SUBCHAPTER 1. IMPORTATION OF DOGS, RABIES REPORTING, TRANSPORTATION OF CONFINED ANIMALS, AND CONTROL OF AVIAN CHLAMYDIOSIS IN PET BIRDS

8:23-1.1 Importation of dogs; certification requirements

Dogs shall not be brought into this State excepting when in transit or for breeding, laboratory, or exhibition purposes unless accompanied by a health certificate issued by a licensed veterinarian of the state or nation of the dog's origin indicating that the dog is free from rabies and other communicable disease and has not recently been exposed to any such disease. This certificate shall also state the breed, sex, age, point of origin, point of destination, the name and post office address of the consignee or owner and the consignor or seller and if the dog has been vaccinated, the type and date of vaccination.

Amended by R.1995 d.24, effective January 17, 1995.
See: 26 N.J.R. 4129(a), 27 N.J.R. 343(b).

8:23-1.2 Reporting of cases of rabies in animals

(a) Persons, including veterinarians and animal control officers, having in their possession, care or control, owning or having an interest in or knowledge of, an animal affected with rabies or suspected of being affected with rabies, shall provide forthwith a report containing the fact of the animal being affected with or suspected of being affected with rabies to the

person designated to receive such reports by the local health agency having jurisdiction over the place where the animal is located.

(b) The report shall contain, in addition to the fact of the animal being affected with or suspected of being affected with rabies, the following additional information, to the extent the information is available to the reporter:

1. The location of the animal;
2. A description of the animal;
3. The name, address and telephone number of the owner or person with possession, care, or control, or having interest in the animal; and
4. The reporter's name and telephone number.

(c) The reporter shall submit the report by telephone, telefacsimile, or electronic mail, or in person, or in any other manner determined by the local health agency or its designee to be acceptable.

Amended by R.2006 d.135, effective April 17, 2006.

Rewrote the section.

8:23-1.3 Transportation of confined animals

Animals confined by provisions of N.J.S.A. 26:4-82, 83, or 84 shall not be transported from confinement unless permission therefor shall be granted by the health officer of the municipality in this State into which such animal or animals are to be transported under conditions which may be prescribed by the Department. In the event the destination of a confined animal is beyond the boundaries of this State, permission must be obtained from the Department of Health and Senior Services.

Amended by R.1995 d.24, effective January 17, 1995.
See: 26 N.J.R. 4129(a), 27 N.J.R. 343(b).

8:23-1.4 Quarantine, testing and transportation of quarantined pet birds

(a) Whenever a veterinarian diagnoses a case of avian chlamydiosis in a pet bird within the jurisdiction of a local health agency, or there is danger of the transmission of avian chlamydiosis from that jurisdiction, the local health agency shall establish adequate bird quarantine procedures.

(b) The right of the Department of Health and Senior Services to establish bird quarantine procedure for any area of the State wherein psittacosis exists, or danger exists of the spread of that disease, shall not be considered as limited or otherwise affected by the provisions of this chapter.

(c) Laboratory testing when appropriate shall be performed on quarantined bird(s) suspected of having psittacosis and the fees for such testing shall be paid by the owner of the bird(s).

(d) Quarantined birds shall not be transported from a quarantined area unless permission therefor shall be granted by the health officer of the municipality or local health district in this State into which such birds are to be transported under conditions which may be prescribed by the Department. In the event the destination of quarantined birds is beyond the boundaries of this State, permission must be obtained from the Department of Health and Senior Services.

Amended by R.1983 d.207, effective June 6, 1983.
See: 15 N.J.R. 466(a), 15 N.J.R. 918(a).

Added new (c). Recodified old (c) as new (d).
Amended by R.2006 d.135, effective April 17, 2006.
