For Mr Marshall

Messrs Barison, Botti, Camby, Carling, Carty, Cook, Crawford, Delaney, DeVoe, Eaton, Finn, Greiner, Renner, Sharkey, Vanderbilt, Vaughan, Welsh, Zlonczewski—18

The Clerk declared the Hon Harry G Eaton elected Speaker of the General Assembly, for the Session of 1924

The Clerk requested Messrs Blizzard and Crawford and Miss Fort to act as committee to escort the Speaker to the bar of the House, where he took and subscribed to the oath of office and was then escorted to the chair

Upon assuming the chair the Speaker addressed the House as follows

I desire to secure your hearty co-operation in carrying out several of the rules laid down in the Rules of the House of Assembly.

Rule 2, on page 7—Every member shall attend in his place precisely at the hour to which the House was last adjourned

Rule 4, on page 8—Duties of the Speaker

He shall take the chair at the hour to which the House shall have been adjourned, and immediately call the members to order

Rule 11, page 9—The order of business

Motions to reconsider bills will be taken up at this time, under this rule, and I earnestly request that you do not request the reconsidering of any bill or resolution that has been laid over at any other time, especially during the clearing of the calendar for the day by the clerk in their regular order, as provided for under Rule 12, on page 10

Rule 63, on pages 22 and 23

Properly accredited daily newspaper representatives whose credentials have been approved by the Speaker of the House

Attaches and employees of the House of Assembly and the Senate

Such other persons as may be voted the privilege of the floor, which privilege shall be good for that day only

To my mind this is a very important rule, and I sincerely request that I have the co-operation of the members of the House in carrying it out, as it is the wish of every member that this session will be of short duration, at the same time the enactment of constructive and important legislation, this can only be accomplished by each and every member having in mind the subject matter at hand, and with no interruptions by nonmembers of the body

I wish to express a deep sense of obligation to the members of the one hundred and forty-eighth session of the New Jersey Legislature for having elected me as your presiding officer, or Speaker It is an honor which I sincerely appreciate, and I thank you for the confidence you have placed in me I feel confident that none of the honored gentlemen who have preceded me in this office ever had a deeper feeling of gratitude to those who elected them, or a greater sense of the responsibility of the office than I have This session holds forth many opportunities for real constructive legislation which will be of benefit to all of the

citizens of New Jersey Therefore, let us all work together in harmony and build well for the future I shall endeavor to preside at all times with the thought ever in my mind, that I am your servant, not a dictator, and at all times at your service

WHEREAS, The House of Assembly has learned with profound regret of the death of the Hon James Parker, formerly a Clerk and Assistant Clerk, and a former member of this body, and

WHEREAS, The passing away of James Parker removes from our midst one of the most efficient officers this House has ever had, and a foremost citizen of our State, therefore

Be it resolved, That there be and is hereby extended to the family of the deceased this expression of our genuine sympathy; and further

Resolved, That these resolutions be spread in full on the Minutes of the House and a copy of the same duly signed by the Speaker and attested by the Clerk, be forwarded to the family of the deceased

Mr Powell offered the following resolution, which was read and adopted

Concurrent Resolution requesting the Congress of the United States to examine into the production and distribution of coal and to provide all necessary remedies for the existing intolerable condition

WHEREAS, The citizens of this State are being constantly abused by those responsible for the high price and unfair distribution of coal, which commodity is a public necessity, and

WHEREAS, The industry of producing and distributing coal is an unconditional monopoly by reason of the combined action of land owners, operators, miners, transportation companies and jobbers, which monopoly is entirely uncontrolled and unregulated, and

WHEREAS, The profits of this industry are outrageously excessive, and those identified with it, utterly disregarding the rights of the public, have entered into a spirit of greed which knows no restraint, and

WHEREAS This intolerable condition results in much hardship and suffering, particularly among the poor, and at times seriously threatens necessary and vital industries, and

WHEREAS, The coal is mined without the borders of New Jersey and passes quickly into inter-state commerce, the State of New Jersey, being without power to effect any permanent and substantial relief, must look to Congress to take the necessary steps in providing a remedy, therefore,

Be it Resolved by the House of Assembly (the Senate concurring)

1 That we urge upon the United States Senators and Members of the House of Representatives from New Jersey the necessity of using all means within their power to secure an exhaustive examination by Congress of the coal industry and all possible remedies for the existing insufferable condition, and the taking by Congress of such means as will assure a continuous and adequate supply of coal to the citizens of this State at a reasonable price, which action we feel to be the full duty and responsibility of Congress

2 That copies of this resolution be sent to the Senators and Representatives from this State in the Congress of the United States

The following Joint Resolution was introduced, was read for the first time by the title, and ordered to have a second reading, without reference, by Mr Hershfield

Assembly Joint Resolution No 1, entitled "Joint resolution for the creation of a commission consisting of five persons to be named by the Governor of this State, to investigate the question of compensation for personal injuries or death resulting from the operation of motor vehicles, for the securing of payment of compensation therefor, and requiring motor vehicle owners to be insured"

Assembly Joint Resolution No 1, entitled "Joint resolution for the creation of a commission consisting of five persons to be named by the Governor of this State, to investigate the question of compensation for personal injuries or death resulting from the operation of motor vehicles, for the securing of payment of compensation therefor, and requiring motor vehicle owners to be insured,"

Was taken up and, on motion of Mr Hershfield, under suspension of the rules, was read a second time by its title, and ordered to have a third reading

Assembly Joint Resolution No 1, entitled "Joint resolution for the creation of a commission consisting of five persons to be named by the Governor of this State, to investigate the question of compensation for personal injuries or death resulting from the operation of motor vehicles, for the securing of payment of compensation therefor, and requiring motor vehicle owners to be insured,"

WHEREAS, The people of the State of New Jersey are deeply sensible of the services rendered by the soldiers, sailors and marines of the forces of the United States in the World War, and of the fact that these services were rendered almost in every case at some considerable pecuniary sacrifice and loss of such varying nature and degree as to be incapable of exact measurement by a fixed standard, and

WHEREAS, The United States has not thus far in any substantial or sufficient way compensated those of its forces who suffered such sacrifice and loss, although more than five years have elapsed since the World War was ended, and

WHEREAS, There is now pending in the Congress of the United States a bill known as the "World War Adjusted Compensation Act" (House of Representatives No 3242), which does provide for suitable and sufficient compensation for such losses and sacrifices as nearly as the same are capable of measurement, and

WHEREAS, The people of New Jersey have recognized in a substantial manner the services of those of its citizens who served in the World War by the passage by a large majority of a bill providing for the payment to them by the State of New Jersey of a bonus graduated according to the length of their war service, and have thereby recognized the justice of the principles embodied in the aforesaid bill now pending in Congress, and

WHEREAS, The Senate and House of Representatives of the United States, expressing the popular will of the majority of the entire citizenry of the Nation, have heretofore passed such legislation only to have the same avoided by technical delay or killed by presidential veto, and

WHEREAS, The large majority of people of New Jersey are believed to favor the passage of the aforesaid bill now pending in Congress, and the principles therein involved, be it

Resolved by the General Assembly of the State of New Jersey (the Senate concurring)

