Experimental or Investigational means We determine a service or supply is:

- b) not generally recognized by the medical community as effective or appropriate for the particular diagnosis or treatment of a particular condition; or

c) provided or performed in special settings for research purposes or under a controlled environment or clinical protocol.

Unless otherwise required by law with respect to drugs which have been prescribed for treatment for which the drug has not been approved by the United States Food and Drug Administration (FDA), We will not cover any services or supplies, including treatment, procedures, drugs, biological products or medical devices or any hospitalizations in connection with Experimental or Investigational services or supplies.

We will also not cover any technology or any hospitalization primarily to receive such technology if such technology is obsolete or ineffective and is not used generally by the medical community for the particular diagnosis or treatment of a particular condition.

Governmental approval of technology is not necessarily sufficient to render it of proven benefit or appropriate or effective for a particular diagnosis or treatment of a particular condition, as explained below.

We will apply the following five criteria in determining whether services or supplies are Experimental or Investigational:

a. Any medical device, drug, or biological product must have received final approval to market by the FDA for the particular diagnosis or condition. Any other approval granted as an interim step in the FDA regulatory process, e.g., an Investigational Device Exemption or an Investigational New Drug Exemption, is not sufficient. Once FDA approval has been granted for a particular diagnosis or condition, use of the medical device, drug or biological product for another diagnosis or condition will require that one or more of the following established reference compendia:

1. The American Hospital Formulary Service Drug Information; or
2. The United States Pharmacopeia Drug Information

recognize the usage as appropriate medical treatment. As an alternative to such recognition in one or more of the compendia, the usage of the drug will be recognized as appropriate if it is recommended by a clinical study or recommended by a review article in a major peer reviewed professional journal. A medical device, drug, or biological product that meets the above tests will not be considered Experimental or Investigational.

In any event, any drug which the Food and Drug Administration has determined to be contraindicated for the specific treatment for which the drug has been prescribed will be considered Experimental or Investigational.

- b. Conclusive evidence from the published peer-reviewed medical literature must exist that the technology has a definite positive effect on health outcomes; such evidence must include well designed investigations that have been reproduced by non affiliated authoritative sources, with measurable results, backed up by the positive endorsements of national medical bodies or panels regarding scientific efficacy and rationale;
- c. Demonstrated evidence as reflected in the published peer-reviewed medical literature must exist that over time the technology leads to improvement in health outcomes, i.e., the beneficial effects outweigh any harmful effects;
- d. Proof as reflected in the published peer-reviewed medical literature must exist that the technology is at least as effective in improving health outcomes as established technology, or is usable in appropriate clinical contexts in which established technology is not employable; and
- e. Proof as reflected in the published peer reviewed medical literature must exist that improvements in health outcomes; as defined item c. above, is possible in standard conditions of medical practice, outside clinical investigatory settings.

- **Single Coverage** - coverage under this Policy for only one person.
- **Family Coverage** - coverage under this Policy for You and Your Dependent(s).
- **Adult and Child(ren) Coverage** - coverage under this Policy for You and all Your Child Dependents or coverage for multiple children residing within the same residence who share a common legal guardian, or for when there exists a valid support order requiring health benefit coverage whether or not there is an adult who will be provided coverage.
- **Single and Spouse Coverage** - coverage under this Policy for You and Your Spouse.

Who is Eligible

The Policyholder - You, if You are an Eligible Person.

Spouse - Your Spouse who is an Eligible Person **except**: a Spouse need not be a Resident.

Child - Your child who is an Eligible Person and who qualifies as a Dependent, as defined in this Policy, **except**: a Child need not be a Resident.

You may have an unmarried child with a mental or physical handicap, or developmental disability, who is incapable of earning a living. Subject to all of the terms of this section and the Policy, such a child may stay eligible for Dependent health benefits past this Policy's age limit for eligible Dependents.

The child will stay eligible as long as the child stays unmarried and incapable of earning a living, if: a) the child's condition started before he or she reached this Policy's age limit; b) the child became covered under this Policy or any other policy or contract before the child reached the age limit and stayed continuously covered or covered after reaching such limit; and c) the child depends on You for most of his or her support and maintenance.

But, for the child to stay eligible, You must send Us written proof that the child is incapacitated or developmentally disabled and depends on You for most of his or her support and maintenance. You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, We cannot ask for proof more than once a year.

The child's coverage ends when Your coverage ends.

In order to obtain and continue health care coverage with Us, the Covered Person, who is not covered as either a Dependent Spouse or as a Dependent Child, must be a Resident. We reserve the right to require proof that such Covered Person is a Resident.

Eligibility if you have or are eligible for other coverage

Eligibility if you are covered under another individual health benefits plan - You and/or Your Dependents are eligible for coverage under this Policy if this Policy replaces another Individual Health Benefits Plan under which You and/or Your Dependents are covered. You may request termination of the replaced Individual Health Benefits Plan pursuant to the termination provisions of that Plan. We may require proof that the other coverage has been terminated.

Eligibility if you are eligible for coverage under a group health benefits plan - You and/or Dependents may be eligible for coverage under this Policy only during the open enrollment period which occurs each year during the month of November for an effective date of January 1 of the following year. Consult Us or Your agent for more information.

Adding dependents to this Policy

Spouse - You may apply to add Your Spouse by notifying Us in writing at any time. You must submit an application to Us to change Your type of coverage. If Your application is made and submitted to Us within 31 days of Your marriage or documentation of domestic partnership, the Spouse will be covered from the date of the Spouse's eligibility.

If We do not receive Your written notice within 31 days of Your Spouse becoming eligible, coverage for Your Spouse will not become effective immediately. Rather, such coverage will become effective on the first day of the month after the date Your application is received.

Newborn Children - We will cover Your newborn child for 31 days from the date of birth without additional premium. Coverage may be continued beyond such 31-day period as stated below:

If You are already covered for Dependent child coverage on the date the child is born, coverage automatically continues beyond the initial 31 days, provided the premium required for Dependent child coverage continues to be paid. You must notify Us of the birth of the newborn child as soon as possible in order that We may properly provide coverage under this Policy.

If You are not covered for Dependent child coverage on the date the child is born, You must: a) give written notice to enroll the newborn child; and b) pay the premium required for Dependent child coverage within 31 days after the date of birth for coverage to continue beyond the initial 31 days.

If the notice is not given and the premium is not paid within such 31-day period, the newborn child's coverage will end at the end of such 31-day period. If the notice is given and the premium paid after that 31-day period, such coverage will become effective on the first day of the month after the date Your application is received.

Child Dependent - If You have Single or Single and Spouse Coverage and want to add a child Dependent, other than a Newborn Child, You must change to Family Coverage or Adult and Child(ren) Coverage. To change coverage, You must submit an application. If Your application is made and submitted to Us within 31 days of the child's becoming a Dependent, the Child will be covered from the date of his or her eligibility.

Even if You have Family Coverage or Adult and Child(ren) Coverage, however, You must give Us written notice that You wish to add a child. If Your written notice to add a child is made and submitted to Us within 31 days of the Child's becoming a Dependent, the Child will be covered from the date of eligibility.

If We do not receive Your written notice within 31 days of Your Dependent's becoming eligible, coverage for that Dependent will not become effective immediately. Rather, such coverage will become effective on the first day of the month after the date Your application is received.

Please note: A Child born to Your Child Dependent is not covered under this Policy unless the Child is eligible to be covered as Your Dependent, as defined.

PREFERRED PROVIDER ORGANIZATION PROVISIONS

The XYZ Health Care Network, and the [Carrier]

This Policy encourages a Covered Person to use services provided by members of [XYZ Health Care Network a Preferred Provider Organization (PPO).] A PPO is a network of health care providers located in the Covered Person's geographical area. In addition to an identification card, the Covered Person will periodically be given up-to date lists of [XYZ Health Care Network] preferred providers. The up-to-date lists will be furnished automatically, without charge.

Use of the network is strictly voluntary, but We generally pay a higher level of benefits for most covered services and supplies furnished to a Covered Person by [XYZ Health Care Network]. Conversely, We generally pay a lower level of benefits when covered services and supplies are not furnished by [XYZ Health Care Network] (even if an [XYZ Health Care Network] Practitioner orders the services and supplies). Of course, a Covered Person is always free to be treated by any Practitioner or Facility. And, he or she is free to change Practitioners or Facilities at any time.

In the case of Urgent Care or an Emergency, a Covered Person may go to a [XYZ Health Care Network] provider or a non-[XYZ Health Care Network] provider. If a Covered Person receives Urgent Care or care and treatment for an Emergency from a non-[XYZ Health Care Network] provider, and the Covered Person calls Us within 48 hours, or as soon as reasonably possible, We will provide benefits for the Urgent Care or Emergency care and treatment to the same extent as would have been provided if care and treatment were provided by a [XYZ Health Care Network] provider. However, follow-up care or treatment by a non-[XYZ Health Care Network] provider will be treated as Network benefits only to the extent it is Medically Necessary and Appropriate care or treatment rendered before the Covered Person can return to the [XYZ Health Care Network] service area.

A Covered Person may use any [XYZ Health Care Network] Provider. He or she just presents his or her [XYZ Health Care Network] identification card to the [XYZ Health Care Network] Practitioner or Facility furnishing covered services or supplies. Most [XYZ Health Care Network] Practitioners and Facilities will prepare any necessary claim forms for him or her, and submit the forms to Us. The Covered Person will receive an explanation of any insurance payments made by this Policy. And if there is any balance due, the [XYZ Health Care Network] Practitioner or Facility will bill him or her directly.

This Policy also has utilization review features. See the **Utilization Review Features** section for details.

What We pay is subject to all the terms of this Policy. You should read Your Policy carefully and keep it available when consulting a Practitioner.

See the Schedule for specific benefit levels, payment rates and payment limits.

If You have any questions after reading Your Policy, You should call Us.

[[Different] providers in Our Network have agreed to be paid [in different ways by Us. A Provider may be paid] [each time he or she treats a Covered Person ("fee for service")] [, or may be paid] [a set fee for each month for each Covered Person whether or not the Covered Person actually receives services ("capitation")] [, or may receive] [a salary]. [These payment methods may include financial incentive agreements to pay some providers more ("bonuses") or less ("withholds") based on many factors: Covered Person satisfaction, quality of care, and control of costs and use of services among them.] If a Covered Person desires additional information about how Our primary care physicians or any other Provider in [Carrier's] Network are compensated, please call Us at [telephone number] or write [address].

