CIVIL SERVICE COMMISSION

Amendments to State Service Personnel Manual Subpart 7-3.105

On July 30, 1979, the New Jersey Civil Service Commission, pursuant to authority of N.J.S.A. 11:5-1 et seq. and in accordance with applicable provisions of the Administrative Procedure Act, adopted amendments to Subpart 7-3.105 in the Civil Service Personnel Manual (State Service) concerning the policy for determining salary and anniversary date of an employee who has been demoted or reappointed to a title with a lower evaluation.

Full text of the adoption follows (amended text indicated in boldface thus):

Subpart 7-3.105 Policy For Determining Salary And Anniversary Date Of An Employee Who Has Been Demoted Or Reappointed To A Title With A Lower Evaluation

7-3.105a Subject:

This subpart will deal with the procedures to be applied to determine the salary and anniversary date of an employee who has been demoted, returned to a former title, or reappointed to a title with a lower evaluation than his/her immediately previous title.

7-3.105b Application:

The salary adjustment of an employee will be based upon the procedure applicable to the category of demotion or reduction involved. If it is:

1. A **Disciplinary or Deficiency Demotion** based upon unsatisfactory job performance or other deficiencies for which the employee is responsible, the salary of the employee shall be reduced by one increment* and adjusted to the same or next lower rate of the range of the title to which the employee is being reappointed. No change shall be made in the employee's anniversary date.

2. A **No Fault Demotion**, through no fault of the employee resulting from some action by the appointing authority, the Civil Service Commission or other agency having jurisdiction over an employee's status for reasons of economy, reduction in force, seniority layoff, in lieu of layoff, etc., the salary of the employee shall be reduced by one increment* and adjusted to the same or next higher rate of the range to which the employee is reappointed. No change shall be made in the employee's anniversary date. Voluntary demotions so acknowledged in writing by the employee on the CS-21, shall be processed under this procedure.

*If the employee is being demoted to the level of his/her immediately preceding title or lower, and it can be established by the reconstruction of the employee's employment record that when the employee was promoted or appointed to the higher title he/she received the equivalent of two or more promotional increments of the lower range when going from the lower to the higher title, the salary for demotion shall first be reduced by the amount he/she received before slotting into the appropriate step of the lower salary range. This shall not apply in layoff situations.

This note shall apply only in cases where the employee is returning to the same level he/she was promoted or advanced from. In cases where the employee is being demoted to a different level than that previously held, reconstruction shall be used. Reconstruction shall be treated as if employee were promoted to the intermediate title at the time of original promotion.

Example:	Range	Salary	AD
Senior Clerk Stenographer 7/1/78 promoted to Principal Clerk Steno Demoted 7/1/79 to Principal Clerk	A09 A13	\$8079.12 9350.30	10/78 7/79
Reconstruction would be: Senior Clerk Stenographer 7/1/78 promoted to Principal Clerk 10/78 Increment	A09 A11	\$8079.12 8482.64 8906.00	10/78 10/78 10/79

7-3.105c Limitations:

1. This method shall be used only when:

a. The employee has served more than one year in the higher title, and

b. The employee has previously held the lower title, or

(1) The lower title is a lower title in the same occupation series, or

(2) The service in the higher title would be considered to have provided the employee with meaningful and significant experience and training for satisfactory service in the lower title, and this is explained and certified to by the appointing authority on the C.S. 21.

2. This method shall not be used to gain a salary advantage for the employee.

3. In no case shall an employee taking a voluntary demotion receive an increase in salary rate.

4. In no case shall an employee receive a lesser salary than he/she would have received had he/she not been promoted.

7-3.105d Alternative conditions:

In all other situations of demotion or appointment to a title with a lower evaluation not falling within the above conditions, the employee's salary in their lower title shall be arrived at by reconstructing the employee's salary based on service he/she would have had had he/she been appointed to or stayed in the lower title or in fact had been serving in the lower title on the date he/she was appointed to the higher title.

7-3.105e Rights:

For all No Fault Demotions except voluntary demotions, the employee must be given a 45 day notice of the demotion by the appointing authority.

An order adopting these amendments was filed on July 30, 1979, as R.1979 d.291 (Exempt, Procedure Rule) to become effective on August 1, 1979. Take notice that these amendments are not subject to codification and will not appear in Title 4 of the New Jersey Administrative Code.

Proposed Rules on Hospital Reporting of Uniform Bill — Patient Summaries (Inpatient)

Dr. Joanne E. Finley, Commissioner of Health, pursuant to authority of N.J.S.A. 26:2H-1 et seq. and with the approval of the Health Care Administration Board, proposes to adopt new rules concerning hospital reporting of uniform bill — patient summaries (inpatient). Such rules, if adopted, will be cited as N.J.A.C. 8:31B-2.1 et seq.

The purpose of this rule is to provide the basis for a single patient data reporting system to satisfy the requirements of Chapter 83, P.L. 1978. The proposed rule is based on an expanded UB16-78, a uniform billing form developed by the American Hospital Association and other interested parties, and is designed so as to: (a) coordinate and consolidate the requirements on hospital billing systems to allow all payors to be billed through a single common format rather than the current system of different claim forms for each payor, (b) simplify claims administration and coordination of benefits of third party payors through the receipt of bills from all providers in a common format, (c) provide information relevant to appropriateness reviews required by third party payors, including PSRO required data, (d) satisfy present Department of Health reporting requirements for bills and abstracts, thereby, eliminating a costly and difficult process of combining bills and abstracts, (e) eliminate duplicative reporting to both the Department and third party payors, (f) allow for common and consistent reporting of revenues for services related to patient care used in the calculation of Preliminary Cost Bases under Chapter 83, P.L. 1978, and (g) promote uniformity and accuracy of patient data reporting. Confidentiality of individual patients and physicians shall be maintained in fulfilling the above purposes.

Uniform Bill-Patient Summaries (UB-PS) shall be used and reported for each inpatient discharged and ambulatory same day surgery outpatient treated on or after January 1, 1981 from each hospital covered under Chapter 83, P.L. 1978.

For those hospitals scheduled to have a Preliminary Cost Base established by the New Jersey Hospital Rate-Setting Commission during calendar year 1980, a plan of implementation of the UB-PS shall be developed jointly among the hospital, its UB-PS Intermediary(ies) and the Department of Health. This plan shall include (1) expedient implementation of the UB-PS as soon as possible, however, in no event later than September 30, 1980; and (2) submission on or before March 31, 1981 of all patient information required to be submitted to the Department of Health in the UB-PS format for all inpatients discharged and ambulatory same day surgery outpatients treated on or after January 1, 1980.

The reasonable cost of compliance with this Rule net of any cost savings shall be considered by the Commission in establishing a Preliminary Cost Base for a hospital. Until such time as a hospital has a Preliminary Cost Base established, a hospital shall identify in its SHARE submission (or, if necessary, in a separate submission) and the Department shall recognize the reasonable costs incurred as a direct result of compliance with this regulation at any savings incurred.

8. Provisions for a report, based on actual data, that monitors such things as individual management achievements and the performance of the health care delivery system as a whole in order to understand whether or not the goals set by the legislature have been met.

A summary of the proposed N.J.A.C. 8:31B-4.1 et seq. are:

1. Establish a hospital's Current Cost Base by dividing the hospitals' actual costs last reported to the New Jersey Department of Health into direct and indirect costs related to patient care, allocating these costs to patients to determine the costs of the hospital's mix of patients in the base year, and adding to such costs certain other financial elements as described in the proposed Financial Elements and Reporting regulation.

2. Establish a proposed Preliminary Cost Base by determining the reasonable direct cost per case, reasonable indirect costs, adding or subtracting net income from other sources, adjusting the base year costs for inflation (deflation) by use of an economic factor, and making adjustments to costs and other financial elements approved by the Hospital Rate-Setting Commission.

3. Establish the Schedule of Rates which is the average amount of revenue a hospital shall charge and payors shall pay per case for Services Related to Patient Care, based upon the Preliminary Cost Base.

4. Making certain automatic reconciliations and adjustments which are necessary to insure that hospital's net revenue collection align with the Schedule of Rates and that rates reflect changes in inflation.

Proposed Amendments Concerning Petitions from Out-of-State Institutions Desiring to Offer Courses in New Jersey

The State Board of Higher Education, pursuant to authority of N.J.S.A. 18A:3-15 and 18A:68-6, proposes to amend the rules concerning petitions from out-of-State institutions desiring to offer courses in New Jersey.

Full text of the proposal follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

9:1-6.1 Review of petitions
The Board of Higher Education in its coordinating capa-

city will review all petitions from out-of-state institutions to offer credit-bearing courses or degree programs in New Jersey from a statewide perspective. The Board will approve only those offerings that in the opinion of the Board meet [minimum] State standards for program [of] quality, are fiscally viable, and serve a demonstrable need.

9:1-6.4 Department of Higher Education review procedures

(a) Petitions from out-of-state institutions invited by in-state parties to offer educational services in New Jersey:

1. Upon receipt of petition, the Department of Higher Education will provide to all New Jersey institutions of higher education a summary of the petition's content and will invite the institutions to submit their comments and to indicate whether or not they wish and are prepared to offer comparable services. Those in-state institutions that wish to offer comparable services may submit proposals to the Department within 30 days after the Department's notification regarding the out-of-state request. Proposals from in-state institutions received within this time period will be forwarded immediately by the Department to the party requesting instructional services (as well as to the out-of-state institutions).

i. Specifically with respect to a New Jersey high school seeking educational services, the high school shall inform the Department of Higher Education of its intent to seek an educational program prior to entering into negotiations for credit-bearing courses with an out-of-state institution. The notice shall contain a detailed itemization of the services desired by the high school. After receipt of the notification, the Department shall provide copies of the notice to all New Jersey institutions of higher education and shall invite these institutions to submit their comments and to indicate both to the Department and to the high school, within 30 days, whether they wish to try to meet the needs of the high school.

ii. The high school shall enter into negotiations with an out-of-state institution only after the high school has notified the Department of Higher Education which in-state institution(s) if any, the high school will be dealing with in addition to the proposed out-of-state party.

2. The Department will review all [the] full proposals (in-state and out-of-state) usually with the assistance of a consultant who is mutually acceptable to the Department and the institutions.

3. The petition and all pertinent materials will be provided to the Licensure and Approval Advisory Board (LAAB) for its review.

4. If the Department determines, in consultation with LAAB, that an in-state proposal(s) is comparable or superior to the out-of-state proposal, the Department will strongly encourage the in-State party requesting instructional services to accept an in-State proposal.

5. The in-State party requesting instructional services shall inform the Department as to its choice of institution and specify the reasons for the selection.

6. The Chancellor will make a recommendation concerning the program of course(s) to the Board of Higher Education.

(b) Petitions from out-of-state institutions seeking to offer educational services independently (without invitation) in New Jersey:

1. Upon receipt of petition, the Department of Higher Education will provide all New Jersey institutions of higher education with a summary of the petition's content and invite the institutions to submit their comments.

2. The Department will review the petitions, usually with the assistance of a consultant who is mutually acceptable to the Department and the institution.

3. The petition and all pertinent materials will be provided to LAAB for its review.

4. The Chancellor will make a recommendation concerning the program of course(s) to the Board of Higher Education.

STUDENT ASSISTANCE BOARD

Proposed Amendments on Residency, Dependent and Independent Students and Renewal of Grants

The Student Assistance Board in the Department of Higher Education, pursuant to authority of N.J.S.A. 18A:71-26.8 and 18A:71-48, proposes to amend N.J.A.C. 9:7-2.2, 9:7-2.6 and 9:7-3.3 concerning residency, dependent and independent students defined and renewal of grants awarded prior to March 1, 1978.

Full text of the proposal follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

9:7-2.2 Residency

(a) Students must be legal residents of New Jersey for a period of not less than 12 consecutive months immediately prior to receiving a grant. The residence of a student is defined in terms of domicile. Domicile is defined as the place where a person has his or her true, fixed, permanent home and principal establishment, and to which, whenever he is absent, he or she has the intention of returning.

