LIST OF APPLICATIONS PENDING MORE THAN 60 DAYS

OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, P.O. Box 1889, Trenton, NJ 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

ASSOCIATION OF NEW JERSEY ENVIRONMENTAL COMMISSIONS

NEWARK – The Association of New Jersey Environmental Commissions, (ANJEC), together with fifteen other New Jersey environmental groups, will be presenting the 6th annual New Jersey Environmental Congress on October 20th. The Congress, which will be held at the New Jersey Institute of Technology (NJIT) offers an opportunity for the state's diverse environmental community and interested citizens to review environmental goals, hear from governmental leaders as to New Jersey's program in the pursuit of a better quality of life, and to hear experts discuss solutions to environmental problems.

The focus of this year's congress will be the effective management and implementation in the 1980's of the environmental technology and regulation developed in the past decade.

U.S. Senator Bill Bradley has been invited to open the morning session to discuss the national perspective on environmental issues in the 1980's. N.J. Senator Joseph Merlino has been invited to provide the state's perspective and Newark Mayor Kenneth Gibson, the local perspective. DEP Commissioner Jerry English has also been invited to address the environmental community. A question and answer session will follow.

Six concurrent seminars will analyze specific strategies for environmental action in the afternoon session. Participants will be asked to develop a list of legislative and administrative recommendations to submit to Governor Byrne and the appropriate agency.

The subjects of these seminars will be:

- Local Decisions in Water: Protection of Demand ?
- Solid Waste: New Jersey's Only Increasing Resource
- Transportation Planning, A Vehicle for Clear Air
- Some Call it Lobbying: How to Affect Legislation and Regulation
- Saving the Back Forty: Farmland Preservation in the 1980's
- Urban Land Use Planning: The Citizen's Role

A cafeteria lunch will be available to those who pre-register by October 1st. During this break, participants can view exhibits and/or take a short tour of environmental projects in Newark.

The Congress provides a unique opportunity for anyone concerned with the New Jersey environment to learn what groups around the state are doing and to meet with other concerned citizens. Participants will consider solutions to many of New Jersey's environmental problems to maintain and expand the gains won by the activism, legislation and regulations of the sixties and seventies.

The Congress is being co-sponsored by the American Littoral Society, Delaware and Raritan Canal Coalition, League for Conservation Legislation, Middlesex-Somerset-Mercer Regional Study Council Inc., New Jersey Audubon Society, New Jersey Conservation Foundation, New Jersey League of Women Voters, New Jersey Public Interest Research Group, Sierra Club, Soil Conservation Society, South Branch Watershed Association, Stony Brook Millstone Watershed Association, Trust for Public Land, Upper Raritan Watershed Association, and the Youth Environment Society.

Cooperating agencies include the New Jersey Department of Environmental Protection, New Jersey Department of Transportation, New Jersey Department of Energy and the United States Environmental Protection Agency.

Those interested in further information can call Jennifer Howell at 201-539-7547 or write Box 157, Mendham, N.J. 07945.

ANJEC is a private, non-profit membership organization that serves the needs of the State's over 300 environmental commissions by providing professional guidance, education, and research and by acting as a liaison with state and federal government.

October 10--HIKE TO SUNFISH POND--DEP Commissioner Jerry Fitzgerald English will lead a hike by DEP personnel and other interested persons to Sunfish Pond from Route 80 near the Delaware Water Gap on October 13.

* * *

October 10--ENGLISH SUPPORTS TOXICS LEGISLATION--Commissioner English, in a statement to the Assembly Committee on Agriculture and the Environment, endorsed A-3542, a bill by Assemblyman Raymond J. Lesniak to broaden the existing State Spill Compensation and Control Act, to finance additional toxic cleanups by DEP.

* * *

October 11--DEP PRAISES EPA FAIRLESS SUIT--A suit by the U.S. Environmental Protection Agency (EPA) against U.S. Steel Corp. for air pollution incidents in New Jersey which originate in its Pennsylvania Fairless Works drew praise from DEP Commissioner English. She said the EPA action responded to Governor Byrne's notice last August that the City of Bordentown and New Jersey would sue U.S. Steel and EPA for lack of violation corrections.

* * *

October 11--COURT UPHOLDS NEW JERSEY GLASS EMISSION STANDARDS--Commissioner English announced that the State's air pollution particulate emission standards for glass furnaces had been upheld by the Appellate Division of Superior Court in a suit brought by Anchor Hocking Corporation of Delaware which claimed standards are too stringent.

* * *

October 11--GOVERNOR NAMES SCIENCE ADVISORY COMMITTEE--Governor Byrne named a nine-member science advisory committee to aid in public policy decisions by the State. Members are: Dr. Irvin Glassman, Princeton University, chairman; Professor Harold H. Haskin, Rutgers University; Dr. Peter M. Hay, Sandoz Colors and Chemicals; Dr. Kenneth B. McAfee, Jr., Bell Telephone Laboratories; Dr. Robert S. Freund, Bell Labs; Professor William Goldfarb, Rutgers; Dr. Barbara Metzger, EPA; Dr. Frank Von Hippel, Center for Energy and Environmental Studies, Princeton and Professor Frank Haughey, Rutgers.

NEW JERSEY DEPARTMENT OF TRANSPORTATION
HIGHWAY PERMITS PROGRAM

On or about the 15th of each month, the Weekly Bulletin will include information concerning the current disposition of all permit applications submitted to the Department of Transportation. The interim status column reflects the status of each application as of the last business day of the preceding month.

In order to be more responsive to the needs of applicants and to facilitate processing applications in a timely manner, the State has been divided into four (4) Regions. Based on the geographical location of the proposed work requiring a permit, a permit application should be obtained from, and the completed application submitted to the appropriate Regional Office listed below:

REGION I — Sussex, Warren, Morris, Hunterdon, Somerset

Morris Gepner - Regional Maintenance Engineer
N.J.D.O.T.
Route 206, P.O. Box 55
