What surprised you about the pandemic?

What surprised me about the pandemic was the fact that it came in so fast and so strong and many people weren't believing in it. They were not taking the precautions seriously which resulted in more and more people getting sick faster. I however followed the CDC rules and did not get sick.

What were your greatest disappointments as a result of the pandemic?

The fact that I got laid off from my job I was very upset because my unemployment wasn't coming through and I had no way to pay for my expenses and things I needed. Then when I got called back into work they reduced hours and that wasn't much of a help either that resulted in me having to get a second job.

Do you know where you can get tested for covid-19?

Yes. Raphael Life House
