Student Growth Trends and Progress

These graphs illustrate trends in student growth over the last three years. Student growth is measured by median student growth percentile. The table below tells us how student growth over the last three years compares to the state standard of 40-59.5 and to the statewide median.

Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts and Mathematics Performance Trends

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the statewide assessment (NJSLA for 2018-19 and PARCC for 2016-17 and 2017-18) and the DLM alternate assessment. The Proficiency Rate for Federal Accountability measures the percentage of students that met or exceeded expectations on the assessments (NJSLA/PARCC or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. NJSLA/PARCC results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

English Language Arts Assessment - Participation and Performance

This table shows performance on statewide assessments for English Language Arts both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows performance on statewide assessments for Mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our [accountability resources](#).

Mathematics Assessment – Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level or end-of-course exam on the statewide assessment for Mathematics for the past three years. 2018-19 data is from the New Jersey Student Learning Assessment (NJSLA) and 2016-17 and 2017-18 data is from the PARCC assessment.

† 2018-19 results for Algebra I, Geometry, and Algebra II do not include students in grade 11, but 2016-17 and 2017-18 results do include students in grade 11. Therefore, trend data for these assessments may not be comparable.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	1
Total Unique Incidents	1
Incidents Per 100 Students Enrolled	0.25

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0

Incident Type	Incidents Reported to Police
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	0	0.0%
Out-of-School Suspensions	0	0.0%

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:35 AM
Typical End Time	3:05 PM
Length of School Day	6 Hrs 30 Mins
Full Time - Instructional Time	5 Hrs 15 Mins
Shared Time - Instructional Time	5 Hrs. 15 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3 through 10 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3 through 10. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures by Source

The link below produces a table summarizing the most recently available expenses for regular and special education students taught at schools in the district. The amounts shown include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities.

For more information regarding this table please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Comprehensive Annual Financial Report \(CAFR\) and Auditor Management Reports \(AMRs\)](#).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

[Link to District Summary of 2018-19 School-Level Per Pupil Expenditures by Source.](#)

An option to [download all school-level summaries by district](#) in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA).

Every three years (last identification in 2019, next identification in 2022), NJDOE will identify schools in the following three federal categories:

Comprehensive Support and Improvement - Overall Low Performing: Schools with a summative score in the bottom 5% of Title I schools.

Comprehensive Support and Improvement - Low Graduation Rate: High schools with a four-year graduation rate of 67% or less

Targeted Support and Improvement - Low Performing Student Group: Schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools

Annually, NJDOE will identify schools in the following federal category:

Targeted Support and Improvement - Consistently Underperforming Student Group: Schools with one or more students group that missed annual targets or standards for all indicators for two years in a row

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

ESSA Accountability Status

The table below provides the school's federal school status for the 2020-21 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support.

Status for 2020-21 School Year	Not in Status
Category of Identification	n/a
Year Eligible to Exit Status	n/a
Student Group Status: White	
Student Group Status: Hispanic	
Student Group Status: Black or African American	
Student Group Status: Asian, Native Hawaiian, or Pacific Islander	
Student Group Status: American Indian or Alaska Native	
Student Group Status: Two or More Races	
Student Group Status: Economically Disadvantaged Students	
Student Group Status: Students with Disabilities	
Student Group Status: English Learners	

† This flag is used if a school is identified for Comprehensive Support and Improvement, but one or more student groups met criteria for Targeted Support and Improvement.

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. ELA and Math Proficiency represent the percentage of students that met or exceeded expectations on statewide assessments (NJSLA/PARCC or DLM). ELA and Math Growth represent the median student growth percentile. Four- and five-year graduation rates represent the adjusted cohort graduation rates. Progress toward English Language Proficiency, which was first available in 2017-18, shows the percentage of English Learners that demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Chronic absenteeism represents the percentage of students that were absent for 10% or more of the days enrolled during the school year.

ESSA Accountability Indicator	2016-17	2017-18	2018-19
ELA Proficiency	42.2%	44.0%	40.3%
Math Proficiency	28.9%	30.5%	27.1%

Accountability Indicator Scores and Summative Ratings - 2018-19 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement every three years. During the three-year federal status period, schools receive additional resources and support. NJDOE will next identify schools for Comprehensive Support and Improvement in 2022.

This year accountability indicator scores and summative ratings are not used to identify schools for Comprehensive Support and Improvement, so these data are not included in the School Performance Reports. Review the previous two pages to see a school's current status, in the ESSA Accountability Status table, and to monitor a school's school progress on each accountability indicator over the last three years using the new ESSA Accountability Progress table.

Accountability Summary by Student Group - 2018-19 School Year

This table shows whether student groups in this school met annual ESSA accountability targets and standards for each indicator. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16 or the first year data was available. The standard for student growth is a median student growth percentile of 40-59.5. The target for chronic absenteeism is the statewide chronic absenteeism rate based on students enrolled in the grades served by the school. For more details on accountability targets, see these [accountability resources](#).

The accountability system will not be used to identify schools for Targeted Support and Improvement – Low Performing Student Group for 2018-19, so student group summative scores are not included in this table this year.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Highlights:

- The Maurice River Township School District offers a full day preschool program for three and four year old students. Using Creative Curriculum, students learn by exploring the world around them.
- The MRT offers a variety of after school clubs for students in grades Kindergarten through 8th including interscholastic sports. Students may participate in programs that teach skills in technology.
- Middle school students at MRT may choose up to three elective courses including, but not limited to: robotics, stress management, music appreciation, genealogy, theater, cosmetology, and Cyberpatriot.

