CEO REPORT

Report of the Chief Executive Officer

April 16, 2025

Board of Commissioners
 Delaware River Port Authority of Pennsylvania and New Jersey
 One Port Center
 2 Riverside Drive
 Camden, New Jersey 08101-1949

To the Commissioners:

The following is a summary of recent DRPA activities. The appropriate reports are attached.

AROUND THE AUTHORITY

Safeguarding Our Bridges and Critical Infrastructure

The safety and security of our bridges are our top priorities. In response to the National Transportation Safety Board's (NTSB) recent report, *Safeguarding Bridges from Vessel Strikes: Need for Vulnerability Assessment and Risk Reduction Strategies*, the Delaware River Port Authority (DRPA) assures the public that we have proactively assessed and continue to strengthen our infrastructure against vessel collisions and other potential threats.

In 2003, DRPA conducted comprehensive Threat and Vulnerability Assessments of all core facilities, identifying key risks and implementing countermeasures such as rock islands at the Commodore Barry Bridge and cable hardening at the Ben Franklin and Walt Whitman bridges.

BEN FRANKLIN BRIDGE

WALT WHITMAN BRIDGE

COMMODORE BARRY BRIDGE

BETSY ROSS BRIDGE

Since that initial system-wide threat assessment was conducted in 2003 we have continuously assessed our risks and vulnerabilities at the four bridges and PATCO, completing at least five comprehensive assessments over the past twenty years, in addition to three assessments that are currently in process.

In 2023, DRPA initiated a system-wide All-Hazard Risk Assessment for its four bridges and PATCO. This comprehensive assessment, currently underway, will identify critical areas and evaluate vulnerabilities from both operational and engineering perspectives using a mathematical risk model.

In 2024, DRPA initiated a Pier and Vulnerability Analysis at the Commodore Barry and Betsy Ross Bridges to assess whether existing vessel protection systems can withstand the increasing risks posed by larger vessels. Once the study is complete, we will evaluate recommendations and explore improvements to enhance bridge safety.

Additionally, in 2023, DRPA initiated the Benjamin Franklin Bridge and Walt Whitman Bridge Fender and Pier Rehabilitation Project to design improvements to the vessel protection systems at the Ben Franklin and Walt Whitman Bridges that were identified in the Biennial Inspection Report. On March 20, 2025, the project achieved its 30% design mark.

The 30% design provides 8 alternatives for vessel protection including a recommended alternative. Upon review of this 30% design, we will progress with the selected alternative.

Through continued collaboration with the U.S. Coast Guard, Army Corps of Engineers, and the Pilots’ Association, we are committed to holding our infrastructure to the highest safety standards, safeguarding the vital crossings that millions rely on every day.

Colleague’s Quick Thinking Saves a Life

In November, WWB Toll Collector **LaTasha Taylor**, who joined DRPA in February 2024, demonstrated the importance of vigilance and swift action. Despite being fairly new to her role, LaTasha noticed a motorist parked near the toll plaza and observed them walking toward the bridge. Sensing something wasn’t right, she immediately contacted DRPA police dispatch. Thanks to her quick response, officers arrived on the scene in time to intervene.

It was determined that the individual had been intending to jump from the bridge, and they were safely taken to receive the help they needed. This act of awareness and quick action undoubtedly saved a life.

Thank you, LaTasha, for your attentiveness and dedication to keeping our community safe. LaTasha was

recently presented with a Letter of Commendation for her actions from our Police Department. This situation highlights the critical role each of us plays in maintaining safety. LaTasha's awareness and decisive response saved a life- a powerful reminder of the difference one person can make by staying alert. If something feels out of place, trust your instincts and report it. It could save someone's life.

If you or someone you know is struggling with suicidal thoughts or feelings, help is always available. The 988 Lifeline is available 24/7 by calling or texting "988".

FTA Triennial DBE Goal-Setting Methodology – FFY 2026 – 2028

As a recipient of Federal Transit Administration (FTA) funding, DRPA is required to establish a Disadvantaged Business Enterprise (DBE) program that is narrowly-tailored and fully-compliant with federal regulations. Every three (3) years the DRPA is required to calculate the percentage of work that we expect will likely be part of FTA-funded construction contracts.

We are also required to make a reasonable effort to determine the availability of ready, willing, and able DBEs in New Jersey and Pennsylvania. **Toni P. Brown**, Chief Administrative Officer, serves as the Authority's Disadvantaged Business Enterprise Liaison Officer (DBELO). This year, the Office of Business Development & Equal Opportunity Manager, EEO, **Sonia L. Inman**, will lead the DBE Goal-Setting Methodology Process.

We kicked off the process on March 18, 2025, by developing a comprehensive timeline of specific tasks that will need to be accomplished. OBD&EO will work closely with Engineering to forecast projects. Staff will perform data calculations to develop a proposed overall DBE goal. Once we have a goal that we believe is reasonable, we will advertise it to the public and hold community meetings to get feedback.

After that work is complete, we will present the proposed goal to the Operations & Maintenance Committee for consideration and approval. Assuming the Committee approves the goal, CAO Brown will present the goal to the Board for approval. Both presentations will be held in June 2025.

Our proposed overall goal must be submitted to the FTA on or before August 1, 2025. The goal will cover the federal fiscal years 2026, 2027, and 2028.

PATCO Franklin Square Station Reopens

PATCO's Franklin Square Station in Philadelphia officially reopened after a \$29.3 million renovation. A ribbon-cutting ceremony was held on Thursday, April 3, to celebrate the occasion. The station, located at 7th and Race streets, had been closed to passengers for 46 years before undergoing its transformation.

The multi-year renovation project introduced modern upgrades, including ADA-compliant features such as elevators, ramps, and an escalator to the platform. Despite these updates, the station retains classic design elements, including the restoration of the 1930s green and white subway tiles, which were carefully cleaned to preserve their historical charm.

The revitalized station offers increased convenience and connectivity for commuters. It serves as the first stop in Philadelphia for travelers coming across the Delaware River from Camden, New Jersey. With the surrounding neighborhoods experiencing significant growth, the station's reopening provides greater access to popular destinations like the Constitution Center, Independence Visitors Center, and Chinatown, all of which are now within walking distance.

With 5.6 million riders using PATCO annually, the reopening of this station will enhance access and connectivity for the region's residents and visitors.

Strengthening Emergency Preparedness Through Collaboration

On April 2, DRPA conducted a Tabletop Exercise (TTX) hosted at Rowan University. The scenario focused on a simulated hydrocarbon fire at the Commodore Barry Bridge and marked the first step in a three-part emergency preparedness process that will culminate in a full-scale exercise later this year.

This initial TTX brought together both internal DRPA teams and a wide range of external emergency response partners—including representatives from Logan Township, Gloucester County, Chester City, Chester Township, Delaware County, the New Jersey State Police, and the U.S. Coast Guard. The exercise provided a valuable forum to review facility-specific protocols and to align expectations for coordinated emergency responses across jurisdictions.

The event was well received, with participants offering positive feedback and constructive input on how we can further improve communication, streamline information sharing, and strengthen our collective response capabilities. Exercises like this ensure that in the event of an actual emergency, our teams and partners are better prepared to respond quickly and effectively, helping to protect public safety and minimize disruption for motorists and the communities we serve.

DRPA Police Department K9 Bolt and K9 Officer Nicholson Achieve Explosive Scent Certification

I am proud to congratulate K9 Bolt and his handler, K9 Officer Nicholson, for their successful completion of the Explosive Scent Certification. The duo recently participated in the Region Six USPCA (United States Police Canine Association) Explosive Detection Trials, which cover the Commonwealth of Pennsylvania. Region Six is one of 26 regions across the United States and Canada, and this certification further underscores the dedication and expertise of our DRPA Police Department team.

K9 Bolt and Officer Nicholson's hard work and teamwork were on full display throughout the trials, demonstrating their commitment to ensuring the safety and security of our operations. This achievement highlights the critical role K9 Bolt plays in supporting the mission of the DRPA Police Department.

