General Information

The DEPE Bulletin is an information service provided by the New Jersey Department of Environmental Protection and Energy. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEPE. Using the Application Milestone Codes listed below, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, Open Water Fill permits, Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listing does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEPE Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Application Milestone Codes

- | | | | |
|----|--------------------------------------|-----|-------------------------------------|
| 1. | I = Additional Information Requested | 6. | P = Permit Decision Date |
| 2. | T = Additional Information Received | 7. | L = Legal Appeal of Permit Decision |
| 3. | F = Complete for Filing | 8. | M = Permit Modification |
| 4. | H = Public Hearing Date | 9. | W = Application Withdrawal |
| 5. | R = Complete for Review | 10. | A = Application Approved |
| | | 11. | D = Application Denied |

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs
Att: Adjudicatory Hearing Requests
Department of Environmental Protection and Energy
CN 402, Trenton, N.J. 08625-0402

Permit Descriptions

CAFRA: A Coastal Area Facility Act permit is required to construct major residential (25 or more dwelling units), industrial, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEPE prior to the issuance of the permit by the federal agency.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, a U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

Stream Encroachment: Under the Flood Hazard Control Act DEPE is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: The construction, modification or operation of a NJ Pollutant Discharge Elimination System (NJPDES) or non-NJPDES pretreatment or treatment system requires a TWA.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

EVENTS OF INTEREST

DATE: September 23
TIME: 10:00 AM
PLACE: Tidelands Resource Council Meeting, 9 Ewing St., 1st Flr., Trenton, NJ

DATE: September 30
TIME: 9:30 AM
PLACE: Water/Wastewater Operator Examining Board, 428 East State St., Carroll Bldg., 1st Flr., Trenton, NJ
