UPCOMING EVENTS

E M P O W E R

Our mission is to increase the profile of women in Private Equity.

We provide venues and opportunities to meet business and political leaders to share insights

and promote women's role in the global economy.

All members are in decision-making roles at their organizations, and include Managing Director or Partner level professionals, Chief Investment Officers, Senior Portfolio

Managers, or similar level of responsibility.

“I have had the pleasure of being affiliated with PEWIN since early in its development. The spirit of collaboration and genuine desire for everyone to reach their highest potential is ingrained in the culture of the organization and permeates every encounter. Although the networking events are fun and filled with laughs, I am most impressed with the educational events which challenge me to think deeper and more creatively about the investment business. I am exceedingly glad that Kelly Williams brought this organization to life.”