1. A dependent student as defined in section 6 of this Subchapter is presumed to be a legal resident of the state which his or her parent(s) or guardian(s) is a resident. A dependent student whose parent(s) or guardian(s) is not a legal resident of New Jersey is presumed to be in the state for the temporary purpose of obtaining an education.

(b) Residence established solely for the purpose of attending a particular college cannot be considered as fulfilling the definition of domicile. When in question, a student must demonstrate proof of residence by presenting the following documents: driver's license, voter registration form, tax return(s), or other suitable proof. The Office of Student Assistance, Department of Higher Education, shall determine the state of residence for any individual whose residency is not certain. Institutions may provide information to substantiate the student's claim of legal New Jersey residence.

9:7-2.6 Dependent/independent student defined

(a) A dependent student is one who: 1. Resides with his or her parents or guardians for more than six weeks last, this, or next year; or 2. Is dependent upon them for more than \$750 in support of any kind including food,

clothing, or shelter last, this, or next year; or 3. Is claimed, or will be claimed, as dependent for income tax purposes for last, this, or next year.

(b) An independent student is one who: 1. Has not lived, and will not live, with parents or guardians for more than six weeks last, this, and next year, or a recipient of aid to dependent children who resides with parent(s); and 2. Has not received, and will not receive, financial assistance from parents of more than \$750 in support of any kind including food, clothing, and shelter last, this, and next year; and 3. Has not been claimed, and will not be claimed, as an exemption on parents' or guardians' tax return last, this, and next year; and 4. Has resources, which should be at least equal to the level of public assistance in the preceding calendar year. For 1978-79 and subsequent years, unless revised, this level is \$1,400.

(c) If circumstances have prevented the student(s) from having resources of a minimum of \$1,400 for the calendar year prior to the academic year for which aid is requested and the student(s) has qualified for independent status based on the other three criteria, then, as an alternative, in-kind support equal to at least \$1,400 must be documented and placed in the student(s) file before he or she is considered an independent student. Such documentation must be furnished to the Office of Student Assistance, Department of Higher Education, in writing, through the established appeals procedure or through the use of a properly prepared change form.

9:7-3.3 Renewal of grants awarded prior to March 1, 1978

Students receiving tuition assistance grants at New Jersey public or independent institutions prior to March 1, 1978, must annually file the New Jersey financial aid form to renew their grant as in N.J.A.C. 9:7-[2.6]2.8. Continued eligibility will be determined according to criteria in effect on September 1, 1977, unless they would receive increased aid under P.L. 1977, Chapter 344.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before September 26, 1979 to:

Full text of the adoption follows (additions indicated in boldface thus):

9:7-2.4 Determination of eligibility for and value of student assistance

Students must have demonstrated financial need through submission of a New Jersey financial aid form. The information on the financial aid form will be evaluated by employing the national uniform methodology, as represented in the College Scholarship Service system. The evaluation results in an estimate of the family or student's ability to contribute to the cost of education. This estimate is then used to determine eligibility for and value of student assistance. **Students may not receive assistance under the programs administered by the Student Assistance Board if information is made known that they owe a refund on a grant or scholarship previously received from a state or federal program through any institution or are in default on any student loan made or insured by the federal government at any institution.**

DIVISION OF MOTOR VEHICLES

Proposed Amendments Concerning Bus Drivers

John A. Waddington, Director of the Division of Motor Vehicles in the Department of Law and Public Safety, pursuant to authority of N.J.S.A. 39:3-10.1 and 39:5-30, proposes to amend N.J.A.C. 13:21-14.1 concerning bus drivers.

Full text of the proposal follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

SUBCHAPTER 14. BUS DRIVERS

Delete text of N.J.A.C. 13:21-14.1 and insert new language as follows:

13:21-14.1 Purpose

(a) The purpose of this subchapter is to implement the provisions of N.J.S.A. 39:3-10.1, including the amendatory provisions pertaining thereto contained in P.L. 1977, c.25, by defining the term "bus" as including any "for-hire" motor vehicle having a carrying capacity of more than six, any school bus, and any motor vehicle having a carrying capacity of more than 16 passengers, and used for the intrastate transportation of passengers not for hire. The inclusion of "not for hire" vehicles comports with the legislative statement to P.L. 1977, c. 25 which provides in pertinent part: "As amended in committee, the bill would also require all drivers of buses, as defined by the director whether they are for hire or not, to obtain an omnibus or school bus endorsement, provided that they are not specifically excepted under existing law. The intent is to require all drivers of senior citizen buses or drivers of other forms of free transportation to obtain the special endorsement on their license."

(b) The inclusion of omnibuses with a carrying capacity of more than six passengers and school buses within the definition of the term "bus" merely restates the existing statutory and regulatory requirements relating to the issuance of special bus licenses. The existing statutory and regulatory requirements predate the amendatory provisions of P.L. 1977, c. 25. This subchapter does not impose any additional licensing requirements on drivers of omnibuses and school buses.

13:21-14.2 Definitions

The following words and terms, when used in this subchapter, shall have the following meanings unless the context clearly indicates otherwise.

"Bus" means: 1. Any motor vehicle used for the intrastate transportation of passengers for hire, having a carrying capacity of more than six passengers; 2. Any motor vehicle used for the intrastate transportation of passengers not for hire, having a carrying capacity of more than 16 passengers; and 3. Any "school bus" as defined in N.J.S.A. 39:1-1. The term "bus" shall exclude taxicabs, hotel buses, and omnibuses used for the transportation of passengers in interstate or foreign commerce.

Delete text of N.J.A.C. 13:21-14.3 and insert new language as follows:

13:21-14.3 Special bus license requirement

Every driver of a bus, as defined in section 1, (Definitions) of this subchapter, shall be specially licensed as a bus driver in accordance with the provisions of N.J.S.A. 39:3-10.1.

(b) Drivers of any bus which previously could have been driven without a special bus driver license who are holders of valid New Jersey driver licenses and who have had at least 90 days or 200 hours experience in driving omnibuses shall be eligible to receive the omnibus endorsement without completing the road test portion of the examination upon application and proof of driving experience which is satisfactory to the director; except that drivers of any

bus with a carrying capacity of 17 or more shall be eligible to receive the omnibus endorsement without completing the road test portion of the examination upon application and proof of driving experience until December 1, 1979.

Fingerprinting will be required.

(b) Examinations may be conducted to determine driving ability, familiarity with the mechanism of the vehicle, knowledge of the motor vehicle laws of the State of New Jersey and adequate visual capabilities.

(c) The Director may not issue a bus driver license, or may revoke or suspend the bus driver license of any person when it is determined that the applicant or holder of such license has:

1. A driving record which established revocation or suspension for operating a motor vehicle while under the influence of intoxicating liquor, narcotics or habit-forming drugs; for operating a motor vehicle while impaired by alcohol; or, for leaving the scene of an accident which resulted in personal injury or death; or

2. Twelve or more current points under the point system; or

3. A record of at least three motor vehicle accidents within one year preceding the date of application; or

12. A criminal record which is disqualifying. The phrase "crime or other offense" as used hereinafter shall include crimes, disorderly persons offenses or petty disorderly persons offenses as defined in the "New Jersey Code of Criminal Justice" and any offenses defined by any other statute of this State. A driver has a disqualifying record if:

i. He has been convicted of, or forfeited bond or collateral upon, any of the following:

(1) An offense involving the manufacture, transportation, possession, sale or habitual use of a "controlled dangerous substance" as defined in the "New Jersey Controlled Substances Act."

(2) A crime or other offense involving deviate or illicit social behavior such as rape, incest, sodomy or carnal abuse;

(3) A crime or other offense involving the use of force or the threat of force to or upon a person or property, such as armed robbery, assault and arson.

(4) Any crime or other offense indicative of bad moral character;

(5) He fails to notify the Division of Motor Vehicles that he has been arrested for, charged with, indicted for, convicted of, or forfeited bond or collateral upon any crime or other offense within 14 days after the date of such event.

13. In the absence of a conviction, the Director shall refuse to issue or shall revoke or suspend the busdriver license of any person arrested for, charged with, or indicted for any crime or other offense if the Director determines that such person is of bad character or is morally unfit to retain the privilege of holding a bus driver license, or a potential danger to his passengers or to other motorists or to himself.

(d) If sufficient and reasonable grounds are established at a hearing, the Director may, not inconsistent with N.J.S.A. 39:3-10, waive any portion or portions of this subchapter. Applicants seeking such-waivers must, prior to a hearing, submit to the Director a request for such waiver and the basis of such request.

5. N.J.S.A. 27:5E-7, to acquire such interests in lands as may be necessary to secure the relocation, removal, or disposal of junkyards, and to pay for the costs of relocation, removal, or disposal thereof;

6. N.J.S.A. 27:5E-8, to apply to the Superior Court, Chancery Division for an injunction to abate public

nuisances created by junkyards which do not conform to the requirements of the Junkyard Control Act; and

7. N.J.S.A. 27:5E-10, to enter into agreements with the United States Secretary of Transportation relating to the control of junkyards in areas adjacent to the interstate and primary systems, and to take action in the name of the State to comply with the terms of such agreements.

8. N.J.S.A. 27:1A-7 to comply with all applicable rules, regulations and guidelines of the Federal Government or any agency thereof, and more specifically those regulations and guidelines promulgated by the Federal Highway Administration in the Federal-Aid Highway Program Manual, Volume 7, Chapter 6, Section 4 and codified in 23 C.F.R. Part 751, insofar as compliance with said rules, regulations, and guidelines is necessary condition for Federal participation in junkyard control projects authorized under N.J.S.A. 27:5E-1 et seq.

16:43-1.3 Definitions

The following words and terms, when used in this subchapter, shall have the following meanings unless the context clearly indicates otherwise.

"Automobile graveyard" means any establishment or place of business which is maintained, used, or operated, for storing, keeping, buying, or selling wrecked, scrapped, ruined, or dismantled motor vehicles or motor vehicle parts. Ten or more such vehicles will constitute an automobile graveyard.

"Commissioner" means the Commissioner of Transportation of the State of New Jersey.

"Department" means the Department of Transportation of the State of New Jersey.

"Interstate system" means that portion of the National System of Interstate and Defense Highways located within this State, as officially designated, or as may hereafter be so designated, by the Commissioner of Transportation, and approved by the Secretary of Transportation, pursuant to the provisions of Title 23 of the United States Code.

"Junk" means old or scrap metal, rope, rags, batteries, paper, trash, rubber, debris, waste, or junked, dismantled, or wrecked automobiles, or parts thereof.

"Junkyard" means an establishment or place of business which is maintained, operated, or used for storing, keeping, buying, or selling junk, or for the maintenance or operation of an automobile graveyard, and the term shall include garbage dumps and sanitary fills.

"Illegal junkyard" means a junkyard which is established in violation of the Junkyard Control Act, N.J.S.A. 27:5E-1 et seq.

"Nonconforming junkyard" means a junkyard which does not comply with N.J.S.A. 27:5E-4 and which was either:

1. In actual existence on July 24, 1970, as distinguished from a contemplated use, except where a permit or similar specific governmental action was granted for the establishment of the junkyard prior to July 24, 1970, and the junkyard owner in good faith expended funds in reliance thereon; or

2. Lawfully established after July 24, 1970, but later failing to comply with N.J.S.A. 27:5E-1 et seq. because of the construction, widening, or relocation of primary or interstate highways or other changed conditions not within the junkyard owner's control, including revisions in the applicable zoning ordinances.

"Main-traveled way" means the traveled way of a highway on which through traffic is carried. In the case of a divided highway, the traveled way of each of the separated roadways for traffic in opposite directions is a main

traveled way. It does not include such facilities as frontage roads, turning roadways, or parking areas.

