General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

DEP is of the opinion that the plan now conforms to the applicable freshwater wetlands and stormwater management regulations. Upon the DEP's receipt of a fully recorded conservation restriction, in a form which has been reviewed and approved by the DEP, preserving all recharge areas and nonstructural stormwater BMP's on the Property from future development, the Petitioner shall then be authorized to start proposed site disturbance, pre-construction earth movement or improvements to the Property, all of which shall be in accordance with the plans and documents identified in the Stipulation of Settlement.

A copy of the Stipulation of Settlement and accompanying plans and documents are on file with the Hamilton Township Clerk at the Municipal Building, 2090 Greenwood Avenue, Hamilton, New Jersey 08650-0150 and may be inspected during regular business hours.
