General Application Milestone Codes

Application Approved	F = Complete for Filing	P = Permit Decision Date
Application Denied	H = Public Hearing Date	R = Complete for Review
Application Withdrawal	I = Additional Information Requested	T = Additional Information Received
A= Approved	IS = Issued	W= Withdrawn
C = Cancelled	L = Legal Appeal of Permit Decision	
D= Denied	M = Permit Modification	

Specific Decision Application Codes

O = Other

REG = HMDC/Pinlands Exemption

Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway or floodplain in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Flood Hazard Area Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Special Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

**Notice of Adoption Regarding Site Specific Water Quality Management Plan Amendment Applications
pursuant to P.L.2011, c.203**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Division of Coastal and Land Use Planning, has adopted the following Water Quality Management Plan site specific amendment pursuant to P.L. 2011, c.203 which was enacted on January 17, 2012. This legislation modifies some aspects of the Water Quality Management Planning Program for a period of two years. P.L. 2011, c.203 directs the Department to accept and process certain site specific amendment proposals despite the absence of a wastewater management plan in compliance with the Water Quality Management Plan rules. Pursuant to the provisions of the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15-3.4), notices of amendment proposals and the Department's subsequent final action are to be published in the New Jersey Register (NJR). In accordance with P.L. 2011, c.203, notice of site specific amendments for projects or activities having a wastewater planning flow of less than 20,000 gallons per day (gpd) or being less than 100 acres in size is to be published in the Department of Environmental Protection (DEP) Bulletin.

Notice of a site specific amendment for changes in sewer service area designation is provided below.

**Site Specific Amendment for Changes in Sewer Service Area
ENVIRONMENTAL PROTECTION
DIVISION OF COASTAL AND LAND USE PLANNING
Amendment to the Tri-County Water Quality Management Plan
Public Notice**

Take notice that on December 10, 2012, pursuant to the provisions of the New Jersey Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., and the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15-3.4), an amendment to the Tri-County WQMP was adopted by the Department of Environmental Protection (Department). This amendment, submitted on behalf of Berkley Square, LLC, expands the Gloucester County Utilities Authority (GCUA) sewer service area to include Block 304, Lot 13 and Block 401, Lots 2.02 and 2.03 in East Greenwich Township (Township), Gloucester County. The subject property totals approximately 35.8 acres and is located on the south side of Berkley Road. The project, known as the Berkley Square development, includes 92 three-bedroom townhomes, 62,000 square feet of office/retail space, and a 150-seat restaurant. This mixed use development will generate a total wastewater flow of 37,300 gallons per day (gpd), calculated in accordance with N.J.A.C.7:14A, and will be conveyed to the GCUA treatment facility, located in West Deptford, Gloucester County for treatment. Currently, the GCUA facility (NJ0024686) has a permitted capacity of 38.6 million gallons per day (mgd) and discharges to the Delaware River, a designated Category 2 (C2), Fresh Water 2, Non-Trout, Saline Estuarine 2 (FW2-NT/SE2) waterway, as classified under the Surface Water Quality Standards, N.J.A.C. 7:9B. The GCUA provides treatment for the northern portion of Gloucester County known as the Consolidated District. Along with a portion of East Greenwich, the Consolidated District includes Clayton Borough, Deptford Township, Glassboro Borough, Mantua Township, National Park Borough, Paulsboro Borough, Pitman Borough, Washington Township, Wenonah Borough, West Deptford Township, Westville Borough, Woodbury City, Woodbury Heights Borough, and portions of Elk Township and Monroe Township.

This proposal would amend the GCUA Wastewater Management Plan (WMP), adopted December 10, 2008 (see 41 N.J.R. 671(a), January 20, 2009) to include the Berkley Square development in the GCUA sewer service area. This application has been reviewed in accordance with the Water Quality Management Planning rules that set the environmental standards to be applied to an amendment at N.J.A.C. 7:15-5.18, N.J.A.C. 7:15-5.24 and N.J.A.C. 7:15-5.25.