Project Spotlight: Commodore Barry Bridge Blast Cleaning and Repainting Project

The \$220-million rehabilitation project for the Commodore Barry Bridge is focused on preserving and enhancing this critical transportation link between Chester, PA and Bridgeport, NJ. In 2024, the bridge carried 15.1 million vehicles, averaging over 41,000 vehicles daily. This large-scale endeavor, slated for completion in early 2028, aims to prevent deterioration and ensure long-term safety and reliability of the bridge's steel components.

Project scope includes:

- **Repainting and Repair:** The primary goal is to blast clean and repaint the bridge's cantilever truss, steel barriers, and overhead gantries, which have not undergone maintenance painting since 1996.
- **Structural Enhancements:** Crews will repair and strengthen critical components, including truss members, stringers, bearings, vibration absorbers, wind pins, and install temporary jacking systems to support the bridge during repairs.
- **Concrete Repairs:** Concrete deck repairs and spall repairs to piers and pier caps will be performed.
- **Modernization:** Upgrades to safety features and infrastructure will include replacing the existing movable barrier and barrier machine to improve traffic management and enhance safety. In addition, more than 14,000 linear feet of electrical conduit and wiring will be replaced.

Once completed, this project will significantly enhance the bridge's reliability and safety, benefiting the 41,000 vehicles that use it daily. To learn more about our capital projects, please visit drpa.org/projects.

SERVICE

DRPA Salutes the Public Safety Communications Professionals Who Always “Answer the Call”

The DRPA and PATCO are proud to recognize and celebrate its public safety telecommunications team— and teams across the country— during National Public Safety Telecommunications Week (NPSTW), observed this year from April 13–19.

Observed annually during the second full week of April, NPSTW shines a spotlight on the dedicated individuals who play a vital role in emergency response systems nationwide.

These professionals are the calm voices on the line during moments of crisis, ensuring help gets to where it’s needed most.

At DRPA, our Central Communications Department is staffed by a highly skilled team that provides round-the-clock service, 365 days a year. These professionals manage incoming calls and coordinate emergency response efforts across DRPA bridges and PATCO stations. Each year, they field more than 100,000 calls for assistance—responding to everything from onboard medical incidents to stranded motorists. They also support DRPA police officers by searching criminal justice databases, verifying vital information, and transmitting real-time updates to officers in the field. In addition, they monitor and respond to safety and security tips submitted through the “Look Up. Speak Up.” app, ensuring that all concerns are addressed swiftly and appropriately.

As a gesture of appreciation, the Ben Franklin Bridge will glow yellow on April 13–16 and again on April 18–19, in tribute to the dedicated men and women in public safety communications at DRPA/PATCO and throughout the nation.

COMMUNITY

Buy Camden 1st Initiative

Buy Camden 1st Initiative is the vision of Camden Mayor, Victor Carstarphen. The initiative seeks to connect Camden’s small to larger corporations and institutions. As such, the buycamden1st.com website was developed. The goals of the initiative’s website are to give small businesses a place to tell everyone – especially large corporations and anchor institutions – who they are and what they do and to provide a clearinghouse where large corporations, anchor institutions and their employees can go to find goods and services offered by Camden’s small businesses.

On March 18, 2025, **Toni P. Brown, Jalila D. Parker, Tammy N. Veney** and **Sonia L. Inman** attended a very informative meeting at Campbell’s Place where the new website was showcased. Attendees learned how to use the website’s purchasing and procurement portal to post opportunities and receive responses from Camden’s small business community, how to navigate the site’s Business Directory, and what “Camden Verified” businesses on the site means and the application process for the same.

OBD&EO will be featuring Buy Camden 1st Initiative in its next News Alert publication. We have begun discussions on how we can support the initiative.

Special Ben Franklin Bridge Lightings

As part of our community stewardship with regional tri-state nonprofits (PA, NJ, & DE), we are pleased to provide special lighting on the Benjamin Franklin Bridge for the following occasions April 1-30, 2025.

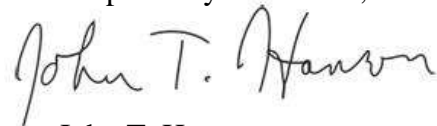

- **Internal Lightings:**
 - **April 13-16, 18-19** – National Public Safety Telecommunications Week (NPSTW) (Yellow)
 - **April 20** – Easter – (Varied Purples)
 - **April 21, 24, 25** – National Work Zone Safety (Orange)
 - **April 22** – Earth Day (Green)
 - **April 23** – Invasion of Ukraine Remembrance (Yellow)
- **Internal Lightings:**
 - **April 1** – Sexual Assault Awareness Month (Cyan)
 - **April 2** – Oral and Head and Neck Cancer Awareness (Red/White)
 - **April 17** – World Hemophilia Day (Red)
 - **April 29** – Powerful Together (Fundraiser for Domestic Violence Survivors in Philadelphia) (Purple)
 - **April 30** – National Fallen Firefighters Light the Night (Red)

CFO REPORT

Report of the Chief Financial Officer

April 8th, 2025

**Board of Commissioners
 Delaware River Port Authority of Pennsylvania and New Jersey
 One Port Center
 2 Riverside Drive
 Camden, New Jersey 08101-1949**

Re: **FINANCIAL SUMMARY**

To the Commissioners:

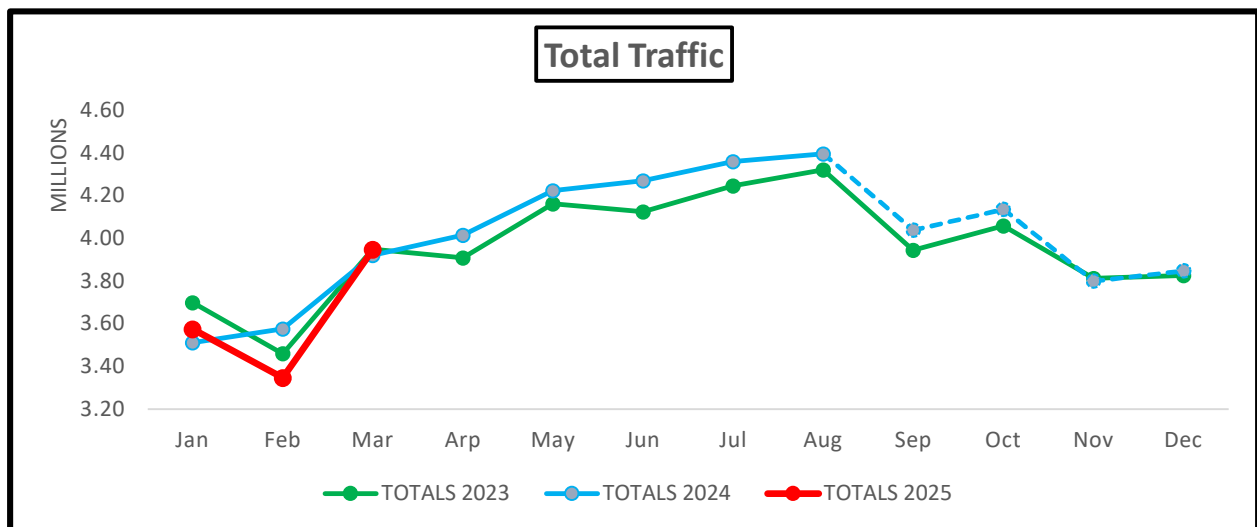

The following descriptive financial summary is primarily based on the unaudited financial summary, dated April 8th.

Current Trends DRPA Preliminary Traffic Volumes

March YTD total traffic volume was 139K or 1.3% lower than last year. The reasons for the decrease in traffic are:

- 135k from an extra day in 2024 (leap year).
- 35K from decreases in traffic, the day of Superbowl Parade.

The dotted line on the graph below represents the period with a 20% toll increase in 2024.

