

BIPARTISAN INFRASTRUCTURE LAW: FUNDING OPPORTUNITIES YOU CAN APPLY FOR TODAY

UPDATED MAY 2024

Since President Biden signed the Bipartisan Infrastructure Law two years ago, his Administration has hit the ground running to deliver investments that change people's lives for the better and get America moving again. Already, over \$400 billion has been announced and is headed to states, Tribes, territories, and local governments. In addition, there is billions more in funding available today through competitive programs.

Our Administration is committed to making these opportunities accessible and transparent, so communities across America know what to apply for, who to contact, and how to get ready to rebuild.

This document highlights funding opportunities that communities can apply for today, along with a calendar for funding opportunities across 2024. The list includes information on the program, the deadline for applying, and a link to the application, where applicable.

For more information on the full set of programs in the Bipartisan Infrastructure Law, including upcoming milestones, visit [build.gov](https://www.build.gov).
