Technical Assistance Hub

Overview

The Technical Assistance hub is designed as a one-stop shop for resources and tools in support of NTIA's grant programs. Here, you will find guidance on program requirements, budgeting and financial management, tips for successful project implementation, and resources for reporting and evaluation.

The site allows you to filter programs by Technical Assistance Type and Funding Program by using the filter options on the left. Please note: on mobile devices, filtering options may be found near the bottom of the page.