The laws of the state of New Jersey, at N.J.S.A. 45:9-22.4 et seq., mandate that a physician, chiropractor or podiatrist who is permitted to make Referrals to other health care Providers in which he or she has a significant financial interest inform his or her patients of any significant financial interest he or she may have in a health care Provider or Facility when making a Referral to that health care Provider or Facility. If A Covered Person wants more information about this, contact the Covered Person's physician, chiropractor or podiatrist. If a Covered Person believes he or she is not receiving the information to which he or she is entitled, contact the Division of Consumer Affairs in the New Jersey Department of Law and Public Safety at (973) 504-6200 OR (800) 242-5846.]

We shall provide written notice to each Covered Person at least 30 business days prior to the termination or withdrawal from Our Provider network of a Covered Person's PCP and any other Provider from which the Covered Person is currently receiving a course of treatment, as reported to Us. The 30-day prior notice may be waived in cases of immediate termination of a health care professional based on a breach of contract by the health care professional, a determination of fraud, or where Our medical director is of the opinion that the health care professional is an imminent danger to the patient or the public health, safety or welfare.

We shall assure continued coverage of covered services at the contract rate by a terminated health care professional for up to four months in cases where it is Medically Necessary and Appropriate for the Covered Person to continue treatment with the terminated health care professional. For a Covered Person who is receiving oncological treatment or psychiatric treatment, We shall continue to cover services rendered by the health care professional for the duration of the treatment or for up to 12 months, whichever occurs first.

For a Covered Person receiving the above services in an acute care Facility, We will continue to provide coverage for services rendered by the health care professional regardless of whether the acute care Facility is under contract or agreement with Us.

Services shall be provided to the same extent as provided while the health care professional was employed by or under contract with Us. Reimbursement for services shall be pursuant to the same schedule used to reimburse the health care professional while the health care professional was employed by or under contract with Us.

If a Covered Person is admitted to a health care Facility on the date this Policy is terminated, We shall continue to provide benefits for the Covered Person until the date the Covered Person is discharged from the facility or exhaustion of the Covered Person's benefits under this Policy, whichever occurs first.

We shall not continue services in those instances in which the health care professional has been terminated based upon the opinion of Our medical director that the health care professional is an imminent danger to a patient or to the public health, safety and welfare, a determination of fraud or a breach of contract by a health care professional. The determination of the Medical Necessity and Appropriateness of a Covered Person's continued treatment with a health care professional shall be subject to the appeal procedures set forth in this Policy. We shall not be liable for any inappropriate treatment provided to a Covered Person by a health care professional who is no longer employed by or under contract with Us.

If We refer a Covered Person to a Non-Network provider, the service or supply shall be covered as a Network service or supply. We are fully responsible for payment to the health care professional and the Covered Person's liability shall be limited to any applicable Network Copayment, Coinsurance or Deductible for the service or supply.]

Notice of Hospital Admission Required

We require notice of all Hospital admissions. The times and manner in which the notice must be given is described below. When a Covered Person does not comply with the requirements of this section We reduce what We pay for covered Hospital charges as a penalty.

Pre-Hospital Review

All non-Emergency Hospital admissions must be reviewed by [ABC] before they occur. The Covered Person or the Covered Person's Practitioner must notify [ABC] and request a pre-hospital review. [ABC] must receive the notice and request as soon as possible before the admission is scheduled to occur. For a maternity admission, a Covered Person or his or her Practitioner must notify [ABC] and request a pre-hospital review at least [60 days] before the expected date of delivery, or as soon as reasonably possible.

When [ABC] receives the notice and request, [they] evaluate:

- a) the Medical Necessity and Appropriateness of the Hospital admission
- b) the anticipated length of stay and
- c) the appropriateness of health care alternatives, like home health care or other out-patient care.

[ABC] notifies the Covered Person's Practitioner [by phone, of the outcome of their review. And [they] confirm the outcome of [their] review in writing.]

If [ABC] authorizes a Hospital admission, the authorization is valid for:

- a) the specified Hospital;
- b) the named attending Practitioner; and
- c) the authorized length of stay.

The authorization becomes invalid and the Covered Person's admission must be reviewed by [ABC] again if:

- a) he or she enters a Facility other than the specified Facility
- b) he or she changes attending Practitioners; or
- c) more than [60 days] elapse between the time he or she obtains authorization and the time he or she enters the Hospital, except in the case of a maternity admission.

Emergency Admission

[ABC] must be notified of all Emergency admissions by phone. This must be done by the Covered Person or the Covered Person's Practitioner no later than the end of the next regular working day or as soon as possible after the admission occurs.

When [ABC] is notified [by phone,] they require the following information:

- b) the Covered Person group plan number;
- c) the reason for the admission
- d) the name and location of the Hospital
- e) when the admission occurred; and
- f) the name of the Covered Person's Practitioner.

Continued Stay Review

The Covered Person or his or her Practitioner, must request a continued stay review for any Emergency admission. This must be done at the time [ABC] is notified of such admission.

The Covered Person, or his or her Practitioner, must also initiate a continued stay review whenever it is Medically Necessary and Appropriate to change the authorized length of a Hospital stay. This must be done before the end of the previously authorized length of stay.

[ABC] also has the right to initiate a continued stay review of any Hospital admission. And [ABC] may contact the Covered Person's Practitioner or Hospital by phone or in writing.

In the case of an Emergency admission, the continued stay review evaluates:

- a) the Medical Necessity and Appropriateness of the Hospital admission;
- b) the anticipated length of stay; and
- c) the appropriateness of health care alternatives.

In all other cases, the continued stay review evaluates:

- a) the Medical Necessity and Appropriateness of extending the authorized length of stay; and

- a) [ABC] is not notified of the admission at the times and in the manner described above;
- b) the Covered Person does not request a continued stay review; or
- c) the Covered Person does not receive authorization for such continued stay.

The penalty applies to covered Hospital charges incurred after the applicable time limit allowed for giving notice ends.

For any Hospital admission, if a Covered Person stays in the Hospital longer than [ABC] authorizes, We reduce what We pay for covered Hospital charges incurred after the authorized length of stay ends [by 50%] as a penalty for non-compliance.

If the Surgery is being done in a Hospital, on an Inpatient basis, the pre-surgical review request should be made at the same time as the request for a pre-hospital review.

When [ABC] receives the request, they evaluate the Medical Necessity and Appropriateness of the Surgery and they either:

- a) approve the proposed Surgery, or
- b) require a second surgical opinion regarding the need for the Surgery.

[ABC] notifies the Covered Person's Practitioner, [by phone, of the outcome of the review. [ABC] also confirms the outcome of the review in writing.]

If the second opinion does not confirm the medical necessity of the Surgery, the Covered Person may obtain a third opinion, although he or she is not required to do so.

[ABC] will give the Covered Person a list of Practitioners in his or her area who will give a second opinion. The Covered Person may get the second opinion from [a Practitioner on the list, or from] a Practitioner of his or her own choosing, if the Practitioner:

- a) is board certified and qualified, by reason of his or her specialty, to give an opinion on the proposed Surgery;
- b) is not a business associate of the Covered Person's Practitioner; and
- c) does not perform the Surgery if it is needed.

COORDINATION OF BENEFITS AND SERVICES

Purpose Of This Provision

A Member may be covered under this Policy and subsequently become covered by or eligible for coverage under Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan. This provision also allows us to coordinate benefits with what a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays. Coordination of benefits is intended to avoid duplication of benefits while at the same time preserving certain rights to coverage under all Plans under which the Covered Person is covered.

Please note: The ONLY circumstances in which a person may be covered under both this Policy and under Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan occur when a Covered Person is already covered under this Policy and subsequently becomes eligible for Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan.

Claim Determination Period: A Calendar Year, or portion of a Calendar Year, during which a Covered Person is covered by this Policy and covered by or eligible to be covered by Medicare and incurs one or more Allowable Expense(s) under such plans.

For purposes of determining plans with which this plan can coordinate, Plan does not include:

- a) Individual or family insurance contracts or subscriber contracts;
- b) Individual or family coverage through a health maintenance organization or under any other prepayment, group practice and individual practice plans;
- c) Group or group-type coverage where the cost of coverage is paid solely by the [Covered Person], except that coverage being continued pursuant to a Federal or State continuation law shall be considered a Plan;
- d) Group hospital indemnity benefit amounts of \$150 per day or less;
- e) School accident –type coverage;
- f) A State plan under Medicaid.

Reasonable and Customary: An amount that is not more than the usual or customary charge for the service or supply as determined by Us, based on a standard which is most often charged for a given service by a Provider within the same geographic area.

PRIMARY AND SECONDARY PLAN

We consider each plan separately when coordinating payments.

For the purpose of coordinating benefits with this individual policy, Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan is always the Primary Plan and this Policy is always the Secondary Plan. Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays or provides services or supplies first, without taking into consideration the existence of this Policy.

This Policy takes into consideration the benefits provided by Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan. During each Claim Determination Period, this Policy will pay up to the remaining unpaid allowable expenses, but this Policy will not pay more than it would have paid if it had been the Primary Plan. The method this Policy uses to determine the amount to pay is set forth below in the “**Procedures to be Followed by the Secondary Plan to Calculate Benefits**” section of this provision.

This Policy shall not reduce Allowable Expenses for medically necessary and appropriate services or supplies on the basis that precertification, preapproval, notification or second surgical opinion procedures were not followed.

Procedures to be Followed by the Secondary Plan to Calculate Benefits

In order to determine which procedure to follow it is necessary to consider:

- a) the basis on which the Primary Plan and the Secondary Plan pay benefits; and
- b) whether the provider who provides or arranges the services and supplies is in the network of either the Primary Plan or the Secondary Plan.

Benefits may be based on the Reasonable and Customary Charge (R&C), or some similar term. This means that the provider bills a charge and the Covered Person may be held liable for the full amount of the billed charge. In this section, a Plan that bases benefits on a reasonable and customary charge is called an “R&C Plan.”

Benefits may be based on a contractual fee schedule, sometimes called a negotiated fee schedule, or some similar term. This means that although a provider, called a network provider, bills a charge, the Covered Person may be held liable only for an amount up to the negotiated fee. In this section, a Plan that bases benefits on a negotiated fee schedule is called a "Fee Schedule Plan." If the Covered Person uses the services of a non-network provider, the plan will be treated as an R&C Plan even though the plan under which he or she is covered allows for a fee schedule.

Payment to the provider may be based on a "capitation". This means that then HMO or other plans pays the provider a fixed amount per Covered Person. The Covered Person is liable only for the applicable deductible, coinsurance or copayment. If the Covered Person uses the services of a non-network provider, the HMO or other plans will only pay benefits in the event of emergency care or urgent care. In this section, a Plan that pays providers based upon capitation is called a "Capitation Plan."

In the rules below, "provider" refers to the provider who provides or arranges the services or supplies and "HMO" refers to a health maintenance organization plan.