As part of the wastewater management planning for the Gloucester County Consolidated District, an environmental constraints/build out analysis was performed for each municipality in order to identify future wastewater needs. Based on the analysis, East Greenwich has a projected need to treat a total wastewater flow of 1.39 mgd. Presently the Township has a contractual agreement with the GCUA to treat 730,000 gallons per day (gpd) of wastewater. This proposed amendment to include the Berkley Square development in the GCUA sewer service area, can be accommodated within the Township's apportioned 730,000 gpd flow without modification to existing facilities, thus the project has received local approvals and GCUA endorsement.

Pursuant to N.J.A.C. 7:15-5.25(g), an assessment of nonpoint source pollution impacts of planned future development shall demonstrate that environmental standards for stormwater, riparian zones, and steep slopes will be met. The Township has adopted stormwater management ordinances (No. 7-2006 and 01-2008) which comply with the performance standards of the Stormwater Management Rules at N.J.A.C. 7:8. To ensure protection of the riparian corridors along all perennial and intermittent streams, the Township has adopted a riparian zone protection ordinance (No. 13-2000). Regarding protection of steep slopes (gradients 20 percent or greater), no area of steep slopes has been identified within the proposed development site. Consequently, the Department's requirements under this portion of the rule have been met.

In accordance with N.J.A.C. 7:15-5.24, sewer service may only be provided to areas that are not identified as environmentally sensitive. Environmentally sensitive areas are defined as contiguous areas of 25 acres or larger consisting of habitat for threatened and endangered species as identified on the Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species, Natural Heritage Priority Sites, Category One (C1) special water resource protection areas, and wetlands, alone or in combination. Excepting an expanse of wetlands in the southern portion of Block 401, Lots 2.02 and 2.03, (mapped pursuant to N.J.S.A. 13:9A-1 and 13:9B-25) the proposed development site does not include any other environmentally sensitive features. The applicant has received a Letter of Interpretation (LOI) from the Department (0803-11-0002.1-FWW11001) confirming the presence and boundary of an intermediate resource value wetlands, requiring a 50-foot buffer. In compliance with the LOI, the project's site plan excludes both the mapped wetlands and associated 50-foot buffer.

Water supply for the proposed development will be provided by the East Greenwich Township Water & Sewer Department which withdraws and treats water from the Potomac Raritan Magothly Aquifer. Water use analysis indicates that the 2.604 million gallons per day allocation currently permitted under WAP090001 is sufficient to meet the Township's needs and will not require modification to serve the proposed development.

Approval of this amendment does not eliminate the need for any permits, approvals or certifications required by any Federal, State, County or municipal review agency with jurisdiction over this project/activity.

This amendment proposal was noticed in the New Jersey Bulletin on October 10, 2012, Volume 36, Issue 9. No comments on this amendment were received during the public comment period.

This amendment represents only one part of the permit process and other issues may need to be addressed prior to final permit issuance. Additional issues which may need to be addressed may include, but are not limited to, the following: compliance with stormwater regulations; antidegradation; effluent limitations; water quality analysis; exact locations and designs of future treatment works (pump stations, interceptors, sewers, outfalls, wastewater treatment plants); and development in wetlands, flood prone areas, designated Wild and Scenic River areas, or other environmentally sensitive areas which are subject to regulation under Federal or State statutes or rules.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION

**NOTICE OF INTENT TO SETTLE
Freshwater Wetlands General Permit 20**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement that would authorize the removal of the existing landscape retaining wall and existing stones east of the landscape retaining wall and the restoration of the area to pre-disturbance condition. Specifically, the restoration activities will consist of the filling of the disturbed area to the east of the existing landscape retaining wall with dirt and approximately four inches of topsoil, re-grading the area of the existing landscape retaining wall to match the existing slope of the undisturbed portion of the transition area on the property, and re-vegetating the area using native plant species naturally occurring in transition areas. The project is located at the property known as 24 Farmhouse Lane, Block 161, Lot 50, Voorhees Township, Camden County, New Jersey. **The project is shown on plan sheets A through D, prepared by the petitioners, Gonzalo & Antonella Berthin, and submitted to the Department on January 12, 2012.**

Notice of the final permit decision will appear in the DEP Bulletin under the section entitled Division of Land Use Regulation.