"Primary system" means that portion of connected main highways, as officially designated, or as may hereafter be so designated, by the Commissioner of Transportation, and approved by the Secretary of Transportation, pursuant to the provisions of Title 23 of the United States Code.

"Sanitary fill" means a land disposal site employing an engineered method of disposal of solid waste in a manner that is intended to minimize environmental hazards, including, but not limited to the spreading of the solid waste in thin layers, compacting the waste to the smallest practical volume, and applying cover material at the conclusion of each day's operation or at such more frequent intervals as may be necessary.

"Industrial activities" means those permitted only in industrial zones, or in less restricted zones by the nearest zoning authority within the State, or prohibited by said authority but generally recognized as industrial by other zoning authorities within the State, except that none of the following shall be considered industrial activities:

1. Outdoor advertising structures;
2. Agricultural, forestry, ranching, grazing, farming and related activities, including, but not limited to, way-side fresh produce stands;
3. Activities normally and regularly in operation less than three months of the year;
4. Transient or temporary activities;
5. Activities not visible from the traffic lanes of the main traveled way;
6. Activities more than 500 feet from the nearest edge of the main traveled way;
7. Activities conducted in building principally used as a residence;
8. Railroad tracks, minor sidings, and passenger depots;
9. Junkyards, as defined in Section 136, Title 23, United States Code.

"Unzoned industrial area" means the land occupied by the regularly used building, parking lot, storage or processing area of an industrial activity, and that land within 750 feet thereof which is:

1. Located on the same side of the highway as the principal part of said activity; and
2. Not predominantly used for residential or commercial purposes; and
3. Not zoned by State or local law, regulation or ordinance.

"Zoned industrial areas" means those districts established by zoning authorities as being most appropriate for manufacturing or heavy industry, regardless of how labeled. The Commissioner of Transportation shall determine whether a local zoning classification in effect establishes a zoned industrial area for the purposes of this chapter, and such determination shall be based upon the compatibility of unscreened junkyards with the land uses permitted under the local zoning classification.

16:43-1.4 County and municipal ordinances; effect

Nothing in this chapter shall be construed to abrogate or affect the provisions of any lawful ordinance, regulation, or resolution of any county or municipality, which is more restrictive than the provisions of this chapter.

SUBCHAPTER 2. ILLEGAL JUNKYARDS

16:43-2.1 Establishment, operation and maintenance of illegal junkyards

- (a) No person shall establish, operate, or maintain a

junkyard, any portion of which is within 1,000 feet of the nearest edge of the right-of-way of any interstate or primary highway, except the following:

1. Those which are screened by natural objects, plantings, fences, or other appropriate means so as not to be visible from the main-traveled way of the interstate and primary systems, or otherwise removed from sight;
2. Those located within zoned industrial area;
3. Those located within unzoned industrial areas;
4. Those which are not visible from the main-traveled way of the system.

16:43-2.2 Screening and removal of illegal junkyards

(a) The owner or owners of any junkyard, which shall be determined by the Commissioner to be established, operated or maintained in violation of this chapter shall within 90 days of receiving notice of said violation:

1. Relocate, remove, or dispose of the junk in the illegal junkyard in such a manner as to effect compliance with these regulations; or
2. With the prior approval of the Department, construct screening and fencing which conforms to the requirements of subchapter 4 of this chapter. Proposals for such screening of fencing shall be submitted by the junkyard owner to the Department for approval within 30 days of the owner's receiving notice of a violation.

16:43-2.3 Abatement of public nuisances

Junkyards which do not conform to the requirements of this chapter are declared to be public nuisances. The Commissioner may apply to the Superior Court, Chancery Division in the county in which said junkyards may be located for an injunction to abate such nuisance.

SUBCHAPTER 3. NON-CONFORMING JUNKYARDS

16:43-3.1 Screening and removal of non-conforming junkyards

(a) Any junkyard which is determined by the Commissioner to be a non-conforming junkyard under these regulations shall, within a reasonable time from the date said junkyard becomes non-conforming, be screened by the Department in accordance with subchapter 4 of this chapter, unless the Commissioner determines that such screening is not feasible.

(b) In all cases in which the screening of a non-conforming junkyard is found to be unfeasible, the Department shall relocate, remove, or dispose of said junkyard.

(c) Situations in which screening of a non-conforming junkyard may be considered unfeasible and in which junk should be removed for disposal or recycling shall include:

1. Junkyards which will be terminated within a 5-year period, including junkyards subject to termination clauses in local zoning ordinances, junkyards located in a proposed improvement project, and junkyard operations which the owner intends to abandon;
2. Junkyards which the Commissioner determines may present a hazard to public health or safety;
3. Junkyards for which the Commissioner determines that the benefits of removal far outweigh the benefits of screening, taking into account existing land uses in the area, traffic conditions, aesthetics and community preferences;
4. Junkyards for which adequate screening cannot be accomplished due to the topography of the surrounding land, or for which adequate screening would necessarily obstruct a scenic vista or significant landmark.

16:43-3.2 Acquisition of lands

When the Commissioner of Transportation determines that it is in the best interest of the State he may acquire such lands, or interests in lands, as may be necessary

to provide adequate screening of non-conforming junkyards, or when such screening is determined to be unfeasible, to secure the relocation, removal, or disposal thereof.

16:43-3.3 Just compensation and relocation assistance

(a) Just compensation shall be paid to the owner for the relocation, removal, or disposal of junkyards which are lawfully established, operated and maintained pursuant to the provisions of this chapter and which are required to be removed, relocated or disposed of pursuant to section 1 of this subchapter.

(b) No rights to compensation under this section shall accrue until a taking or removal has occurred. The conditions which establish a right to operate and maintain a non-conforming junkyard as provided in section 3.4 of this chapter must pertain at the time of the taking or removal in order to establish a right to just compensation.

(c) Owners of junkyards which are lawfully established, operated and maintained pursuant to the provisions of this chapter and which are required to be removed, relocated, or disposed of pursuant to section 1 of this subchapter may apply for relocation assistance under the provisions of the Uniform Transportation Replacement Housing and Relocation Act, N.J.S.A. 27:7-72 et seq. and the regulations adopted pursuant thereto, which are codified in chapter 6 of this Title.

16:43-3.4 Operation and maintenance of non-conforming junkyards

(a) Any non-conforming junkyard unlawfully operated and maintained after July 24, 1970, shall be deemed an illegal junkyard for the purposes of this chapter. The following requirements for the continued operation and maintenance of a non-conforming junkyard shall apply:

1. There must be existing property rights in the junkyard or junk subject to regulation under this chapter.

2. Worthless junk, or junk having no economic or resale value to the owner thereof, shall be removed, relocated, recycled or otherwise disposed of by the owner.

3. The junkyard may not be extended, enlarged or changed in use. A junkyard shall be considered to have been extended if junk is placed in areas not used for the storage of junk as of the date said junkyard became non-conforming. A junkyard shall be considered to have been enlarged if additional property is acquired for the storage or placement of junk subsequent to the date on which said junkyard became non-conforming. A junkyard shall be considered to have been changed in use when, subsequent to the date on which said junkyard becomes non-conforming, its manner of operation is so altered as to significantly increase the amount of junk visible from the main traveled way.

4. After a non-conforming junkyard has been screened, junk shall not be placed so that it may be seen above or beyond the screen or otherwise become visible from the main traveled way. In all cases in which the owner of the junkyard acquires title to the screen, the owner shall be responsible for the maintenance of the screen in accordance with the requirements of subchapter 4 of this chapter.

5. A non-conforming junkyard may continue only so long as it is not abandoned, destroyed, or voluntarily discontinued. A junkyard shall be considered abandoned when the owner thereof has neither bought nor sold junk within the last calendar year. A junkyard shall be con-

sidered to have been destroyed when for any reason the junk stored therein has lost all economic or resale value. A junkyard shall be considered to be voluntarily discontinued when the owner thereof ceases the business of buying and selling junk with the intent not to resume such business.

SUBCHAPTER 4. SCREENING AND FENCING REQUIRED BY THE JUNKYARD CONTROL ACT

16:43-4.1 Location, construction and maintenance of screening

(a) Screening and fencing required by the Junkyard Control Act shall be located, planted, constructed and maintained in the following manner:

1. Where screening or fencing is used, it must, upon completion of the screening project, effectively screen the junkyard from the main-traveled way of the highway on a year-round basis, and be compatible with the surroundings.

2. Screening or fencing may not interfere with the ability of the operator of a motor vehicle to have a clear and unobstructed view of the highway, intersecting streets, or ramps, or approaching, merging, or intersecting traffic, or of official signs, signals or traffic control devices.

3. No junk shall be deposited or placed on the highway side of the screening or fencing.

4. The junkyard entrance on a primary system must be consistent with the objectives of effective control. Any gate which provides access to a primary system highway shall provide effective control when closed. Such a gate shall be closed when the junkyard entrance is not in use. A junkyard entrance on a primary system highway may also be made through a baffle of screening arranged so as to provide effective control. Any junkyard entrance not on a primary system highway but visible from the primary or interstate system shall be closed when not in use or shall be screened through a baffle.

(b) Screening and fencing may be accomplished by use of natural objects, landscape plantings, fences, and other appropriate means, including relocating inventory on site to utilize an existing natural screen or a screenable portion of the site. Screening and fencing should be relatively maintenance free, and should be as compatible with the general area as possible. Climate, soil conditions, extent of land area available, and the availability of material are pertinent factors. Use of existing "natural" screens should be given high priority. Alternative methods of screening or fencing include:

1. Use of plant material: Trees, shrubs, etc., of a sufficient size and density to provide year-round effective screening may be used. Plants should be selected to complement the existing highway and adjacent land use and environmental conditions. Dead trees and shrubs should be replaced in order to provide continuous effective screening.

2. Earth grading: Berms, graded, shaped and recovered with topsoil and planted so as to provide a natural appearance, may be used to block visibility. Berms should be constructed of fill material or building demolition fill material of a non-contaminating nature.

3. Architectural barriers: Fences, walls, or other structural elements may be used.

(c) For the purpose of establishing a height from which to determine the effectiveness of screening, the American

Association of State Highway and Transportation Officials Standard of 3 feet 9 inches, average is to be used. This standard is to be used at the pavement centerline of the highway.

16:43-4.2 Maintenance of screening on State right-of-way

Screening established on State right-of-way shall be maintained by the Department.

16:43-4.3 Surveillance

The interstate and primary highway systems will be surveyed periodically to update the junkyard inventory. Each junkyard on the inventory will be reviewed for compliance with the provisions of the Junkyard Control Act and this chapter.

Interested persons may, in writing, present relevant statements or arguments to the proposed action on or before September 26, 1979, to Mr. Charles L. Meyers, Administrative Practice Officer, New Jersey Department of Transportation, 1035 Parkway Avenue, Trenton, New Jersey 08625.

The New Jersey Department of Transportation, upon its own motion or at the instance of any interested party, may thereafter adopt these regulations substantially as proposed without further notice.

Proposed Amendments on Electronic Data Processing Transactions and Sales and Use Tax Act

Sidney Glaser, Director of the Division of Taxation in the Department of the Treasury, pursuant to authority of N.J.S.A. 54:32B-1 et seq., proposes to amend N.J.A.C. 18:24-25.2 concerning the Sales and Use Tax Act and electronic data processing transactions.

Full text of the proposal follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

18:24-25.2 Electronic data processing transactions

(a) Rules concerning the taxable transactions include the following:

[1. The processing of data by a service bureau constitutes a non taxable service, whether or not the customer supplies the medium.]

[2.] 1. The sale or lease of data processing equipment is taxable, except where the equipment is leased or purchased with the intention of reselling or subleasing it. Equipment which is leased with the intention to sublease it is taxable to the sublessee on the charges made to such sublessee. Incidental use of the equipment made by the lessee is subject to the use tax, based upon the same rate charges as those charged to a sublessee.