Primary Plan is R&C Plan and Secondary Plan is R&C Plan

The Secondary Plan shall pay the lesser of:

- a) the difference between the amount of the billed charges and the amount paid by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

When the benefits of the Secondary Plan are reduced as a result of this calculation, each benefit shall be reduced in proportion, and the amount paid shall be charged against any applicable benefit limit of the plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in both the Primary Plan and the Secondary Plan, the Allowable Expense shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The total amount the provider receives from the Primary plan, the Secondary plan and the Covered Person shall not exceed the fee schedule of the Primary Plan. In no event shall the Covered Person be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is R&C Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in the Secondary Plan, the Secondary Plan shall pay the lesser of:

- a) the difference between the amount of the billed charges for the Allowable Expenses and the amount paid by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The Covered Person shall only be liable for the copayment, deductible or coinsurance under the Secondary Plan if the Covered Person has no liability for copayment, deductible or coinsurance under the Primary Plan and the total payments by both the primary and Secondary Plans are less than the provider's billed charges. In no event shall the Covered Person be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R&C Plan

If the provider is a network provider in the Primary Plan, the Allowable Expense considered by the Secondary Plan shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R&C Plan or Fee Schedule Plan

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the Covered Person receives from a non-network provider is not considered as urgent care or emergency care, the Secondary Plan shall pay benefits as if it were the Primary Plan.

Primary Plan is Capitation Plan and Secondary Plan is Fee Schedule Plan or R&C Plan

If the Covered Person receives services or supplies from a provider who is in the network of both the Primary Plan and the Secondary Plan, the Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Capitation Plan or Fee Schedule Plan or R&C Plan and Secondary Plan is Capitation Plan

If the Covered Person receives services or supplies from a provider who is in the network of the Secondary Plan, the Secondary Plan shall be liable to pay the capitation to the provider and shall not be liable to pay the deductible, coinsurance or copayment imposed by the Primary Plan. The Covered Person shall not be liable to pay any deductible, coinsurance or copayments of either the Primary Plan or the Secondary Plan.

Primary Plan is an HMO and Secondary Plan is an HMO

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the Covered Person receives from a non-network provider is not considered as urgent care or emergency care,

but the provider is in the network of the Secondary Plan, the Secondary Plan shall pay benefits as if it were the Primary Plan. Except that the Primary Plan shall pay out-of-Network services, if any, authorized by the Primary Plan.]

[Note to carriers: This paragraph should only be included in plans issued as HMO coverage.]

SERVICES FOR AUTOMOBILE RELATED INJURIES

This section will be used to determine a [Member's] coverage under this Policy when services are provided as a result of an automobile related Injury.

Definitions

"Automobile Related Injury" means bodily Injury sustained by a Covered Person as a result of an accident:

- a) while occupying, entering, leaving or using an automobile; or
- b) as a pedestrian;

caused by an automobile or by an object propelled by or from an automobile.

"Allowable Expense" means a medically necessary, reasonable and customary item of expense covered at least in part as an eligible expense or eligible services by:

- a) this Policy;
- b) PIP; or
- c) OSAIC.

"Eligible Services" means services provided for treatment of an Injury which is covered under this Policy without application of Cash Deductibles and Copayments, if any or Coinsurance.

"Out-of-State Automobile Insurance Coverage" or "OSAIC" means any coverage for medical expenses under an automobile insurance policy other than PIP. OSAIC includes automobile insurance policies issued in another state or jurisdiction.

"PIP" means personal injury protection coverage provided as part of an automobile insurance policy issued in New Jersey. PIP refers specifically to provisions for medical expense coverage.

Determination of primary or secondary coverage.

This Policy provides secondary coverage to PIP unless health coverage has been elected as primary coverage by or for the Covered Person under this Policy. This election is made by the named insured under a PIP policy. Such election affects that person's family members who are not themselves named insureds under another automobile policy. This Policy may be primary for one Covered Person, but not for another if the person has a separate automobile policy and has made different selection regarding primacy of health coverage.

This Policy is secondary to OSAIC, unless the OSAIC contains provisions which make it secondary or excess to the Policyholder's plan. In that case this Policy will be primary.

If there is a dispute as to which policy is primary, this Policy will pay benefits or provide services as if it were primary.

Services this Policy will provide if it is primary to PIP or OSAIC.

If this Policy is primary to PIP or OSAIC it will provide benefits for eligible expenses in accordance with its terms.

Benefits this Policy will pay if it is secondary to PIP or OSAIC.

If this Policy is secondary to PIP or OSAIC the actual benefits payable will be the lesser

of:

- a) the Allowable Expenses left uncovered after PIP or OSAIC has provided coverage after applying Cash Deductibles and Copayments, or
- b) the equivalent value of services if this Policy had been primary.

GENERAL PROVISIONS

AMENDMENT

We may make amendments to the Policy upon 30 days' notice to the Policyholder, and as provided in (b) and (c) below. An amendment will not affect benefits for a service or supply furnished before the date of change; and no change to the benefits under this Policy will be made without the approval of the Board.

Only Our officers have authority: to waive any conditions or restrictions of the Policy, to extend the time in which a Premium may be paid, to make or change a Policy, or to bind Us by a promise or representation or by information given or received.

No change in the Policy is valid unless the change is shown in one of the following ways:

- a) it is shown in an endorsement on it signed by one of Our officers.

- b) if a change has been automatically made to satisfy the requirements of any state or federal law that applies to the Policy, as provided in the section of this Policy called **Conformity With Law**, it is shown in an amendment to it that is signed by one of Our officers.
- c) if a change is required by Us, it is accepted by the Policyholder, as evidenced by payment of a Premium on or after the effective date of such change.
- d) if a written request for a change is made by the Policyholder, it is shown in an amendment to it signed by the Policyholder and by one of Our officers.

ASSIGNMENT

No assignment or transfer by the Policyholder of any of the Policyholder's interest under this Policy or by a Covered Person of any of his or her interest under this Policy is valid unless We consent thereto.

CLERICAL ERROR - MISSTATEMENTS

No clerical error nor programming or systems error by the Policyholder or by Us in keeping any records pertaining to coverage under this Policy will reduce a Covered Person's Coverage. Neither will delays in making entries on those records reduce it. However, if We discover such an error or delay, a fair adjustment of Premiums will be made.

Except as described in the **Premium Amounts** section, premium adjustments involving return of unearned premium to the Policyholder will be limited to the period of 12 months preceding the date of Our receipt of satisfactory evidence that such adjustments should be made.

If any relevant facts, are found to have been misstated, and the premiums are thereby affected, an equitable adjustment of premiums will be made. If such misstatement involves whether or not the person's coverage would have been accepted by Us, subject to this Policy's **Incontestability** section, the true facts will be used in determining whether coverage is in force under the terms of this Policy.

CONFORMITY WITH LAW

Any provision of this Policy which, is in conflict with the laws of the State of New Jersey, or with Federal law, shall be construed and applied as if it were in full compliance with the minimum requirements of such State law or Federal law.

CONTINUING RIGHTS

Our failure to apply terms or conditions does not mean that We waive or give up any future rights under this Policy.

GOVERNING LAW

This entire Policy is governed by the laws of the State of New Jersey.

INCONTESTABILITY OF THE POLICY

There will be no contest of the validity of the Policy, except for not paying premiums, after it has been in force for two years.

No statement in any application, except a fraudulent statement, made by the Policyholder or by a Covered Person covered under this Policy shall be used in contesting the validity of his or her coverage or in denying benefits after such coverage has been in force for two years during the person's lifetime. Note: There is no time limit with respect to a contest in connection with fraudulent statements.

LIMITATION ON ACTIONS

No action at law or in equity shall be brought to recover on the Policy until 60 days after a Covered Person files written proof of loss. No such action shall be brought more than three years after the end of the time within which proof of loss is required.

NOTICES AND OTHER INFORMATION

Any notices, documents, or other information under the Policy may be sent by United States Mail, postage prepaid, addressed as follows:

If to Us: To Our last address on record with the Policyholder.

If to the Policyholder: To the last address provided by the Policyholder on an enrollment or change of address form actually delivered to Us.

If to a Covered Person: To the last address provided by the Covered Person on an enrollment or change of address form actually delivered to Us.

PAYMENT OF PREMIUMS - GRACE PERIOD

Premiums are to be paid by You to Us. They are due on each premium due date. You may pay each Premium other than the first within 31 days of the premium due date. Those days are known as the grace period. You are liable to pay Premiums to Us from the first day the Policy is in force in order for this Policy to be considered in force on a premium paying basis. If any premium is not paid by the end of the grace period, [this Policy will continue in force without premium payment during the grace period and this Policy will end when the grace period ends.] [coverage will end as of the end of the period for which premium has been paid. You may be responsible for the payment of charges incurred for services or supplies received during the grace period.]

OFFSET

We reserve the right, before paying benefits to You, to use the amount of payment due to offset any unpaid premiums or claims payment previously made in error.

REINSTATEMENT

If We, or one of Our duly authorized agents accept the payment of premium after the end of the grace period without requiring an application for reinstatement, such acceptance of premium shall reinstate the Policy. However, if We or one of Our duly authorized agents require an application for reinstatement and issue a conditional receipt for the premium paid, the Policy will be reinstated upon Our approval of the application, or lacking Our approval, it will be reinstated on the forty-fifth day following the date for the conditional receipt unless We have previously notified You of Our disapproval of the reinstatement application. [Premiums accepted by Us after the end of the grace period are subject to a late payment interest charge determined as a percentage of the amount unpaid. That percentage will be Determined by Us from time to time, but will not be more than the maximum allowed by law.] The reinstated Policy shall cover only loss resulting from Injury or Illness that begins more than 10 days after the date of reinstatement. In all other respects, We and the Member shall have the same rights under the Policy as before the end of the grace period.

PREMIUM RATE CHANGES

The Premium rates in effect on the Effective Date are shown in the [Premium Rates and Provisions section of the Policy] [Policy's Schedule of Premium Rates]. We have the right to prospectively change Premium rates as of any of these dates:

 - by amendment of the Policy; or

- c) at the discovery of a clerical error or misstatement as described in the General Provisions section of this Policy.

We will give You 30 days written notice when a change in the Premium rates is made.

All statements will be deemed representations and not warranties.

TERM OF THE POLICY - RENEWAL PRIVILEGE – TERMINATION

This Policy is issued for a term of one (1) year from the Effective Date shown on the first page of this Policy. All Policy Years and Policy Months will be calculated from the Effective Date. Plan Years will be measured as stated in the definition of Plan Year. All periods of insurance hereunder will begin and end at 12:01 am, Eastern Standard Time.

