INTRODUCTION

This report, submitted to the Governor, the Legislature, and the Advisory Council on Domestic Violence pursuant to N.J.S.A. 2C: 25-33, covers the period from January 1, 2010 to December 31, 2010. The New Jersey Administrative Office of the Courts prepared this statistical report on the operation of the Prevention of Domestic Violence Act, N.J.S.A. 2C: 25-17 to 2C: 25-35. It reflects data from the Family Automated Case Tracking System (FACTS) and the Criminal Division Automated System (Promis/Gavel). Collection and analysis of accurate data regarding trends in domestic violence proceedings serves as an essential resource for governmental agencies and service providers with regard to funding, report writing, grants, legislation, and policy recommendations.

The format of this annual report follows that used for previous reports in presenting data regarding domestic violence filings, dispositions of restraining orders, and forms of relief sought and granted. In addition, this report includes data on non-indictable contempt charges, which are processed in Family Court (N.J.S.A. 2C:29.9b); and data on violations of non-contact orders or other offenses requiring arrest and criminal charges, which are processed in the Criminal Division.

The total number of domestic violence complaint filings in calendar year 2010 was 42,043 compared to 40,634 in 2009. In 2010, there were 7,382 domestic violence contempt filings, a decrease of 54 filings from 2009.

The New Jersey Judiciary continues to implement policies and procedures to enhance the protective process for victims of domestic violence and their families. The federal STOP Violence Against Women Act (VAWA) supports judicial efforts to improve the court process for victims of domestic violence through improved coordination and training of judges and domestic violence court staff. Through VAWA funding, ongoing training, administered by the Family Practice Division of the Administrative Office of the Courts, is made possible for Family Court staff, Probation Officers who have a domestic violence caseload, court volunteers and others. The Judiciary endeavors to continuously promote uniform procedures, best practices and to provide a clear understanding of the dynamics of domestic violence and the Prevention of Domestic Violence Act to all Judiciary staff and court volunteers. Every year a mandatory Domestic Violence Conference is conducted for all Family Division judges and domestic violence staff statewide. The Domestic Violence Team Leaders, Domestic Violence Hearing Officers, and the Backup Domestic Violence Hearing Officers also receive training throughout the year. All new judiciary employees receive training on the Dynamics of Domestic Violence and the Prevention of Domestic Violence Act prior to the work assignment. The Family Practice Division also coordinates with the Municipal Court Services Division to train Municipal Court Judges and Municipal Court Administrators regarding domestic violence processes and procedures. Without grant funding, much of this training would not be possible.

The video library remains available for newly hired or assigned domestic violence court staff. This library makes mandatory domestic violence training accessible to new employees and volunteers when normally scheduled training is not immediately available.

Advance training on cultural issues and barriers to protection continues to be provided by the court through networking with the victim services community.

The Statewide Domestic Violence Central Registry (DVCR), remains a vital information tool available to law enforcement agencies as well as to the Family Courts. The DVCR is intended to serve as a database for law enforcement to facilitate enforcement of Temporary Restraining Orders (TRO) and Final Restraining Orders (FROs), thereby enhancing protection for victims, even when they relocate between municipalities and counties within the state. It contains up-to-date information on all Restraining Orders entered into the Family Automated Case Tracking System (FACTS), including registered out-of-state restraining order information. The Registry also provides vital information to law enforcement as part of the screening process for individuals who apply for firearms licensing. The Registry was made possible through federal VAWA funding and through inter-agency cooperation among the Judiciary, the Attorney General's Office, the New Jersey State Police, and local law enforcement agencies.

The Domestic Violence Hearing Officer (DVHO) Program is now a mainstay of the judiciary's effort to deliver an efficient court process to potential victims. The quick availability of the DVHO reduces the wait time for victims due to other calendar matters before a judge. Extensive training continues to be the center of the DVHO program. The Judiciary is committed to ensure the highest quality service to domestic violence victims and the public in general.

The effort to establish victim waiting rooms in every county courthouse has been an important ongoing issue. However even in those courthouses that still do not have separate waiting rooms, every possible effort is being made to ensure the victim's safety and to keep plaintiffs and defendants separate while they await their court appearances.

