

(c) The Department will respond to requests for additions to the NJ Access Network within 90 days of receipt of same. If the Department fails to respond to a request within the aforementioned 90 day period, approval for such request shall be deemed automatic.

(d) Requests should be sent to the Manager, Bureau of Traffic Engineering, New Jersey Department of Transportation, PO Box 613, 1035 Parkway Avenue, Trenton, New Jersey 08625-0613. They should be specific as to the exact route or routes of access being requested.

Emergency recodification from N.J.A.C. 16:32-1.6 and amended by R.1999 d.262, effective July 16, 1999 (to expire September 14, 1999). See: 31 N.J.R. 2256(a).

In (a) and (c), substituted references to the NJ Access Network for references to the reasonable access system; and in (b), changed

N.J.A.C. reference. Former N.J.A.C. 16:32-1.7, Addition and deletion of through routes, recodified to N.J.A.C. 16:32-1.8. Adopted concurrent proposal, R.1999 d.341, effective September 10, 1999.

See: 31 N.J.R. 2256(a), 31 N.J.R. 2892(c). Amended by R.2001 d.211, effective June 18, 2001.

See: 32 N.J.R. 3381(b), 33 N.J.R. 2084(a).

In (d), deleted "and Safety Programs" following "Bureau of Traffic Engineering".

**16:32-1.8 Addition and deletion of intrastate access travel routes**

(a) The Department anticipates that from time to time routes will be added to and deleted from the system of authorized routes set forth in N.J.A.C. 16:32-1.5. Additions and deletions will be proposed by the Department as amendments to these rules and will be based on:

1. Revised information on the geometric characteristics of specific roadways;
2. Roadway improvements;
3. Engineering investigations;
4. The need for suitable and adequate routes for through movements and access to points of loading and unloading;
5. Demonstrated safety problems;
6. Public comment;
7. The operating characteristics of 102-inch standard trucks; and
8. Any other factors the Department feels are relevant.

(b) The Department encourages interested parties to submit proposals for additions and deletions to the system. Submissions should be made in writing to the Manager, Bureau of Transportation Data Development, New Jersey Department of Transportation, 1035 Parkway Avenue, PO Box 600, Trenton, New Jersey 08625-0600. Submissions should be as specific as possible in regard to:

1. Identification of routes proposed for addition or deletion;
2. Information bearing on the criteria for review set forth in (a) above; and
3. Any other information that the party making the submission believes will be helpful to the Department in reviewing the proposed addition or deletion.

(c) Routes may be proposed for addition or deletion regardless of whether the roadway is under the jurisdiction of the State, a county, a municipality or an independent authority. The Department will review every submission made under this subsection and will determine whether or not to propose any amendment to the rules based on that submission. The Department will notify the party making the submission of its determination. The Department's determination will be made on the written record only and will be final.

(d) This section is in addition to the provisions of N.J.S.A. 52:14B-4(f) and N.J.A.C. 1:30-3.6, which entitle an interested person to petition the agency for a rule.

Emergency recodification from N.J.A.C. 16:32-1.7 and amended by R.1999 d.262, effective July 16, 1999 (to expire September 14, 1999). See: 31 N.J.R. 2256(a).  
 In (a), changed N.J.A.C. reference. Former N.J.A.C. 16:32-1.8, Maps, recodified to N.J.A.C. 16:32-1.9. Adopted concurrent proposal, R.1999 d.341, effective September 10, 1999. See: 31 N.J.R. 2256(a), 31 N.J.R. 2892(c).

**16:32-1.9 Maps**

(a) The Department may, from time to time, prepare and distribute maps and graphic depictions of the designated

truck network. Any map or graphic depiction so prepared shall not be considered a regulatory description of the designated truck network superseding or in lieu of the textual descriptions adopted in this chapter.

(b) Subject to their availability, maps and graphic depictions of the double-trailer truck combinations and the 102-inch wide standard truck designated network may be obtained for a charge of \$5.00 each from the Department. Requests should be submitted to the Manager, Bureau of Transportation Data Development, 1035 Parkway Avenue, PO Box 600, Trenton, New Jersey 08625-0600. Payments should be made to the New Jersey Department of Transportation.

Emergency recodification from N.J.A.C. 16:32-1.8 and amended by R.1999 d.262, effective July 16, 1999 (to expire September 14, 1999). See: 31 N.J.R. 2256(a).

Substituted references to the designated truck network for references to the designated through truck network throughout; and in (b), inserted a reference to double-trailer truck combinations. Adopted concurrent proposal, R.1999 d.341, effective September 10, 1999. See: 31 N.J.R. 2256(a), 31 N.J.R. 2892(c).