Toll January YTD Revenue

Bridge Revenue January YTD						
(\$Millions)	2025 Actuals	Budget	2024 Actuals	B/(W)Plan	B/(W)PY	2025 Growth
Passengers	\$ 20.45	\$ 20.92	\$ 16.67	\$ (0.47)	\$ 3.78	22.7%
Trucks	\$ 9.04	\$ 8.35	\$ 7.18	\$ 0.69	\$ 1.86	25.8%
Other	\$ 0.15	\$ 0.11	\$ 0.14	\$ 0.04	\$ 0.01	6.2%
Total	\$ 29.64	\$ 29.37	\$ 23.99	\$ 0.27	\$ 5.65	23.5%
Average Toll	\$ 7.88	\$ 7.83	\$ 6.53	\$ 0.05	\$ 1.35	20.6%

January 2025 YTD Final Traffic/Toll Revenues vs. 2025 January YTD Budget

DRPA toll revenues of \$29.6 Million were \$0.27 Million or 0.9% above budget and traffic was approximately 3.8 Million vehicles or 0.3% above budget. Higher actual traffic volume versus budgeted traffic is driving the positive revenue variance.

January 2025 YTD Final Traffic/Toll Revenues vs. January YTD 2024

DRPA toll revenues were \$29.6 Million, an increase of \$5.65 Million or 23.5% versus 2024. Traffic totaled 3.8 Million vehicles or 2.4% versus 2024. The increase in revenue was primarily driven by:

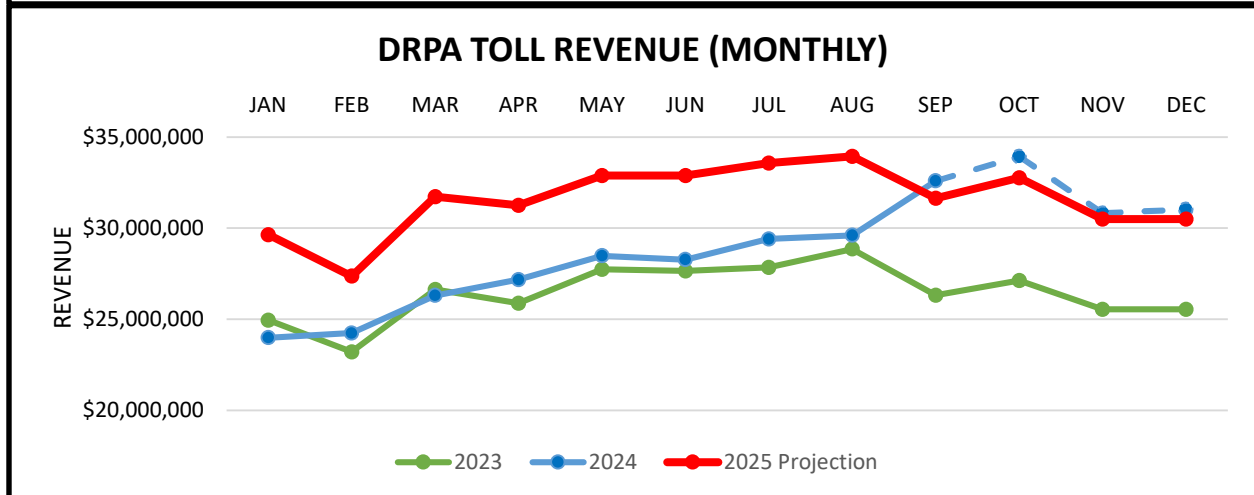

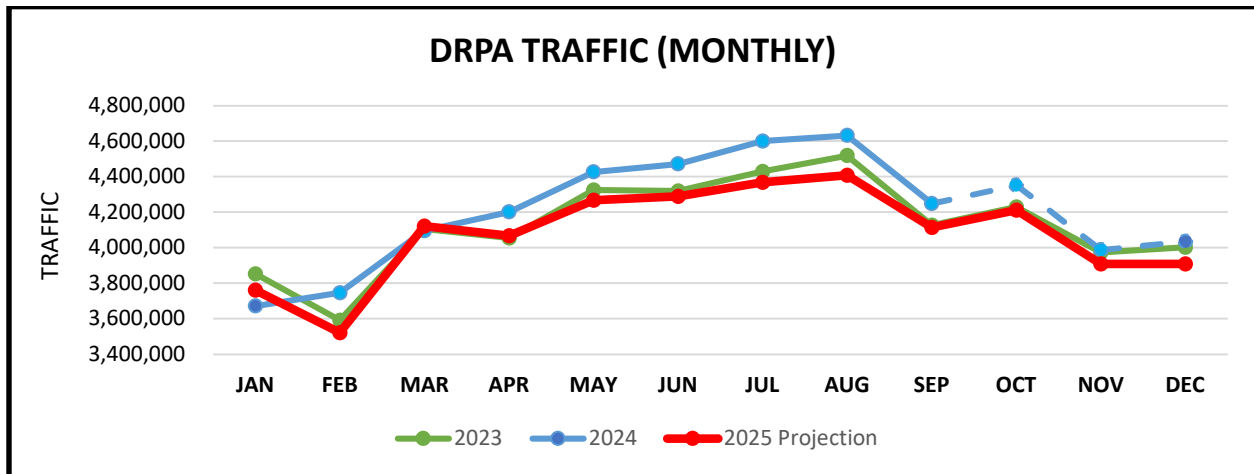

- ~\$5M increase from 20% toll increase effective September 1, 2024.
- \$0.65M from higher traffic volume.

Overall Revenue and Traffic for the Years 2023, 2024 and 2025

The 2025 data on the graphs below represents January's actual figures and forecasted figures from February through December. Assumption for forecast are:

- February and March numbers are based on preliminary traffic volumes.
- April through December are based on 2025 budget.

The dotted line on the graph below represents the period with a 20% toll increase in 2024.

PATCO January YTD Revenue

Patco Revenue and Ridership January YTD						
(Millions)	2025 Actuals	Budget	2024 Actuals	B/(W)Plan	B/(W)PY	2025 Growth
Revenue	\$ 1.10	\$ 1.15	\$ 1.05	\$ (0.04)	\$ 0.05	5.2%
Average Fare	\$ 2.42	\$ 2.37	\$ 2.35	\$ 0.05	\$ 0.06	2.6%
Ridership	0.46	0.48	0.45	(0.03)	0.01	2.5%

PATCO Ridership and Passenger Fare Revenue vs. Budget Through January 2025

PATCO passenger revenues of \$1.1 Million are unfavorable by \$40 thousand or 3.7% less than budget. The actual ridership was 460 thousand, which is unfavorable by 30 thousand passengers or 5.4% to budget.

PATCO January YTD 2025 – Ridership/Passenger Revenues vs. YTD 2024

YTD January 2025 net passenger revenues were \$1.1 Million, which represents an increase of \$50 thousand or 5.2% versus YTD January 2024. The actual ridership was 460 thousand, which represents an increase of 10 thousand or 2.5% versus YTD January 2024.

DRPA and PATCO Preliminary YTD Operating expenses and Headcount

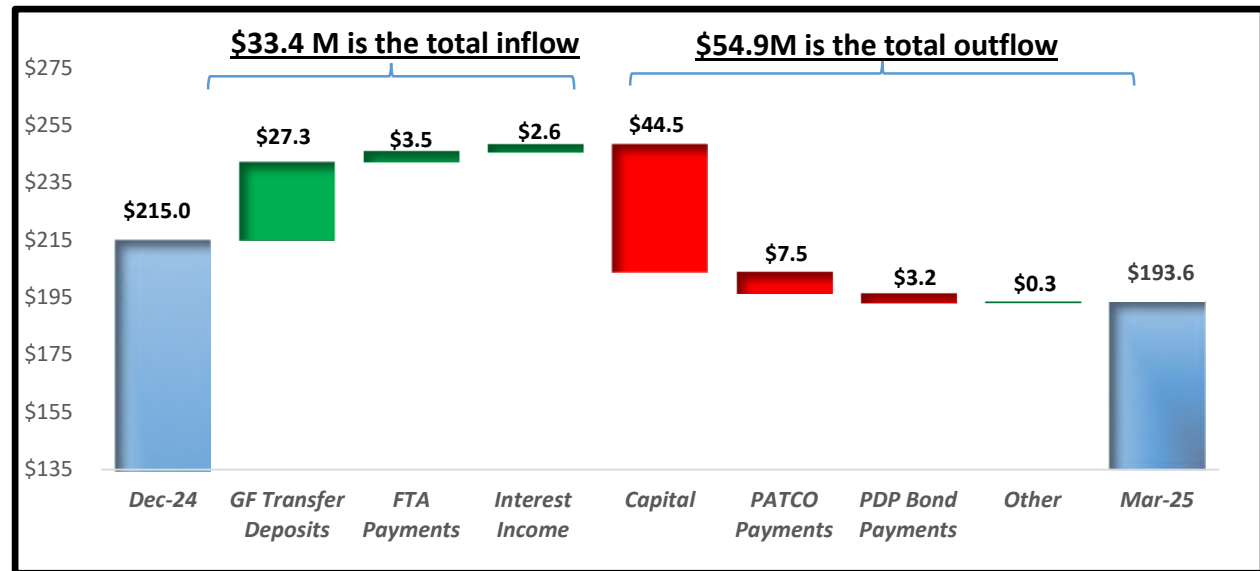

DRPA & PATCO January YTD Operating Expenses				
(\$Millions)	2025 Actuals	Budget	B/(W) Plan	% B/(W) PY
Employee Related Operating Expenses	11.01	11.65	0.64	5.5%
	4.23	4.85	0.63	12.9%