[3. Timesharing: The charges made to a customer for the use of a computer, which the customer has access to through a remote terminal device, are not deemed to be a taxable transfer of possession of the computer. The rental charge for the terminal device has been and continues to be taxable. It is not essential for a transfer of possession to include the right to move the tangible personal property which is the subject of a rental, lease or license to use.]

2. The sale or lease of terminal device has been and continues to be taxable. It is not essential for a transfer of possession to include the right to move the tangible personal property which is the subject of a rental, lease or license to use. The charges made to a customer for use of a computer (known as timesharing), which the customer has access to through a remote terminal device,

are not deemed to be a taxable transfer of possession of the computer.

i. Examples:

(1.) [i.] A corporation contracts with a computer center to use the computer on the center's premises for 10 hours weekly. The corporation provides its own operator and its own materials. During the 10 hour period, no one else may use the machine. This transaction, commonly known as the sale of raw time, constitutes a transfer of possession, pursuant to a rental, lease or license to use, which is a sale subject to tax.

(2.) [ii.] A corporation contracts with a computer center to use the computer on the center's premises for 10 hours weekly. The corporation provides its own materials and the computer center provides and directs the operator. During the 10 hour period, no one else may use the machine. In this case, there is no transfer of possession to the corporation as it has no control over the operation of the computer.

(3.) [iii.] A corporation contracts with a computer center for access time on the computer center's equipment through the use of a terminal located in the corporation's office. The terminal is connected to the computer by telephone. The corporation's access to the computer through the terminal is not deemed to be a transfer of possession of the computer subject to tax.

[4. Data conversion services by keyentry and/or key-stroke verification where the keyed output media is forwarded to the customer is taxable fabrication.]

[5. Software which meets the criteria below is deemed to be intangible personal property and not subject to sales tax; software applies to instructions and routines (programs) which, after an analysis of the customer's specific data processing requirements, are determined necessary to program the customer's electronic data processing equipment to enable the customer to accomplish specific functions with his electronic data processing system. To be considered exempt "software" for purposes of this rule, one of the following elements must be present:

i. Preparation or selection of the customer's use requires an analysis of the program for the customer's requirements by the vendor; or

ii. The program requires adaptation, by the vendor, to be used in a specific environment that is, a particular make and model of computer utilizing a specified output device. For example, a software vendor offers for sale a prewritten sort program which can be used in several computer models. Prior to operation, instructions must be added by the vendor which specify the particular computer model in which the program will be utilized.

iii. The software may be in the form of:

(1) Systems programs (except for those instruction codes which are considered tangible personal property)—programs that control the hardware itself, and allow it to compile, assemble and process application programs. For purposes of this rule, instruction codes mean the internalized instruction code which controls the basic operations (that is, arithmetic and logical) of the computer causing it to execute instructions contained in application and system programs, and is an integral part of the computer. It is not normally accessible nor modifiable by the user. Such internal code system is considered part of the hardware and is taxable. The fact that the vendor does or does not charge separately for it is immaterial.

(2) Application programs—programs that are created to perform business functions or control or monitor processes.

(3) Pre-written programs (canned)—programs that are

either systems programs or application programs and are not written specifically for one user.

(4) Custom programs—programs created specifically for one user.

iv. Software, whether placed on cards, tape, disc pack or other machine readable media, or entered into a computer directly, is deemed to be intangible personal property for sales tax purposes, and as such its sale is exempt from New Jersey State sales and use tax. Software or programs which do not meet the criteria are subject to tax. The person selling exempt software is required to pay the applicable sales or use tax on any tangible personal property transferred to the customer in connection with the exempt service. In addition, the hardware and supplies used to develop the exempt software are not eligible for any sales tax exemptions.

(1) An exempt application program sold in machine readable form as keypunched cards, magnetic tape (with or without charts and instructions on its use) or discs is deemed to be intangible personal property, except as may be provided for in paragraph 4 above. As intangible personal property, its sale, including lease or license to use, is not subject to New Jersey State tax.

(2) A computer manufacturer sells or leases a computer containing exempt system programs. The sales invoice rendered to the purchaser separately states a reasonable charge for the system programs. The separately stated charge for such computer software is exempt from tax.

(3) A company leases a computer with exempt application programs. The monthly billing shows one charge. The entire monthly charge is subject to tax.

(4) A manufacturer sells or leases equipment which, in addition to recording transactions and issuing receipts, is capable of transmitting inventory and sales information by use of an application program to a central computer. Sales of such equipment is a sale of tangible personal property except to the extent of the exempt applications program option which may be purchased as a separate item and is separately billed to the customer as a software addition to the tangible property. If the customer does not have this option, the application program will be viewed as part of the hardware and taxed accordingly.

(5) A software supplier manufactures prepackaged programs for use with home television games or other personal computer equipment. The programs are marketed through retail stores, and the programs are fully usable by customers without modifications. In selecting or preparing the program, the supplier does not perform a detailed analysis of the customer's requirements. The program is viewed as tangible personal property for sales tax purposes.]

[6.] 3. Examples of taxable transactions:

i. The sale of addressed labels purchased by a customer for use in soliciting business, mailing advertisements or any other similar purpose;

ii. Sales of computer-prepared mailing lists;

iii. The charges for additional copies of records, reports, tabulations, and the like which are prepared by rerunning the original program;

iv. Electronic data processing equipment manufacturers, service bureaus and data processing educational centers are deemed to be the consumers of tangible personal property which is used in training others. They are required to pay the tax on their purchases of such property; training aids which they purchase for resale, however, are taxable to the ultimate users.

(b) Rules concerning non-taxable transactions are as follows:

1. The processing of data by a service bureau constitutes a nontaxable service whether or not the customer supplies the medium. Data conversion services, whether by keyentry, keystroke verification or other entry procedure, are part of the processing of data, and whether or not forwarded to a customer, are nontaxable services.

2. Software which meets the criteria below is deemed to be intangible personal property and not subject to sales tax; software applies to instructions and routines (programs) which, after an analysis of the customer's specific data processing requirements, are determined necessary to program the customer's electronic data processing equipment to enable the customer to accomplish specific functions with his electronic data processing system. To be considered exempt "software" for purposes of this rule, one of the following elements must be present:

i. Preparation or selection of the customer's use requires an analysis of the program for the customer's requirements by the vendor; or

ii. The program requires adaptation, by the vendor, to be used in a specific environment that is, a particular make and model of computer utilizing a specified output device. For example, a software vendor offers for sale a prewritten sort program which can be used in several computer models. Prior to operation, instructions must be added by the vendor which specify the particular computer model in which the program will be utilized.

iii. The software may be in the form of:

(1) Systems programs (except for those instruction codes which are considered tangible personal property)—programs that control the hardware itself, and allow it to compile, assemble and process application programs. For purposes of this rule, instruction codes mean the internalized instruction code which controls the basic operations (that is, arithmetic and logical) of the computer causing it to execute instructions contained in application and system programs, and is an integral part of the computer. It is not normally accessible nor modifiable by the user. Such internal code system is considered part of the hardware and is taxable. The fact that the vendor does or does not charge separately for it is immaterial.

(2) Application programs—programs that are created to perform business functions or control or monitor processes.

(3) Pre-written programs (canned)—programs that are either systems programs or application programs and are not written specifically for one user.

(4) Custom programs—programs created specifically for one user.

iv. Software, whether placed on cards, tape, disc pack or other machine readable media, or entered into a computer directly, is deemed to be intangible personal property for sales tax purposes, and as such its sale is exempt from New Jersey State sales and use tax. Software or programs which do not meet the criteria are subject to tax. The person selling exempt software is required to pay the applicable sales or use tax on any tangible personal property transferred to the customer in connection with the exempt service. In addition, the hardware and supplies used to develop the exempt software are not eligible for any sales tax exemptions.

(1) An exempt application program sold in machine readable form as keypunched cards, magnetic tape (with or without charts and instructions on its use) or discs is deemed to be intangible personal property, except as may be provided for in paragraph 4 above. As intangible personal property, its sale, including lease or license to use, is not subject to New Jersey State tax.

(2) A computer manufacturer sells or leases a computer containing exempt system programs. The sales invoice rendered to the purchaser separately states a reasonable charge for the system programs. The separately stated charge for such computer software is exempt from tax.

(3) A company leases a computer with exempt application programs. The monthly billing shows one charge. The entire monthly charge is subject to tax.

(4) A manufacturer sells or leases equipment which, in addition to recording transactions and issuing receipts, is capable of transmitting inventory and sales information by use of an application program to a central computer. Sales of such equipment is a sale of tangible personal property except to the extent of the exempt applications program option which may be purchased as a separate item and is separately billed to the customer as a software addition to the tangible property. If the customer does not have this option, the application program will be viewed as part of the hardware and taxed accordingly.

(5) A software supplier manufactures prepackaged programs for use with home television games or other personal computer equipment. The programs are marketed through retail stores, and the programs are fully usable by customers without modifications. In selecting or preparing the program, the supplier does not perform a detailed analysis of the customer's requirements. The program is viewed as tangible personal property for sales tax purposes.

[1.] 3. The following are deemed to be professional services and are, therefore, not subject to sales and/or use tax:

i. Feasibility studies;

ii. Consulting services;

iii. Technical instruction;

iv. Professional services, such as accounting services, where the service bureau initially receives the raw material and studies, alters, analyzes, interprets and adjusts such raw material which by the use of a data processing machine are sorted, classified and rearranged.

[2.] 4. Where the output resulting from data processing services is received by an out-of-State client through the medium of a telephone or telegraph transmission device at an out-of-State location, the charges for such data processing services are not taxable to the out-of-State client.

[3.] 5. The sales and/or use tax is not applicable to the fabrication of a program by a non-service bureau company's employees for the exclusive use of their employer in connection with the employer's business.

[4.] 6. When the tangible personal property is incidental to the professional or personal services and for which no separate charges are made.

HACKENSACK MEADOWLANDS DEVELOPMENT COMMISSION

Proposed Rezoning of Property in IR-1 Specially Planned Area in Secaucus

The Hackensack Meadowlands Development Commission, pursuant to authority of N.J.S.A. 13:17-1 et seq., proposes to rezone certain property in the IR-1 specially planned area located in Secaucus, New Jersey. Such proposed action will be reflected, if adopted, by a reference note in N.J.A.C. 19:4-6.28, Official zoning map.

