ABOUT THE DEP BULLETIN

The DEP BULLETIN is an informational service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by D.E.P. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Wetlands permits, Stream Encroachment permits, Sewerage Extension permits, and CAFRA permits (Coastal Area Facility Review Act). In addition the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. (The Public Hearings however, are not official DEP notices). Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

.....USE THIS SERVICE FOR MAJOR PROJECTS

As Staff to Commissioner John J. Horn of the Department of Labor and Industry, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

- A. Advise you of the state permits required for your project, upon completing "MASTER PERMIT INFORMATION APPLICATION FORM"
- B. Coordinate contacts with relevant local and state regulatory agencies upon request.
- C. Monitor the progress of your permit applications.
- D. Act to ensure processing of most permits within 90 days of application.
- E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, P.O. Box 1889, Trenton, NJ 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallorage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

(Recent press releases in capsule form)

October 14--DEP GRANTS APPROVAL FOR TAX-EXEMPT SITES--Commissioner Jerry Fitzgerald English announced the approval of nine applications covering 1,947 acres of open space sites in eight different municipalities for inclusion in the Green Acres Tax Exemption Program. The program provides property tax exemptions to nonprofit organizations which open their own land for public use. Since its inception the program has opened over 16,000 acres --71 sites in 59 municipalities throughout the state--for a wide variety of environmental uses. For further information contact Administrator, Green Acres Program, 1301 Parkside Ave., Trenton 08638.

October 14--CAFRA PERMIT DENIED--DEP's Division of Coastal Resources has denied a Coastal Area Facility Review Act (CAFRA) permit which would have allowed the ICI Service Corporation of New Jersey to construct a large scale planned residential development known as Reeds Bay Village, in eastern Galloway Township.

* * *

October 15--N.J. ASSOCIATION OF UNIVERSITY WOMEN SUPPORT BOND ISSUE--Commissioner English welcomed the endorsement of the New Jersey Division of the American Association of University Women (AAUW) in support of the \$145 million Natural Resources Bond Issue which will appear on the November 4 ballot. The AAUW noted that the bond issue had been developed with considerable citizen input and addressed the important issues of resource recovery and the protection of water resources for multiple use.

October 22--DEP SAMPLING ATMOSPHERE FOR BOMB TEST FALLOUT--DEP is monitoring and evaluating the effects in New Jersey's atmosphere of an atomic bomb test by the Republic of China on Thursday, October 16, 1980 at approximately 12:30 p.m. E.S.T. The high altitude bomb detonated by the Republic of China is estimated to be between 200,000 to 1 million tons. No effects from the test were expected over New Jersey until last night (Oct. 21). As a result of the bomb test, DEP

(more)

received notification from the federal Environmental Protection Agency (EPA) to activate New Jersey's environmental air station located in Trenton which is part of the nationwide Environmental Radiation Ambient Monitoring System (ERAMS). In addition, DEP will be monitoring ambient air from its monitoring stations located in Trenton, New Brunswick, Forked River and Salem for four specific indicators -- gross beta activity, Strontium 89 and 90, specific gamma ray-emitting radioactivity, and Iodine 131. A precipitation collector at the Trenton station will be analyzed only if any precipitation occurs, specifically for gamma ray-emitting nuclides, including Iodine 131.

October 22--DEP ORDERS WATER COMPANIES TO TAKE NEW YORK CITY WATER--Commissioner English signed an Administrative Order that obligates both the Hackensack Water Company and the City of Jersey City to immediately undertake the delivery of the maximum available amount of potable waters from the City of New York. The Order will continue in full force and effect until recinded.

October 23--NEW JERSEY REVIEWING EPA DECISION ON OUT-OF-STATE OZONE POLLUTION--Commissioner English announced plans to conduct an intensive review of the federal Environmental Protection Agency's (EPA) decision designating large areas of the nation east of the Mississippi in compliance for ozone pollution. "I have also asked other states in the northeast for their support," said Commissioner English. In a recent argument in Federal Court, New Jersey stated that EPA's designation process allows states upwind of New Jersey to pollute New Jersey's air. New Jersey won its case against EPA on procedural grounds, but the technical grounds were never decided. Subsequently, the EPA reissued essentially the same designation list as before while brushing aside New Jersey's technical arguments as "unreliable." Commissioner English expressed strong opposition to the EPA's lack of action controlling ozone emissions in all states. Ozone, also called photochemical oxidants or smog, is formed in the atmosphere by the emission of hydrocarbons from motor vehicles and industrial stacks. Due to weather conditions, ozone can form hundreds of miles downwind from the original discharge. New Jersey has argued that if these out-of-state sources are not controlled with the best technology possible, no matter what is done in controlling emissions within New Jersey, the state will be unable to achieve the clean air standard for ozone.

October 23--FERRY SERVICE TO LIBERTY ISLAND EXTENDED--DEP announced the schedule for Circle Line ferry service to the Statue of Liberty and Liberty Island from Liberty State Park in Jersey City has been extended for one month from its normal closing date of October 26 to the new date, Sunday, November 30. For information on Circle Line Tours, call 201-435-9499.

October 23--ADMINISTRATIVE ORDERS, PENALTY ASSESSED FOR WATER QUALITY VIOLATIONS--DEP's Division of Water Resources issues administrative orders to the City of

Vineland and to the Landis Sewerage Authority (LSA) also of Vineland (Cumberland County), directing, among others, that they cease the land-filling of sludge at their respective sewage treatment plants; and requiring the installation and sampling of groundwater monitoring wells. Vineland Chemical Co., Inc. was assessed a Civil Administrative Penalty of \$3,000 for installing an ion exchange column or deionizer without the appropriate DEP approvals.