That it is the sense of the Senate and General Assembly of the State of New Jersey, representing the people of the State of New Jersey, that the said bill now pending in Congress, known as the "World War Adjusted Compensation Act" (H R No 3242), ought to be promptly passed, that the Senate and General Assembly of the State of New Jersey, speaking for themselves and their constituents, therefore hereby urge upon the Congress of the United States the immediate passage of the aforesaid bill, that copies of this resolution be forthwith sent to the Senate and House of Representatives of the United States, and to each Senator and Representative from the State of New Jersey

STATE OF NEW JERSEY
INTERSTATE BRIDGE AND TUNNEL COMMISSION
Jersey City, N J, January 21, 1924

Members of the General Assembly of the State of N J,
State House, State Street, Trenton, N J

GENTLEMEN Transmitted herewith is a minority report concerning the activities of the New Jersey Interstate Bridge and Tunnel Commission, of which I am a member, with reference to the construction of the Hudson River Vehicular Tunnel

This Commission is asking the Legislature to furnish additional funds to complete the work The original estimate of the Commission for this work was $28,000,000 The present estimate is $42,000,000—an increase of $14,000,000 The deficit is due entirely to the shameful and extravagant manner in which the funds allotted to the Commission have been spent

I refused to subscribe to the majority report because of the many misstatements of fact contained therein and for the further reason that it attempts to excuse this vast increase which is entirely due to mismanagement

More detailed information will be found in the attached report

Respectfully submitted,

JOHN F BOYLE,

Member, N J Interstate Bridge and Tunnel Commission

Mrs Finn offered the following resolution, which was read and adopted

Resolved, That the privilege of the floor be given to Mr James J McCarthy, of West Hoboken, Trustee of the State P B A

CAMDEN, N J , January 25th, 1924

Hon Roy R Stewart, State House, Trenton, N J

HONORABLE SIR—On Friday, February 22d, is the New Jersey State official night for the above event

We are making a special effort to have with us that evening all the Dignitaries of the State of New Jersey, American Legion and municipalities in this section with us

The boys are making great preparations for this event with the expectation of making it the most pleasant evening for those who attend

May we ask you to extend this most cordial invitation to the House of Assembly in general

Trusting that one and all can find it convenient to be with us on that date, beg to remain,

Very sincerely yours,
MILTON K STANLEY,
General Manager

Mr Stewart moved that the communication be received and invitation accepted

Which motion was adopted

The following communication was sent to the desk and read by the clerk

January 28th, 1924

To the Honorable Members of the House of Assembly of the State of New Jersey, Trenton, N J

GENTLEMEN—At the legislative conference of the members of the Board of Commissioners of the City of Newark held this morning, action was taken to enlist your support in opposing the growing tendency of the Legislature to burden the municipalities of the State by mandatory laws with respect to the various kinds of public activities

It is the sense of the Board of Commissioners of the City of Newark that every form of mandatory legislation be opposed and defeated for the reason that such legislation wipes out the discretion which should repose in the elected representatives of the citizens of the municipality, that legislation of this character tends to regulate unreasonably the internal affairs of the municipality, is antagonistic to the principle of local self government and will undo the work and theory underlying the Home Rule Legislation of 1917

Your attention in this connection is directed to the 26th section, Article XXXVII of the Municipality Act of 1917, where the Legislature expressly gave evidence of its intention that by this means of legislation the fullest and most complete powers possible were to be given to the municipalities over their internal affairs for the purpose of local self government

It is the opinion of the Board of Commissioners of the City of Newark that this principle of local self government is lost sight of if the legislation is enacted which is represented by certain bills pending in the present session of the Legislature

A fair sample of the legislation complained of and opposed is Assembly Bill No 43, introduced on January 14 1924, by Mr DeVoe, where it is sought to require the governing body of every municipality of this State within one year from the ap-

proval of the act to construct, provide and maintain a public comfort station or stations within such municipality, requiring at least one comfort station in every municipality having a population of more than 20,000 inhabitants according to the last State or national census, and at least one additional station for every 30,000 inhabitants in excess of 20,000 in every municipality having a population greater than 20,000 inhabitants according to the last State or national census, and in an effort to wipe out all barriers against the State control of a matter which should be the peculiar province and discretion of the local municipal authority, the bill requires the State Board of Health to compel the governing body of the municipality by mandamus proceedings to strictly comply with the provisions of the proposed act

It is the opinion of the members of the governing body of the City of Newark that a halt should be called in the enactment of mandatory legislation of this kind in order to preserve the wise discretion about these matters which should be in the elected representatives of the citizens of a municipality

Respectfully submitted,

W J EGAN,
City Clerk

A message was received from the Governor, by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 28th, 1924

To the Legislature

Permit me to reiterate what I have already said in my Annual Message to the Legislature concerning the anthracite coal situation, and to again draw your attention to this very important subject

With freezing weather, the situation is acutely brought to our attention, and we are confronted with the necessity that action be taken promptly, so that in the future our people may be assured of an adequate supply of coal at a reasonable price

Three remedies have been suggested

The first is to call upon our neighbor, Pennsylvania, to adopt such measures as she may deem advisable to control the situation as far as it lies within the power of a State to do so

The second is to urge upon Congress the necessity of regulating the industry, not only to the extent of interstate commerce, but also upon the basis that it is an industry so affected with the public interest that the Federal government may exercise powers such as are now exercised, by act of Congress, over like industries

The third is to enact such legislation within our own State to deal adequately with the situation after the coal is out of the interstate jurisdiction and in the possession of local dealers

So far as Congress is concerned, bills have been prepared, to be submitted, and the Legislature is urged to adopt such resolutions as it may deem advisable to impress upon the Federal Congress the necessity for prompt action, for, after all, the chief responsibility for the situation rests upon the State of Pennsylvania and the Federal government

The Federal Fact-finding Commission and other agencies have disclosed the facts concerning the conduct of the industry, and these remedies are necessary to protect the people in the anthracite-using States

Our people use six million tons a year There has been discrimination in the distribution A poor quality of coal has been furnished High and extortionate prices have been charged, and the people naturally ask whether or not government is powerless in the circumstances

There is plenty of power if it will be but exercised, and hence I urge upon you, as representatives of the people of New Jersey, that you take prompt and effective steps to bring relief and to prevent suffering and hardship in the future

Respectfully submitted,
GEORGE S SILZER,
Governor

Attest
FREDERIC M P PEARSE,
Secretary to the Governor

The following proclamation was read by the Clerk and, on motion of Mr Powell, was ordered spread upon the Minutes

PRESIDENT COOLIDGE'S PROCLAMATION.