Full text of the proposal follows:

1. The zoning amendment, in map and text, be constituted as follows:

a. 7.7 acres in the Research Distribution Park Zone is to be changed to SPA IR-1, as shown on the attached sheet marked Addendum 1, "Recommended HMDC Zoning Change To Official Zoning Map".

b. SPA IR-1 is to be enlarged by 7.7 acres and shall contain no more than 1213 additional dwelling units, with 825 of these 1213 to be located in the now existing boundaries of SPA IR-1 as shown on the attached sheet marked Addendum 2, "Location of Dwelling Units in Recommended HMDC Zoning Change To Official Zoning Map", these to be constructed such that the ecological integrity of the Anderson Creek Marsh is protected and retained; and with the remaining 388 of the 1213 to be located within the 7.7 acre tract rezoned by this resolution from RDP to SPA IR-1. The total housing in SPA IR-1, as described in the zoning amendment, is to include the 626 townhouses already constructed, the 1480 units approved by the Commission on March 15, 1978, and the 1213 units specified in this zoning amendment—a total of 3319 dwelling units;

2. That the frame for a future school building be designed for incorporation into the multi-use structure. In addition, the necessary school playfields are to be located as shown on the attached sheet marked Addendum 1, "Recommended HMDC Zoning Change To Official Zoning Map". At such time as these playfields are needed for this purpose, the HMDC will convey these lands to the municipality and/or School Board for this purpose. Should the School Board and the Mayor and Council, in their forthcoming discussions with the Town and Hartz Mountain Industries, prefer that the school be re-located within the 7.7 acre tract, or to the area marked School Playfields on the attached Addendum 1, this change, as long as it remains consistent with the ecological integrity of the Anderson Creek Marsh, is to be accommodated under this zoning change after consultation with the HMDC:

3. That the HMDC agrees to effect the re-conveyance to the developer of sufficient acreage to accomplish this agreement, which is understood to be 4.8 acres, more or less, for the footprint of the 825 dwelling units shown on Addendum 1;

4. That the existing rail station at Harmon Cove, this lying within existing SPA IR-1, to be designed, relocated and constructed by Hartz Mountain Industries, Inc., at the location as shown on the attached Addendum 1, and in such a way to serve both the SPA IR-1 housing and the offices in the modified Research Distribution Park Zone adjacent;

5. That transportation facilities be designed to sufficiently serve both the approved housing and expanded SPA IR-1 and the anticipated office development in the reduced RDP Zone adjacent;

6. That Hartz Mountain Industries, Inc., formally consent to a reduction to 750,000 square feet of offices to appear in the reduced RDP Zone adjacent;

7. That Hartz Mountain formally consent to build no housing in Block 16A, Lot 9, this known as the water area lying west of Riverside Hospital;

8. That the anticipated parking decks in the reduced RDP Zone be designed, as necessary, to accommodate the open space requirements of RDP;

9. That, regarding the 825 dwelling units, as located on Addendum 1 (these to be constructed parallel and adjacent to the Conrail Bergen Line) that their footprint is not to absorb more than 4.8 acres, and that any temporary damage, during construction, to the wetlands of the Anderson Creek Marsh is to be rectified by environmental restoration steps satisfactory to the HMDC;

10. That the 1213 dwelling units (388 in 7.7 acre addition to SPA IR-1 as hereby amended, and 825 additional dwelling units within the present SPA IR-1) may be submitted to the Chief Engineer of the HMDC as one Development Plan.

11. That, upon the adoption of this zoning amendment and execution of a Consent Judgment, the Chief Engineer is to review the submitted Development Plan to determine if the submission meets all the criteria of this zoning amendment and Consent Judgment. The Chief Engineer shall also certify that the requirements herein stipulated for the Research Distribution Park Zone have been or are being met.

A public hearing respecting this proposed action will be held on September 26, 1979, at 7:00 P.M. in the Clarendon Elementary School, Fifth Street, Secaucus, New Jersey.

OFFICE OF ADMINISTRATIVE LAW

Proposed Amendments to Rules Of Administrative Hearings

Howard H. Kestin, Director, Office of Administrative Law, pursuant to authority of N.J.S.A. 52:14F-1 et seq., proposes to repeal N.J.A.C. 15:15-9.1 et seq. and 15:15-10.1 et seq. and adopt new uniform administrative procedure rules of practice which will be cited as N.J.A.C. 19:65-1.1 et seq. and a new rule on contested cases which will be cited as N.J.A.C. 19:66-1.1 et seq.

Full text of the proposal follows:

CHAPTER 65

UNIFORM ADMINISTRATIVE PROCEDURE RULES OF PRACTICE

SUBCHAPTER 1. APPLICABILITY, SCOPE, CITATION OF RULES, CONSTRUCTION AND RELAXATION

19:65-1.1 Applicability; Scope

These uniform rules shall govern the conduct of all contested cases in the Executive Branch of the State Government,¹ whether conducted by the Office of Administrative Law or by the agencies themselves pursuant to statute.² Procedural rules formerly adopted by the agencies shall continue to apply to the types of contested cases originally contemplated but only to the extent they are not inconsistent with these uniform rules, with statutory requirements or with constitutional standards.

¹See L. 1978, c. 67, §5 (N.J.S.A. 52:14F-5).

²L. 1978, c. 67 §10 (N.J.S.A. 52:14F-8) or L. 1968, c. 410, §2(a) (N.J.S.A. 52:14B-2(a)).

19:65-1.2 Citation of Rules

These rules shall be referred to as the "New Jersey Uniform Administrative Procedure Rules, 1979" and may be cited as, e.g., N.J.A.C. 19:65-1.2.

19:65-1.3 Construction and Relaxation; Parties Appearing Pro Se

(a) These rules shall be construed to secure just determinations, simplicity in procedure, fairness in administration and the elimination of unjustifiable expense and delay. Unless otherwise stated, any procedural rule may be relaxed or dispensed with by a judge if adherence to it would result in unfairness or injustice. In the absence of rule, a judge may proceed in any manner compatible with these purposes.

(b) These rules shall be applied so as not to impose excessive burdens upon pro se parties. Formal requirements, particularly, shall be relaxed for the benefit of pro se parties. Time requirements shall not be relaxed unless the interests of justice manifestly require. Ultimate standards of proof shall not be relaxed.

19:65-1.4 Definitions and Applications

As used in this chapter, the term

(a) "Agency head" means the person or body authorized by law to render final decisions in contested cases.

(b) "Clerk" means the Clerk of the Office of Administrative Law or any such scheduling or docketing officer designated by the head of an agency, pursuant to N.J.S.A. 52:14F-8 or N.J.S.A. 52:14B-2(a), to oversee the administration of contested cases.

(c) "Judge" means an administrative law judge of the State of New Jersey or, pursuant to N.J.S.A. 52:14F-8 or N.J.S.A. 52:14B-2(a), any other person presiding over a hearing in a contested case or, depending on the context, authorized by law to do so.

(d) "Party" means any person or entity directly involved in a contested case, including a petitioner, respondent, intervenor, or a state agency proceeding in any such capacity.

SUBCHAPTER 2. COMMENCEMENT OF CONTESTED CASES, JURISDICTION OF THE OFFICE OF ADMINISTRATIVE LAW

19:65-2.1 Commencement of Contested Cases in the State Agencies; Form

A contested case shall be commenced in the State agency with appropriate subject matter jurisdiction. A contested case may be commenced by the agency itself or by an individual or entity as provided in the rules and regulations of the agency adopted in conformance with the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq. and N.J.S.A. 52:14F-1 et seq. and subject to the requirements of subchapter 6 of this chapter.

19:65-2.2 Jurisdiction of the Office of Administrative Law

(a) The Office of Administrative Law shall acquire jurisdiction over a matter only after it has been determined to be a contested case by an agency head and has been filed in the Office of Administrative Law.

(b) The Office of Administrative Law shall not receive, hear or consider any pleadings, motion papers, or documents of any kind relating to any matter until it has acquired jurisdiction over that matter, except as provided by subchapter 14 of this chapter.

SUBCHAPTER 3. CONDUCT OF CONTESTED CASES GENERALLY

19:65-3.1 Public Hearings; Records as Public; Exceptions

(a) All evidentiary hearings, proceedings on motions and other applications shall be conducted as public hearings unless otherwise provided by statute, rule or regulation, or on order of a judge for good cause shown. Pre-hearing conferences and settlement conferences may be conducted in public or in closed session at the judge's discretion. The record of all hearings shall be open to public inspection, but the judge may, for good cause shown, order the sealing of the record or any part thereof.

(b) In considering whether to make an exception to the public hearing and public record standards of subsection (a) of this section, the judge shall consider the requirements of due process of law principles, other constitutional and statutory standards and matters of public policy. The judge shall also consider the need to protect against unwarranted disclosure of sensitive financial information or trade secrets, to protect parties or witnesses from undue embarrassment or invasions of privacy, or to promote or protect other equally important rights or interests. The treatment of testimony or exhibits shall be on such terms as are appropriate to balance public and private rights or interests and to preserve the record for purposes of review.

19:65-3.2 Expedition

(a) Hearings and other proceedings in contested cases shall proceed with all reasonable expedition and, to the greatest extent possible, shall be held at one place and shall continue, except for brief intervals of the sort

normally involved in judicial proceedings, without suspension until concluded.

(b) The parties shall confer prior to the hearing to reach agreement upon as many matters as possible.

19:65-3.3 Verbatim Record of Proceedings; Requesting Transcript; Cost

(a) All proceedings in the presence of a judge, except settlement conferences, shall be recorded verbatim either by a stenographic reporter or by sound recording devices, or both.

(b) Any party may obtain a transcript of any proceeding which has been recorded by filing a request with the clerk. Unless the requesting party is a State agency, the request shall be accompanied by a deposit of \$100 for each day or fraction thereof if the proceeding was recorded by a sound recording device, or \$200 for each day or fraction thereof if it was recorded by a stenographic reporter. The clerk shall promptly prepare or arrange for the preparation of the transcript with a copy for the case file. Upon delivery of the transcript to the requesting party, the clerk shall bill the requesting party for any sum due for the preparation of the transcript and copy or shall reimburse the requesting party for any overpayment made therefore.

19:65-3.4 Exhibits

(a) The verbatim record of the proceedings shall include references to all exhibits and, as to each, the offering party, a brief description of the exhibit stated by the offering party or the judge, and the marking directed by the judge. The verbatim record shall also include a record of the exhibits retained by the judge at the end of the action and of the disposition then made of the other exhibits.

(b) Parties should, whenever practicable, submit exhibits with a copy of each. Copies shall subsequently be conformed as to marking and shall be deposited in the clerk's file of the case. (b) For failure to comply with the requirements of these rules for filing motion papers and briefs, or for failure to submit a required brief, the judge may dismiss or grant the motion or application, continue the proceeding, or take other appropriate action. If the proceeding is continued, the judge may impose sanctions as provided by subsection (a) of this section.

19:65-3.6 Reading Papers and Briefs in Advance

In advance of any pre-hearing conference, settlement conference, hearing on a motion or evidentiary hearing the judges shall have read and be fully familiar with all papers and briefs filed in the case. To this end, when papers or briefs are filed, they shall be transmitted by the clerk to the judge as quickly as possible and as far in advance of scheduled proceedings as possible. Where appropriate, other competent proof that actual and timely notice existed of the contents of the paper may be considered as a substitute for service.

(e) Where, under any rule, provision is made for service by certified or registered mail, and the addressee fails or refuses to claim or to accept delivery of the same, service may be made by ordinary mail.

(f) Service by mail of any paper referred to in subsection (b) of this section, when authorized by rule or order, shall be complete upon mailing.

(g) The standards of personal service contained in R. 4:4-4 of the New Jersey Court Rules shall apply to contested cases.

SUBCHAPTER 8. SCHEDULING AND CONDUCT OF PROCEEDINGS GENERALLY; FIRST NOTICE OF HEARING OR PRE-HEARING CONFERENCE

19:65-8.1 Scheduling of Proceedings; Clerk's Function; Judge's Function

(a) Contested cases shall be disposed of as expeditiously as possible. To this end, when a contested case is filed, the clerk shall mark the papers accordingly and shall determine whether the matter should be set down for a pre-hearing conference, an evidentiary hearing or another type of proceeding. The clerk may consult with a judge in making this determination. The case shall then be assigned to a judge who shall review the file and determine how the matter can best be conducted on the scheduled date or dates, communicating further with the parties if necessary. Except in cases of genuine, emergent need, the scheduled date or dates shall not be adjourned. If additional days are needed to conclude the proceeding, the judge shall establish an expedited schedule and peremptory dates.

(b) Applications for adjournments, whether consented to or not, shall be made to the clerk until such time as the parties shall have personally appeared before a judge. Thereafter, applications for adjournments shall be made to the judge.

19:65-8.2 Notice of Proceeding

(b) All parties shall be afforded timely and adequate notice of any hearing or other proceeding, consistent with the requirements of due process of law principles. In emergent circumstances, where the public interest is endangered or the need is great, five days notice or a shorter period established by statute, or order, shall be deemed to be timely and adequate.

(c) All parties shall receive subsequent notices of all proceedings in any contested case. Subsequent notices shall fairly apprise the parties of the date, time, place

and nature of a proceeding and may be made on the record or as required by N.J.A.C. 19:65-7.1(b) and (c).