The Policyholder may renew this Policy for a further term of one (1) year, on the first and each subsequent Policy Anniversary. All renewals are subject to the payment of premiums then due, computed as provided in this Policy's **Premium Amounts** section and to the provisions stated below.

We have the right to non-renew this Policy on the Policy Anniversary date following 180 days advance written notice to the Policyholder for the following reasons:

- a) subject to the statutory notification requirements, We cease to do business in the individual health benefits market;
- b) subject to the statutory notification requirements, We cease offering and non-renew a particular type of Health Benefits Plan in the individual market provided We act uniformly without regard to any Health Status-Related Factor of Members or persons who may become eligible for coverage; or
- c) the Board terminates a standard plan or a standard plan option.

During or at End of Grace Period - Failure to Pay Premiums: If any Premium is not paid by the end of its grace period, the Policy will end [when that period ends.] [as of the end of the period for which premium has been paid.]

Termination by Request - If You want to replace this Policy with another Individual Health Benefits Plan, You must give us notice of the replacement within 30 days after the effective date of the new Plan. This Policy will end as of 12:01 a.m. on the effective date of the new Plan and any unearned premium will be refunded. If You want to end this Policy and do not want to replace it with another Plan, You may write to Us, in advance, to ask that the Policy be terminated at the end of any period for which Premiums have been paid. Then the Policy will end on the date requested.

This Policy will be renewed automatically each year on the Anniversary Date, unless coverage is terminated on or before the Anniversary Date due to one of the following circumstances:

- a) You have failed to pay premiums in accordance with the terms of the Policy, or We have not received timely premium payments; ([Coverage will end as of the end of the grace period.] [Coverage will end as of the end of the period for which premium has been paid.]

- c) with respect to a Covered Person other than a Dependent, termination of eligibility if You are no longer a Resident, (We will give You at least 30 days written notice that coverage will end.)
- d) You become covered under another individual Health Benefits Plan; (Coverage will end at 12:01 a.m. on the date the individual Health Benefits Plan takes effect, provided You notify Us of the replacement within 30 days after the effective date of the new plan.)

TERMINATION OF DEPENDENT COVERAGE

If You fail to pay the cost of Dependent coverage, Your Dependent coverage will end. It will end on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

A Dependent's coverage ends when the Dependent becomes eligible for coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan, or the Dependent is no longer a Dependent, as defined in the Policy. Coverage ends at 12:01 a.m. on the date the first of these events occurs.

Also, Dependent coverage ends when the Policyholder's coverage ends.

[CONVERSION RIGHTS FOR DIVORCED SPOUSES**IF YOUR MARRIAGE OR DOMESTIC PARTNERSHIP ENDS**

If Your marriage ends by legal divorce or annulment, or Your domestic partnership terminates, the individual coverage for Your former Spouse ends. The former Spouse may convert to an individual contract during the conversion period. The former Spouse may cover under his or her individual contract any of his or her Dependent children who were covered under this Policy on the date this coverage ends. See **Exceptions** below.

Exceptions

No former Spouse may use this conversion right:

- a) if he or she is eligible for Medicare;
- b) if it would cause him or her to be excessively covered; This may happen if the Spouse is covered or eligible for coverage providing similar benefits provided by any other plan, insured or not insured. We will Determine if excessive coverage exists using Our standards for excessive coverage.

HOW AND WHEN TO CONVERT

The conversion period means the 31 days after the date this coverage ends. The former Spouse must apply for the individual contract in writing and pay the first premium for such contract during the conversion period. Evidence of good health will not be required.

If the form is received within such time, it should be completed, as instructed, by all persons required to do so. Additional proof, if required, should be attached to the form. - b) his or her Spouse;

- c) his or her parents;
- d) his or her children;
- e) his or her brothers and sisters; or
- f) any unpaid provider of health care services.

When You file proof of loss, he or she may direct Us, in writing, to pay health care benefits to the recognized provider of health care who provided the covered service for which benefits became payable. [For covered services from an eligible Facility or Practitioner, We will determine to pay either the Covered Person or the Facility or the Practitioner.] You may not assign his or her right to take legal action under this Policy to such provider.

EXPERIMENTAL or INVESTIGATIONAL.

Services or supplies which We Determine are:

- a) not of proven benefit for the particular diagnosis or treatment of a [Member]'s particular condition; or
- b) not generally recognized by the medical community as effective or appropriate for the particular diagnosis or treatment of a [Member]'s particular condition; or
- c) provided or performed in special settings for research purposes or under a controlled environment or clinical protocol.

Unless otherwise required by law with respect to drugs which have been prescribed for treatment for which the drug has not been approved by the United States Food and Drug Administration (FDA), We will not cover any services or supplies, including treatment, procedures, drugs, biological products or medical devices or any hospitalizations in connection with Experimental or Investigational services or supplies.

We will also not cover any technology or any hospitalization in connection with such technology if such technology is obsolete or ineffective and is not used generally by the medical community for the particular diagnosis or treatment of a [Member]'s particular condition.

Governmental approval of a technology is not necessarily sufficient to render it of proven benefit or appropriate or effective for a particular diagnosis or treatment of a [Member]'s particular condition, as explained below.

We will apply the following five criteria in Determining whether services or supplies are Experimental or Investigational:

1. Any medical device, drug, or biological product must have received final approval to market by the FDA for the particular diagnosis or condition. Any other approval granted as an interim step in the FDA regulatory process, e.g., an Investigational Device Exemption or an Investigational New Drug Exemption, is not sufficient. Once FDA approval has been granted for a particular diagnosis or condition, use of the medical device, drug or biological product for another diagnosis or condition will require that one or more of the following established reference compendia:
 - I. The American Hospital Formulary Service Drug Information; or
 - II. The United States Pharmacopeia Drug Information.

recognize the usage as appropriate medical treatment. As an alternative to such recognition in one or more of the compendia, the usage of the drug will be recognized as appropriate if it is recommended by a clinical study or recommended by a review article in a major peer-reviewed professional journal. A medical device, drug, or biological product that meets the above tests will not be considered Experimental or Investigational.

In any event, any drug which the Food and Drug Administration has determined to be contraindicated for the specific treatment for which the drug has been prescribed will be considered Experimental or Investigational.

2. Conclusive evidence from the published peer-reviewed medical literature must exist that the technology has a definite positive effect on health outcomes; such evidence must include well-designed investigations that have been reproduced by nonaffiliated authoritative sources, with measurable results, backed up by the positive endorsements of national medical bodies or panels regarding scientific efficacy and rationale;
3. Demonstrated evidence as reflected in the published peer-reviewed medical literature must exist that over time the technology leads to improvement in health outcomes, i.e., the beneficial effects outweigh any harmful effects;
4. Proof as reflected in the published peer-reviewed medical literature must exist that the technology is at least as effective in improving health outcomes as established technology, or is usable in appropriate clinical contexts in which established technology is not employable; and
5. Proof as reflected in the published peer-reviewed medical literature must exist that improvements in health outcomes, as defined in paragraph 3, is possible in standard conditions of medical practice, outside clinical investigatory settings.

- **Family Coverage** - coverage under this Contract for You and Your Dependent(s).
- **Adult and Child(ren) Coverage** - coverage under this Contract for You and all Your Child Dependents or coverage for multiple children residing within the same residence who share a common legal guardian, or for when there exists a valid support order requiring health benefit coverage whether or not there is an adult who will be provided coverage.
- **Single and Spouse Coverage** - coverage under this Contract for You and Your Spouse.

Who is Eligible

The Contractholder - You, if You are an Eligible Person, [who lives, resides or works in the designated Service Area in the State of New Jersey] **except** as provided below.

Spouse - Your Spouse [who lives, resides or works in the designated Service Area in the State of New Jersey.], who is an Eligible Person **except**: a Spouse need not be a Resident; and except as provided below.

Child - Your child [who lives, resides or works in the designated Service Area in the State of New Jersey.], who is an Eligible Person and who qualifies as a Dependent, as defined in this Contract, **except**: a Child need not be a Resident; and except as provided below.

You may have an unmarried child with a mental or physical handicap, or developmental disability, who is incapable of earning a living. Subject to all of the terms of this section and the Contract, such a child may stay eligible for Dependent health benefits past this Contract's age limit for eligible Dependents.

The child will stay eligible as long as the child stays unmarried and incapable of earning a living, if: a) the child's condition started before he or she reached this Contract's age limit; b) the child became covered under this Contract or any other policy or contract before the child reached the age limit and stayed continuously covered or covered after reaching such limit; and c) the child depends on You for most of his or her support and maintenance.

You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, We cannot ask for proof more than once a year.

The child's coverage ends when Your coverage ends.

In order to obtain and continue health care coverage with Us, the Member, who is not covered as either a Dependent Spouse or as a Dependent Child, must be a Resident. We reserve the right to require proof that such Member is a Resident.

Eligibility if you have or are eligible for other coverage

You may request termination of the replaced Individual Health Benefits Plan pursuant to the termination provisions of that Plan. We may require proof that the other coverage has been terminated.

Eligibility if you are eligible for coverage under a group health benefits plan - You and/or Dependents may be eligible for coverage under this Contract only during the open enrollment period which occurs each year during the month of November for an effective date of January 1 of the following year. If We do not receive Your written notice within 31 days of Your Spouse becoming eligible, coverage for Your Spouse will not become effective immediately. Rather, such coverage will become effective on the first day of the month after the date Your application is received.

Newborn Children - We will cover Your newborn child for 31 days from the date of birth without additional premium. Coverage may be continued beyond such 31-day period as stated below:

If You are already covered for Dependent child coverage on the date the child is born, coverage automatically continues beyond the initial 31 days, provided the premium required for Dependent child coverage continues to be paid. You must notify Us of the birth of the newborn child as soon as possible in order that We may properly provide coverage under this Contract.

If You are not covered for Dependent child coverage on the date the child is born, You must: a) give written notice to enroll the newborn child; and b) pay the premium required for Dependent child coverage within 31 days after the date of birth for coverage to continue beyond the initial 31 days.

If the notice is not given and the premium is not paid within such 31-day period, the newborn child's coverage will end at the end of such 31-day period. If the notice is given and the premium paid after that 31-day period, such coverage will become effective on the first day of the month after the date Your application is received.

Child Dependent - If You have Single or Single and Spouse Coverage and want to add a child Dependent, other than a Newborn Child, You must change to Family Coverage or Adult and Child(ren) Coverage. To change coverage, You must submit an application. If Your application is made and submitted to Us within 31 days of the child's becoming a Dependent, the Child will be covered from the date of his or her eligibility.

Even if You have Family Coverage or Adult and Child(ren) Coverage, however, You must give Us written notice that You wish to add a child. If Your written notice to add a child is made and submitted to Us within 31 days of the Child's becoming a Dependent, the Child will be covered from the date of eligibility.