By the President of the United States of America

A PROCLAMATION

To the People of the United States

The death of Woodrow Wilson, President of the United States from March 4, 1913, to March 4, 1921, which occurred at 11 15 o'clock today at his home at Washington, District of Columbia, deprives the country of a most distinguished citizen, and is an event which causes universal and genuine sorrow To

many of us it brings the sense of a profound personal bereavement

His early profession as a lawyer was abandoned to enter academic life In this chosen field he attained the highest rank as an educator, and has left his impress upon the intellectual thought of the country

From the presidency of Princeton University he was called by his fellow citizens to be the Chief Executive of the State of New Jersey The duties of this high office he so conducted as to win the confidence of the people of the United States, who twice elected him to the Chief Magistracy of the republic

As President of the United States he was moved by an earnest desire to promote the best interests of the country as he conceived them His acts were prompted by high motives and his sincerity of purpose cannot be questioned He led the nation through the terrific struggle of the World War with a lofty idealism which never failed him He gave utterance to the aspiration of humanity with an eloquence which held the attention of all the earth and made America a new and enlarged influence in the destiny of mankind

In testimony of the respect in which his memory is held by the Government and the people of the United States, I do hereby direct that the flags of the White House and of the several departmental buildings be displayed at half-mast for a period of thirty days, and that suitable military and naval honors, under orders of the Secretary of War and of the Secretary of the Navy, may be rendered on the day of his funeral

Done at the city of Washington this third day of February, in the year of Our Lord one thousand nine hundred and twenty-four, and of the Independence of the United States of America the one hundred and forty-eighth

By the President, CALVIN COOLIDGE

CHARLES EVANS HUGUES,
Secretary of State

The following proclamation by Governor Silzer was read by the Clerk and, on motion of Mr Powell, was ordered spread upon the Minutes

PROCLAMATION BY THE GOVERNOR OF NEW JERSEY

UPON THE DEATH OF WOODROW WILSON, FORMER PRESIDENT OF THE UNITED STATES AND FORMER GOVERNOR OF NEW JERSEY

Woodrow Wilson, educator, author, statesman and idealist, having fulfilled his earthly mission, takes his place among the Immortals beside Abraham Lincoln

A noble and courageous soul has gone to its Maker His life was given for a great cause, and his lofty ideals, combined with his tenacity of purpose, made him a leader of civilization and established for him an exalted place in history

He did not live to see the dawn of that new day when war shall be no more,—the day for which he strove and fought and died Yet his noble thoughts, so clearly and beautifully expressed in simple language, will forever be the sign-post guiding the nation and the world along the path which leads to peace and justice and good will for all mankind

Divine Providence sent to us Woodrow Wilson to serve humanity and to remind a forgetful world of the teachings of Jesus Christ to preach peace on earth, Christian charity and forbearance He has fulfilled that mission and has been called back to the arms of the Saviour

New Jersey is proud of him He came to us in his youth and today she bows her head in sorrow over the loss of her adopted son

As our Governor, he led us out of sordid political ways and made New Jersey a better State

We gave him to the nation and to mankind,

Therefore, I, GEORGE S SILZER, Governor of the State of New Jersey, do hereby make public proclamation of the fact of the death of Woodrow Wilson, and in recognition of his distinguished service to his country and to his State, do hereby direct that the flag be flown at half-staff upon all the public buildings of the State for thirty days from this date, and do further recommend that like action be taken by all officials on county and municipal buildings, and that upon the day of the funeral all State, county and municipal offices be closed during the hour set for the funeral, and I do further recommend that, so far as possible, all business be suspended during the same period

Given under my hand and the Great Seal of the State of New Jersey, this third day of February, in the year of (Great Seal) our Lord one thousand nine hundred and twenty-four, and in the Independence of the United States the one hundred and forty-eighth

GEORGE S SILZER,
Governor

Mr Dowling offered the following resolution, which was read and adopted

Resolved, That a clerk be appointed to the Joint Committee on Printing, to serve without compensation

A message was received from the Senate, by the hands of its Secretary, as follows

STATE OF NEW JERSEY,
SENATE CHAMBER,
Mr Speaker February 4th, 1924

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution

A concurrent resolution expressing the sorrow of the people of New Jersey on the death of Woodrow Wilson, and paying appropriate tribute to the memory of New Jersey's former Governor and the Nation's War-time Chief

WHEREAS, The death of Woodrow Wilson, former Governor of New Jersey and President of the United States, deprives the State of New Jersey, and the United States of America, of a most distinguished citizen, and is an event which causes genuine and universal sorrow, and

WHEREAS, By his lofty idealism, which never failed him, he led our Nation through the terrific struggle of the World War, and, prompted by high motives and sincerity of purpose, he gave utterance to the aspirations of humanity, which, combined with his tenacity of purpose, made him a leader of civilization, and

WHEREAS, Brave words, high purpose, lofty aim and self-sacrifice are treasures which the rich and purposeful life of Woodrow Wilson bequeathed as an inheritance to his countrymen, therefore,

Be it resolved by the Senate (the House of Assembly concurring), That the people of New Jersey, through their duly elected representatives in Legislature assembled, do express their profound grief and sorrow upon the passing of our former Governor

and Chief Magistrate of this Nation, whose courage and example made America a new and enlarged influence in the destiny of mankind, and

Be it further resolved, That a committee consisting of the President of the Senate and four Senators to be named by him, the Speaker of the House of Assembly and four members of the House to be designated by the Speaker, are hereby constituted a committee to represent the Legislature of this State at the funeral services of the courageous statesman whose passing the Nation deplores

In which the concurrence of the House of Assembly is requested

ROBERT M JOHNSTON,
Secretary of the Senate

The message was taken up and Mr Powell moved that the House concur in the resolution, which was followed by a request from the Speaker, as follows

The Speaker requested all members of the House and guests to arise and stand in silence for one minute, as a mark of respect to the departed

Mr Hershfield then arose and paid the following tribute to the late former President, Woodrow Wilson

"New Jersey gave Woodrow Wilson to the nation He was ours—the political product of this State In this building he learned the art of government and in two years made for himself a name that resounded through the nation

In Wilson there was no politics, no creed, no religion To him all men were equal He saw but their problems, and his responses to them, many times misunderstood, were because he spoke in high and lofty language To the average man his gaze was directed to the mountain tops, and when the average man understood the language of mountain tops, Wilson's gaze was directed to the stars

In two years, as Governor of New Jersey, he so indelibly stamped his ideals upon the Legislature and people of this State that he was called by the nation to preside over its destinies

In those two years the record that caused him to be so called has been unparalleled in constructive, practical achievements, the most notable of which was the doing away with party conventions, the permission of independence of thought to be expressed

on the ballot, the workmen's compensation law, commission government for municipalities, the creation of a properly operating public utilities commission, state regulation of weights and measures, and the outlawing of oppressive trusts and monopolies And when called to Washington and from there to lead the nation in its righteous fight that the world might remain free for democracy, his great and lofty ideas still permeated the government in the capital of the nation, and when that war was over, and again he dedicated himself to perpetuate the victory, his strength and health were the price he finally laid upon the altar of devotion to the nation

Wilson died a martyr to the peace of the world, and to those lofty ideals that encompass all mankind He will live in the memory of those who come after—as one who points the way—a beacon light forever to remain, to guide those doubting ones when world peace is again challenged

And so this great spirit has passed away unto that great country from which no traveler returns As Ingersoll says "What is life or death? A man dies—a woman's heart breaks—a bird sings—a leaf falls in the far forest—a child is born—night comes—and all is darkness"

To you, Oh Spirit of Woodrow Wilson, rest in peace, now and forever more You have kept the faith and have paid the price, and now that all that is mortal has gone to its final bourne in that great unknown Beyond, yet the spiritual and moral forces the clarity of your thinking gave birth to will lighten the way and lessen the burdens of untold generations as yet unborn"

Miss Fort then arose and paid the following tribute to the late former President

On Tuesday, January 17th, 1911, a Republican Governor, in handing over to Woodrow Wilson the great seal of the State, said these words

