Chairman's Report

Chairman Van Ess welcomed everyone to the meeting. He shared the Governor's office has successfully moved the GCSUD to a sustainable funding source and will be receiving funding from the Cannabis Regulatory, Enforcement Assistance and Market Modernization Fund along with the \$5.4 million budget now provided through the Underage Deterrence and Prevention Account that flows through the Cannabis Regulatory Commission.

Executive Director's Report

Executive Director Celina shared that she was pleased about the establishment of a new funding source for GCSUD and its Alliance to Prevent Substance Use Disorder. Ms. Levy stated that this funding provides the kind of stability and sustainability that ensures the program will continue to serve New Jersey's communities.

The Governor's office is in receipt of the Master Plan for review, and after any input is incorporated, then it will be presented to the Master Plan subcommittee for final review. It will then be presented to the Council for adoption.

Deputy Director Rebecca Alfaro is working with DMHAS on the completion of the funding process and is continuing to work on the remaining funding. More updates will be available at the next Council meeting.

The next phase of development in MAGS is underway with site visits and budget modifications being available in the system.

The Guidelines workgroup met over the summer and have created new guidelines for the FY27 grant term. A new funding formula has also been created with expected rollout in the fall.

Ms. Levy thanked the Council members for their guidance and support, the County Alliance Coordinators for their good work, GCSUD staff for moving the office forward and to Neil Van Ess for his ongoing leadership and support.
