retrieve such nets. From March 1 through December 15 the smallest mesh of any anchored gill net shall not be less than 3.25 inches stretched except within two nautical miles of the mean high water line where the smallest mesh shall not be less than 2.75 inches stretched and subject to the additional conditions specified in N.J.A.C. 7:25-18.12. Anchored gill nets shall not be used in that portion of the Delaware Bay known as the Brandywine Shoal Restricted Area as defined in (g)5v above;

ix. The staked and anchored gill net resident fee shall be \$3.00 per net.

7. Pound nets shall have a mesh not smaller than two inches stretched and may be used for all species except those specifically protected. These nets shall be used only in Raritan Bay, Sandy Hook Bay, Delaware Bay and the Atlantic Ocean.

i. The pound net season shall begin on February 15 and end on May 15 in the Delaware Bay and begin on January 1 and end on December 31 in all other areas;

ii. The pound net resident fee shall be \$100.00 per net.

8. Wire pound nets shall not extend into the Delaware Bay further than 300 feet from the mean low water mark nor 300 feet from the outside of the flats which fall bare at low water and may be set and used in the Delaware Bay only.

i. The wire pound net season shall begin on March 1 and end on December 31.

ii. The wire pound net resident fee shall be \$25.00 per net.

9. Parallel net may be used to take carp, catfish and suckers only and shall be used only in Delaware Bay and its tributaries. Parallel nets shall have a mesh not smaller than 3.5 inches stretched and not exceed 100 fathoms in length. They shall be set approximately parallel to the shore and only at the low water mark. No net shall be set across any tributary or mouth of any tributary, nor shall any net be set in a manner that impedes navigation.

i. The parallel net season shall begin on September 1 and end on May 31;

ii. The parallel net resident fee shall be \$10.00 per net.

10. Shrimp trawls shall be used for the taking of grass shrimp (*Palaemonetes* spp.) or sand shrimp (*Crangon* spp.) only. Any organisms other than these shrimp taken with a shrimp trawl shall immediately be returned to the waters from which such organisms were taken. The internal opening of the trawl shall have a maximum width of 60 inches and a maximum height of 12 inches. The mesh of the net shall not be greater than one-half inch stretched. No boat shall have more than two trawls working at the same time, and each trawl shall be independently and separately attached to the vessel by a single cable or tow line.

i. The shrimp trawl season shall begin on April 15 and end on December 15;

ii. The shrimp trawl resident fee shall be \$12.00 per net.

11. Lobster or fish pots may be used for the taking of all species except those specifically protected and pursuant to the specific requirements of N.J.A.C. 7:25-14.13 through 14.20 and shall be used only in the Atlantic Ocean, Delaware Bay, Raritan Bay and Sandy Hook Bay except as provided in (g)11ix below.

i. To be eligible for a lobster or fish pot license in 2003, an applicant must provide a copy of a previously valid New Jersey lobster or fish pot license held by the applicant in one of the years from 1995 through 2002. To be eligible for a lobster or fish pot license in all subsequent years, an applicant must provide a copy of a previously valid lobster or fish pot license held by the applicant from the preceding year.

(1) No additional lobster or fish pot licenses shall be issued until the number of licenses decreases below the number issued in 2003.

(2) Applications for a license shall be available from the Department; and successful applicants shall be chosen by lottery, if necessary, from all completed applications received by the Department. When additional licenses are available, unsuccessful applicants from the previous lottery will be given the first right to the license provided they purchase a license within 30 days of being notified by the Department. Notification by the Department shall be by first class mail. It is the responsibility of the applicant to provide the Department with written notification of any change in mailing address. Once a lottery list is exhausted, the Department shall notify commercial docks and fishing organizations as to the availability of licenses.

(3) The holder of a valid lobster or fish pot license not pending revocation or court action due to violation of provisions of this subchapter may transfer the right to the license at any time, upon application to the Department. The new licensee shall have a license issued in his or her name after payment of the fee specified at (g)11xi below and pursuant to the specific requirements of N.J.A.C. 7:25-14.13 through 14.20.

(4) Applicants for a fish and lobster pot license to recreationally take lobster pursuant to N.J.A.C. 7:25-14.6(a)1iv shall be exempt from this subsection. Fish and lobster pot licenses issued pursuant to N.J.A.C. 7:25-14.6(a)1iv for 2003 and subsequent years shall be used only for the purpose of harvesting not more than six lobster per licensee per day.