IN THE MATTER OF: William M. Bass and Gonzalo & Antonella Berthin
File # 0434-08-0006.1 FWW080001
24 Farmhouse Lane
Voorhees Township, Camden County, New Jersey
Block 161, Lot 50

Comments regarding this settlement or requests for a copy of the project plan should be sent to: Christopher M. Dolphin, Section Chief, by email at Christopher.Dolphin@dep.state.nj.us or by telephone at (609) 633-2289. Comments must be received by NJDEP within 15 days of this publication.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION has entered into a Settlement Agreement that would authorize, via issuance of permits, specific beach and dune maintenance activities within the oceanfront beach area of Blocks 165, 180, and 187, Lots 33, 1 and 26 in the Borough of Manasquan, Monmouth County, under the Coastal Area Review Act (N.J.S.A. 13:19-1 et seq.) and the Waterfront Development Law (N.J.S.A. 12:5-3 et seq.). The Project is as shown on plans entitled "BEACH EROSION CONTROL PROJECT, ATLANTIC COAST OF NEW JERSEY SANDY HOOK TO BARNEGAT INLET, SECTION II ASBURY PARK TO MANASQUAN, SOUTH REACH PLAN -STA 21+ 24 to STA 55 + 58, MANASQUAN TO BELMAR, NEW JERSEY" dated December 5, 1996 prepared by U.S. Army Engineer District Corps of Engineers, New York, New York, sheet 5 of 57 and on a plan entitled "NJDEP PERMIT PLAN-BLOCK 187, LOT 26 BOROUGH OF MANASQUAN, MONMOUTH COUNTY, NEW JERSEY", dated December 22, 2011, unrevised and prepared by T & M Associates.

Notice of the final permit decision will appear in the DEP Bulletin under the section entitled Division of Land Use Regulation.

IN THE MATTER OF: Borough of Manasquan
File No. 1327-04-0019.1 APL 090001

Borough of Manasquan, Monmouth County, New Jersey
Blocks 165, 180 and 187, Lots 33, 1 and 26

Comments regarding this settlement or requests for information regarding this action should be sent to: Shorefront Region Section Chief at Division of Land Use Regulation, NJDEP, P.O. Box 420, Mail Code 501-02A, Trenton, NJ 08625-0420, or by email care of chris.dolphin@dep.state.nj.us or the office may be reached by telephone: (609) 633-2289. Comments must be received by NJDEP within fifteen (15) days of this publication, or, January 3, 2013.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
BUREAU OF COASTAL AND LAND USE COMPLIANCE AND ENFORCEMENT
NOTICE OF INTENT TO SETTLE A FRESHWATER WETLANDS VIOLATION**

PLEASE TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to settle an enforcement action pertaining to the below site and responsible party for violations of the Freshwater Wetlands Protection Act pursuant to N.J.S.A. 13:9B-21.j.

IN THE MATTER OF: VICTOR BATTAGLIA
 Enforcement File # 1318-10-0005.1
 Block 9, Lot 27; 10 Blue Hills Drive
 Holmdel Township, Monmouth County, New Jersey

Comments regarding this settlement or requests for a copy of the settlement should be sent to: Dwayne Snead, NJDEP Bureau of Coastal and Land Use Compliance and Enforcement, 401 East State Street, Mail Code 401-04C, PO Box 420, Trenton, New Jersey 08625-0420 or via email at Dwayne.Snead@dep.state.nj.us. Comments must be received by NJDEP within 30 days of this publication to be considered.

	Section	6
	Subsection	b
	Paragraph	
	Subparagraph	

Narrative	<p>The Applicant purchased the subject property, which was previously developed as a single family residence, with the intent of constructing a single family residence and accessory development. The Filled Waters Edge Rule, NJAC 7:27E-3.23, as was applied by NJDEP in its denial of the CAFRA application (File No. 1519-05-0009, 1 CAF 120001), precludes residential development of the site and requires the majority of the site to be dedicated to water dependent use. The Applicant requests a Waiver from the Filled Waters Edge Rule under two bases: 1. Unduly Burdensome; and 2. Conflicting Rules. The Applicant did not directly cause or contribute to the circumstances resulting in the waiver request. The Applicant did not demolish the previous residential development at the site and has not filled any portion of the site. The site has been zoned as residential since before CAFRA came into effect. The requested waiver is consistent with the Departments core missions to maintain, protect, and enhance New Jerseys natural resources and to protect the public health, safety, and welfare, and the environment. By waiving the water dependent use requirement of the Filled Waters Edge Rule a development that is consistent with the former use of the site and existing use of the surrounding land area could be achieved. The proposed single family dwelling and accessory development are permitted uses in Mantoloking Boroughs Residential Zone R-5A and consistent with the development in that area. The proposed residential development is protective of public health, safety and welfare as it will be served by public water and sanitary sewer; it will not overburden the small, rural type road that provides access to the site and neighboring homes; and it will not cause undue strain to the municipal emergency services. The proposed residential development is protective of New Jerseys natural resources and the environment because it avoids impacts to sensitive submerged vegetation habitat.</p>