"Governor Wilson—By long custom it has been the part of the retiring Governor in these ceremonies, to transfer to his successor the great seal of the State, the symbol of executive authority In so doing let me first congratulate the people of New Jersey upon the elevation to the office of chief executive of one so courageous, independent and able as yourself, and secondly, let me congratulate you personally on the high honor the people have conferred upon you, and the spirit of fidelity to them with which you are about to enter upon the discharge of your duties

"You have commenced right The people already acclaim you as their tribute for civic advance, and as the foe of every baneful and corrupt influence in our public life That you may achieve the very highest success in the years to come to which you may aspire, is my earnest hope

"The people of New Jersey are true to the officials who are loyal to them One who does his duty need not count the cost, the people will do that, and they will repay I hand you this great seal, free from blemish, as it came to me, feeling sure that in committing its future keeping into your hands the people of New Jersey have made no mistake"

For the second time I read into the records these words—a fulfilled prophecy

Mr Barison then arose and paid the following tribute to the late former President

I rise as a representative of that great county of Hudson to express in words, insofar as words can be said to express feeling, the love, the honor, the respect and reverence that we of Hudson feel towards that wonderful character who lies to-night in Washington

You are proud of Woodrow Wilson, aye, we are doubly proud of him, though bent in grief For remember we, of Hudson county, gave him to the State Yes, we, by our votes, gave him to the State, and by reason of that to the nation

We, of Hudson county, with heavy hearts, pay our little tribute to that great and noble character, that democrat of democrats

Omar Khayam said

> "The moving finger writes, and having writ moves on
> Nor all your piety nor wit shall lure it back
> To cancel half a line
> Nor all your tears wash out a single word of it"

And so I know that that wonderful soul who has gone to that house from whose bourne no traveler returns, could not change his record if he would, and I know, sir, yes, I know, that he would not change his record if he could

Yes, Mr Speaker, we are bent in grief, yet we are proud of Woodrow Wilson, and I know that when the great day comes and final history is written and great men are spoken of, the muse of history, dipping its pen in the clear blue sky, will write names without number, but will write above them all the name of the man, the leader, the patriot, the first citizen of this land, Woodrow Wilson

Miss Carty then arose and paid the following tribute to the late former President

While sorrow, most deep and sincere, pervades the hearts of those who knew him, they and other citizens of New Jersey are filled with pride that in this State House, Woodrow Wilson took his first steps in public life From this building he was called to a station in the land that haloed him with a glory imperishable, not only in this country but throughout the world Possessed of highest ideals, he was endowed with a character of mind which enabled him to effectuate them in large degree and to meet the responsibilities of the Presidency, both in peace and war, with the ability of a God-given genius It has been said before that Providence seems to have been especially kind to the United States In our origin we had a Washington to guide us through the Revolution, then a Jefferson to lay down the principles of democracy which have made the United States a model for the whole earth, next a Lincoln to preserve it, and latest a Wilson to save it from the domination of European tyranny From him, therefore, we are only doing our duty when we render to God our thanks that He gave us such a leader in a time of stress For ourselves, New Jersey will always have the proud memory of its association in his career

The following members also eulogized the late former President Mr DeVoe, Mr Bostock, Mrs Finn and Mr Evans

Mr DeVoe moved that unanimous consent be granted to allow Mr John J Matthews, a former member of the House from Hunterdon county, the privilege of eulogizing the late former President, Woodrow Wilson The motion was seconded by Mr Powell

Which motion was agreed to

Mr Matthews then arose and paid his respects to the memory of former Governor and President Woodrow Wilson

The following members also eulogized the late former President Mr Vanderbilt, Mrs L W Thompson and Mr Sexsmith

Mr Powell's motion to adopt the Concurrent Resolution was then agreed to by a rising vote

The Speaker then appointed the following members as the committee to represent the State at the funeral of the late former President

Mr Powell, of Burlington county,
Mr Hershfield, of Passaic county,

Mr DeVoe, of Middlesex county;
Mr Crawford, of Hudson county,
Speaker Eaton, of Essex county

Mr Powell offered the following concurrent resolution, which was read.

Resolved by the House of Assembly of the State of New Jersey (the Senate concurring), That, out of respect to the memory of Woodrow Wilson, former Governor of this State, and subsequently thereto President of the United States, when the House adjourn, it do adjourn until Monday evening, February 11, at eight o'clock

Mr Powell then asked that the concurrent resolution be laid on the table

A message was received from the Senate, by the hands of its Secretary, as follows

To the Legislature

GENTLEMEN—I respectfully submit herewith the Annual Report of the State House Commission, operating under Chapter 68, P L 1916, as the State Purchasing Department for the fiscal year beginning July 1st, 1922, and ending June 30th, 1923

Very truly yours,
N A K BUGBEE,
Comptroller, Secretary State House Commission

On motion of Mr Powell, the communication was received and ordered spread upon the Minutes

The following communication and resolution was sent to the desk and read by the clerk

NEW JERSEY STATE LEAGUE OF MUNICIPALITIES
BUREAU OF MUNICIPAL INFORMATION

TRENTON, N J, February 11th, 1924

To the Honorable Members of the New Jersey Legislature

DEAR SIRS—The Annual Convention of the New Jersey State League of Municipalities, at which about one hundred municipal officials from all over the State were present, expressed its strong opposition to the DeVoe bills, Assembly 277 and 278, which give over control of local budgets and bond issues to the State Board of Taxes

The resolution unanimously adopted and the reasons for our opposition is enclosed herewith

Kindly give the matter your careful consideration and we hope you will agree that the bills should be opposed

Respectfully yours,
SEDLEY H PHINNEY,
Executive Secretary

Resolution Unanimously Adopted by Ninth Annual Convention of the New Jersey State League of Municipalities, Newark, N J, February 7th, 1924

WHEREAS, Bills have been introduced in the Legislature giving authority to the State Board of Taxes and Assessments to reduce the budgets of municipalities, and also bond issues for necessary local improvements, on the petition of twenty-five taxpayers, and legislation of such character is not only an unwarranted, but wholly an unnecessary and unbusinesslike interference with the internal affairs of municipalities and would delay and embarrass them in the proper management of their business affairs at the instance of any twenty-five discontented taxpayers at their pleasure, and

WHEREAS, We now have laws relating to debt limit, the advertising and filing of budgets and public hearings thereon, the filing of financial statements and reports to the State Department of Municipal Accounts, and like laws which provide ample supervision over municipal accounts and finances, and the public interest and purse is fully protected by such laws, and there is no need for the State to intervene as to the details of municipal administration and expenditures, which would serve only to hinder, delay and increase the cost thereof, now, therefore,

Resolved, That the State League of Municipalities, in annual session assembled, records its disapproval of said bills, and of

all bills of like character and purpose now before the Legislature, as constituting a violation of the home rule principle and wholly contrary to the ordinary and universally accepted principles of sound business, further

Resolved, That the League of Municipalities disapproves of the growing tendency to enact laws of a mandatory character, which impose expense on municipalities without their consent in matters which do not concern the State as a whole, and which should be incurred only with the free choice of those who must pay for what they will get, further

Resolved, That the legislative committee of this organization use its efforts to convince the Legislature of the viciousness of laws of the kind mentioned in these resolutions, and the secretary is authorized and directed to send copies of these resolutions to all members of the Senate and Assembly