If We do not receive Your written notice within 31 days of Your Dependent's becoming eligible, coverage for that Dependent will not become effective immediately. Rather, such coverage will become effective on the first day of the month after the date Your application is received.

Please note: A Child born to Your Child Dependent is not covered under this Contract unless the Child is eligible to be covered as Your Dependent, as defined.

COORDINATION OF BENEFITS AND SERVICES

Purpose Of This Provision

A Member may be covered under this Contract and subsequently become covered by or eligible for coverage under Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan. This provision allows Us to coordinate the services and supplies We provide with what Medicare pays or what Medicare would pay. This provision also allows us to coordinate benefits with what a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays. Coordination of benefits is intended to avoid duplication of benefits while at the same time preserving certain rights to coverage under all Plans under which the Member is covered.

Please note: The ONLY circumstances in which a person may be covered under both this Contract and under Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan occur when a Member is already covered under this Contract and subsequently becomes eligible for Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan.

DEFINITIONS

The words shown below have special meanings when used in this provision. Please read these definitions carefully. [Throughout this provision, these defined terms appear with their initial letter capitalized.]

Allowable Expense: The charge for any health care service, supply or other item of expense for which the Member is liable when the health care service, supply or other item of expense is covered at least in part under any of the Plans involved, except where a statute requires another definition, or as otherwise stated below.

We will not consider the difference between the cost of a private hospital room and that of a semi-private hospital room as an Allowable Expense unless the stay in a private room is Medically Necessary and Appropriate.

Claim Determination Period: A Calendar Year, or portion of a Calendar Year, during which a Member is covered by this Contract and covered by or eligible to be covered by Medicare and incurs one or more Allowable Expense(s) under such plans.

Plan: Coverage with which coordination of benefits is allowed. Plan includes:

- a) Group insurance and group subscriber contracts, including insurance continued pursuant to a Federal or State continuation law;
- b) Self-funded arrangements of group or group-type coverage, including insurance continued pursuant to a Federal or State continuation law;
- c) Group or group-type coverage through a health maintenance organization (HMO) or other prepayment, group practice and individual practice plans, including insurance continued pursuant to a Federal or State continuation law;
- d) Group hospital indemnity benefit amounts that exceed \$150 per day;
- e) Medicare or other governmental benefits, except when, pursuant to law, the benefits must be treated as in excess of those of any private insurance plan or non-governmental plan.

For purposes of determining plans with which this plan can coordinate, Plan does not include:

- a) Individual or family insurance contracts or subscriber contracts;
- b) Individual or family coverage through a health maintenance organization or under any other prepayment, group practice and individual practice plans;
- c) Group or group-type coverage where the cost of coverage is paid solely by the [Member], except that coverage being continued pursuant to a Federal or State continuation law shall be considered a Plan;
- d) Group hospital indemnity benefit amounts of \$150 per day or less;
- e) School accident –type coverage;
- f) A State plan under Medicaid.

Reasonable and Customary: An amount that is not more than the usual or customary charge for the service or supply as determined by Us, based on a standard which is most often charged for a given service by a Provider within the same geographic area.

PRIMARY AND SECONDARY PLAN

We consider each plan separately when coordinating payments.

For the purpose of coordinating benefits with this individual contract, Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan is always the Primary Plan and this Contract is always the Secondary Plan. Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays or provides services or supplies first, without taking into consideration the existence of this Contract.

This Contract takes into consideration the benefits provided by Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan. During each Claim Determination Period, this Contract will pay up to the remaining unpaid allowable

expenses, but this Contract will not pay more than it would have paid if it had been the Primary Plan. The method this Contract uses to determine the amount to pay is set forth below in the “**Procedures to be Followed by the Secondary Plan to Calculate Benefits**” section of this provision.

This Contract shall not reduce Allowable Expenses for medically necessary and appropriate services or supplies on the basis that precertification, preapproval, notification or second surgical opinion procedures were not followed.

Procedures to be Followed by the Secondary Plan to Calculate Benefits

In order to determine which procedure to follow it is necessary to consider:

- a) the basis on which the Primary Plan and the Secondary Plan pay benefits; and
- b) whether the provider who provides or arranges the services and supplies is in the network of either the Primary Plan or the Secondary Plan.

Benefits may be based on the Reasonable and Customary Charge (R&C), or some similar term. This means that the provider bills a charge and the Member may be held liable for the full amount of the billed charge. In this section, a Plan that bases benefits on a reasonable and customary charge is called an “R&C Plan.”

Benefits may be based on a contractual fee schedule, sometimes called a negotiated fee schedule, or some similar term. This means that although a provider, called a network provider, bills a charge, the Member may be held liable only for an amount up to the negotiated fee. In this section, a Plan that bases benefits on a negotiated fee schedule is called a “Fee Schedule Plan.” If the Member uses the services of a non-network provider, the plan will be treated as an R&C Plan even though the plan under which he or she is covered allows for a fee schedule.

Payment to the provider may be based on a “capitation”. This means that then HMO or other plans pays the provider a fixed amount per Member. The Member is liable only for the applicable deductible, coinsurance or copayment. If the Member uses the services of a non-network provider, the HMO or other plans will only pay benefits in the event of emergency care or urgent care. In this section, a Plan that pays providers based upon capitation is called a “Capitation Plan.”

In the rules below, “provider” refers to the provider who provides or arranges the services or supplies and “HMO” refers to a health maintenance organization plan.

Primary Plan is R&C Plan and Secondary Plan is R&C Plan

The Secondary Plan shall pay the lesser of:

- a) the difference between the amount of the billed charges and the amount paid by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

When the benefits of the Secondary Plan are reduced as a result of this calculation, each benefit shall be reduced in proportion, and the amount paid shall be charged against any applicable benefit limit of the plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in both the Primary Plan and the Secondary Plan, the Allowable Expense shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The total amount the provider receives from the Primary plan, the Secondary plan and the Member shall not exceed the fee schedule of the Primary Plan. In no event shall the Member be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is R&C Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in the Secondary Plan, the Secondary Plan shall pay the lesser of:

- a) the difference between the amount of the billed charges for the Allowable Expenses and the amount paid by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The Member shall only be liable for the copayment, deductible or coinsurance under the Secondary Plan if the Member has no liability for copayment, deductible or coinsurance under the Primary Plan and the total payments by both the primary and Secondary Plans are less than the provider’s billed charges. In no event shall the Member be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R&C Plan

If the provider is a network provider in the Primary Plan, the Allowable Expense considered by the Secondary Plan shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R&C Plan or Fee Schedule Plan

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the Member receives from a non-network provider is not considered as urgent care or emergency care, the Secondary Plan shall pay benefits as if it were the Primary Plan.

Primary Plan is Capitation Plan and Secondary Plan is Fee Schedule Plan or R&C Plan

If Member receives services or supplies from a provider who is in the network of both the Primary Plan and the Secondary Plan, the Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Capitation Plan or Fee Schedule Plan or R&C Plan and Secondary Plan is Capitation Plan

If the Member receives services or supplies from a provider who is in the network of the Secondary Plan, the Secondary Plan shall be liable to pay the capitation to the provider and shall not be liable to pay the deductible, coinsurance or copayment imposed by the Primary Plan. The Member shall not be liable to pay any deductible, coinsurance or copayments of either the Primary Plan or the Secondary Plan.

Primary Plan is an HMO and Secondary Plan is an HMO

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the Member receives from a non-network provider is not considered as urgent care or emergency care, but the provider is in the network of the Secondary Plan, the Secondary Plan shall pay benefits as if it were the Primary Plan. Except that the Primary Plan shall pay out-of-Network services, if any, authorized by the Primary Plan.]

[Note to carriers: This paragraph should only be included in plans issued as HMO coverage.]

SERVICES FOR AUTOMOBILE RELATED INJURIES

This section will be used to determine a [Member's] coverage under this Contract when services are provided as a result of an automobile related Injury.

Definitions

"Automobile Related Injury" means bodily Injury sustained by a [Member] as a result of an accident:

- a) while occupying, entering, leaving or using an automobile; or
 - b) as a pedestrian;
- caused by an automobile or by an object propelled by or from an automobile.

"Allowable Expense" means a medically necessary, reasonable and customary item of expense covered at least in part as an eligible expense or eligible services by:

- a) this Contract;
- b) PIP; or
- c) OSAIC.

"Eligible Services" means services provided for treatment of an Injury which is covered under this Contract without application of Cash Deductibles and Copayments, if any or Coinsurance.

"Out-of-State Automobile Insurance Coverage" or "OSAIC" means any coverage for medical expenses under an automobile insurance policy other than PIP. OSAIC includes automobile insurance policies issued in another state or jurisdiction.

"PIP" means personal injury protection coverage provided as part of an automobile insurance policy issued in New Jersey. PIP refers specifically to provisions for medical expense coverage.

Determination of primary or secondary coverage.

This Contract provides secondary coverage to PIP unless health coverage has been elected as primary coverage by or for the [Member] under this Contract. This election is made by the named insured under a PIP policy. Such election affects that person's family members who are not themselves named insureds under another automobile policy. This Contract may be primary for one [Member], but not for another if the person has a separate automobile policy and has made different selection regarding primacy of health coverage.

This Contract is secondary to OSAIC, unless the OSAIC contains provisions which make it secondary or excess to the Contractholder's plan. In that case this Contract will be primary.

If there is a dispute as to which policy is primary, this Contract will pay benefits or provide services as if it were primary.

Services this Contract will provide if it is primary to PIP or OSAIC.

If this Contract is primary to PIP or OSAIC it will provide benefits for eligible expenses in accordance with its terms.

Benefits this Contract will pay if it is secondary to PIP or OSAIC.

If this Contract is secondary to PIP or OSAIC the actual benefits payable will be the lesser of:

- a) the Allowable Expenses left uncovered after PIP or OSAIC has provided coverage after applying Cash Deductibles and Copayments, or
- b) the equivalent value of services if this Contract had been primary.

GENERAL PROVISIONS**AMENDMENT**

We may make amendments to the Contract upon 30 days' notice to the Contractholder, and as provided in (b) and (c) below. An amendment will not affect benefits for a service or supply furnished before the date of change; and no change to the benefits under this Contract will be made without the approval of the Board.

Only Our officers have authority: to waive any conditions or restrictions of the Contract, to extend the time in which a Premium may be paid, to make or change a Contract, or to bind Us by a promise or representation or by information given or received.

ASSIGNMENT

No assignment or transfer by the Contractholder of any of the Contractholder's interest under this Contract or by a [Member] of any of his or her interest under this Contract is valid unless We consent thereto.