Narrative	
	<p>The applicant, Ms. Antonellis, constructed a lake wall to replace a bank of boulders along the shore line of Lake Shawnee. Ms. Antonellis wanted to improve the shoreline and her intent was to continue the neighboring lake wall maintaining the character of the area. Not knowing she needed NJDEP approval, she hired a contractor to replace the dilapidated boulder shoreline with an aesthetically pleasing concrete and stone wall. In reviewing her deed, Deed Book 5553 Page 1, and Filed Map No. 1383, Ms. Antonellis has the ability to fill up to 100 in depth of her property into the lake. Overlaying an existing aerial from the municipality, the top of the existing boulder shoreline was roughly 47.0 feet to the dwelling at its closest point. The new concrete wall is 50.0 at its closest point to the dwelling. The difference of 3.0 feet, contained an undefined shoreline, lined with boulders and other debris. Not including the boulders and debris, the total fill estimated is 12.0 cu yds from the lake bed to current grade (a conservative number). The number would be less if boulders and debris would be taken into account. For the applicant to remove and replace the new wall is cost prohibitive. The attached pictures reflect the wall in line with the shoreline of the neighboring properties. The wall to remain in its present location would have a de minimus effect on the adjacent properties and the lake environment. Therefore, it is my opinion the wall should remain in its present location and a waiver should be granted.</p>

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
Notice of Public Comment Period for Request for Federal Consistency Determination

The requests for a Federal Consistency Determination for the projects listed below are reviewed under the Rules on Coastal Zone Management, N.J.A.C. 7:7E.

DIVISION OF REMEDIATION MANAGEMENT AND
OPERATIONS ELEMENT**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

Public notice of proposed permit actions

<i>Facility name / NJPDES Permit No ./ SRP Case ID</i>	<i>Facility location / address / County</i>	<i>NJDEP case manager / Bureau / phone number</i>	<i>Permit Type / Formation / Ground Water Classification</i>	<i>Executive Summary</i>
None at this time				

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF WATER QUALITY**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin *and* a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin *only*.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:

Notice of Public Comment Period Regarding Requests for Highlands Applicability and Water Quality Management Plan Consistency Determinations

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Division of Coastal and Land Use Planning, has received the following Highlands Applicability and Water Quality Management Plan Consistency Determination application(s) requesting the issuance of determinations in accordance with N.J.S.A. 13:20-1 et seq. Each application is described in the accompanying table.

All applications, prior to submittal for public notice, have been deemed administratively complete in accordance with N.J.A.C. 7:38-11.2(c)3 and the following agencies/persons have been notified by the applicant in accordance with the requirements under N.J.A.C. 7:38-9.2(b).

- i. The Municipal Clerk
- ii. The Highlands Council
- iii. The Municipal Environmental Commission (if one exists);
- iv. The Municipal Planning Board
- v. The Municipal Construction Official
- vi. The County Planning Board; and
- vii. The County Environmental Commission (if one exists)

Applications will be reviewed to determine whether the project proposal qualifies for the selected exemption and whether it is consistent with the applicable Water Quality Management Plan. Be advised, however, that the proposal will also be reviewed to determine whether it qualifies for an exemption other than the one specifically applied for.

The public notice has been prepared for these applications as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. An appointment to review the file pertinent to the listed proposals may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121.

The public comment period on these applications begins on the date of publication of this notice and will close thirty (30) calendar days later. Any interested person may raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP's final determination.

Written comments should be submitted to:

Elizabeth Semple, Acting Director
Land Use Management
Division of Coastal and Land Use Planning
Mail Code 401-07C
