

"I have always felt strongly about helping others. I am an Eagle Scout. Over the years, I have worked with many youth serving and community service organizations including the Elks, Scouts, and my Fraternity.

My children have benefited from many South Mountain Y programs. I was eager to help the South Mountain Y when it first started the community service program ("Togetherhood") in 2014 designed to give back to the South Orange-Maplewood community and beyond.

During the COVID pandemic, I am thrilled to see my South Mountain Y step up in food distribution for those in need, day care for essential workers, blood drives, book and school supply drives, holiday meal and gift drives, just to name a few. The Y is an integral part of the community which we serve."