Strategic Initiatives & Corp Communications	7	7	0	0
Patco	345	303	42	29
Total	954	817	137	95

- DRPA YTD preliminary expenses are \$9.9 Million, 7.3% **favorable to budget**.
- PATCO YTD preliminary expenses are \$5.3 Million, 8.4% **favorable to budget**.
- Favorable variance to budget in **employee related** expenses is driven by 137 open positions vs. budget, this equates to a 14.4% headcount attrition rate.
- Preliminary **operating expenses** are \$1.3 Million favorable to budget.

The Authority’s expenses for the year are under budget, continuing the streak of a positive variance over the past twenty plus years, resulting from the continued cost-constraints that both DRPA and PATCO have placed on spending.

General Fund

As of March, YTD 2025 the General Fund balance decreased by \$21.5M, this reduction is higher than historical trends and is driven by an additional capital payment run in January 2025. Going forward the expectation is that the average monthly reduction in the General Fund would be around \$2 - \$4M a month.

Bond Compliance and Bond-Related Transactions

The Authority intends to refund all, or a portion of, the remaining outstanding 2013 Revenue Bonds (\$243.9 million) if conditions are favorable over the next few months.

Respectfully submitted,

Jerry Sahi

CFO

CALL TO ORDER

Committee Chairman Frattali called the Meeting to order at 9:00 a.m. and asked the Corporate Secretary to call the roll.

ROLL CALL

The following Commissioners were present constituting a quorum: Committee Chairman Frattali, Committee Vice Chairman Ghormoz, Commissioners Sweeney, Powell, Snell, Fentress, Garganio and Young.

EXECUTIVE SESSION

Committee Chairman Frattali announced that the Committee would meet in Executive Session concerning pending or anticipated contract negotiations to which the Authority is or may become a party. He called for a motion to meet in Executive Session. Commissioner Sweeney made the motion and Commissioner Fentress seconded the motion. All Commissioners in attendance voted to approve the motion and the meeting moved to Executive Session at 9:01 a.m. Following discussion and with no further business for the Executive Session, Commissioner Sweeney moved to close the Executive Session and Commissioner Fentress seconded the motion. All Commissioners in attendance voted to approve the motion and the Executive Session concluded at 9:16 a.m.

OPEN SESSION

Summary Statements and Resolutions for Consideration

Committee Chairman Frattali stated there were five (5) Summary Statements and Resolutions for the Committee's consideration:

1. DRPA-25-026 2025 Program Management for Capital Projects

Chief Engineer Venuto presented the Summary Statement and Resolution seeking Board authorization for staff to negotiate agreements with the following six (6) consulting engineering firms to provide program management services in support of the Authority's capital program and in-house engineering staff for an amount not to exceed \$3,000,000.00 in aggregate: AECOM Technical Services, Inc., French & Parrello Associates, PA, HNTB Corporation, Jacobs Engineering Group, STV Incorporated, and TranSystems Corporation. Commissioner Sweeney moved to forward the Resolution to the Board for consideration and Commissioner Garganio seconded the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

2. DRPA-25-027 Dedications of Hedley Street, Philadelphia PA

Deputy Chief Executive Officer Parker presented the Summary Statement and Resolution seeking Board authorization for staff to dedicate the Authority-owned portion of Hedley Street to the City

of Philadelphia for the purpose of reopening Hedley Street and connecting Richmond Street to Delaware Avenue, thus relieving truck congestion. Darwin Beauvais, Esq., of Obermayer Rebmann Maxwell & Hippel LLP, gave a brief presentation concerning the process for dedication to occur from the Authority to the City of Philadelphia. Commissioner Sweeney moved to forward the Resolution to the Board for consideration and Commissioner Fentress seconded the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

3. PATCO-25-006 2025 City to Shore Bike MS Event at Woodcrest Station

PATCO General Manager Rink presented the Summary Statement and Resolution seeking Board authorization for DRPA/PATCO to provide support services for the City to Shore Bike MS event on September 26, 27 and 28, 2025, at the PATCO Woodcrest Station with the net costs, estimated to be approximately \$20,000, to be reimbursed by the National Multiple Sclerosis Society. Commissioner Sweeney moved to forward the Resolution to the Board for consideration and Commissioner Fentress seconded the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

4. PATCO-25-007 Service Contract Modifications

PATCO General Manager Rink presented the Summary Statement and Resolution seeking Board authorization for contract modifications to the approved resolution PATCO-23-2015 – Access Control and Fire Detection Systems Inspection Program. The current five- (5) year contract is with Johnson Controls to perform annual inspections required by code. The modification would consist of additional funds to be added to cover any emergency repairs required during annual inspections, anticipated to be \$63,000 per year for a total change order/supplemental amount of \$315,000.00. Mr. Rink stated that in future contracts this amount would be factored into the rebid. Commissioner Sweeney moved to forward the Resolution to the Board for consideration and Commissioner Garganio seconded the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

5. DRPA-25-028 Expand the Remote Monitoring and Control for the BFB Electrical Systems

Bridge Director McAroy presented the Summary Statement and Resolution seeking Board authorization for staff to negotiate a contract with the Tri-M Group to provide engineering, field labor, and start-up to expand the EcoStruxure control system at the Ben Franklin Bridge to capture the expansion for increased monitoring and control of the bridge electrical systems in an amount not to exceed \$153,770.00. Commissioner Sweeney moved to forward the Resolution to the Board for consideration and Commissioner Fentress seconded the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

General Discussion

Chairman Frattali stated there were five (5) issues for discussion.

Job Order Contracts

1. OPC 7th Floor Plans Room

Chief Engineer Venuto discussed utilizing a job order contract with AP Construction to perform repair work in the planning room on OPC's 7th floor. The cost of the work would be \$136,755.51. The work is necessary due to some forced air system renovations on the 6th floor causing condensation on the floor within the 7th floor plans room. There were no questions or comments from Commissioners on this item.

2. Federal Court Parking Lot Gate Barrier

Chief Engineer Venuto discussed utilizing a job order contract with AP Construction for \$28,806.59 to fabricate and install a gate at the Federal Court parking lot located at 3rd and Market Street in Camden, which the Authority owns and leases to the Federal Court. The current one-year lease has set aside \$35,000 to fund these capital improvements, which are being executed under this job order contract. There were no questions or comments from Commissioners on this item.

3. Emergency Gates for PATCO Stations

Chief Engineer Venuto discussed utilizing a job order contract with AP Construction for \$88,916.50 to fabricate and install security gates in four locations at the ticket entrances of 15th, 16th, and Locust and 8th and Market stations in Philadelphia. These gates allow PATCO to close stations to perform their essential tasks. There were no questions or comments from Commissioners on this item.

4. Front Street Substation

Chief Engineer Venuto discussed utilizing a job order contract in the amount of \$223,642.20 with Mount Construction to perform rehabilitation of the Front Street Substation in Philadelphia. The work includes creating improvements to address water intrusion issues, exterior repairs and the replacement of the rolling steel gate. There were no questions or comments from Commissioners on this item.