Mission, Vision, Theme:

The mission of the Maurice River Township School District is twofold. First, we are committed to helping each child to learn and to achieve success. Second, we strive to provide significant opportunities for learning suited to the age and abilities of the student by way of a challenging curriculum. The goals of our mission are to create an environment where all children are made to feel unique and special and where staff believes that all children can learn. This environment is promoted by high expectations of the staff for all pupils in a goal-oriented atmosphere with students' success as its end. Our philosophy is that "Everybody is special. We believe it and we live it." The students and staff are told just how special they are every day. We provide a safe, caring, and nurturing environment for our students to learn and grow.

Awards, Recognition, Accomplishments:

The students and staff members of MRT have been recognized by various organizations for their accomplishments. MRT is proud to share that two 8th grade students were awarded full tuition, room, and board four-year college scholarships through the Give Back Foundation. Other students have qualified for elite programs such as the Tech Trek at Stockton University and the First Star Academy at Rowan University. Faculty and staff have also been recognized by the 12th of Never Foundation and through the Governor's Educator of the Year program.

 <p>Courses, Curriculum, Instruction:</p>	<p>Our standards based instructional programs are integrated with authentic learning experiences that include hydroponics, robotics, gardening explorations, astronomy, mock trials, and field experiences within our local community organizations such as the Bayshore Center. Additionally, we offer school-wide Response to Intervention and enrichment opportunities allowing us to personalize learning. Gifted and Talented Art, advanced math, and Algebra are among the course selections. The curriculum is supported using Envision Math 2.0, Mystery Science, Glencoe Science, Pearson Social Studies, Foundations, Making Meaning, and Being a Writer.</p>
 <p>Sports and Athletics:</p>	<p>Sports Offered: Basketball (Coed), Cheerleading (Coed), Soccer (Coed)</p>
 <p>Clubs and Activities:</p>	<p>The Maurice River Township School offers a dynamic music and drama program. The choir and band have performed at a variety of venues including the Wells Fargo Center for the Philadelphia 76ers and the Philadelphia Phantoms as well as Six Flags Great Escape. The drama team has performed musicals such as the Little Mermaid, Jr. and the show for 2019 will be Shrek, Jr.</p>

 <p>Before and After School Programs:</p>	<p>The Maurice River Education Foundation provides before-care and after-care services (Eagles Nest) for students of Maurice River Township School. This service is designed to provide a safe haven for students of families with special circumstances requiring students to be at school prior to the opening bell and after dismissal. The foundation hires qualified caretakers to monitor students while attending the program. Eagles Nest is open to all students in grades preschool through 8th grade.</p>
 <p>Staff and Professional Learning:</p>	<p>The faculty and staff of MRT are committed to lifelong learning as evidenced by their participation in professional development opportunities and professional learning communities. Teachers attend state and national conferences offered by their various associations as well as the NJEA teachers convention. Teachers also participate in workshops relevant to their content specialty. While in professional learning communities teachers collaboratively plan lessons, develop authentic assessments, and share best practices in the industry. Many of the faculty members at MRT have advanced degrees and continue to pursue graduate work at local colleges and universities.</p>

 <p>Student Supports and Services:</p>	<p>MRT has adopted a Response to Intervention (RtI) philosophy. All students in grades K-8 are benchmarked three times each year to identify areas of strength and areas in need of improvement. Students performing below grade level are offered additional support through an interventionist utilizing data to provide targeted interventions. Classroom teachers work collaboratively with interventionists to provide foundational skills to students in need. Other student services provided to students with differing abilities include occupational therapy, physical therapy, speech therapy, and counseling.</p>
 <p>Student Health and Wellness:</p>	<p>Student health and wellness is a major concern for our district. MRT offers a full-time school nurse who provides daily care to students in need, regular health screenings, and training to staff. The school nurse coordinates services such as the Tooth Mobile, the annual coat drive, and food drives throughout the year. Students are offered breakfast and lunch daily through the food services department and students in all grades have at least 20 minutes of recess daily as well as 150 of physical education weekly.</p>
 <p>Parent and Community Involvement:</p>	<p>Community involvement is essential to student success. The parents, caregivers, and community members of MRT are heavily involved in the life of the school. The PTA contributes greatly to the life of MRT by raising funds, hosting a variety of events and activities for students and families, and by sharing information with the community. The PTA coordinates community events such as Read Across America, holiday dances, and the Scholastic Book Fair. The Municipal Alliance plays a meaningful role at MRT by providing opportunities for students to hear about the dangers of drug and alcohol use. They have provided financial resources, sound equipment, and purchased recess equipment for all grade levels. MRT has also secured a partnership with the Family Strengthening Network to offer monthly family activities covering topics such as financial literacy, internet safety, and the Family Day of Service.</p>

Technology and STEM:

Meeting the needs of the 21st Century Learning requires access to the latest technology. All students in grades 3rd through 8th have access to Google Classroom through their ChromeBooks as MRT prepares to embark on a 1:1 initiative in the near future. Students in grades preschool through 2nd have access to desktop computers in the classroom as well as access to the computer lab for specials. MRT also has a MacBook lab thanks to the generous contributions of the MRT Education Foundation. Our school library also features desktop computers and a green screen for television recording. Students are given the opportunity to participate in STEAM courses through their elective period including classes such as robotics, engineering, and gardening.

Early Childhood Education:

The New Jersey Department of Education provides MRT with the necessary funding (Preschool Education Aid) to offer a free full day preschool program for students who are three and four years of age. Utilizing Creative Curriculum, students learn through exploration and play. Teaching Strategies Gold provides a digital platform to capture special moments in students' learning. Class sizes are limited to 15 students per class and instructional aids provide support to the classroom teacher. Registration for our preschool program begins in late March.