The Judiciary, working with the New Jersey State Police, has completed the national requirements for New Jersey to become part of the National Crime Information Center Protection Order file database. The Protection Order file process enables local police and federal authorities across the nation to receive timely and accurate information on active protective orders, as well as historical crime records. The national crime database provides information regarding the existence and terms of protection orders issued in other states; and supports the identification process of persons prohibited by federal or state law from purchasing a firearm.

New improvements to the electronic TRO (e-TRO) project are underway. The electronic TRO allows the police and Municipal Judge to issue a TRO electronically and immediately place it on the Domestic Violence Central Registry (DVCR). The system also sends the TRO electronically to the Superior Court for further processing. E-TRO has been in operation since 2007. The improved aspects of the system will make the program more efficient and user friendly for the police and the courts. The ongoing improvements to the e-TRO system are made possible through VAWA funding and a working collaboration among multiple units within the Administrative Office of the Courts.

The New Jersey Judiciary will continue to strive to improve the overall quality of services it provides to all. We will maintain effective communication and interaction between internal and external organizations to ensure standardized practices throughout the state. System improvements in combination with the continued training of judges and staff remain essential components of our efforts in addressing domestic violence.

24. **MONETARY COMPENSATION-EMERGENT SUPPORT**

Economic relief for victims and their children usually takes the form of interim and/or ongoing support. This may account for the fact that emergent support continues to be rarely requested or granted.

SECTION FOUR:

POST-DISPOSITIONAL RELIEF

(1) DV CRIMINAL CONTEMPTS (FOs)

(2) MODIFICATIONS/ENFORCEMENTS (FVs)

(3) REOPENED DV FROs/TERMINATIONS

(4) DV CONTEMPT SUMMARY

SECTION FOUR
POST-DISPOSITIONAL RELIEF

Enforcement of domestic violence TROs or FROs can be pursued either through the criminal contempt process, N.J.S.A.2C:29-9b or N.J.S.A.2C:25-30, or through civil enforcement of litigant's rights, under Rule 1:10-3. Under the criminal statute, violations of any restraints and certain reliefs and conditions of a restraining order require mandatory arrest and criminal prosecution. Violations of other reliefs and conditions are enforceable by the court pursuant to applicable court rules. The Family Division has jurisdiction over disorderly person's domestic violence contempt actions pursuant to N.J.S.A. 2C: 29-2b. This includes contempt charges that were initially indictable but have been downgraded by the Prosecutor's Office in the county of venue. The following section reports the data on those cases. It does not cover indictable contempts of the fourth degree and above, which are handled in the Criminal Division.

1. **DOMESTIC VIOLENCE CRIMINAL CONTEMPTS (FOs)**

A. **STATEWIDE FIGURES**

a. **FILINGS**

The Family Division processed 7,721 disorderly persons criminal contempts in 2010, a increase of 3.83% from 2009.

Domestic Violence Contempts Filed			
Year	2009	2010	+/-
Filings	7,436	7,721	+3.83%

b. **TERMINATIONS**

Total terminations include those cases in which defendants either entered a guilty plea or were found guilty of disorderly persons contempt charges, as well as those cases in which contempt charges were dismissed, either as part of a plea agreement to a lesser charge (e.g., harassment) at the victim's or prosecutor's request or after a trial and a finding of not guilty. In 2010, the number of contempt terminations increased by 5.66% from 2009.

1740 -or- 10% of these were of statutes other than those listed above.

NOTE:

Data reported as of April 18, 2011 from the New Jersey State Promis Gavel Database.
1 This frequency of 17488 represents the number of counts having the above requested statutes. The difference between 17488 and 14521 is that some cases have multiple counts and thus more than one statute may appear per defendant charged.
ex1 - One defendant has 3 counts on a case; 1 count is dismissed via plea bargain while the other 2 are disposed of as guilty-pleas; for this group, the highest priority disposition code was used.
ex2: Three counts where 2c:29-9 is count 1, 2c:12-1 is count 2 and 2c:13-2 is the charge for count 3; the frequencies above show all three in the '17488' count, but only one in the def/case total (14521).