Franklin Square Presentation

Principal Engineer Howard gave a presentation to the Committee about the Franklin Square Project. The presentation highlighted various points of the Project, including the history of the station, and provided insight into the planning and work required to finish the Project in time for its opening on April 3, 2025. There were no questions or comments from Commissioners on this item.

ADJOURNMENT

With no further business, Commissioner Sweeney moved to adjourn the meeting and Commissioner Snell seconded the motion. All Commissioners in attendance voted to approve the motion. The meeting adjourned at 9:32 a.m.

Engineers Estimate: \$3,000,000.00

PURPOSE: To retain engineering firms to provide program management services in support of the Authority's capital program and in-house engineering staff.

BACKGROUND: The Delaware River Port Authority needs program delivery expertise and support to assist in meeting the Authority's Capital Program. Staff time and expertise are not always available to handle the number and variety of projects requiring attention. In order to supplement in-house engineering staff, the Engineering Department previously retained program management services. The Program Management agreements would allow the Authority to accomplish necessary work to advance our capital program, including but not limited to defining project requirements, design management, bid packaging, cost estimating, financial planning, scheduling and project phasing, construction management, quality assurance, tracking and reporting progress, and coordinating with internal and external project stakeholders for multiple projects. Work assigned under these agreements would be on a Task Order basis and would involve relatively small projects and short-duration activities. Engineering services for larger projects would continue to be retained through the normal consultant engagement process.

The Authority publicly advertised its intent to retain consultants and invited interested firms to submit responses to the Request for Proposal.

Technical and Price Proposals for twelve (12) firms were received by the DRPA on February 21, 2025. A Committee consisting of members of the Engineering Department staff was assembled to evaluate the qualifications on the basis of technical merit. Based on review by the committees, the firms selected were the most responsive to the Authority's present need for program management consultant services.

Six (6) firms, that were technically evaluated and recommended by the selection committees, have been selected to fill the DRPA's need for Program Management for Capital Program services. These firms were

selected to provide best value resources to supplement the DRPA's in-house engineering staff. The selection of these six (6) recommended firms provides a diversity of skills within the engineering disciplines and a level of experience in the industry that will allow the DRPA to continue providing and meeting the engineering needs for safe and secure transportation infrastructure in the region.

In accordance with the Delaware River Port Authority's qualification based selection procedure, the Price Proposals were evaluated for the firms being recommended. There is a fair and competitive balance among the pricing for the firms with many variables considered during this selection process.

It is recommended that the Program Management for Capital Projects service agreements be negotiated AECOM Technical Services, Inc., French & Parrello Associates, PA, HNTB Corporation, Jacobs Engineering Group, STV Incorporated, and TranSystems Corporation for costs and fees not to exceed \$3,000,000.00 in aggregate for work actually performed over a term not to exceed three (3) years with the option in favor of DRPA for one (1) additional year. Upon approval of the Board, agreements will be executed with these firms to provide the engineering services required.

ITEM NO.: DRPA-25-027

SUBJECT: Dedication of Hedley Street, Philadelphia, PA

COMMITTEE: Operations & Maintenance

COMMITTEE MEETING DATE: April 1, 2025

BOARD ACTION DATE: April 16, 2025

PROPOSAL: That the Board consider authorizing staff to dedicate the Authority's portion of Hedley Street to the City of Philadelphia for the purpose of reopening Hedley Street and connecting Richmond Street to Delaware Avenue.

PURPOSE: To dedicate the Authority's portion of Hedley Street to the City of Philadelphia for the purpose of reopening Hedley Street and connecting Richmond Street to Delaware Avenue.

BACKGROUND: The City of Philadelphia requires a solution for increased truck traffic near the Betsy Ross Bridge and calls for the reopening of Hedley Street between Richmond Street and Delaware Avenue. This section of Hedley Street was originally purchased by the Delaware River Port Authority (DRPA) around 60 years ago to provide access for the construction of the Betsy Ross Bridge.

The Authority owns a portion of Hedley Street which is not open for public use and is in a current state of disrepair. By dedicating this portion of Hedley Street, the City of Philadelphia can reopen Hedley Street for through truck movement – relieving its traffic issue.

Once dedicated, the City of Philadelphia will be fully responsible for the construction costs and obtaining dedication approval from other nearby property owners.

SUMMARY STATEMENT

ITEM NO.: DRPA-25-028

SUBJECT: Expand the Remote Monitoring and Control for the BFB Electrical Systems

COMMITTEE: Operations & Maintenance

COMMITTEE MEETING DATE: April 1, 2025

BOARD ACTION DATE: April 16, 2025

PROPOSAL: That the Board authorizes staff to negotiate a contract with the Tri-M Group, located in Kennett Square, PA to provide engineering design, field labor, and start-up to expand the EcoStruxure control system at the Ben Franklin Bridge to capture expansion for increased monitoring and control of the bridge electrical systems.

PURPOSE: To negotiate a contract with the Tri-M Group (in an amount not to exceed \$153,770.00) to design, supply, and install the necessary hardware and software to remotely monitor and control the Bridge Roadway Lighting, Emergency Generator, PA and NJ Anchorage Switchgear.

BACKGROUND: The Tri-M Group is the authorized supplier of EcoStruxure hardware and software in this region. TRI M Group recently updated the Traffic Controls and HVAC Building Automation Systems located at each of DRPA's bridge facilities consisting of new EcoStruxure hardware and software. The EcoStruxure controlled equipment systems control bridge lane traffic indicators, monitor wind speed and bridge deck temperatures, controls building and bridge dehumidification chambers, monitors elevators, HVAC building automation and monitors the electrical substations and generators at three of the four bridge facilities. The BFB is the last bridge facility to be equipped with remote monitoring and control of the electrical equipment utilizing EcoStruxure. This remote monitoring and control will allow Bridge Operations to greatly reduce the overtime cost associated with the current monthly equipment preventative maintenance schedule. It will also enhance the equipment reliability and performance that are critical to Bridge Operations.

Bridge Operations staff reviewed the proposed agreement submitted by The Tri-M Group and believe the price, which is in accordance with the Commonwealth of Pennsylvania Co-Stars Contract #008-E22-872 and scope of work submitted, is fair and reasonable.

It is recommended that a contract be awarded to the Tri M Group to design, supply, and install the necessary hardware and software to remotely monitor and control the BFB Roadway Lighting, Emergency Generator, PA and NJ Anchorage Switchgear in the amount not to exceed \$153,770.00.

SUMMARY STATEMENT

ITEM NO. DRPA-25-029

SUBJECT: Modification of Current Temporary Workers Contracts

COMMITTEE: Labor

COMMITTEE MEETING DATE: April 1, 2025

BOARD ACTION DATE: April 16, 2025

PROPOSAL: That the Board authorizes staff to modify the current five (5) three-year General Services contracts with the staffing firms: Accountants for You, I-Search Partners, Inc. (formerly, Perry Resources), Macon Pace, Inc., Careers USA and 22nd Century Technology, Inc. to add an additional Two Hundred Thousand Dollars (\$200,000) to the existing “not to exceed” contract amount. This amount is expected to cover the remainder of the contract period.

PURPOSE: To provide adequate funds for the continued use by DRPA and PATCO of temporary workers to cover the increase in the use of temporary staff to substitute for regular full-time employees on short and/or long-term disability and to fill on a temporary basis any vacancies left by full-time employees.

BACKGROUND: DRPA and PATCO use temporary workers to substitute for regular full-time employees who are out on short and/or long-term disability. We also use temporary workers to fill vacancies left by full-time employees in various departments.

On June 19, 2019, pursuant to Board Resolution DRPA-19-058, staff entered and executed five (5) contracts for the provision of temporary services with the following staffing agencies:

- 1) Accountants for You
- 2) I-Search Partners (formerly Perry Resources)
- 3) Macon Pace, Incl
- 4) Careers USA
- 5) 22nd Century Technology, Inc.

The initial contract term for the five contracts was three years; the contracts included two, one-year extension options. We exercised both extension options. Because the budgeted funds were not expended, the

contract was thereafter extended by CEO Hanson pursuant to authority granted to him from Resolution DRPA-15-155 for a period of one (1) additional year. The contract expires on October 1, 2025.