On motion of Mr Powell, the communication was received and ordered spread upon the Minutes

The following communication was sent to the desk and read by the clerk

BAYONNE, N J, February 8th, 1924

To the Members of the General Assembly, Trenton, N J

GENTLEMEN—The members of the Workmen's Civil League, Inc, of Bayonne, New Jersey, earnestly request all the members of your Honorable Body to lend their unstinted support toward the passage of Assembly Bill No 148, entitled "A further supplement to an act entitled 'An act concerning landlords and tenants,' approved March twenty-seventh, eighteen hundred and seventy-four"

The Workmen's Civil League is an organization comprised of approximately five thousand working men of Bayonne, N J, and vicinity, and all its members are vitally interested in any legislation which tends to alleviate the housing conditions which exist at the present time Bayonne is primarily an industrial center and a measure of legislation such as the Finn bill will be of inestimable good in the community

We feel that the members of your Honorable Body will be performing a public duty which will receive the heartfelt thanks of the rentpayers of the State

Thanking your Honorable Body in anticipation, and wishing you continued success, we are

Yours respectfully,

WORKMEN'S CIVIL LEAGUE, OF BAYONNE, N J

Mr Muir arose to a question of personal privilege, and was recognized by the Speaker

Mr Powell then arose to a point of order, which the Speaker did not sustain

After explaining his position to the attack made upon him by the Anti-Saloon League, Mr Muir then asked to have the following extract from an editorial appearing in the Newark Evening News spread upon the Minutes

"The league presumes to represent the anti-liquor sentiment of the State, but, taking its cue from the activities of its mainspring at Washington, it has gone farther than the mere spreading of prohibition propaganda It has become a political body, using all the power and prestige of its membership and its apparently well filled treasury to impose its will on the electorate. No political dictator was ever more intolerant of disagreement with his demands or policies

"With these facts in mind it is difficult to discover any good reason why the league should not, in common with other political bodies, be required to meet fully every provision of the election law and to report in detail its campaign receipts and disbursements"

STATE OF NEW JERSEY,
SENATE CHAMBER,
February 19th, 1924

Mr Speaker

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution.

WHEREAS, It is proposed in the Congress of the United States to enact a law restricting immigration, called the Johnson Law, and

WHEREAS, The said law will restrict immigration to two per centum of any nationality immigrating to the United States in the year of 1890, and

WHEREAS, The immigration of the Italian people to the United States did not begin until, and was small in number, in 1890 and increased with later years, and

WHEREAS, The effect of the bill will be unduly restricting the immigration of the Italian peoples and reflect upon them much in the same manner as so-called inferior peoples are reflected upon, to wit, the Chinese and Japanese peoples, and

WHEREAS, The Italian people, beginning with Christopher Columbus, benefited this continent and has conferred as great a benefit upon this country as any other people, and without their presence, to-day the great work of constructing the railroad systems and the general construction work which has made the greatness of the country would have been impossible, and

WHEREAS, The Italian race is industrious and thrifty and honest and law abiding, and they and their native born and descendants have ornamented pages of history in this country, therefore,

Be it resolved by the Senate of the State of New Jersey (the House of Assembly concurring), Does protest to the people of the United States against enacting such iniquitous and injurious law, a law as injurious to the United States of America as it is injurious and iniquitous to the great Italian people

Be it further resolved, That a copy of this resolution be sent to the two United States Senators of New Jersey and one

copy to each member of the House of Representatives from the State of New Jersey

In which the concurrence of the House of Assembly is requested

A message was received from the Governor, by the hands of his Secretary, as follows

February 25, 1924

ASSEMBLY NO 12

To the House of Assembly—This bill creates an additional reason for pensioning county detectives

It is mandatory in its provisions and leaves no discretion in the hands of those whose tax bills will be increased thereby

One of the causes of high taxation is mandatory legislation If we are going to reduce taxes, we cannot add mandatory acts to our laws

I have heard no demand from the people of the first and second class counties for this change in the laws

I, therefore, disapprove the bill

Respectfully submitted,

[SEAL] (Signed) GEORGE S SILZER,
Governor

A message was received from the Governor by the hands of his secretary, as follows

February 26th, 1924

ASSEMBLY BILL NO 78

To the House of Assembly—This bill has for its purpose the establishment of a petty cash fund in any county or municipality

It seems to me to be bad in principle, as it tends to remove restrictions on the expenditure of public moneys instead of tight-

ening them The present system has worked satisfactorily for many years and there is no good reason why an innovation of this kind should be made, opening the door and leading to not only laxity but complication in dealing with public funds The method provided in the bill for safeguarding the public funds is more complicated than the methods sought to be corrected

I, therefore, disapprove this bill

Respectfully submitted,
[SEAL] (Signed) GEORGE S SILZER,
Attest *Governor*

FREDERIC M P PEARSE,
Secretary to the Governor

Resolved, That when the House adjourn, it adjourn to meet Tuesday next, at 11 A M

A message was received from the Senate, by the hands of its Secretary, as follows

STATE OF NEW JERSEY,
SENATE CHAMBER,
March 3d, 1924

Mr Speaker

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution

A concurrent resolution directing the Commissioner of Labor to investigate and determine the cause of the explosion at Nixon, New Jersey, on Saturday, March first, one thousand nine hundred and twenty-four, and further to investigate the manner in which explosives are stored and handled in the State of New Jersey

WHEREAS, A disastrous explosion occurred at Nixon, New Jersey, on Saturday last, resulting in an appalling loss of life and the destruction of property, and

WHEREAS, The Commissioner of Labor of the State of New Jersey, by virtue of the provisions of an act entitled "An act relating to the manufacture, keeping, storage, transportation and sale of explosives and providing penalties for all violations of this act," approved March twenty-ninth, one thousand nine hundred and seventeen, is vested with ample power with respect to the licensing and supervision of dealers in explosives, and

WHEREAS, A speedy investigation should be instituted for a determination of the responsibility for the Nixon explosion, and further to ascertain the manner in which explosives are handled and stored in the State of New Jersey, therefore,

Be it resolved by the Senate (the House of Assembly concurring)

1 That the Commissioner of Labor of the State of New Jersey pursuant to the power and authority in him vested is hereby directed forthwith to institute an investigation for the purpose of fixing the responsibility for the explosion at Nixon, and further to ascertain the manner in which explosives generally are handled and stored in the State of New Jersey

2 This resolution shall take effect immediately

In which the concurrence of the House of Assembly is requested

ROBERT M JOHNSTON,
Secretary of the Senate

A message was received from the Governor by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 3d, 1924

ASSEMBLY NO 327

To the House of Assembly

This amends an act concerning municipal sinking funds and sinking fund commissions, and permits the investment of the moneys in these funds, not only in negotiable bonds described in the original act, but would permit the unlimited investment of these funds on bond and mortgages

This is an unsafe departure which might easily imperil the safety of these funds

I therefore disapprove the bill

Respectfully submitted,

GEORGE S SILZER,
Governor

Attest
FREDERIC M P PEARSE,
Secretary to the Governor

Mr Pine offered the following resolution, which was read and adopted

WHEREAS, The Delaware and Atlantic Telephone and Telegraph Company has this day filed with the Board of Public Utility Commissioners a proposed schedule of telephone rates which will increase the cost of telephone service throughout a large section of the State served by this corporation, and

WHEREAS, The last annual report of the said corporation to the Utility Commission shows net earnings of $342,723 39 upon the existing rates, therefore, be it

Resolved by the General Assembly, That the State Board of Public Utility Commissioners be and is hereby requested to suspend the proposed increases and to conduct a thorough investigation to ascertain whether the said corporation is not in fact receiving a fair return for its service at the existing rates and to refuse its approval to any higher rates than those now in effect until and unless such increases are shown to be justified both as to conditions of service and a fair return upon the valuation of the property used in such service, and be it further

Resolved, That the Board of Public Utility Commissioners be requested to hold public hearings in conducting this investigation in the territory served by the said Delaware and Atlantic Telephone Company, one to be held in the city of Camden, at which the municipalities and individuals served by said company shall have ample opportunity to present their objections to the proposed increases filed by said company, and be it further

Resolved, That a copy of this resolution be forwarded immediately by the Clerk of the House to the Board of Public Utility Commissioners

Assembly Bill No 410, Com Sub 497

Correctly printed

Senate Bills Nos 100, 82, 200, 12, 65, 298, 297, 223, 209, 148, 124 and 299

Were each severally taken up, read a second time, considered by sections, agreed to, and ordered to have a third reading

Mr Vanderbilt arose to a question of personal privilege as he had noticed by the public press that he was reported to have voted against A J R 10, but such was not the fact as he had not voted at all, for the reason that at the time the vote was being called he was engaged in examining the resolution At the end of the resolution he found there was an appropriation of $10,000 for the investigation which he thought entirely too large for an investigation of this kind and while he favored the resolution with a reasonable appropriation of one or two thousand dollars, hence, because of this fact he did not either vote for or against the resolution

March 13th, 1924

ASSEMBLY NO 137

To the House of Assembly

This bill may have a good purpose in view, but it may result in interfering with the detection of crime

From my own experience as a prosecutor, I have found the old law to be a salutary one It has been the law not less than seventy-five years The person charged with the detection of crime must have a free hand in bringing about detection and conviction He is subject to check by the judge, who must certify and approve the bill of expenses before the same can be paid This has always been found effective and useful

If the prosecutor's hands are to be tied by a Board of Freeholders, who, either through ignorance or for other reasons, may choose to interfere with him, then the community will be endangered This bill, I am sure, would be favored by every criminal

Every prosecutor in the State has protested to me against the enactment of this bill into law, and I am sure that every judge and every person sincerely interested in the detection of crime and punishment of criminals would take the same view

Respectfully submitted,
GEORGE S SILZER,
Governor

ASSEMBLY NO 235

To the House of Assembly

This bill provides for the appointment, in first-class counties, of Italian Interpreters, who shall be in constant attendance upon certain courts

From my experience as Judge and Prosecutor, I am convinced that there is no necessity for this bill, that there is no need for constant attendance, and that it would pay the county much better to hire these interpreters when needed, as they probably already have one who is in more or less constant attendance

I therefore disapprove the bill

ASSEMBLY NO 351

To the House of Assembly

This bill applies to the city of Paterson only, and gives the mayor the right to veto the acts of the Board of Fire and Police Commissioners

The particular commission form of government under which Paterson operates came into existence in 1907, as a result of conditions in that city which required drastic action

As I recall it, the law was drafted by a non-partisan group of patriotic citizens who desired to correct conditions This form of government has worked well and satisfactorily in the city of Paterson, and has been in existence since 1907—a period of seventeen years In these circumstances, I do not think that their form of government should be changed without a good and substantial reason therefor The people of the city of Paterson have expressed no desire for this legislation When they elected their present mayor at the last election they did so with the understanding that he was to have the powers, and only the powers existing at the time he was elected I do not believe that the Legislature should grant to him powers which the people of Paterson themselves did not give him This is an unwarranted interference by the Legislature with the rights of the electorate of the city of Paterson

This was practically the first of the commission forms of government adopted in this State

It was desired and designed that the Commission should rule without interference We have no right, therefore, to impose anything else upon those who have selected that form of government

In passing, I am calling attention to the fact that this is a companion bill to Assembly 387, which I am also vetoing

This bill is therefore disapproved

ASSEMBLY NO 11

To the House of Assembly

This bill provides for the erection of an armory in Burlington, at an expense to the State of fifty thousand dollars

I believe that this is premature

I agree that armories should be provided when sufficient interest is shown in the National Guard to organize and maintain a military company I do not believe that armories should be erected for community purposes

I have before me a record of the company assigned to Burlington county, and find that after the war a company was reorganized on July 21st, 1920, disbanded July 7th, 1922, reorganized July 22d, 1922

In the year 1923, from January 1st to August 31st, on an average roll of 68, the average attendance was 18

From September 1st to December 31st the average attendance was 42½

On April 19th, 1923, a new captain took charge, who again reorganized the company, and the company has qualified for pay at drills since September 1st, 1923, with an average attendance of 68½ per cent of the actual strength

The strength on January 31st, 1924, was 3 officers and 63 enlisted men

If, after more time has expired, it appears that this community takes a wholesome interest in its military company, enlists it at its full strength, and maintains it there, that will be the time for the erection of an armory

For the above reasons this bill is disapproved

ASSEMBLY NO 273

To the House of Assembly

This, I believe, is a bill similar to one I vetoed last year

It would be a good bill if it had general application, but I understand it has particular application to the road between Jersey City and Newark, known as the Lincoln Highway

This road has been the subject of agreement between the two counties, and as a result of litigation Chapter 193 of the Laws of 1919 was passed, which permitted the Court of Chancery to determine the equity The Court did so, in a case reported in 63 *N J Equity* 710, whereby five-eighths of the expense was placed upon Essex County and three-eighths upon Hudson County

Where a matter has been determined by the courts on equitable principles, I do not think it should be disturbed by legislative act, especially when that legislative act depends upon the determination of those who come from distant places and are not as familiar with the equities of the case as the Court that heard both sides

I, therefore, disapprove the bill

ASSEMBLY NO 262

To the House of Assembly

The statement connected with this bill declares that "The purpose of this act is to make the law conform to present-day standards"

If present-day standards are that each occupation shall be so circumscribed that few people may enter it, and that thereby the

cost may be controlled and additional burdens added, then this bill conforms to present-day standards

I do believe, however, that these are the present-day standards

There is altogether too much of a tendency toward monopoly of occupations,—limiting the number to be employed, and increasing the cost

I have had occasion to disapprove a number of bills presented at this and the last session, having for their purpose such monopoly

The bill is therefore disapproved

To the House of Assembly

This bill provides that records and indices of various State departments shall be open for inspection and examination, and so forth, and that the aggrieved party may demand a writ of mandamus

These records have been prepared at great expense and labor to the State, and should primarily be available to the officers of the State

Under this bill, title companies and individuals could demand the use of these records, and so embarrass the departments in the

doing of their work, and at the same time reduce the revenues of the State

We should be more interested in the State than in title companies and others who seek this preference under this bill

ASSEMBLY JOINT RESOLUTION NO 12

To the House of Assembly

This resolution provides for the appointment of a special commission to study motor vehicle taxation and report thereon

The principal and vital objection to this bill is that the commission is named in the bill and consists of representatives from private organizations, to be appointed by the presidents of those organizations

If there is to be a disinterested, worth-while commission, they should be selected by somebody responsible for the appointment Among the private organizations mentioned in the bill are The Good Roads Association, Motor Truck Association, Motor Vehicle Association, Automotive Trade Association, Association of Chosen Freeholders From this it will appear that the commission will be controlled by five out of the nine members who speak for private interests in the matter of motor taxation, etc

If recommendations are to be made to the Legislature, they ought to be disinterested and in the interests of the people of the entire State—not that of particular organizations—although those organizations ought to be afforded an opportunity to be heard

Many of the aforementioned organizations maintain lobbies in Trenton and some of them have already been interested in public matters in which their good faith has been questioned

COMMITTEE SUBSTITUTE FOR ASSEMBLY NOS 324 AND 430

To the House of Assembly

This is a bill to change the procedure at State conventions It requires the convention to receive proposed planks, prepare effective platforms, furnish each member of the convention with a copy, and then adjourn for a week—to return later to adopt the platform

If this were permissive legislation, I would be glad to sign the bill It is not such, however, and it requires two meetings to be held This may be a hardship to the delegates and members of the convention who come from distances It may also be that the convention could easily adopt its platform at the first meeting, in which case the second meeting would be useless and expensive

There has been no difficulty in the past in the adoption of platforms by the political parties, in which they express with reasonable certainty the views of the rank and file of their respective parties The difficulty is not in the writing of the platform, but in making those who adopt it live up to it after they are elected

I therefore disapprove the bill

ASSEMBLY NO 357

To the House of Assembly

It is now the duty of railroad companies to place warning signs at railroad crossings

This bill would relieve the railroad company of that duty, in part, and in the case of State Highways, put it upon the Highway Commission

There is no reason why the State should assume this obligation It is being taken care of now by those who ought to take care of it

In line 41 of the bill a clause seems to have been inserted, stating the duty of the driver of a vehicle crossing such highway This clause might have the effect of destroying the present right of recovery, and interfere with our present rules relating to contributory negligence It probably would also repeal, by implication, the present law whereby the Court is not permitted to grant a non-suit where contributory negligence is shown

The law of negligence and contributory negligence on those crossing our highways is well established and has been construed by our courts

To enact this bill into law would be to disturb the whole settled law of the State on this subject, and its effect probably would be to relieve the railroad company in cases where recovery may now be had

For these reasons, and others that may be found in the bill, it is disapproved

ASSEMBLY NO 189

To the House of Assembly

This bill provides for the assessment and taxation of lands owned by or held in trust for the State for park purposes

While there may be some reason for complaint in one locality where that locality is put to additional expense by reason of the presence of a park, nevertheless the fact remains that this bill provides for the taxation of all lands in the State of New Jersey owned by the State and used for park purposes It would permit the taxation of Stacy Park back of the capitol and other like tracts of land

I see no reason why the State of New Jersey should permit its property to be taxed and thus add to the general tax burden The State at this time has difficulty enough in raising its revenue

Furthermore, it is against the established principle that State property is *not* subject to taxation This bill may also be subject to constitutional objections

ASSEMBLY BILL 471

To the House of Assembly

This bill provides for a uniform oath, and omits the word "justly," which is contained in the printed laws 1920, page 413 I do not know why it should be omitted

This seems to me to be useless legislation, in view of the fact that the oaths that are required to be taken are well known and constantly used

The objection to the bill is that the markers are turned over, after municipality has been put to the expense, to the freeholders who petition, and who may or may not mark the graves These freeholders are not a recognized organization and need not be interested in the work

To those officers who know their duties there is no difficulty in meeting the requisite oath

ASSEMBLY NO 289

To the House of Assembly

Too much care cannot be exercised in throwing protection around those who need medical care and attention I do not think that this bill gives our people that protection

Under this bill, chiropodists (even those with limited education or experience) may perform minor operations and may amputate anything less than the entire human foot They may administer local anesthetics and do other things which should only be practiced by the most skilled persons

They may use the word "doctor" and may become qualified by examination before a board of two chiropodists

There is already too much suffering and injury from the treatment of the human body by those unskilled and ignorant We ought not to add to this by permitting to practice, as provided in this bill, those who were admitted before July 1st, 1921, and have had limited training

Our every effort should be to tighten the restrictions, rather than to weaken them

There is no reason why chiropody should be extended to the performance of surgical operations, with all the dangers incident thereto

If this bill were so drawn as to permit such a person to apply to the court for permission to sue in the name of the Commission, then the interest of the State and of those concerned would be protected

Furthermore, there is no provision made in the act for the disposition of the present incumbents who hold the offices in the criminal court out of which this court is created

It gives power to appoint a clerk and further attendants, and fix salaries

The only purpose seems to be to add to the burdens of cities of the first class

This bill has for its purpose the preparing of a roll of honor of those who served in the war

We already have upon our statute books Chapter 22 of the Laws of 1919, which provides for the preparation, preservation and publication of a complete history of those who participated in the World War We have also Chapter 68 of the Laws of 1921, which provides that municipalities may publish and distribute histories of the municipalities and their citizens in the World War

There does not appear to be any particular demand for this bill at this time If the only purpose is to give certificates to those who have been decorated, this can be easily taken care of by making application to the government issuing the citation, although those who have received the citations no doubt have their certificates at this time

All that this bill seeks to do, so far as the World War is concerned, must already have been done by the commission appointed under the statute of 1919, and from which the roll of honor for that war can be made up by the mere transcribing of the names.

The bill is therefore disapproved

The result is that upon conviction a man can be fined not less than $100, although there may be many circumstances which would justify a smaller fine, and it might also be that the magistrate would prefer to impose imprisonment for a very short time but is compelled to imprison for one year

ASSEMBLY NO 283

To the House of Assembly

This bill has the following statement attached

"The purpose of this act is to provide an equitable scale of wages for court attendants, based upon length of service"

My experience has been that titles of this kind are usually used to increase salaries This being a salary increase bill, and there being no demand from the people of the counties concerned, it should not become a law

This bill was not introduced by the representatives of any county affected by its provisions

I, therefore, disapprove the bill

Respectfully submitted,

ASSEMBLY NO 451

To the House of Assembly

This bill provides for extending the application of the Employees' Retirement Fund to employees of the municipalities and counties

As I have said before in some of my vetoes, this whole matter of pensions should be studied, and a comprehensive, definite and uniform system adopted This would also obviate the necessity of the introduction of numerous bills at each session

I shall try, between now and the next session, to have this matter taken up for study, in order that some report may be laid before the Legislature at the next session

The bill is therefore disapproved

ASSEMBLY NO 511

To the House of Assembly

This bill has for its purpose the issuing of eight million dollars more of bonds for constructing the vehicular tunnel under the Hudson and the bridge over the Delaware River

There can be no doubt that these two enterprises, already started and upon which vast sums have been expended, should be completed I thoroughly favor such a course I do not believe, however, that the issuing of this eight million dollars' worth of bonds should be authorized, first, because the public have lost confidence in the Board that is administering this work, second, because that Board is practically non-responsive to any State supervision, and, third, because there is nobody to check up this Commission and its employees to see if the work is being properly and economically done

There are further reasons why the people of the State should not obligate themselves for this additional eight million dollars

The Governor of New York has pointed out in conference already held that that State does not feel like going down into its pockets for the additional sum required, and no one can tell at this time what the policy of the State of New York is going to be Neither is there any reason why the State of New Jersey should go down into its pocket or issue bonds when there is no necessity for it

It is entirely clear that this enterprise can be taken over by the Port of New York authority, who can issue bonds to complete it, and so avoid the necessity of the people of New Jersey spending any more money or obligating themselves for the payment of any more bonds I can see no reason whatever why this should not be done

In doing this there would be no interruption in the work, for the Port Authority could take over so much of the present personnel as would be found to be efficient and economical

This Legislature on two occasions has recognized the truth of the principle involved, by authorizing the Port Authority to do this same kind of work in connection with the building of bridges

across the Arthur Kill between New Jersey and Staten Island and has appropriated money therefor If it is proper and advisable in the latter cases, it is even more so in the case of the Vehicular Tunnel

I believe there is still time for the Legislature to adopt the principles applied in the case of the bridges to Staten Island, to sustain this veto, and to pass legislation turning this work over to the Port of New York Authority, and thus save the people of New Jersey eight million dollars

The bill is, therefore, disapproved

Respectfully submitted,

ASSEMBLY NO 375

To the House of Assembly

This bill purports to be for the purpose of permitting the City of Beverly to pay the County of Burlington for road work which was done under contract The city cannot do this because of certain court proceedings to prevent it

If the bill were limited to the payment of county debts by the city, it could be signed, but it seems to extend to the payment of individuals and corporations

While the bill may have merit, it is too general in its terms for me to permit it to become a law

The bill is therefore disapproved

A message was received from the Governor, by the hands of his Secretary, as follows

March 14th, 1924

To the Legislature

In accordance with the constitutional requirements, on January eighth, in my Annual Message, I communicated to you the conditions of the State and made certain recommendations which I deemed expedient, and later by special message I made further recommendations

Legislation has been passed which in part carried out my recommendations That legislation deals with compensation for occupational diseases, stricter penalties for those who use child labor, increased penalties for the unlawful sale of narcotics and other habit forming drugs (recommendations of the President in this particular were not carried out to their full extent), stricter laws for the carrying of concealed weapons, agricultural co-operative societies' law with the objectionable features omitted, which I pointed out in last year's bill Necessary funds for the Tri-State Commission for the investigation of the use of the Delaware River were provided, bills prepared and passed by and in which were carried out the recommendation of the Governor's committee which investigated the Morris Canal There was a codification of the Poor Laws

In my Annual Message and subsequent messages, I called attention to a number of important matters which it seems to me should have your attention and upon which there should be action

I made definite recommendations on the matter of the regulation of the coal industry for the relief of the people of this State, but nothing whatever has been done to aid our citizens in this particular

In the matter of education, I recommended the appointment of a commission to make a survey in order that we may ascertain whether our children are getting all they are entitled to, and

whether the taxpayers are getting all they are paying for No action was taken upon this

I recommended that all State Commissions turn their receipts into the hands of the State instead of spending the money themselves and giving us what was left Nothing was done about this

I recommended that the unpopular divorce law of last year should be repealed Nothing was done about this

I recommended that the so-called Open Specification Law should be corrected so that it would be in fact an open specification law, the action of the Atlantic County Board of Freeholders having demonstrated that it was not an open specification law Nothing was done about this

I recommended the repeal of the law which applies to the counties of Essex and Hudson with respect to their expensive election bureaus Nothing was done about this, and the people of these counties are still saddled with the expenses

I recommended that Legislative log-rolling on road routes should cease, and that the Highway Commission be given power to designate all road routes This important reform was also defeated

I recommended that the law of last year, giving important rights to private tunnel companies without proper restrictions to safeguard the interest of the State be repealed Nothing was done with it

I recommended that a water policy be adopted by the State, or that a thorough investigation be made in order to determine a policy, and that the State should take over all supplies of water, and see that they were properly developed and distributed Nothing was done about this

I recommended that the State be relieved of going into its pockets for further expenditures for bridges and tunnels, by turning these enterprises over to the Port Authority, and thus relieve ourselves of the burden There is still time to give the taxpayers this relief

I recommended that study be given to the transportation problem involving the respective rights of the jitneys and trolley companies and their proper development and regulation in order to provide safe and adequate transportation Nothing was done with it

I asked, in the interest of the seashore resorts and the health of the people generally, that a fund be set aside so that the Governor might prevent the pollution of our beaches during the coming summer Nothing was done about this

I made recommendations for the development of our institutions and for the care of the unfortunates who are in them Only partial relief was given and there is still time for doing the rest that is necessary

I made recommendations regarding taxation, designed to relieve the taxpayer of some of his burdens, but not one bill has been passed in their relief

I am calling these matters to your attention at this time even though you are contemplating final adjournment, believing it is my duty under the Constitution to advise you that these recommendations are as vital now as they were in January, and that it is just as important at this time that these recommendations be enacted into law as it was at the time they were made

I do not see how we can return to our people and admit to them that we have denied them this relief

The important thing is not to adjourn the Legislature, but to do something in relief of the people of the State I would therefore recommend that you continue in session until such time as the matters which I have called to your attention and which are of the utmost importance to the people of the State be enacted

Respectfully submitted,

GEORGE S SILZER,
Governor

Disposition of Bills and Joint Resolutions Delivered to the Governor During the One Hundred and Forty-eighth Session of the New Jersey Legislature.

Convened, Tuesday, January 8th, 1924; Adjourned, Friday, March 14th, 1924 Duration, Ten Weeks.

During the session a total of eight hundred and forty-one bills, eighteen joint resolutions and four concurrent resolutions were introduced Of that total three hundred and sixteen bills and eighteen joint resolutions, or a trifle more than one-third of the total number, are recorded as having passed both houses and been delivered to the Executive Department Two hundred and thirty-nine of the total number of bills received met with the Governor's approval and were signed Six of the joint resolutions were received, four approved, and two vetoed The latter were passed over the Governor's objections, making a total of six joint resolutions enacted Two of the concurrent resolutions, which are not delivered to the Governor, passed, one in each House

Seventy-four bills were vetoed and of these twenty-three were passed over the Governor's veto, making, with the two hundred and thirty-nine signed bills, and six resolutions, two hundred and sixty-eight laws enacted during the session

Of the bills which eventually become laws, one hundred and fifty-seven originated in the Senate, and one hundred and fifty-nine in the House of Assembly Thirty-four of the vetoed bills originated in the Senate, ten of the latter subsequently becoming laws, and forty in the House of Assembly, thirteen of which were passed over the Governor's veto Apart from the bills vetoed the Governor found it necessary to have recalled, while the Legislature was in session, a total of four bills, one of which originated in the Senate and three in the House, the four were later returned and three became laws, one from the Senate and two from the House, one of the latter over a veto Three other bills, to which Executive objections were found, were filed in the library, due to the fact that the Legislature was not in session when the five-day period given the Governor to consider those bills had elapsed The three originated in the House

During the first eight weeks of the session the total number of bills presented to the Governor was forty-nine The remaining two hundred and sixty-seven bills submitted came in during the closing hours of the ninth and last week for passing bills The tenth and final week was devoted to a consideration of vetoed bills resulting in the Governor being sustained in fifty-one of the seventy-four bills returned to the house of origin and the passing of twenty-three over the Executive objections
