### Sept. 2022 - Port Newark's Special PATH Delivery

PATH entered a new phase of its ambitious \$1 billion PATH Improvement Plan (PIP) with the delivery to Port Newark of two new rail cars on Sunday, Sept. 11, 2022.

These two cars built by Kawasaki represent an important step in the scheduled addition of 72 modern cars by the end of 2023 to increase capacity, reduce delays, and enhance the customer experience.

The cars arrived at Port Newark via a Ro-ro vessel originating in Japan.