The original total not-to-exceed value of the five contracts (including the extension options) was Two Million One Hundred Thousand and Ninety Dollars (\$2,190,000). Currently, we spend approximately Forty Thousand Dollars (\$40,000) monthly on temporary staffing. Some of the temporary support includes: custodians, customer service agents and various administrative positions at DRPA and PATCO.

We issued a Request for Proposal for Temporary Staffing on February 28, 2025. Staff expect to present recommendations to the Labor Committee for consideration in June 2025, and if approved, to the Board in June 2025.

Staff seeks approval for an additional Two Hundred Thousand Dollars (\$200,000.00) to be added to the contract amount to ensure adequate funding for the continued use of temporary workers.

RESOLUTION

RESOLVED: That the Board authorizes staff to modify the current five (5) three year General Services contracts with the staffing firms: Accountants for You, I-Search Partners, Inc. (formerly, Perry Resources), Macon Pace, Inc., Careers USA and 22nd Century Technology, Inc. to add an additional Two Hundred Thousand Dollars (\$200,000) to the revised “not to exceed” amount of Two Million One Hundred and Ninety Thousand Dollars (\$2,190,000) over the three year term; and be it further

RESOLVED: The Chair, Vice Chair and the Chief Executive Officer must approve and are hereby authorized to approve and execute all necessary agreements, contracts, or other documents on behalf of the DRPA. If such agreements, contracts, or other documents have been approved by the Chair, Vice Chair and Chief Executive Officer and if thereafter either the Chair or Vice Chair is absent or unavailable, the remaining Officer may execute the said document(s) on behalf of DRPA along with the Chief Executive Officer. If both the Chair and Vice Chair are absent or unavailable, and if it is necessary to execute the said document(s) while they are absent or unavailable, then the Chief Executive Officer shall execute such documents on behalf of DRPA.

CALL TO ORDER

Committee Chairman Nash called the meeting to order at 9:01 a.m. and asked General Counsel Raymond Santarelli to call the roll.

ROLL CALL

The following were present, constituting a quorum: Committee Chair Nash and Commissioners Schwab, Ross, Fentress, Sweeney, Young, Tkacik, Nelson and Ghormoz.

OPEN SESSION

Committee Chairman Nash stated that there were five (5) items for Open Session, the Financial Update, and four (4) Summary Statements and Resolutions.

1) Financial Update

Chief Financial Officer Sahi provided the Financial Update. Mr. Sahi highlighted several areas from the DRPA/PATCO Unaudited Financial Summary. He discussed DRPA bridge traffic and toll revenue, PATCO ridership volume and revenue, the DRPA and PATCO year-to-date budgets, and operating expenses. Committee Chairman Nash asked about the status of police officer recruitment and if the incentives had increased applications; CEO Hanson reported that it appeared that the newest incentives did seem to drive higher application numbers. There were no further questions or comments from the Commissioners on this item.

2) DRPA-25-030 DRPA Replacement of Facility Network Switches

Information Services Director Jones presented the Summary Statement and Resolution seeking Board authorization for staff to negotiate a contract with ePlus Technology, Inc., for an amount not to exceed \$345,893.34 for the procurement of hardware upgrades to the Authority's network infrastructure. This purchase is provided with pricing under the Commonwealth of Pennsylvania's COSTARS 003-E22-579 IT Hardware contract. Commissioner Fentress moved to forward the Resolution to the Board for consideration and Commissioner Sweeney seconded the motion. There were no questions or comments from the Commissioners. All Commissioners in attendance voted to approve the motion.

3) DRPA-25-031 DRPA Cybersecurity Enhancements

Information Services Director Jones presented the Summary Statement and Resolution seeking Board authorization to negotiate a contract with ePlus Technology, Inc., for an amount not to exceed \$733,237.62 for the procurement of hardware and software upgrades to the Authority's network infrastructure geared towards improving the overall security of the network. This purchase is provided with pricing under the Commonwealth of Pennsylvania's COSTARS 003-E22-579 IT Hardware contract. This purchase will be paid for in two (2) installments, one for \$600,000.00 in 2025, and the other for \$133,237.62 in 2026. Commissioner Sweeney moved to forward the Resolution to the Board for consideration and Commissioner Fentress seconded the motion. There were no questions or comments from the Commissioners. All Commissioners in attendance voted to approve the motion.

4) DRPA-25-032 DRPA VOIP Phone System Upgrade

Information Services Director Jones presented the Summary Statement and Resolution seeking Board authorization to negotiate a contract with ePlus Technology, Inc., for an amount not to exceed \$1,261,904.80 for the procurement of hardware and software upgrades to DRPA's VOIP (Voice Over IP) Phone system. This purchase is provided with pricing under the Commonwealth of Pennsylvania's COSTARS 003-E22-579 IT Hardware contract. This purchase will be paid for in two (2) installments, one for \$750,000.00 in 2025, and the other for \$511,904.80 in 2026. This contract also provides for a sixty (60) month license of the services provided. Commissioner Sweeney moved to forward the Resolution to the Board for consideration and Commissioner Fentress seconded the motion. There were no questions or comments from the Commissioners. All Commissioners in attendance voted to approve the motion.

5) PATCO-25-008 PATCO Network Upgrade

Information Services Director Jones presented the Summary Statement and Resolution seeking Board authorization to negotiate a contract with ePlus Technology, Inc., for an amount not to exceed \$355,386.92 for the procurement of hardware upgrades to PATCO's network infrastructure. This purchase is provided with pricing under the Commonwealth of Pennsylvania's COSTARS 003-E22-579 IT Hardware contract. Commissioner Young moved to forward the Resolution to the Board for consideration and Commissioner Sweeney seconded the motion. There were no questions or comments from the Commissioners. All Commissioners in attendance voted to approve the motion.

ADJOURNMENT

With no further business for the Committee, Commissioner Fentress moved to adjourn the meeting. Commissioner Ghormoz seconded the motion. All Commissioners in attendance voted to approve the motion. The meeting adjourned at 9:19 a.m.

SUMMARY STATEMENT

ITEM NO.: DRPA-25-030

SUBJECT: Replacement of Facility Network Switches

COMMITTEE: Finance

COMMITTEE MEETING DATE: April 2, 2025

BOARD ACTION DATE: April 16, 2025

PROPOSAL: That the Board authorizes staff to negotiate a contract with ePlus Technology, Inc., for an amount not to exceed \$345,893.34 for the procurement of hardware upgrades to the Authority's network infrastructure. This purchase is provided with pricing under the Commonwealth of Pennsylvania's COSTARS 003-E22-579 IT Hardware contract.

PURPOSE: To provide the DRPA with upgrades to the network infrastructure to support the Authority's critical applications.

BACKGROUND: Currently, the network equipment at some of our facilities, specifically, the Commodore Barry Bridge, has outlived its useful life and it is now necessary to refresh that equipment. Because of the obvious criticality in maintaining a working and viable network and to continue receiving support, the Authority must proceed with this necessary upgrade. The upgrade will supply the Authority with the latest hardware, and is also necessary for the upcoming Toll Technology Upgrade project.

Staff therefore recommends negotiating a contract with ePlus Technology, Inc. for an amount not to exceed \$345,893.34 for the procurement of hardware upgrades to the Authority's network infrastructure.

SUBJECT: DRPA VOIP Phone System Upgrade

COMMITTEE: Finance

COMMITTEE MEETING DATE: April 2, 2025

BOARD ACTION DATE: April 16, 2025

PROPOSAL: That the Board authorizes staff to negotiate a contract with ePlus Technology, Inc., for an amount not to exceed \$1,261,904.80 for the procurement of upgrades to DRPA's VOIP (Voice Over IP) Phone system. This purchase is provided with pricing under the Commonwealth of Pennsylvania's COSTARS 003-E22-579 IT Hardware contract. This purchase will be paid for in two (2) installments, one for \$750,000.00 in 2025, and the other for \$511,904.80 in 2026. This contract also provides for a sixty (60) month license of the services provided.

