Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
REQUEST TO RELEASE CONSERVATION RESTRICTION
PUBLIC HEARING

TAKE NOTICE that, in accordance with the New Jersey Conservation Restriction and Historic Preservation Restriction Act, N.J.S.A. 13:8B-5, the New Jersey Department of Environmental Protection, Division of Land Resource Protection (the "Department") has received an application for a partial release of a Conservation Restriction/Declarations of Environmental Restrictions by TMT Investment Realty dated September 28, 2020, on property identified as Block 339, Lot 38.02. The lot is shown on the official tax map of Wall Township in Monmouth County, New Jersey, and is developed with a single-family home, with associated driveway, pathways and shed. A portion of the property was deed restricted as part of a Transition Area Waiver Averaging Plan (File #1352-93-0004.2), approved by the Department on May 24, 1993 for construction of a single-family dwelling on adjacent Lot 38.01. Based upon recent site inspections and a new Letter of Interpretation (File #1352-19-0013.1 FWW190001) issued on February 14, 2020, the Department has determined that the original wetland delineation on the subject property was inaccurate. The previous inaccuracies resulted in portions of the property being restricted in error. The Department is considering the partial release of the deed restriction to establish the accurate limit of transition area on the property. The applicant is proposing a new single-family home to replace the existing dwelling. To compensate for the release, the owner is proposing to enhance riparian zones along the onsite stream by planting native trees and shrubs.

APPLICANT: TMT Investment Realty c/o Thomas A. McKinney, MM

PUBLIC HEARING NOTICE

**Department of Environmental Protection
Green Acres Program and Division of Fish and Wildlife**

and the New Jersey State House Commission

Notice of Public Hearings on Proposed Exchange of Property with the Central Jersey Rifle and Pistol Club, Inc. in Jackson Township, Ocean County and Upper Freehold Township, Monmouth County

Take Notice that in accordance with N.J.S.A. 13:1D-51 through -58, the State of New Jersey, Department of Environmental Protection (“NJDEP”), Green Acres Program and Division of Fish and Wildlife, will hold two **public hearings** to seek comments on a proposed exchange of property with the Central Jersey Rifle and Pistol Club, Inc. (“Club”) in Jackson Township, Ocean County and Upper Freehold Township, Monmouth County.

The Club and the NJDEP propose to exchange approximately 86.8 acres of land owned by the Club (Replacement Tract) for approximately 43.05 acres of land owned by the NJDEP (NJDEP Tract). The NJDEP Tract consists of portions of Block 17601, Lots 1, 3, 4, and 7 in Jackson Township, Ocean County. The street address is South Stump Tavern Road. The land is currently part of the Colliers Mills WMA and a portion of it has been affected by the accumulation of lead resulting from the discharge of lead shot at an adjacent shooting range operated by the Club. The proposed exchange of property would remove the affected land from NJDEP ownership and create a buffer area between the range and the WMA to ensure the safety of the public. The Replacement Tract is designated for tax purposes as Block 43, Lot 24 in Upper Freehold Township, Monmouth County. The street address is Route 539. The land is currently vacant forested land and will be incorporated into the adjacent Pleasant Run Wildlife Management Area (WMA).

A copy of a report analyzing the proposed exchange, including maps and a more detailed description of the proposal, is available online at www.nj.gov/dep/greenacres/notices.html

Due to the current State of Public Health Emergency, the hearings will be conducted remotely via Microsoft Teams. Members of the public may participate in the hearings via video conference or by telephone. Instructions for participating in the hearings can be found at: www.nj.gov/dep/greenacres/notices.html

The **first public hearing** on the proposed exchange will be conducted by the NJDEP and will be held on Wednesday, March 31, 2021 from 6:30 PM to 8:30 PM or close of public comment (whichever is earlier). Members of the public who do not have internet access may participate in the hearing by calling (856) 338-7074 and using the Conference ID number 432093117#.

The **second public hearing** will be conducted jointly by the NJDEP and the State House Commission (pursuant to N.J.S.A. 52:31-1.1) and will be held on Thursday, April 15, 2021 from 3:00 PM to 5:00 PM or close of public comment (whichever is earlier). Members of the public

who do not have internet access may participate in the hearing by calling (856) 338-7074 and using Conference ID number 178751343#.

Interested persons may obtain information from Mary Monteschio in the Division of Fish and Wildlife (contact information below) and may submit written comments to Ms. Monteschio until 5:00 PM on Thursday, April 14, 2021 for the first public hearing and 5:00 PM on Tuesday, April 29, 2021 for the second public hearing. Given the current State of Public Health Emergency, electronic submissions are preferred. Persons wishing to make oral presentations at either of the public hearings are asked to submit a written copy of their comments for use by the NJDEP and the State House Commission. For comments submitted electronically, please include "Proposed Exchange of Property with CJRPC" in the subject line of the email.