SUBCHAPTER 9. MOTIONS

19:65-9.1 When and How Made; Generally

(a) An application for an order shall be by motion or, in special cases, by order to show cause. A motion other than one made by a party during a hearing, shall be in writing unless a judge permits it to be made orally. No technical forms of motion are required. A motion shall state the grounds upon which the motion is made and the relief or order sought. A motion shall be accompanied by a proposed form of order unless waived by the judge.

(b) All motions shall be filed with the clerk except motions made during a hearing, other motions permitted by a judge to be made orally, and emergency motions. Motions made during a hearing and other motions permitted by a judge to be made orally shall be subject to the verbatim record requirements of N.J.A.C. 19:65-3.3. Emergency motions made in writing may be filed with the clerk or with the judge assigned to the case. When a motion is filed with the clerk it shall be transmitted forthwith to the judge assigned to the case. When a motion is filed in a case which has not yet been assigned to a judge, the case shall be immediately assigned and the motion transmitted to the judge along with the case file.

(c) Motions filed in advance of a scheduled hearing date shall be scheduled for decision before that hearing date unless otherwise directed by the judge.

19:65-9.2 Motions in Writing

(a) With the exception of motions made pursuant to N.J.A.C. 19:65-9.3(b) and (d), when a motion is in writing no action shall be taken thereon until at least 20 days have expired from the date of service upon the opposing party unless an expedited schedule is ordered for the purpose of complying with N.J.A.C. 19:65-9.1(c) or for other good cause shown.

(b) The moving papers shall establish a submission date which shall be at least 20 days from the date of service upon the opposing party. The moving papers shall be accompanied by all necessary supporting affidavits and briefs or supporting statements. Proof of service shall be filed with the moving papers or promptly thereafter.

(c) The opposing parties shall file and serve responsive papers with all necessary supporting affidavits and briefs or supporting statements no later than 10 days before the submission date.

(d) The moving party may file and serve further papers responding to any matter raised by the opposing party and shall do so no later than five days before the submission date.

(e) All motions in writing shall be submitted for disposition on the papers unless an oral argument is directed by the judge.

(f) The time requirements of this rule may be modified in the discretion of the judge.

10:65-9.3 Motions for Emergency Relief; Motions for Interim Relief

(a) Opposing parties shall be given ample opportunity in the circumstances to respond to a motion for emergency relief.

(b) A party may apply for emergency relief under circumstances which do not permit an opposing party to be fully heard. A grant of relief pursuant to such a motion shall be based upon:

(1) a showing of specific facts by affidavit or oral testimony that the moving party has made an adequate, good

faith effort to provide notice to the opposing party, or that notice would defeat the purpose of the application for relief; and

(2) a finding that immediate and irreparable harm will probably result before adequate notice can be given; and

(3) a likelihood that the moving party will prevail when the motion is fully argued by all parties.

(c) Any relief granted pursuant to subsection (b) of this section shall be temporary for as brief a duration as is possible to allow the opposing party to be given notice and to be fully heard on the motion.

(d) When a contested case is the result of ex parte agency action, or when a judge has granted emergency relief pursuant to subsection (b) of this section, adversely affected parties shall have an opportunity to move before the judge for dissolution or modification of the ex parte action or grant of emergency relief on two days notice to the adverse party or parties.

(e) During the pendency of a contested case, interim relief, including temporary restraints and interlocutory injunctions may be applied for by motion.

(f) A motion for substantially the same relief as that previously denied shall specifically identify the previous proceeding and its disposition.

19:65-9.4 Procedure When Oral Argument is Directed

When oral argument is directed on a motion the clerk or the judge shall serve upon the parties a notice complying with the requirements of N.J.A.C. 19:65-8.2.

19:65-9.5 Affidavits; Briefs and Supporting Statements

(a) All motions and answering papers shall be supported by affidavits for facts relied upon which are not of record or which are not the subject of official notice. Such affidavits shall be made on personal knowledge, setting forth only facts which are admissible in evidence under subchapter 15 of this chapter to which the affiants are competent to testify and which may have annexed thereto properly verified copies of all papers or parts thereof referred to therein.

(b) The judge may direct an affiant to submit to cross-examination, or hear the matter wholly or partly on oral testimony or depositions.

(c) A motion and answering papers may be accompanied by a brief or supporting statement. In the discretion of the judge, a party or parties may be required to submit briefs or supporting statements pursuant to the schedule established in N.J.A.C. 19:65-9.2 or as ordered by the judge.

19:65-9.6 Disposition of Motions

When a motion has been made in writing, the judge shall render a decision on the motion by a written order served upon the parties. When a motion has been made orally, the judge may render a decision either orally on the record or by a written order served upon the parties.

19:65-9.7 Application to Agency Head for Relief from Order; When Permitted; When Not Permitted

(a) When an interim or emergency order substantially affects substantive rights or interests, any party so affected may, unless prohibited by an agency's rules or regulations, within 10 days from the entry of the order and upon notice to all opposing parties and the Office of Administrative Law, file a motion with the agency head seeking relief from the order. No such motion shall be permitted when a judge's order or ruling deals primarily with procedural matters.

(b) When a motion to an agency head for relief from an order is permitted, the entire record in the case to the date of order, including a written memorandum by the

judge setting forth the basis of the order, shall be certified to the agency head.

(c) A motion to an agency head for relief from an order shall not cause a delay in scheduling hearing dates or result in a postponement of any scheduled hearing dates unless so ordered by the judge assigned to the case because of the special requirements of the case or possible prejudice to the rights of any party.

SUBCHAPTER 10. PRE-HEARING PROCEDURES AND CONFERENCES

19:65-10.1 Pre-hearing Procedures and Conferences

(a) When a pre-hearing conference is scheduled, the parties or their attorneys shall be advised that it will cover those matters listed in subsection (c) of this section as appropriate in the circumstances. In advance of the conference, upon no less than three days notice, the parties may be advised by the judge that other special matters will be discussed at the pre-hearing conference.

(b) In the judge's discretion in an appropriate case, and upon no less than 10 days notice, the parties may be required to file with the judge and serve upon all other parties no later than three days before the scheduled pre-hearing conference, pre-hearing memoranda stating their respective positions on any or all of the matters specified in subsection (c) of this section or on other special matters specifically designated.

(c) Within 10 days after the conclusion of the pre-hearing conference, the judge shall enter a written order in the following sequence and with corresponding numbers, concisely setting out the matters determined at the conference:

1. The nature of the proceeding and the issues to be resolved including special evidence problems;
2. The parties and their status, e.g., petitioner, respondent, intervenor, etc.;
3. Any special legal requirements as to notice of hearing;
4. The schedule of hearing dates and the time and place of hearing;
5. Stipulations as to facts and issues;
6. Any settlement agreements and their terms and conditions;
7. Special provisions for discovery;
8. Order of proofs and witnesses;
9. A list of the exhibits marked for identification at the time;
10. A list of the exhibits marked in evidence by consent;
11. Any limitation on the number of expert witnesses;
12. Motions pending and granted;
13. Requests for emergency or interim relief;
14. Any direction with respect to the filing of briefs;
15. Any statutory requirements mandating date of agency head decision;
16. Other special matters determined at the conference;
17. The name of the particular attorney who will try the case for each party.

(d) The parties shall be deemed to have consented to any of the terms or procedures established in the order if they do not file objection to the form of the order within five days after receiving it.

SUBCHAPTER 11. PRE-HEARING DISCOVERY

19:65-11.1 Policy Considerations Governing Discovery

Discovery methods shall be viewed as means designed to assist parties in preparing to meet their responsibilities and protect their rights during hearings without unduly delaying, burdening or complicating the hearings process and with due regard to the rights and responsibilities of

other parties and persons affected. To this end, discovery shall be at the discretion of the parties with the opportunity for any party or person affected to apply on motion for relief from a request for discovery, for an order enforcing a request for discovery, for a shortening or enlargement of time to discover or to respond to requests for discovery, or for any other remedy as the circumstances may require. In considering any such motion the judge shall weigh the specific need for the information, its relevance and materiality, the extent to which the information is within the control of the party, the ability to respond, undue hardship, and matters of expense, privilege or oppressiveness. It is not ground for denial of a request for discovery that the information to be produced may be inadmissible in evidence at the hearing if the information sought appears reasonably calculated to lead to the discovery of admissible evidence; nor is it ground for objection that the examining party has knowledge of the matters as to which discovery is sought.

19:65-11.2 Methods Available

(a) Any party in a contested case may obtain discovery by one or more of the following methods:

1. depositions upon oral examination or written questions;
2. written interrogatories;
3. production of documents or things;
4. permission to enter upon land or other property for inspection and other purposes;
5. physical and mental examinations; and
6. requests for admissions.

1:11-3 Time for Discovery

(a) The parties may commence discovery at any time after a matter is determined by an agency head to be a contested case, but not later than 30 days prior to the first hearing date or 5 days after the notice of hearing is received, whichever is later.

(b) The parties must complete discovery no later than 10 days before the first date of hearing established by the clerk or a judge pursuant to subchapter 8 of this chapter.

(c) In the judge's discretion, upon the motion of any party and for good cause, the time for discovery may be shortened or enlarged, and hearing dates adjusted accordingly. Discovery may be permitted during the pendency of a hearing if, in the discretion of the judge, such a method would aid and expedite the hearings process.

19:65-11.4 Standards Generally Governing Discovery

Unless otherwise provided in these rules, and subject to the discretion of the judge, the standards governing the permissibility and appropriateness of discovery and motions pertaining thereto shall be those embodied in R. 4:10 through R. 4:19, R. 4:22 and R. 4:23 of the New Jersey Court Rules and developed thereunder.

19:65-11.5 Filing of Requests for Discovery and Responses

In the discretion of the judge, the parties may be required to file copies of requests for discovery and responses thereto.

SUBCHAPTER 12. INTERVENTION AND PARTICIPATION

19:65-12.1 Who May Apply to Intervene

Any person or entity not initially a party, who will be substantially, specifically and directly affected by the outcome of a contested case, may on motion, seek leave to intervene.

19:65-12.2 Time of Motion

(a) A motion for leave to intervene may be filed at any time after a contested case is initiated.

(b) If made before a contested case has been filed with the Office of Administrative Law, a motion for leave to intervene shall be filed with the head of the agency having jurisdiction over the case. The agency head may rule upon the motion to intervene or may reserve decision for action by a judge after the case has been filed with the Office of Administrative Law.

(c) If made after a contested case has been filed with the Office of Administrative Law, a motion for leave to intervene shall be filed with the Clerk of the Office of Administrative Law.

19:65-12.3 Standards for Intervention

In ruling upon a motion to intervene, the judge shall take into consideration the nature and extent of the movant's interest in the outcome of the contested case, whether or not the movant's interest is sufficiently different from that of any party so as to add measurably and constructively to the scope of the contested case, the prospect of confusion or undue delay arising from the movant's inclusion, and other appropriate matters.

19:65-12.4 Status of Intervenor

When a motion for leave to intervene is granted, the Intervenor shall, from the date of entry of the order, have all the rights and obligations of a party to the proceeding.

19:65-12.5 Alternative Treatment of Motions to Intervene

Every motion for leave to intervene shall be treated, in the alternative, as a motion for permission to participate.

19:65-12.6 Participation

(a) Any person or entity with a significant interest in the outcome of a contested case may move for permission to participate.

(b) A motion to participate may be made at such time and in such manner as is appropriate for a motion for leave to intervene pursuant to N.J.A.C. 19:65-12.2.

(c) The judge shall determine the nature and extent of participation in the individual case. Participation shall be limited to:

1. The right to argue orally at the close of a hearing, or
2. The right to file a statement or brief, or
3. Both of the foregoing.

SUBCHAPTER 13. SUMMARY DECISION

19:65-13.1 Time of Motion

At any time after a case is determined to be contested, a party may move for summary decision upon all or any of the issues therein.