PURPOSE: To upgrade the Authority's phone system to the latest technology platform and integrate it with the messaging platforms the Authority currently uses.

BACKGROUND: The Delaware River Port Authority uses Voice Over IP (VOIP) technology to provide voice services for its employees and customers. The back-office infrastructure is out-of-date and needs to be replaced. This upgrade will bring the back office for this up to the latest technology and provide integration with the primary messaging applications that the Authority uses.

Staff therefore recommends negotiating a contract with ePlus Technology, Inc. for an amount not to exceed \$1,261,904.80 for the procurement of hardware upgrades to DRPA's VOIP Phone System.

GENERAL MANAGER'S REPORT

REPORT OF THE GENERAL MANAGER

As stewards of public assets, we provide for the safe and efficient operation of transportation services and facilities in a manner that creates value for the public we serve.

April 16, 2025

To the Commissioners:

The following is a summary of recent PATCO activities, with supplemental information attached.

HIGHLIGHTS

Franklin Square - Hundreds of enthusiastic passengers attended the Opening Day ceremonies at Franklin Square on April 3. As they arrived, they received **Franklin Square Station, Past to Present, Tracks to Tomorrow** bags with a PATCO stress reliever (“squeeze” train) and an assortment of brochures and promotional items about the station, the PHLASH, Indego, Chinatown, and WHY? Excited rail fans and travelers cheered as the ribbon was cut, officially opening the station. They toured the station, posed for pictures to commemorate the occasion, took a special train ride, spun the PATCO prize wheel and learned about the PHLASH, Historic Philadelphia, and DVRPC. The day marked the culmination of years of coordinated effort dedicated to serving the community.

Above and Beyond – In preparation for celebrating the Eagles' Super Bowl win, Manager of Passenger Services Sylvia Cuevas had worked tirelessly to ensure the best possible experience for our thousands of customers attending the parade. She was meticulous in arranging presales of tickets, manual ticket sales, coverage in the stations, and any number of other details.

Sylvia thought she was simply honoring her Station Supervisor as he received his Star Steward Award, but she was surprised to receive recognition and an Above and Beyond pin at the PATCO Directors' meeting.

PATCO's Star Steward – Station Supervisor Anthony Bundi received the honor as PATCO's latest Star Steward. Nominated by more than one individual, his accolades included:

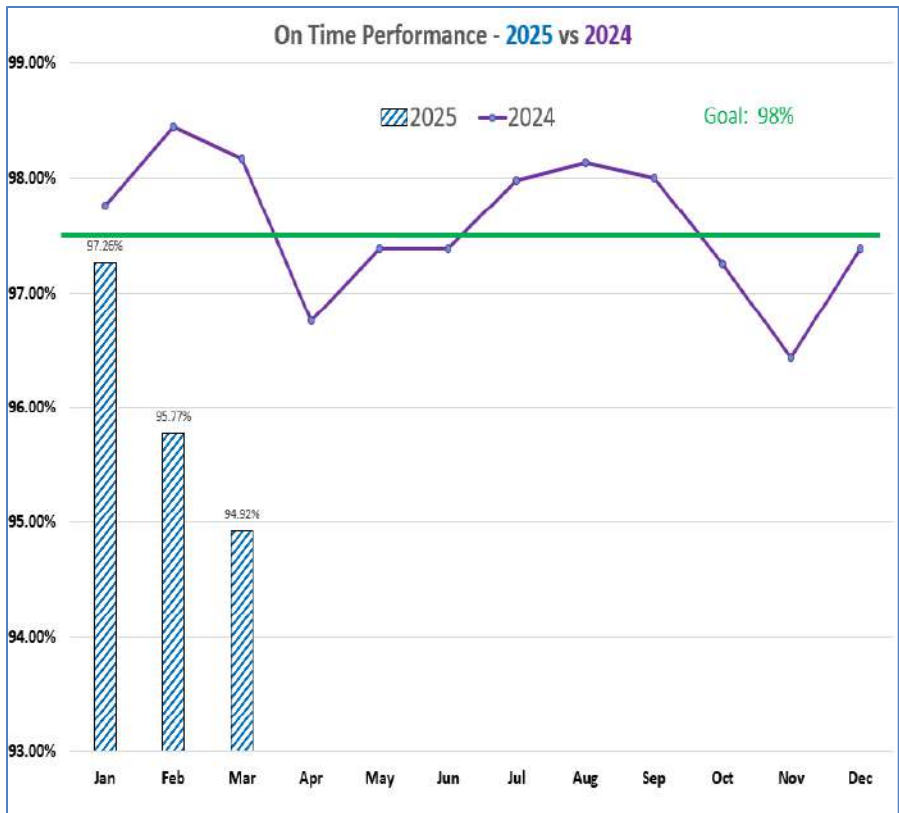

- Anthony is thorough and professional.
- He demonstrates patience when helping TEAM members through challenges.
- He takes the initiative to figure out a problem with minimal guidance.
- He is a TEAM player, always available to assist.
- He is always willing to learn and develop best practices to make our TEAM efficient and effective.
- Anthony is a full time EMT, so he believes safety is a priority, always being vigilant in his assigned stations and making sure any hazardous conditions are relayed to the appropriate department.
- His communication is clear and concise. He consistently listens to customers before reacting or offering a solution.

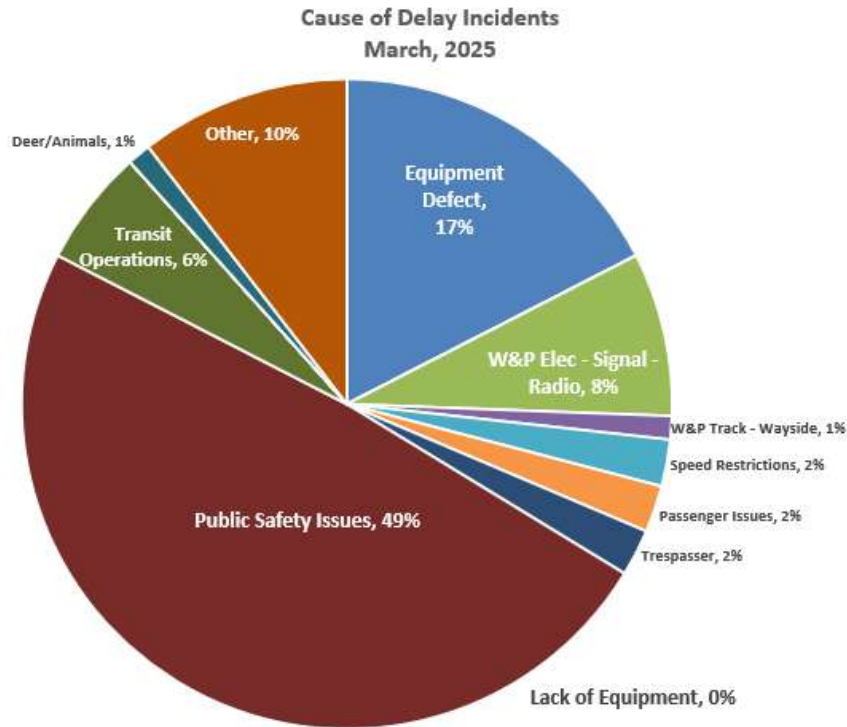

Ridership – Ridership in March was 490,451, an increase of 20,639 (+4.39%) when compared to March of 2024. Year to date ridership was 1,415,667, an increase of 57,261 (+4.22%) when compared to the same period in 2024.

On-Time Performance – On-time performance for the month of March was 94.92%, falling short of our goal. Of the 4,867 scheduled trips in March, 24 were cancelled, 215 trains were late, and 109 stations were bypassed. On one Saturday, we had a total of 1 cancelled train, 52 lates, and 10 stations bypassed when a scheduled track outage had to be extended to include emergency track work to repair a defective switch. In addition, as noted in the “Causes of Delay Incidents” chart below, very nearly half the delay incidents involved police activity associated with unsheltered individuals.

Without these two factors, our on-time performance would have been far better.

Availability of Transit Equipment –PATCO closely monitors the availability of equipment to meet the needs of our peak service customers. For the 27th consecutive month, we achieved **100%** availability.