CLERICAL ERROR - MISSTATEMENTS

No clerical error nor programming or systems error by the Contractholder or by Us in keeping any records pertaining to coverage under this Contract will reduce a [Member]'s Coverage. Neither will delays in making entries on those records reduce it. However, if We discover such an error or delay, a fair adjustment of Premiums will be made.

Except as described in the **Premium Amounts** section, premium adjustments involving return of unearned premium to the Contractholder will be limited to the period of 12 months preceding the date of Our receipt of satisfactory evidence that such adjustments should be made.

If Your age, or any other relevant facts, are found to have been misstated, and the premiums are thereby affected, an equitable adjustment of premiums will be made. If such misstatement involves whether or not the person's coverage would have been accepted by Us, subject to this Contract's **Incontestability** section, the true facts will be used in determining whether coverage is in force under the terms of this Contract.

Any provision of this Contract which, is in conflict with the laws of the State of New Jersey, or with Federal law, shall be construed and applied as if it were in full compliance with the minimum requirements of such State law or Federal law.

However, if We or one of Our duly authorized agents require an application for reinstatement and issue a conditional receipt for the premium paid, the Contract will be reinstated upon Our approval of the application, or lacking Our approval, it will be reinstated on the forty-fifth day following the date for the conditional receipt unless We have previously notified You of Our disapproval of the reinstatement application. - e) Some areas of variability are determined by the election made by a Carrier.
- f) Some areas of variability are determined by the delivery system (i.e., indemnity or PPO)

Note: Due to the complexity of issuing plans through or in conjunction with an approved Selective Contracting Arrangement, commonly known as PPO plans, explicit guidance is set forth in item 15 below.

Areas of variability, which may require clarification and explanation as to use, are explained below. The order of the list is generally consistent with the order of appearance in the policy forms.

1. The Health Care Quality Act requires carriers to specify the legal name, trade name, e-mail and fax numbers. Carriers may include this information on a separate page, immediately following the face page, as illustrated in the standard forms. Alternatively, carriers may include this information directly on the face page.
2. Although the schedule pages specify the plan letter in the upper right corner this identification is intended solely to identify which plan letter the page illustrates. Carriers need not specify the plan letter on the schedule pages of plans being issued.
3. Deductible, and Co-Payments, as offered by the carrier, may be elected by the Policyholder, subject to the availability specified in regulation.
4. There are sample PPO schedule pages. There are corresponding provisions in the benefit provisions.
5. The list of services and supplies for which pre-approval is required includes some new items, included in brackets: specified therapies, therapeutic manipulation, exchange of non-biologically based mental illness inpatient days and prescription drugs. The benefit provisions for these services and supplies also includes text in brackets concerning pre-approval. Carriers that elect to require pre-approval for these services and supplies must include them on the list on the schedule page in addition to using the pre-approval text in the benefit provision.
6. The definition of an Approved Cancer Clinical Trial and the corresponding benefit provision should be included only by those carriers that wish to make such coverage available and want to specify such coverage in the policy form.
7. The definition of Reasonable and Customary should only include a reference to the negotiated fee schedule if the Carrier is offering the plan using a Preferred Provider Option delivery system.
8. The text describing provider compensation in the PPO section contains a number of bracketed words and phrases. Include the words and phrases that describe the arrangement carrier has with network providers.
9. The continuation of care text must be included in all plans that use networks.
10. The treatment of hemophilia provision includes variable text that would only be included in PPO plans.
11. The prescription drugs provision includes variable text that would be included by carriers that require pre-approval for specified drugs.
12. The therapy services provision includes variable text that would be included by carriers that require pre-approval for certain therapy services.
13. The method a Carrier chooses to make the optional cancer treatment benefits available will determine which transplant benefit text the Carrier would include. For Carriers electing to include the optional cancer treatment benefits as part of the standard forms, the list of services for which Pre-Approval is required, as it appears in the Schedule of Benefits, must be modified to omit the item for autologous bone marrow transplant and associated dose intensive chemotherapy.
14. The Centers of Excellence Features provisions may be omitted. If included in the policy, the text must conform to the text of the standard form.
15. Carriers that issue plans through or in conjunction with an approved Selective Contracting Arrangement must consider the following when creating the plan documents:
 - a. The policy and certificate documents contain "SAMPLE" schedule page text. The dollar amounts for the deductibles and copayments are purely illustrative. Refer to N.J.A.C. 11:20-3.1(d) for direction as to which amounts may be substituted for those in the example. For plans that utilize a copay feature, the copays replace the cash deductible for the particular service, and benefits following the copay must be paid at 100%. The dollar amounts for the copays must be consistent with those that an HMO carrier may use. (\$15, \$30, \$40 or \$50)
 - b. Include the specific page of text describing the PPO mechanism, with specification of the name of the network or provider organization.
16. The Notice of Loss provision of the Claims Provisions may be omitted at the option of the Carrier.

EXPERIMENTAL or INVESTIGATIONAL.

Services or supplies, including treatments, procedures, Hospitalizations, drugs, biological products or medical devices, which We Determine are:

- a) not of proven benefit for the particular diagnosis or treatment of Your particular condition; or
- b) not generally recognized by the medical community as effective or appropriate for the particular diagnosis or treatment of Your particular condition; or
- c) provided or performed in special settings for research purposes or under a controlled environment or clinical protocol.

Unless otherwise required by law with respect to drugs which have been prescribed for treatment for which the drug has not been approved by the United States Food and Drug Administration (FDA), We will not cover any services or supplies, including treatment, procedures, drugs, biological products or medical devices or any Hospitalizations in connection with Experimental or Investigational services or supplies.

We will also not cover any technology or any Hospitalization in connection with such technology if such technology is obsolete or ineffective and is not used generally by the medical community for the particular diagnosis or treatment of Your particular condition.

Governmental approval of a technology is not necessarily sufficient to render it of proven benefit or appropriate or effective for a particular diagnosis or treatment of Your particular condition as explained below.

We will apply the following five criteria in Determining whether services or supplies are Experimental or Investigational:

- 1) any medical device, drug, or biological product must have received final approval to market by the United States Food and Drug Administration (FDA) for the particular diagnosis or condition. Any other approval granted as an interim step in the FDA regulatory process, e.g., an Investigational Device Exemption or an Investigational New Drug Exemption, is not sufficient. Once FDA approval has been granted for a particular diagnosis or condition, use of the medical device, drug or biological product for another diagnosis or condition will require that one or more of the following established reference compendia:

- The American Hospital Formulary Service Drug Information; or
- The United States Pharmacopeia Drug Information.

recognize the usage as appropriate medical treatment. As an alternative to such recognition in one or more of the compendia, the usage of the drug will be recognized as appropriate if it is recommended by a clinical study or recommended by a review article in a major peer-reviewed professional journal. A medical device, drug, or biological product that meets the above tests will not be considered Experimental or Investigational.

In any event, any drug which the Food and Drug Administration has determined to be contraindicated for the specific treatment for which the drug has been prescribed will be considered Experimental or Investigational.

- 2) conclusive evidence from the published peer-reviewed medical literature must exist that the technology has a definite positive effect on health outcomes; such evidence must include well-designed investigations that have been reproduced by nonaffiliated authoritative sources, with measurable results, backed up by the positive endorsements of national medical bodies or panels regarding scientific efficacy and rationale;
- 3) demonstrated evidence as reflected in the published peer-reviewed medical literature must exist that over time the technology leads to improvement in health outcomes, i.e., the beneficial effects outweigh any harmful effects;
- 4) proof as reflected in the published peer-reviewed medical literature must exist that the technology is at least as effective in improving health outcomes as established technology, or is usable in appropriate clinical contexts in which established technology is not employable; and
- 5) proof as reflected in the published peer-reviewed medical literature must exist that improvements in health outcomes, as defined in paragraph 3, is possible in standard conditions of medical practice, outside clinical investigatory settings.

- b) whose most recent prior Creditable Coverage was under a Group Health Plan, Governmental Plan, Church Plan, or health insurance coverage offered in connection with any such plan;
- c) who is not eligible for coverage under a Group Health Plan, Part A or Part B of Title XVIII of the federal Social Security Act (Medicare), or a State plan under Title XIX of the federal Social Security Act (Medicaid) or any successor program and who does not have another Health Benefits Plan, or Hospital or medical service plan;
- d) with respect to whom the most recent coverage within the period of aggregate Creditable Coverage was not terminated based on a factor relating to nonpayment of premiums or fraud;
- e) who, if offered the option of continuation coverage under a COBRA continuation provision or similar State continuation option, elected that continued coverage; and
- f) who has elected continuation coverage described in item "e" above, and has exhausted that continuation coverage.

Health Benefits Plans shall not include the following benefits if they are provided under a separate policy, certificate or contract of insurance or are otherwise not an integral part of the plan: limited scope dental or vision benefits; benefits for long term care, nursing home care, home health care, community based care, or any combination thereof; and such other similar, limited benefits as are specified in federal regulations. Health Benefits Plan shall not include hospital confinement indemnity coverage if the benefits are provided under a separate policy, certificate or contract of insurance, there is no coordination between the provision of the benefits and any exclusion of benefits under any group Health Benefits Plan maintained by the same

Plan Sponsor, and those benefits are paid with respect to an event without regard to whether benefits are provided with respect to such an event under any Group Health Plan maintained by the same Plan Sponsor. Health Benefits Plan shall not include the following if it is offered as a separate policy, certificate or contract of insurance: Medicare supplemental health insurance as defined under section 1882(g)(1) of the federal Social Security Act; and coverage supplemental to the coverage provided under chapter 55 of Title 10, United States Code; and similar supplemental coverage provided to coverage under a Group Health Plan.

Subject to all of the terms of this section and the Policy, such a child may stay eligible for Dependent health benefits past this Policy's age limit for eligible Dependents.

The child will stay eligible as long as the child stays unmarried and incapable of earning a living, if: a) the child's condition started before he or she reached this Policy's age limit; b) the child became covered under this Policy or any other policy or contract before the child reached the age limit and stayed continuously covered or covered after reaching such limit; and c) the child depends on You for most of his or her support and maintenance.

Grievance Procedure

[Carriers must include the disclosure requirements set forth in N.J.A.C. 8:38A-3.2]

[REQUIRED HOSPITAL STAY REVIEW]

Important Notice: If a Covered Person does not comply with these Hospital stay review features, he or she will not be eligible for full benefits under this Policy.

Notice of Hospital Admission Required

We require notice of all Hospital admissions. The times and manner in which the notice must be given is described below. When a Covered Person does not comply with the requirements of this section We reduce what We pay for covered Hospital charges as a penalty.

