VARIOUS METHODS OF MITIGATING
PROPERTY TAX OVERBURDEN

MAY, 1974

New Jersey State Library

DEDUCTIONS FOR MUNICIPAL OVERBURDEN

The attached charts give an approximation of the dollar affect on each municipality, by having the state remove several costs from the local property tax base, and by having the state provide assistance in the form of a block grant, and subsidized housing rebates. The attached pages do not give consideration to the school financing plan.

A summary description of each column is as follows:

1974 Total Tax Levy - The total amount of money which must be raised by the local property tax, including school costs. All data is based upon preliminary 1974 Abstracts of Ratables, except Hudson County, where the Abstract is not yet available - for Hudson the 1973 Total Tax Levy is used.

DEDUCTIONS:

County Welfare - The 1974 County appropriation for AFDC, Bureau of Children's Services, County Welfare Board Administration, Assistance to the Working Poor, and Supplemental Social Security Income. The total county cost was then apportioned among each municipality in the county on the basis of the municipality's Equalized Valuation, as of October 1, 1973.

Municipal Welfare - The 1974 appropriation in the municipal budget for public assistance, and public assistance administration.

In Lieu of Taxes - The assessed value of all state-owned property in each municipality, excluding, roads, bridges, parks, riparian land, watersheds, reservoirs, wilderness and open space. This value was then multiplied by the 1973 non-school equalized tax rate to determine the amount of money the state would have paid the municipality in 1974.

Housing Make-up - This program would make provisions for the state to pay the difference between what the municipality now receives from in lieu tax payments on publically assisted housing, and what a municipality would be receiving if these units paid full property tax rates. To determine the amount, the following procedure was used: the product of the number of publically financed units X their replacement cost X the 1973 equalized tax rate is the total property taxes due; from this figure is subtracted the in lieu payments received, to arrive at the net cost to the state.

County Courts - The 1974 county appropriations for County Courts, Law Library (Superior Court), District Courts, Juvenile and Domestic Courts, Jury Commissions and Fees, Surrogate, Probation and Law Library; less revenue received from County and District Courts, Surrogate and Probation Departments. The net total county cost was then apportioned among each municipality in the county on the basis of Municipality's Equalized Valuation, as of October 1, 1973.

Net Block Grant - The Block Grant is a program which would theoretically provide a mechanism to give each municipality a property tax base equal to the state-wide average property tax base per capita. Apportionment is based upon the following formula:

$$\text{Aid} = \frac{(\text{Pm Vpcs} - \text{Vm})}{\text{Pm Vpcs}} (\text{Tm})$$

Pm = Population
Vpcs = Average state-wide equalized valuation per capita
Um = Equalized Valuation of the individual municipality
Tm = Local Purpose Tax Levy, plus Municipal Aid received in that year.

The formula produced a cost of \$108,000,000 assuming the program had been funded in 1974. The net Block Grant amount, \$70.4 million, represents adjustments for those 24 municipalities which did receive municipal aid in 1974.

Total Deductions - The sum of County Welfare, Municipal Welfare, In Lieu of Taxes, Housing Tax Make-up, County Courts, and Block Grant.

The Total Deductions represent the amount of money which would have been removed from the 1974 Total Tax Levy, if these programs had been implemented in 1974. The Total Deductions are slightly less than 10% of the Total Tax Levy.

The 1974 Total Tax Levy has not yet been adjusted to show the effect of the School Financing Plan. If 1974 school cost levies had been removed from the Total 1974 Tax Levy, the deduction, itemized in these charts, would represent approximately 23% of the non-school Tax Levy.

All figures in the attached charts have been rounded.
