As per NJAMHAA's formal response to the proposed changes to the Board of Social Work Examiners' regulations on Continuing Education Credits and Continuing Education Sponsors, NJAMHAA is opposed to a number of the provisions as proposed. As New Jersey's behavioral healthcare field has a broad diversity of providers (e.g., social workers, licensed professional counselors, licensed alcohol and drug counselors, licensed rehabilitation counselors), NJAMHAA recommends that these proposed regulations be amended in recognition of the wide breadth of disciplines in the behavioral health field. In addition, to optimize the scope of continuing education-eligible programs, NJAMHAA requests that state behavioral-health trade associations, professional and stakeholder organizations be specifically included among the organizations that may offer continuing education for social work practitioners affected by these proposed regulations. Such associations and organizations have provided professionally recognized and well-received conferences and training sessions for decades.

In that we, as members of NJAMHAA, share the BSWE's interest in assuring that professional social workers, as well as all professional practitioners involved in the behavioral health field, are competent to practice safely and effectively, we are raising this matter at this time because we believe that the regulations as proposed will negatively impact behavioral health services to the disservice of those our respective organizations ultimately serve.

We urge the BSWE to incorporate the following points prior to the adoption of the proposed amendments:

- Expand the organizations, proposed at N.J.A.C. 13:44G-6.4(c)8, that may offer continuing education hours to include those "licensed or under contract" by the state departments cited in the proposed provision. A considerable number of providers this affects are not licensed, but are under contract with the state departments mentioned in the proposed amendments. By restricting providers to those solely "licensed" by these departments, many critical community providers would be prohibited from providing continuing-education hours and would have to incur new and unexpected costs to assure the provision of continuing education hours to their staff.
- Expand organizations, under N.J.A.C. 13:44G-6.4, that may offer BSWE continuing-education hours and credits to include the New Jersey Association of Mental Health and Addiction Agencies

New Jersey Association of Mental Health and Addiction Agencies, Inc.

njamhaa

(NJAMHAA), which represents practitioners from diverse professional disciplines and has decades of experience in providing BSWE-approved courses at its conferences and training sessions. NJAMHAA conferences and trainings keep behavioral health practitioners continually up-to-date in their collective fields.

- Require all of the new continuing-education approval entities to qualify NJAMHAA's course offerings as meeting BSWE's continuing education credit requirements, under N.J.A.C. 13:44G-6.7. NJAMHAA's behavioral health course offerings will reflect BSWE topic areas including, but not limited to: ethics; cultural competence; clinical practice; community strategies for working with diverse populations; and advocacy.
- Assure all revised continuing-education requirements produce training opportunities that are affordable and accessible to nonprofit providers and staff.

We, the undersigned, are deeply committed to the provision of continuing education that is relevant and responsive to the needs of those we serve. We sincerely believe that the above considerations will strengthen our organizations' joint commitment toward this end by better preparing the cadre of practitioners called upon to treat increasingly diverse needs and emerging treatment populations.

Sincerely,

Debra L. Wentz