(5) Fish and lobster pots issued pursuant to N.J.A.C. 7:25-14.6(a)1iv shall not be included in the total of fish and lobster pot licenses identified in (g)11i(1) above.

ii. All lobster and fish pots shall have a maximum size less than a volume equivalent to 22.950 cubic inches (376,082 cubic cm) when deployed in the waters

as specified in (g)11 above, except as provided in (g)11ix below.

iii. Any fish or lobster pot license holder shall have priority in retaining the same license number previously issued to him or her provided that he or she has submitted a license application requesting the previously issued license number prior to March 1 of the current year and that the license number applied for was assigned to an active license not more than two years prior to the application;

iv. Effective January 1, 1986, each fishing vessel subject to this regulation must display its license number on the port and starboard sides of the deckhouse or hull and on an appropriate weather deck so as to be visible from above. The license number affixed to each vessel subject to this paragraph must be of block Arabic numerals at least 10 inches in height and of a color contrasting the background;

v. Effective January 1, 1986, all lobster or fish pots or traps and associated buoys and other gear deployed in the salt waters of this State and not permanently attached to the vessel must be legibly and indelibly marked with one of the following codes of identification:

(1) The State lobster or fish pot gear identification number; or

(2) The full name and address of the State lobster or fish pot license holder.

vi. No person other than the license holder shall remove fish or lobsters from any pot or trap. Anyone tending fish or lobster pots or traps after January 1, 1986, shall have in his or her possession the numbered license which corresponds to the gear identification number on the vessel and the gear identification number or name and address affixed to the pots and buoys being tended. The license must be displayed for inspection upon request of any authorized officer. No one shall cut or break the lines or otherwise tamper with or damage any pot, trap, or buoy which he or she does not own;

vii. All lobster and fish pots shall be constructed to include one of the following escape vents in the parlor section of the pot located in such a manner that it would not be blocked or obstructed in normal use by any portion of the pot, associated gear, or the sea floor:

(1) In a fishery in which the possession of lobster on board a vessel or landed from a vessel exceeds 100 lobsters per trip day (based on a 24-hour period) up to a maximum of 500 lobster per trip for trips of five days or longer, the escape vent(s) shall be not less than:

(A) A rectangular portal with an unobstructed opening not less than 1.9375 inches (49.2 mm) by 5.75 inches (146.0 mm). Effective July 1, 2003 the

unobstructed opening shall be increased to not less than 2 inches (50.8 mm) by 5.75 inches (146.0 mm); or

(B) Two circular portals with unobstructed openings not less than 2.4375 inches (61.9 mm) in diameter. Effective July 1, 2003 the diameter of the two circular portals shall be increased to not less than 2.5 inches (63.5 mm);

(2) In a fishery in which the possession of more than 100 pounds of scup on board a vessel or landed from a vessel occurs, the escape vent(s) shall be not less than:

(A) A rectangular portal with an unobstructed opening not less than 2.25 inches (57.2 mm) by 2.25 inches (57.2 mm); or

(B) A circular portal with an unobstructed opening not less than 3.1 inches (78.7 mm) in diameter.

(3) In a fishery in which the possession of black sea bass on board a vessel or landed from a vessel occurs, the escape vent(s) shall be not less than:

(A) A square portal with an unobstructed opening not less than 2.0 inches (50.8 mm) by 2.0 inches (50.8 mm);

(B) A rectangular portal with an unobstructed opening not less than 1.375 inches (34.9 mm) by 5.75 inches (146.0 mm); or

(C) A circular portal with an unobstructed opening not less than 2.375 inches (60.3 mm) in diameter.

(4) In a fishery in which more than one of the escape vents listed in (g)11vii(1) through (3) above is applicable, the pots shall be constructed with the largest of the applicable escape vents.

viii. All lobster and fish pots shall be constructed to include a ghost panel or other mechanism which is designed to create an opening to allow the escape of lobsters and fish after a pot has been abandoned or lost, and which meets the following specifications:

(1) The opening covered by the panel or created by other approved mechanism shall be located in the outer parlor section(s) of the pot, shall be in a position which allows the unobstructed exit of lobsters or fish from the pot and shall be of the following dimensions:

(A) Not less than 3.75 inches (95.25 mm) by 3.75 inches (95.25 mm), or

(B) Not less than three inches (76.2 mm) by six inches (152.4 mm) when used in a fishery in which the possession of black sea bass on board a vessel or landed from a vessel occurs.