* * *

October 24--TWO FIRMS FINED FOR UNPERMITTED DISCHARGES--DEP's Division of Water Resources assessed a Civil Administrative Penalty of \$1,850 against the Roadking Truck Wash of Jersey City (Hudson County) for discharging wastewaters from its truck wash operation into the Hackensack River. The company had never applied for a permit for the discharge, which contains excessive concentrations of chemical oxygen demand, suspended solids, oil and grease, and biochemical oxygen demand. An Administrative Order to the company directs Roadking to immediately initiate all steps necessary to cease the discharge and to submit an engineering report detailing the manner in which this is to be accomplished. The Log Cabin Company, owners of the Carriage House Restaurant of North Brunswick Township (Middlesex County) was issued such penalty of \$2,500 for its unpermitted septic tank discharge into a ditch tributary to Six Mile Run, which flows into the Millstone River, a public potable (drinking) water source. An Order accompanying the penalty assessment requires Log Cabin Realty to immediately cease its unpermitted pollutant discharge and to submit a written report to DEP detailing how the discharge has been eliminated. Noncompliance with the order could result in penalties of up to \$10,000 against the company for each day that an unpermitted discharge continues.

PUBLIC NOTICE

NOTICE: STATE CERTIFICATION OF DRAFT NPDES PERMITS

Notice is hereby given that the applicants, as listed on the following table, have applied to the United States Environmental Protection Agency (EPA) under the provisions of the Clean Water Act, 33 U.S.C. §1251 et seq. (the Act), for a National Pollutant Discharge Elimination System (NPDES) permit to discharge pollutants from facilities, located as shown on the table, into navigable waters of the United States.

The New Jersey Department of Environmental Protection (NJDEP) has certified the draft permit in accordance with the provisions of §401 of the Act. A description of each proposed discharge and the receiving body of water is given.

The United States Environmental Protection Agency has tentatively decided to issue a NPDES permit to the applicants. The State of New Jersey Department of Environmental Protection (NJDEP) has issued certifications of the draft NPDES permit subject to certain effluent limitations, standards, prohibitions, and other conditions, necessary to carry out the provisions of the Act and the "New Jersey Water Pollution Control Act," N.J.S.A. 58:10A-1 et seq. The certification formulated by DEP is based upon the administrative record.

Each administrative record is on file at the offices of the NJDEP Division of Water Resources, located on 1474 Prospect Street in the Township of Ewing, Mercer County, N.J., and may be inspected and for a fee copied between 8:30 a.m. and 4:00 p.m., Monday through Friday. A copy of each state certification, and other available information may be obtained by writing to the address which appears at the top of this notice.

New Jersey Is An Equal Opportunity Employer

-2-

Interested persons may submit written comments on the state certification and administrative record to the Assistant Director, Water Quality Management at the above address cited. A copy of the comments should be sent to the Chief, Permits Administration Branch, Region II, U.S.E.P.A., 26 Federal Plaza, New York, New York 10007. All comments shall be submitted within 30 days of the date, of this public notice.

In lieu of, or in addition to, the submission of comments as above provided, any interested person may request that the Commissioner of NJDEP hold a hearing regarding the certification of the proposed discharge. Such request shall indicate the proposed issues to be considered at the hearing.

Any request for a public hearing regarding NJDEP's certification of the proposed discharge should be in writing and submitted to the Assistant Director, Water Quality Management, at the above address with a copy of the request to the Chief, Permits Administration Branch, EPA, Region II. Such request shall be submitted within 30 days of the date of this public notice.

If NJDEP orders that a public hearing be held regarding its certification, and the Enforcement Division Director of EPA, Region II, has also decided to hold a public hearing, the hearings will be held jointly by NJDEP and EPA. If the Enforcement Division Director of EPA, Region II, has decided not to hold a public hearing, NJDEP may itself hold a public hearing regarding its certification.

If NJDEP does not hold a public hearing or reopen the comment period, NJDEP will consider the issuance of the certification to be final within 30 days of the date of this public notice. All comments timely submitted by interested persons in response to this notice, and statements and other evidence properly submitted at any public hearing held by NJDEP will be considered with respect to this certification for a permit.

NJDEP's decision on the issue of whether to hold any hearing, the administration of any hearing and the rights and obligations of participants are governed by NPDES regulations (40 CFR 124) and the "Administrative Procedures Act" N.J.S.A. 52:14B-1 et seq.

NEW JERSEY DEPARTMENT OF TRANSPORTATION
HIGHWAY PERMITS PROGRAM

On or about the 15th of each month, the DEP Bulletin will include information concerning the current disposition of all permit applications submitted to the Department of Transportation. The interim status column reflects the status of each application as of the last business day of the preceeding month.

In order to be more responsive to the needs of applicants and to facilitate processing applications in a timely manner, the State has been divided into four (4) Regions. Based on the geographical location of the proposed work requiring a permit, a permit application should be obtained from, and the completed application submitted to the appropriate Regional Office listed below:

REGION I - Sussex, Warren, Morris, Hunterdon, Somerset

Morris Gepner - Regional Maintenance Engineer
N.J.D.O.T.
Route 206, P.O. Box 55