19:65-13.2 Motion and Proceedings Thereon

The motion for summary decision shall be served with briefs and with or without supporting affidavits. The decision sought shall be rendered if the papers and discovery which have been filed, together with the affidavits, if any, show that there is no genuine issue as to any material fact challenged and that the moving party is entitled to prevail as a matter of law. The judge shall find the facts and state the conclusions in accordance with N.J.A.C. 19:65-16.3. A summary decision, interlocutory in character, may be rendered on any issue in the contested case although there is a genuine factual dispute as to any other issue.

19:65-13.3 Contested Case Not Fully Adjudicated on Motion

If on motion under this rule, a decision is not rendered upon all the issues in the contested case and a hearing is necessary, the judge at the time of ruling on the motion, by examining the papers on file in the case as well as

the motion papers, and by interrogating counsel, if necessary, shall, if practicable, ascertain what material facts exist without substantial controversy and shall thereupon enter an order specifying those facts and directing such further proceedings in the contested case as are appropriate. At the hearing in the contested case, the facts so specified shall be deemed established.

19:65-13.4 Affidavits

(a) When a motion for summary decision is made and supported as provided by section 1 and 2 of this subchapter, an adverse party must set forth specific facts showing that there is a genuine issue which can only be determined in an evidentiary proceeding. If the adverse party does not so respond, a summary decision, if appropriate, shall be entered against him unless it appears from the affidavits submitted by him that he cannot, for reasons therein stated, present by affidavit facts essential to justify his opposition, in which case the judge may deny the motion, may order a continuance to permit additional affidavits to be obtained, depositions to be taken or discovery to be had, or may enter such other order as may be appropriate.

(b) If the judge is satisfied, at any time, that any party submitting an affidavit pursuant to this rule is proceeding in bad faith or solely for the purpose of delay, the judge shall forthwith order that party to pay to any other party the amount of the reasonable expenses which the filing of the affidavits caused to be incurred, including reasonable attorney's fees.

SUBCHAPTER 14. CONSOLIDATION OF TWO OR MORE CONTESTED CASES

19:65-14.1 Motion to Consolidate

(a) At any time after a contested case has been filed with the Office of Administrative Law, subject to an agency head's determination that such matters are not contested cases, any party or the judge sua sponte may move to consolidate other pending administrative matters involving common questions of fact or law:

1. Between identical parties; or
2. Between the moving party and a state agency which has not filed its matter with the Office of Administrative Law; or
3. Already filed with the Office of Administrative Law.

19:65-14.2 Form of Motion; Who May Appear

(a) A motion to consolidate shall be in the form of an order addressed to all the parties and the non-party agency or agencies to show cause why the matters should not be consolidated.

(b) All parties and non-party agencies may appear or be represented on the return of the order to show cause and, if oral argument is scheduled, shall be given a full opportunity to be heard.

19:65-14.3 Standards for Consolidation

(a) In ruling upon a motion to consolidate, the judge shall take into consideration:

1. The identity of parties in each of the matters;
2. The nature of all the questions of fact and law respectively involved;
3. To the extent that common questions of fact or law are involved, the saving in time, expense, duplication and inconsistency which can be realized from hearing the matters together;
4. To the extent that some dissimilar questions of fact or law are present, the danger of confusion, delay or undue prejudice to any party;

5. The advisability generally of disposing of all aspects of the controversy in a single proceeding; and
6. Other appropriate matters.

19:65-14.4 Disposition of Consolidation Order

(a) When an order of consolidation is entered which concerns matters theretofore transmitted to the Office of Administrative Law pursuant to subchapter 5 of this chapter, the order shall be filed with the clerk and the Director of the Office of Administrative Law shall assign a judge to preside over the consolidated contested cases.

(b) When an order of consolidation is entered which concerns matters not theretofore transmitted to the Office of Administrative Law pursuant to subchapter 5 of this chapter, the order shall be filed with the clerk and the Director of the Office of Administrative Law shall advise the agency or agencies involved of their obligations under N.J.S.A. 52:14B-1 et seq. and N.J.S.A. 52:14F-1, et seq.

19:65-14.5 Conduct of Consolidated Cases; Judge's Responsibility

After an order of consolidation has been entered, the judge shall consider all the issues and arguments in all the cases and shall issue a single initial decision disposing of all the issues in controversy and in the form prescribed in N.J.A.C. 19:65-16.3. The initial decision shall thereafter be filed with the heads of all concerned agencies and served upon the parties as prescribed in N.J.A.C. 19:65-16.3.

SUBCHAPTER 15. EVIDENCE

19:65-15.1 Definitions

The following words and terms, when used in this subchapter, shall have the following meanings, unless the context clearly indicates otherwise.

"Burden of proof" means the obligation of a party to prove a fact either by a preponderance of the evidence or by clear and convincing evidence, as the case may be. Burden of proof is synonymous with burden of persuasion.

"Burden of producing evidence" means the obligation of a party to introduce evidence when necessary to avoid the risk of a decision or peremptory finding against him on a material issue of fact.

"Conduct" includes all active and passive behavior, both verbal and non-verbal.

"Evidence" is the means from which inferences may be drawn as a basis of proof in the conduct of contested cases, and includes testimony in the form of opinion, and hearsay.

"Finding of fact" means the determination from proof or official notice of the existence of a fact.

"The hearing" unless some other is indicated by the context of the rule where the term is used, means the evidentiary proceeding at which the question under a rule is raised, and not some earlier or later proceeding.

"Proof" is all of the evidence before the judge relevant to a fact in issue which tends to prove the existence or non-existence of such fact.

"Perceive" means acquire knowledge through one's own senses.

"Relevant evidence" means evidence having any tendency in reason to prove any material fact.

"Verbal" includes both oral and written words.

19:65-15.2 General Rules

(a) Parties in contested cases shall not be bound by statutory or common law rules of evidence formally adopted in the Rules of Court. All relevant evidence is admissible except as otherwise provided herein. A judge may, in his or her discretion, exclude any evidence if its probative value is substantially outweighed by the risk that its admission will either:

1. Necessitate undue consumption of time;
2. Create substantial danger of undue prejudice or confusion;
3. Result in manifest unfairness.

(b) Any party in a contested case may present his case or defense by oral and documentary evidence, submit rebuttal evidence and conduct such cross-examination as may be required, in the discretion of the judge, for a full and true disclosure of the facts.

(c) If the judge finds at the hearing that there is no bona fide dispute between the parties as to a material fact, and that fact has not been stipulated, such fact may be proved by any relevant evidence, and exclusionary rules shall not apply, except for N.J.A.C. 19:65-15.2(a) or a valid claim of privilege.

(d) These rules shall be applied to promote fundamental principles of fairness and justice and to aid in the ascertainment of truth.

(e) Except as otherwise provided in this chapter or by law:

1. Every person is qualified to be a witness; and
2. No person has a privilege to refuse to be a witness; and
3. No person is disqualified to testify to any matter; and
4. No person has a privilege to refuse to disclose any matter or to produce any object or writing; and
5. No person has a privilege that another shall not be a witness or shall not disclose any matter or shall not produce any object or writing.

(f) Only evidence under oath or evidence admissible pursuant to N.J.A.C. 19:65-15.3 shall be admitted or considered by a judge.

(g) When the qualification of a person to be a witness, or the admissibility of evidence, or the existence of a privilege is stated in these rules to be subject to a condition, and the fulfillment of the condition is in issue, the judge shall hold a preliminary inquiry to determine the issue. The judge shall indicate to the parties which one has the burden of producing evidence and the burden of proof on such issue as implied by the rule under which the question arises. No evidence may be excluded in determining such issue except pursuant to the judge's discretion under N.J.A.C. 19:65-15.2(a) or a valid claim of privilege. This provision shall not be construed to limit the right of a party to introduce evidence subsequently which is relevant to weight or credibility.

(h) The judge presiding at the hearing in a contested case may not testify as a witness.

19:65-15.3 Official Notice

(a) Notice may be taken of judicially noticeable facts as provided in Rules 9, 10, 11(b) and (c), and 12(1) and (3) of the New Jersey Rules of Evidence.

(b) Notice may be taken of generally recognized technical or scientific facts within the specialized knowledge of the agency or the judge. Parties shall be notified either before or during the hearing, or by reference in preliminary reports or otherwise, of the material noticed, including any staff memoranda or data, and they shall be afforded an opportunity to contest the material so noticed. The experience, technical competence, and specialized knowledge of the agency or the judge may be utilized in the evaluation of the evidence, provided this is disclosed of record.

19:65-15.4 Presumptions

(a) A presumption is a rebuttable assumption of fact resulting from a rule of law which requires such fact to be assumed from another fact or group of facts found or otherwise established in the contested case.

(b) No evidence offered to rebut a presumption may be excluded except pursuant to the judge's discretion under N.J.A.C. 19:65-15.2(a) or a valid claim of privilege.

19:65-15.5 Witnesses

(a) A person is disqualified to be a witness if the judge finds the proposed witness is incapable of expression concerning the matter so as to be understood by the judge directly or through interpretation by one who can understand the witness, or the proposed witness is manifestly incapable of understanding the duty of a witness to tell the truth. An interpreter is subject to all the provisions of these rules relating to witnesses.

(b) A witness before testifying shall be required to take an oath or make an affirmation or declaration to tell the truth under the penalty provided by law. No witness may be barred from testifying because of religion or lack of it.

(c) As a prerequisite for the testimony of a witness there must be evidence that the witness has personal knowledge of the matter, or experience, training or education, if such be required. Such evidence may be provided by the testimony of the witness. The judge may exclude the testimony of a witness that he or she perceived a matter if the judge finds no reasonable basis for believing that the witness did perceive the matter. In exceptional circumstances the judge may receive the testimony of the witness conditionally, subject to the evidence of knowledge, experience, training or education being later supplied in the course of the proceedings.

19:65-15.6 Privileges

The rules of privilege recognized by law or contained in Rules 23, 24, 25, 26, 26A-1, 26A-2, 26A-3, 27, 28, 29, 30, 31, 32, 34, 36, 37, 38, 39, 40 of the New Jersey Rules of Evidence shall apply in hearings in contested cases to the extent permitted by the context and similarity of circumstances.

19:65-15.7 Expert and Other Opinion Testimony

(a) If a witness is not testifying as an expert, testimony of that witness in the form of opinions or inferences is limited to such opinions or inferences as the judge finds:

1. May be rationally based on the perception of the witness; and
2. Are helpful to a clear understanding of the witness' testimony or to the fact in issue.

(b) If a witness is testifying as an expert, testimony of that witness in the form of opinions or inferences is limited to such opinions or inferences as the judge finds are 1. Based primarily on facts, data or other expert opinion established by evidence in the contested case and 2. Within the scope of the special knowledge, skill, experience or training possessed by the witness.

(c) Testimony in the form of opinions or inferences which is otherwise admissible is not objectionable because it embraces the ultimate issue or issues to be decided by the judge.

(d) A witness may be required, before testifying in terms of opinion or inference, to be first examined concerning the data upon which the opinion or inference is based.

(e) Questions calling for the opinion of an expert witness need not be hypothetical in form unless, in the discretion of the judge, such form is required.

19:65-15.8 Hearsay Evidence; Residuum Rule

(a) Subject to the judge's discretion to exclude evidence under N.J.A.C. 19:65-15.2(a) or a valid claim of privilege, hearsay evidence shall be admissible in the trial of contested cases. Hearsay evidence which is admitted

shall be accorded whatever weight the judge deems appropriate taking into account the nature, character and scope of the evidence, the circumstances of its creation and production, and, generally, its reliability.

(b) Notwithstanding the admissibility of hearsay evidence, some legally competent evidence must exist to support each ultimate finding of fact, to an extent sufficient to provide assurances of reliability and to avoid the fact or appearance of arbitrariness.