(2) The panel shall be constructed of, or fastened to the pots with, one of the following materials: untreated wood lath; untreated cotton, hemp, sisal or jute twine not greater than  $\frac{3}{16}$  inch (4.76 mm) in diameter; non-stainless, ungalvanized, uncoated ferrous metal not greater than  $\frac{3}{32}$  inch (2.4 mm) in diameter; or magnesium alloy, timed float release (pop-up device), or similar magnesium alloy fasteners;

(3) The door of the pot may serve as the ghost panel if the door is fastened to the pot with a material specified in (g)11viii(2) above;

(4) The escape vent specified in (g)11vii above may serve as a ghost panel if the escape vent is incorporated into a panel constructed of, or attached to the pot with, a material specified in (g)11viii(2) above, and, upon breakdown of the degradable materials, will create an opening of at least the dimensions specified in (g)11viii(1)(A) and (B) above for the exit of lobster and fish; and

(5) Pots constructed entirely or partially of wood shall be considered to be in compliance with this subparagraph if constructed of wood lath to the extent that deterioration of wooden component(s) will result in an unobstructed opening as specified in (g)11viii(1)(A) and (B) above.

ix. A modified lobster or fish pot may be used for the taking of conchs or whelks and spider crabs in all marine waters of the State including the Atlantic Ocean with the exception of the Newark Bay Complex.

(1) Any such conch pot is defined as a rectangular shaped device no larger than 30 inches on any side; or a cylindrical shaped device not greater than 34 inches in diameter and 30 inches in height. Conch pots must allow for an unobstructed opening on their top surface measuring not less than eight by eight inches square or nine inches in diameter. Conch pots using horseshoe crabs as bait must contain a bait-saving device containing a horseshoe crab or parts of a horseshoe crab as bait which, by design, extends the effective fishing time of the horseshoe crab bait in the water. Conch pots cannot contain a parlor, funnel, or other entrapping mechanism in the interior of the pot. Any similar configuration may be approved for use upon application to the Division and receipt of written approval. Such applications must contain a diagram detailing the shape and dimensions of the requested conch pot configuration.

(2) Conch pots may be tended only from 0400 hours (4:00 A.M.) to 2100 hours (9:00 P.M.).

(3) No conch pot shall be placed in a creek, ditch or tributary less than 50 feet wide at mean low water, in any marked or charted channel or in any man-made lagoon;

x. The lobster or fish pot season shall begin on January 1 and end on December 31;

xi. The resident fee for lobster or fish pots shall be \$100.00 regardless of the number of pots employed.

12. Shad nets for the Hudson River shall be held in place by either stakes or anchors and shall not exceed 200 fathoms in length. The smallest mesh of any shad net shall not be less than five inches stretched.

i. Shad nets shall be marked at each end with a fluorescent orange float at least 12 inches in diameter or a fluorescent orange flag at least 12 inches square and suspended at least two feet above the mean high waterline.

ii. Shad nets shall be used in the Hudson River for the taking of shad only.

(h) Nonresident license fees shall be the same as resident fees established in this section if a resident of this State may obtain a license to fish for similar species of fish with similar gear in the nonresident applicant's state for the same fee as a resident of that state. Otherwise, the license fee for a nonresident is 10 times the license fee charged to a resident.

(i) The Commissioner, with the approval of the New Jersey Marine Fisheries Council, may modify seasons, mesh sizes, maximum net lengths, species allowed to be harvested by specific gear types, escape vent sizes, ghost panel sizes and acceptable materials for fastening ghost panels to pot and traps specified in this section, by notice in order to maintain and/or to come into compliance with any fishery management plan approved by the Atlantic States Marine Fisheries Commission pursuant to 16 U.S.C. § 5104(b). The Department shall publish notice of any such modification in the Division's commercial regulation publication and as a notice of administrative change in the New Jersey Register.

Amended by R.1988 d.285, effective June 20, 1988.

See: 19 N.J.R. 1610(a), 20 N.J.R. 1344(b).

Substantially amended.

Rewrote (g).

Emergency amendment, R.2003 d.223, effective May 1, 2003 (to expire June 30, 2003).