Elevators and Escalators

- Availability**

Availability of all **elevators** was **99.55%** in March, exceeding our goal of 97%. Year to date, availability of all elevators was **96.57%**.

Availability of all **escalators** was **89.1%** in March, falling short of our goal of 96% this month. The 16th/Locust escalator accounted for 29% of the total unavailability while awaiting a repair part, and the Woodcrest escalator accounted for 21%. The elevators at those stations served our customers throughout the outages. Year to date, availability of all escalators was **89.96%**.

- **Performance of Preventive Maintenance** - Monthly preventive maintenance was performed on all available elevators and escalators in March.

FREEDOM Card Service Center – The Service Center at Woodcrest Station is open every weekday from 7 a.m. to 6 p.m. and at Broadway on Mondays from 10 a.m. to 2 p.m. In addition, many customers use our FREEDOM website to add value to their cards, report lost cards and change credit card information.

PORT AUTHORITY TRANSIT CORPORATION
(A Wholly Owned Subsidiary of the Delaware River Port Authority)
January 31, 2025

NOTES TO FINANCIAL STATEMENTS

1. Investments:

The Corporation has set aside \$3,155,465 to partially fund its liability for self-insurance with the following limits:

- (a) Voluntary Workers Compensation from the first dollar to \$1,000,000 per occurrence.
- (b) Comprehensive General Liability from the first dollar to \$5,000,000 per occurrence.

2. Rent of transit system facilities:

All rapid transit system facilities used by the Corporation are leased from the Delaware River Port Authority, under terms of an agreement dated April 18, 1969 and amended June 3, 1974. The lease requires the Corporation to operate and maintain the Locust-Lindenwold line.

The terms of the amended agreement, which was made retroactive to January 1, 1974, and which is to continue from year to year, provide that the Corporation pay a minimum annual rental of \$6,122,000, which approximates the sum of the annual interest expense to the Delaware River Port Authority for that portion of its indebtedness attributable to the construction and equipping of the leased facilities plus the provision for depreciation of the rapid transit facilities as recorded by the Authority. In addition, the lease requires the Corporation to pay to the Authority any net earnings from operations for the Locust-Lindenwold line less a reasonable amount to be retained for working capital and operating reserves.

The rent is payable semi-annually on June 30 and December 31. The Corporation is in default of this agreement as payments totaling \$312,582,167 from January 1, 1974 through January 31, 2025 have not been made to the Authority.

3. Reserves for Contingent Liabilities:

Pursuant to a policy of self-insurance, the Corporation has reserved \$ 1,882,000 for Comprehensive General Liability and \$2,973,912 for Workers' Compensation.

4. Other Post-Employment Benefits:

The Government Accounting Standards Board (GASB) has issued Statement No. 45, "Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions (OPEB)," which addresses the accountability and disclosure of the costs and obligations, that are associated with post-employment health care and other non-pension benefits to current and future retirees, by governmental entities. Pursuant to this requirement, the Corporation adopted its reporting requirements during the 2007 fiscal year. The OPEB accrual, in recognition of the costs and obligations associated with post-employment health care, represents an actuarial determined amount upon an unfunded assumption under a 30-year amortization period at a discount rate of 5%.

5. Deferred Revenue consists of the prepayment of fares related to the unearned values on passengers' smart cards for unused trips.

SUMMARY STATEMENT

ITEM NO.: PATCO-25-006

SUBJECT: 2025 City to Shore Bike MS Event at Woodcrest Station

COMMITTEE: Operations & Maintenance

COMMITTEE MEETING DATE: April 1, 2025

BOARD ACTION DATE: April 16, 2025

PROPOSAL: That the Board permit DRPA/PATCO to provide support services for the City to Shore Bike MS event on September 26, 27 and 28, 2025 at the PATCO Woodcrest Station with the net costs to be reimbursed by the National Multiple Sclerosis Society.

Amount: \$20,000 (estimated)
(to be reimbursed by National Multiple Sclerosis Society)

PURPOSE: To obtain Board approval for the National Multiple Sclerosis Society to prepare for and hold its 2025 City to Shore Start and Finish at Woodcrest Station and for DRPA/PATCO to provide support services for traffic control and set up.

BACKGROUND: The National Multiple Sclerosis Society is hoping to hold its annual City to Shore Bike MS event on September 27 and 28, 2025. For more than twenty years, the event has been hosted at PATCO's Woodcrest Parking lot. The ride is nationally recognized and is rated as one of the premier bike events in the country, attracting almost 4,000 cyclists each year. In 2024, the event raised \$4.2 million, and the goal for 2025 is \$4.3 million. This initiative supports MS research and programs by generating more than half of the annual revenue for the regional branch of the MS Society.

Planning for the event is a year-long activity, during which the MS Society advertises the Woodcrest Station as its event venue. DRPA/PATCO supplied services are key to the success of the event. It would be extremely challenging to hold the event in 2025 if the Woodcrest lots were not available, as this is an ideal location with ample parking, access from Interstate Route 295, and access via train.

To prepare for the thousands of cyclists who would arrive very early on Saturday morning, the MS Society staff would set up tents in two

outer parking lots on Friday, September 26. These tents would be used for organization of the teams who ride as a group to support the cause. Through signage, flyers, and electronic media, PATCO passengers would be alerted to park in alternate lots on that day. In addition, a very small section of a parking lot would be blocked off to ensure a secure area for luggage drop-off will be available when the cyclists arrive early the next morning, in accordance with recommendations of the Authority's Homeland Security & Emergency Management Department.

In promoting its event, the MS Society would also promote PATCO, including television and radio coverage. This event has been highly visible and has demonstrated PATCO's support of the community.

This event generates hundreds of train rides as cyclists and volunteers come to the bike event's Start early on Saturday morning.

DRPA/PATCO have estimated costs as well as the additional ridership revenue associated with this event. The net cost is approximately \$20,000.

Staff is seeking authority to permit the National Multiple Sclerosis Society to prepare for and hold their event on the site on September 26, 27, and 28, 2025. DRPA/PATCO will track its costs and ridership and submit the net cost to the National Multiple Sclerosis Society for reimbursement.

SUBJECT: Service Contract Modifications

COMMITTEE: Operations & Maintenance

COMMITTEE MEETING DATE: April 1, 2025

BOARD ACTION DATE: April 16, 2025

PROPOSAL: That the Board authorizes the execution of contract modifications to certain contract(s) for PATCO project(s) and that the Board amends the original approved Resolution.

PURPOSE: To approve contract modifications in the amount and time set forth herein for the identified PATCO project(s) and to assure that the Contract reflects the actual Board approved project costs.

BACKGROUND: The Authority is presently undertaking projects previously approved by the Board. During the course of the project(s) identified in the Attachment (attached hereto and made a part hereof), PATCO has determined that conditions affecting each project require contract modification adjusting the scope of work/contract items, compensation and/or the time to perform the contract work as set forth in the Attachment.

PATCO staff has evaluated the contract modification(s) identified in the Attachment and any supporting documentation and has determined the contract adjustments as proposed are fair and reasonable and meet the needs of the Authority.

SUBJECT: PATCO Network Upgrade

COMMITTEE: Finance

COMMITTEE MEETING DATE: April 2, 2025

BOARD ACTION DATE: April 16, 2025

PROPOSAL: That the Board authorizes staff to negotiate a contract with ePlus Technology, Inc., for an amount not to exceed \$355,386.92 for the procurement of hardware upgrades to PATCO's network infrastructure. This purchase is provided with pricing under the Commonwealth of Pennsylvania's COSTARS 003-E22-579 IT Hardware contract.

PURPOSE: To provide the PATCO with upgrades to the network infrastructure to support enhanced cybersecurity practices.

BACKGROUND: Industry leader Cisco Systems has been the chosen vendor for PATCO's network for almost 20 years. This network is utilized by all employees for communications, as well as access to critical applications for all business units. The upgrade will supply PATCO with the latest hardware components will improve its network security.

Staff therefore recommends negotiating a contract with ePlus Technology, Inc. for an amount not to exceed \$355,386.92 for the procurement of hardware upgrades to PATCO's network infrastructure.