19:65-15.9 Authentication and Content of Writings

Rules 67, 68, 69, 70 and 71 of the New Jersey Rules of Evidence shall apply to the trial of contested cases, within the discretion of the judge, to the extent necessary to assure the authenticity and reliability of writings.

SUBCHAPTER 16. CONCLUSION OF HEARING; PROPOSED FINDINGS; CONCLUSIONS AND ORDER; INITIAL DECISION; EXCEPTIONS; FINAL DECISION

19:65-16.1 Conclusion of Hearing

A hearing shall be deemed concluded when a judge declares it, on the verbatim record, to have been concluded; or, if a schedule has been established for the subsequent filing of briefs, statements, proposed findings of fact, conclusions of law, forms of order or other disposition, or other supplemental material, when the time established for the filing of such items has expired or when the last such item has been received by the judge, whichever is earlier. In establishing any such schedule, the judge shall be mindful of the need for reasonable expedition, shall require the parties to conform to the schedule, and shall thereafter advise the parties in writing when the hearing has been concluded.

19:65-16.2 Proposed Findings; Conclusions and Order

(a) When no schedule has been established, pursuant to section 1 of this subchapter, for the filing of proposed findings of fact, conclusions of law, forms of order or other disposition, a party may submit such papers by filing them with the judge within 10 days after a hearing has concluded or at such earlier time as the judge may for good cause order.

(b) All proposed findings of fact, conclusions of law, forms of order or other disposition, whether filed pursuant to section 1 of this subchapter or subsection (a) of this section, shall:

1. Be accompanied by a supporting statement or brief;
2. Be in writing and served upon all other parties; and
3. Contain adequate references, in the circumstances, to the record and to authorities relied on.

19:65-16.3 Initial Decision

(a) As soon as is practicable after the hearing is concluded, but in no event later than 45 days thereafter, the judge shall issue and the clerk shall file with the agency head and immediately serve upon the parties an initial decision based exclusively on:

1. The competent evidence and arguments presented during the course of the proceedings and made a part of the record;
2. Stipulations of fact; and
3. Matters officially noticed.

(b) The initial decision shall contain:

1. An appropriate caption;
2. The appearances of the parties;
3. A short statement of the nature of the proceedings;
4. Complete references to the specific statutes or regulations at issue;

5. An analysis of the facts adduced at the hearing in relation to the applicable law and covering all issues of fact and law raised in the proceedings;
6. Specific findings of fact which shall be designated as such and which shall not be set forth in statutory or conclusionary language;
7. Specific conclusions based upon the findings of fact and applicable constitutional principles, statutes, and rules or regulations;
8. An appropriate order or other disposition of the entire contested case based upon the findings and conclusions;
9. A statement that the initial decision and the record in the proceedings is forwarded to the agency head for consideration;
10. A statement that the initial decision shall become final 45 days after receipt by the agency head unless accepted, rejected, or modified by the agency head within the 45 days.

(c) No substantive finding of fact or conclusion of law, nor any concluding order or other disposition shall be binding upon the agency head, but rather shall be considered recommendatory in nature.

(d) Within 10 days from after the initial decision is filed with the agency head, the clerk shall certify the entire record with original exhibits to the agency head and shall serve upon the parties an inventory describing the items certified in the record.

19:65-16.4 Exceptions

(a) Within 10 days from the receipt of the judge's initial decision, any party may file exceptions thereto in writing, with the agency head and with the clerk of the Office of Administrative Law, serving a copy thereof on all other parties.

(b) The exceptions shall specify the particular portions of the initial decision to which exception is taken; shall designate, when appropriate, the portions of the record relied upon in support of such exceptions; and shall set out specific findings of facts, conclusions of law or dispositions proposed in lieu thereof or in addition thereto. Exceptions to conclusions of law shall be specific, shall briefly cite the statutory provisions or principal authorities relied upon, shall set forth conclusions suggested in lieu thereof, and shall include any proposed additional conclusions. Exceptions to the judge's order or other disposition shall set forth a form of order suggested in lieu thereof. Supporting reasons for exceptions shall be submitted in the same document or in an accompanying brief. Where briefs or statements have been filed at any time during the hearings, the written exceptions may incorporate by reference relevant portions of such papers.

19:65-16.5 Final Decision

(a) Within 45 days after the receipt of the initial decision, the agency head may enter an order or a final decision accepting, rejecting or modifying the initial decision. Such an order or final decision shall be served upon the parties forthwith.

(b) An order or final decision rejecting or modifying the findings of fact in the initial decision shall be based upon substantial evidence in the record and matters officially noticed. Any order or final decision rejecting or modifying the initial decision shall specify in clear and sufficient detail the nature of the rejection or modification, the reasons for it and, precisely, the changes in result or disposition caused by the rejection or modification.

(c) An agency head may enter an order remanding a contested case to the Office of Administrative Law for further action on issues or arguments not previously

raised or incompletely considered. The order of remand shall specifically state the issues or arguments to be considered, their scope and their relationship to the issues and arguments already considered.

(d) When an agency head enters an order or final decision accepting an initial decision, the initial decision shall immediately become the final decision in the contested case.

(e) If an agency head does not enter an order or final decision accepting, rejecting, modifying or remanding the initial decision in a contested case within 45 days after its receipt, the initial decision shall be deemed adopted as the order or final decision of the agency head.

19:65-16.6 Extensions of Time Limits

Upon certification by both the Director of the Office of Administrative Law and the agency head that good cause exists, the time limits for preparation of the initial decision, for filing exceptions and for issuing an order or final decision may be extended.

SUBCHAPTER 17. SETTLEMENTS

19:65-17.1 Settlements

When the parties to a contested case have settled the matter, the judge assigned to the case shall cause to be entered a consent order, signed by both parties as to form and entry, which shall state the fact of settlement and the terms thereof, if any. The order shall, in its terms, dismiss the matter with prejudice. The order shall then be filed with the agency head in the manner of an initial decision as provided in N.J.A.C. 19:65-16.3.

CHAPTER 66

ADMINISTRATIVE PROCEDURE SUBSTANSIVE RULES

SUBCHAPTER 1: CONTESTED CASES

19:66-1.1 Statutory Basis

The Administrative Procedure Act of 1968 defines a contested case as follows:

"Contested case" means a proceeding, including any licensing proceeding, in which the legal rights, duties, obligations, privileges, benefits or other legal relations of specific parties are required by constitutional right or by statute to be determined by an agency by decisions, determinations, or order, addressed to them by disposing of their interests, after opportunity for an agency hearing. N.J.S.A. 52:14B-2.

L.1978, c.67, amending the Administrative Procedure Act and establishing the Office of Administrative Law to conduct hearings in contested cases provides, in section 9 (N.J.S.A. 52:14F-7), that it is the prerogative of the agency heads "to determine whether a case is contested . . ." It is the statutory obligation of the Director of the Office of Administrative Law, inter alia, to "develop uniform standards . . . (regulating) the conduct of contested cases and the rendering of administrative adjudications" (N.J.S.A. 52:14F-5e) and to "advise agencies concerning their obligations under the Administrative Procedure Act . . ." (N.J.S.A. 52:14F-5h).

19:66-1.2 The Nature of a Contested Case

(a) Pursuant to the statutory definition, a matter is a contested case where by virtue of statute or constitutional requirement, a hearing is required before a state agency to determine the legal rights of specific parties. The statute also limits the definition of "contested case" to disputes concerning the rights, duties, etc., of specific parties. The

required hearing, therefore, must be pre-eminently adjudicatory and judicial in nature. Thus a required hearing which is informational or intended to provide a forum for the expression of public sentiment on proposed agency action is not a contested case within the statutory definition. Neither is a matter which is susceptible to administrative resolution avoiding factual or legal dispute. Therefore, in order for a matter to be a contested case which must be heard by an administrative law judge:

1. A hearing must be required by statute or constitutional provision; and
2. the matter must not be susceptible of informal resolution on the administrative level; and
3. the required hearing must be designed to result in an adjudication concerning the rights, duties, etc., of specific parties over which there exist disputed questions of fact, law, or disposition.
4. Where specific parties and the general public are involved in one proceeding, both the constitutional/statutory basis and the adjudicatory character requirements of contested cases are satisfied only by the specific parties who will be affected by the outcome substantially, specifically, and directly.

19:66-1.3 The Characteristics of Contested Cases

(a) Within the scope of the four controlling requirements in section 2 of this subchapter, the following qualities of contested cases, characteristic of contested case situations, are offered to assist the agency heads in determining, pursuant to §9 (N.J.S.A. 52:14F-7), whether specific matters are contested cases:

1. Contested cases involve genuinely disputed questions of fact, law, or result requiring findings, interpretations, or applications to be made.
2. Contested cases deal with: i) Particular individuals, or ii) Specific businesses or other entities, including governmental agencies, or iii) Finite groups of individuals businesses, or other entities with related interests.
3. Contested cases resolve questions relating to the rights, entitlements, and obligations of specific parties even in large, but defined, groups. They do not deal with broad policy issues affecting entire industries or large and undefined classes of people. In some instances an agency's matters may be contested cases (judicial) in part and uncontested cases (legislative or regulatory) in part. It is necessary in each such matter to determine whether the issues can be fruitfully separated or whether the needs of fairness, efficiency, and thoroughness require the issues to be handled in a single, integrated proceeding.
4. Contested cases deal with factual, legal, or dispositional issues relating to past, current, or proposed activities or interests of particular parties.
5. Contested cases are adversary proceedings involving particular parties. An agency itself may be an adversary party.
6. Contested cases involve subject matter susceptible to the receipt of evidence or particularized legal argument, i.e., concerning the rights or interests of particular parties as opposed to the community at large or a loosely-defined segment thereof.
7. In a contested case, the final action in the matter will tend to be particular and immediate in effect, though possibly long range. It will relate to specific parties. The final action will not be general and in futuro affecting broad, undefined groups of people or entities.
8. A case is contested if the factual issues to be determined are such that fairness requires a particular

party: i) To know fully the factual bases upon which the agency decision will rest, ii) To meet those facts with evidence of its own which characterizes them or rebuts them, or iii) To cross-examine to test the validity and solidity of those factual bases.

9. A case is contested if the legal issues in the matter are such that the personal or property rights of a particular party will be adversely affected in a special way by an interpretation or application of law or agency rule or regulation.

19:66-1.4 The Characteristics of Matters Which Are Not Contested Cases

(a) Matters are not contested cases when they fall into the following categories:

1. Where adjudicatory hearings are not required by constitutional rule but are required by statute for the purpose of affording, e.g., "interested parties the opportunity to present their positions," where the case will not result in a direct disposition of the rights, duties, etc., of the "interested parties."
2. In objector or general public hearings, where there is no statutory or constitutional right to an adjudicatory hearing and the hearing which is held will not result in a direct or specific disposition of the rights, duties, etc., of the "objector" or "public parties" as individuals.
3. Matters which will affect the rights of a specific party, but where there is neither a statutory nor a constitutional right to an adjudicatory hearing.
4. Hearings, whether required by statute or not, which are legislative in nature; i.e., designed to make known a proposed rule, regulation, or general policy and to receive views from the general public; and where the proceeding will not result in a disposition of specific rights of specific parties for whose benefit the hearing is held.
5. Hearings, whether required by statute or not, involving inquiry which is general in respect of a policy decision and is designed to determine whether a contemplated standard should or should not apply to the public generally or to everyone in a field of activity which the agency is authorized to regulate, rather than to individual parties only.

19:66-1.5 Conclusion

This subchapter should be viewed as requiring agencies to transmit contested case matters to the Office of Administrative Law before the cases are perfected and issue is joined. Matters will continue to commence and terminate in the agencies themselves. Agencies should attempt to resolve or adjust matters administratively by explaining fully to the parties affected the proposed agency action and the factual information and legal authority upon which it is based. Where it would be fruitful, agencies should also continue to apply or develop procedures for resolving particular types of contested matters informally on the administrative level.

19:66-1.6 The Attorney General's Function