See: 35 N.J.R. 2366(a).

In (g)11ix(1), inserted a new third sentence.

Adopted concurrent amendment, R.2003 d.305, effective June 30, 2003.

See: 35 N.J.R. 2366(a), 35 N.J.R. 3611(b).

Provisions of R.2003 d.223 adopted without change.

Amended by R.2004 d.20, effective January 5, 2004.

See: 35 N.J.R. 4224(b), 36 N.J.R. 174(b).

In (g)2, deleted former vii and viii, and recodified former ix as new vii; in (g)11ix, inserted "and spider crabs" following "conchs or whelks".

## 7:25-18.6 Delaware Bay commercial and non-commercial gill net permit.

(a) An individual utilizing a drifting, staked or anchored gill net in that portion of Delaware Bay or its tributaries defined as the area east of the New Jersey-Delaware boundary enclosed by a line from Cape Henlopen, Delaware to Cape May Point Light, New Jersey and the "southwest line" as defined in N.J.S.A. 50:3-11 shall have a commercial or non-commercial gill net permit for each gill net license in their possession. The person shall have the permit on his or her person at all times while fishing in that portion of Delaware Bay or its tributaries defined in this subsection.

(b) For a period of 60 days following June 3, 1991, Delaware Bay commercial and non-commercial gill net permits shall be issued in accordance with N.J.A.C. 7:25-18.5.

(c) No new Delaware Bay commercial or non-commercial gill net permits shall be issued after August 2, 1991 until the combined number of Delaware Bay commercial and non-commercial gill net permits falls below either 800 for staked or anchored gill nets or 200 for drifting gill nets.

(d) An individual possessing a Delaware Bay Gill Net Permit shall obtain the number of gill net licenses authorized by the Delaware Bay Gill Net Permit in each calendar year. Failure to do so will result in the number of nets authorized by the permit being reduced to the number of net licenses actually obtained in that calendar year beginning in 1994, or in the event no licenses are purchased, invalidation of the permit immediately following the end of that calendar year.

New Rule, R.1991 d.278, effective June 3, 1991.

See: 22 N.J.R. 1311(a), 23 N.J.R. 1792(a).

Amended by R.2004 d.20, effective January 5, 2004.

See: 35 N.J.R. 4224(b), 36 N.J.R. 174(b).

In (c), deleted “, except as provided in (c)1 below” following “drifting grill nets” in the introductory paragraph and deleted 1.

**7:25-18.7 Eligibility for Delaware Bay commercial and non-commercial gill net permits during the 60 days following June 3, 1991**

(a) To be eligible for a Type A Delaware Bay commercial gill net permit during the 60-day period following June 3, 1991 allowing the use or possession on the waters of the Delaware Bay or its tributaries of no more than the maximum number of gill nets of the same type for which the applicant held valid New Jersey gill net licenses in any one calendar year during the period of January 1, 1985 through September 6, 1990 but no more than four drifting gill net permits and/or 25 staked or anchored gill net permits, the applicant shall, as part of the applicant's application for a commercial gill net permit:

1. Document that the applicant sold a minimum of 5,000 pounds of fish or 250 bushels of crabs or any combination thereof where one bushel of crabs is equal to 20 pounds of fish in any one year from 1985 through 1990; and

2. Provide a copy of a valid New Jersey gill net license(s) held by the applicant in any one calendar year from January 1, 1985 through September 6, 1990 for each gill net permit requested.

(b) To be eligible for a Type B Delaware Bay commercial gill net permit during the 60-day period following June 3, 1991 allowing the use or possession on the waters of the Delaware Bay or its tributaries of no more than two drifting gill nets and/or up to six staked or anchored gill nets, the applicant shall, as part of the applicant's application for a commercial gill net permit document that the applicant sold a minimum of 5,000 pounds of fish or 250 bushels of crabs or any combination thereof where one bushel of crabs is equal to 20 pounds of fish in any one year from 1985 through 1990.

(c) To comply with the requirement that to be eligible for a Delaware Bay commercial gill net permit under (a) or (b) above an applicant shall have sold a minimum of 5,000 pounds of fish or 250 bushels of crabs or any combination thereof where one bushel of crabs is equal to 20 pounds of fish in any one year from 1985 through 1990, an applicant shall include as part of the applicant's application:
