# 6A:14-2.10 Reimbursement for unilateral placement by parents

- (a) Except as provided in N.J.A.C. 6A:14–6.1(a), the district board of education shall not be required to pay for the cost of education, including special education and related services, of a student with a disability if the district made available a free, appropriate public education and the parents elected to enroll the student in a nonpublic school, an early childhood program, or an approved private school for the disabled.
- (b) If the parents of a student with a disability, who previously received special education and related services from the district of residence, enroll the student in a nonpublic school, an early childhood program, or approved private school for the disabled without the consent of or referral by the district board of education, an administrative

law judge may require the district to reimburse the parents for the cost of that enrollment if the administrative law judge finds that the district had not made a free, appropriate public education available to that student in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by a court of competent jurisdiction or an administrative law judge according to N.J.A.C. 6A:14–6.5, even if it does not meet the standards that apply to the education provided by the district board of education.

- (c) The parents must provide notice to the district board of education of their concerns and their intent to enroll their child in a nonpublic school at public expense. The cost of reimbursement described in (b) above may be reduced or denied:
  - 1. If at the most recent IEP meeting that the parents attended prior to the removal of the student from the public school, the parents did not inform the IEP team that they were rejecting the IEP proposed by the district;
  - 2. At least 10 business days (including any holidays that occur on a business day) prior to the removal of the student from the public school, the parents did not give written notice to the district board of education of their concerns or intent to enroll their child in a nonpublic school;
  - 3. If prior to the parents' removal of the student from the public school, the district proposed a reevaluation of the student and provided notice according to N.J.A.C. 6A:14–2.3(e) and (f) but the parents did not make the student available for such evaluation; or
  - 4. Upon a judicial finding of unreasonableness with respect to actions taken by the parents.
- (d) The cost of the reimbursement for enrollment in a nonpublic school may not be reduced or denied if the parents failed to provide the required notice described in (c)1 and 2 above if:
  - 1. The parent is illiterate and cannot write in English;
  - 2. Compliance with the notice requirement in (c)1 and 2 above would likely result in physical or serious emotional harm to the student;
  - 3. The school prevented the parent from providing such notice; or
  - 4. The parent had not received written notice according to N.J.A.C. 6A:14-2.3(e) and (f) of the notice requirement that is specified in (c)1 and 2 above.

State special education regulation limiting procedural safeguards applicable to disciplinary suspensions of students not yet receiving special education services to those students with respect to whom school district had already determined that evaluation for eligibility for services was warranted improperly narrowed scope of protections available under the Individuals with Disabilities Education Act (IDEA); under IDEA, procedural safeguards applied as soon as parent requested evaluation of a student or one of student's teachers expressed concern about student's behavior or performance to director of special education or other school district personnel. #### Case Notes

Requirements of regulations under Individuals with Disabilities Act (IDEA) that each state have on file with Secretary of Education description of how "child find" policies and procedures will be moni-

tored to ensure that the state educational agency (SEA) obtained information on number of children identified within each category of disability, information adequate to evaluate effectiveness of those policies and procedures, and description of method used by state to determine which children were receiving special education and related services were not met by state regulations merely mandating that each school district develop written procedures. Baer v. Klagholz, 771 A.2d 603 (2001).

State special education regulations which failed to include portions of the Individuals with Disabilities Education Act (IDEA) or its regulations setting forth filing requirements in connection with "child find" requirements were impermissibly inconsistent with federal standard, despite state's contention that filing requirements applied only to state and not to local school districts, where result of failure to incorporate federal standard in regulations was lack of public awareness of applicable standards and how standards were applied. Baer v. Klagholz, 771 A.2d 603 (2001).

# 6A:14-6.5 Placement in accredited nonpublic schools which are not specifically approved for the education of disabled students

Accreditation means the on-going, on-site evaluation of a nonpublic school by a governmental or independent educational accreditation agency which is based upon written evaluation criteria that address educational programs and services, school facilities and school staff;
  - 2. A suitable special education program pursuant to N.J.S.A. 18A:46–14a through h cannot be provided to this student;

  - 5. The student shall receive a program that meets all the requirements of a thorough and efficient education as defined in N.J.S.A. 18A:7A–5c through g. These requirements shall be met except as the content of the program is modified by the IEP based on the educational needs of the student. Statewide assessment and graduation requirements shall apply. Participation in Statewide assessment and/or exemptions from graduation requirements shall be recorded in the student's IEP according to N.J.A.C. 6A:14–3.6(d)5 and 7.

These requirements shall be met except as the content of the program is modified by the IEP based on the educational needs of the student. - 7. The nonpublic school provides services which are nonsectarian;

  - iii. This is the most appropriate placement available to this student;
- 10. The placement is not contested by the parents; and
- 11. The nonpublic school has been provided copies of N.J.A.C. 6A:14, 1:6A and 6:3-6.
- (c) In a due process hearing, the authority of the Commissioner to consent to a placement in an accredited non-public school shall be delegated to the administrative law judge assigned to the case when:
  - 1. The administrative law judge makes a factual determination that the certifications in (b) above are met; or

- 2. The district board of education and the parent agree to a settlement of the matter which would include placement under N.J.S.A. 18A:46–14 and the administrative law judge approves the settlement. Approval may be granted if the district board of education makes the certifications in (b) above. A copy of the signed consent application shall be attached to the settlement agreement and forwarded by the district board of education to the Department of Education through the county office.
- (d) The district board of education shall be responsible to monitor the student's placement at least annually to ensure the program's compliance with the certifications.

Amended by R.2000 d.230, effective June 5, 2000. See: 32 N.J.R. 755(a), 32 N.J.R. 2052(a).
