The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	94.4	17.5%
Mathematics Proficiency	67.9	17.5%
English Language Arts Growth	97.8	25.0%
Mathematics Growth	89.1	25.0%
Chronic Absenteeism	46.0	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		82.1
Summative Rating: Percentile rank of Summative Score		92.9

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 Courses, Curriculum, Instruction:	<p>Commitment to educational rigor, differentiation, and development of the total child is evident in all classrooms. This is demonstrated through the use of technology, online components, hands-on and project-based learning opportunities, STEM initiatives, mindfulness activities, and a strong commitment to the related-arts. Our Gifted and Talented program serves youngsters in a variety of settings with an emphasis on academics (Reading and Math) and the Arts (Drama and Fine Arts) in grades 4-6.</p>
 Clubs and Activities:	<p>Students in 5th and 6th grades are eligible to participate in Middle School sports with Henry Hudson Regional School. Additionally, they have the opportunity to participate in the following extra-curricular clubs: boys/girls intramurals, technology club, photography club, chorus, and the spring musical. Students in 4th-6th grades can also participate in instrumental band, National Elementary Honor Society, and student council.</p>
 Before and After School Programs:	<p>Before school and aftercare are provided for a fee onsite by the YMCA. All students, preschool through 6th grade can attend.</p>

 Staff and Professional Learning:	<p>Staff professional development is on-going and embedded throughout the year. In addition to local in-service opportunities we participate in various Tri-District Staff Development days, which provide teachers a broad range of workshops and conferences which align to their content areas while also allowing for collaboration across grade levels with teachers from the other schools in the Tri-District. Many teachers also take advanced course work to enhance their professional knowledge.</p>
 Student Supports and Services:	<p>Student supports are provided in a wide variety of ways. Special education programs include resource centers, in-class supports, self-contained learning disabilities classes, and a preschool disabled program. Our Academic Support Instruction program affords students targeted opportunities to improve their skills in reading and math. Also, our active Intervention and Referral Services Committee helps design program modifications for general education students experiencing difficulties in school.</p>
 Student Health and Wellness:	<p>The Atlantic Highlands Elementary School values the health and wellness of all students. This is promoted in various ways including the following: Physical education classes integrated into student schedules; daily recess for all students preschool through 6th grade; incorporation of yoga and mindfulness techniques in classrooms; school playground open for community and student use before and after school hours. School utilizes nutrition and allergen policies to maintain a healthy environment.</p>
 Parent and Community Involvement:	<p>Parental and community involvement is a key factor in our school's success. Programs such as Math Olympics, Field Day, Tiger Patch Garden, Senior RSVP Reading Program, and volunteer opportunities encourage a partnership between home, school, and the community to support the students. Our active and dedicated Parent Teacher Organization supports a variety of programs including assemblies and family nights. The local Education Foundation supports individual teacher grants to enhance instruction.</p>