Pre-Hospital Review

All non-Emergency Hospital admissions must be reviewed by [ABC] before they occur. The Covered Person or the Covered Person's Practitioner must notify [ABC] and request a pre-hospital review. [ABC] must receive the notice and request as soon as possible before the admission is scheduled to occur. For a maternity admission, a Covered Person or his or her Practitioner must notify [ABC] and request a pre-hospital review at least [60 days] before the expected date of delivery, or as soon as reasonably possible.

When [ABC] receives the notice and request, [they] evaluate:

- a) the Medical Necessity and Appropriateness of the Hospital admission
- b) the anticipated length of stay and
- c) the appropriateness of health care alternatives, like home health care or other out-patient care.

[ABC] notifies the Covered Person's Practitioner [by phone, of the outcome of their review. And [they] confirm the outcome of [their] review in writing.]

If [ABC] authorizes a Hospital admission, the authorization is valid for:

- a) the specified Hospital;
- b) the named attending Practitioner; and
- c) the authorized length of stay.

The authorization becomes invalid and the Covered Person's admission must be reviewed by [ABC] again if:

- a) he or she enters a Facility other than the specified Facility

- b) he or she changes attending Practitioners; or
- c) more than [60 days] elapse between the time he or she obtains authorization and the time he or she enters the Hospital, except in the case of a maternity admission.

Emergency Admission

[ABC] must be notified of all Emergency admissions by phone. This must be done by the Covered Person or the Covered Person's Practitioner no later than the end of the next regular working day or as soon as possible after the admission occurs.

When [ABC] is notified [by phone,] they require the following information:

- a) the Covered Person's name, social security number and date of birth;
- b) the Covered Person group plan number;
- c) the reason for the admission
- d) the name and location of the Hospital
- e) when the admission occurred; and
- f) the name of the Covered Person's Practitioner.

Continued Stay Review

The Covered Person or his or her Practitioner, must request a continued stay review for any Emergency admission. This must be done at the time [ABC] is notified of such admission.

The Covered Person, or his or her Practitioner, must also initiate a continued stay review whenever it is Medically Necessary and Appropriate to change the authorized length of a Hospital stay. This must be done before the end of the previously authorized length of stay.

[ABC] also has the right to initiate a continued stay review of any Hospital admission. And [ABC] may contact the Covered Person's Practitioner or Hospital by phone or in writing.

In the case of an Emergency admission, the continued stay review evaluates:

- a) the Medical Necessity and Appropriateness of the Hospital admission;
- b) the anticipated length of stay; and
- c) the appropriateness of health care alternatives.

In all other cases, the continued stay review evaluates:

- a) the Medical Necessity and Appropriateness of extending the authorized length of stay; and
- b) the appropriateness of health care alternatives.

[ABC] notifies the Covered Person's Practitioner [by phone, of the outcome of the review. And [ABC] confirms the outcome of the review in writing.] The notice always includes any newly authorized length of stay.

Penalties for Non-Compliance

In the case of a non-Emergency Hospital admission, as a penalty for non-compliance. We reduce what We pay for covered Hospital charges, by 50% if:

- a) the Covered Person does not request a pre-hospital review; or
- b) the Covered Person does not request a pre-hospital review as soon as reasonably possible before the Hospital admission is scheduled to occur; or
- c) [ABC's] authorization becomes invalid and the Covered Person does not obtain a new one; or
- d) [ABC] does not authorize the Hospital admission.

In the case of an Emergency admission, as a penalty for non-compliance, We reduce what We pay for covered Hospital charges by 50%, if:

- a) [ABC] is not notified of the admission at the times and in the manner described above;
- b) the Covered Person does not request a continued stay review; or
- c) the Covered Person does not receive authorization for such continued stay.

The penalty applies to covered Hospital charges incurred after the applicable time limit allowed for giving notice ends.

For any Hospital admission, if a Covered Person stays in the Hospital longer than [ABC] authorizes, We reduce what We pay for covered Hospital charges incurred after the authorized length of stay ends [by 50%] as a penalty for non-compliance.

Penalties cannot be used to meet this [Policy's] Cash Deductible or Coinsurance.

[REQUIRED PRE-SURGICAL REVIEW]

Important Notice: If a Covered Person does not comply with these pre-surgical review features, he or she will not be eligible for full benefits under this Policy.

We require a Covered Person to get a pre-surgical review for any non-Emergency procedure performed outside of a Practitioner's office. When a Covered Person does not comply with the requirements of this section We reduce what We pay for covered professional charges for Surgery, as a penalty.

The Covered Person or his or her Practitioner, must request a pre-surgical review from [ABC]. [ABC] must receive the request at least 24 hours before the Surgery is scheduled to occur. If the Surgery is being done in a Hospital, on an Inpatient basis, the pre-surgical review request should be made at the same time as the request for a pre-hospital review.

When [ABC] receives the request, they evaluate the Medical Necessity and Appropriateness of the Surgery and they either:

- a) approve the proposed Surgery, or
- b) require a second surgical opinion regarding the need for the Surgery.

[ABC] notifies the Covered Person's Practitioner, [by phone, of the outcome of the review. [ABC] also confirms the outcome of the review in writing.]

Second Surgical Opinion

If [ABC's] review does not confirm the Medical Necessity and Appropriateness of the Surgery, the Covered Person may obtain a second surgical opinion. If the second opinion does not confirm the medical necessity of the Surgery, the Covered Person may obtain a third opinion, although he or she is not required to do so.

[ABC] will give the Covered Person a list of Practitioners in his or her area who will give a second opinion. The Covered Person may get the second opinion from [a Practitioner on the list, or from] a Practitioner of his or her own choosing, if the Practitioner:

- a) is board certified and qualified, by reason of his or her specialty, to give an opinion on the proposed Surgery;
- b) is not a business associate of the Covered Person's Practitioner; and
- c) does not perform the Surgery if it is needed.

[ABC] gives second opinion forms to the Covered Person. The Practitioner he or she chooses fills them out, and then returns them to [ABC].

We cover charges for additional surgical opinions, including charges for related x-ray and tests. But what We pay is based on all the terms of this Policy, except, these charges are not subject to the Cash Deductible or Coinsurance.

Pre-Hospital Review

If the proposed Surgery is to be done on an Inpatient basis, the Required Pre-Hospital Review section must be complied with. See the **Required Pre-Hospital Review** section for details.

Penalties for Non-Compliance

As a penalty for non-compliance, We reduce what We pay for covered professional charges for Surgery by 50% if:

- a) the Covered Person does not request a pre-surgical review; or
- b) [ABC] is not given at least 24 hours to review and evaluate the proposed Surgery; or
- c) [ABC] requires additional surgical opinions and the Covered Person does not get those opinions before the Surgery is done;

The Care Manager will manage authorize Your treatment for a [Biologically Based, Substance Abuse, or Alcoholism.] You must contact the Care Manager or Your Primary Care Physician when You need treatment for one of these conditions.]

COORDINATION OF BENEFITS AND SERVICES**Purpose Of This Provision**

A Member may be covered under this Policy and subsequently become covered by or eligible for coverage under Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan. This provision allows Us to coordinate the services and supplies We provide with what Medicare pays or what Medicare would pay. This provision also allows us to coordinate benefits with what a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays. Coordination of benefits is intended to avoid duplication of benefits while at the same time preserving certain rights to coverage under all Plans under which the Covered Person is covered.

Please note: The ONLY circumstances in which a person may be covered under both this Policy and under Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan occur when a Covered Person is already covered under this Policy and subsequently becomes eligible for Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan.

DEFINITIONS

The words shown below have special meanings when used in this provision. Please read these definitions carefully. [Throughout this provision, these defined terms appear with their initial letter capitalized.]

Allowable Expense: The charge for any health care service, supply or other item of expense for which the Covered Person is liable when the health care service, supply or other item of expense is covered at least in part under any of the Plans involved, except where a statute requires another definition, or as otherwise stated below.

We will not consider the difference between the cost of a private hospital room and that of a semi-private hospital room as an Allowable Expense unless the stay in a private room is Medically Necessary and Appropriate.

Claim Determination Period: A Calendar Year, or portion of a Calendar Year, during which a Covered Person is covered by this Policy and covered by or eligible to be covered by Medicare and incurs one or more Allowable Expense(s) under such plans.

Plan: Coverage with which coordination of benefits is allowed. Plan includes:

- a) Group insurance and group subscriber contracts, including insurance continued pursuant to a Federal or State continuation law;
- b) Self-funded arrangements of group or group-type coverage, including insurance continued pursuant to a Federal or State continuation law;
- c) Group or group-type coverage through a health maintenance organization (HMO) or other prepayment, group practice and individual practice plans, including insurance continued pursuant to a Federal or State continuation law;
- d) Group hospital indemnity benefit amounts that exceed \$150 per day;
- e) Medicare or other governmental benefits, except when, pursuant to law, the benefits must be treated as in excess of those of any private insurance plan or non-governmental plan.

For purposes of determining plans with which this plan can coordinate, Plan does not include:

- a) Individual or family insurance contracts or subscriber contracts;
- b) Individual or family coverage through a health maintenance organization or under any other prepayment, group practice and individual practice plans;
- c) Group or group-type coverage where the cost of coverage is paid solely by the [Covered Person], except that coverage being continued pursuant to a Federal or State continuation law shall be considered a Plan;
- d) Group hospital indemnity benefit amounts of \$150 per day or less;
- e) School accident –type coverage;
- f) A State plan under Medicaid.

Reasonable and Customary: An amount that is not more than the usual or customary charge for the service or supply as determined by Us, based on a standard which is most often charged for a given service by a Provider within the same geographic area.

PRIMARY AND SECONDARY PLAN

We consider each plan separately when coordinating payments.

For the purpose of coordinating benefits with this individual policy, Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan is always the Primary Plan and this Policy is always the Secondary Plan. Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan pays or provides services or supplies first, without taking into consideration the existence of this Policy.

This Policy takes into consideration the benefits provided by Medicare or coverage under a group Health Benefits Plan, Group Health Plan, Governmental Plan, or Church Plan. During each Claim Determination Period, this Policy will pay up to the remaining unpaid allowable expenses, but this Policy will not pay more than it would have paid if it had been the Primary Plan. The method this Policy uses to determine the amount to pay is set forth below in the “**Procedures to be Followed by the Secondary Plan to Calculate Benefits**” section of this provision.

This Policy shall not reduce Allowable Expenses for medically necessary and appropriate services or supplies on the basis that precertification, preapproval, notification or second surgical opinion procedures were not followed.

Procedures to be Followed by the Secondary Plan to Calculate Benefits

In order to determine which procedure to follow it is necessary to consider:

- a) the basis on which the Primary Plan and the Secondary Plan pay benefits; and
- b) whether the provider who provides or arranges the services and supplies is in the network of either the Primary Plan or the Secondary Plan.

Benefits may be based on the Reasonable and Customary Charge (R&C), or some similar term. This means that the provider bills a charge and the Covered Person may be held liable for the full amount of the billed charge. In this section, a Plan that bases benefits on a reasonable and customary charge is called an “R&C Plan.”

Benefits may be based on a contractual fee schedule, sometimes called a negotiated fee schedule, or some similar term. This means that although a provider, called a network provider, bills a charge, the Covered Person may be held liable only for an amount up to the negotiated fee. In this section, a Plan that bases benefits on a negotiated fee schedule is called a “Fee Schedule Plan.” If the Covered Person uses the services of a non-network provider, the plan will be treated as an R&C Plan even though the plan under which he or she is covered allows for a fee schedule.

Payment to the provider may be based on a “capitation”. This means that then HMO or other plans pays the provider a fixed amount per Covered Person. The Covered Person is liable only for the applicable deductible, coinsurance or copayment. If the Covered Person uses the services of a non-network provider, the HMO or other plans will only pay benefits in the event of emergency care or urgent care. In this section, a Plan that pays providers based upon capitation is called a “Capitation Plan.”

In the rules below, “provider” refers to the provider who provides or arranges the services or supplies and “HMO” refers to a health maintenance organization plan.

Primary Plan is R&C Plan and Secondary Plan is R&C Plan

The Secondary Plan shall pay the lesser of:

- a) the difference between the amount of the billed charges and the amount paid by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

When the benefits of the Secondary Plan are reduced as a result of this calculation, each benefit shall be reduced in proportion, and the amount paid shall be charged against any applicable benefit limit of the plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in both the Primary Plan and the Secondary Plan, the Allowable Expense shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The total amount the provider receives from the Primary plan, the Secondary plan and the Covered Person shall not exceed the fee schedule of the Primary Plan. In no event shall the Covered Person be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is R&C Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in the Secondary Plan, the Secondary Plan shall pay the lesser of:

- a) the difference between the amount of the billed charges for the Allowable Expenses and the amount paid by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The Covered Person shall only be liable for the copayment, deductible or coinsurance under the Secondary Plan if the Covered Person has no liability for copayment, deductible or coinsurance under the Primary Plan and the total payments by both the primary and Secondary Plans are less than the provider’s billed charges. In no event shall the Covered Person be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R&C Plan

If the provider is a network provider in the Primary Plan, the Allowable Expense considered by the Secondary Plan shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R&C Plan or Fee Schedule Plan

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the Covered Person receives from a non-network provider is not considered as urgent care or emergency care, the Secondary Plan shall pay benefits as if it were the Primary Plan.

Primary Plan is Capitation Plan and Secondary Plan is Fee Schedule Plan or R&C Plan

If the Covered Person receives services or supplies from a provider who is in the network of both the Primary Plan and the Secondary Plan, the Secondary Plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
- b) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Capitation Plan or Fee Schedule Plan or R&C Plan and Secondary Plan is Capitation Plan

If the Covered Person receives services or supplies from a provider who is in the network of the Secondary Plan, the Secondary Plan shall be liable to pay the capitation to the provider and shall not be liable to pay the deductible, coinsurance or copayment imposed by the Primary Plan. The Covered Person shall not be liable to pay any deductible, coinsurance or copayments of either the Primary Plan or the Secondary Plan.

[Primary Plan is an HMO and Secondary Plan is an HMO

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the Covered Person receives from a non-network provider is not considered as urgent care or emergency care, but the provider is in the network of the Secondary Plan, the Secondary Plan shall pay benefits as if it were the Primary Plan. Except that the Primary Plan shall pay out-of-Network services, if any, authorized by the Primary Plan.]

[Note to carriers: This paragraph should only be included in plans issued as HMO coverage.]

SERVICES FOR AUTOMOBILE RELATED INJURIES

When You are the named insured under a motor vehicle insurance [Policy], You have two options under the terms of Your motor vehicle insurance [Policy]. The option You select will also determine coverage of any resident relative in the named insured's household who is not a separate named insured under another motor vehicle [Policy].

- a) You may choose to have primary coverage for such services covered under Your motor vehicle insurance [Policy] (the Personal Injury Protection or compulsory Medical Payment provisions of a New Jersey motor vehicle insurance [Policy] or under similar provisions of a motor vehicle [Policy] required by any other federal or state no-fault motor vehicle insurance law).

If You choose this option, We will provide secondary coverage in accordance with regulations issued by the New Jersey Department of Banking and Insurance.

- b) You may choose to have primary coverage for such services provided by this [Policy].

If You choose this option, We will provide benefits for any Covered Charges incurred for the diagnosis or treatment of an Injury or Illness resulting from a motor vehicle accident. However, these benefits are subject to the terms, conditions, and limits set forth in this [Policy].

In addition, the motor vehicle insurance [Policy] may provide for secondary benefits in accordance with regulations issued by the New Jersey Department of Banking and Insurance.

If there is a dispute as to primacy between the motor vehicle insurance [Policy] and this [Policy], this [Policy] will be primary.

This order of benefit determination does not apply if You are enrolled in a government health benefit program which provides that it is always secondary, or otherwise will not be a primary provider of benefits for motor vehicle injuries.

GENERAL PROVISIONS**AMENDMENT**

We may make amendments to the Policy upon 30 days' notice to the Policyholder, and as provided in (b) and (c) below. An amendment will not affect benefits for a service or supply furnished before the date of change; and no change to the benefits under this Policy will be made without the approval of the Board.

Only Our officers have authority: to waive any conditions or restrictions of the Policy, to extend the time in which a Premium may be paid, to make or change a Policy, or to bind Us by a promise or representation or by information given or received.

No change in the Policy is valid unless the change is shown in one of the following ways:

- a) it is shown in an endorsement on it signed by one of Our officers.

- c) if a change is required by Us, it is accepted by the Policyholder, as evidenced by payment of a Premium on or after the effective date of such change.
- d) if a written request for a change is made by the Policyholder, it is shown in an amendment to it signed by the Policyholder and by one of Our officers.

ASSIGNMENT

No assignment or transfer by the Policyholder of any of the Policyholder's interest under this Policy or by a Covered Person of any of his or her interest under this Policy is valid unless We consent thereto.

CLERICAL ERROR - MISSTATEMENTS

No clerical error nor programming or systems error by the Policyholder or by Us in keeping any records pertaining to coverage under this Policy will reduce a Covered Person's Coverage. Neither will delays in making entries on those records reduce it. However, if We discover such an error or delay, a fair adjustment of Premiums will be made.

Except as described in the **Premium Amounts** section, premium adjustments involving return of unearned premium to the Policyholder will be limited to the period of 12 months preceding the date of Our receipt of satisfactory evidence that such adjustments should be made.

If any relevant facts, are found to have been misstated, and the premiums are thereby affected, an equitable adjustment of premiums will be made. If such misstatement involves whether or not the person's coverage would have been accepted by Us, subject to this Policy's **Incontestability** section, the true facts will be used in determining whether coverage is in force under the terms of this Policy.

CONFORMITY WITH LAW

Any provision of this Policy which, is in conflict with the laws of the State of New Jersey, or with Federal law, shall be construed and applied as if it were in full compliance with the minimum requirements of such State law or Federal law.

CONTINUING RIGHTS

Our failure to apply terms or conditions does not mean that We waive or give up any future rights under this Policy.

GOVERNING LAW

This entire Policy is governed by the laws of the State of New Jersey.

INCONTESTABILITY OF THE POLICY

There will be no contest of the validity of the Policy, except for not paying premiums, after it has been in force for two years.

No statement in any application, except a fraudulent statement, made by the Policyholder or by a Covered Person covered under this Policy shall be used in contesting the validity of his or her coverage or in denying benefits after such coverage has been in force for two years during the person's lifetime. Note: There is no time limit with respect to a contest in connection with fraudulent statements.

LIMITATION ON ACTIONS

No action at law or in equity shall be brought to recover on the Policy until 60 days after a Covered Person files written proof of loss. No such action shall be brought more than three years after the end of the time within which proof of loss is required.

PAYMENT OF PREMIUMS - GRACE PERIOD

Premiums are to be paid by You to Us. They are due on each premium due date. You may pay each Premium other than the first within 31 days of the premium due date. Those days are known as the grace period. You are liable to pay Premiums to Us from the first day the Policy is in force in order for this Policy to be considered in force on a premium paying basis. If any premium is not paid by the end of the grace period, [this Policy will continue in force without premium payment during the grace period and this Policy will end when the grace period ends.] [coverage will end as of the end of the period for which premium has been paid. You may be responsible for the payment of charges incurred for services or supplies received during the grace period.]

OFFSET

We reserve the right, before paying benefits to You, to use the amount of payment due to offset any unpaid premiums or claims payment previously made to You in error.

REINSTATEMENT

If We, or one of Our duly authorized agents accept the payment of premium after the end of the grace period without requiring an application for reinstatement, such acceptance of premium shall reinstate the Policy. However, if We or one of Our duly authorized agents require an application for reinstatement and issue a conditional receipt for the premium paid, the Policy will be reinstated upon Our approval of the application, or lacking Our approval, it will be reinstated on the forty-fifth day following the date for the conditional receipt unless We have previously notified You of Our disapproval of the reinstatement application. [Premiums accepted by Us after the end of the grace period are subject to a late payment interest charge determined as a percentage of the amount unpaid. That percentage will be Determined by Us from time to time, but will not be more than the maximum allowed by law.] The reinstated Policy shall cover only loss resulting from Injury or Illness that begins more than 10 days after the date of reinstatement. In all other respects, We and the Member shall have the same rights under the Policy as before the end of the grace period.

PREMIUM RATE CHANGES

The Premium rates in effect on the Effective Date are shown in the [Premium Rates and Provisions section of the Policy] [Policy's Schedule of Premium Rates]. We have the right to prospectively change Premium rates as of any of these dates:

Effective Date:

1. The **Deductible Credit** provision of the **BENEFIT PROVISION** section is deleted and replaced with the following:

Deductible Credit: For the first Calendar Year of this Policy, a Covered Person will receive credit for any Deductible amounts satisfied under previous coverage within the same Calendar Year that Your first Calendar Year starts under this Policy provided there has been no lapse in coverage between the previous coverage and this Policy.

This credit will be applied whether Your previous coverage was under a plan with Us or with another carrier. You will be required to provide Us with adequate documentation of the amounts satisfied.

2. A new provision entitled **Coinsurance Credit** is added to the **BENEFIT PROVISION** section immediately following the Deductible Credit provision.
